EZB

Dear Sir,

I am writing this email to complain about the destruction of the environment and encroachment of Borum River and other Rivers of Arunachal especially in Itanagar, the Capital of Arunachal Pradesh.

It is pertinent to mention here that almost all the Natural Rivers and Nallahs of Itanagar have been encroached mindlessly by constructing a wall on River bed thereby narrowing the river course.

These rivers may be small or lean in winter seasons but during the rainy season or monsoon season the volume of rivers is very huge. Moreover, due to dumping of soil from illegal earth cutting on rivers and nallahs, the aquatic life is damaged very badly. Even the river bed is rising day by day on the downstream side of the river which creates flood on the downstream side of rivers.

If strict action is not taken the destruction of forests and rivers will be increasing day by day which will have a great impact on global warming and impact on the natural ecosystem.

I am attaching few photographs of River encroachment and destruction of forest being done by One Neelam Son at Borum Village, P.O/P.S- Naharlagun, Itanagar, Papum Pare District, Arunachal Pradesh, for your ready reference.

Therefore, I would like to request you to register a suo-moto case against one son and stop his illegal act of Borum River encroachment and destruction of Environment.

Appropriate orders and strict directions may be passed against the Competent Authority of Arunachal Pradesh for not taking appropriate action against individuals for encroachment of river bed and destruction of environment.

Strict directions may also be passed to demolish the walls constructed on the river bed by narrowing the river bed.

Thanks and Regards,

K.T. Tana  
Borum Village, Naharlagun  
Papum Pare Dist.  
Arunachal Pradesh
