Compliance Report of status as on 30.04.2023 in the Matter of Original Application No. 438/2018 Arti Versus Central Ground Water Authority & Ors. Dated 17.10.2022 (revised on 24.04.2023)

1.0 BACKGROUND

Original Application 438/2018 pertains to the issue of compliance to regulation of indiscriminate boring and withdrawal of ground water for sustainable water resource management in Ghaziabad. The Hon'ble NGT considered the issue in broader spectrum and addressed the issue of indiscriminate boring in 09 major cities of Uttar Pradesh apart from Ghaziabad namely Lucknow, Kanpur, Agra, Meerut, Gautam Buddha Nagar, Bareilly, Varanasi, Jhansi, and Gorakhpur.

In the OA 438/2018 vide order dated 31.07.2018 Hon'ble NGT directed Central Ground Water Authority (CGWA) and Jal Nigam, Uttar Pradesh to furnish a report about the factual aspects of the case. CGWA informed that except one no other hotel out of 122 hotels in Ghaziabad had permission for withdrawal of ground water. In the series of hearings, the Hon'ble NGT directed CGWA to place complete information about the compliance status of all the hotels, after interaction with the District Magistrate and State Pollution Control Board (SPCB).

A report dated 03.12.2021 submitted by CGWA after visiting 121 units, has informed that there were large scale violations. In the view of this report, Hon'ble NGT vide order dated 25.02.2022 directed to issue notice to the concerned hotels and impose interim Environmental Compensation. Further, Hon'ble NGT also directed to submit a report about the remedial action taken by the CGWA, SPCB and U.P Jal Nigam in Ghaziabad and 09 major cities of Uttar Pradesh. A joint Committee is constituted vide order dated 25.02.2022 comprising Uttar Pradesh Pollution Control Board (UPPCB), CGWA and concerned District Magistrates to identify hotels, marriage/ banquet halls, resorts, guest houses etc. in Lucknow, Kanpur, Agra, Meerut, Gautam Buddha Nagar, Bareilly, Varanasi, Jhansi, and Gorakhpur extracting ground water without NOC from competent authority, take remedial action and submit report.

In compliance of the above directions, UPPCB and CGWA have each submitted their corresponding reports dated 24.09.2022, 26.09.2022 respectively, as well as further

additional submissions by CGWA and report by UP Jal Nigam dated 14.10.2022 and 15.10.2022 respectively.

Some of the directions in the Hon'ble NGT order dated 17.10.2022 (revised on 24.04.2023) are as follows:

“.....24. Learned Counsel for UP Jal Nigam suggests that interim compensation may be as per guidelines dated 24.09.2020 (though found to be inadequate by the Tribunal in earlier judgement dated 25.2.2022 inOA176/2015). According to him, such interim compensation should be for atleast five years prior to filing of this application as per section 15 of the NGT Act but in any case, from 1.10.2017 to 30.9.2022. It works out to Rs.50 lakhs per establishment having more than 100 rooms, Rs. 25 lakhs per establishment having 50-100 rooms and Rs. 10 lakhs per establishment having upto 50 rooms. This is calculated at the rate of Rs. 80 per KL/cubic metre, taking consumption to be 350 liters per room per day, which comes to be Rs. 10,000 per room per year. For 100 rooms, it will be Rs. 10 lakhs per year and for five years Rs. 50 lakhs. Same basis applies to other calculations. No other basis is suggested by any learned Counsel. We find the suggestion to be acceptable.

25. After hearing learned Counsel for the appearing establishments, we direct interim compensation at above rate be deposited by all the establishments identified as extracting groundwater without permission as well those not having consents to operate under the Water Act. Any earlier deposit will be adjusted in the interim compensation, subject to verification by the District Magistrate. This will be without prejudice to further action by statutory regulators as per law. Deposit may be made within one month with the respective District Magistrates, failing which theft cases be registered against the concerned establishments and bore-wells sealed. The compensation deposited will be kept in separate accounts by the District Magistrates for utilisation in accordance with the respective District Environment Plans within six months for improving water quantity and quality, restoring water bodies and taking other relevant measures in the irrespctive Districts. This task may be given specifically to an officer of level of ADM, who may report to the District Environment Committee already constituted as per directions of this Tribunal dated 26.09.2019 in OA No.360/2018, *Shree Nath Singh vs. Union of India &Ors.*

26. We also direct the joint Committee constituted by CGWA, mentioned in para 11 above, to assess final compensation as per above guidelines, after giving opportunity to the concerned establishments, within three months. Any party aggrieved by such orders can take their statutory or other remedies as per law. This order may be served by the Committee by email on all the identified violators individually within one week.

27. We further direct the Committee constituted by CGWA as mentioned above in para 11 may verify the compliance status in respect of establishments for whom such status has not been so far verified either on account of such establishments being closed or having not furnished the information. This may be done within one month. On such verification, above course of action may be followed for them.

28. Action may also be taken for the establishments having not taken requisite consents under the Water (Prevention and Control of Pollution) Act, 1974 and Air (Prevention and Control of Pollution) Act, 1981.

.....30. We also direct the concerned statutory regulators to look into and regulate use of potable water for non-contact purposes for which non potable water can be used to augment availability of potable water for drinking. If consents/NOCs are not applied for within one month, the establishments may be closed by the State PCB. If filed, such applications may be examined within next one month. Consent mechanism may also cover conditions in terms of order of this Tribunal dated 23.07.2020 in O.A. No. 400/2017, Westend Green Farms Society vs. Union of India &Ors. applicable to such establishments.

Tacking note of compliance to the Hon'ble NGT regarding illegal abstraction of ground water, Hon'ble NGT has passed order dated 17.10.2022. The relevant part of the order is as follows:

".....24. Learned Counsel for UP Jal Nigam suggests that interim compensation may be as per guidelines dated 24.09.2020 (though found to be inadequate by the Tribunal in earlier judgement dated 25.2.2022 in OA2015). According to him, such interim compensation should be for at least five years prior to filing of this application as per section 15 of the NGT Act but in any case, from 1.10.2017 to 30.9.2022. It works out to Rs. 50 lakhs per establishment having more than 100 rooms, Rs. 25 lakhs per establishment having 50-100 rooms and Rs. 10 lakhs per establishment having upto 50 rooms. This is calculated at the rate of Rs. 80 per KL/cubic metre, taking consumption to be 350 KL per room per day, which comes to be Rs. 10,000 per room per year. For 100 rooms, it will be Rs. 10 lakhs per year and for five years Rs. 50 lakhs. Same basis applies to other calculations. No other basis is suggested by any learned Counsel. We find the suggestion to be acceptable.

26. We also direct the joint Committee constituted by CGWA, mentioned in para 11 above, to assess final compensation as per above guidelines, after giving opportunity to the concerned establishments, within three months....."

Environmental Compensation Report in compliance to order dated 17.10.2022 passed by Hon'ble National Green Tribunal in OA No. 438/2018 Arti Verses CGWA &Ors.

In reference to the above, Hon'ble National Green Tribunal in O.A. no. 438/2018 Arti Versus CGWA &Ors passed order on 17.10.2022, para 24,26 and 27 mentioned as below: -

" 24. Learned Counsel for UP Jal Nigam suggests that interim compensation may be as per guidelines dated 24.09.2020 (though found to be inadequate by the Tribunal in earlier judgement dated 25.2.2022 in OA2015). According to him, such interim compensation should be for at least five years prior to filing of this application as per section 15 of the NGT Act but in any case, from 1.10.2017 to 30.9.2022. It works out to Rs. 50 lakhs per establishment having more than 100 rooms, Rs. 25 lakhs per establishment having 50-100 rooms and Rs. 10 lakhs per establishment having upto 50 rooms. This is calculated at the rate of Rs. 80 per KL/cubic metre, taking consumption to be 350 KL per room per day, which comes to be Rs. 10,000 per room per year. For 100 rooms, it will be Rs. 10 lakhs per year and for five years Rs. 50 lakhs. Same basis applies to other calculations. No other basis is suggested by any learned Counsel. We find the suggestion to be acceptable.

26. We also direct the joint Committee constituted by CGWA, mentioned in para 11 above, to assess final compensation as per above guidelines, after giving opportunity to the concerned establishments, within three months. Any party aggrieved by such orders can take their statutory or other remedies as per law. This order may be served by the Committee by email on all the identified violators individually within one week.

27. We further direct the Committee constituted by CGWA as mentioned above in para 11 may verify the compliance status in respect of establishments for whom such status has not been so far verified either on account of such establishments being closed or having not furnished the information. This may be done within one month. On such verification, above course of action may be followed for them. "

The joint team comprising of member from **Central Ground Water Board, Lucknow, District Magistrate Office, G.B Nagar and Uttar Pradesh Pollution Control Board, Noida and Greater Noida** to calculate compensation on hotels.

COMPLIANCE REPORT OF PARA 24 AND 26 OF HON'BLE NGT ORDER DATED 17.10.2022
IN CASE OF ARTI VS CGWA AND ORS (O.A No. 438/2018)

1. Background

Taking note of compliance to the Hon'ble NGT regarding illegal abstraction of groundwater, Hon'ble NGT has passed order dated 17.10.2022. The relevant part of the order is as follows: ".....24. Learned Counsel for UP Jal Nigam suggests that interim compensation may be as per guidelines dated 24.09.2020 (though found to be inadequate by the Tribunal in earlier judgement dated 25.2.2022 in OA2015). According to him, such interim compensation should be for atleast five years prior to filing of this application as per section 15 of the NGT Act but in any case from 1.10.2017 to 30.9.2022. It works out to Rs. 50 lakhs per establishment having more than 100 rooms, Rs. 25 lakhs per establishment having 50-100 rooms and Rs. 10 lakhs per establishment having upto 50 rooms. This is calculated at the rate of Rs. 80 per KL/cubic metre, taking consumption to be 350 KL per room per day, which comes to be Rs. 10,000 per room per year. For 100 rooms, it will be Rs. 10 lakhs per year and for five years Rs. 50 lakhs. Same basis applies to other calculations. No other basis is suggested by any learned Counsel. We find the suggestion to be acceptable.

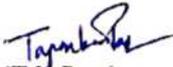

"26. We also direct the Joint Committee constituted by CGWA, mentioned in para 11 above, to assess final compensation as per above guidelines, after giving opportunity to the concerned establishments, within three months"

According to him, such interim compensation should be for atleast five years prior to filing of this application as per section 15 of the NGT Act but in any case from 1.10.2017 to 30.9.2022. It works out to Rs. 50 lakhs per establishment having more than 100 rooms. Rs. 25 lakhs per establishment having 50-100 rooms and Rs. 10 lakhs per establishment having upto 50 rooms. This is calculated at the rate of Rs. 80 per KL/cubic metre, taking consumption to be 350 KL per room per day, which comes to be Rs. 10,000 per room per year. For 100 rooms, it will be Rs. 10 lakhs per year and for five years Rs. 50 lakhs. Same basis applies to other calculations. No other basis is suggested by any learned Counsel. We find the suggestion to be acceptable.

26. We also direct the joint Committee constituted by CGWA, mentioned in para 11 above, to assess final compensation as per above guidelines, after giving opportunity to the concerned establishments, within threemonths. Any party aggrieved by such orders can take their statutory or other remedies as per law. This order may be served by the Committee by email on all the identified violators individually within one week.

27. We further direct the Committee constituted by CGWA as mentioned above in para 11 may verify the compliance status in respect of establishments for whom such status has not been so far verified either on account of such establishments being closed or having not furnished the information. This may be done within one month. On such verification, above course of action may be followed for them..."

Learned Counsel for UP Jal Nigam suggests that interim compensation may be as per guidelines dated 24.09.2020 (though found to be inadequate by the Tribunal in earlier judgement dated 25.2.2022 in OA2015). According to him, such interim compensation should be for atleast five years prior to filing of this application as per section 15 of the NGT Act but in any case from 1.10.2017 to 30.9.2022. It works out to Rs. 50 lakhs per establishment having more than 100 rooms, Rs. 25 lakhs per establishment having 50-100 rooms and Rs. 10 lakhs per establishment having upto 50 rooms. This is calculated at the rate of Rs. 80 per KL/cubic metre, taking consumption to be 350 KL per room per day, which comes to be Rs. 10,000 per room per year. For 100 rooms, it will be Rs. 10 lakhs per year and for five years Rs. 50 lakhs. Same basis applies to other calculations. No other basis is suggested by any learned Counsel. We find the suggestion to be acceptable.

26. We also direct the joint Committee constituted by CGWA, mentioned in para 11 above, to assess final compensation as per above guidelines, after giving opportunity to the concerned establishments, within three months. Any party aggrieved by such orders can take their statutory or other remedies as per law. This order may be served by the Committee by email on all the identified violators individually within one week.

27. We further direct the Committee constituted by CGWA as mentioned above in para 11 may verify the compliance status in respect of establishments for whom such status has not been so far verified either on account of such establishments being closed or having not furnished the information. This may be done within one month. On such verification, above course of action may be followed for them."

The action on 134 number of defaulter hotels, marriage halls, resorts and banquets may be taken as per Para 25, Para 28, Para 29, Para 30, Para 31, Para 32 and Para 33:

"...25. After hearing learned Counsel for the appearing establishments, we direct interim compensation at above rate be deposited by all the establishments identified as extracting

groundwater without permission as well those not having consents to operate under the Water Act. Any earlier deposit will be adjusted in the interim compensation, subject to verification by the District Magistrate. This will be without prejudice to further action by statutory regulators as per law. Deposit may be made within one month with the respective District Magistrates, failing which theft cases be registered against the concerned establishments and borewells sealed. The compensation deposited will be kept in separate accounts by the District Magistrates for utilisation in accordance with the respective District Environment Plans within six months for improving water quantity and quality, restoring water bodies and taking other relevant measures in their respective Districts. This task may be given specifically to an officer of level of ADM, who may report to the District Environment Committee already constituted as per directions of this Tribunal dated 26.09.2019 in OA No. 360/2018, Shree Nath Singh vs. Union of India & Ors.

28. Action may also be taken for the establishments having not taken requisite consents under the Water (Prevention and Control of Pollution) Act, 1974 and Air (Prevention and Control of Pollution) Act, 1981.

29. We further direct that while granting consents, requirement of installing digital water metres connected to central servers may be laid down. Concerned establishment may be required to furnish an 'Appraisal report' with regard to the quantity of ground water available for extraction in the area and replenishment measures proposed by the concerned establishment such as rain water harvesting, sewage treatment, use of treated sewage. Such Appraisal report may be duly verified by the State PCB by an appropriate mechanism. Such project proponents may also undertake measures to compensate environment, particularly augmenting water quantity and improve water quality by afforestation, education and other measures which may be mentioned in the consent conditions and NOCs for extraction of ground water. Further, in respect of establishments having water supply from the local bodies and also extracting ground water, there should be separate digital metres in respect of both sources.

30. We also direct the concerned statutory regulators to look into and regulate use of potable water for non-contact purposes for which non-potable water can be used to augment availability of potable water for drinking. If consents/NOCs are not applied for within one month, the establishments may be closed by the State PCB. If filed, such applications may be examined within next one month. Consent mechanism may also cover conditions in terms of order of this Tribunal dated 23.07.2020 in O.A. No. 400/2017, Westend Green Farms Society vs. Union of India & Ors. applicable to such establishments.

31. The States other than Uttar Pradesh may also study above directions and take further action by issuing necessary SOP through their Water Resources Departments and State PCBs within one month from today.

32. *Though opportunity of hearing was available to all the affected parties as they have been issued notices by PCB/DMs about present proceedings and will also have opportunity to present their respective cases before the joint Committee, any party aggrieved by the above order, who claims that opportunity of being heard was not given by the Tribunal, is free to avail such opportunity by moving an application in the present matter, apart from statutory remedies against assessment/recovery of compensation.*

33. *Report of status of compliance as on 30.04.2023 may be filed by the UP State PCB, after compiling the relevant data from the concerned District Magistrates by 15.05.2023 by e-mail at judicial-ngt@gov.in preferably in the form of searchable PDF/ OCR Support PDF and not in the form of Image PDF."*

Assessment of final Environmental Compensation in compliance to order dated 25.02.2022 followed by dated 17.10.2022 passed by

Hon'ble National Green Tribunal

in O.A. No. 438/2018 Arti V/s CGWA & Ors.

1. Background

Taking note of compliance to the Hon'ble NGT regarding illegal abstraction of groundwater, Hon'ble NGT has passed order dated 17.10.2022. The relevant part of the order is as follows:

“.....24. Learned counsel for UP Jal Nigam suggests that interim compensation may be as per guideline dated 24.09.2022 (though found to be inadequate by the Tribunal in earlier judgment dated 25.2.2022 in OA 2015). According to him such, such interim compensation should be for at least five year prior to filing of this application as per section 15 of the NGT acts but in any case from 1.10.2017 to 30.09.2022. It works out to Rs.50 lakhs per establishment having more than 100 rooms, Rs.25 lakhs per establishment having 50-100 rooms and Rs.10lakhs per establishment having upto 50 rooms. This is calculated at the rate of Rs. 80 per KL/ cubic metre, taking consumption to be 350 KL per room per day, which comes to be Rs.10,000 per room per year. For 100 rooms, it will be Rs. 10 lakhs per year and for five years Rs. 50 lakhs. Same basis applies to other calculations. No other basis is suggested by any learned Counsel. We find the suggestion to be acceptable.

26. We also direct the joint Committee constituted by CGWA, mentioned in para 11 above, to assess final compensation as per above guidelines, after giving opportunity to the concerned establishments, within three months”

Final Compensation Assessment Report in compliance to order dated 17.10.2022 passed by Hon'ble National Green Tribunal in OA No. 438/2018 Arti Verses CGWA & Ors.

In reference to the above, Hon'ble National Green Tribunal in O.A. no. 438/2018 Arti Versus CGWA & Ors passed order on 17.10.2022 which is as below:-

"24. Learned Counsel for UP Jal Nigam suggests that interim compensation may be as per guidelines dated 24.09.2020 (though found to be inadequate by the Tribunal in earlier judgement dated 25.2.2022 in OA2015). According to him, such interim compensation should be for atleast five years prior to filing of this application as per section 15 of the NGT Act but in any case from 1.10.2017 to 30.9.2022. It works out to Rs. 50 lakhs per establishment having more than 100 rooms, Rs.25 lakhs per establishment having 50-100 rooms and Rs. 10 lakhs per establishment having upto 50 rooms. This is calculated at the rate of Rs. 80 per KL/cubic metre, taking consumption to be 350 KL per room per day, which comes to be Rs. 10,000 per room per year. For 100 rooms, it will be Rs. 10 lakhs per year and for five years Rs. 50 lakhs. Same basis applies to other calculations. No other basis is suggested by any learned Counsel. We find the suggestion to be acceptable."

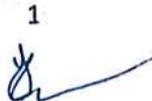

"26. We also direct the Joint Committee constituted by CGWA, mentioned in para 11 above, to assess final compensation as per above guidelines, after giving opportunity to the concerned establishments, within three months. Any party aggrieved by such orders can take their statutory or other remedies as per law. This order may be served by the Committee by email on all the identified violators individually within one week.

27. We further direct the Committee constituted by CGWA as mentioned above in para 11 may verify the compliance status in respect of establishments for whom such status has not been so far verified either on account of such establishments being closed or having not furnished the information. This may be done within one month. On such verification, above course of action may be followed for them."

Assessment of final Environmental Compensation in compliance to order dated 25.02.2022 followed by dated 17.10.2022 passed by

Hon'ble National Green Tribunal

in O.A. No. 438/2018 Arti V/s CGWA & Ors.

1. Background

Taking note of compliance to the Hon'ble NGT regarding illegal abstraction of groundwater, Hon'ble NGT has passed order dated 17.10.2022 ,The relevant part of the order is as follows:

".....24. Learned counsel for UP Jal Nigam suggests that interim compensation may be as per guideline dated 24.09.2022 (though found to be inadequate by the Tribunal in earlier judgment dated 25.02.2022 in OA 2015). According to him such, such interim compensation should be for at least five year prior to filling of this application as per section 15 of the NGT acts but in any case from 01.10.2017 to 30.09.2022. It works out to Rs.50 lakhs per establishment having more than 100 rooms, Rs.25 lakhs per establishment having 50-100 rooms and Rs.10 lakhs per establishment having up to 50 rooms. This is calculated at the rate of Rs. 80 per KL/cubic meter, taking consumption to be 350 KL. Per room per day, which comes to be Rs. 10,000 per room per year. For 100 rooms, it will be Rs. 10 lakhs per year and for five years Rs. 50 lakhs. Same basis applies to other calculations. No other basis is suggested by any learned Counsel. We find the suggestion to be acceptable.

26. We also direct the joint Committee constituted by CGWA, mentioned in para 11 above, to assess final compensation as per above guidelines, after giving opportunity to the concerned establishments, within three months"

2. Action taken

In compliance order passed by Hon'ble NGT on dated 25.02.2022 the following committee was constituted.
