COMPLIANCE AFFIDAVIT ON BEHALF OF RESPONDENT NO. 4 & 5 IN THE ORIGINAL APPLICATION NO. 69/2022(WZ)

I, Vidyasagar V. I am filing this affidavit on behalf of the Respondent No – 4 & 5 do hereby solemnly affirm state as under.

I am working as the Sub Regional Officer, Sangli with the Maharashtra Pollution Control Board w.e.f. August 2024. I am well conversant with the facts and circumstances of the case as well as the record of the case lying in my office, I am filing this Affidavit only with a limited purpose of bringing on record true facts of the case as under.

I say and submit that, as per the Direction given by the Hon'ble National Green Tribunal (WZ) Pune in O. A. 32 of 2023, O.A. No. 69 of 2022 and O.A. No. 114 of 2023 by order dated 06-09-2024, I am producing herewith Online Continuous Effluent Quality Monitoring Report (OCEM) which is connected to the MPCB server of **Respondents Number 8 - M/s. Rajarambapu Patil SSK Ltd., (**Sugar unit**), Rajaramnagar Sakhrali, Tal: Walwa, Dist: Sangli. Which are attached herewith and marked as **Annexure – “B”, “C” & “D”** respectively.

I say and submit that, the Online Continuous Effluent Monitoring System is active throughout the industry's operation period only. However, fish kills happened in the Month of July. At the time of the Fish Kill industry was not in operation due to the off season. The online continuous effluent monitoring system is connected to the ETP outlet only and does not cover any accidental discharge, including lagoon breakout or other discharge from industry's premises. As such, we cannot rely on it. It is evident from the Fish killing incidence for the year 2022 and 2023 the Sugar Unit and Distillery units which are situated at the bank of Krishna river within the radius of 5 -10 Km unauthorizedly discharging effluent outside the factory premises and which flowing through nearby nalla which is ultimately mixed to the Krishna River is responsible for Fish Kill.

I say and submit that, as per the Consent Condition there is no requirement for the Distillery unit to provide and connect Online Continuous Effluent Monitoring Systems (OCEMS) to the MPCB and CPCB server. Hence there is no Data in respect of Distillery units.

I say and submit that, the Hon'ble National Green Tribunal (WZ) Pune in the matter of O.A. 32 of 2023, O.A. No. 69 of 2022 and O.A.
