ORIGINAL APPLICATION NO. 15/2025/EZ

IN THE MATTER OF:

Harihar Samal & Anr.

...Applicant(s)

Versus

State of Odisha & Ors.

...Respondent(s)

**COUNTER AFFIDAVIT ON BEHALF OF CENTRAL GROUND WATER
AUTHORITY (RESPONDENT NO. 11) AND CENTRAL GROUND WATER
BOARD, SER, BHUBANESHWAR (RESPONDENT NO. 12)**

Most Respectfully Showeth:

I, Bikram Kumar Sahoo S/o. M. N. Sahoo Aged 52 Years, Working as Head of Office in Central Ground Water Board having office at Bhubaneswar, Odisha, the deponent herein do hereby solemnly affirm and state on oath as under: -

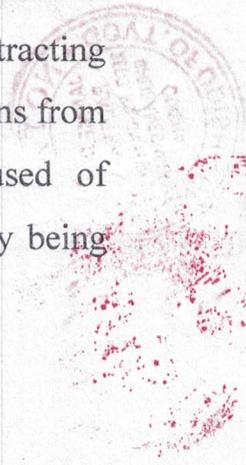

1. That I am competent to swear the present counter affidavit on behalf of Respondent No. 11 and 12 i.e. Central Ground Water Authority and Central Ground Water Board, SER, Bhubaneswar, Odisha respectively hereinafter referred as Answering Respondents and I am aware of the facts and circumstances of the case based on record.

Bikram Kumar Sahoo

2. That, I have perused the contents of the above captioned O.A. and I am duly authorized to depose by way of the present affidavit.
3. That the Answering Respondents is not replying to the present application in para-wise manner and craves leave to file a detailed affidavit as and when necessary and required by this Hon'ble Tribunal.
4. That the Instant Original Application no. 15/2025/EZ filed by the two Applicants, inter-alia, seeking a direction to the Odisha State Pollution Control Board to revoke the Consent to Operate (CTO) until the Unit of Respondent No.13 is fully compliant of the CTO conditions as well as environment pollution control measures. A further direction has been sought to evict the Respondent No.13 from the forest land in question and to remove the solid waste dumped outside its Unit premises and stabilize the active dump site; to assess the quantity of illegal extraction of water from Kisindha Nallah and audit water requirement of the Unit and its sources of extraction.
5. That the applicant alleges through the present OA that the M/s Rimjhim Ispat Ltd. has been accused of multiple environmental and regulatory violations, as per the allegations raised by the applicants in their original application. The company is alleged to have failed to comply with the conditions prescribed in the Consent to Operate (CTO) issued by the Odisha State Pollution Control Board. Furthermore, the respondent no. 13 has been continuously discharging untreated water into the Kisindha Nallah in contravention of pollution control guidelines, while also illegally extracting water from the same source without obtaining the requisite permissions from the concerned authorities. Additionally, the steel plant is accused of improper solid waste management, wherein solid waste is reportedly being

Deekram Kumar Sahoo

dumped outside the unit premises instead of being disposed of in an environmentally sustainable manner. Another serious allegation concerns the encroachment upon private land in violation of the Van (Sanrakshan Evam Samvardhan) Adhiniyam, 2023.

6. That the applicants further alleges that the company is operating without a valid Environmental Clearance, as the amendment of name from M/s BRG Iron & Steel Co. (P) Ltd. to M/s Rimjhim Ispat Ltd. has not been duly reflected in the requisite approvals. It is further alleged that the respondent has failed to comply with critical environmental conditions, including the mandatory recycling and reuse of treated wastewater, thereby violating the zero-effluent discharge condition stipulated in its Environmental Clearance. Additionally, specific conditions regarding waste management, such as the reuse of by-products and the responsible disposal of solid waste, are purportedly being disregarded. These allegations highlight significant environmental and regulatory concerns associated with the operations of M/s Rimjhim Ispat Ltd., warranting appropriate legal and administrative scrutiny.
7. That upon considering the allegations made, Hon'ble Tribunal deemed it appropriate to constitute a fact finding Committee comprising of the following Members:-

- (i) Senior Scientist, MoEF&CC, Integrated Regional Office, Bhubaneswar,
- (ii) Senior Scientist, Central Pollution Control Board,
- (iii) Senior Scientist, Odisha State Pollution Control Board,
- (iv) District Collector, Dhenkanal, or his representative not below the rank of Additional District Magistrate and the Committee shall inspect the site in question and submit its Report within

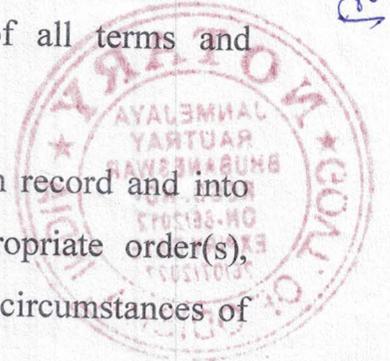

Bikram Kumar Sachar

four weeks on affidavit with regard to the allegations made. Furthermore, the District Collector, Dhenkanal, shall be the Nodal Agency for all logistic purposes and for filing the Report of the Committee on affidavit.

8. That the Hon'ble Tribunal vide its order dated 05.02.2025 issued notice to the Answering Respondents and directed the Answering Respondents to submit counter affidavit.
9. That it is submitted that in compliance with the aforesaid order a letter was served to the project proponent for regular compliance of conditions laid down in NOC issued for extraction of ground water. Copy of the letter sent to the PP is annexed herewith as **Annexure I**.
10. That it is submitted that the Project Proponent is having valid NOC for ground water extraction which was issued to M/s BRG Iron and Steel Co. Pvt Ltd having validity from 08.01.2023 to 07.01.2026. Copy of the NOC issued to PP is annexed herewith as **Annexure II**. Further it is submitted that, upon scrutiny of the documents submitted by the project proponent it was found that the above-named firm is compliant of all terms and conditions of NOCs.
11. That the present counter affidavit may kindly be taken on record and into consideration and the Hon'ble Tribunal may pass appropriate order(s), direction(s) as deemed fit and proper under the facts and circumstances of the present case
12. That other/ancillary issues raised in the application under reply do not pertain to the Answering Respondents. The Answering Respondents seeks

Bikram Kumar Sahoo

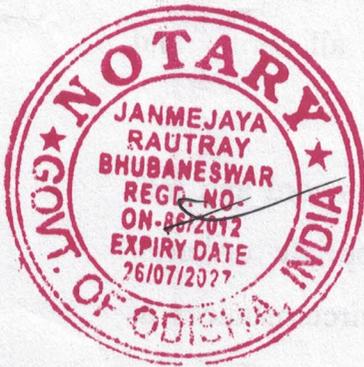

leave to make additional submissions, if required, during the course of the proceedings

Poikram Kumar Sahoo

Subject: Compliance of the conditions laid down in NOC for ground water extraction-reg.

Sir,

Kindly refer to the NOC for ground water extraction issued to M/s BRG Iron and Steel Co. Pvt Ltd having validity from 08/01/2023 to 07/01/2026 subject to compliance of certain conditions. You have filled online compliance on 22/06/2023. However, following data/information are supposed to be submitted in quarterly basis to this office.

1. Telemetry based water flow meter data; it is to inform you that your telemetry system is inactive as on date.
2. DWLR data (Water level data)
3. Water quality data
4. Calibration certificate

In view of this you are requested to kindly submit the above data/report for record.

Yours faithfully,

बि.के. साहू 28/02/25

पानी बचाये - जीवन बचाये
SAVE WATER - SAVE LIFE

Validity of this NOC shall be subject to compliance of the following conditions:

Mandatory conditions:

- 1) Installation of tamper proof digital water flow meter with telemetry on all the abstraction structure(s) shall be mandatory for all users seeking No Objection Certificate and intimation regarding their installation shall be communicated to the CGWA within 30 days of grant of No Objection Certificate.
- 2) Proponents shall mandatorily get water flow meter calibrated from an authorized agency once in a year.
- 3) Construction of purpose-built observation wells (piezometers) for ground water level monitoring shall be mandatory as per Section 14 of Guidelines. Water level data shall be made available to CGWA through web portal. Detailed guidelines for construction of piezometers are given in Annexure-II of the guidelines.
- 4) Proponents shall monitor quality of ground water from the abstraction structure(s) once in a year. Water samples from bore wells/ tube wells / dug wells shall be collected during April/May every year and analysed in NABL accredited laboratories for basic parameters (cations and anions), heavy metals, pesticides/ organic compounds etc. Water quality data shall be made available to CGWA through the web portal.
- 5) In case of mining projects, additional key wells shall be established in consultation with the Regional Director, CGWB for ground water level monitoring four (4) times a year (January, May, August and November) in core as well as buffer zones of the mine.
- 6) In case of mining project the firm shall submit water quality report of mine discharge/ seepage from Govt. approved/ NABL accredited lab.
- 7) The firm shall report compliance of the NOC conditions online in the website (www.cgwa-noc.gov.in) within one year from the date of issue of this NOC.
- 8) Industries abstracting ground water in excess of 100 m³/d shall undertake annual water audit through certified auditors and submit audit reports within three months of completion of the same to CGWA. All such industries shall be required to reduce their ground water use by at least 20% over the next three years through appropriate means.
- 9) Application for renewal can be submitted online from 90 days before the expiry of NOC. Ground water withdrawal, if any, after expiry of NOC shall be illegal & liable for legal action as per provisions of Environment (Protection) Act, 1986.
- 10) This NOC is subject to prevailing Central/State Government rules/laws/norms or Court orders related to construction of tube well/ground water abstraction structure / recharge or conservation structure/discharge of effluents or any such matter as applicable.

General conditions:

- 11) No additional ground water abstraction and/or de-watering structures shall be constructed for this purpose without prior approval of the Central Ground Water Authority (CGWA).
- 12) The proponent shall seek prior permission from CGWA for any increase in quantum of groundwater abstraction (more than that permitted in NOC for specific period).
- 13) Proponents shall install roof top rain water harvesting in the premise as per the existing building bye laws in the premise.
- 14) The project proponent shall take all necessary measures to prevent contamination of ground water in the premises failing which the firm shall be responsible for any consequences arising thereupon.
- 15) In case of industries that are likely to contaminate the ground water, no recharge measures shall be taken up by the firm inside the plant premises. The runoff generated from the rooftop shall be stored and put to beneficial use by the firm.
- 16) Wherever feasible, requirement of water for greenbelt (horticulture) shall be met from recycled / treated waste water.
- 17) Wherever the NOC is for abstraction of saline water and the existing wells (s) is /are yielding fresh water, the same shall be sealed and new tubewell(s) tapping saline water zone shall be constructed within 3 months of the issuance of NOC. The firm shall also ensure safe disposal of saline residue, if any.
- 18) Unexpected variations in inflow of ground water into the mine pit, if any, shall be reported to the concerned Regional Director, Central Ground Water Board.
- 19) In case of violation of any NOC conditions, the applicant shall be liable to pay the penalties as per Section 16 of Guidelines.
- 20) This NOC does not absolve the proponents of their obligation / requirement to obtain other statutory and administrative clearances from appropriate authorities.
- 21) The issue of this NOC does not imply that other statutory / administrative clearances shall be granted to the project by the concerned authorities. Such authorities would consider the project on merits and take decisions independently of the NOC.
- 22) In case of change of ownership, new owner of the industry will have to apply for incorporation of necessary changes in the No Objection Certificate with documentary proof within 60 days of taking over possession of the premises.
- 23) This NOC is being issued without any prejudice to the directions of the Hon'ble NGT/court orders in cases related to ground water or any other related matters.
- 24) Proponents, who have installed/constructed artificial recharge structures in compliance of the NOC granted to them previously and have availed rebate of upto 50% (fifty percent) in the ground water abstraction charges/ground water restoration charges, shall continue to regularly maintain artificial recharge structures.
- 25) Industries which are likely to cause ground water pollution e.g. Tanning, Slaughter Houses, Dye, Chemical/ Petrochemical, Coal washeries, pharmaceutical, other hazardous units etc. (as per CPCB list) need to undertake necessary well head protection measures to ensure prevention of ground water pollution as per Annexure III of the guidelines.
- 26) In case of new infrastructure projects having ground water abstraction of more than 20 m³/day, the firm/entity shall ensure implementation of dual water supply system in the projects.
- 27) In case of infrastructure projects, paved/parking area must be covered with interlocking/perforated tiles or other suitable measures to ensure groundwater infiltration/harvesting.
- 28) In case of coal and other base metal mining projects, the project proponent shall use the advance dewatering technology (by construction of series of dewatering abstraction structures) to avoid contamination of surface water.
- 29) The NOC issued is conditional subject to the conditions mentioned in the Public notice dated 27.01.2021 failing which penalty/EC/cancellation of NOC shall be imposed as the case may be.
- 30) This NOC is issued subject to the clearance of Expert Appraisal Committee (EAC) (if applicable).

(Non-compliance of the conditions mentioned above is likely to result in the cancellation of NOC and legal action against the proponent.)
