16. That it is submitted that Uttar Pradesh is **the most populated state in India and is growing rapidly. At present, total discharge generated in the State of UP is approximately 5500 MLD**. Out of which, from the 155 STPs established having the total capacity of 4705.1 MLD are present. **The established STPs are being utilised at the capacity of 3746.87 MLD. Furthermore, the domestic effluents of 82 drains having discharge of approximately 140 MLD are also being treated though various scientific methods such as bio- remediation and phyto- remediation.**

A copy of the summary chart showing the details of the drains connected to STP and treated through bio/phyto remediation from 2017 to 2025 is annexed herewith and marked as **ANNEXURE-6.**

17. That it is pertinent to note that the reasons for the gap in utilisation capacity of the STPs are due to 2 major factors which are to be considered. The factors are as follows:

i. The STPs are designed and constructed at a comparatively higher capacity based on future population projections for a period of **15 years.** This is done to properly cater to the population growth and ensure that no untreated sewage is discharged.

ii. That furthermore, the household sewer connections enables the STP to operate more efficiently, ensuring effective and utilisation of its designed treatment capacity.

NOTARY C.P. MISRA ADV. & NOTARY LUCKNOW U.P. REGN. NO.20914 GOVERNMENT OF INDIA

18. That it is pertinent to note that the desiltation work of the drains is also carried out by the concerned authorities periodically before the monsoon to help restore the capacity of the drains and ensure that the drains do not overflow during the monsoon season.

REGULAR MONITORING OF THE ESTABLSHED STPs BY THE UTTAR PRADESH POLLUTION CONTROL BOARD (UPPCB)

20. That the UPPCB carries out the monitoring of the established 155 STPs on a monthly basis. The UPPCB visits the STPs and collects the water samples from the treated outflow of STP which is then analysed at the laboratories established by the PCBs. This monthly monitoring helps ensure that the STPs are functioning properly and are treating the effluents in a prescribed manner and are meeting the specified parameters.

A copy of the analysis reports of all the STPs of last 2 months is annexed herewith and marked as **ANNEXURE-9.**

21. That furthermore, as per by the CPCB norms, 138 STPs have OCEMS systems (**Online Continuous Effluent Monitoring Systems)**, 44 STPs have been integrated to the CPCB servers, installed at the STP to ensure real time monitoring and to continuously measure and report the emissions of pollutants, ensuring compliance with environmental regulations..

A copy of the status chart of STPs integrated with OCEMS is annexed herewith and marked as **ANNEXURE-10.**

REASONS FOR DELAY IN COMPLYING WITH THE DIRECTIONS PASSED OF THE HON'BLE SUPREME COURT IN *WRIT PETITION(C) NO. 375 OF 2012 "PARYAVARAN SURAKSHA SAMITI AND ANOTHER VERSUS UNION OF INDIA AND OTHERS"* VIDE JUDGEMENT DATED 22.02.2017

22. That the delays in the execution of several STPs have arisen due to a combination of administrative, local issues, and logistical impediments. These include delays in securing statutory permissions such as road-cutting approvals and forest clearances (Agra), and the issuance of revised administrative sanctions resulting in late commencement of work (Lucknow).

23. That further, **site-specific challenges** such as flooding, lack of proper approach roads, and public obstruction during sewer-line laying have

impeded progress (Moradabad). Certain projects have also been adversely affected by **land-related issues**, including incomplete registries, pending acquisition processes, and ensuing legal disputes (Gorakhpur 10 MLD).

24. That additionally, constraints on available land, instructions from municipal bodies to temporarily halt work, pending No-Objection Certificates from highway authorities, and alterations in land allocation—coupled with waterlogging and structural problems such as tilting of MPS infrastructure—have contributed to delays (Gorakhpur 30 MLD and 38 MLD).

25. That it is submitted on various sites, due to the land disputes, the High Court of judicature of Allahabad has granted injunction on carrying out any construction on the disputed site which causes a delay in constructing the STPs.
