2. In this Original Application the Applicant has raised the subject of drinking water contamination. But the chemical analysis of the water samples received from Grampanchayat in the year 2020-21 and 2021-22 from the drinking water sources of the Masure and the adjoining villages in the Malvan Taluka shows that these water samples are fit with respect to the drinking water parameters. The report of the chemical analysis of the water samples received from the Grampanchayat in the

year 2020-21 and 2021-22 is herewith annexed as

Exhibit-1 Colly.

Hence these report shows that the drinking water samples are fit with respect to the drinking water parameters. Hence the present Respondent No.8 humbly pray before this Hon'ble National Green Tribunal that, the above said points raised by the Applicant regarding the drinking water contamination may kindly be dismissed.
