directed to appear before the Board and submit what all are their objections and the Pollution Control Board is directed to pass appropriate order.

Para 5: This Tribunal has taken suo-motu action against the brick kiln owners taking cognizance of the fact that there was no provision to regulate their activities and the unauthorized brick kilns have been popping up exploiting the western Ghat region resulting in ecological damage.

Para 6: Therefore, the proceedings were initiated by the Pollution Control Board as well as the Mining Authority. The Brick Kiln owners who are represented through their Association are directed to file their appropriate response in this regard.

Para 7: If replies to the show-cause notices are received by Pollution Control Board, it is directed to complete the proceedings by conducting an enquiry after affording an opportunity of personal hearing to the individuals and then pass necessary orders within a period of six weeks.”

3. It is respectfully submitted that based on the above directions, the Joint Chief Environmental Engineer (Monitoring), Coimbatore and District Environmental Engineer, Coimbatore (North) have jointly conducted personal hearing with all the 185 brick kiln units from 26.10.2022 to 11.11.2022. in this regard the following four units not attended the personal hearing:

- i. MVN Bricks
- ii. CNA Bricks
- iii. MNK Chamber Bricks
- iv. India Wirecut Chamber Bricks.

All other remaining 181 brick kiln units have attended personal hearing.

4. It is respectfully submitted that, during personal hearing, the following points were expressed by the brick kiln owners

- i. Since all the brick kilns were started as country brick kilns and the Proprietors were not educated well to know about the Pollution Control Rules and Guidelines for brick kilns and to get license from the Pollution Control Board.

ii. Their electric supply were disconnected suddenly by the District Collector before 19 months back (19.03.2021, 24.03.2021 and 25.03.2021), without giving any prior intimation, they could not operate their brick kilns and all the loans obtained from banks were locked inside their units in the form of lorries, machineries, raw materials, chamber construction, fixed chimney provisions as instructed by the TNPCB and they could not even repay the bank loan amounts.

- Also, prior and post COVID-19 pandemic, they did not operate their brick kilns and facing severe financial problems.
- They further stated that they could not even pay the School/college fees for their Children and find difficult to meet their day to day family expenses.
- In the above circumstances, they are not in a position to pay the Environmental compensation.

iii. For the past 19 months from the date of disconnection of power supply by the District Collector, they could not sell lakhs of burnt bricks kept inside their premises.

iv. Since the country bricks making business has been done by their ancestors, they do not know any other skills and their livelihoods are depend only on this brick kiln income.

v. They are facing pressure from the banks to repay the loan amount, and from the owner of land to pay the lease amount every month even though they are not operating the Kilns. They are not in a position neither to repay the bank loan amount nor to pay the environmental compensation, since, they could not generate income and facing financial loss and find difficult to run their families.

vi. They assured to follow Pollution Control Rules and Guidelines for Brick Kilns if they are allowed to operate in future.

5. It is respectfully submitted that, in view of the above, the TNPCB has issued directions through the DEE, Coimbatore (North) vide proceeding dated 06.12.2022 under section 5 of the Environmental (Protection) Act, 1986 to all the 185 units to remit an environmental compensation as per the

guidelines issued by the CPCB for violations caused by the brick kiln units and failure to comply with the above direction will lead to initiation of further stringent legal action against all the brick kiln units. The list of brick kiln units for which environmental compensation has been levied as per CPCB guidelines by TNPCB is submitted herewith as Annexure.

Under the above circumstances, it is humbly prayed that this Hon'ble National Green Tribunal may be pleased to pass such further or other orders as this Hon'ble Tribunal may deem fit and proper in the facts and circumstance of this case and thus render justice.
