

## DETAILS OF MINES AT GADAG DISTRICT

## 01. Hesaruru Sand Mining Block -3

<b>Name of the Block</b>	Hesaruru Sand Mining- Block 3
<b>Name of the lessee</b>	Venkangouda S Patil
<b>Name of the river</b>	Tungabhadra River
<b>Date of EC granted</b>	EC No. DEIAA(3)25 MIN (S) 2017/ dt. 30.12.2017 (13.06.2017)
<b>Geo-Co-ordinates</b>	<ol style="list-style-type: none"> <li>1. 15°08' 23.56" N , 75°56' 26.57" E</li> <li>2. 15°08' 20.02" N , 75°56' 25.74" E</li> <li>3. 15°08' 16.14" N , 75°56' 39.96" E</li> <li>4. 15°08' 19.65" N , 75°56' 40.76" E</li> </ol>
<b>Permitted Quantity in MTPA</b>	21780
<b>Total area</b>	12 Acres (i.e 4.85 Ha)
<b>Depth for mining allowed.</b>	1.5 m
<b>Type of mining</b>	Semi Mechanised

As informed by DMG, Gadag, the mining activities is allowed only during November to May end, which is usually a dry season which is as per “**Sustainable sand mining guidelines-2016**”. Further, mining activities is allowed only from 6.00 AM to 6.00 PM. The details on year-wise quantity of sand mined since from the grant of EC is given in table below:

Quantity of sand mined since 13<sup>th</sup> June, 2017 (year-wise)

2017-18 (in MTPA)	2018-19 (in MTPA)	2019-20 (in MTPA)	2020-21 (Upto November, 2020) (in MTPA)	Total quantity mined (in MT)
0	0	5880	0	5880

## Observations:

- From the above table, it is inferred that the sand is mined by the lessee within the permitted quantity.
- The Committee has noted from the Google earth imageries that above said mine has commenced their mining activity only after the grant of EC.
- The lessee has displayed EC details at their stock yard.

## 2.0 Shirol Sand- Block 1

<b>Name of the Block</b>	Shirol Sand- Block 1
<b>Name of the lessee</b>	Ramesh.D.Rangappanavar Bingadakatti
<b>Name of the river</b>	Malaprabha River
<b>Date of EC granted</b>	EC No. DEIAA(3) 28 MIN (S) 2017 dt. 30.12.2017 (13.06.2017)
<b>Geo-Co-ordinates</b>	<ul style="list-style-type: none"> <li>• 15°50' 06.68" N , 75°32' 33.57" E</li> <li>• 15°50' 08.22" N , 75°32' 33.76" E</li> <li>• 15°50' 08.51" N , 75°32' 47.56" E</li> <li>• 15°50' 06.90" N , 75°32' 47.29" E</li> </ul>
<b>Permitted Quantity in MTPA</b>	40,000
<b>Total area</b>	5 Acres (i.e 2.023 Ha)
<b>Depth for mining allowed.</b>	1 m
<b>Type of mining</b>	Semi mechanized

As informed by DMG, Gadag, the mining activities is allowed only during November to May end, which is usually a dry season which is as per “**Sustainable sand mining guidelines-2016**”. Further, mining activities is allowed only from 6.00 AM to 6.00 PM. The details on year-wise quantity of sand mined since from the grant of EC is given in table below:

**Quantity of sand mined since 13<sup>th</sup> June, 2017 (year-wise)**

2017-18 (in MTPA)	2018-19 (in MTPA)	2019-20 (in MTPA)	2020-21 (upto Nov- 2020 (in MTPA)	Total quantity mined (in MT)
19790.12	10465.69	0	0	30255.71

**Observations:**

- From the above table, it is inferred that the sand is mined by the lessee within the permitted quantity.
- The Committee has noted from the Google earth imageries that above said mine has commenced their mining activity only after the grant of EC.
- The lessee has also displayed EC details at their stock yard.
- No violations of EC conditions observed.

**03. Hesaruru Sand Mining- Block 4**

<b>Name of the Block</b>	Hesaruru Sand Mining- Block 4
<b>Name of the lessee</b>	Jahiruddin Mulla
<b>Name of the river</b>	Tungabhadra River
<b>Date of EC granted</b>	EC No.DEIAA(3) 06 MIN (S) 2017 dt. 30.12.2017 (13.06.2017)
<b>Geo-Co-ordinates</b>	<ul style="list-style-type: none"> <li>• 15° 08' 18.95" N , 75° 56' 40.81" E</li> <li>• 15° 08' 16.11" N , 75° 56' 40.10" E</li> <li>• 15° 08' 13.70" N , 75° 56' 47.84" E</li> <li>• 15° 08' 12.67" N , 75° 56' 57.53" E</li> <li>• 15° 08' 15.47" N , 75° 56' 58.24" E</li> <li>• 15° 08' 16.56" N , 75° 56' 48.39" E</li> </ul>
<b>Permitted Quantity in MTPA</b>	21708
<b>Total area</b>	12 Acres (i.e 4.85 Ha)
<b>Depth for mining allowed.</b>	1.5m
<b>Type of mining</b>	Semi mechanized

As informed by DMG, Gadag, the mining activities is allowed only during November to May end, which is usually a dry season which is as per “**Sustainable sand mining guidelines-2016**”. Further, mining activities is allowed only from 6.00 AM to 6.00 PM. The details on year-wise quantity of sand mined since from the grant of EC is given in table below:

**Quantity of sand mined since 13<sup>th</sup> June, 2017 (year-wise)**

2017-18 (in MTPA)	2018-19 (in MTPA)	2019-20 (in MTPA)	2020-21 (upto Nov, 2020 (in MTPA)	Total quantity mined (in MT)
5612.08	7240.15	7490.34	4383.03	24725.6 MT

**Observations:**

- From the above table, it is inferred that the sand is mined by the lessee within the permitted quantity.

- The first EC was granted to the lessee on 13<sup>th</sup> June, 2017 for manual method of mining and later same was amended by EC dt. 30<sup>th</sup> December, 2017 for semi-mechanized method.
- The Committee has noted from the Google earth imageries that above said mine has commenced their mining activity only after the grant of EC.
- The lessee has displayed EC details at their stock yard.
- The lessee has constructed temporary road in the river and excavation by using Hitachi which is against the EC conditions. Therefore, penalty of Rs. 5,02,200/- has been imposed & recovered by DMG, Gadag

#### 04. Holeitagi Sand Mining- Block 1

<b>Name of the Block</b>	Holeitagi Sand Mining- Block 1
<b>Name of the lessee</b>	Ashok F Halleppanavar
<b>Name of the river</b>	Tungabhadra River
<b>Date of EC granted</b>	EC No.DEIAA(3) 01 MIN (S) 2017 dt. 30.12.2017 (13.06.2017)
<b>Geo-Co-ordinates</b>	<ul style="list-style-type: none"> <li>• 14°56' 44.38" N , 75°44' 25.13" E</li> <li>• 14 °56' 39.72" N , 75°44' 26.67" E</li> <li>• 14 °56' 38.05" N , 75°44' 16.09" E</li> <li>• 14 °56' 42.70" N , 75°44' 14.48" E</li> </ul>
<b>Permitted Quantity in MTPA</b>	15000
<b>Total area</b>	12 Acres (i.e 4.85 Ha)
<b>Depth for mining allowed.</b>	1.5m
<b>Type of mining</b>	Semi mechanized

As informed by DMG, Gadag, the mining activities is allowed only during November to May end, which is usually a dry season which is as per "**Sustainable sand mining guidelines-2016**". Further, mining activities is allowed only from 6.00 AM to 6.00 PM. The details on year-wise quantity of sand mined since from the grant of EC is given in table below:

#### Quantity of sand mined since 13<sup>th</sup> June, 2017 (year-wise)

2017-18 (in MTPA)	2018-19 (in MTPA)	2019-20 (in MTPA)	2020-21 (Upto Nov, 2020 (in MTPA)	Total quantity mined (in MT)
13712.69	1524.34	7480.62	0	22717.65

#### Observations:

1. From the above table, it is inferred that the sand is mined by the lessee within the permitted quantity.
2. The first EC was granted to the lessee on 13<sup>th</sup> June, 2017 for manual method of mining and later same was amended by EC dt. 30<sup>th</sup> December, 2017 for semi-mechanized method.
3. The Committee has noted from the Google earth imageries that above said mine has commenced their mining activity only after the grant of EC.
4. The lessee has also displayed EC details at their stock yard.
5. No violations of EC conditions are observed by the committee.

### 05. Shingataloor Sand Mining- Block 7

<b>Name of the Block</b>	Shingataloor Sand Mining- Block 7
<b>Name of the lessee</b>	Sujata Ningappa Doddamani
<b>Name of the river</b>	Tungabhadra River
<b>Date of EC granted</b>	EC No.DEIAA(3) 08 MIN (S) 2017 dt. 30.12.2017 (13.06.2017)
<b>Geo-Co-ordinates</b>	<ul style="list-style-type: none"> <li>• 15° 04' 36.63" N , 75°54' 27.45" E</li> <li>• 15 °04' 37.44" N , 75°54' 31.59" E</li> <li>• 15 °04' 49.03" N , 75°54' 27.64" E</li> <li>• 15 °04' 48.06" N , 75°54' 23.44" E</li> </ul>
<b>Permitted Quantity in MTPA</b>	21820.50
<b>Total area</b>	12 Acres (i.e 4.85 Ha)
<b>Depth for mining allowed.</b>	1.5m
<b>Type of mining</b>	Semi mechanized

As informed by DMG, Gadag, the mining activities is allowed only during November to May end, which is usually a dry season which is as per “**Sustainable sand mining guidelines-2016**”. Further, mining activities is allowed only from 6.00 AM to 6.00 PM. The details on year-wise quantity of sand mined since from the grant of EC is given in table below:

#### Quantity of sand mined since 13<sup>th</sup> June, 2017 (year-wise)

<b>2017-18 (in MTPA)</b>	<b>2018-19 (in MTPA)</b>	<b>2019-20 (in MTPA)</b>	<b>2020-21 (upto Nov- 2020 (in MTPA)</b>	<b>Total quantity mined (in MT)</b>
0	12376.48	5461.63	4493.16	22331.27

#### Observations:

- From the above table, it is inferred that the sand is mined by the lessee within the permitted quantity.
- The first EC was granted to the lessee on 13<sup>th</sup> June, 2017 for manual method of mining and later same was amended by EC dt. 30th December, 2017 for semi-mechanized method.
- The Committee has noted from the Google earth imageries that above said mine has commenced their mining activity only after the grant of EC.
- The lessee has displayed EC details at their stock yard.
- No violations of EC conditions are observed by the committee.

### 06. Gangapur Sand Mining- Block 1

<b>Name of the Block</b>	Gangapur Sand Mining- Block 1
<b>Name of the lessee</b>	Fakiragouda Hireninganagoudra
<b>Name of the river</b>	Tungabhadra River
<b>Date of EC granted</b>	EC No.DEIAA(3) 04 MIN (S) 2017 dt. 30.12.2017 (13.06.2017)
<b>Geo-Co-ordinates</b>	<ul style="list-style-type: none"> <li>• 15°5' 33.80" N , 75°53' 24.80" E</li> <li>• 15 °5' 35.59" N , 75°53' 27.61" E</li> <li>• 15 °5' 46.75" N , 75°53' 16.29" E</li> <li>• 15 °5' 45.11" N , 75°53' 13.44" E</li> </ul>
<b>Permitted Quantity in MTPA</b>	21825
<b>Total area</b>	12 Acres (i.e 4.85 Ha)
<b>Depth for mining allowed.</b>	1.5m
<b>Type of mining</b>	Semi Mechanized

As informed by DMG, Gadag, the mining activities is allowed only during November to May end, which is usually a dry season which is as per “**Sustainable sand mining guidelines-2016**”. Further, mining activities is allowed only from 6.00 AM to 6.00 PM. The details on year-wise quantity of sand mined since from the grant of EC is given in table below:

**Quantity of sand mined since 13<sup>th</sup> June, 2017 (year-wise)**

2017-18 (in MTPA)	2018-19 (in MTPA)	2019-20 (in MTPA)	2020-21 (upto Nov, 2020 (in MTPA)	Total quantity mined (in MT)
602	16758.09	13564.54	8952.94	39877.57

**Observations:**

- From the above table, it is inferred that the sand is mined by the lessee within the permitted quantity.
- The first EC was granted to the lessee on 13<sup>th</sup> June, 2017 for manual method of mining and later same was amended by EC dt. 30<sup>th</sup> December, 2017 for semi-mechanized method.
- The Committee has noted from the Google earth imageries that above said mine has commenced their mining activity only after the grant of EC.
- The lessee has displayed EC details at their stock yard.
- The lessee has constructed temporary road in the river and excavation of sand by using heavy Hitachi which is against the EC conditions. Therefore, penalty of Rs. 5,00,000/- has been imposed & recovered by DMG, Gadag
- The penalty of Rs. 1,00,000/- has been imposed & recovered by DMG, Gadag for instream sand mining which is against the EC conditions.

**07. Gangapura Sand Mining- Block 2**

<b>Name of the Block</b>	Gangapura Sand Mining- Block 2
<b>Name of the lessee</b>	Vanajakshamma C Malladad
<b>Name of the river</b>	Tungabhadra River
<b>Date of EC granted</b>	EC No.DEIAA(3) 30 MIN (S) 2017 dt. 30.12.2017 (13.06.2017)
<b>Geo-Co-ordinates</b>	<ul style="list-style-type: none"> <li>• 15°05' 45.40" N , 75°53' 13.20" E</li> <li>• 15 °05' 47.07" N , 75°53' 16.02" E</li> <li>• 15 °06' 00.79" N , 75°53' 07.97" E</li> <li>• 15 °05' 59.07" N , 75°53' 05.17" E</li> </ul>
<b>Permitted Quantity in MTPA</b>	21825
<b>Total area</b>	12 Acres (i.e 4.85 Ha)
<b>Depth for mining allowed.</b>	1.5m
<b>Type of mining</b>	Semi mechanized

As informed by DMG, Gadag, the mining activities is allowed only during November to May end, which is usually a dry season which is as per “**Sustainable sand mining guidelines-2016**”. Further, mining activities is allowed only from 6.00 AM to 6.00 PM. The details on year-wise quantity of sand mined since from the grant of EC is given in table below:

**Quantity of sand mined since 13<sup>th</sup> June, 2017 (year-wise)**

2017-18 (in MTPA)	2018-19 (in MTPA)	2019-20 (in MTPA)	2020-21 (upto Nov, 2020 (in MTPA)	Total quantity mined (in MT)
1012.9	16026.18	17618.39	1937	36594.47

**Observations:**

- From the above table, it is inferred that the sand is mined by the lessee within the permitted quantity.
- The first EC was granted to the lessee on 13<sup>th</sup> June, 2017 for manual method of mining and later same was amended by EC dt. 30<sup>th</sup> December, 2017 for semi-mechanized method.
- The Committee has noted from the Google earth imageries that above said mine has commenced their mining activity only after the grant of EC.
- The lessee has also displayed EC details at their stock yard.
- The lessee has constructed temporary road in the river and excavation of sand by using heavy Hitachi which is against the EC conditions. Therefore, penalty of Rs. 5,02,880/- has been imposed & recovered by DMG, Gadag for violations of EC conditions

**o8. Kallapura Sand Mining- Block 1**

<b>Name of the Block</b>	Kallapura Sand Mining- Block 1
<b>Name of the lessee</b>	Basavaraj Police patil
<b>Name of the river</b>	Malaprabha River
<b>Date of EC granted</b>	EC No.DEIAA(4) 02 MIN (S) 2017 dt. 30.12.2017 (13.06.2017)
<b>Geo-Co-ordinates</b>	<ul style="list-style-type: none"> <li>• 15°50' 28.61" N , 75°31' 15.42" E</li> <li>• 15 °50' 29.56" N , 75°31' 15.60" E</li> <li>• 15 °50' 24.59" N , 75°31' 24.84" E</li> <li>• 15 °50' 30.27" N , 75°31' 33.48" E</li> <li>• 15 °50' 29.21" N , 75°31' 33.69" E</li> <li>• 15 °50' 23.54" N , 75°31' 24.63" E</li> </ul>
<b>Permitted Quantity in MTPA</b>	12134
<b>Total area</b>	5 Acres (i.e 2.023 Ha)
<b>Depth for mining allowed.</b>	1.5m
<b>Type of mining</b>	Semi Mechanized

As informed by DMG, Gadag, the mining activities is allowed only during November to May end, which is usually a dry season which is as per "**Sustainable sand mining guidelines-2016**". Further, mining activities is allowed only from 6.00 AM to 6.00 PM. The details on year-wise quantity of sand mined since from the grant of EC is given in table below:

**Quantity of sand mined since 13<sup>th</sup> June, 2017 (year-wise)**

<b>2017-18 (in MTPA)</b>	<b>2018-19 (in MTPA)</b>	<b>2019-20 (in MTPA)</b>	<b>2020-21 (upto Nov, 2020 (in MTPA)</b>	<b>Total quantity mined (in MT)</b>
0	7359.92	572.14	1502.4	9434.46

**Observations:**

- From the above table, it is inferred that the sand is mined by the lessee within the permitted quantity.
- The first EC was granted to the lessee on 13<sup>th</sup> June, 2017 for manual method of mining and later same was amended by EC dt. 30<sup>th</sup> December, 2017 for semi-mechanized method.
- The Committee has noted from the Google earth imageries that above said mine has commenced their mining activity only after the grant of EC.
- The lessee has displayed EC details at their stock yard.
- No violations of EC conditions observed .

### 09. Shingatalur Sand Mining- Block 1

<b>Name of the Block</b>	Shingatalur Sand Mining- Block 1
<b>Name of the lessee</b>	Santosh P Doddwad
<b>Name of the river</b>	Tungabhadra River
<b>Date of EC granted</b>	EC No.DEIAA (3) 18 MIN (S) 2017 dt. 30.12.2017 (13.06.2017)
<b>Geo-Co-ordinates</b>	<ul style="list-style-type: none"> <li>• 15° 2' 44.07" N , 75°52' 42.91" E</li> <li>• 15 ° 2' 41.81" N , 75°52' 47.05" E</li> <li>• 15 ° 2' 31.92" N , 75°52' 41.64" E</li> <li>• 15 ° 2' 34.19" N , 75°52' 37.45" E</li> </ul>
<b>Permitted Quantity in MTPA</b>	5450
<b>Total area</b>	12 Acres (i.e 4.85 Ha)
<b>Depth for mining allowed.</b>	1.5m
<b>Type of mining</b>	Semi Mechanized

As informed by DMG, Gadag, the mining activities is allowed only during November to May end, which is usually a dry season which is as per “**Sustainable sand mining guidelines-2016**”. Further, mining activities is allowed only from 6.00 AM to 6.00 PM. The details on year-wise quantity of sand mined since from the grant of EC is given in table below:

#### Quantity of sand mined since 13<sup>th</sup> June, 2017 (year-wise)

<b>2017-18 (in MTPA)</b>	<b>2018-19 (in MTPA)</b>	<b>2019-20 (in MTPA)</b>	<b>2020-21 (upto Nov, 2020 (in MTPA)</b>	<b>Total quantity mined (in MT)</b>
154.64	2689.1	3058.15	847.99	6749.88

#### Observations:

- From the above table, it is inferred that the sand is mined by the lessee within the permitted quantity.
- The first EC was granted to the lessee on 13th June, 2017 for manual method of mining and later same was amended by EC dt. 30th December, 2017 for semi-mechanized method.
- The Committee has noted from the Google earth imageries that above said mine has commenced their mining activity only after the grant of EC.
- The lessee has displayed EC details at their stock yard.
- The lessee has constructed temporary road in the river and excavation of sand by using heavy Hitachi which is against the EC conditions. Therefore, penalty of Rs. 5,00,000/- has been imposed & recovered by DMG, Gadag for violations of EC conditions

### 10. Gulagundi Sand Mining- Block 1

<b>Name of the Block</b>	Gulagundi Sand Mining- Block 1
<b>Name of the lessee</b>	Hanumanthappa Koravar
<b>Name of the river</b>	Malaprabha River
<b>Date of EC granted</b>	EC No.DEIAA (3) 31 MIN (S) 2017 dt. 13.06.2017
<b>Geo-Co-ordinates</b>	<ul style="list-style-type: none"> <li>• 15° 50' 07.42" N , 75°33' 56.93" E</li> <li>• 15 ° 50' 09.04" N , 75°33' 56.79" E</li> <li>• 15 ° 50' 08.12" N , 75°34' 04.20" E</li> <li>• 15 ° 50' 09.24" N , 75°34' 11.75" E</li> <li>• 15 ° 50' 07.86" N , 75°34' 11.52" E</li> <li>• 15 ° 50' 06.62" N , 75°34' 04.23" E</li> </ul>
<b>Permitted Quantity in</b>	2000

<b>MTPA</b>	
<b>Total area</b>	5.20 Acres (i.e 2.225 Ha)
<b>Depth for mining allowed.</b>	1.5m
<b>Type of mining</b>	Manual

As informed by DMG, Gadag, the mining activities is allowed only during November to May end, which is usually a dry season which is as per “**Sustainable sand mining guidelines-2016**”. Further, mining activities is allowed only from 6.00 AM to 6.00 PM. The details on year-wise quantity of sand mined since from the grant of EC is given in table below:

**Quantity of sand mined since 13<sup>th</sup> June, 2017 (year-wise)**

<b>2017-18 (in MTPA)</b>	<b>2018-19 (in MTPA)</b>	<b>2019-20 (in MTPA)</b>	<b>2020-21 (upto Nov-2020 (in MTPA))</b>	<b>Total quantity mined (in MT)</b>
0	750	0	0	750

**Observations:**

- From the above table, it is inferred that the sand is mined by the lessee within the permitted quantity.
- The Committee has noted from the Google earth imageries that above said mine has commenced their mining activity only after the grant of EC.
- The lessee has displayed EC details at their stock yard.
- As informed, the lessee is carrying out sand mining activities in semi-mechanized method which is against the EC conditions of manual method.

**11. Shiranahalli Sand Mining- Block 1**

<b>Name of the Block</b>	Shiranahalli Sand Mining- Block 1
<b>Name of the lessee</b>	K.V.Hanchinal
<b>Name of the river</b>	Tungabhadra River
<b>Date of EC granted</b>	EC No.DEIAA (3) 05 MIN (S) 2017 dt. 30.12.2017 (13.06.2017)
<b>Geo-Co-ordinates</b>	<ul style="list-style-type: none"> <li>• 15° 5' 19.92" N , 75°53' 41.44" E</li> <li>• 15 ° 5' 21.47" N , 75°53' 42.61" E</li> <li>• 15 ° 5' 13.81" N , 75°53' 54.91" E</li> <li>• 15 ° 5' 06.88" N , 75°54' 04.43" E</li> <li>• 15 ° 5' 05.49" N , 75°54' 03.12" E</li> <li>• 15 ° 5' 12.39" N , 75°53' 53.71" E</li> </ul>
<b>Permitted Quantity in MTPA</b>	21825
<b>Total area</b>	12 Acres (i.e 4.85 Ha)
<b>Depth for mining allowed.</b>	1.5m
<b>Type of mining</b>	Semi Mechanized

As informed by DMG, Gadag, the mining activities is allowed only during November to May end, which is usually a dry season which is as per “**Sustainable sand mining guidelines-2016**”. Further, mining activities is allowed only from 6.00 AM to 6.00 PM. The details on year-wise quantity of sand mined since from the grant of EC is given in table below:

**Quantity of sand mined since 13<sup>th</sup> June, 2017 (year-wise)**

2017-18 (in MTPA)	2018-19 (in MTPA)	2019-20 (in MTPA)	2020-21 (upto Nov- 2020 (in MTPA)	Total quantity mined (in MT)
3616.64	21416.05	35222.52	10001.65	70256.86

**Observations:**

- From the above table, it is inferred that the lessee has mined 13397.52 excess quantity of sand against the permitted quantity during the FY 2019-20. For which action has not been taken by DMG, Gadag. (13397.52\* 609= 81,59,089.68)
- The first EC was granted to the lessee on 13th June, 2017 for manual method of mining and later same was amended by EC dt. 30th December, 2017 for semi-mechanized method
- The Committee has noted from the Google earth imageries that above said mine has commenced their mining activity only after the grant of EC.
- The lessee has displayed EC details at their stock yard.
- The lessee has constructed temporary road in the river and excavation of sand by using heavy Hitachi which is against the EC conditions. Therefore, penalty of Rs. 5,00,000/- has been imposed & recovered by DMG, Gadag for violations of EC conditions.

<b>Permitted Quantity in MTPA</b>	2500
<b>Total area</b>	2.20 Acres (i.e 1.01 Ha)
<b>Depth for mining allowed.</b>	1.5m
<b>Type of mining</b>	Manual

As informed by DMG, Gadag, the mining activities is allowed only during November to May end, which is usually a dry season which is as per "**Sustainable sand mining guidelines-2016**". Further, mining activities is allowed only from 6.00 AM to 6.00 PM. The details on year-wise quantity of sand mined since from the grant of EC is given in table below:

#### Quantity of sand mined since 25<sup>th</sup> May, 2018 (year-wise)

<b>2018-19 (in MTPA)</b>	<b>2019-20 (in MTPA)</b>	<b>2020-21 (upto Nov- 2020 (in MTPA)</b>	<b>Total quantity mined (in MT)</b>
1090.19	183.83	395.3	1669.32

#### Observations:

- From the above table, it is inferred that the sand is mined by the lessee within the permitted quantity.
- The Committee has noted from the Google earth imageries that above said mine has commenced their mining activity only after the grant of EC.
- The lessee has displayed EC details at their stock yard.
- No violations of EC conditions observed.

## 19. Shingtaloor Sand Mining Block 2

<b>Name of the Block</b>	Shingtaloor Sand Mining Block 2
<b>Name of the lessee</b>	Raju D Kalli
<b>Name of the river</b>	Tungabhadra river
<b>Date of EC granted</b>	No. DEIAA (3) 07 MIN (S) 2017 dt. 30.12.2017 (13.06.2017)
<b>Geo-Co-ordinates</b>	<ul style="list-style-type: none"> <li>• 15°02' 44.42" N , 75°52' 43.10" E</li> <li>• 15°02' 42.20" N , 75°52' 47.16" E</li> <li>• 15°02' 52.77" N , 75°52' 51.24" E</li> <li>• 15°02' 54.89" N , 75°52' 47.07" E</li> </ul>
<b>Permitted Quantity in MTPA</b>	6930
<b>Total area</b>	12 Acres (i.e 4.85 Ha)
<b>Depth for mining allowed.</b>	1.5m
<b>Type of mining</b>	Semi Mechanized

As informed by DMG, Gadag, the mining activities is allowed only during November to May end, which is usually a dry season which is as per “**Sustainable sand mining guidelines-2016**”. Further, mining activities is allowed only from 6.00 AM to 6.00 PM. The details on year-wise quantity of sand mined since from the grant of EC is given in table below:

### Quantity of sand mined since 13<sup>th</sup> June, 2017 (year-wise)

<b>2017-18 (in MTPA)</b>	<b>2018-19 (in MTPA)</b>	<b>2019-20 (in MTPA)</b>	<b>2020-21 (upto Nov,2020) (in MTPA)</b>	<b>Total quantity mined (in MT)</b>
1113.31	6584.19	6903.48	3512.84	18113.82

### Observations:

- From the above table, it is inferred that the sand is mined by the lessee within the permitted quantity.
- The first EC was granted to the lessee on 13th June, 2017 for manual method of mining and later same was amended by EC dt. 30th December, 2017 for semi-mechanized method
- The Committee has noted from the Google earth imageries that above said mine has commenced their mining activity only after the grant of EC.
- The lessee has displayed EC details at their stock yard.
- The lessee has constructed temporary road in the river and excavation of sand by using heavy Hitachi which is against the EC conditions. Therefore, penalty of Rs. 5,00,000/- has been imposed & recovered by DMG, Gadag for violations of EC conditions.

## 20. Holeitagi Sand Mining- Block 2

<b>Name of the Block</b>	Holeitagi Sand Mining- Block 2
<b>Name of the lessee</b>	Ashok F Halleppanavar
<b>Name of the river</b>	Tungabhadra River
<b>Date of EC granted</b>	EC No.DEIAA(6) 08 MIN (S) 2017 dt. 24.03.2018
<b>Geo-Co-ordinates</b>	<ul style="list-style-type: none"> <li>• 14°56' 42.66" N , 75°44' 14.15" E</li> <li>• 14 °56' 37.84" N , 75°44' 14.00" E</li> <li>• 14 °56' 39.95" N , 75°44' 3.39" E</li> <li>• 14 °56' 44.75" N , 75°44' 3.54" E</li> </ul>
<b>Permitted Quantity in MTPA</b>	25000
<b>Total area</b>	12 Acres (i.e 4.85 Ha)
<b>Depth for mining allowed.</b>	1.5m
<b>Type of mining</b>	Semi Mechanized

As informed by DMG, Gadag, the mining activities is allowed only during November to May end, which is usually a dry season which is as per “**Sustainable sand mining guidelines-2016**”. Further, mining activities is allowed only from 6.00 AM to 6.00 PM. The details on year-wise quantity of sand mined since from the grant of EC is given in table below:

**Quantity of sand mined since 24<sup>th</sup> March, 2018 (year-wise)**

2018-19 (in MTPA)	2019-20 (in MTPA)	2020-21 (upto Nov,2020) (in MTPA)	Total quantity mined (in MT)
0	16817.79	3244	20061.79

**Observations:**

- From the above table, it is inferred that the sand is mined by the lessee within the permitted quantity.
- The Committee has noted from the Google earth imageries that above said mine has commenced their mining activity only after the grant of EC.
- The lessee has displayed EC details at their stock yard.
- No violations of EC conditions observed.

<b>Type of mining</b>	Manual

As informed by DMG, Gadag, the mining activities is allowed only during November to May end, which is usually a dry season which is as per “**Sustainable sand mining guidelines-2016**”. Further, mining activities is allowed only from 6.00 AM to 6.00 PM. The details on year-wise quantity of sand mined since from the grant of EC is given in table below:

**Quantity of sand mined since 13<sup>th</sup> June, 2017 (year-wise)**

2017-18 (in MTPA)	2018-19 (in MTPA)	2019-20 (in MTPA)	2020-21 (upto Nov- 2020) (in MTPA)	Total quantity mined (in MT)
0	0	166	0	166

**Observations:**

- From the above table, it is inferred that the sand is mined by the lessee within the permitted quantity.

- The Committee has noted from the Google earth imageries that above said mine has commenced their mining activity only after the grant of EC.
- The lessee has displayed EC details at their stock yard.
- No violations of EC conditions observed.

## 22. Shirol Ordinary Sand Quarry

<b>Name of the Block</b>	Shirol Ordinary Sand Quarry
<b>Name of the lessee</b>	Krishna H Patil
<b>Name of the river</b>	Patta land
<b>Date of EC granted</b>	EC No.DEIAA 7(10) (1) MIN 2018 dt. 26.07.2018
<b>Geo-Co-ordinates</b>	<ul style="list-style-type: none"> <li>• 15°50' 4.36" N , 75°32' 39.39" E</li> <li>• 15 °50' 4.42" N , 75°32' 41.59" E</li> <li>• 15 °50' 55.32" N , 75°32' 40.89" E</li> <li>• 15 °50' 55.39" N , 75°32' 38.52" E</li> </ul>
<b>Permitted Quantity in MTPA</b>	45035.55
<b>Total area</b>	5 Acres (i.e 2.023 Ha)
<b>Depth for mining allowed.</b>	3.5m
<b>Type of mining</b>	Semi Mechanized

\*Mentioned as Working should be carried out as per MoEF & CC guidelines

As informed by DMG, Gadag, the mining activities is allowed only during November to May end, which is usually a dry season which is as per "**Sustainable sand mining guidelines-2016**". Further, mining activities is allowed only from 6.00 AM to 6.00 PM. The details on year-wise quantity of sand mined since from the grant of EC is given in table below:

### Quantity of sand mined since 26<sup>th</sup> July, 2018 (year-wise)

2017-18 (in MTPA)	2018-19 (in MTPA)	2019-20 (in MTPA)	2020-21 (upto Nov, 2020 (in MTPA)	Total quantity mined (in MT)
0	15596	1368	1053	18017

### Observations:

- From the above table, it is inferred that the sand is mined by the lessee is within the permitted quantity.
- Further EC Validity was extended by SEIAA up to 25-07-2022 through order dated:04-09-2020
- On the day of inspection, no mining activities were observed.
- In order to continue with sand mining activities, the lessee shall apply for renewal for EC to SEIAA, till then no mining activities should be allowed.
- The DMG, Gadag has to ensure that no mining activities should be undertaken by lessee.
- The Committee has noted from the Google earth imageries that above said mine has commenced their mining activity only after the grant of EC.
- The lessee has not displayed EC details at their stock yard.
- No violations of EC conditions observed.

### 23. Holeitagi Sand Mining Block 4

<b>Name of the Block</b>	Holeitagi Sand Mining Block 4
<b>Name of the lessee</b>	Chandrashekar SM
<b>Name of the river</b>	Tungabhadra River bed
<b>Date of EC granted</b>	EC No.DEIAA (4) 01 MIN (S) 2017 dt. 26.07.2017
<b>Geo-Co-ordinates</b>	<ul style="list-style-type: none"> <li>• 14°57' 3.25" N , 75°42' 11.78" E</li> <li>• 14 °56' 58.51" N , 75°42' 13.22" E</li> <li>• 14 °56' 57.34" N , 75°42' 2.50" E</li> <li>• 14 °57' 1.97" N , 75°42' 1.07" E</li> </ul>
<b>Permitted Quantity in MTPA</b>	5000
<b>Total area</b>	12 Acres (i.e 4.85 Ha)
<b>Depth for mining allowed.</b>	1.5m
<b>Type of mining</b>	Manual

As informed by DMG, Gadag, the mining activities is allowed only during November to May end, which is usually a dry season which is as per “**Sustainable sand mining guidelines-2016**”. Further, mining activities is allowed only from 6.00 AM to 6.00 PM. The details on year-wise quantity of sand mined since from the grant of EC is given in table below:

#### Quantity of sand mined since 26<sup>th</sup> July, 2017 (year-wise)

<b>2017-18 (in MTPA)</b>	<b>2018-19 (in MTPA)</b>	<b>2019-20 (in MTPA)</b>	<b>2020-21 (upto Nov, 2020 (in MTPA)</b>	<b>Total quantity mined (in MT)</b>
0	0	0	290	290

#### Observations:

- From the above table, it is inferred that the sand is mined by the lessee within the permitted quantity.
- The Committee has noted from the Google earth imageries that above said mine has commenced their mining activity only after the grant of EC.
- The lessee has not displayed EC details at their stock yard.
- No violations of EC conditions observed.

### 24. Govinakoppa Nala Sand Quarry Block

<b>Name of the Block</b>	Govinakoppa Nala Sand Quarry Block
<b>Name of the lessee</b>	J P Raghu
<b>Name of the river</b>	Govinakoppa Nala bed
<b>Date of EC granted</b>	EC No.DEIAA 7(3) (1) MIN 2018 dt. 26.07.2018

<b>Permitted Quantity in MTPA</b>	10016.85
<b>Total area</b>	4 Acres (i.e 1.6188 Ha)
<b>Depth for mining allowed.</b>	3 m
<b>Type of mining</b>	Semi Mechanized

As informed by DMG, Gadag, the mining activities is allowed only during November to May end, which is usually a dry season which is as per “**Sustainable sand mining guidelines-2016**.” Further, mining activities is allowed only from 6.00 AM to 6.00 PM. The details on year-wise quantity of sand mined since from the grant of EC is given in table below:

**Quantity of sand mined since 26<sup>th</sup> July, 2018 (year-wise)**

2018-19 (in MTPA)	2019-20 (in MTPA)	2020-21 (upto Nov, 2020) (in MTPA)	Total quantity mined (in MT)
406.12	45.99	237.70	689.81

**Observations:**

- From the above table, it is inferred that the sand is mined by the lessee within the permitted quantity.
- The Committee has noted from the Google earth imageries that above said mine has commenced their mining activity only after the grant of EC.
- The lessee has not displayed EC details at their stock yard.
- No violations of EC conditions observed.

**26. Korlahalli Sand Mining Block 3**

<b>Name of the Block</b>	Korlahalli Sand Mining Block 3
<b>Name of the lessee</b>	Hemagirish G Havinal
<b>Name of the river</b>	Tungabhadra River bed
<b>Date of EC granted</b>	EC No.DEIAA 7(9) (1) MIN 2018 dt. 26.07.2018
<b>Geo-Co-ordinates</b>	<ul style="list-style-type: none"> <li>• 15°07' 29.62" N , 75°54' 3.18" E</li> <li>• 15 °07' 28.47" N , 75°54' 6.29" E</li> <li>• 15 °07' 33.79" N , 75°54' 6.77" E</li> <li>• 15 °07' 34.97" N , 75°54' 3.59" E</li> </ul>
<b>Permitted Quantity in MTPA</b>	3000
<b>Total area</b>	4 Acres (i.e 1.610 Ha)
<b>Depth for mining allowed.</b>	1 m
<b>Type of mining</b>	Semi mechanized

As informed by DMG, Gadag, the mining activities is allowed only during November to May end, which is usually a dry season which is as per "**Sustainable sand mining guidelines-2016**". Further, mining activities is allowed only from 6.00 AM to 6.00 PM. The details on year-wise quantity of sand mined since from the grant of EC is given in table below:

**Quantity of sand mined since 26<sup>th</sup> July, 2018 (year-wise)**

2018-19 (in MTPA)	2019-20 (in MTPA)	2020-21 (upto Nov, 2020 (in MTPA)	Total quantity mined (in MT)
0	247.69	200	447.69

**Observations:**

- From the above table, it is inferred that the sand is mined by the lessee within the permitted quantity.
- The Committee has noted from the Google earth imageries that above said mine has commenced their mining activity only after the grant of EC.
- The lessee has not displayed EC details at their stock yard.
- No violations of EC conditions observed.

## 27. Shingataloor Sand Mining Block 5

<b>Name of the Block</b>	Shingataloor Sand Mining Block 5
<b>Name of the lessee</b>	Hemagirish G Havinal
<b>Name of the river</b>	Tungabhadra River bed
<b>Date of EC granted</b>	EC No.DEEIA 7(9) (1) MIN 2018 dt. 26.07.2018
<b>Geo-Co-ordinates</b>	<ul style="list-style-type: none"> <li>• 15°4' 07.94" N , 75°54' 27.28" E</li> <li>• 15 °4' 08.97" N , 75°54' 29.62" E</li> <li>• 15 °3' 52.17" N , 75°54' 25.58" E</li> <li>• 15 °3' 51.39" N , 75°54' 22.96" E</li> </ul>
<b>Permitted Quantity in MTPA</b>	30000
<b>Total area</b>	12 Acres (i.e 4.850 Ha)
<b>Depth for mining allowed.</b>	1 m
<b>Type of mining</b>	Semi mechanized

As informed by DMG, Gadag, the mining activities is allowed only during November to May end, which is usually a dry season which is as per “**Sustainable sand mining guidelines-2016**”. Further, mining activities is allowed only from 6.00 AM to 6.00 PM. The details on year-wise quantity of sand mined since from the grant of EC is given in table below:

### Quantity of sand mined since 26<sup>th</sup> July, 2018 (year-wise)

<b>2018-19 (in MTPA)</b>	<b>2019-20 (in MTPA)</b>	<b>2020-21 (upto Nov, 2020) (in MTPA)</b>	<b>Total quantity mined (in MT)</b>
0	0	0	0

### Observations:

- From the above table, it is inferred that the lessee has not carried out any mining activities in the permitted area.
- On the day of inspection, no stock was observed in the stock yard. Hence the mining area is kept in idle condition without any mining activities.
- No mining activities being carried out since the grant of EC; it is recommended to cancel the EC because there could be chances of illegal sand mining activities either by lessee or by common public
- The lessee has displayed EC details at their stock yard.
- No violations of EC conditions observed.

## 28. Gangapura Sand Mining Block 3

<b>Name of the Block</b>	Gangapura Sand Mining Block 3
<b>Name of the lessee</b>	Subhash Gudimani
<b>Name of the river</b>	Tungabhadra River bed
<b>Date of EC granted</b>	EC No.DEIAA 7(7) (1) MIN 2018 dt. 26.07.2018
<b>Geo-Co-ordinates</b>	<ul style="list-style-type: none"> <li>• 15°06' 17.37" N , 75°53' 2.25" E</li> <li>• 15 °06' 16.81" N , 75°53' 4.80" E</li> <li>• 15 °06' 24.73" N , 75°53' 6.78" E</li> <li>• 15 °06' 25.36" N , 75°53' 4.13" E</li> </ul>
<b>Permitted Quantity in MTPA</b>	2000
<b>Total area</b>	5 Acres (i.e 2.023 Ha)
<b>Depth for mining allowed.</b>	1 m
<b>Type of mining</b>	Semi mechanized

As informed by DMG, Gadag, the mining activities is allowed only during November to May end, which is usually a dry season which is as per “**Sustainable sand mining guidelines-2016**”. Further, mining activities is allowed only from 6.00 AM to 6.00 PM. The details on year-wise quantity of sand mined since from the grant of EC is given in table below:

**Quantity of sand mined since 16<sup>th</sup> July, 2018 (year-wise)**

<b>2018-19 (in MTPA)</b>	<b>2019-20 (in MTPA)</b>	<b>2020-21 (upto Nov- 2020) (in MTPA)</b>	<b>Total quantity mined (in MT)</b>
486.77	90.97	131.56	709.3

**Observations:**

- From the above table, it is inferred that the sand is mined by the lessee within the permitted quantity.
- The Committee has noted from the Google earth imageries that above said mine has commenced their mining activity only after the grant of EC.
- The lessee has not displayed EC details at their stock yard.
- No violations of EC conditions observed.

**29. Hesaruru Sand Mining Block 1**

<b>Name of the Block</b>	Hesaruru Sand Mining Block 1
<b>Name of the lessee</b>	Fakeerappa D Madar
<b>Name of the river</b>	Tungabhadra River bed
<b>Date of EC granted</b>	EC No.DEIAA 7 MIN 2018 dt. 26.07.2018
<b>Geo-Co-ordinates</b>	<ul style="list-style-type: none"> <li>• 15°08' 32.53" N , 75°55' 58.38" E</li> <li>• 15 °08' 28.08" N , 75°55' 58.16" E</li> <li>• 15 °08' 27.67" N , 75°55' 46.60" E</li> <li>• 15 °08' 32.16" N , 75°55' 46.89" E</li> </ul>
<b>Permitted Quantity in MTPA</b>	5000
<b>Total area</b>	12 Acres (i.e 4.856 Ha)
<b>Depth for mining allowed.</b>	1 m
<b>Type of mining</b>	Semi mechanized

As informed by DMG, Gadag, the mining activities is allowed only during November to May end, which is usually a dry season which is as per “**Sustainable sand mining guidelines-2016**”. Further, mining activities is allowed only from 6.00 AM to 6.00 PM. The details on year-wise quantity of sand mined since from the grant of EC is given in table below:

**Quantity of sand mined since 26<sup>th</sup> July, 2018 (year-wise)**

<b>2018-19 (in MTPA)</b>	<b>2019-20 (in MTPA)</b>	<b>2020-21 (upto Nov, 2020) (in MTPA)</b>	<b>Total quantity mined (in MT)</b>
0	181.72	400	581.72

**Observations:**

- From the above table, it is inferred that the sand is mined by the lessee within the permitted quantity.
- The Committee has noted from the Google earth imageries that above said mine has commenced their mining activity only after the grant of EC.
- The lessee has not displayed EC details at their stock yard.
- No violations of EC conditions observed.

### 30. Kuruvinakoppa Ordinary Sand Quarry

<b>Name of the Block</b>	Kuruvinakoppa Ordinary Sand Quarry
<b>Name of the lessee</b>	Vishwanath B Patil
<b>Name of the river</b>	Kuruvinakoppa Ordinary Sand Quarry (Patta land)
<b>Date of EC granted</b>	13.11.2018
<b>Geo-Co-ordinates</b>	<ul style="list-style-type: none"> <li>• 15°49' 46.10" N , 75°39' 37.30" E</li> <li>• 15 °49' 45.80" N , 75°39' 39.40" E</li> <li>• 15 °49' 45.20" N , 75°39' 39.40" E</li> <li>• 15 °49' 44.00" N , 75°39' 42.40" E</li> <li>• 15 °49' 36.40" N , 75°39' 42.40" E</li> <li>• 15 °49' 36.20" N , 75°39' 40.70" E</li> <li>• 15 °49' 35.03" N , 75°39' 40.59" E</li> <li>• 15 °49' 35.06" N , 75°39' 39.44" E</li> <li>• 15 °49' 37.50" N , 75°39' 39.40" E</li> <li>• 15 °49' 37.60" N , 75°39' 38.70" E</li> <li>• 15 °49' 37.70" N , 75°39' 36.70" E</li> </ul>
<b>Permitted Quantity in MTPA</b>	90800
<b>Total area</b>	10.20 Acres (i.e 4.249 Ha)
<b>Depth for mining allowed.</b>	1 m
<b>Type of mining</b>	Semi mechanized

As informed by DMG, Gadag, the mining activities is allowed only during November to May end, which is usually a dry season which is as per "**Sustainable sand mining guidelines-2016**". Further, mining activities is allowed only from 6.00 AM to 6.00 PM. The details on year-wise quantity of sand mined since from the grant of EC is given in table below:

#### Quantity of sand mined since 13<sup>th</sup> November, 2018 (year-wise)

<b>2018-19 (in MTPA)</b>	<b>2019-20 (in MTPA)</b>	<b>2020-21 (upto Nov-2020 (in MTPA)</b>	<b>Total quantity mined (in MT)</b>
6981.37	47169.84	8515.02	62666.23

#### Observations:

- From the above table, it is inferred that the sand is mined by the lessee is within the permitted quantity.
- The validity of EC expired on 12<sup>th</sup> November, 2020. Ministry of Environment, Forest and Climate Change New Delhi Notification dated 27-11-2020 mentioned that Whose validity is expiring in the Financial year 2020-21 shall deemed to be extended till the 31<sup>st</sup> March 2021 or six month from the date of expiry, so EC validity extended up to 11<sup>th</sup> may 2021)
- On the day of inspection, no mining activities were observed.
- In order to continue with sand mining activities, the lessee shall apply for renewal for EC to SEIAA, till then no mining activities should be allowed.
- The DMG, Gadag has to ensure that no mining activities should be undertaken by lessee.
- The Committee has noted from the Google earth imageries that above said mine has commenced their mining activity only after the grant of EC.
- The lessee has not displayed EC details at their stock yard.
- No violations of EC conditions observed.

### 31. Ankali Block 1

<b>Name of the Block</b>	Ankali Block 1

<b>Permitted Quantity in MTPA</b>	21429.45
<b>Total area</b>	8.20 Acres (i.e 3.4399 Ha)
<b>Depth for mining allowed.</b>	3 m
<b>Type of mining</b>	Semi mechanized

As informed by DMG, Gadag, the mining activities is allowed only during November to May end, which is usually a dry season which is as per "**Sustainable sand mining guidelines-2016**". Further, mining activities is allowed only from 6.00 AM to 6.00 PM. The details on year-wise quantity of sand mined since from the grant of EC is given in table below:

#### Quantity of sand mined since 26<sup>th</sup> July, 2018 (year-wise)

<b>2018-19 (in MTPA)</b>	<b>2019-20 (in MTPA)</b>	<b>2020-21 (upto Nov- 2020 (in MTPA)</b>	<b>Total quantity mined (in MT)</b>
0	0	66	66

#### Observations:

- From the above table, it is inferred that the sand is mined by the lessee within the permitted quantity.
- The Committee has noted from the Google earth imageries that above said mine has commenced their mining activity only after the grant of EC.
- The lessee has not displayed EC details at their stock yard.
- No violations of EC conditions observed.

### 32. Kallagnur Sand Mining Block 1

<b>Name of the Block</b>	Kallagnur Sand Mining Block 1
<b>Name of the lessee</b>	Sujatha N Doddamani
<b>Name of the river</b>	Tungabhadra River bed
<b>Date of EC granted</b>	EC No.DEIAA 7 (2) (1) MIN 2018 dt. 26.07.2018
<b>Geo-Co-ordinates</b>	<ol style="list-style-type: none"> <li>1. 14°59' 27.62" N , 75°46' 43.71" E</li> <li>2. 14 °59' 27.22" N , 75°46' 46.95" E</li> <li>3. 14 °59' 11.61" N , 75°46' 45.10" E</li> <li>4. 14 °59' 12.10" N , 75°46' 41.87" E</li> </ol>
<b>Permitted Quantity in MTPA</b>	20000
<b>Total area</b>	12 Acres (i.e 4.850 Ha)
<b>Depth for mining allowed.</b>	2 m
<b>Type of mining</b>	Semi mechanized

As informed by DMG, Gadag, the mining activities is allowed only during November to May end, which is usually a dry season which is as per “**Sustainable sand mining guidelines-2016**”. Further, mining activities is allowed only from 6.00 AM to 6.00 PM. The details on year-wise quantity of sand mined since from the grant of EC is given in table below:

**Quantity of sand mined since 26<sup>th</sup> July, 2018 (year-wise)**

2018-19 (in MTPA)	2019-20 (in MTPA)	2020-21 (upto Nov, 2020 (in MTPA)	Total quantity mined (in MT)
0	0	687.8	687.8

**Observations:**

- From the above table, it is inferred that the sand is mined by the lessee within the permitted quantity.
- The Committee has noted from the Google earth imageries that above said mine has commenced their mining activity only after the grant of EC.
- The lessee has not displayed EC details at their stock yard.
- No violations of EC conditions observed.

**33. Madalli Sand Mining Block 1**

<b>Name of the Block</b>	Madalli Sand Mining Block 1
<b>Name of the lessee</b>	Sujatha N Doddamani
<b>Name of the river</b>	Madalli Nala
<b>Date of EC granted</b>	EC No.DEIAA 7 (8) (1) MIN 2018 dt. 26.07.2018
<b>Geo-Co-ordinates</b>	<ul style="list-style-type: none"> <li>• 15°15' 51.94" N , 75°25' 23.81" E</li> <li>• 15°15' 51.52" N , 75°25' 23.79" E</li> <li>• 15°15' 51.18" N , 75°25' 21.09" E</li> <li>• 15°15' 48.17" N , 75°25' 16.74" E</li> <li>• 15°15' 46.58" N , 75°25' 14.64" E</li> <li>• 15°15' 45.75" N , 75°25' 12.28" E</li> <li>• 15°15' 45.67" N , 75°25' 06.89" E</li> <li>• 15°15' 45.15" N , 75°25' 00.28" E</li> <li>• 15°15' 47.05" N , 75°25' 53.88" E</li> <li>• 15°15' 48.41" N , 75°24' 50.16" E</li> <li>• 15°15' 51.18" N , 75°24' 47.35" E</li> <li>• 15°15' 51.76" N , 75°24' 47.49" E</li> <li>• 15°15' 49.05" N , 75°24' 50.23" E</li> <li>• 15°15' 47.43" N , 75°24' 53.85" E</li> <li>• 15°15' 45.58" N , 75°25' 00.23" E</li> <li>• 15°15' 46.08" N , 75°25' 06.87" E</li> <li>• 15°15' 46.11" N , 75°25' 12.14" E</li> <li>• 15°15' 46.97" N , 75°25' 14.63" E</li> <li>• 15°15' 48.60" N , 75°25' 16.73" E</li> <li>• 15°15' 51.60" N , 75°25' 21.11" E</li> </ul>
<b>Permitted Quantity in MTPA</b>	2000
<b>Total area</b>	3.20Acres (i.e 1.146 Ha)
<b>Depth for mining allowed.</b>	2 m
<b>Type of mining</b>	Manual

As informed by DMG, Gadag, the mining activities is allowed only during November to May end, which is usually a dry season which is as per “**Sustainable sand mining guidelines-2016**”. Further, mining activities is allowed only from 6.00 AM to 6.00 PM. The details on year-wise quantity of sand mined since from the grant of EC is given in table below:

**Quantity of sand mined since 26<sup>th</sup> July, 2018 (year-wise)**

2018-19 (in MTPA)	2019-20 (in MTPA)	2020-21 (upto Nov, 2020 (in MTPA)	Total quantity mined (in MT)
0	0	93.51	93.51

**Observations:**

- From the above table, it is inferred that the sand is mined by the lessee within the permitted quantity.
- The Committee has noted from the Google earth imageries that above said mine has commenced their mining activity only after the grant of EC.
- The lessee has not displayed EC details at their stock yard.
- No violations of EC conditions observed.

**34. Nagaramadavu Nala Sand Mining Block 1**

<b>Name of the Block</b>	Nagaramadavu Nala Sand Mining Block 1
<b>Name of the lessee</b>	Ashok Kumar K S
<b>Name of the river</b>	Nagaramadavu Nala
<b>Date of EC granted</b>	13.11.2018
<b>Geo-Co-ordinates</b>	<ul style="list-style-type: none"> <li>• 15°01' 02.71" N , 75°38' 42.75" E</li> <li>• 15°01' 03.77" N , 75°38' 43.52" E</li> <li>• 15°01' 07.85" N , 75°38' 38.31" E</li> <li>• 15°01' 11.48" N , 75°38' 35.26" E</li> <li>• 15°01' 16.29" N , 75°38' 26.82" E</li> <li>• 15°01' 15.29" N , 75°38' 26.40" E</li> <li>• 15°01' 10.41" N , 75°38' 34.53" E</li> <li>• 15°01' 06.76" N , 75°38' 37.54" E</li> </ul>
<b>Permitted Quantity in MTPA</b>	9390
<b>Total area</b>	6 Acres (i.e 2.43 Ha)
<b>Depth for mining allowed.</b>	1 m
<b>Type of mining</b>	Semi- mechanized

As informed by DMG, Gadag, the mining activities is allowed only during November to May end, which is usually a dry season which is as per "**Sustainable sand mining guidelines-2016**". Further, mining activities is allowed only from 6.00 AM to 6.00 PM. The details on year-wise quantity of sand mined since from the grant of EC is given in table below:

**Quantity of sand mined since 13<sup>th</sup> November, 2018 (year-wise)**

2018-19 (in MTPA)	2019-20 (in MTPA)	2020-21 (upto Nov, 2020 (in MTPA)	Total quantity mined (in MT)
0	84.63	124	208.63

**Observations:**

- From the above table, it is inferred that the sand is mined by the lessee within the permitted quantity.
- The Committee has noted from the Google earth imageries that above said mine has commenced their mining activity only after the grant of EC.
- The lessee has not displayed EC details at their stock yard.
- No violations of EC conditions observed.

### 35. Gumgol Ordinary Sand Block No. GMGL01

<b>Name of the Block</b>	Gumgol Ordinary Sand Block No. GMGL01
<b>Name of the lessee</b>	Raghavendra Barki
<b>Name of the river</b>	Patta land
<b>Date of EC granted</b>	EC No. DEIAA 7(1) (2) MIN 2018 dt. 26.07.2018
<b>Geo-Co-ordinates</b>	<ul style="list-style-type: none"> <li>• 15°01' 54.78" N , 75°48' 56.38" E</li> <li>• 15°01' 53.54" N , 75°48' 50.09" E</li> <li>• 15°01' 45.38" N , 75°48' 51.68" E</li> <li>• 15°01' 43.64" N , 75°48' 56.20" E</li> </ul>
<b>Permitted Quantity in MTPA</b>	2000
<b>Total area</b>	12 Acres (i.e 4.856 Ha)
<b>Depth for mining allowed.</b>	0.145 m
<b>Type of mining</b>	Semi- mechanized

As informed by DMG, Gadag, the mining activities is allowed only during November to May end, which is usually a dry season which is as per "**Sustainable sand mining guidelines-2016**". Further, mining activities is allowed only from 6.00 AM to 6.00 PM. The details on year-wise quantity of sand mined since from the grant of EC is given in table below:

#### Quantity of sand mined since 26<sup>th</sup> July, 2018 (year-wise)

<b>2018-19 (in MTPA)</b>	<b>2019-20 (in MTPA)</b>	<b>2020-21 (upto Nov, 2020 (in MTPA)</b>	<b>Total quantity mined (in MT)</b>
0	0	0	0

#### Observations:

- From the above table, it is inferred that the no sand mining activity has been carried out by the lessee since the grant of EC due to stock of back water in the granted area.
- Although in the EC it is mentioned as Patta land but during the inspection, it is observed that the grant area is in the river bed.
- It was informed by DMG, Gadag that the area is submerged due to back water from the Hammgi Dam. Presently, the area is acquired by State of Govt. of Karnataka
- The lessee has not displayed EC details at their stock yard.
- No violations of EC conditions observed.

### 36. Hullur Sand Block-HLR01

<b>Name of the Block</b>	Hullur Sand Block-HLR01
<b>Name of the lessee</b>	Raghavendra Barki
<b>Name of the river</b>	Hullur Nallah
<b>Date of EC granted</b>	EC No. DEIAA 7(1) (2) MIN 2018 dt. 26.07.2018
<b>Geo-Co-ordinates</b>	<ul style="list-style-type: none"> <li>• 15°04' 32.75" N , 75°34' 50.38" E</li> <li>• 15°04' 33.60" N , 75°34' 52.24" E</li> <li>• 15°04' 19.86" N , 75°34' 59.54" E</li> <li>• 15°04' 15.09" N , 75°35' 01.69" E</li> </ul>

	<ul style="list-style-type: none"> <li>• 15°04' 14.38" N , 75°34' 59.94" E</li> <li>• 15°04' 19.06" N , 75°34' 57.80" E</li> </ul>
<b>Permitted Quantity in MTPA</b>	2500
<b>Total area</b>	9 Acres (i.e 3.642 Ha)
<b>Depth for mining allowed.</b>	1m
<b>Type of mining</b>	Semi- mechanized

As informed by DMG, Gadag, the mining activities is allowed only during November to May end, which is usually a dry season which is as per “**Sustainable sand mining guidelines-2016**”. Further, mining activities is allowed only from 6.00 AM to 6.00 PM. The details on year-wise quantity of sand mined since from the grant of EC is given in table below:

**Quantity of sand mined since 26<sup>th</sup> July, 2018 (year-wise)**

<b>2018-19 (in MTPA)</b>	<b>2019-20 (in MTPA)</b>	<b>2020-21 (upto Nov, 2020 (in MTPA)</b>	<b>Total quantity mined (in MT)</b>
0	230.51	456.08	686.59

**Observations:**

- From the above table, it is inferred that the sand is mined by the lessee within the permitted quantity.
- The Committee has noted from the Google earth imageries that above said mine has commenced their mining activity only after the grant of EC.
- The lessee has not displayed EC details at their stock yard.
- No violations of EC conditions observed.
