Summary of items/works in respect of KSPCB as on 31.03.2021
(OA 750-2019)

Sl. No. (MC- Sl.No.)	Directions of Hon'ble NGT vide orders dated 19.06.2020	Progress as on 31.03.2021
1.	Clearance of Legacy	The Legacy waste is totally removed by Bommasandra industries Association and the same has been disposed off by scientific landfill. The compost from the legacy waste is separated and kept aside to be used for plantation in the lake bed.
2.	Installation of 5 Container type of 50 KLD capacity to treat Sewage generated in 2 wards of TMC.	The STP installation work is not commenced yet. The Tender has been awarded for the supply of one single packaged STP. But, the TMC has taken all necessary steps to prevent the entry of sewage. They have sought 3 months time to complete the project.
3.	Purification of polluted lake water.	The lake is totally dry now, and once the rejuvenation is completed the storm water will be made to enter the lake.
4.	Prevention of Discharge untreated industrial waste in to the lake	There is no discharge of industrial effluents into the lake now. Closure orders are issued for the industries for discharging.
5.	Rejuvenation/Beautification of Lake	Rejuvenation and beautification of the lake is under progress and there is a substantial progress done by the Bommasandra Industries Association.
