

**Government of Jammu and Kashmir
Housing & Urban Development Department
Civil Secretariat, Jammu/Srinagar**

The Registrar Judicial,
National Green Tribunal,
New Delhi.

No:- HUD/LITONGT/2/2022-162456

Dated:-15.07.2022

Subject:- O.A no. 338/2021 titled Himanshu Sharma V/s UT of J&K and others.

Sir,

I am directed to enclose herewith Action taken report duly signed by Principal Secretary to Government, Housing & Urban Development Department on afore-titled subject matter, in compliance to the directions of Hon'ble National Green Tribunal direction dated 23.03.2022.

Yours faithfully

Encl:-

Rakesh Kumar
Additional Secretary to Government
Housing & Urban Dev. Department

BEFORE THE NATIONAL GREEN TRIBUNAL
PRINCIPAL BENCH NEW DELHI

Original Application No. 338/2021

Himanshu Sharma

Applicant

Versus

Union Territory of J&K

Respondent

In the matter of

Action Taken report in terms of order dated 23.03.2022.

May it please your honour

The Answering respondent respectfully submits as under:

1. That the Hon'ble NGT (Principal Bench, New Delhi) in OA No. 338 of 2021 in its Order dated 23rd March, 2022, in the matter of prevention of pollution of Banganga River at Katra ,has passed the following directions;

"In view of above serious violations and deficiencies, remedial action needs to be taken as per law by the Municipal Council, Katra, Sri Mata Vaishno Devi Shrine Board (SMVDSB), Katra, to be overseen by the Secretary, Housing and Urban Development Department and the State PCB. Compensation assessed may be utilized for restoration measures. The remedial action may be planned and completed as far as possible in two months. In the said

meeting, the issue of requirement of lands for setting up of waste management infrastructure may be duly resolved. Decision may also be taken about apportionment of financial liability between Katra Municipal Council and the SMVDSB. Sanction of DPR or funding may not be delayed as state is under Constitutional obligation to provide clean environment which is component of public health and part of right to life for which state has to arrange funds.

A joint Committee of the Secretary, Housing and Urban Development Department, CPCB, State PCB, Municipal Council Katra, SMVDSB, Katra and DFO, Katra may hold joint meeting within two weeks and finalize the action plan for the remedial action with the timelines and budgetary support. The Secretary, Housing and Urban Development Department will steer the deliberations. An Action taken report may be filed by the secretary, Housing and Urban Development Department with the status of compliance as on 30.06.2022 by 15.07.2022 by e-mail at judicial-ngt@gov.in preferably in the form of searchable PDF/OCR Support PDF and not in the form of Image PDF. The report may cover all the issues mentioned above.”

2. That in compliance of the directions of the Hon’ble NGT, meetings of the Joint Committee were convened by the Principal Secretary to Government, H&UDD on 05.04.2022, 17-05-2022 and 07.07.2022, apart from separate follow ups with the implementing agencies, to discuss the remedial measures required to be taken to prevent the pollution of river Banganga, Katra. The

status update from CEO, Municipal Committee, Katra and SMVD Shrine Board, Katra and Member Secretary, J&KPCC have been obtained and are placed as **Annexures, R1, R2 and R3**, respectively. In pursuance of the directions of the Hon'ble Tribunal, the Joint Action Committee has finalized the Action Plan for remedial action, with timelines and budgetary details. The details of the Action Plan are enclosed herewith as **Annexure – R4**.

3. That, it is respectfully submitted that various components of the Action Plan to combat pollution of Banganga River, as finalized, and the present status of their implementation, as reported by the implementing agencies are as under:

3.1: SOLID WASTE MANAGEMENT

3.1.1 Comprehensive Solid Waste Management Plan, for the UT, including for Katra Municipal Committee.

That in order to redress the issue of handling/managing and disposal of the waste generated in all the 78 Urban Local Bodies of UT of J&K, the state level Apex Committee in its meeting held on 16.03.2021 and 30.07.2021 under the Chairmanship of the Chief Secretary J&K, approved the Capex under decentralized Solid Waste Management Action Plan for an amount of Rs. 648.94 Crores. That the overall cost of the project for 36 ULBs of Jammu Division for establishment of decentralized facilities is 90.83 crores. Katra being the important town of Jammu and to ensure the restoration and preservation of prestigious river Banganga comprehensive Solid Waste Management facilities have been approved for Katra Town at the cost of Rs. 8.49 cr, including for collection and transport equipment, waste management center along

with Material Recovery Facility, at village Kundrorian, Tantatab, Katra.

That the action plan for implementation of Plastic Waste Management Rules has been sanctioned and notified by Government of J&K Vide No. 13-JK (HUD) of 2019 dated 20.11.2019, there is complete prohibition of littering of Plastic Waste at historical, religious and public places vide Govt. Order No. 72-JK (HUD) of 2020 dated 20.02.2020, which is strictly being implemented in all the ULBs. Anti Polythene Check post has been established at Lakhanpur for checking entry of illegal polythene and single use plastic in J&K and is working effectively since, May, 2018. All ULBs, including Katra Municipal Committee, have been advised to replace the single use plastic with eco-friendly material, Plastic Waste Management Bye-Laws have been notified /adopted by all 36 ULBs, Special Task Force teams have been constituted in all Municipal Council/Committees of UT of J&K to conduct raids in respective ULBs, seized the single use plastic and imposed fine of violators. Waste Management centre at every ULB has been approved under decentralized, Solid Waste management Action Plan in which plastic waste is planned to segregated for recycling /reuse.

That the Municipal Committee Katra and Shri Mata Vaishno Devi Shrine Board (SMVDSB) are responsible for management of solid waste alongside the bank of river Banganga within their respective jurisdictions. SMVDSB has taken steps for SWM in its jurisdiction.

3.1.2 Collection and Transport Equipment/ Vehicles.

That the total waste generation in Katra town is 38 TPD (19 TPD dry waste and 19 TPD wet waste). The Collection & Transportation of waste is done departmentally by Katra, Municipal Committee. In addition to the 5 number of vehicles (01 Mahindra 407 vehicle with dry and wet waste partition, 3 TATA Yodha vehicle and 1 tractor trolley) already being used by MC Katra, 3 No. of Vehicles (Two 30 HP door to door vehicle with dry and wet partition and one e-rikshaw for door to door collection in narrow lanes have been provided to the MC Katra till June 2022 and one 30 HP vehicle, 1 Jeep mounted vehicle and 1 compactor shall be provided to MC Katra by 31.08.2022 under the Comprehensive SWM Plan that has been rolled out.

Municipal Committee Katra has recently undertaken 100% door to door collection of Municipal Solid waste from all thirteen wards. All the vehicles used for collection of waste are equipped with RFID tags, GPS, PA system and with dry and wet partition in all vehicles to avoid dumping of mixed waste on the site.

3.1.3 Manpower/Tools & Plants

That 100% man power and machinery is available for handling and managing the sanitation activities in MC, Katra

3.1.4 Land for Disposal Facility and Landfill site

That in order to comply with the directions issued to stop the disposal of mixed waste at Tantalab, alternate piece of land for landfill site has been identified at Village Mand (District Udhampur).

That 10 Kanals and 3 Malras land is available with MC, Karta for MRF and Compositing Facility.

That 98 Kanals and 5 Malras of land is available at the common landfill site for the Reasi and Mand Udhampur, districts including for Katra Municipal Committee.

3.1.5 Consent for establishment and operation of integrated solid waste management facility at Katra

That the consent for establishment and operation of integrated solid waste management facility at Katra has been obtained from JKPCC and the construction work of MRF for recyclable waste and composting pits for wet waste is underway.

3.1.6 Construction of Disposal Facility and Landfill site;

PRESENT STATUS

Three segregation sheds near KDA Office Complex, Railway Station, Katra are functioning in Municipal committee Katra where segregation of dry and wet waste is going on. These sheds are far off from river Banganga.

DRY WASTE

Katra Municipal Committee is segregating and disposing off Municipal Waste in a scientific manner in order to implement directions issued by Hon'ble National Green Tribunal to ensure ban on burning of the solid waste including polythene and protection of our environment. The dry waste is being segregated into different types of plastics, bailed in Bailer machine and scientifically disposed off by Indian Pollution Control Agency, New Delhi

(IPCA) through collection of plastic waste and channelizing that waste to Co process/Waste to energy plant or to respective recycling units. At present, Municipal Committee Katra is now segregating 200 kg of dry waste from the Municipal waste per day which is going to increase in coming weeks to achieve our ambitious goal of 100% plastic free city.

WET WASTE:

The Municipal Committee Katra has taken remarkable step in developing compost from Organic Waste. The installation of Organic Waste Converter Unit having a capacity of 200kg of wet waste per day is an initiative of J&K Pollution Control Committee and has been donated by M/S Excel Industries Ltd. Mumbai. The organic waste converter has been utilized to its full potential resulting into 200 kg wet waste segregation on daily basis and conversion into compost as well. Compost has been formulated after due courses of stages having 1 kg of packing. Department of Agriculture and Department of Horticulture was approached Municipal Committee, Katra for the procurement of compost and process of finalization of rates is in progress. The basic idea behind creating Wealth from Organic Waste was to treat the Katra Municipal Waste in a decentralized manner at its source in the most environmentally efficient way. (Copy of photographs is enclosed herewith as Annexure R-1)

E-Waste Management: Orphan e-waste found to be mixed with Municipal solid waste is properly segregated and collected at segregation centers and stored in wooden boxes in a secured manner till it is sent to authorized dismantler or recycler. Municipal Committee Katra has entered into an agreement with Reverse Logistics India Private Limited, New Delhi to collect, transport and sustainably dispose off the E-Waste from Katra.

For enhancement of capacities in material recovery, Development of MRF facility at Tantalab, Katra is under process, covering an area of 10,000 sq ft. and cost of Rs. 71.14 Lakh which will cater to the drive waste to the tune of 5 MT per day and for catering to the wet waste to the 20 number of composting pits with capacity of 5 MT/day in the first phase and more composting pits shall be constructed as per requirement in the second phase. Consent to operate for establishment of Integrated Solid Waste Management facility at Katra has been obtained and 15% of construction work of MRF for recyclable waste and composting pits for wet waste has been completed.

Machinery to be installed in these centers is given below:

For Dry Waste: -

Shredder, Baler, Conveyor Belt, Weighing Machine, CCTV Camera

For Wet Waste: -

20 Nos. of composting pits in first phase to manage the wet waste with a capacity of 5MT/Day and in the second phase more pits shall be constructed which will be based upon on ground assessment as well as the utilization of first phase pits.

3.1.7 Bioremediation of Legacy Waste

MC Katra has conducted the estimation of legacy waste at dumping site Kundrorian, Katra Tantalab and prepared site/contour plan. At present, 101757 cubic meter of legacy waste is lying at dump site. Municipal Committee Katra has floated the tender through Mechanical Division Jammu for bioremediation of legacy waste under SBM for Rs. 485 Lacs for processing and disposal of legacy waste of 65000 MT in the first phase. Letter of Award issued on 27.06.2022 to the L1 Bidder by the Mechanical Engineering Department. MC Katra has conducted the

estimation of legacy waste at dumping site Kundrorian, Tantalab, Katra and prepared site/contour plan. At present 101757 cubic meter of legacy waste is lying at dump site. Municipal Committee Katra has floated the tender through Mechanical Division Jammu for Bioremediation of legacy waste under SBM for Rs. 485 Lacs for processing and disposal of legacy waste of 65000 MT in the first phase. LoA issued on 27.06.2022 to the L1 Bidder. As on date mobilization of manpower and equipment has started. Work will start by end of August and will be completed by June 2023.

Plan for Green Belt and beautification of the site: Adequate green belt will be developed in and around Solid waste management sites which will not only act as visual barriers but will also improve aesthetic value. Plantation will be done in three tier system consisting of large trees, smaller trees and shrubs and some grass slips on ground. First layer consisting of shrubs and grasses, second layer consisting of smaller trees and third layer consisting of larger trees. Plant species selected for Green belt development will be evergreen, fire resistant, drought resistant and must have aesthetic appeal.

Solid Waste dump on the mixed waste dumping site on river Banganga is being cleaned up and SMVD, Shrine Board has entered into an agreement with M/s NEPRA on 10.09.2021 to collect, transport and sustainably dispose off the Plastic waste/ dry non-recyclable plastic waste (MLP/RDF)/ recyclable plastic waste from Shri Mata Vaishno Devi Shrine Board, Katra. Accordingly, truckloads of dry garbage are being taken away regularly for the end disposal. Since Feb, 2022

approx. 357.70 MT of garbage has been shifted out in association with NEPRA and disposed off as per norms. Besides, the SMVDSB is partnering with Indian Pollution Control Association (IPCA) Jammu for scientific disposal of garbage out of the dumping sites and the firm M/s IPCA has shifted 76.56 MT of garbage on trial basis. The remaining waste at the site shall be cleaned by 31st July 2022. with M/s NEPRA on 10.09.2021 to collect, transport and sustainably dispose off the Plastic waste/ dry non-recyclable plastic waste (MLP/RDF)/ recyclable plastic waste from Shri Mata Vaishno Devi Shrine Board, Katra. Accordingly, truckloads of dry garbage are being taken away regularly for the end disposal. Since Feb, 2022 approx. 270 tonnes of garbage has been shifted out in association with NEPRA and disposed off as per norms. Besides, the SMVDSB has also in process of the agreement with the IPCA Jammu for lifting of the garbage out of the dumping sites and the firm M/s IPCA has also shifted 40 tonnes of garbage on trial basis. The remaining waste at the site shall be cleaned by 31st July 2022.

3.1.8 Intensive cleanliness drives and IEC Activities

Intensive drives have been under taken by Municipal Committee Katra from time to time, including sanitation drives/ school cleaning/ plastic waste management awareness camps, distribution of jute bags for education and awareness of pilgrims and general public. Some special drives like “Run for Banganga”, cleaning of water bodies etc are being conducted regularly with NGOs like “Muskan”, “Being Indian Patriot” etc.

3.1.9 Enforcement, Fine and User Charges for Sanitation

Drives against the use of polythene beyond prescribed norms by the shopkeepers/business establishment and heavy penalty/fines have been imposed on the violators. 236.75 kg of plastic was seized and a fine of Rs. 357100/- imposed on violators, besides littering fine of Rs. 9500/- imposed in the year 2021-22 and during the period from April, 2022 to June, 2022 a fine of Rs. 127330/- has been imposed against use of polythene and fine of Rs. 33000/- was imposed against littering and 96 kg of polythene was seized

3.2 SOLID WASTE MANAGEMENT: ADDITIONAL POINTS FROM SHRI MATA VAISHNO DEVI SHRINE BOARD, KATRA

3.2.1 Cleaning up of solid waste dumped on the mixed waste dumping sites on the banks of river Ban Ganga and to ensure proper setting up of waste segregation centres at reasonable distance from bank of river

The Board has entered into an agreement with M/s NEPRA on 10.09.2021 to collect, transport and sustainably dispose off the Plastic waste/ dry non-recyclable plastic waste (MLP/RDF)/ recyclable plastic waste from Shri Mata Vaishno Devi Shrine Board, Katra. Accordingly, truckloads of dry garbage are being taken away regularly for the end disposal. Since February 2022, approx. 357.70 MT of garbage has been shifted out in association with NEPRA and disposed off as per norms. Besides, the SMVDSB is partnering with Indian Pollution Control Association (IPCA) Jammu for scientific disposal of garbage out of the dumping sites and the firm M/s IPCA has shifted 76.56 MT of garbage

on trial basis. The remaining waste at the site shall be cleaned by 31st July 2022

3.2.2 To augment organic/wet waste processing facilities

Equid Dung from the track and resting locations is being collected around 10 MT per day by the sanitation staff of Shrine board dully filled in jute bags especially kept for the purpose which is further transported to Equid Dung Management Centre Natali through dedicated vehicles deployed for the purpose at the Equid Dung Management Centre, the equid dung is converted into organic manure with the help of Bio-Eco Friendly microbial powder through aerobic method. The center is being maintained by 16 persons with monthly operational expenses amounting to Rs.4.00 lakh. The organic manure is used as a soil supplement in producing organic vegetable in mega eco friendly kitchen garden established by Shrine Board at Natali. Organic manure is also distributed free of cost to local farmers / government departments as per their demand.

3.2.3 To shift the existing plastic waste collection point near Niharika Bhawan to a suitable location in coordination with CEO SMVDSB.

Existing plastic waste collection point near Niharika Bhawan has been removed and kiosk installed with new initiative (bring plastic and get jute bag) also sign boards were installed in front of Niharika Bhawan for plastic ban. (Copy of photograph is enclosed herewith as Annexure R-1).

3.2.4 Sewage effluent from army settlement, shifting of piggery, relocating of pony sheds or proper management of mule dung bio-gas

plant ensuring that no effluent or slurry or solid waste goes to the river.

The matter for relocation of Army settlement has been taken up with the Army Authorities. Till such time that they get shifted, regular cleaning up of septic tanks is being undertaken so as to ensure that sewerage effluents are not discharged into the Banganga River.

As reported by SDM, Katra there were 62 Pony Sheds along the bank of Banganga river and in pursuance to the directions of Hon'ble NGT, an anti encroachment drive was conducted in Banganga on 12.05.2022 by the District Administration in collaboration with SMVDSB and MC Katra in which 59 unauthorized pony sheds were removed and action against 3 pony sheds could not be taken due to stay order from the Hon'ble High Court.

As reported by Member, JK PCC, regarding the piggery unit, legal notice has been issued by JK PCC to the unit.

As regard to the proper management of the mule dung, SMVDSB has reported that 120 tonnes / month capacity of Bio-gas plant has been set up at Banganga at a cost of Rs.227.56 lakh with monthly expenditure of Rs.2.75 lakh. The mule dung generated at Chetak Bhawan, Banganga is converted into biogas as well as manure. Sludge generated after gas production is further shifted to Equid Dung Management Centre, Natali for bio composition, thus no slurry or solid waste goes to the river. Biogas generated at Biogas Plant is supplied to Gulshan langer to meet the

cooking energy requirement. Around 1200 kg of gas is generated on monthly basis.

3.3 SEWAGE MANAGEMENT

3.3.1 DPR/ Action Plan for Sewage Management at Katra

Detailed Project Report For pollution abatement of River Banganga at Katra Town has been prepared for an estimated cost of Rs. 95.69 Lacs. Two STPs of 1.2 MLD capacity and other of 4.50 MLD capacity have been proposed. The STP of 1.2 MLD capacity shall cover a length of sewerage network of 9.584 Km. The provision of electric and mechanical works such as pumping plants at sewage pumping station, STP, Power Connections, electrification work has been made in the project. The second STP of 4.5MLD capacity shall cover a length of sewerage network of 39.593 Km. The DPR has been Technical vetted by IIT Roorkee and submitted to the National River Conservation Directorate for accord of approval/Financial concurrence. Ministry of Jal Shakti has been requested for early sanction, so that the project execution could start.

3.3.2 Land Availability

The MoU for use of land belonging to SMVDSB for the proposed STP by the UEED has been signed on 22.04.2022 and possession of land has been given to UEED in compliance to directions Hon'ble NGT. For the other STP of 4.5 MLD capacity, the matter for transfer of land to UEED is being placed before the BOD of KDA and will be cleared by the end July.

3.4 SEWERAGE MANAGEMENT: ADDITIONAL POINTS FROM SHRI MATA VAISHNO DEVI SHRINE BOARD, KATRA

3.4.1 Arrangements made in order to connect the proposed STP with urinal wastewater and other wastewater discharge points of pony sheds located along the bank of Ban Ganga

In order to channelize the Rainwater runoff coming from road, side drains have been constructed to ensure no runoff water enters Chetak Bhawan. Manpower deployment has been enhanced to ensure waste generated inside Chetak Bhawan is cleaned immediately. In order to channelize the liquid waste generated from Chetak Bhawan, SMVDSB has proposed to set up 05KLD STP Plant. The survey has been conducted in co-ordination with M/s Sima Labs Pvt Ltd.

3.4.2 Adequacy of installed packages of STPs with their performance in terms of quantity and quality of sewage being carried through box drains before being discharged into Ban Ganga, quantity and characteristics of sewage discharged into the river at three points and the water quality of the river with reference to faecal coliform, as the river is used for bathing Purpose

The SMVDSB has handed over possession of the land to UEED through MOU dated 22.04.2022. The proposed STP at Banganga and Katra has been planned to take care of all drains falling into Banganga River.

That water sampling and testing of Banganga river, including for DO, BoD and coliform is being conducted on regular basis by the JK PCC Lab. The reports are annexed to the report

3.5 Enforcement by J&K Pollution Control Committee

3.5.1 JKPCC to finalize a list of all commercial establishments including Hotels and Scrap Dealers and to take action against all violators as prescribed under Law for violating norms

The J&K PCC has reported as under:

- a.** There are only 03 hotels under Red category and all of these have installed required STP and are functional.
- b.** 33 hotels under orange category including Dharamshalas having room capacity above 20 rooms had not installed the required STPs and hence violating the provision of Water (Prevention & Control of Pollution) Act, 1974. These hotels/dharamshalas have already been served upon legal notices and as on date 10 hotels have so far complied with the directions by installing requisite STPs. As such, 23 hotels/dharamshalas which include 19 hotels and 04 dharamshalas have failed to install STPs till date. Meanwhile, one more hotel owner has replied to the legal notice and as such, 06 hotel owners out of 23 hotels have sought time ranging from 01 to 06 months to install required treatment plants. It is pertinent to mention that there are total 161 hotels under Orange category operational in Katra.
- c.** Two dharamshalas have sought time period of 06 months to 01 year to install STP. The management of 01 dharamshalas has replied that in view of stay order of Hon'ble Court of fresh construction in the dharamshalas, specifying a definite time frame to install STP is not possible. As on date, 13 hotel owners and the management of 01 dharamshalas have not yet replied to the final notice as yet.
- d.** As far as compliance on part of Green Category hotels/Guest House is concerned, notices have been issued to 30 hotels /guest houses operating without Septic Tanks. Only 03 hotels out of 30 hotels/guest house have replied to the notices.

- e. The details/information with regard to levying of Environmental Compensation (EC) to 17 major defaulting hotels, which have been earlier found violating norms and not complying with the time-to-time directions of JK PCC viz-a-viz environmental laws and relevant guidelines. However out of 17 hotels 5 have complied with the norms and installed requisite STPs in their hotels.
- f. That legal notices were issued to the 04 Scrap dealers by J&K PCC and after expiry of stipulated notice period, issued under environmental laws to the owners of 04 Scrap dealer operating in violation of provisions of Solid Waste Management Rules, 2016 closures formats have been submitted vide No. PCC/RDJ/MSW/1773 dated 08.07.2022 for issuance of closures orders.
- g. Water sampling and testing of Banganga River is being conducted on regular basis by the JK PCC Lab.

The J&K PCC has reiterated that, necessary action as warranted under law is being initiated against the owners of the hotels/industrial units who have not replied to the notice issued by J&K Pollution Control Committee and not adhered to environmental norms.

Hence Action Taken Report is submitted.

Detailed note on Solid Waste Management at present in Katra Municipality.

A. Establishment of three segregation sheds for Municipal Solid waste Management in Municipal Committee Katra.

Three segregation sheds are functional in Municipal committee Katra, where segregation of dry and wet waste is going on.

1. DRY WASTE

Katra Municipal Committee successfully segregated and disposed off different kinds of plastic and has shown the path of Management of Municipal Waste in a scientific manner with implementation of order issued by Hon'ble National Green Tribunal to ensure ban on burning of the solid waste including polythene and protection of our environment. The dry waste is being segregated into different types of plastics, bailed in Bailer machine and scientifically disposed off by Indian Pollution Control Agency, New Delhi through collection of plastic waste and channelizing that waste to Co process/Waste to energy plant or to respective recycling units. At present, Municipal Committee Katra is now segregating 200 kg of dry waste from the Municipal waste per day which is going to increase exponentially in coming weeks to achieve our ambitious goal of 100% plastic free city.

2. WET WASTE:

The Municipal Committee Katra, has taken remarkable step in developing a compost from Organic Waste. The installation of Organic Waste Converter Unit having a capacity of 200kg of wet waste per day has been an initiative of J&K Pollution Control Committee, has been donated by M/S Excel Industries Ltd. Mumbai. The organic waste converter has been utilized to its full potential resulting into 200 kg wet waste segregation on daily basis and conversion into compost as well. Compost has been formulated after due courses of stages having 1 kg of packing. Department of Agriculture and Department of Horticulture was approached Municipal Committee, Katra for the procurement of compost and process of finalization of rates is in progress. The basic idea behind creating Wealth from Organic Waste was to treat the Katra Municipal Waste in a decentralized manner at its source in the most environmentally efficient

way.ay

3. **Door to Door waste collection:** Municipal Committee Katra has effectively implemented the door to door collection of Municipal Solid waste from all thirteen wards. All the vehicles used for collection of waste are equipped with RFID tags, GPS, PA system and with dry and wet partition in all vehicles to avoid dumping of mixed waste on the site.

4. E-Waste Management:

- a. Orphan e-waste found to be mixed with Municipal solid waste is properly segregated and collected at segregation centers and stored in wooden boxes in a secured manner till it is sent to authorized dismantler or recycler.
- b. Municipal Committee Katra has entered into an agreement with Reverse Logistics India Private Limited, New Delhi to collect, transport and sustainably dispose off the E-Waste from Katra. It is a significant step towards building a healthy and e-waste free Katra.

5. **Hazardous waste Management:** Katra municipal Committee also segregated hazardous waste from Municipal waste and stored in a secured way in collection centre.

6. **No littering plastic Zones:** 10 no. of littering hotspots areas has been identified in Municipal Committee Katra and declared "NO littering Plastic Zones".
7. **Material Recovery Facility:** Under the Solid Waste Management Action Plan the work of MRF covering an area of 1000 sqft under Swachh Bharat Mission amounting to the tune of Rs. 71.14 lac has been started which will cater to the dry waste to the tune of 5MT/day.
8. **Bioremediation of legacy waste:** Municipal committee Katra has also conducted the estimation of legacy waste with Electronic Total Station Method at the dumping site Kundrorian, Katra Tantalab and at present total 101757 cubic meter legacy waste is lying at Dumpsite. Municipal Committee Katra floated the tender through mechanical division, Jammu for bioremediation of under Swachh Bharat Mission amounting to Rs 485.00 lacs for processing and disposal of legacy waste of 65000MT in first phase. Letter of Award issued on dated 27-06-2022 to the L1 Bidder by the Mechanical Engineering Department. As per tender documents all the machines and the equipment has to be arrive on 25-06-2022 and the work will start from 25-07-2022. Time of completion for the work is 25th May 2023 (Including 2 months extension due to rainy season).
9. **IEC Activities:** A lot of emphasis is given on IEC activities with primary purpose of creating awareness amongst the masses which would help to create behavioral changes of long run such as source segregation, abandoning the use of plastic etc,
10. **Involvement of NGOs:** Some special drives like "Run for Banganga", Cleaning of water bodies, etc are always conducted with NGOs like Being Indian Patriot, Muskaan and others active in Municipality Katra.

1. To Immediately speed up the work of integrated solid waste management facility at Katra and share the up-dated status along with photographs and to prepare a plan for green belt and beautification of the site.

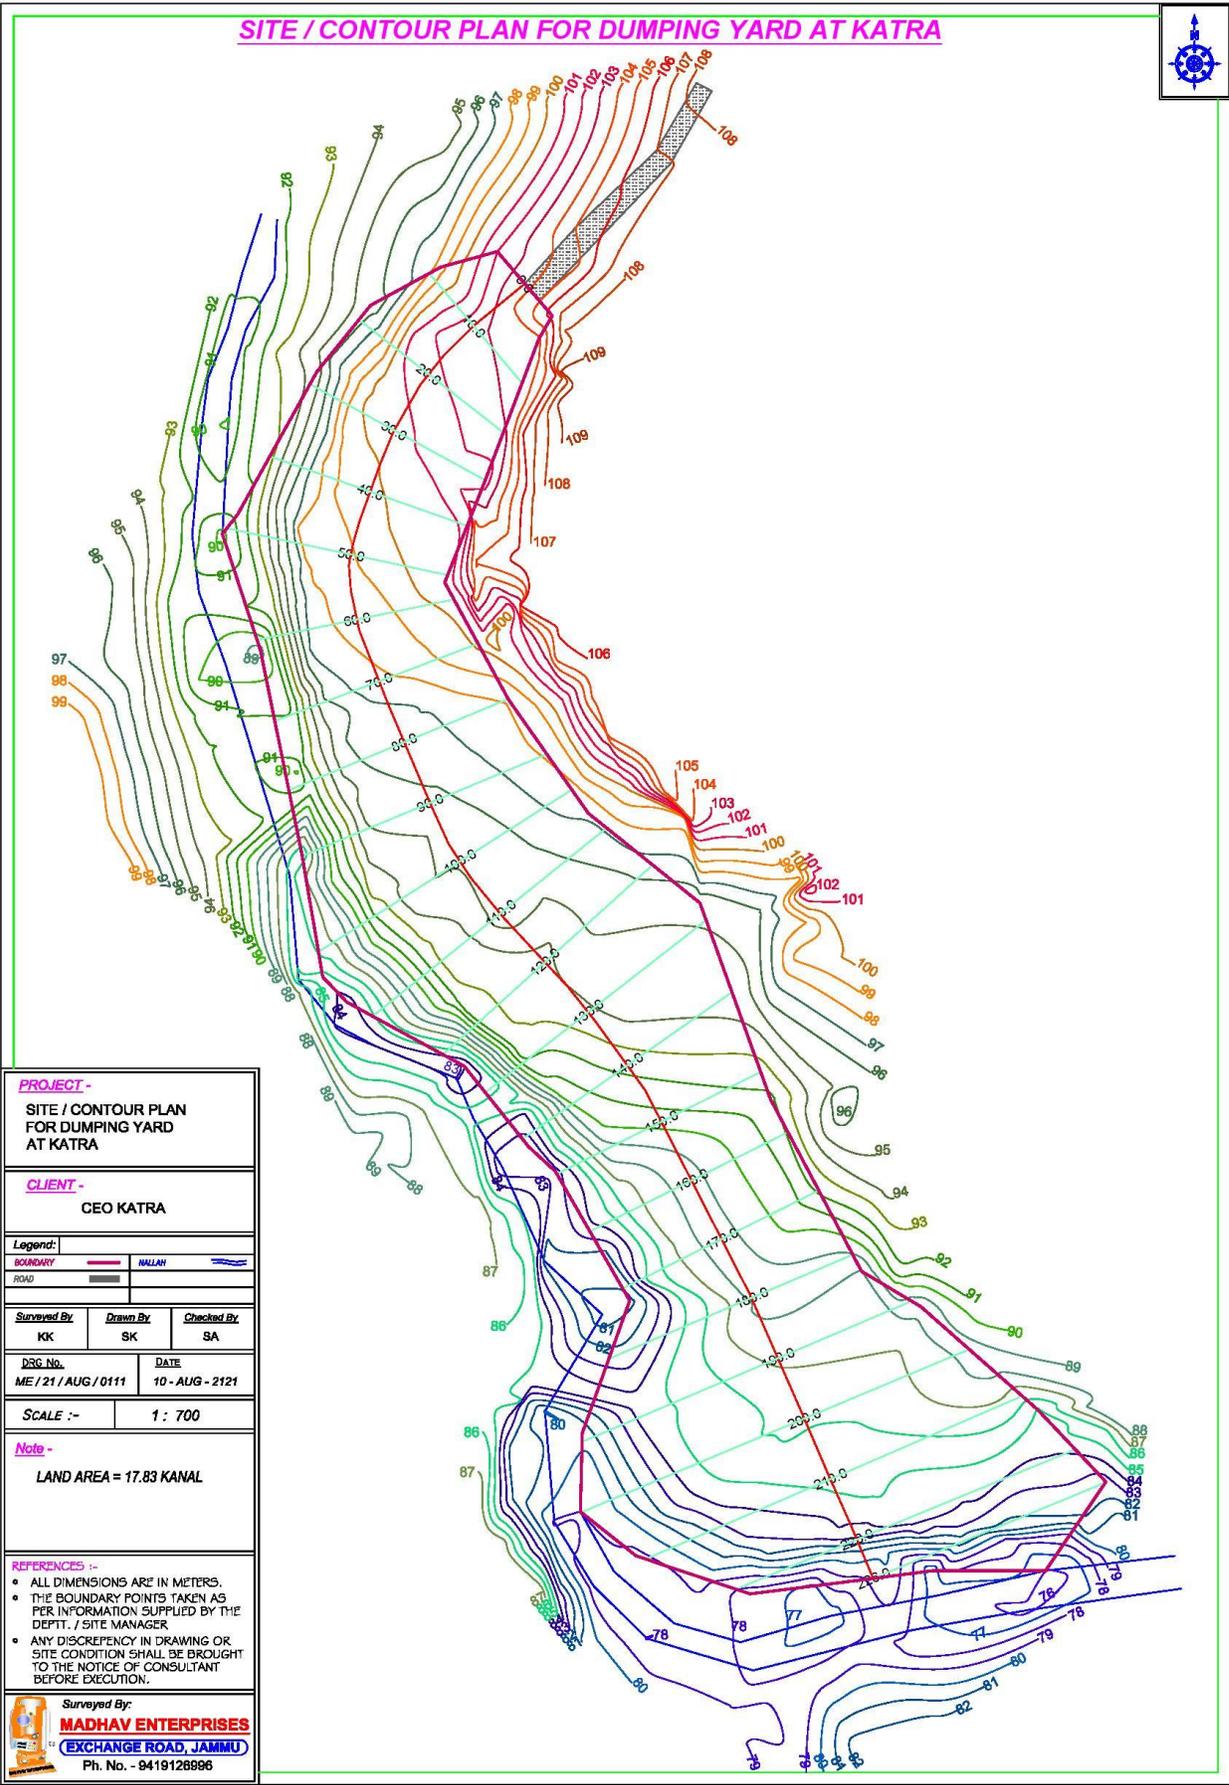

A. Material Recovery Facility: Under the Solid Waste Management Action Plan the work of MRF covering an area of 1000 sqft under Swachh Bharat Mission amounting to the tune of Rs. 71.14 lac has been started which will cater to the dry waste to the tune of 5MT/day. The time of completion is 120 days. It was started on 15-04-2022 and date of completion is 15-8-2022. The progress of work is 15% upto till date. The machineries would be installed for solid waste segregation in these centers shall be shredder, baler, Conveyor belt, weighing Machine and CCTV cameras. For catering wet waste there will be 3 nos. of composting pits in first phase to manage the wet waste with a capacity of 5MT/Day and in the second phase more pits shall be constructed which will be based upon on ground assessment as well as the utilization of first phase pits.

B. Bioremediation of legacy waste:

Municipal committee Katra has also conducted the estimation of legacy waste with Electronic Total Station Method at the dumping site Kundrorian, Katra Tantalab and prepare site/contour plan for dumping yard, the land area of which is 17.83 kanals. Copy of site/contour plan is enclosed hereby for your ready reference please. At present total 101757 cubic meter legacy waste is lying at Dumpsite. Municipal Committee Katra floated the tender through mechanical division, Jammu for bioremediation of under Swachh Bharat Mission amounting to Rs 485.00 lacs for processing and disposal of legacy waste of 65000MT in first phase. Letter of Award issued on dated 27-06-2022 to the L1 Bidder by the Mechanical Engineering Department. As per tender documents all the machines and the equipment has to be arrive on 25-06-2022 and the work will start from 25-07-2022. Time of completion for the work is 25th May 2023 (Including 2 months extension due to rainy season).

Time line for the Bioremediation process as per tender is given below, which will be regularly monitored by Katra Municipality:

| Sr. | Activities to be completed | Time Period for Completion |
|--|--|--|
| A | Mobilization of manpower and earthmover equipment | 30 days from date of issuance of Letter of Award/ Contract signing/ Handing over of site (whichever is later). |
| B | Start of operations including Obtaining Statutory Clearance, Excavation of waste, Stabilization of waste, Start of Erection of Plant and Machineries for stabilization and segregation of Legacy waste. | A + 30days |
| C | To remediate/ dispose approx. 65,000 tonnes of existing legacy waste. | B + 210days |
| D | To de-commission the installed remediation machineries and infrastructure from the site & Handover the reclaimed legacy site to Mechanical Engineering Department Jammu with "Site Cleared Certificate". | C + 30 days |
| <p>Time relaxation can be provided by Mechanical Engineering Department Jammu against genuine reasons placed by the bidder to Mechanical Engineering Department Jammu in writing. Mechanical Engineering Department Jammu and Municipal Committee Katra at their discretion can take a call accordingly, but the maximum extension can be provided to 2months (considering monsoon period), either in one go or in phased manner. In case more wastes to be added in the existing quantity of remediated legacy wastes, a revised timeline shall be set for the additional quantity.</p> | | |

Pics for the Equipment arrived at the Dumping site is shown below:-

C. Plan for Green Belt and beautification of the site: Adequate green belt will be developed in and around Solid Waste Management Site which will not only act as visual barriers but will also improve aesthetic value. Plantation will be done in three tier system consisting of large trees, smaller trees and shrubs and some grass slips on ground. First layer consisting of Shrubs and grasses, second layer consisting of smaller trees and third layer consisting of larger trees. Plant species selected for Green belt development will be evergreen, fire resistant, drought resistant and must have aesthetic appeal.

| S.No | Area to be taken up for afforestation | No. of plants required | Spacing | Species | |
|------|--|------------------------|---------|---|---|
| | | | | Trees | Shrubs |
| 1. | Approach Road to SWM site i.e 1.5kms | 800 | 2mtx2mt | Bela, Jamun, Jacranda, Nee m, Su-Babul, Amla, Mango, Bambo o, Pine, cedrela toona, etc. | Sunari, hena, kagaj phool, kaniar, tagar (pinwheel flower) etc. |
| 2. | All Around MRF and composting pits (minimum of 10mts green belt) | 200-300 | 2mtx2mt | | |

In addition to above, all open spaces available within the premises will be developed as nursery, gardens and other forms of greenery.

2. To furnish a list of registered hotels in MC katra with bed capacity and list of bulk waste generators and collection of user charges made from them:

Complete list of hotels and guest Houses enclosed as **Annexure "A"**

| S.No. | Type of Establishment | No. of Establishments | User charges collected (Rs) in the month of June, 2022 | User charges collected (Rs) in the Year 21-22 |
|-------|---------------------------|-----------------------|--|---|
| 1. | Hotels and Guest Houses | 507 | 296512/- | 2666960/- |
| 2. | Commercial Establishments | 954 | 191388/- | 1404400/- |
| 3. | Households | 1594 | 41000/- | 222440/- |
| 4. | Total | | 528900/- | 4300000/- |

3. To monitor the residential and commercial establishments and to impose strict fines against the violators to ensure compliance of Municipal Solid Waste Management Rules, 2016 in letter and spirit.

5. **To furnish updated status of the allotment of contract for bioremediation of legacy waste at Katra and to dump the mixed waste at the dumpsite in Village Mand.**

Same as replied in S.No.1(b)

6. **To provide the list of vehicles provided by the directorate to Municipal Committee Katra for efficient management of solid waste and transportation of bailed recyclables material to the authorized points.**

a. **Total number of New Vehicles with Model to is given below:**

| Sl. No. | Particulars/ Model | Quantity | Delivery Date |
|----------------|--|-----------------|-----------------------------|
| 1 | <30HP Door to Door Vehicle with Dry & Wet Waste Partition | 2 | 30 th March 2022 |
| 2 | <30HP Door to Door Vehicle with Dry & Wet Waste Partition, Compatible with C | 1 | 10 th July 2022 |
| 3 | E-Rickshaw for Door to Door for Narrow lanes | 1 | 13 th May 2022 |
| 4. | Jeep Mounted Vehicle | 1 | 30 th July 2022 |
| 5. | Compactor | 1 | 10 th Aug 2022 |

b. **Other than above new vehicles all old vehicles detail list is given below:**

| S.No | Particulars/Model | Model | Nos. of Vehicle |
|-------------|--|--------------|------------------------|
| 01 | Mahindra 407 Vehicle with Dry & Wet Waste Partition | 2019 | 01 |
| 02 | Tata Yodha 2019 Vehicle with Dry & Wet Waste Partition | 2019 | 03 |
| 03 | Tractor Trolley | 2016 | 01 |

Action Plan on River Banganga, Katra.

| S. No. | Thematic Area / Activity / Sub-activity | Budget Allocation (if needed) / Source of Budget | Nature of Activity Continuous term / Short Term / Medium Term / Long Term | Timeline | Responsible Department / Agency | Progress made till date |
|--------|---|--|---|------------|---|---|
| 1. | Cleaning up of solid waste dumped on the mixed waste dumping sites on the banks of river Banganga and to ensure proper siting of waste segregation centres at reasonable distance from bank of river. | | Short term | 15.04.2022 | Shri Mata Vaishno Devi Shrine Board (SMVDSB) | The Board has entered into an agreement with M/s NEPRA on 10.09.2021 to collect, transport and sustainably dispose off the Plastic waste/ dry non-recyclable plastic waste (MLP/RDF)/ recyclable plastic waste from Shri Mata Vaishno Devi Shrine Board, Katra. Accordingly, truckloads of dry garbage are being taken away regularly for the end disposal. Since Feb, 2022 approx. 357.70 metric tonnes of garbage has been shifted out in association with NEPRA and disposed off as per norms. Besides, the SMVDSB is partnering with the Indian Pollution Control Association Jammu for scientific disposal of garbage out of the dumping sites and the firm has shifted 76.56 metric tonnes of garbage on trial basis. The remaining waste at the site shall be cleaned by 31 st July 2022. |
| 2. | Arrangements made in order to connect the proposed STP with urinal waste water and other waste water discharge points of pony sheds located along the bank of Banganga. | | Short term | | Shri Mata Vaishno Devi Shrine Board (SMVDSB) / CE, UEED | <p>In order to channelize the rain water run off coming from road, side drains have been constructed to ensure no run off water enters Chetak Bhawan.</p> <p>Manpower deployment has been enhanced to ensure waste generated inside Chetak Bhawan is cleaned immediately.</p> <p>In order to channelize the liquid waste generated from Chetak Bhawan, SMVDSB has proposed to set up 05 KLD STP Plant. The survey has been conducted in coordination with M/s SIMA Labs Pvt. Ltd.</p> |

| | | | | | | |
|----|--|--|--|--|--|--|
| | | | | | | The Shrine Board has installed STPs at different locations enroute track for the disposal of sludge waste emitting from the toilet blocks and these STPs are being continuously monitored by AMC firms for compliance with regards to parameters given by CPCB. |
| 3. | Adequacy of installed packages of STPs with their performance in terms of quantity and quality of sewage being carried through box drains before being discharged into Banganga, quantity and characteristics of sewage discharged into the river at three points and the water quality of the river with reference to fecal Coliform, as the river is used for bathing purpose. | | | | | Shri Mata Vaishno Devi Shrine Board (SMVDSB) / CE, UEED The matter related to installation of packaged STPs relates to UEED Deptt. The SMVDSB has handed over possession of the land to UEED, Govt. of J&K UT through MoU dated 22.04.2022. |
| 4. | To augment organic / wet waste processing facilities of adequate capacity are in place. | | | | | Shri Mata Vaishno Devi Shrine Board (SMVDSB) Equid Dung from the track and resting locations is being collected around 10 tonnes per day by the sanitation staff of Shrine board dully filled in jute bags especially kept for the purpose which is further transported to Equid Dung Management Centre Natali through dedicated vehicles deployed for the purpose at the Equid Dung Management Centre, the equid dung is converted into organic manure with the help of Bio-Eco Friendly microbial powder through aerobic method. The center is being maintained by 16 persons with monthly operational expenses amounting to Rs.4.00 lakh. The organic manure is used as a soil supplement in producing organic vegetable in mega eco friendly kitchen garden established by Shrine Board at Natali. Organic manure is also distributed free of cost to local farmers / government departments as per their demand. |
| 5. | To divert sewage effluent from army settlement, shifting of piggery, relocating of pony sheds or proper management of mule | | | | | Shri Mata Vaishno Devi Shrine Board (SMVDSB) As regard to diversion of the sewerage effluent from the Army Settlement and relocation of the pony sheds, the matter pertains to the Distt. Administration and Municipal Committee Katra. |

| | | | | | | |
|----|--|--|-------------------|-------------------|--|--|
| | dung bio-gas plant ensuring that no effluent or slurry or solid waste goes to the river. | | | | | <p>Regarding illegal Pony Shed along Banganga, the matter pertains to the local administration Katra and SMVDSB is extending all the necessary support. Moreover, as reported by SDM, Katra 59 illegal pony sheds have been removed so far.</p> <p>As regard to the proper management of the mule dung – 120 tonnes / month capacity of Bio-gas plant has been set up at Banganga at a cost of Rs.227.56 lakh with monthly expenditure of Rs.2.75 lakh. The mule dung generated at Chetak Bhawan, Banganga is converted into biogas as well as manure. Sludge generated after gas production is further shifted to Equid Dung Management Centre, Natali for bio composition, thus no slurry or solid waste goes to the river. Bio gas generated at Biogas Plant is supplied to Gulshan langer to meet the cooking energy requirement. Around 1200 kg of gas is generated on monthly basis.</p> |
| 6. | To shift the existing plastic waste collection point near Niharika Bhawan to a suitable location in coordination with CEO, SMVDSB. | | Short term | 12.04.2022 | Municipal Committee, Katra / SMVDSB | Matter pertains to Municipal Committee, Katra. |

**Updated Status Report of J&K Pollution Control Committee in OA 338/2021
titled Himanshu Sharma vs UT of J&K & Ors.**

The updated status as submitted by Regional Director, J&K PCC Jammu is as under:-

- (i) That, there are only **03** hotels under **Red** category and all of these have installed required STP and are functional. Copy of the list is enclosed as **annexure-‘A’**.
- (ii) That, **33** hotels under **Orange** category including **dharamshalas**, having room capacity above 20 rooms, had not installed the required STPs and hence violating the provisions of Water (Prevention & Control of Pollution) Act, 1974. These hotels/dharamshalas have already been served upon legal notices and as on date **10** hotels have so far complied with the directions by installing requisite STPs. As such, 23 hotels / dharamshalas, which include 19 hotels and 04 dharamshalas have failed to install STPs till date. Meanwhile, one more hotel owner has replied to the legal notice and as such, 06 hotel owners out of 23 hotels have sought time ranging from 01 to 06 months to install required treatment plants. It is pertinent to mention that there are total **161 hotels** under Orange category operational in Katra. The list of hotels under Orange category is attached as **annexure-‘B’**.
- (iii) That, **02** dharamshalas have sought time period of 06 months to 01 year to install STP. The management of 01 dharamshala has replied that in view of stay order of Hon’ble court on fresh construction in the dharamshala, specifying a definite time frame to install STP is not possible.
- (iv) That, as on date, **13** hotel owners and the management of **01** dharamshala have not yet replied to the final notice as yet.
- (v) That, as far as compliance on part of **Green** Category hotels/Guest houses is concerned, there is no change in the status as was reported earlier vide this office letter referred above. Only **03** hotels have replied to the notices out of **30** hotels/guest house against whom notices were issued for operation of hotel without mandatory Septic Tank. The updated list of Green category hotels (265

nos.in total) including guest houses submitted by DO Reasi is attached as **annexure-‘C’**.

- (vi) That, the details/information with regard to levying of Environmental Compensation (EC) to **17 major defaulting hotels**, which have been earlier found violating norms and not complying with the time to time directions of J&K PCC viz-a-viz environmental laws and relevant guidelines, is attached as **annexure-‘D’**. However, out of 17 hotels 5 have complied with the norms and installed requisite STPs in their hotels.
- (vii) That, water sampling and testing of Banganga river is being conducted on regular basis by the J&K PCC Lab, as has been informed earlier too.
- (viii) That, after expiry of stipulated notice period, issued under environmental laws to the owners of **04 Scrap dealers** operating in violation of provisions of **Solid Waste Management Rules, 2016**, closure formats have been submitted by this office vide No. PCC/RDJ/MSW/1773 dt: 08/07/2022 for issuance of closure orders.
- (ix) That, there is **01 Piggery** unit owned by one Arjun Singh located along Banganga river near Ballini Check Post, Katra and the said unit is not properly secured to prevent the littering of waste into the said river. Legal notice has been issued against the said unit for violation of environmental laws.

Encl: Annexure A, B, C & D.

The Regional Director,
J & K Pollution Control Committee,
Jammu.

No. : PCC/Div/Reasi/2022/120

89
Dated : 10/7/2022

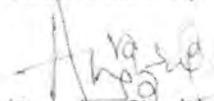

Subject:- Issuance of notice under environmental laws to Piggery owner.

Sir,

With reference to the subject cited above, it is submitted that a Piggery is being operated by one **Arjun Singh** along Ban Ganga river **near Ballini check post** at **Ban Ganga road**, Katra. Since, the said piggery is located just alongside Ban Ganga river and the same (piggery) is not properly secured to prevent the littering of dumped kitchen waste into Ban Ganga; hence it is recommended to issue directions to the aforementioned piggery owner through notice under environmental laws to close down the said activity at the existing place and shift the same to a suitable place away from the water body so as to prevent pollution of Ban Ganga.

Submitted for kind information and necessary action, please.

Yours faithfully,

(Angraze Singh)
Divisional Officer
PCC, Reasi

| | Sept | 500 | 690 | |
| | Oct | 1100 | 1300 | |
| | Nov | 1300 | 1600 | |
| | Dec | 1700 | 1900 | |
| 2022 | January | 1600 | 1700 | |
| | Feb | 1800 | 1500 | |
| | Mar | 700 | 500 | |
| | Apr | 1000 | 1400 | |
| | May | 1000 | 1200 | |

Note:

The coliform count violates the prescribed standard norms for B- Class surface water at both the monitoring locations.

Action Plan on Pollution Abatement of River Ban Ganga, Katra, J&K

| Sr. No | Thematic Area / Activity / Sub-activity | Key Department / Agency responsible for implementation | Budget allocation | Nature of Activity Continuous / Short / Medium / Long term | Timelines | Status Update |
|----------------------------------|--|---|--------------------------------------|---|--------------------|---|
| A: SOLID WASTE MANAGEMENT | | | | | | |
| 1 | Comprehensive Solid Waste Management Plan, for the UT, including for Katra Municipal Committee. | Housing & Urban Development Department (H&UDD), Govt of J&K | Available (Rs 8.49 cr for MC, Katra) | Medium Term | Approved/ Notified | Approved and notified for a Capex of Rs 648.94 cr for the entire UT, including, Rs 8.49 cr for Katra MC; Under implementation. |
| 2 | Collection and Transport Equipment/ Vehicles | Municipal Committee, Katra | Available | Short | 31/8/2022 | Being done Departmentally. In addition to the 5 number of vehicles (01 Mahindra 407 vehicle with dry and wet waste partition, 3 TATA Yodha vehicle and 1 tractor trolley) already being used by MC Katra, 3 No. of Vehicles (Two 30 HP door to door vehicle with dry and wet partition and one e-rikshaw for door to door collection in narrow lanes have been provided to the MC Katra till June 2022 and one 30 HP vehicle, 1 Jeep mounted vehicle and 1 compactor shall be provided to MC Katra by 31.08.2022 under the Comprehensive SWM Plan that has been rolled out. Municipal Committee Katra has under taken 100% door to door collection of Municipal Solid waste from all thirteen wards. All the vehicles used for collection of waste are equipped with RFID tags, GPS, PA system and |

|--|--|--|-------------------|---|------------|--|
| 9 | Enforcement, Fine and User Charges for Sanitation | Municipal Committee, Katra | NA | Continuous | Ongoing | No littering is strictly being enforced through Door to Door collection, imposition of fines and IEC activities. 10 littering hotspots have been identified and declared as no littering zones and are being enforced. A total fine of Rs. 1.27 Lacs have been imposed against the use of polythene and Rs. 33 thousand against littering in the first 3 months of the CFY. Regular sanitation charges are being collected from bulk and non- bulk generators. A total of Rs. 43 Lacs was recovered during the las financial year. |
| B: SOLID WASTE MANAGEMENT: ADDITIONAL ACTION POINTS FROM SHRI MATA VAISHNO DEVI SHRINE BOARD, KATRA | | | | | | |
| 10. | Cleaning up of solid waste dumped on the mixed waste dumping sites on the banks of river Ban Ganga and to ensure proper setting up of waste segregation centres at reasonable distance from bank of river | Shri Mata Vaishno Devi Shrine Board (SMVDSB) | Available | Short term | 31.07.2022 | The SMVDSB has entered into an agreement with M/s NEPRA on 10.09.2021 to collect, transport and sustainably dispose off the Plastic waste/ dry non-recyclable plastic waste (MLP/RDF)/ recyclable plastic waste from the Board, Katra. Accordingly, truckloads of dry garbage are being taken away regularly for the end disposal. Since Feb, 2022 approx. 357.70 MT of garbage has been shifted out in association with NEPRA and disposed off as per norms. Besides, the SMVDSB is partnering with Indian Pollution Control Association (IPCA) Jammu for scientific disposal of garbage out of |

| Sr. No | Thematic Area / Activity / Sub-activity | Key Department / Agency responsible for implementation | Budget allocation | Nature of Activity Continuous / Short / Medium / Long term | Timelines | Status Update |
|--------|--|--|-------------------|---|-----------|--|
| | | | | | | the dumping sites and the firm M/s IPCA has shifted 76.56 MT of garbage on trial basis. The remaining waste at the site shall be cleaned by 31 st July2022. |
| 11. | To augment organic/wet waste processing facilities | Shri Mata Vaishno Devi Shrine Board (SMVDSB) | Available | Continuous term | - | Equid Dung from the track and resting locations is being collected around 10 MT per day by the sanitation staff of Shrine board dully filled in jute bags especially kept for the purpose which is further transported to Equid Dung Management Centre Natali through dedicated vehicles deployed for the purpose at the Equid Dung Management Centre, the equid dung is converted into organic manure with the help of Bio-Eco Friendly microbial powder through aerobic method. The center is being maintained by 16 persons with monthly operational expenses amounting to Rs.4.00 lakh. The organic manure is used as a soil supplement in producing organic vegetable in mega eco friendly kitchen garden established by Shrine Board at Natali. Organic manure is also distributed free of cost to local farmers / government departments as per their demand. |
| 12. | To shift the existing plastic waste collection point near Niharika Bhawan to a suitable location in coordination with CEO SMVDSB. | Shri Mata Vaishno Devi Shrine Board (SMVDSB) | NA | Short term | Completed | Plastic waste collection point removed and Kiosk installed with new initiative. "Bring Plastic and get jute bag". Also Sign Boards were installed in front of Niharika for plastic ban. |

| Sr. No | Thematic Area / Activity / Sub-activity | Key Department / Agency responsible for implementation | Budget allocation | Nature of Activity Continuous / Short / Medium / Long term | Timelines | Status Update |
|--------|--|--|------------------------|--|--------------|---|
| 13. | Sewage effluent from army settlement, shifting of piggery, relocating of pony sheds or proper management of mule dung bio-gas plant ensuring that no effluent or slurry or solid waste goes to the river. | Shri Mata Vaishno Devi Shrine Board (SMVDSB) | Available, as required | Medium term | October 2022 | <p>The matter for relocation of Army settlement has been taken up with the Army Authorities till such time regular cleaning up of septic tanks is being under taken so as to ensure that sewerage effluents are not discharged into the Banganga River.</p> <p>As reported by SDM, Katra there were 62 Pony Sheds along the bank of Banganga river out of which 59 illegal pony sheds have been removed and only 3 sheds are there action against which could not be taken due to stay order from the Hon'ble High Court.</p> <p>As reported by Member, JK PCC, with regard to the piggery unit, legal notice has been issued by JK PCC to the unit.</p> <p>As regard to the proper management of the mule dung-120 tonnes / month capacity of Bio-gas plant has been set up at Banganga at a cost of Rs.227.56 lakh with monthly expenditure of Rs.2.75 lakh. The mule dung generated at Chetak Bhawan, Banganga is converted into biogas as well as manure. Sludge generated after gas production is further shifted to Equid Dung Management Centre, Natali for bio composition, thus noslurry or solid waste goes to the river. Bio gas generated at Biogas Plant is supplied to Gulshan langer</p> |

|----------------------------|--|--|-------------------|---|------------------|---|
| | | | | | | to meet the cooking energy requirement. Around 1200 kg of gas is generated on monthly basis. |
| B. SEWAGE MANAGMENT | | | | | | |
| 14. | DPR/ Action Plan for Sewage Management at Katra | UEED, J&K | Proposed | Long term | NA | A DPR costing Rs 95.69, for pollution abatement of Banganga at Karta town has been prepared and vetted from IIT, Roorkee. The said proposal in under active consideration of Ministry of Jal Shakti, for financial assistance under NRCP. The Ministry has been requested to expedite the approval. Once the DPR is approved further action for bidding and allotment of the comprehensive project for management of Sewage of Katra town will be under taken. |
| 15. | Land Availability | UEED, J&K | NA | Short term | 31/8/2022 | The MoU for use of land belonging to SMVDSB for the proposed STP by the UEED has been signed on 22.04.2022 and possession of land has been given to UEED in compliance to directions Hon'ble NGT. For the other STP of 4.5 MLD capacity, the matter for transfer of land to UEED has been placed before the BOD of KDA by circulation and is likely to be cleared by the end of this month. The matter of allotment of land for 5 IPSS which had been rolled out by the UEED has been taken up with Deputy Commissioner, Reasi and is likely to be resolved by the end of this month. |

**DETAILED PROJECT REPORT FOR POLLUTION ABATEMENT SCHEME OF RIVER
BAN-GANGA AT KATRA TOWN, (J&K)**

SALIENT FEATURES

1. NAME OF PROJECT- Pollution Abatement Scheme of River Ban -Ganga at Katra Town, J&K

ESTIMATED COST- Rs. 95.69 Lacs

2. POPULATION PROJECTION & SEWAGE GENERATION:

| Population | 2023 | 2038 | 2053 |
|---|--------------|--------------|--------------|
| Projected Population | 14033 | 20315 | 26597 |
| Devotee Floating Pop. | 52500 | 52500 | 52500 |
| Other Floating Pop. | 5000 | 5000 | 5000 |
| Total Floating Pop. | 57500 | 57500 | 57500 |
| Equivalent Fl. Pop. For water supply rate 135 lpcd | 19167 | 19167 | 19167 |
| Total Population Katra Municipal Area | 33200 | 39482 | 45764 |
| From 3 Km Upstream of Gita Mandir upto Balini Bridge | 15320 | 15320 | 15320 |

4. CAPACITY OF STP

| Sl. No. | Name of Area | Capacity |
|---------|--------------|----------|
| i) | Sub Area-I | 1.20 mld |
| ii) | Sub Area -II | 4.50mld |

5. PRPOSALS:

Following provisions for the Scheme Pollution Abatement of River Ban -Ganga at Katra Town have been made in this DPR.

5.1 Provision of Sub Area- I

A) Sewerage Network- Length of Sewerage Network has been taken 9.584 Km.

- B) **Manhole** – 169 Nos. of RCC & 165 Nos. of Brick Manhole has been proposed in Sub Area – I.
- C) **Rising Main:** - Rising Main (580M Length) of 250 mm dia proposed at STP site 1.
- D) **House Connection Chamber** – 1532 Nos. HSCC & Property Chamber has been taken.
- E) **Sewage Treatment Plant** - 1.20 mld Capacity
- F) **Treated Effluent Disposal Pipe** – 200 mm Dia (RCC NP-3) & 200 m Length
- G) **Site Development & Allied Works in STP campus.**
- H) **E & M WORKS:**

The provision of electrical and mechanical works such as pumping plants at Sewage Pumping Station, STP, Power connections, electrification work in STP campus etc. has been made in this project. Blowers for aeration system shall be provided with silencer to avoid noise pollution.

I) **Ghat Development Works**

- 1.1 **Development of Bathing Ghat -1** (3104 Sqm), **Ghat-2** (1657 Sqm), **Ghat-3** (2253 Sqm) & **Bathing Ghat – 3B** (1885 Sqm) Area - including water spout, toilet, chhatari/covered seating area, changing room, Caretaker's Room, Office, horticulture work, lighting, plumbing/site drainage etc. complete.
- 1.2 Development of Cremation Ghat-1 Area-1852 Sqm including 2 No. IWC System, Ritual Platforms, Chhatari/ Body Washing, Waiting Hall, Water Spout, Toilet, Storage Room, Office Space Caretaket Room, Lighting Plumbing/ Site Drainage, etc complete.
- 1.3 Development of Cremation Ghat-2 Area-1580 Sqm including 1 No. IWC System, Ritual Platforms, Chhatari/ Body Washing, Waiting Hall, Water Spout, Toilet, Storage Room, Office Space Caretaket Room, Lighting Plumbing/ Site Drainage, etc complete.
- 1.4 Development of Cremation Ghat-3 Area-1445 Sqm including 2 No. IWC System, Ritual Platforms, Chhatari/ Body Washing, Waiting Hall, Water Spout, Toilet, Storage Room, Office Space Caretaket Room, Lighting Plumbing/ Site Drainage, etc complete.

5.2 **Provision of Sub Area- II**

- A) **Sewerage Network** - Length of Sewerage Network has been taken 39.593 Km.
- B) **Manhole** – 632 Nos. of RCC & 675 Nos. of Brick Manhole has been proposed in Sub Area – II.
- C) **Rising Main:-** Rising Main (2395M Length) of 100, 150, 350 mm dia proposed at IPS & STP Site 2.
- D) **Pumping Station for Reuse of Water:-** 3.0 m dia & 6.26 m depth
- E) **Pumping Plant for Reuse of Water:-**

- F) **Rising Main for Reuse of Water:-** 200 mm dia & 950 m length (STP to Railway Station)
- G) **Sewage Treatment Plant - 4.50mld Capacity**
- H) **House Connection-** 3320 Nos. HSCC & Property Chamber has been taken.
- I) **Site Development & Allied Works in STP campus.**

J) E & M WORKS:

The provision of electrical and mechanical works such as pumping plants at Sewage Pumping Station, STP, Power connections, electrification work in STP campus etc. has been made in this project. Blowers for aeration system shall be provided with silencer to avoid noise pollution.

- K) **Commissioning & Trial Run - 6 months**
- L) **O & M of STP and Sewage Pumping Station after trial run - 10 Years**

6. LAND ACQUISITION:

Land requirement is proposed for ultimate capacity of STP i.e. 5.00 mld and 1.20 mld in year 2053. Land requirement 4050 sqm for 5.00mld at adjacent to proposed Bus Stand and 600 sqm for 1.20mld near Safai Karamchari Building.

8. GENERAL ABSTRACT OF COST:-

| S. No. | Description | Quantities | Original Cost Rs. Lakh | | | Revised Cost After Incorporating Comments Cost Rs. Lakh | | | Remark |
|--------|--|-----------------|------------------------|----------|----------------|---|----------|----------------|---|
| | | | Civil Work | E&M Work | Total | Civil Work | E&M Work | Total | |
| 1 | 2 | 3 | 4 | 5 | 6 | 7 | 8 | 9 | 10 |
| 1 | Laying of Sewer & Appurtenant works | | | | | | | | In the Original Cost, Road Restoration Work was the part of Approach Road. In the Revised Cost it is made part of Sewer Laying. |
