AFFIDAVIT-IN-REPLY OF RESPONDENT NO.29 i.e. INSIA

LAMAK IJJUDIN

MOST RESPECTFULLY SUBMITTED:

I, MR. INSIA LAMAK IJJUDIN, aged 57 years, Indian Inhabitant, Resident of R/at, Village- Tikona, At Pavananagar, Taluka Maval, Dist.- Pune, Pin- 410 406, answering as Respondent No.29, do solemnly state on oath and affirm as under:-

1. I have gone through the above Original Application bearing No. 33/2018 and documents filed along with the same by Mr. Sanjay alias Bala Bhegade & 2 Others. That I am Respondent No.29 in the abovementioned Original Application bearing No. 33/2018 and being familiar with the facts and circumstances of the case, hence am competent to swear this Affidavit.

2. I am filing this Affidavit in reply for the limited purpose of opposing the Original Application and the grant of any reliefs as against Respondent No.29. I crave leave of this Hon'ble Tribunal to file a further affidavit, should the same be necessary, or be advised. I Say that the Answering Respondent is filing the instant Affidavit-in-reply to Present Original Application to bring on record correct facts and circumstances of the case.

3. At the outset, I deny all allegations, contentions and submissions made in the OA No. 33/2018 against the Respondent No.29, which are contrary or inconsistent with what is stated in this Affidavit. Further, I say that I oppose all the reliefs prayed for in the OA No. 33/2018 against the Respondent No.29. I further state that any allegations, contentions or submissions in the said OA No. 33/2018 which have not been specifically dealt with or denied by me, may not be deemed to be admitted.

4. Respondent No.29 (hereafter called as a Respondent only) has been impleaded by the Applicant as a party to the Original Application No. 33/2018 as Respondent No.29. Respondent hereby prays to allow for the submission of this Affidavit, as otherwise so far, Respondent No.29 was not heard in the matter by this Hon'ble Tribunal. This shall be in accordance with the provision of Section 19 (i) of the NGTA and also in accordance with the principles of natural justice.

5. In this OA No. 33/2018, the Applicant has made various allegations against the Respondent and has sought many

reliefs, which, if granted, will affect the Respondent and are, therefore, opposed in this affidavit by Respondent.

PRELIMINARY SUBMISSIONS/ OBJECTIONS ON THE
GROUND OF MAINTAINABILITY

6. Respondent has serious objections to the maintainability of this present application on the following grounds, without prejudice to each other. Respondent urges that the same should be first heard and decided before entertaining the application and/or before exercising the original jurisdiction under s.14, 15 by the following procedure as per s.17 and 18 of the Act.

7. That the application must pass the test of maintainability and be within the period of the limitation stated in the act must fall under the original jurisdiction of the NGTA, i.e., action should violate the provisions of acts listed categorically in Schedule-I of the NGTA and fall under the definition of 'substantial question related to environment' u/s. 2(m) which states"

**2(m) "substantial question relating to environment"
shall include an instance where,—**

(i) there is a direct violation of a specific statutory environment obligation by a person by which, —

(A) the community at large other than an individual or group of individuals is affected or likely to be affected by the environmental consequences; or

(B) the gravity of damage to the environment or property is substantial; or

(C) the damage to public health is broadly measurable;

(ii) the environmental consequences relate to a specific activity or a point source of pollution;

8. Applicant has not shown, or even pleaded to show, as to how the cause of action when first arose, by a grant of permission of Collector Pune is direct violation resulting in an adverse impact on the environment as stated in section 2(m) (i) (A), (B) or (C).

9. To put it in simple words, the law provides that general or minor environmental issues, if any, that do not have **'substantial question related to the environment'**, should not be brought, dealt with, and adjudicated by this Hon'ble Tribunal. This protects Respondent from frivolous litigation, saving the precious time of the Hon'ble Tribunal, and also prevents unnecessary flooding of the Hon'ble

Tribunal with Applications that do not raise any 'substantial question related to the environment.'

10. The maintainability, therefore, will have to be tested on the face of it, as a preliminary objection, in respect of each allegation, without going into merit OR adjudication. Those preliminary tests shall be:

- a) *Which is that one single cause that can be entertained in an application?*
- b) *Is this cause raised within the period of limitation, starting from the day it first arose?*
- c) *Does this cause raise a 'substantial question related to the environment?'*
- d) *What relief has been asked in prayers? Is it compensation or restitution?*
- e) *Are all the reliefs sought in the prayer consequential to each other and can be granted under the one single surviving cause of action?*
- f) *Does the applicant have locus standi for the relief and compensation sought in the Application?*

11. Respondent humbly submits that this entire application does not survive this test and the mandatory statutory provisions spelled in detail above. Surviving

portion, if any, of the application ought to be determined after trimming off the irrelevant causes that are not maintainable. Only then the remaining application with the one single cause may be taken up for further adjudication.

FACTS OF THE CASE

12. Respondent is an environment friendly citizen and eco-friendly person. He is a resident of the above-mentioned address. He is utilizing his property for the residential use of his own family.
13. They completed the construction of the house in the after receiving legal permission from the concerned authority and are paying property tax as well. **Annexure -A** is the Copy of Gram Panchayat Property Tax.
14. Further respondent has got Permission for Private Water Connection from Group Gram Panchayat Tikona. **Annexure -B** is the Copy of Group Gram Panchayat for Private Water Connection.
15. Respondent constructed home for his own use and not for commercial use. He followed all the norms applicable to her at the time of construction. That the property of

Respondent is regularly assessed. **Annexure -C** is the Copy of Assessment List of the building and land eligible for Tax- for the year 2003-2004.

16. Respondent completed the construction of his home and after that, he and his family used the same home for the residential purpose. **Presently there is no construction going on.**

REPLY ON MERITS

17. Through this affidavit Respondent wants to submit point wise reply to the allegation made by the applicant in this application and the report filed by the joint committee as per Order dated 30-06-2020 passed by this Hon'ble Tribunal subject to and without prejudice to the preliminary objections mentioned above:

- i) Contents of Point I and II are matters of record and need no reply. Contents of paras hereinabove are reiterated and reaffirmed.
- ii) With respect to contents of Point III, it is denied that Respondent has done any illegal and anti-environment

Construction and encroachment on hilltops and hill-slopes.

- iii) With respect to contents of Point IV, Respondent submits that applicant has unnecessarily invoked s.15 only to take advantage of the limitation period of six months corresponding to that section.
- iv) Contents of Point 1 to 5 are matters of record and need no reply. Contents of paras hereinabove are reiterated and reaffirmed.
- v) With respect to contents of Point 6, it is denied that no such illegal activities as contended by applicant is going on at Respondent's plot of land.
- vi) Contents of Point 7 are matters of record and need no reply. Contents of paras hereinabove are reiterated and reaffirmed.
- vii) With respect to contents of Point 8, it is denied that Respondent is politically influential and destroyed the ecology and environment in this area.
- viii) With respect to contents of Point 9, it is denied that Respondent has cut any tree without permission as

alleged by applicant, on contrary the Respondent have planted several more trees in his plot of land to enhance environmental greenery. Further there is no air pollution due to any construction by Respondent. Presently there is no construction activity is going on Respondent's plot area which can contribute to dust formation.

- ix) With respect to contents of Point 10 & 11, it is denied that Respondent has done huge construction in eco-sensitive zone. Infact Applicant has miserably failed to prove that said area is an eco-sensitive zone and had further failed to produce any official gazette or declaration showing the said area is marked as Ecologically sensitive Zone or Western Gaht Eco-Sensitive Zone. Further Respondent states that they have maintained environmental greenery and contributed to cherish the same. It is pertinent to mention that Respondent has not done any environmental destruction and also, he has not put a single brick of his house illegally/ without permission.
- x) With respect to contents of Point 12, it is denied that Respondent has done any huge construction due to

which there is need of soil moistures conservation and nursery development in this area.

- xi) With respect to contents of Point 13, it is specifically denied that animals which used to feed on the grass grew on the hilltops and hill-slopes in Maval Taluka, is getting destroyed due to respondent.
- xii) Contents of Point 14 & 15 is matters of record and need no reply. Contents of paras hereinabove are reiterated and reaffirmed.
- xiii) With respect to contents of Point 16 & 17, it is denied that Respondent has done any illegal encroachment in violation of various provisions of law. Further, it is denied that there are any constructions without valid or legal permission/license as alleged by applicant.
- xiv) With respect to contents of Point 18, it is denied that respondent has done any illegal construction, tree cutting and deforestation at the Pavana Nagar area in Maval taluka due to which said area lost its greenery and its became barren. It is submitted that the Respondent has maintained the greenery of his plot very well.

- xv) Contents of Point 19 to 26, it is submitted that the cases relied upon by applicant is not applicable in this case.
- xvi) With respect to contents of Point 27, it is denied that said photographs are belonging to Respondents land.
- xvii) Contents of Point 28 is general prayer and hence needs no reply.
- xviii) With respect to contents of Point 29 & 30, Respondent submits that the same is not at all applicable to Respondent's case.
- xix) With respect to contents of Point 31 & 32, It is denied that there is any such pollution and environment degradation being caused by respondent. Further, it is relevant to submit that Respondent has not contributed any type of pollution load at the time of construction as well as operating the facility. There is no adverse impact observed by the joint committee at the time of joint inspection.

REPLY TO THE GROUNDS

18. Contents of the petition are misconceived and denied.
Para-wise reply to the grounds is as under:

GROUND A TO P:

- Grounds A, B, C, D, E, F, G, H, I, J, K, L, M, N, O & P of Original Application are misconceived, baseless and denied and the averments made in the paras hereinabove are reiterated and reaffirmed. That the contents of the ground under reply have been replied specifically in the above submissions and the same are not repeated herein for the sake of brevity.

GROUND Q:

- Grounds Q(1) & Q(2) of Original Application are misconceived, baseless, wrong and denied and the averments made in the paras hereinabove are reiterated and reaffirmed. It is denied that the respondent has done any illegal construction without permission.
- Grounds Q(3) of Original Application is misconceived, baseless, wrong and denied and the averments made in the paras hereinabove are reiterated and reaffirmed.
- Grounds Q(4) of Original Application is misconceived, baseless, wrong and denied and the averments made in the paras hereinabove are reiterated and reaffirmed. It is submitted that Respondent's farmhouse is much

less than 1000 meters altitude from the HFL of Pawana Lake.

- Grounds Q(5) & Q(6) of Original Application are misconceived, baseless, wrong and denied in toto and the averments made in the paras hereinabove are reiterated and reaffirmed. It is submitted that, for the past more than two decades, there is not a single incident of landslide in and around our property observed or noticed by Respondent or surrounding people. Further, there is no artificial flooring done by Respondent. There is huge land remains after the construction of residential patches and internal roads for natural water percolation in our property. It is pertinent to mention that Respondent has not affected the free-flowing stream in his premises. It is denied that Respondent has affected the habitat of wildlife animals or surrounding creatures. It is relevant to submit that Respondent uses the said property for residential purposes and not for commercial purpose.

GROUND R:

- Grounds R of Original Application is misconceived, baseless, wrong and denied and the averments made in the paras hereinabove are reiterated and reaffirmed. It is denied that Respondent has done any environmental damage. Further, the answering Respondent has good prima-facie case while the original application bearing No. 33/2018 is only speculative in nature.

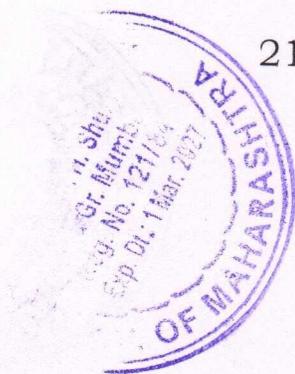

ON GROUNDS OF LIMITATION

19. Respondent states that the entire application and the causes stated in it are barred by limitation.

20. Respondent submits that letter from PMRDA by itself can't be the cause of action. The cause of action has to raise the substantial question related to the environment. RTI documents or Government authority letter is not under Schedule-I and doesn't raise any '**substantial question related to the environment**'. This phrase has been specifically and substantively defined in the NGT Act u/s.2(m). As such approval of plan can't be the cause contemplated and eligible under s.14 of the NGTA.

21. Respondent submits that applicant has unnecessarily invoked s.15 only to take advantage of the limitation period of six months corresponding to that section. Even under this section, which provides for 'relief, compensation, and restitution, there are corresponding eligibility criteria as to who can claim that. The applicant is not claiming any relief in respect of the cause of action. Relief or more reliefs that should be consequential to each other. Mere reading of prayers shows that those are not the reliefs consequential

to each other. Further, they have no bearing to correct the very cause of action, even assuming but not admitting that the same can be the cause.

22. Those reliefs are not for any environmental 'relief, compensation, and restitution but to threaten the Respondent, terrorize him and create fear in his mind.
23. Admittedly there is a delay beyond six months from the date of cause of action. The delay beyond this time period is not condonable as much as the Hon'ble Tribunal has no such powers to condone the delay.
24. Even the extra period of 60 days beyond limitation, doesn't help in fitting the cause within the period of limitation. Waiver from condonation of the delay also is not a matter of right. The applicant has neither prayed for condonation of any delay nor showed by giving sufficient cause as to how he was 'prevented' from applying in time.
25. The cause of action ought to have first arisen within the stipulated period of limitation of six months only AND that should be the cause which gives rise to '**substantial question related to the environment**'. The Applicant's submission that the cause of action arose on receipt of documents and letter from PMRDA is not acceptable. Also,

this act in no way raises 'substantial questions related to the environment'. Therefore, this cause stated by the Applicant in itself is flimsy and untenable under s.14 and s.15 of NGTA.

REPLY TO COMMITTEE REPORT DATED 11.08.2021

Sr. No.	Joint Committee Remark	Reply be Respondent
1.	It is stated that during the site visit, the Record related to land viz. name on the 7/12 extract, Details of building permission, year of construction, Type of Construction and its use, whether the property is located uphill or downhill, distance from Pavana Dam, etc. was checked.	Nothing to say
2.	In the survey, 10 out of 63 constructions were found in the private forest which are deemed to be reserved forest as per the provisions of the Maharashtra Private Forest Acquisition Act, 1975. Such constructions in the reserved forest means encroachment over the reserved forest which is prohibited as per the	Respondent had not done any illegal construction.

	provisions of the Indian Forest Act 1927	
3.	It is stated that during site visit inspection the area was surveyed in order to find out the unauthorized constructions (illegal) constructions in Pavananagar area.	Nothing to say
4.	After carrying out the site inspection and going through the report filed by the SDM, it can be stated that most of the properties are used for residential purpose. Hence, the pollution potential seems to be low and all properties have provided with septic tanks and soak pit arrangement for treatment of sewage generation from domestic effluent. <i>During the visit no direct sewage discharge to the river was observed from any of the property.</i>	This remark of Maharashtra Pollution Control Board in Joint Committee Report is self-explanatory and sufficient to prove that no pollution/ environmental damage is done by Respondent.

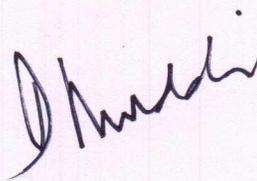

PRAYER

26. In light of the facts and circumstances stated hereinabove, the Respondent prays and urges that this Hon'ble Tribunal be pleased to:

- a. hear and decide this matter in light of the preliminary objections raised, on the issue of maintainability, including but not limited to the points of a period of limitation, issues that have substantial questions related to the environment, and multiple causes raised in one single application;
- b. decide and direct the additional environmental features to be provided ask the applicant to submit more details based on ground facts or real facts rather than literature supports
- c. Remove the name of the Respondent as a party from this application and non-applicability of judgment/Order passed or going to pass by this Tribunal in this Original Application 33/2018.
- d. Hon'ble Tribunal may ask each applicant to pay the cost of Rs.1 LAKH against the legal fee and documentation for this application to Respondent which is already paid by Respondent No.57.

AND for this act of kindness, as duty bound shall ever pray.
