Subject: Representation of Water Health International Inc (WHIN) on community water system (CWS) operations-reg.

Madam,

Please refer to your letter ref. No. FSSA/PDW/1034/19/7 dated 14th August, 2019 on the above mentioned subject.

2. In this regard, it is informed that only the erstwhile position of standards for non-packaged drinking water was intimated in the FSSAI letter dated 09.11.2017. Subsequently, the matter was further examined and it was decided to formulate standards for non-packaged drinking water (purified) offered or sold through water vending machines only. In this regard, a copy of amendment to Food Safety and Standards (Food Products Standards and Food Additives) First Amendment Regulations, 2019 is enclosed.

3. It is also clarified that at present there is no proposal under consideration in FSSAI to frame regulation for any other category of non-packaged drinking water.

Encls: As above.

Yours faithfully,

(Parveen Jangar)

Joint Director (Regulatory Compliance)
