Ref. No. WL5/6034/2022 dated 20-04-2022

Madam,

Sub: Forests – Wildlife – Hon'ble National Green Tribunal – Appeal No. 14 of 2022 filed by M. Yuvadeeban before the Hon'ble National Green Tribunal (SZ) – Establishment of fishing harbor in Kazhuvveli water in Villupuram District – Regarding.

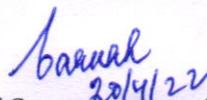

- Ref: 1) This office Ref. No. WL5/6034/2022 dated 12-04-2022.
2) Telephonic message received from your office on 16-04-2022 (convened to Principal Chief Conservator of Forests and Chief Wildlife Warden).
3) Conservator of Forests, Villupuram Ref. No. D1/2440/2020 dated 18-04-2022.

With references to the above, I am enclosing herewith the report received from Conservator of Forests, Villupuram vide reference 3rd cited. I agree with the view of Conservator of Forests, Villupuram wherein he has stated that the proposed fishing jetty site at Alagankuppam Village, Marakanam Taluk of Villupuram District is located on the southern bank of the creek which connects the Edayanthittu and Estuary in the Bay of Bengal and it is not located in Olive Ridley Turtle nesting site. However, the proposed artificial digging trench and retaining wall for the proposed harbor by the Fisheries Department is the nesting site of Olive Ridley Sea Turtle.

This is for information.

Encl: As stated above

Yours faithfully,

for Principal Chief Conservator of Forests
and Chief Wildlife Warden (FAC)
