Memo. No. Ch-55/FTPS/2024/138/Vol-II

Dated: 30.06.2026

Subject:

Regarding Utilization of 152 Acres of 'New Ash Dyke' land at FTPS, Faridabad in view of the Hon'ble NGT orders dated 25.03.2026 in OA 360 of 2023.

Apropos the subject OA, disposed of in terms of the order dated 25.03.2026 by the Hon'ble Principal Bench, NGT, New Delhi, it is intimated that in pursuance of compliance with the aforesaid order, the answering respondent constituted a Technical Committee to explore the utilization of the reclaimed land at 'New Ash Dyke', FTPS, Faridabad, admeasuring 152.44 Acres and has recommended that the said land is proposed for plantation under the institutional land component by the Forest Department. A letter bearing memo no. 284/CH-29/CE/Plg/Solar-359 dated 24.06.2026 is attached herewith for ready reference.

Thus, you are hereby requested to take the attached memo on record and acknowledge due compliance of order dated 25.03.2026 passed by the Hon'ble Principal Bench, NGT, New Delhi, in OA No. 360 of 2023 by HPGCL (answering respondent).

This is for your kind information and further necessary action.

Memo No. 284/CH-29/CE/Plg/Solar-359

Dated: 24.06.2026

Subject: Utilization of 152 Acres of New Ash Dyke land at FTPS, Faridabad in view of the Latest NGT orders dated 25.03.2026.

Haryana Power Generation Corporation Limited (HPGCL), formerly HSEB, owns 152.44 acres of land designated as New Ash Dyke site for dumping of ash from Faridabad Thermal Power Station (FTPS) wherein 40 LMT of ash was historically dumped. As per MoEF&CC guidelines, all the ash dykes are to be stabilized where the legacy ash are dumped. Following the complete evacuation of claimable pond ash to the Natural Ground Level (NGL), the Hon'ble National Green Tribunal (NGT), in its order dated 25.03.2026 (Copy Attached), disposed of the matter with directions to utilize the area for the betterment of the environment i.e. planning of dense forestation including development of Miyawaki forest, if not put to other use/feasible project.

In compliance with these directions, a technical Committee comprising of Director/Technical-III, CE/Planning, and CE/FTPS, Panipat, was constituted to explore the utilization of this reclaimed land. After conducting a site visit and assessing geographical conditions—specifically the site's location within the Aravalli range and its status—the Committee has recommended the following:-

- **NGT Compliance:** The 152.44 acres New Ash Dyke land is proposed for plantation in phased manner under the institutional land component by the Forest Department. While the ownership of the land will remain with HPGCL, the Forest Department will undertake the plantation activities.
- **Future Provision:** If a viable and feasible project be identified in the future, the plantation may be cleared after obtaining prior statutory permissions and clearances from the Forest Department.

Keeping in view the Hon'ble NGT's directions and the site status, the proposal of HPGCL is submitted for your kind consideration and necessary approval so that HPGCL may proceed further to initiate the forestation/plantation at 152 acres of New Ash Dyke land, FTPS Faridabad.

DA: As above
