- Please note that as pointed out earlier, a portion of the land comprising our site is beyond 500 mtrs line as per the CRZ and therefore would not come under the 9 mtr height restriction as generally mentioned in your requirement for good ecological practice to be adopted. We request you to give us the confirmation that the height restriction would not apply beyond the 500 mtr mark as the proposed Convention Center, Reception Hall envisaged in the plan falls in this section of the site.
- As discussed and earlier mentioned, we request you to give us a confirmation that the land allocated to us **can be mortgaged** as security for the purpose of the development to be carried out at the site.

Thanking you

Yours truly
For AIRTRAVEL ENTERPRISES INDIA LTD
