COMPLAINCE AFFIDAVIT OF RESPONDENT NOS.8
(PURI MUNICIPALITY) WITH REGARD TO THE
DIRECTION IN THE ORDER DATED 12/07/2023.

I, Saroja Kumar Swain, S/o-Late Keshab Chandra Swain, aged about- 48 years, working as Executive Officer, Puri Municipality, Puri in the State of Odisha, do hereby solemnly affirm and state as follows:

1. That, I am the Respondent No.8 in the aforesaid case thus competent swear this affidavit. That, I have gone through the contents of this affidavit and understood the same. I am also otherwise acquainted with the facts of the case.
2. That, this present affidavit is filed in compliance to the order dated 12/07/2023 of the Hon'ble NGT, Kolkata in OA No 51/2023//EZ for kind appraisal.
3. That, it is humbly submitted that, since the Hon'ble NGT in order dt.12.07.2023, has issued directions to various respondents including Respondent No.8, for necessary compliance of the same, as have been also summarized in Para-

Saroja Kumar Swain

PRADIPTA KUMAR MOHANTY
Notary, Cuttack Town
Regd. No-ON-04/1995

16 of the said order, the deponent craves leave of the Hon'ble Tribunal to submit, the steps already taken by the Puri Municipality, by now in compliance to the directions issued to Respondent No.8, here in below for kind appraisal of the Hon'ble Tribunal.

- I. That, with regard to the direction of the Hon'ble NGT in point No 9 in the original copy of the order dated 12/07/2023 relating to shifting of unauthorized colonies from the vicinity of the dumping yard at Baliapanda, it is humbly submitted that the adjoining areas of the said dumping yard are Govt. land and under the control of Revenue & Disaster Management Department, Govt. of Odisha. Puri Municipality has no authority over such Govt. land. However, in due regard to the order of the Hon'ble NGT, the Executive Officer, Puri Municipality has discussed the matter with Tahasildar, Puri and caused joint inspection of the site involving revenue field functionaries and Amin of Puri Municipality. As per the preliminary report submitted by the team, such officials, approximately 3000 households are found to have been residing in the vicinity of the said dumping yard, by encroaching upon the Govt. land. It is to further submit that the colonies were surveyed in the year 2021 under the Odisha Land Rights to Slum Dwellers Act, 2017 wherein detail information of 1619 households were identified.

Saraj Kumar Swain

PRADIPTA KUMAR MOHANTY
Notary, Cuttack Town
Regd. No-ON-04/1995

The said copy of preliminary joint field visit report is annexed herewith as Annexure-A/8.

- II. That, the number of households, as were then, by now has increased in last 3 years time period due to family division and other reasons. As per provision made under the Odisha Land Rights to Slum Dwellers Act, 2017, steps are also being taken jointly by the team of officials of Respondent No.8 and Govt., for redressing the land rights issues of slum dwellers residing around and/or nearby dumping yard by way of relocation and rehabilitation. Respondent No.8 alone cannot resolve this issue without having been provided with adequate Govt. land and funds being provided. Respondent No. 8 do not have its own land for such purpose of relocation and rehabilitation of slum dwellers under the Scheme of OLRSW act, 2017. Hence, suitable Govt. land has been a major constraint in Puri city for ensuring amicable settlement of the slum dwellers, particularly where in-situ settlement, it is not being immediately possible due to various such reasons. Besides the above said colonies, relocation of more than 4000 families residing over railway land or land having non-leasable category of kisams has been also a major task for revenue administration and Puri Municipality. It is further to submit that shifting of unauthorized colonies from Govt. land is governed under Revenue laws like OPLE Act and Tahasildar, Puri is the competent authority

Saroya Kumar Swain

Pradipta Kumar Mohanti

Regd. No-ON-04/1995

to initiate the proceedings in this matter. Executive Officer, Puri Municipality has been also taking up and co-ordinating on this matter with Tahasildar, Puri and Sub-collector and Collector, Puri for resolving the issue for full compliance of the order of the Hon'ble NGT, in true spirit, at the same time keeping in view, the schedule of upcoming General Election-2024, in that event, at least 1 year additional time, as anticipated, may be required to redress the issues in question i.e; for relocation and re-settlement of unauthorized colonies in the vicinity of dumping yard at Baliapanda.

x Sateja Kumar Sutar

- III. That, With regard to the direction for installment of CCTV cameras covering the entire dumping site, it is humbly submitted that the agency empanelled for Bio-mining of legacy waste at Baliapanda dumping yard is taking suitable steps to install CCTV cameras as per provision made under clause 10 (c) of the contract agreement. The said agency namely Rohini Fire Safety Pvt Ltd has also deployed security personnel at the site to ensure security round the clock. A copy of the letter to the agency regarding installment of CCTV cameras is annexed herewith as **Annexure-B/8**.
- IV. That, in respectful compliance of the order of Hon'ble NGT in point no 13 of the original order, it is humbly submitted that the Sanitation Experts of Puri Municipality were directed to do research and consultation exercise and

Pradipta

Pr

PRADIPTA KUMAR MOHANTY
Notary, Cuttack Town
Regd. No-ON-04/1995

suggest the measures to be adopted for eradicating the foul smell from the dumping yard site on a day to day basis. The sanitation Experts have suggested to apply baking soda and white vinegar for eradicating the foul smell. They have also suggested the name of the firm namely Organoponix Pvt Ltd who is providing required services to resolve this issue. Besides, manual application of any chemical is not possible at the dumping yard site. Hence, Puri Municipality is taking suitable actions for drone based application of chemicals by engaging an outsourcing agency, hence, additional 2 months time being required, may kindly be provided for on-boarding the agency for ensuring application of chemicals on a day to day basis. Besides, as the Bio-mining work has already been started, the issue in this regard is being resolved soon.

Sarajit Kumar Swain

- V. That, in respectful compliance of the order of this Hon'ble NGT in point no 14 of the order, it is submitted that the work relating to bio-mining of legacy waste has already been commenced by the empanelled agency namely Rohini Fire Safety Pvt. Ltd, Kolkata as per contract agreement executed with Puri Municipality dated 17.10.2023. As per provisions made in the contract agreement, the agency has to complete the bio-mining work of legacy waste within a period of 2 years. A copy

Notary, Cuttack Town
Regd. No-ON-04/1995

of the contract agreement is annexed herewith as Annexure-C/8.

- VI. That, in compliance to the order of this Hon'ble NGT, as in point no 16 (d) of the order, it is humbly submitted that the detailed plan and estimate has been prepared by the Municipal Engineer for construction of Boundary wall around the dumping yard at Baliapanda. The cost of project is Rs. 99,66,600/- (Rupees ninety nine lakh sixty six thousand six hundred) only. Tender call notice was invited to select a suitable executing agency. The tender papers are being scrutinized and based on the result of tender process, work order will be issued to the L1 bidder within a period of 7 days. The said work will be completed in 6 months time period. The delay caused in inviting tender was because of the need for revising the action plan to accommodate this project. As the action plan for the Year 2023-24, was already prepared in April 2023, this present project was accommodated in the revised action plan and thereafter, the said tender process has been initiated. A copy of the tender call notice is annexed herewith as Annexure-D/8.

4. That, the Respondent No.8 has taken all prompt steps within its scope and power in due compliance of the directions of the Hon'ble NGT and accordingly, various steps have been taken as aforesaid for resolving the issue raised in the O.A.

- 5. That, the deponent craves leave of the Hon'ble Tribunal, and also reserve the right, to file such further affidavit and documents, if it is so required, in course of hearing of the case.
- 6. That, the facts stated above are true to my knowledge, belief and based on materials on records.

1. Conditions Precedent

- a. The ULB shall demarcate and handover the dumpsite free from any encumbrance to the Operator in terms of processing the solid waste to recover, recycle and convert into useful end products with zero residue/inert waste.
- b. The ULB shall identify land for disposal of heavy inert fraction such as sand and gravel etc. within a radius of 30 KM.

Note: No SLF shall be allowed for disposal of any type of inert waste.

2. Conditions Precedent of the Successful Bidder/Operator:

- a. Successful Bidder shall give written Acceptance on LOI Issued by H&UDD within 7 working days from the date of LOI.
- b. Successful bidder shall submit Performance Guarantee and sign the Contract Agreement within 30 days from the date of LOI to the ULB.
- c. Prior to issuance of Letter of Intent, the successful bidder has already conducted drone survey for estimation of quantity of legacy waste in the dumpsite(s). Thus estimated quantity shall act as the base line. Hereafter, the selected bidder shall conduct quarterly survey from time to time for real time estimation. This will become a part of the Work Plan to be submitted to Puri Municipality for approval and shall be the part of the contract, to be appended as Appendix- A.

d. The Operator shall within 30 (thirty) days from the date of signing of the Agreement satisfy the following conditions precedent:

i. The Operator shall submit clear timelines for each activity from mobilization till project completion. The Operator shall submit a master schedule for the entire project duration comprising of all the activities, their timelines and milestones.

ii. **Preparation of Work Plan:** The Work Plan shall detail out the excavation of the existing mixed compacted legacy waste both above-ground and below-ground which underwent biological degradation in line with CPCB 2019 Guidelines or any other Standard Guidelines of Govt. of India/Govt. of Odisha in dumpsites in Puri Municipality (Package-II) and sieving them by mechanical sieving machine or any other equipment (as mentioned in Appendix-C) stabilizing the biodegradable wastes by onsite windrow composting and use of appropriate mechanical screens to sieve the excavated and processed materials into recoverable fractions such as recyclables (metal and glass), fine fraction (soil/compost), coarse fractions (incinerable such as plastics, textile, tyre, rubber etc), stone, bricks, and construction debris through Bio-mining and tipping concept so as to retrieve and recover materials by segregating, sorting, diverting for recycling the excavated materials. It shall broadly involve the following steps

Step 1. Installation of Trommel, shredder, screener, hopper, conveyors with adequate capacity of motors and pulleys in the ULB mentioned in Package-II.

Step 2. Engaging chain dozer/ Excavator and loosening the legacy waste

Step 3. Spraying the bio culture, as required to control odour, over the loosened legacy waste.

Step 4. Shifting and loading the legacy waste into the hopper and segregating the material size wise and type wise by engaging the man power on both sides of conveyors with proper safety precautions.

Step 5. The recyclables recovered from the bio-mining process should be sent for recycling as per the quality of the material, which should also be randomly sampled by

an NABL lab and tested for heavy metals, salinity/electrical conductivity and leach ability to ensure no environmental harm during use. FCO standards for pH and contaminants could be provisionally used as a benchmark. Non-Recyclable plastic material shall be sent for road making or to RDF units or cement plants. Initial cleaning of recyclable waste shall be done before it is transported for sale or disposal.

Step 6. The recovered bio-earth, preferably be used for landscaping or gardening or road medians within the Local Body or the identified places within 30 km radius. The recovered soil can also be used as "Soil enricher" to develop green areas or by farmers. It can also be used for construction activities or disposed scientifically in low lying areas identified by the ULB.

Step 7. The recyclables like plastic, glass, metals, rags and cloth recovered from the waste during screening shall be sorted out and preferably cleared before sending to recycling industries or as RDF.

Step 8. The material collected shall be disposed of by engaging tipper Lorries to the vendors who have identified and made agreement to get the designated recyclable material.

Step 9. The heavy fractions may be sand and gravel usable for road shoulders or for plinth filling. Stones and concrete if any can be used for road sub-grade, or for crushing, recycling and reuse in the construction industry. The recovered construction and demolition waste recovered from the bio-mining process may be sent to a C&D processing facility if suitable for production of building materials.

Step 10. Processing waste monthly to achieve minimum average quantity of 2000MT per day targets.

Step 11. Monitoring and recording all the activities to account for the quantity of legacy waste excavated and processed.

Step 12. Submission of report on the progress on daily and monthly basis.

Step 13. Handing over of the reclaimed site to the ULB.

2 Scope of Work

H&UD Department wants to hire Management operator for Bemoaning of legacy waste located at the dumpsite in Puri Municipality (Package-II) by a competitive bid process. The successful bidder has to process all the waste on the dumpsite. Operator shall do the survey post signing of the Contract Agreement to assess the quantum of waste. The Operator is expected to install plant and machinery of required capacity for bio-mining of the existing legacy solid waste and subsequently reclaim the land. Broadly, the Project involves the reduction of the unprocessed legacy mixed waste, but is not limited to excavating compacted mixed solid waste which underwent biological degradation, by using suitable Mechanical Sieving Machine or any other equipment and taking all the materials excavated, in the assigned land areas and retrieving, recoverable materials and segregating, sorting, selling, storing, diverting for recycling the excavated materials. The detailed scope of work is specified as follows:

605

Removal of about 2,24,880 MT of legacy waste in Puri Municipality (with a variation of up to +/- to any extent till complete excavation of dump site with the approval of the Govt. and execution of supplementary agreement with the agency thereof as per rule in vogue) dumped at the dumpsite in Package-II through Bio-mining process within a period of 287 days and disposing the material retrieved from the legacy waste to the recycle/ identified vendors without stacking them at site for not more than 20 (twenty) days, including the cost of electrical consumption and required field arrangements and finally reclaiming the land occupied by the legacy waste to the useful purpose of Housing & Urban Development Department, Odisha. The Operator must follow zero residue/inert waste model throughout the bio-mining process. The quantity of legacy waste mentioned herein are indicative, however bidder has to examine the actual quantity as per condition precedent Clause 3.1 (2) and get its approval from competent authority.

2. Setting up of a weighbridge of required capacity or any other suitable system for weightment as approved by Housing & Urban Development Department, Odisha for measurement of legacy waste to be processed. This weightment system shall be fully online electronic, automatic system equipped with the latest technology along with backup server facility. Data of weightment system shall be maintained properly for the entire contract period with backup server facility and shall be provided as & when required by ULB officials and other competent authorities. The weighbridge to be calibrated and sealed from time to time as per statutory requirement For details of weightment system, Clause 10 (i) may be seen.
3. Disposal of the recovered material from the legacy waste to the identified vendors without stocking them at site for more 20 days.
4. The Operator shall disintegrate the legacy waste for Bio-mining process using therequired Bio culture.
5. The Operator shall execute the bio-mining process to the legacy waste in complete adherence to the rules and regulation of the Odisha State Pollution Control Board, SWM Rules, 2016, CPCB 2019 Guidelines for legacy waste andall other applicable rules and regulations.
6. Stabilization of the open dumpsite, control of foul odour and other such eco- friendly and non-polluting processes for minimizing the impact of the bio-mining activity in the adjacent areas of the dumpsite.
7. Excavating the soil which lost its stability due to legacy waste dumping with necessary dewatering works in the portion of the land earmarked and segregate the excavated legacy waste in the land portion earmarked, into as many kindsand categories as possible.
8. Selling, diverting for recycling, marketing and recycling the excavated materials within 20 (twenty days) of segregation, without any accumulation in the storage facility at the project site.
9. Creation and maintenance of infrastructure, facilities and amenities at Operator's risk and cost, for sieving the excavated legacy waste and storing the segregated materials before selling/taking out them from the project site.
10. Construction of office room facilities for the Project, arrangement for water supply and power supply at the site.
11. Carrying out the entire project work in accordance with the Detailed Plan of Action submitted by the Operator.
12. The Operator is required to submit the action plan for bio-mining operations during monsoon period and during emergency situations.
13. Deployment of necessary manpower, materials, equipment, tools and construction of plants and sheds and creation of facilities for handling, separating, segregating, storing and weighing facilities for the operation of the plant and using only covered body vehicles for the transportation of materials taken out not limited to:
 - a. Installation of trommel of required sieve sizes (100 mm, 35mm, 16 mm, 4mm and 1 or 2 mm).

- shredder, screener, hopper, conveyors with adequate capacity of motors and pulleys
- b. Engaging chain dozer/ Excavator and loosening the legacy waste.
- c. Spraying the bio culture over the loosened partially degraded legacy waste and to stabilize the same.
- d. Spraying deodorizer over the waste as required to control odour.
- e. Shifting and loading of the legacy waste into the hopper and segregating the materials size wise and type wise by engaging the manpower on both sides of conveyors with proper safety precautions.
- f. Processing the legacy waste on everyday basis and segregating the recyclables material and the enriched soil, debris like stone etc. Shredding of the remaining non saleable RDF material with plastic etc which has the calorific value of at leastto 1500 kcal/kg and converting them into RDF.
- g. Operator may supply RDF to cement companies and/or for Road making projects subject to distance and quality of RDF.
- h. Disposal of RDF and aggregates shall be sole responsibility of the Operator.
- a. Windrow making of partially degraded wastes for stabilization.
- j. The material collected shall be disposed of by engaging tipper Lorries to the vendors who have identified and made agreement to get the designated recyclable material.
- k. Other wastes like Hazardous Waste, E-Waste, Bio-medical Waste and Construction & Demolition Waste shall be managed by the Operator as per the guidelines under the relevant rules & regulations as amended from time to time.
- l. Monitoring and recording all the activities to account for the quantity and quality of recovered materials.

- 14. Create all facilities and make arrangements for controlling the emission, pollution and contamination of the environment including but not limited to control of dust, odour, air quality, water quality and noise pollution.
- 15. The Operator shall adhere to Health and Safety norms as per the industrial standards in the work area and the site premises.
- 16. Setting up of provision for safe leachate collection, storage, reuse and recirculation and treatment at the site or disposal for treatment outside of site.
- 17. The operator has to submit Work plan for the quantum of legacy waste to be bio- mined in 287 days (: 224880.36 MT of legacy waste In Puri Municipality(Based on the Survey before signing of the Agreement)

Effective period: 287 days

Target within 100 days from Signing of Agreement: 10 % of 224880.36 MT of legacy waste In Puri Municipality

Target within 200 days from Signing of Agreement: 55 % of 224880.36 MT of legacy waste in Puri Municipality

Target for within 287 days from Signing of Agreement: 100 % of 224880.36 MT of legacy waste in Puri Municipality

The Operator has to deploy minimum processing lines in each dumpsite (as mentioned in Clause 2.4) to meet the monthly targets with a backup of at least one

processing line to ensure that the above bio- mining targets are achieved. Per day average processing of the Legacy waste should be at least 2000 MT per day in the ULB.

The duration of shifts shall be finalized by the Successful Bidder & the ULB during the preparation of the Work Plan.

- 18. Providing security arrangement for the plan project site, machineries, equipment etc.
- 19. Carry out the work in accordance with the provisions of the Solid Waste (Management & Handling) Rules, 2016, CPCB 2019 guidelines, amended from time to time and all other applicable rules & regulations at the cost of the Operator.
- 20. Obtaining all required clearances from all statutory authorities at the cost of the Operator.
- 21. The Operator shall be responsible for the electrical energy consumption process and subsequent remittance payment for the electricity bill.
- 22. The Operator shall be responsible for the payment towards fleet management in order to dispose the material recovered from the legacy waste.
- 23. The Operator shall ensure zero residue/inert waste model throughout the bemoaning process.
- 24. The land shall be reclaimed to its original state prior to dumping of waste i.e. all the legacy waste must be removed till it reaches the surface of the original land. as per the official map/ records.
- 25. The Operator shall maintain a record of the daily processed legacy waste measured in the Weighbridge. The Operator shall also keep proper record of the all the legacy waste recovered and disposed off. The Bidder shall prepare all periodical reports, applicable to the Projects, as may be required by the ULB, other stakeholders or the State Government etc. on behalf of Housing & Urban Development Department, Odisha.
- 26. The monitoring shall be done on a daily basis, but the computation of waste bio- mined shall be on a monthly basis and report to be submitted to the ULB or the State Government etc..
- 27. The Operator has to carry out drone mapping every quarter to monitor volumetric reduction of legacy waste and reports shall be submitted along with electronic and automated weighment data of legacy waste processed. (The details regarding drone mapping can be seen in the Article 3.10 (ii) (g)).
- 28. Milestones required to be achieved within the given timeframe are as mentioned below.

S.N.	Activity to be completed	Time Period for Completion
01	Statutory Clearances and Erection and Commissioning of the Plant	Six Months from the date of Work Order
02	To dispose of 10 % of 224880.36 MT dumpsite Puri Municipality	Within 100 days of Signing of Agreement

03	To dispose of 55 % of 224880.36 MT dumpsite Puri Municipality	Within 200 days of Signing of Agreement
04	To dispose of 100 % of 224880.36 MT dumpsite Puri Municipality	Within 287 days of Signing of Agreement

Note:

However, if the quantity of waste will be more than the quantity as mentioned above, the Bidder shall be responsible for processing complete legacy waste for which contract period may be extended on pro-rata basis without giving escalation on the tipping fee.

3. Performance Security

- a. Within 30 (thirty) working days after receipt of the Letter of Intent (LOI), the successful Shortlisted Lead Bidder shall submit a Performance Security to the ULB. The Performance Security (Security Deposit) shall be 5 (five) % of the approved project cost and the same shall be in the form of Bank Guarantee from a Nationalized/Scheduled Bank in favour of the Executive Officer of Puri Municipality and counter guaranteed from local bank as per the format mentioned in Appendix-D.
- b. Failure of the successful Bidder to comply with the above mentioned requirements shall constitute sufficient grounds for cancellation of the LOI and forfeiture of the Bid Security.
- c. On submission of the Performance Security at Puri Municipality, H & UD Department would duly refund the Bid Security Amount already deposited by the Bidder during the time of submission of proposal, if there is any.

4 Contract Period

The Contract period shall be 287 days from the date of Work Order (including mobilization & construction period of 3 (three) months and monsoon period) to dispose of about 2,24,880 MT of Legacy Waste from the Package-II Dumpsite through bio-mining. However, if the quantity of waste will be more than quantity mentioned above, the Bidder shall be responsible for processing complete legacy waste for which contract period may be extended on pro-rata basis without giving escalation on the tipping fee.

5 Project Site

- a. The ULB shall handover the dumpsite to the Operator as per the approved Work Plan. After completion of contract period, within 3 (three) months, the Operator has to completely remove the plant, machineries and equipment from the site and clear the project area. Performance security of the Operator shall be released only after the entire project site has been handed over to Puri Municipality and after the

NOTARISED INSTRUMENT

- defect liability period of one year without encumbrances.
- b. There shall be no lease of land to the Bidder. He shall only set up the plant on ULB's land for scientifically treating the legacy waste and operate it without any interest in land whatsoever. However, ULB shall provide necessary assistance to lenders/bankers/financial institutions funding the project in terms of granting right of entry if there is a need. Such right of entry however shall be restricted to the plant and machinery set up by the Operator and shall under no circumstances be extended to the land. As specified above, there shall be no lease of land to the Operator and hence the question of creation of encumbrances on the land does not arise.
- c. Initial land requirement of the Operator to set up processing plant and machinerles and measuring up to a maximum of 5 acres shall be provided by ULB's with natural ground level inside the dumpsite.
- d. If additional land is required for future expansion of the processing plant, the Operator shall use the land which is recovered (up to a maximum of 2 acres) with prior approval of Puri Municipality.
- e. Provision for building ancillary facilities: In case the Operator is required to set up ancillary facilities at site like Fuel storage, DG set etc., the ULB may assist the Operator in getting the same installed at site for period of contract only. However, the necessary permissions required are to be obtained by the Operator at his cost. All handling of explosives, including storage, transport shall be carried out under the rules approved by the "Explosives Department of the Government".
- f. The area of the dumpsite which shall be cleared and cleaned shall remain with the ULB.

6 Obligations of the Operator

- a. Prior to the start of project operations, the Operator shall be responsible for obtaining all Statutory Clearances, Permission, Licenses, and Authorizations necessary for the Project at their own cost and Housing & Urban Development Department, Odisha shall provide the assistance accordingly.
- b. The Operator shall make the necessary changes in the work plan and finalize it as per discussions with Puri Municipality.
- c. Construction and erection of the plant and creation of other allied facilities shall be completed within 6 (six) months from the date of receipt of work order. This shall include the mobilization period and time period required for getting necessary statutory clearances/permissions. After completion of construction and erection of the plant, operation of the plant shall commence which shall be considered as Commercial Operation Date (COD) of the project.
- d. If required during and for the project, the Operator shall have to manage all type of wastewater as per the CPCB guidelines/SPCB/ any other applicable guidelines.
- e. The Operator shall observe zero residue/inert model during the process of bio-mining of the entire site throughout operation period. Byproducts from such processing viz. recyclables, gas, energy etc shall be the property of the Operator. It is expected that e-waste, hazardous waste and recyclables such as the plastic, glass, metal etc. does not any way form the part of inert waste.
- f. Inert for Operator would mean non-biodegradable, non-recyclable and noncombustible fraction. Definition of inert shall be as per CPCB 2019 guidelines. However this particular project is aim at zero inert/residue due to processing of legacy waste.
- g. The Operator has to obtain all required permissions/NOCs from various authorities like

8A

Odisha State Pollution Control Board (OSPCB), in order to process existing SW dumped at the ULB in package-II. Puri Municipality may assist the Operator in obtaining these permissions and provide requisite NOC's wherever required without any delays.

- 2. The Operator shall process the legacy waste on a daily basis and the final archive shall not be kept for more than 20 days within the Project Site.
- a. The Operator shall ensure that all the aspects of project and process employed, for Bio-mining thereof shall confirm with the laws pertaining to environment, health and safety aspects including rules such as SW rules 2016, policies and guidelines related thereto. The aspects relating to employee and worker safety, control mechanisms of litter, pest, fire, surface runoffs etc., needs to be followed.
- j. The Operator shall hand over all the assets and take back machines/ equipment in connection to this project at the end of the project period at their own cost.
- k. Arrangement of water and electricity required for the project shall be the responsibility of the Operator at their own cost. The ULB shall provide assistance in this regard. However, the cost of usage shall be paid by the Operator as per actuals based on appropriate meter readings from the meters installed.
- l. The Operator shall not be permitted to use the municipal land at any point of time of contract to mortgage (or) to be used as a security for mobilizing finance for this purpose (or) any other purpose.
- m. Submission of progress report to Puri Municipality on daily, monthly and quarterly basis. The monthly and quarterly reports shall be submitted within 7 (seven) days of the subsequent month and quarter respectively.
- n. Operator shall submit proper material flow analysis with disposal pathways of processed waste periodically to avoid indiscriminate dumping of waste. Every month, cement companies should certify the amount of RDF they have received from the bidder. Valid certificate from concerned party to be submitted on demand.
- 1. The Operator shall submit the Bank Guarantee for Mobilization Advance as well as the Performance Security as per the conditions stipulated in this Clause -8.

p. Environmental Standards: -

- 1. The Operator has to follow the Environmental Standards as mentioned below
 - a. Air Quality Monitoring: As per Solid Waste Management Rules 2016 (SWM Rules 2016) or amendments thereafter with respect to baseline site parameters.
 - b. Noise Monitoring – As per Noise Pollution Rules 2000 or amendments thereafter with respect to baseline site parameters.
 - c. Leachate Treatment must be made as per Solid Waste Management Rules 2016 (SWM Rules 2016), CPCB 2019 Guidelines on Legacy Waste or amendments thereafter with respect to baseline site parameters.
 - d. Odour Monitoring – As per CPCB guidelines 'Odour Pollution & Its Control May 2008' or amendments thereafter with respect to baseline site parameters.
 - e. Water Quality Monitoring - As per Solid Waste Management Rules 2016 (SWM Rules 2016) or amendments thereafter with respect to baseline site parameters.
 - f. Aggregate Disposal- As per Solid Waste Management Rules 2016 (SWM Rules 2016) or amendments thereafter with respect to baseline site parameters.
 - ii. The Operator has to make all the necessary arrangement for 24x7 online monitoring of environmental standards to the extent possible.
- 1. iii. The Operator may appoint a Professional Consultant/ Company approved by MoEF /

NABET to achieve these standards.

-66-

NOTARISED INSTRUMENT

1. iv. Hazardous waste:

The Operator shall segregate any Hazardous waste [as defined in Hazardous Waste (Management, Handling and Trans-boundary Movement) Rules, 2008] if existing inside the site and separately earmarked. It is the Operator responsibility to dispose of the same at OSPCB's approved sites in accordance with Hazardous Waste (Management, Handling and Trans-boundary Movement) Rules, 2008 or amendments thereafter.

- v. It is the sole responsibility of the operator to abate the odour and fire nuisance on site. The Operator has to use enzyme/herbal based products which shall help to abate the odour and flies nuisance. Necessary fire fighting vehicles shall be arranged to abate the fire nuisance. However, in case of major fire incidence, the ULB may assist by providing fire fighting vehicles according to availability at that time. Necessary safety gears shall be provided by the operator to all staff working as per the good industry practice.
- vi. The Operator shall ensure that material which is to be transported for disposal after scientific processing is not dumped at respective Dumping Ground. They can make necessary arrangement like fencing or any other suitable arrangement as directed by the ULB authorities to prevent such events.

7 Obligations of ULB

- a. The ULB shall approve the Work Plan submitted by the Operator within a period of 21 (twenty-one) days from the date of submission.
- b. Throughout the project period, the ULB shall ensure that fresh solid wastes generated in the city are not dumped within the site once handing over of the same is completed.
- c. The ULB shall indemnify the Operator against the baseline environmental conditions of the dumpsite in Package-II
- d. Departmental technical committee for legacy waste. Departmental technical committee shall review a comprehensive final completion report of the project prepared by bidder, after the project reaches a stage of substantial completion during the period of the contract. These reports shall be submitted immediately after the completion of the work by the bidder and before taking over by Housing & Urban Development Department, Odisha. The report shall incorporate summary of the method of operation, the operation supervision performed, problems encountered, and solutions undertaken thereon. The Departmental technical committee for legacy waste shall summarize and consolidate project completion in a single report by incorporating all the key information of the entire operation.

8 Terms of Payment

- I. Tipping Fee: The ULB shall pay Processing fees at the rate of Rs489/- (Rupees four hundred eighty nine only) exclusive of GST per metric ton processing of Legacy waste from the project site on per month basis after obtaining recommendations from Departmental technical committee for legacy waste of Puri Municipality .Copy of financial quote of the Bidder (Appendix-B).
- II. Mobilization Advance: Mobilization advance equivalent to 5 (five) % of the approved project cost shall be given by Puri Municipality to the Operator in a single installment against the submission of the following:

For ROHINI FIRE SAFETY PVT. LTD.

Managing Director

ATTESTED BY: Dillip Kumar Samantary Notary Public Govt. of India Regd. No. 13703

Identified by Executive Officer, Puri Municipality, Puri

NOTARISED INSTRUMENT

a. Irrevocable Bank Guarantee for Mobilization Advance whose value shall be equal to 110 (one hundred and ten) percent of the Mobilization Advance. The Bank Guarantee shall be obtained from any Nationalized/ Scheduled Bank branch based in Bhubaneswar counter guaranteed from local bank.

b. Execution of the Form of Agreement by the parties thereto.

c. Submission of Security Deposit/Performance Bank Guarantee by the Bidder.

The Mobilization Advance shall be paid to the Bidder within 30 (thirty) days after fulfilling all the above requirements under sub items (a) to (c). It shall be calculated as mentioned below:

Mobilization Advance = 0.05 * Approved Project Cost

Wherein:

Approved Project Cost = 2,24,880.36 MT dumpsite in Puri Municipality * Rs. 489/- for per MT of legacy waste on the project site = Rs.10,99,66,496 /-

The Bank Guarantee/s for the Mobilization Advance shall be valid till the full recovery of the advance is made. The Operator shall use the advance payment only towards expenses for plant and machinery, preliminary site establishment works and to meet expenses required specifically to carry out the works.

iii. Recovery of Mobilization Advance: Recovery of Mobilization Advance paid against bank guarantee aforesaid, shall be made by deductions from the monthly payments from first 6 running bills in equal installments. If the amount payable under any running bill is not sufficient to cover all deductions to be made on this account and other sums deductible, the balance outstanding shall be deducted from subsequent bills as may be necessary.

iv. Certification of Payments / Bills:

1. Payment shall be made to the Operator every month on the basis of weightment of net quantity of input waste processed from each dumpsite.
2. The Operator shall receive payment from Puri Municipality as per the Agreement and by obtaining and submitting to the ULB, the certificate from the in-charge officer or site engineer or any other monitoring mechanism decided ULBs along with the certification of weightment slips by the in charge officer for each trip of legacy waste weighed.
3. The reconciliation of the bills shall be done by the ULB Level technical committee for legacy waste formed by the Puri Municipality before the bill is submitted for payment.
4. The payments to the Operator shall be made on monthly basis as per the following formula:

Monthly Payment = {(Total quantum of Waste processed from the project site per month) * Approved Processing Fee per MT} - Applicable Penalty - Mobilization Advance (if applicable)

1. 5. The Operator shall raise monthly invoice by the 7th of the subsequent month and submit to the ULB Level technical committee for legacy waste.
6. ULB Level technical committee for legacy waste, shall evaluate the submitted invoice and inform Operator if any discrepancy or changes/modifications required within 7 working days from the date of receipt of the invoice.

If any change/modification is prescribed by Puri Municipality Departmental technical committee for legacy waste in the submitted invoice, the Operator shall revise the invoice within 7 (seven) working days since the receipt of intimation of such change/modification from technical committee for legacy waste.

8. After recommendation for payment of the invoice amount from the ULB level technical committee for legacy waste (the said technical committee is to be notified by the District Collector & DM concerned and should have a representative of the District Collector & DM concerned as a member), the payment shall be released to the Operator within 30 (Thirty) working days from the date of submission of the original invoice in accordance with the terms and conditions of this agreement.

9. Delay in Payments: In case, Puri Municipality fails to make payment due within 30 (Thirty) working days from the date of receipt of the original invoice shall carry interest rate of SBI MCLR plus 2 (two) percent from the due date of payment thereof until the same is paid to or otherwise realized by the Operator entitled to the same.

10. Beyond 180 days, In case the Puri Municipality fails to make any payments due to the Operator without giving any reason, the Operator can issue notice for Termination of the Contract.

Penalty of Rs. 50,000/- per incidence per day till compliance is achieved in both the above cases.

Incentives for Early Completion

The total duration of project including mobilization period and time period required for getting necessary statutory clearances/permissions (effective period) is 287 days. However, in case bidder completes the project before stipulated timeline, Incentives will be paid @2.5% of total contract value for every 6 (six) months early completion. The payment on account of this shall be paid after complete bio-mining of the legacy waste from the site and bringing the site to its original position.

14. Sub contracting

- I. The Operator may sub-contract any portion of work, up to a limit specified in Clause 1.12.3 (v), with the approval of the Officer-In-Charge but may not assign the contract without the approval of the employer in writing. Sub-contracting does not alter the Operator's obligations.
- II. The operator shall not be required to obtain any consent from the employer for:
 - a. the Sub-contracting of any part of the works for which the sub-contractor is named in the contract;
 - b. the provision of labour; and
 - c. The purchase of materials which are in accordance with the standards specified in the contract.
 - d. Beyond this if the operator proposes sub-contracting any part of the work during execution of works, because of some unforeseen circumstances to enable him to complete the work as per terms of the contract, the Employer will consider the following before according approval:

The operator shall not sub-contract the whole of the works.

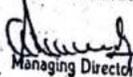

The operator shall not sub-contract any part of the work without prior consent of the Employer. Any such consent shall not relieve at the operator from any liability or obligations under the contract and he shall be responsible for the acts, defaults and neglects of any sub-contractor, his agents or workmen as fully as if they were the acts, defaults or neglects of the operator, his agents or workmen.

The Employer should satisfy whether (a) the circumstances warrant such sub-contracting; and (b) the sub-contractors so proposed for the work possess the experience, qualification and equipment necessary for the job proposed to be entrusted to them in proportion to the quantum of work to be sub-contracted.

If payments are proposed to be made directly to that sub-contractor, this should be subject to specific authorization by the operator so that this arrangement does not alter the operator's liability or obligations under the contract.

Note : All bidders are expected to indicate clearly in the bid, if they proposed sub-contracting elements of the works amounting to more than 20 percent of the Bid Price. For each such proposal the qualification and the experience of the identified sub-contractor in the relevant field should be furnished along with the bid to enable the employer to satisfy himself about their qualifications before agreeing for such sub-contracting and include it in the contract.

10. Weighment System and Monitoring

i. Weighment

The Operator has to set up weighbridge of required capacity or any other suitable system for weighment as approved by the ULB or measurement of SW to be processed. This weighment system shall meet following conditions:

- a. It shall be fully online electronic, automatic system equipped with the latest technology along with backup server facility. Data of weighment system shall be maintained properly for the entire contract period with backup server facility and shall be provided as & when required by the ULB officials and competent authorities.
- b. The calibration of the weigh bridge should be carried out using software without any manual intervention and the record of all such calibration needs to be automatically generated and stored in the system for any kind Internal/ Statutory Audit. The Contractor / Agency shall be responsible for verification and stamping by the Legal Metrology Department as per Statutory provision of the weighbridge on or before the expiry date.
- ✓ c. It shall be operated in CCTV surveillance with data storage of entire contract period. For CCTV surveillance High-Definition IP based cameras in adequate numbers (as directed by Puri Municipality) shall be provided by the Operator.
- ✓ d. CCTV picture recordings of operation of weighment system with vehicle number shall be provided as and when required by the ULB officials and competent authorities. The monitoring of the weighbridge shall be done by the ULBs and the details shall be finalized during the preparation of the Work Plan.
- e. All the data acquisition of weighment system comprising weighment of SW to be processed shall be done on real time basis through online on website <http://www.urbanodisha.gov.in> in public domain in view of the transparency of project operations. Dedicated connectivity for the ULB users and citizens shall be provided by the Operator.
- f. In case any malfunction/technical problem in the functioning of weighment system, the same shall be rectified by Operator within period of 24 hrs. Stand by weighbridge shall be kept ready for eventuality.

ii. Monitoring

- a. The plant site shall be properly fenced with one entry and one exit points and all vehicles are RFID tagged installed with On Board Unit (OBU) and GPS enabled to map their movement.
- b. RFID tagged with unique numbering system shall be used for input line, output line and other vehicles engaged in excavation and pre-stabilization.
- c. Boomer shall be installed at entry, exit points and also before just entering input line of the plant.
- d. Fully online electronic, automatic system equipped with PLC and SCADA based monitoring with latest state of the art technology along with backup server facility shall be used for daily monitoring.
- ✓ e. CCTV surveillance on each processing line/points, entry and exit points with high

definition PTZ camera and further storage of data of pictures of work undertaken on daily basis.

- f. The treatment plant shall be provided with necessary infrastructure like security and access control/s 24x7 throughout the year.
- g. The Operator has to carry out drone mapping at the beginning of the project and after every quarter of a year. Relevant drone software shall be used to create 3D structural models and for volumetric measurements and estimate depth of dump site. The following steps need to be strictly adhered by the bidders.
 - 1. 1. Conduct drone mapping at the beginning of the project to create 3D structural models, and to estimate the total volumetric measurements and depth of the dumpsite. This will act as a base line information of the legacy waste site.
 - 2. Repeat drone mapping after every quarter to create the revised 3D structural models. Superimpose this with the previous 3D structural models to find out the volumetric reduction and also reduction in depth.
 - 3. Use weight density of 0.8 MT/Cum to calculate the quantity of reduction in Metric Ton.
 - 4. Submit the quantity reduction data in Metric Ton and full report along with electronic & automated weighment data of legacy waste processed, CCTV footage etc. to process payment.
 - 5. If the quantity of reduction in Metric Ton arrived through drone mapping is within 5% of weighment through weighbridge, then the payment made based on weighbridge weight shall be considered as final. However, if the quantity of reduction in Metric Ton in drone mapping is beyond 5%, the payment on account of difference beyond 5% shall be recovered from the next bill.

11 Quality Control

- a. **Identifying defects:** The Employer shall check the Operator's work and notify the Operator of any Defects that are found. Such checking shall not affect the Operator's responsibilities. The Employer may instruct the Operator to search for a Defect and to uncover and test any work that the Employer considers may have a Defect.
- b. **Tests:** If the Employer instructs the Operator to carry out a test not specified in the Specification to check whether any work has a Defect and the test shows that it does, the Operator shall pay for the test and any samples. If there is no Defect the test shall be a Compensation Event. Test/s related to presence of methane while operations shall be conducted using online methane analyzer, in addition to this any additional test related to presence of excessive leachate or hazardous material may be proposed.
- c. **Correction of defects**
 - i. The Employer shall give notice to the Operator of any Defects before the end of the Defects Liability Period, which begins at Completion and continue till end of one year. The Defects Liability Period shall be extended for as long as Defects remain to be corrected.
 - ii. Every time notice of a Defect is given; the Operator shall correct the notified Defect within the length of time specified by the Employer's notice.
- d. **Uncorrected defects :** If the Operator has not corrected a Defect within the time specified in the Employer's notice, the Employer will assess the cost of having the Defect corrected, and the Operator will pay this amount

12. Force Majeure

The project operation is subject to Force Majeure conditions as under:

If at any time, during the currency of the contract, the performance in whole, or part by either party or any obligation under the contract shall be prevented or delayed by reasons of any war, hostility acts of public enemy, civil commotion, sabotage, fires, floods, explosions, epidemics, quarantine, restrictions, strikes, lock-outs or acts of God, provided notice of the happening of such events is given by either party to other, within 21 days from the date of occurrence thereof, neither party shall by reason of such event be entitled to terminate the contract nor shall either party have any claim for damage against the order in respect of such non-performance or delay in performance and deliveries under the contract shall be resumed as soon as practical, if such event has come to an end or ceased to exist.

13 Termination

Termination on expiry of the CONTRACT:

The Agreement shall be deemed to have been automatically terminated on the expiry of the Contract period unless the Puri Municipality has exercised its option to extend the Contract in accordance with the provisions, if any, of the Contract.

b. Termination on account of Force Majeure:

Either party shall have the right to terminate the Contract on account of Force Majeure, as set forth in Section Three.

c. Termination on account of insolvency: In the event the Successful Bidder at any time during the term of the Contract becomes insolvent or makes a voluntary assignment of its assets for the benefit of creditors or is adjudged bankrupt, then the Puri Municipality shall, by a notice in writing have the right to terminate the Contract and all the Successful Shortlisted Bidder's rights and privileges hereunder, shall stand terminated forthwith.

d. Termination on breach of contract: A breach by the Successful Bidders of its obligations hereunder and such breach not being rectified by the Successful Bidders within 30 working days of receipt of the notice of Puri Municipality intimating such breach. Upon termination, the Successful Bidders shall surrender all the data, material and assets belonging to the Puri Municipality.

e. Termination for delay: Successful Bidders shall be required to perform all activities/services as per this conditions and specifications. If the Successful Bidders fails to do so, the ULB shall give a written notice to fulfill the applied conditions and specifications within the next 30 working days, failing which the Contract is liable for termination.

f. Consequences of termination: In all cases of termination herein set forth, the obligation of the Puri Municipality to pay shall be limited to the period up to the date of effective termination. Notwithstanding the termination of the Agreement, the parties shall continue to be bound by the provisions of the Agreement that reasonably require some action or for bearance after such termination.

14 Disputes Resolution

- a. The Puri Municipality and the Bidders shall make every effort to resolve amicably by direct informal negotiations any disagreement or dispute arising between them under or in connection with this RFP Document.
- b. If, within 30 (thirty) days from the commencement of such informal Negotiations, Parties are unable to resolve the dispute amicably, they shall refer the dispute to an Arbitral Tribunal consisting of three arbitrators, one each appointed by the Puri Municipality, and the Operator and the two arbitrators together appoint a third arbitrator who shall act as the presiding arbitrator. The decision of the Arbitral Tribunal shall be final and binding on both the parties in accordance with the Arbitration and Conciliation Act, 1996, as amended from time to time.
- c. All Arbitration proceedings shall be held at Bhubaneswar and the language of the arbitration proceedings and that of all documents and communications between the parties shall be English.

15. Insurance:

- i. The Operator shall prior to commencing the works, effect and thereafter maintain insurances, in the joint names of the Puri Municipality and the Operator, (cover from the first working day after the Start Date to the end of Defects Liability Period), to an amount as per Appendix- E:
 - 1. For loss of or damage to the Works, Plants and Materials and the Operator's equipment.
 - 1. For liability of both Parties for loss, damage, death and injury to third parties or their property arising out of the Operator's performance of the Contract including the Operator's liability for damage to the property of Puri Municipality other than the Works and
 - 1. For liability of both Parties and of Puri Municipality's representative for death and injury to the Operator's personnel except to the extent that liability arises from the negligence of the ULB, any ULB's representative or their Employees.
- ii. Policies and certificates for insurance shall be delivered by the Operator to the Puri Municipality for his approval before the Start Date. All such insurance shall provide for compensation to be payable to rectify the loss or damage incurred. All payments received from insurers relating to loss or damage shall be held jointly by the Parties and used for the repair of the loss or damage or as compensation for loss or damage that is not to be repaired.
- iii. If the Operator fails to effect or keep in force any of the insurances referred to in the previous sub-clauses or fails to provide satisfactory evidence, policies or receipts, the Puri Municipality may without prejudice to any other right or remedy, effect insurance for the cover relevant to such default and pay the premiums due and recover the same as a deduction from any other monies due to the Operator. If no payments are due, the payment of the premiums shall be a debt due.
- iv. Alterations to the terms of insurance shall not be made without the approval of the Puri Municipality.
- v. Both Parties shall comply with any conditions of the Insurance policies.

16 Miscellaneous

NOTARISED INSTRUMENT

1. Puri Municipality may delegate any of his duties and responsibilities to other people after notifying the Operator and may cancel any delegation after notifying the Operator.
2. Communications between parties which are referred to in the conditions are effective only when in writing. A notice shall be effective only when it is delivered (in terms of Indian Contract Act).
3. The Operator shall cooperate and share the Site with other Operators, public authorities, utilities, and Puri Municipality as and when required.
4. The Operator shall employ the technical personnel (of number and qualifications) as may be stipulated by Govt. of Odisha from time to time during the execution of the work. The technical staff so employed shall be available at site as may be stipulated in the approved Work Plan.
5. If the Puri Municipality asks the Operator to remove a person who is a member of the Operator's staff or his work force stating the reasons, the Operator shall ensure that the person leaves the Site within seven days and has no further connection with the work in the Contract.
6. Puri Municipality is responsible for the excepted risks which are:
 - a. Rebellion, riot commotion or disorder unless solely restricted to employees of the Operator or his Sub-Operators arising from the conduct of the Works; or
 - b. A cause due solely to the design of the Works, other than the Operator's design; or
 - c. Any operation of the forces of nature (in so far as it occurs on the Site) which an experienced Operator:
 - i. Could not have reasonably foreseen; or
 - ii. Could reasonably have foreseen, but against which he could not reasonably have taken at least one of the following measures;
 - A. Prevent loss or damage to physical property from occurring by taking appropriate measures or
 - B. Insure against such loss or damage
7. All risks of loss of or damage to physical property and of personal injury and death which arise during and in consequence of the performance of the Contract other than the excepted risks are the responsibility of the Operator. The Operator or its sub-contractor shall indemnify Puri Municipality any eventuality or miss-happening that may arise due to any reason during the course of execution of the contract.
8. The Operator, in preparing the tender, may refer to the investigation reports as annexed in the Annexure, supplemented by any information available to the Tender on its own. However, the Tenders are requested to investigate at their end for the completeness and correctness of the information. The Puri Municipality shall not be responsible for any lack on information for filling/execution of the Tender.
 - i. Approval by the Employer:
 - a. The contactor shall submit the specifications and the drawings showing the proposed works and Temporary Works as required to the Employer, who is to approve them if they comply with the Specifications and Drawings.
 - b. The Operator shall be responsible for the design of the Works.

~~178~~

The Employer's approval shall not alter the Operator's responsibility for design of all the project's work including Temporary Works

- d. The Operator shall obtain approval of third parties to the design of third parties to the design of the temporary Works where required.
 - e. The Operator shall submit the working Drawings for all the works under the contract as applicable or required.
 - f. All Drawings including prepared by the Operator for the execution of the permanent or temporary Works, are subject to prior approval by the Employer before their use.
9. Safety : The Operator shall be responsible for the safety of all activities on the Site.
10. Discoveries: Anything of historical or other interest or of significant value unexpectedly discovered on the Site is the property of the Employer. The Operator is to notify the Employer of such discoveries and carry out the Employer's instructions for dealing with them.
11. Access to the Site: The Operator shall allow the Employer and any person authorized by the Employer access to the Site, to any place where work in connection with the Contract is being carried out or is intended to be carried out and to any place where materials or plant are being manufactured / fabricated / assembled for the works.
12. The Operator shall carry out all instructions of the Employer which comply with the applicable laws where the Site is located.
