IN THE NATIONAL GREEN TRIBUNAL, (SZ) CHENNAI

O.A. No. 230 of 2021 (SZ)

K.M.Sajeevan.....Applicant

Vs

The Chief Secretary, Government of Kerala,.....Respondents

REPORT NO. 4 FILED BY OTTAPPALLAM MUNICIPALITY ,4TH RESPONDENT

1. The following steps has been taken for the removal of legacy waste on the basis of the contract entered into with the M.C.K.Kutty Engineering Projects Private Limited.
2. The second phase of removal of legacy waste lying in *Panmana* Trenching ground through bio-mining has started.
3. The project tendering process for providing bio bins to 100 households in each ward has been completed to promote the source waste management scheme for disposal of organic waste generated from households within the municipal limits. It is progressing.
4. Installation of OWC plant at Panamanna trenching ground for community level disposal of organic waste generated in areas without treatment system. With the completion of the said works, the municipality will be

able to completely manage the organic waste generated within the municipality

5. At present, the waste of those who cannot dispose of their own organic waste is being disposed of in the Thumburmoozhi units established by the municipality.

6. All the littering spots that were within the municipal limits have been cleared and are currently being kept free of garbage.

Dated this the 21th December, 2023
