Madam,

Apropos of the above and in continuation of this office's previous letter dated 11.12.2024, copy enclosed, where-in a detailed ATR was provided on the instant O.A., a formal request is now being sent to your good-office for helping the HMC for identifying a suitable parcel of Govt. land in and around the HMC that may be used for setting-up of Plant utilizing the wet waste collected through door-to-door segregation from different wards of HMC.

In this connection, it may further be noted that the HMC has already given its consent and commitment to the UD&MA Dept. for setting-up of 100 TPD CBG Plant at its Belgachia Trenching Ground after reclamation of land through the on-going process Bio-mining of legacy waste being done by the KMDA utilizing the wet waste being generated from the segregated door-to-door collection of present 11 (eleven) no of wards. However, since, the number would be escalated to 25 (twenty five) by March 2025 and later on all the 50 (fifty) wards would come under its purview by the next financial year, more than one processing plant is required to cater the wet waste generated by HMC on daily basis. Further, sine the location of the BTG is at the extreme north-east corner of the city, an area of about 6 (six) acres of govt. land at the southern side, preferably at the added area of this Corporation (Ward No 45 - 50) or just beyond its boundary would be helpful for setting-up of an alternate plant for waste collected from the southern parts of the city for better logistic purpose.

Thanking you,

Yours faithfully
