1. INTRODUCTION & BACK GROUND

Surat City

Surat is a city located on the western part of India in the state of Gujarat. It is one of the most dynamic city of India with one of the fastest growth rate due to immigration from various part of Gujarat and other states of India.

Surat is one of the cleanest city of India and is also known by several other names like "THE SILK CITY", "THE DIAMOND CITY", "THE GREEN CITY", etc. It has the most vibrant present and an equally varied heritage of the past. It is the city where the British first land in India. The Dutch and the Portuguese also established there business centers in Surat, the remnants of which are still preserved in the modern day Surat. In past this was a glorious port with ships of more than 84 countries anchored in its harbour at any time.

About Surat Municipal Corporation

Surat Municipal Corporation is a local self government which has come into being under the Bombay Provincial Municipal Act, 1949. It carries out all the obligatory functions and discretionary functions entrusted by the BPMC Act, 1949 with the following mission:

“To make Surat a dynamic, vibrant, beautiful, self-reliant and sustainable city with all basic amenities, to provide a better quality of life”

Surat Municipal Corporation perceives its role as the principal facilitator and provider of services as detailed below to provide a better quality of life :

AS PROVIDER

- Potable water supply
- Underground sewage system in the whole city
- All weather roads
- Efficient and sustainable solid waste management

- Health coverage to all, focused more on the poor
- Primary education to the needy & Library facility to all
- Up-gradation of the amenities in the existing slums and alternative accommodation
- Clean, green and pollution free environment
- Places of healthy entertainment and recreation
- Fire Service
- Efficient Urban Planning and Development

AS FACILITATOR

- Industrial growth
- Trade and commerce
- Health services
- Higher education and research
- Cultural activities
- Sports and games
- Recreation and entertainment
- Active peoples' participation

SMC's commitment to achieve its mission and carry out the above listed functions successfully can be summarised as below:

- Dedication to achieve excellence in providing civic amenities
- Responsive, Modern, Simple, Accountable and Transparent Administration

2. LITIGATION IN THE HONOURABLE NATIONAL GREEN TRIBUNAL

In matter of the Tapi River pollution etc., Environment Interest Litigation (EIL) was filed by Petitioners Nav Yuva Sangathan and others vide original application no.50/2018(WZ) dated 17.08.2018 at Hon'ble National Green Tribunal, Pune (West Zone) against following Respondents :-

- 1) The Secretary, Narmada, Water Resource, Water Supply & Kalpsar Department, Gandhinagar
- 2) The Secretary, Ministry of Environment, Forests and Climate Change, New Delhi
- 3) The Chief Secretary, State of Gujarat, Gandhinagar
- 4) The Principal Secretary, Urban Development & Urban Housing Department, Gandhinagar
- 5) The Secretary, the department of Forest and Environment, Government of Gujarat, Gandhinagar
- 6) The Member Secretary, Gujarat Pollution Control Board, Gandhinagar
- 7) The District Collector, Surat and
- 8) The Municipal Commissioner, Surat Municipal Corporation

In this respect, Hon. National Green Tribunal, Principal bench, New Delhi has processed and finally disposed the application vide order dated 25.02.2019

In this order, the main directions given by Hon. National Green Tribunal are read as follows:

- Hon. NGT directs constitution of a Committee comprising representatives of the Secretary, Irrigation Department of Gujarat, Gujarat State Pollution Control Board (GPCB), Secretary, Urban Development and Housing Department of Gujarat, the Collector, Surat and the Municipal Commissioner, Surat Municipal Corporation to

review and coordinate the necessary measures. The Nodal agency will be the Surat Municipal Corporation for coordination and compliance.

- The five members Committee may hold its first meeting within two weeks. It may take up for consideration all the issues, including issue of demarcation of the river bed into blue line and red line. The Committee may invite public participation and undertake public education programs. The Committee may also consider the plan prepared by the Committee constituted by this Tribunal vide order dated 26.07.2018 in Manoj Mishra Vs. Union of India & Ors., Original Application 06/2012. Its plan is available on the website of the said Committee.
- The applicant or any member of public will be at liberty to put forward their view point before the Committee.
- The Commissioner, Surat Municipal Corporation may make available complete set of relevant papers to the other members of the Committee.
- The Committee may also apprise the Chief Secretary for all the steps taken on or before 31.03.2019.
- The Committee may furnish its reports from time to time to this Tribunal by e-mail. First such report may be sent after three months, but on or before 30.06.2019 by e-mail at ngt.filing@gmail.com.

A compilation of all the Minutes of Meetings of the Committee as directed by Hon'ble NGT Order Dated 25.02.2019 are attached herewith vide **Annexure-1**

3. COMMITTEE MEMBERS

In compliance with the direction of Hon. NGT Order, the committee of representatives was formed comprising of following members representing, who were the representatives of the relevant authorities:

- 1 Superintending Engineer, Surat Irrigation Circle Narmada Water resources, Water Supply & Kalpser Department, Gujarat.
- 2 Regional officer - GPCB, Surat
Gujarat Pollution Control Board, Gujarat
- 3 Chief Engineer, Gujarat Urban Development Company Urban Development & Housing Department, Gujarat
- 4 Resident Additional Collector Surat Collectorate Office Surat
- 5 City Engineer, Surat Municipal Corporation. Surat Municipal Corporation

4. DETAILS ON MEETINGS OF COMMITTEE MEMBERS

In compliance with the aforesaid order of Hon'ble National Green tribunal order, The Committee initiated the Meetings and the Minutes of Meeting of first four meetings of The Committee was submitted vide Compliance Report No.2. The Minutes of fifth to eighth meeting of the Committee are attached vide **Annexure-1**.

Post the submission of Second Compliance Report, The Committee of representatives held four more meetings till 05/02/2021 and a brief Summary of the Meetings are presented below:

- Fifth Meeting of the committee members was held at Surat Municipal Corporation on 11/12/2019. The Committee members stressed on expediting efforts to clear issues related to transfer of land to SMC so that procurement process for STPs and SPSs can be initiated. The Committee members also agreed on IEC activities to be initiated. The Committee reiterated better coordination for demarcation of red line and blue line. The Committee also reiterated expedited efforts towards full compliance of Hon'ble NGT orders in this matter.
- Sixth Meeting of the committee members was held at SUDA Bhavan, Vesu, Surat on 17/03/2020, just before COVID-19 lockdown. The Committee members discussed and stressed on expediting efforts to clear issues related to transfer of land to SMC so that procurement process for STPs and SPSs can be initiated. The Committee also reiterated expedited efforts towards full compliance of Hon'ble NGT orders in this matter. The Committee also decided to start IEC activities on agreed agenda of IEC activities.
- Seventh Meeting of the committee members was held on online meeting platform ZOOM on 11/09/2020, in compliance with concurrent guidelines of the GoG and GoI issued for controlling spread of pandemic of COVID-19. SMC presented the ongoing activities and planned activities for the compliance of orders of Hon'ble NGT with a special initiative on in-situ bio remediation of drains. The Committee

also discussed to expedite actions and conclude on issue of demarcation of red and blue line across the stretch of River Tapi.

- Eighth Meeting of the Committee members was held at SMC Head Office, Muglisara, Surat on 12/01/2021. The Committee members discussed on progress by respective departments for compliance of Hon'ble NGT orders and also reiterated expedited efforts towards full compliance of Hon'ble NGT orders in this matter. The Committee also decided to start IEC activities on agreed agenda of IEC activities, in compliance with COVID-19 guidelines.
- Surat Municipal Corporation has already developed of website namely tapirevival.suratmunicipal.org and regular update for the project for information to the citizens as well as all other stakeholders has already been initiated.

5. PROGRESS ON POLLUTION ABATEMENT AND CONSERVATION ACTIVITIES OF TAPI RIVER PROJECT

Earlier Activities:-

- In the marathon event of “Run for Tapi”, Government of Gujarat has given instruction to Surat Municipal Corporation to prepare Master plan for Entire River Tapi.
- Quality parameters of river were checked and analyzed for the stretch of 85 Kms. starting from Kakrapar Weir to ONGC Bridge. River water quality just after passing Kakrapar Weir was found to be better and of bathing quality in general and it was observed that the quality of water deteriorates during it's subsequent travel along the stretch there-onwards. Therefore, in line with the instructions, Surat Municipal Corporation has prepared master plan and prepared a detailed project report of having expenditure plan of Rs. 971.25 crores .
- For Pollution abatement and Conservation of Tapi river for 85 km stretch from Kakrapar Weir to ONGC bridge- Magdalla in Surat, was sanctioned by general board of Surat Municipal Corporation vide resolution number 110/2017, dated 30.03.2017. Resolution is already submitted in Compliance Report No.1
- As per Pollution Abatement and Conservation of river Tapi Project, total 50 SPS & 37 STP were envisaged to be constructed in the area of Surat Municipal Corporation, Surat, Urban Development Authority and State Government.
- This detailed project report was submitted before National River Conservation Directorate (NRCD), Ministry of Environment, Forest and Climate Change, New Delhi through Urban development and Urban Housing department (UD&UHD), Government of Gujarat for funding under NRCP. The letter to UD&UHD, Government of Gujarat. The details were submitted vide Compliance Report No.1.
- Administrative approval and expenditure sanction for this DPR is received from National River Conservation Directorate, Ministry of Environment, Forest and

Climate Change through letter no. F.No.J-27016/1/2017-NRCD-II dated 05.03.2019. The details were submitted vide Compliance Report No.1.

- Gujarat Government vide letter no. MIS/122017/1471/DH, dated 04/06/2019 has finalized role and responsibility of Surat Municipal Corporation, Surat Urban Development Authority (SUDA) and Gujarat Water Supply and Sewerage Board (GWSSB) in this regard. According to this order, Surat Municipal Corporation has to undertake projects for the jurisdictional limit of Surat Municipal Corporation and Surat Urban Development Authority including the operation & maintenance, whereas Gujarat Water Supply and Sewerage Board has to undertake projects for rural area along the bank of river Tapi including the operation & maintenance. Compilation of orders of Government of Gujarat were submitted vide Compliance Report No.1.

6. STATUS UPDATE ON ACTIVITIES IDENTIFIED AND ACTIONS INITIATED BY THE AUTHORITIES & RESPECTIVE COMMITTEE MEMBERS

6.1 Actions by Surat Municipal Corporation

6.1.1. Status on Tapi River Action Plan as on 05.02.2021

Sr. No.	STP name & capacity	Physical Progress (in %)	Time Line given in the River Action Plan	Expected Date of Completion
Operational/Completed				
1	Gavier STP, (53 mld) SMC	Existing		Operational
2	Bhesan STP Augmentation (100 mld) SMC	100%	Dec-20	completed
Work in progress				
3	Bhatar STP Augmentation (115 mld) SMC	58%	Apr-21	July-2021
4	Singanpore STP Up gradation & expansion (100 mld) SMC	90%	Apr-21	Jun-2021
5	Valak creek STP (43.24 mld) SUDA	26%	Feb-22	March-2022
6	Varachha Creek STP (51.72 mld) SUDA	0%	Feb-22	March-2022
Possession of Land recently received and work yet to start				
7	Bharthana STP at TPS-83 (22.7 MLD) SUDA	0%	Feb-22	September-2022
8	Kholwad STP (16.09 MLD) SUDA	0%	Feb-22	September-2022
Physical possession of Land yet to receive				
9	Dhoran Pardi-2 (12.5 +1.18 mld) SUDA	0%	Feb-22	September-2022
10	Dungra (0.67 mld) SUDA	0%	Feb-22	September-2022
11	Kamrej STP (18.5 mld) SUDA	0%	Feb-22	September-2022
12	Karjan (1 mld) SUDA	0%	Feb-22	September-2022

13	Kolibharthana (4.3 mld) SUDA	0%	Feb-22	September-2022
14	Pasodara(4.15 mld) +Laskana (5.17 MLD)- SUDA	0%	Feb-22	September-2022
Possession of Land yet not received				
15	Kholeswar (0.33 mld) SUDA	0%	Feb-22	September-2022
16	Kathor (16 MLD) SUDA	0%	Feb-22	September-2022
Possession not required				
17	Moje Laskana Block no. 159, (5.17 MLD) SUDA	The land proposed for Laskana STP was block no. 159 of village Laskana which is gauchar land. As per Collector shree remarks there is smashan bhoomi /kabarastan existing in the said block number and adjacent to it. Therefore this land cannot be allotted. An option for the said has been work out by consultant Green Design and Engineering Services Pvt. Ltd. , who is consultant for Tapi Shuddhikaran Project and he has proposed to transfer sewage of Laskana area to pasodra Sewage Treatment Plant (STP) where sufficient land is available. Therefore land will not effect project progress.		
18	Moje vav, old Survey no.667/P, T.P.Scheme no. 41(Vav), F.P. no. 128 (16.09 MLD) SUDA	Moje vav, old Survey no.667/P, T.P. Scheme no. 41 (Vav), F.P. no. 128 was proposed for Vav STP. However kabrastan / smashanbhomi is existing over this and therefore other option was explore to construct STP for Vav area as per the report of consultant Green Design and Engineering Services Pvt. Ltd. , he has proposed to construct STP of Vav area at Kamrej Block no.598/1 where sufficient land is available. Therefore land will not effect project progress.		

6.1.2. Status on STPs under operation / Augmentation

1. Gavier STP - being existing STP, it is functional & operational
2. Bhesan STP 100% put in operation
3. Bhatar STP- Work in progress with 58% physical progress
4. Singapore STP - Work in progress with 90% physical progress

6.1.3. Status on STPs under jurisdiction of SUDA

1. Valak STP – Work in progress with 26% physical progress
2. Varacchha STP –The Work was interrupted and restarted upon possession handed over by SUDA officials on date:22/01/2021,land made available with police protection.
3. Bharthana STP & Kholvad STP – Work has started
4. Kathor STP – The land is in name of District President, SUDA has given option of allotting optional land to District President and after code of conduct get over, as district panchayat President takes over, the official procedure will be completed by end of March 2021and land possession is expected accordingly.
- 5.

Location of STP	Status
Dhoranpardi STP	Principle sanction has been received and accordingly procedure for advance 10 % of jantri amount payment for the physical possession of the said land has been initiated.
Dungra STP	
Kamrej STP	
Karjan STP	In addition to this Collector shree stated that considering principle sanction, SMC can start the work at site during this process also and accordingly design, drawings, mobilisation process started.
KoliBharthana STP	
Pasodra STP	

6. Kholeswar STP - The District Collector stated that the proposal for the sanction has been done and sanction from GoG is awaited. Like other Gauchar (Grazing) land, this land is likely to be made available in compliance with GoG Revenue Act and Rules and Guidelines made there under

6.1.5 Details on Actions by SMC on Management of Legacy Waste

- SMC has already remediated the legacy waste accumulated at Khajod disposal site (within the designated area of 62 Hector).
- Work for Bio mining of waste overflowing from Sanitary Land fill cell including old dump site at Bhatar with estimated 25 lacs M.T. of waste ,has been started at the cost of Rs. 103.00 Crores (under SBM).
- Approximately 3000 MT / day waste is treated through bio mining process
- bio mining work likely to be completed by December-2022.
- None of the SMC site falls in the catchment area of River Tapi

Photographs of Bio-mining Process at Work

6.1.6 Details on Actions by SMC on Prevention of Solid Waste Dumping in River Tapi

Surat Municipal Corporation has taken a series of steps to prevent unauthorized solid waste dumping in River Tapi. The Details are presented below: -

- a) Fabricated nets have been fixed on all the bridges across Tapi river within Municipal Limits to prevent solid waste dumping in river Tapi
- b) Wire net/barricading on tributaries leads to river Tapi to prevent solid waste entering from tributaries meeting river Tapi, and scheduled cleaning is being done.
- c) Door to Door garbage collection system has been efficiently working since 2004 which does not allow citizen to litter the waste.

Photographs of steps taken by SMC to stop Solid Waste Dumping in River Tapi

- d) Fabricated nets on the outlet of storm water drain falling in to Tapi river.
- e) 43,000 catch pits of storm drainage are covered with CC jail (nets) to prevent entering solid waste to river Tapi.

6.1.7 Details on Actions by SMC on Prevention of Pollution in Rivers – Other Activities

Prevention of Idol Immersion in river Tapi:- Since 2015, immersion of idols in River Tapi has been banned, annually around 75,000 idols (various idols including Lord Ganeshji) being prevented to be immersed into River Tapi and the same is observed by immersion in 21 artificial ponds across the city.

If Surat can do it, so can you: NGT tells govt to take lessons on idol immersion

In 2018, Tapi Kept Free Of Chemicals

Ritesh Kulkarni/Anandabharathi

New Delhi: A monitoring committee appointed by the National Green Tribunal has directed that a Delhi government official visit Surat and learn to effectively manage idol immersion by ensuring no harmful chemicals are dumped into the Yamuna.

In a report submitted to NGT, the two-member monitoring committee, which includes retired expert member P.S. Bhatnagar and former Delhi chief secretary Shakti Chandra, expressed concern over the toxic water pollution in the Yamuna and urged the government to follow the Tapi example where the administration ensured

1. HOW YAMUNA IN DELHI SUFFERED...

Idol immersions took their toll on an already dying Yamuna in Delhi last year

- The river's dissolved oxygen (DO) level was zero or near zero at several points tested by DPCC in November 2024, even though it should be a minimum of 4 mg/l
- The biological oxygen demand (BOD) of the river should be a maximum of 3 mg/l. However, it was as high as 40 mg/l at several points like Kirti in Delhi.

WATER QUALITY CRISIS

2...WHAT SURAT DID

- Anxious citizens moved to the Tapi river to immerse their idols.
- Multiplication of idols began. Over 9 feet high idols were immersed.
- Citizens also a campaign to encourage people to immerse idols in artificial ponds or at artificial ponds.
- Nearly 4,000 polythene bags were used.

source of the health hazards of Tapi because heavy metals are found within them also place idol immersion to priority prevention steps, which the public should understand to be their protection" is said.

In 2018, along with lower court Judge Dipak Kumar Chandra, expert pollution such as Bachchan Chandra Demand (DCC) members due to human influence and pollution. Concentration of heavy metals immersed in the river due to immersion of polluted or polluted idols with toxic substances which are harmful to the Yamuna.

After Surat's success, Chandra's team increased from the Bureau of India Standards (BIS) limit of 1.5 mg/l to a much lower concentration (0.1 mg/l) by 75 times, as found in water from BIS limit (0.1 mg/l) to 75 times in the Yamuna.

After Gujarat's success, Chandra's team increased

Aquatic Weed Harvesting Machine – Removal of Invasive Flora & Vegetation like Water Hyacinths, Hydrila & Algae:- Since 2018, Total 3,85,260 Cubic meter Vegetation like water hyacinths / Hydrila / Algae etc. Has been removed from river Tapi. Three de weeding machine is purchased by SMC apart from on rent machineries.

6.1.8 Reporting to Overseer & GPCB

SMC have submitted the status report to The Overseer appointed by Hon'ble NGT – Retd. Justice Shri B.C. Patel sir and GPCB. The Copy of Submission is attached vide Annexure-3

6.2 Actions by Other Committee Members

In compliance with Hon'ble NGT Order, The Committee Members had organized meetings with The appointed Overseer - Retd. Justice Shri B.C. Patel sir and have submitted compliance and status reports directly as instructed. However, a brief summary is presented below for reference:-

6.2.1 Demarcation of Red and Blue Line Across the Stretch of Tapi River

In SUDA areas, the regulations for Tapi Flood Prone Areas i.e. “No Development Zone” (NDZ-1A, NDZ-1B, NDZ-2A) and “Restricted Development Zone” (RDZ-1C, RDZ-2B)” are incorporated in Comprehensive General Development Control Regulations-2017 and implementation has been initiated with immediate effect via Notification dated 11.11.2020, no. GH/V/174 of 2020/EDB-102016-3629-L by Town Development Department of Surat Municipal Corporation.

In Pursuant to these Notification dated 11.11.2020 ,Necessary variation in Development Plan--2035 is in progress.

The Maps with demarcated “No Development Zone” (NDZ-1A, NDZ-1B, NDZ-2A) and “Restricted Development Zone” (RDZ-1C, RDZ-2B)”across the stretch of River Tapi are attached wide **Annexure-2**

6.2.2 Dredging in River Tapi

The Irrigation Department have floated the tender for Dredging in River Tapi, however, due to Judicial Interventions (Court Case) the procurement process has been stayed, henceforth, it will be continued further in compliance with the Orders of Hon'ble Court

6.2.3 Monitoring of Water Quality in Tapi River

GPCB are monitoring the water quality in River Tapi in compliance with the Orders of Hon'ble NGT. The Reports were already submitted by GPCB to The Overseer

6.3 Public Awareness & Outreach Programs / IEC Activities

6.3.1 Earlier Activities

Public awareness is inevitable for maintaining cleanliness in cities and Tapi River. Simultaneously for creating understanding about this program among the public, Public participation /public awareness will be ensure by maximal use of elite class /voluntary organizations as well as publicity media.

In public awareness and public participation drive, generally following works are continuously under taken by Surat Municipal Corporation:

- Use of banners, hoardings, Kiosk as a communication strategy for publicity and dissemination of sanitation campaign.
- Intensive use of Street plays, Bhavai, Puppet shows debates, discussion, etc.
- Planning of publicity – dissemination by advertisements through FM radio, TV, and slide.
- Arrangement of effective publicity, dissemination be arranged through social networking such as facebook, whatsapp, twitter etc.
- Planning of awarding incentive prizes /certificates to societies giving significant contribution in Swachhta Mission. Municipal Corporations /Municipalities should reasonably fix the amount of prizes.
- To take action to levy fine/administrative charge from the person who makes filth.
- To create atmosphere so that the voluntary organizations /NGO and private institutions come forward for public participation.
- With the object of public awareness, opinions / suggestions of awakened persons form the public be obtained and taken into consideration for implementation of reasonable.

Surat Municipal Corporation started Public Awareness and Outreach programs way back in 2017 to Clean & Conserve River Tapi. The Outreach and Awareness Program was named “**JAL SANCHAY MAHA ABHIYAN**”.

On 5th March 2017, “Run for Tapi 2017”, the flagship night marathon of Surat city was organized to raise awareness for a clean Tapi River

On 10th February 2017, “Run for Tapi 2018”, the flagship night marathon of Surat city was organized to raise awareness for a clean Tapi River

NGOs and Self-help Groups are supported regularly and as and when required by Surat Municipal Corporation who wish to join and contribute to the societal cause of Cleaning and Conserving River Tapi. Approximately 50 NGOs and Self Hehp

groups of citizens supported by Industries are actively working to proliferate the message to the society and contribute to the society by doing various programs related to Cleaning and Conservation of River Tapi.

Some citizens of Surat city have also created various Social Media Groups on Facebook, WhatsApp and other Social Media Sites and Apps providing regular updates on their efforts and programs related to Cleaning and Conservation of River Tapi.

Some of the photographic Images are presented below, -

“Run for Tapi” Marathon Thematic Details

“Run for Tapi” Poster

Active Citizens spreading the Message

The Committee Members concluded to pursue the agenda decided and already being implemented by SMC, which has been served as an effective program to actively and directly connecting with the citizens.

6.3.2 Updates on Awareness and Outreach / IEC Activities by SMC

1. As directed by Hon. NGT, Surat Municipal Corporation has launched the dedicated website which shows the progress of works related to Tapi revival project having provision of feedback from the citizens and till date approximate 17500 visitors have been registered.

Website: “tapirevival.suratmunicipal.org”

The Snapshot of the Website is presented on next page

2. **Enhancement of public participation and involvement by various awareness activities:**

Surat Municipal Corporation intends to involve public participation and awareness towards Tapi rejuvenation and in order to achieve desired outcome, SMC has started various online competitions and also started the working towards spreading awareness through various social media platforms.

The Snapshots of information available on online / offline platforms are presented below:-

MINUTES OF MEETING

- A. In matter of Tapi River pollution etc., Environment Interest Litigation (EIL) was filed by Nav Yuva Sangathan and others vide original application no. 50/2018 (WZ) at National Green Tribunal, Pune.
- B. Fifth meeting was held at Surat Municipal Corporation on 11th December, 2019 at 12.00 pm.
- C. Following representatives of the relevant authorities were present in the meeting. (1) Collector Shri Surat was represented by Smt K.R.Chuadhari, Chitnish to the collector, Surat. (2) Narmada Water resources, Water Supply & Kalpsar Department, Gujarat was represented by Mr. H.D. Patel, Executive Engineer, Surat Irrigation Circle attended this meeting.(3) City Engineer, Surat Municipal Corporation was represented by Executive Engineer (TSP).

Sr. No.	Officer Name	Department
1	Mr. H.D. Patel, Executive Engineer, Surat Irrigation Circle	Narmada, Water resources, Water Supply & Kalpsar Department, Gujarat.
2	Mr. P.U. Dave, Regional officer GPCB, Surat	GPCB, Gujarat
3	Mr. H.I. Solanki, Superintending Engineer, Gujarat water supply and sewerage board	Gujarat water supply and sewerage board
4	Smt. K.R.Chuadhari, Chitnish to the collector, Surat	Surat Collectorate
5	Mr. Bhairav .B. Desai, Executive Engineer, Tapi Shuddhikaran Project	Surat Municipal Corporation
6	Mr. Dharmesh Mistry I/c. Town Planning Officer	Town Development Department, Surat Municipal Corporation
7	Mr. Vijay Desai, Deputy Town Development Officer	Town Development Department, Surat Municipal Corporation

No representative of Urban Development & Housing Department, Gujarat attended this meeting.

The following points are discussed during the meeting.

- D. Executive Engineer, Surat Irrigation Circle informed with reference to dredging of river Tapi in up stream of Singapore Weir, cross sections of river were taken and it is found that river bed of Tapi is deep and as such technically desilting is required in only certain pockets due to islands. Further dredging will put safety of existing flood embankments at risk. However in very limited area at certain places, islands are created for which

desilting work is under consideration and will be taken up in coordination with mining department.

- E. **Chitnish to the collector, Surat** submitted various different status of land to be availed for various SPS / STP. She also stated that, due to the strike of sub staff, the process of allotment of land is hindered.
- F. **Executive Engineer, Tapi Shuddhikaran Project, SMC** stated that he had attended last River Rejuvenation Committee (RRC) held on 5th December 2019, wherein Regional Officer, GPCB and Superintending Engineer, Gujarat Water Supply & Sewerage Board also present and river Tapi is among the various stretches of rivers identified in state of Gujarat.

It was informed in the RRC that time limit for completion of this project is very important and various departments from Government had submitted Bank Guarantee on behalf Chief Secretary, Government of Gujarat to Central Pollution Control Board(CPCB). In case of non-fulfillment, penal action may be taken; therefore all stake holders must do necessary work to adhere the time line.

Executive Engineer (TSP) urged representative of Collectorate, Surat that in order to adhere time limit, land availability is first and for most priority, therefore special mechanism may be derived in order to give advance possession of land to start over. He further stresses that If at all required, necessary proposal for speedy process may be mooted by collectorate to revenue department Government of Gujarat.

- G. **Superintending Engineer, Gujarat water supply and sewerage board** also stressed upon to provide land for SPS/STP at the earliest in order to start work.
- H. Regarding Red line and Blue line, **Executive Engineer, Surat Irrigation Circle, Surat** stated that necessary data with latitude and longitude as per NGT Order Dated 16/03/2016 in Original Application No. 1/2013 (Moola-Mootha River) was submitted to Surat Municipal Corporation vide their letter No. SIC/PB-5/Tapi river/NGT/App. No.50/2018(WZ)/Blue line & Red line marking/1 in 25 & 1 in 100/lat-long/WS/4974, Dtd.18/10/2019.

In this regard, **Executive Engineer (TSP)** stated that a communiqué was made from Commissioner, Surat Municipal Corporation to Secretary, Water Resource vide letter No. Com./111, dated 02/12/2019. Stating that.....

From the submitted data, it stating that prima facie appears that following necessary flood protection mechanism are not considered while deciding 25-year flood line and 100-year flood line.

1. *Ukai dam was constructed post flood year 1968*
2. *Earthen Embankment with Gabion / Stone were constructed/ strengthened post flood year 2006. Total length of Embankment is more than 40.00 km*
3. *In western side river bank of City, Protection work is being carried out by Irrigation department.*

4. *Intimation for obtaining necessary approval for proposed barrage and embankment for 100 year flood line as suggested by the Central Water and Power Research Station (CW&PRS), Expert agency of Government of India (The Letter regard above is Sent to Superintending Engineer, Surat Irrigation Circle on vide CE Sp. Cell/983, Dated 11.10.2019.)*

It is important to note that as per Hon. NGT order in line with Moola - Mootha river, necessary steps are required to be taken. However, the data submitted by Irrigation Department contain only existing data of the flood without considering effect of point no. 1 to 4 and therefore may be come unimplementable. Thereby entire purpose may be defeated.

Surat Municipal Corporation therefore, kindly requested to Secretary, Water Resource to instruct concerned department/officer to demarcate the red line and blue line on drawing as well as on site along river Tapi, taking in to account effect of point No.1 to 4 mentioned in above para at the earliest.

- i. **Executive Engineer, Surat Irrigation Circle** stated that maps are prepared by considering points 1 to 4 and submitted to Surat municipal corporation. Accordingly reply is given by Supritending Engineer, Surat Irrigation Circle vide letter dtd 10.12.2019 to The Commissioner, Surat Municipal Corporation w.r.t SMC letter dtd:2/12/2019 and to Executive Engineer (TSP) w.r.t S.M.C letter dtd:28/11/2019.

Executive Engineer, Surat Irrigation Circle stated that irrigation department is submitting corrected updated drawings in continuation of drawings submitted earlier vide their office letter dtd : 26/09/2019 and will submitted to Surat Municipal Corporation by today evening. More ever field work for fixing of boundary stone is in progress.

- J. **Executive Engineer, Tapi Shuddhikaran Project, SMC** stated that they are yet to received letter of dated 10.12.2019 and will examine.
- K. **Regional Officer, GPCB** stated that water quality in river Tapi is being checked regularly. The quality data for month from September to November is shared before the committee. These samples taken by GPCB official at different 10 location from Kakrapar weir to ONGC bridge stretch of River Tapi during the month of September to November 2019 are annexed herewith.
- L. **Executive Engineer, Tapi Shuddhikaran Project, Surat Municipal Corporation** informed that As per Hon. NGT Order Dated 19/09/2019 in the matter of Original Application No. 50/2018 (WZ), Point No.11, necessary compliance report was filed by Dy. Commissioner Shri (Planning and Development) of Surat Municipal Corporation vide Affidavit Dt 18/10/2019 before Hon. NGT.
- Executive Engineer, Tapi Shuddhikaran Project, Surat Municipal Corporation** stated that public awareness is inevitable for maintaining cleanliness in cities and Tapi River. Simultaneously for creating understanding about this program among the public, Public participation / public awareness will be ensuring by maximal use of voluntary organizations as well as publicity media.

he has suggested Following information Education Communication (IEC),

1. Banners, Hoardings and Kiosks at all approach roads leading to banks of River Tapi, Gardens of SMC, Bridges, Schools and Colleges, Temples on the banks of River Tapi
2. School level competition – Drawing, Short Plays, Poems and Essays on “Conservation of River Tapi”. Then-after District level completions
3. Dissemination by advertisements through FM radio, TV, and Cinema Halls
4. Awareness programs through Self help groups and NGOs
5. Planning of awarding incentive prizes /certificates to societies giving significant contribution in TSP Project. SMC / Other Stakeholders should reasonably fix the amount of prizes.
6. Short Plays by School Children / Other Students in SMC’s Public Parks and other public places where footfall is substantial and noteworthy
7. Effective campaign for Public awareness through invitation for opinions / suggestions of awakened persons form the public
8. Supporting “Clean Tapi Drives” through Self-help groups and NGOs
9. Supporting Plantation Programs on the banks of River Tapi

However, members expressed their views that modalities in detail can be decided after due deliberation.

Meeting was ended with vote of thanks.

MINUTES OF MEETING

- A. In matter of Tapi River pollution etc., Environment Interest Litigation (EIL) was filed by Nav Yuva Sangathan and others vide original application no. 50/2018 (WZ) at National Green Tribunal (NGT), Pune and Hon'ble NGT passed an order on 25th February 2019 in this regard
- B. In compliance with the order of Hon. National Green Tribunal dated 25th February 2019; para-13, A Committee comprising of Five Members (Representatives of Different Departments & Agencies) was constituted to review and co-ordinate necessary measures, with Surat Municipal Corporation as overseer member for compliance and co-ordination. The Committee had completed Five Committee meetings till 16th March 2020
- C. Sixth meeting of The Committee was convened at Conference Hall, Second Floor, SUDA Bhavan, Vesu, Surat on 17th March 2020 at 04.00 PM
- D. Following representatives of the relevant authorities were present in the meeting, -
 - (1) Narmada Water resources, Water Supply & Kalpsar Department, Gujarat was represented by Mr. H. D. Patel, Executive Engineer, Surat Irrigation Circle
 - (2) Gujarat Pollution Control Board (GPCB) was represented by Mr. Parag U. Dave, Regional Officer, Gujarat Pollution Control Board, Surat Regional Office
 - (3) Collector Shri, Surat was represented by Smt Kalpana R.Chuadhari, Chitnish to the collector, Surat.
 - (4) Commissioner shri, Surat Municipal Corporation was represented by Mr. E. H. Pathan, Executive Engineer & Head of Drainage Department, Surat Municipal Corporation (SMC) & Mr. Bhairav B.Desai, Executive Engineer, Tapi Shudhhikaran Project (TSP), Surat Municipal Corporation(SMC)
 - (5) Gujarat Urban Development & Urban Housing Department was represented by Mr. Pradip M. Dhrangad , Municipal Finance Expert , (GUDM)

The following points were discussed during the meeting

1. Mr. E. H. Pathan of SMC welcome the representatives of the Committee Members and explained the proceedings of the aforementioned case and status thereof. Mr. E.H. Pathan also explained the agenda of the meeting
2. Mr. Bhairav B. Desai read out the Minutes of last Committee meeting, i.e. Committee Meeting No. 5
3. Mr. E.H. Pathan and Mr. Bhairav B. Desai explained the importance of timely actions by all Committee Members and consequences in case of non-compliance thereof
4. Mr E.H. Pathan presented the status update on behalf of Surat Municipal Corporation, on the activities in the jurisdiction of Surat Municipal Corporation, records for which are regularly updated by Surat Municipal Corporation. The

updates under the jurisdiction of Surat Municipal Corporation were discussed on following activities, -

- a. Illegal construction along the Tapi river
- b. Dumping of waste in Tapi river
- c. Illegal discharge of effluent in Tapi river
- d. I & D works to divert sewage to STPs
- e. Water quality of Tapi river
- f. Outreach activities

Mr. E.H. Pathan requested other committee members to compile information and submit updated status report on agenda items under the jurisdiction of other Departments and Agencies

5. **Mr. P.U. Dave, Regional Officer, GPCB-Surat RO** stated that water quality in river Tapi is being checked regularly. The water quality data along stretch of Tapi River is shared before the committee. The water quality data were generated through samples taken by GPCB officials at different locations from Kakrapar weir to ONGC bridge stretch of River Tapi during the period of 3rd September 2019 to 6th February 2020 are annexed herewith vide Annexure-1
6. **Mr. Bhairav B. Desai, Executive Engineer, Tapi Shuddhikaran Project, SMC** once again (Previous Reference Committee Meeting No. 5, Minutes of Minutes, Para "F") explained proceedings of River Rejuvenation Committee (RRC) meeting held on 5th December 2019 and informed Committee Members that time limit for completion of this project is very important and various departments from Government had submitted Bank Guarantees on behalf of Chief Secretary, Government of Gujarat to CPCB. In case of non-fulfillment the bank guarantees can be invoked and penal action may be taken; therefore all stake holders must do necessary work to adhere the time line. **Mr. Bhairav B. Desai, Executive Engineer (TSP)** urged representative of Collectorate, Surat that in order to adhere time limit, land availability is first and for most priority and so land transfer process should be expedited in consultation with The Collector.
7. **Smt Kalpana R. Chuadhari, Chitnish to the collector, Surat** submitted status of land transfer process for the purpose of construction of STPs and SPSs. The Status sheet of Surat Collectorate is attached vide Annexure-2. She also confirmed that the issue will be put up to The Collector – Surat directly to expedite the whole process
8. **Mr. E.H. Pathan , Executive Engineer & Head of Drainage Department, Surat Municipal Corporation,** in continuation to the point raised in previous Committee Meeting No. 5, the necessity of Public Awareness and Public Participation in sustainable outcome. He stated that public awareness is inevitable for maintaining cleanliness in cities and Tapi River. Simultaneously for creating understanding about this program among the public, Public participation /public

awareness will be ensuring by maximal use of voluntary organizations as well as publicity media.

He has, once again, suggested Following information on Education Communication (IEC) activities of Surat Municipal Corporation, and suggested other members to provide details on IEC activities and programs of respective department which are under the purview of said order of Hon'ble NGT

- a. Banners, Hoardings and Kiosks at all approach roads leading to banks of River Tapi, Gardens of SMC, Bridges, Schools and Colleges, Temples on the banks of River Tapi
 - b. School level competition – Drawing, Short Plays, Poems and Essays on "Conservation of River Tapi". Then-after District level completions
 - c. Dissemination by advertisements through FM radio, TV, and Cinema Halls
 - d. Awareness programs through Self help groups and NGOs
 - e. Planning of awarding incentive prizes /certificates to societies giving significant contribution in Tapi Shuddhikaran' Project. SMC / Other Stakeholders should reasonably fix the amount of prizes.
 - f. Short Plays by School Children / Other Students in SMC's Public Parks and other public places where footfall is substantial and noteworthy
 - g. Effective campaign for Public awareness through invitation for opinions / suggestions of awakened persons form the public
 - h. Supporting "Clean Tapi Drives" through Self-help groups and NGOs
 - i. Supporting Plantation Programs on the banks of River Tapi
9. Mr. E.H. Pathan ,Executive Engineer & Head of Drainage Department, Surat Municipal Corporation, requested all committee members to provide updated information within one week, as required to be provided in the Compliance Report for submission to Hon'ble NGT as well as for the information of all on the special website created for the very purpose by Surat Municipal Corporation at domain

Meeting was ended with vote of thanks

6. Shri/Smt Rachita Desai (Dy Town Planner, Town Planning Department, SMC)
7. Shri Trushit Desai (Consultant – SMC / NGT WZ-50/2018)

- No members from Gujarat Urban Development Mission(GUDM), Collectorate and Gujarat Water Supply and Sewerage Board (GWSSB) were present.

Location: Virtual Meeting Platform (ZOOM)

Subject: Hon'ble NGT Order Dated 16 July 2020 in the case of WZ 50/2018 and action plan of compliance plan thereof

- A. In matter of Tapi River pollution etc., Environment Interest Litigation (EIL) was filed by Nav Yuva Sangathan and others vide original application no. 50/2018 (WZ) at National Green Tribunal(NGT), Pune and Hon'ble NGT has passed an order on 25th February 2019 to form a committee to review and coordinate the necessary measures for Tapi Shuddhikaran project progress.
- B. In compliance with the order of Hon'ble NGT dated 25th February 2019; para-13, A Committee comprising of Five Members (Representatives of Different Departments & Agencies) was constituted to review and co-ordinate the necessary measures, with Surat Municipal Corporation as The Nodal agency for compliance and co-ordination. The Committee had completed Six Committee meetings till 17th March 2020
- C. 7th (Eighth) meeting of The Committee was convened at Virtual Meeting platform- Zoom at 11.00 AM on 11th September 2020, in compliance with various guidelines and directives in effect in regard of ongoing COVID-19 pandemic
- D. Following representatives of the relevant authorities were present in the meeting,-
 - (1) Narmada Water resources, Water Supply & Kalpasar Department, Gujarat was represented by Mr. H.D. Patel, Executive Engineer, Surat Irrigation Circle
 - (2) Gujarat Pollution Control Board (GPCB) was represented by Mr. Parag U. Dave, Regional Officer, Gujarat Pollution Control Board, Surat Regional Office
 - (3) Commissioner shri, Surat Municipal Corporation was represented by Mr. E. H. Pathan, Executive Engineer & Head of Drainage Department, Surat Municipal Corporation (SMC), Mr. Bhairav Desai, Executive Engineer, Tapi Shuddhikaran Project (TSP), Mr. Dharmesh Mistry, I/C Town Planner, Town Development Department, Mr. Vijay Desai, Deputy Town Development Officer, Town Development Department,

Mrs. Rachita Desai, Deputy Town Planner, Town Planning Department, Surat Municipal Corporation (SMC)

The following points were discussed during the meeting

1. Mr. E. H. Pathan of SMC welcomes the representatives of the Committee Members and explained the proceedings of the aforementioned case and status thereof. Mr. E.H. Pathan also explained the agenda of the meeting. Mr E.H. Pathan informed the quorum that the case no 50/2018 has been transferred to the Principal Bench of Hon'ble National Green Tribunal and will merged with case no. 673/2018 as per the order of Hon'ble NGT order of July-2020. He also informed that the next hearing is scheduled on 21st September 2020 at The Principal Bench of Hon'ble NGT. He further informed that,-
 - a) SMC has already been doing following actions to avoid disposal of Municipal Solid Waste into River Tapi.
 - b) Catch-pits are installed with special design to control disposal of waste into River Tapi. He further informed that approximately 43,000 Catch-pits are fitted with cement concrete jali to prevent plastic and solid waste entry in to drain. Moreover all the outlets into natural resource has also been fitted with screen to prevent solid waste entry in to natural water drain.
 - c) In regards of status of STPs, in jurisdiction of SMC, out of 4(four) Construction of 01 STP is completed and 3 STPs are in progress. However, some delays are expected in completion of construction and commissioning of STPs due to time lost due to various guidelines, directives and difficult times of COVID-19 pandemic.
 - d) In regard of construction of STPs outside jurisdiction of SMC but within jurisdiction of SUDA, 2 STPs (94.96 MLD) are in progress and 2 package tenders have been invited for construction of 12 STPs totaling a treatment capacity of 83.36 MLD and the tenders are live online. The Completion and Commissioning of these STPs are too expected to be delayed till end of 2022 due to reasons explained vide para 1(c) above.
 - e) In regard of the In-situ remediation of Drains, SMC has invited Expression of Interest (Eoi) from 18 Companies / Organizations, and in response, SMC has received Eoi from 2 companies / organizations. NEERI, Nagpur was also invited to submit the proposal for in-situ remediation of drains till STPs are constructed.
 - f) Status of availability of land was also asked, that could not get replied as representative of Collectarate were not present.
 - g) From Govt. of Gujarat, Rs.167.07 crore (Prorata Grant of Gol scheme) is yet to be received. But could not get replied as representative of GUDM was not present.
2. Mr Dharmesh Mistry of Town Development Department of SMC inform the Committee Members that Works related to demarcation of No-Construction Zone, Restricted Zone along-with delineation of Restricted Activities – along the stretch of Tapi River, are under progress in consultation with the Town Planning Department of The State. An

Affidavit in this regard was already submitted to Hon'ble NGT by Town Planning Department of SMC.

3. Mr Bhairav Desai requested Representatives of Irrigation Department to share the details and updates on approval for desilting in the upstream of Singanpore Weir
4. Mr. H.D. Patel, Executive Engineer, Surat Irrigation Circle has stated that principal approval is obtained for desilting in the upstream of Singanpore Weir
5. Mr. P.U. Dave, Regional Officer, GPCB-Surat RO stated that water quality in river Tapi is being checked regularly. The water quality data of samples along stretch of Tapi River during the period March-August, 2020 are shared with SMC. He also requested all Committee Members to share affidavits by various departments under multiple cases of River Pollution with other Members of Committees, so as to avoid mismatches and conflicting / contradicting submissions to Courts of Law. He confirmed the receipt of Minutes of Meeting held at The Collector Office, Surat District Collectorate on this matter. He requested SMC to share various Technical and Financial details of TSP Project for presentation to the Chief Secretary of The State, Gujarat, as and when required
6. Mr. H.D. Patel, Executive Engineer, Surat Irrigation Circle has requested SMC to share update on demarcation of Red and Blue Line. He has also requested SMC to share the affidavit filed by Town Planning Department of SMC in this regard.
7. Mr. E.H. Pathan, Executive Engineer, Surat Municipal Corporation, requested all committee members to review status updates and compile updated information on the responsibilities entrusted upon various departments, as they might be required to be provided before/during scheduled hearing at Hon'ble NGT
8. Meeting was ended with vote of thanks from chairs.

 Executive Engineer &
 Divisional Head (Drainage)
 Surat Municipal Corporation

DNG/OUT/No/ 1735
 Dt. 19/09/2020

- (4) The Collectorate, Surat was represented by Mrs. K.R. Chaudhary, Chitnis to Collector

The following points were discussed during the meeting

1. Mr. Hitendra Suthar of SMC welcomed the representatives of the Committee Members and explained the proceedings of the aforementioned case and status thereof. Mr. Hitendra Suthar also explained the agenda of the meeting. SMC informed the quorum that the case no 50/2018 has been transferred to the Principal Bench of Hon'ble National Green Tribunal and has been merged with case no. 673/2018 as per the order of Hon'ble NGT order of July-2020. It was also informed to the quorum the next hearing is scheduled on 16th February 2021 at the Principal Bench of Hon'ble NGT. Then further informed the quorum that-
 - a) SMC has made substantial progress on Interception and Diversion on Left and Right Banks of Tapi River in the jurisdiction of SMC and approximately 15% of identified works have been achieved.
 - b) In regards of status of STPs, in jurisdiction of SMC, out of 4(four), 01 STP is operational, 01 STP trial run is in progress and work of 2 STPs are in progress. However, some delays are expected in completion of construction and commissioning of STPs due to various guidelines, directives and difficult times of COVID-19 pandemic.

- c) In regard of construction of STPs outside jurisdiction of SMC but within jurisdiction of SUDA, 2 STPs (94.96 MLD) are in progress and tenders approved for 2 packages and work order for construction of 12 STPs totaling a treatment capacity of 83.36 MLD has also been issued. The Completion and Commissioning of these STPs are too expected to be delayed till end of 2022 due to reasons explained vide para 1(b) above.
 - d) In regard of the In-Situ Bio-Remediation of Drains, SMC has invited Expression of Interest (Eoi) from 18 Companies/ Organizations and SMC in consultation with SVNIT, has shortlisted 3 companies. Invitation of subsequent RFP is in process and accordingly work will be allotted.
2. Shri Dharmesh Mistry, I/c. Town Planner, Town Development Department informed Committee members that, In SUDA areas, the regulations for Tapi Flood Prone Areas i.e. "No Development Zone" (NDZ-1A, NDZ-1B, NDZ-2A) and "Restricted Development Zone" (RDZ-1C, RDZ-2B)" are incorporated in Comprehensive General Development Control Regulations-2017 and implementation has been initiated with immediate effect via Notification dated 11.11.2020, no. GH/V/174 of 2020/EDB-102016-3629-L.
3. Mr. P.U. Dave, Regional Officer, GPCB Surat suggested that:
- a) To speeding up the exercise of Tapi Flood Prone Areas on Development Plan map.
 - b) He also stated that water quality in river Tapi is being checked regularly. The water quality data of samples along stretch of Tapi River during the period September to December, 2020 are shared with SMC.
 - c) He also requested all Committee Members to share latest and updated information as desired by Hon'ble Justice Shri B.C. Patel, former Chief Justice of Delhi High Court (and former judge of Gujarat High Court) who has been appointed as overseer by Hon'ble NGT for this case matter, by various departments under multiple cases of River Pollution to be shared with other Members of Committees, so as to avoid mismatches and conflicting / contradicting submissions to Courts of Law.

4. Mr. H.D. Patel, Executive Engineer, Surat Irrigation Circle has submitted that they have floated tender for desilting in the upstream of Sigapore Weir of River Tapi , but due to Court matter the opening of the tender is on hold. The further process will be done after final decision in this matter by Hon'ble court.
5. Mr.Rajnikant Chaudhary, Executive Engineer,GWSSB stated that, 1 to 4 clusters work in progress,Cluster 5 & 9 tenders are invited and for Cluster 6,7 & 8 tenders not floated due to land issue.
6. Mrs. KR Chaudary , Chitnis to Collector,Surat informed the Committee Members that the process of acquisition and transfer of Land has been expedited and the latest update will be informed to SMC as well as other Members of the Committee.
7. Mr. Hitendra Suthar, Executive Engineer – TSP, Surat Municipal Corporation, requested all committee members to review status updates and compile updated information on the responsibilities entrusted upon various departments, and submit to Hon'ble Justice Shri BC Patel and GPCB before 21st January 2021 keeping in view the scheduled hearing at Hon'ble NGT on 16th February 2021.
8. Meeting was ended with vote of thanks.

DNG/OUT/No/ 3864
Dt. 21/01/2021

GOVERNMENT OF GUJARAT
URBAN DEVELOPMENT AND URBAN HOUSING DEPARTMENT
NOTIFICATION NO.GH/V/174 of 2020/EDB-102016-3629-L
SACHIVALAYA, GANDHINAGAR.

NOTIFICATION

Date: 11/11/2020

NO.GH/V/ 174 of 2020/EDB-102016-3629-L: WHEREAS the Government of Gujarat is of the opinion that it is necessary, in the public interest, to make variations in the Comprehensive General Development Control Regulation-2017 notified vide Notification No. GH/V/269 of 2017/EDB-102016-3629-L, dated 12th October 2017, which was sanctioned by Urban Development and Urban Housing Department Govt. Of Gujarat, Gandhinagar, under the provision of The Gujarat Town Planning and Urban Development Act – 1976(hereinafter referred as the “Act”).

Whereas, The Government of Gujarat has modified the Comprehensive General Development Control Regulation-2017 thereafter on dtd.05.11.2018 by Notification No.GH/V/152 of 2018/EDB-102016-3629-L and again on dtd.03.10.2019 by Notification No.GH/V/143 of 2019/EDB-102016-3629-L (hereinafter referred as “CGDCR”).

Whereas, The Government of Gujarat is of the opinion that it is necessary in public interest to make variation in the said CGDCR.

Now, therefore, in exercise of the power conferred by sub-section (1) of section-116A of the said Act, the Government of Gujarat hereby:-

- (a) proposes to make the variation in CGDCR
- (b) Calls upon any person to submit suggestion or objection, if any, with respect to the proposed variations made in CGDCR, as per below SCHEDULE to the Additional Chief Secretary to Government of Gujarat, Urban Development and Urban Housing Department, Sachivalaya, Gandhinagar, in writing, within a period of two months from the date of the publication of this notification in the Official Gazette.

SCHEDULE

Comprehensive General Development Control Regulation-2017 notified vide Notification No.- GH/V/269 of 2017/EDB-102016-3629-L, on dated.12.10.2017 and modification finalised by Notification No.- GH/V/152 of 2018/ EDB-102016-3629-L, on dated.05.11.2018 and Notification No.GH/V/143 of 2019/EDB-102016-3629-L on dtd.03.10.2019 are modified, rearranged, corrected for any grammatical error as per ANNEXURE annexed herewith.

Ref. : Meeting dated 28.01.2021

Sir,

For the captioned subject the meeting held on dated 28.01.2021 regarding compliance of Hon'ble NGT order in Original Application no.50/2018(WZ) in the matter of Nav Yuva Sangathan & Ors. V/s Secretary, Narmada Water Resources, Water Supply and Kalpasar Department & ors. before NGT, PB, New Delhi-Reg. The information sought by hon'ble justice shree B.C. Patel sir during the meeting are attached herewith as annexure 1 to 9.

Enclosure: Annexure 1 to 9.

ka
Executive Engineer
& Divisional Head(Drainage)
Surat Municipal Corporation

Details regarding compliance of Hon'ble NGT order regarding Original Application no. 50/2018 in the area under jurisdiction of Surat Municipal Corporation and Surat Urban Development authority (wz)

1	Status of STPs since no Progress is Observed	The progress of each STPs were explained by Municipal Commissioner shree and details are annexed herewith as annexure 1
2	Date of Completion of STPs	The progress of each STPs were explained by Municipal Commissioner shree and details are annexed herewith as annexure 2
3	Health officer clearance?	The same point was discussed and Municipal Commissioner shree mentioned that on the basis of said clearance only further process has already been done and hence it is no more a pending issue.
4	How to allow development without TP scheme	Municipal Commissioner shree explained that as per the norms of corresponding GDCR, the development sanction can be granted in non piped infrastructure with facility of soak pit and septic tank.
5	Bhesan STP Status	Covered in the reply of point no.1
6	Without Land tender is invited	Municipal Commissioner shree stated that to observe the limited time frame as per directives and orders of Hon'ble NGT, tenders were invited in anticipation of proposed approval of Government. Municipal Commissioner shree also stated that majority of land approval has been received and accordingly further process has also been initiated and hence land issue is no more pending.
7	Status of compliance of all STPs with performance- specifically for Singanpore STP	For Singanpore STP Municipal Commissioner shree gave different parameters presently being achieved and proposed to be targeted with improved parameters after augmentation. Annexure-3 attached herewith
8	Minutes of meeting	Minutes of meeting are attached herewith as per Annexure - 4

9	<p>To submit clarity</p> <ul style="list-style-type: none"> - Map with blue and red line with construction carried out. - When the blue line & red line are formed/marked/imposed decision of earlier meeting implemented. - Meeting dtd. 13/03/2009, 19/03/2012 & 26/03/2013. 	Details are annexed herewith as annexure 6
10	Desilting has doubled by 2019-2020	Collectorate office
11	<p>What about construction done before notification of No Development Zone</p> <p>Construction done before 2017 in "No Development Zone"</p> <p>Construction done after 2017 in "No Development Zone"</p>	Details are annexed herewith as annexure 6
12	Alphabetically sheet of all STPs showing – existing , proposed, with status & completion Date	Covered in the reply of point no.2
13	Legacy waste i.e. Bio mining at Khajod Site	As per Annexure 5
14	Mithi creek sampling	GPCB
15	Development plan clarity regarding the various zones and permission granted.	Details are annexed herewith as annexure 7
16	CEPT report & recommendation– was accepted or not?	Details are annexed herewith as annexure 8

Annexure-1

1. Gavier STP - being existing STP, it is functional
2. Bhesan STP 100% put in operation
3. Bhatar STP- Work in progress with 58% physical progress
4. Singanpore STP - Work in progress with 90% physical progress
5. Valak STP – Work in progress with 26% physical progress
6. Varacchha STP – As discussed on the day of meeting the interrupted work has just started upon possession handed over by SUDA officials on date:22/01/2021, land made available with police protection.
7. Bharthana STP & Kholvad STP – Work has just started
8. Kathor STP – The land is in name of District President, SUDA has given option of allotting optional land to District President and after code of conduct get over, as district panchayat President takes over, the official procedure will be completed by March end and land possession is expected accordingly.

9.

Location of STP	Status
Dhoranpardi STP	Principle sanction has been received and accordingly procedure for advance 10 % of jantri amount payment for the physical possession of the said land has been initiated. In addition to this Collector shree stated that considering principle sanction, SMC can start the work at site during this process also and accordingly design, drawings, mobilisation process started.
Dungra STP	
Kamrej STP	
Karjan STP	
KoliBharthana STP	
Pasodra STP	

10. Kholeswar STP- Collector shree stated that the proposal for the sanction has been done and sanction from GoG is awaited. Like other Gauchar land this land is likely to be made available.

14	Pasodara (4.15 mld) +Laskana (5.17 MLD)- SUDA	0%	Feb-22	September-2022
Possession yet not received				
15	Kholeswar (0.33 mld) SUDA	0%	Feb-22	September-2022
16	Kathor (16 MLD) SUDA	0%	Feb-22	September-2022

Possession not required		
17	Moje Laskana Block no. 159, (5.17 MLD) SUDA	The land proposed for Laskana STP was block no. 159 of village Laskana which is gauchar land. As per Collector shree remarks there is smashan bhoomi /kabarastan existing in the said block number and adjacent to it. Therefore this land cannot be allotted. An option for the said has been work out by consultant Green Design and Engineering Services Pvt. Ltd. , who is consultant for Tapi Shuddhikaran Project and he has proposed to transfer sewage of Laskana area to pasodra Sewage Treatment Plant (STP) where sufficient land is available. Therefore land will not effect project progress.
18	Moje vav, old Survey no.667/P, T.P.Scheme no. 41(Vav), F.P. no. 128 (16.09 MLD) SUDA	Moje vav, old Survey no.667/P, T.P. Scheme no. 41 (Vav), F.P. no. 128 was proposed for Vav STP. However kabrastan / smashanbhomi is existing over this and therefore other option was explore to construct STP for Vav area as per the report of consultant Green Design and Engineering Services Pvt. Ltd. , he has proposed to construct STP of Vav area at Kamrej Block no.598/1 where sufficient land is available. Therefore land will not effect project progress.

Annexure-3

Singapore STP has been operating with GPCB consent order no.AWH-102197, dt:11/06/2019, which is valid till 31/03/2024. Presently plant has been operating with treatment parameters matching column no. 3 of table below, However augmentation work has been taken up to receive the additional flow with enhanced parameters shown in column no.4 table below. 90% of augmentation work has been completed, which is expected to be commissioning by June-2021. After Commissioning of plant the treatment parameters will match the parameters shown in column no. 4 of table below.

Sr. No. (1)	Treated Water Parameter (2)	Before Augmentation (3)	After Augmentation (4)
1	BOD	< 30 mg/Lt.	< 5 mg/Lt.
2	COD	<250 mg/ Lt.	<50 mg/ Lt.
3	Suspended Solid	<100 mg/ Lt.	<5 mg/ Lt.
4	pH	6.5 - 9.0	6.5 - 9.0
5	Ammonical Nitrogen	<50 mg/ Lt.	<5 mg/ Lt.
6	TN	<100 mg/ Lt.	<10 mg/ Lt.
7	Dissolved Phosphorous	<5 mg/ Lt.	<2 mg/ Lt.
8	Fecal coliform	<1000 MPN/100 ml.	<100 MPN/100 ml.

Annexure-5

- SMC has already remediated the legacy waste accumulated at Khajod disposal site (in the area of 62 Hector).
- Work for Biomining of waste overflowing from Sanitary Land fill cell including old dump site at Bhatar with estimated 25 lacs M.T. of waste , has been started at the cost of Rs. 103.00 Crores (under SBM).
- Approximately 3000 MT / day bio mining progress is being observed.
- bio mining work likely to be completed by December-2022.

Legacy Waste In The Watershed of River Tapi

2. **Aquatic Weed Harvesting Machine – Removal of Invasive Flora & Vegetation like Water Hyacinths, Hydrila & Algae:-** Since 2018, Total 3,85,260 Cubic meter Vegetation like water hyacinths / Hydrila / Algae etc. Has been removed from river TAPI. 3 De weeding machine is purchased by SMC apart from on rent machinaries.

3. **Prevention of Solid Waste Dumping:-**

- a) Fabricated nets has been fixed on all the bridges across Tapi River within Municipal Limits to prevent solid waste dumping.
- b) Wire net/barricading on tributaries leads to river Tapi to prevent solid waste entering from tributaries meeting River Tapi, and scheduled cleaning is being done.
- c) Door to Door garbage collection system has been efficiently working since 2004 which does not allow citizen to litter the waste.

- d) Fabricated nets on the outlet of storm water drain falling in to Tapi River.
- e) 43,000 catchpits of storm drainage are covered with CC jail to prevent entering solid waste to river Tapi.

4. **Public Awareness & Feedback : Tapi Revival Website:-** As directed by Hon. NGT, Surat Municipal Corporation has launched the dedicated website which shows the progress of works related to Tapi revival project and it also has provision of feedback from the citizens and till date approximate 16000 visitors have been registered.

Website: “tapirevival.suratmunicipal.org”

5. Enhancement of public participation and involvement by various awareness activities:

Surat Municipal Corporation intends to involve public participation and awareness towards Tapi rejuvenation and towards this SMC has started various online competitions and also started the working towards spreading awareness through various social media platforms. Moreover various other activities will be started shortly.

Various Competitions :

Drawing Competition already live

Upcoming Competitions:

Slogan Competition

Essay Competition

Photography Competition

Annexure-6

Meeting Date	Point no.	Description	Compliance
13.03.2009	2	It is decided that structures shall not be allowed up on the land falling between embankments on either side of the river.	<p>It was decided in the meeting held under chairmanship of Chief Secretary, Government of Gujarat, on 13.03.2009 that SMC/SUDA will submit necessary modification in the Development Plan for regulation of development in the areas vulnerable to flood. Accordingly, SUDA had proposed zone for no-construction within 30/15/4.5 mts and restricted development within 30 to 150 mts from the river boundary. Recently by UDD notification/order no. GH/V/174 of 2020/EDB-102016-3629-L dated 11.11.2020; Government has defined and implemented No Development Zones and Restricted Development Zones along the bank of river Tapi. Regulations pertaining to these zones have also been incorporated in CGDCR-2017 by same notification. Out of which, the regulations related to No Development Zone are in sync with the provisions of building control line from the river line in CGDCR-2017.</p> <p>Moreover, Regulations related to Building Control Line from the river bank are already part of the Development Control Regulations, SUDA since 1986. No Development permission has been issued within such building control line by Surat Municipal Corporation.</p>
	4	SMC/SUDA should submit a proposal to the Government for making necessary modifications in the existing Development Plan-2004 and DCR for regulation of development in the areas vulnerable to flooding or required to be kept open as per river boundary and alignment of embankments which will be defined by Irrigation Department.	It was decided in the meeting held under chairmanship of Chief Secretary, Government of Gujarat, on 13.03.2009 that SMC/SUDA will submit necessary modification in the Development Plan for regulation of development in the areas vulnerable to flood. Accordingly, SUDA had proposed zone for no-construction within 30/15/4.5 mts and restricted development within 30 to 150 mts from the river boundary. The same was sent to the Government for necessary variation in the Development Plan / GDCR of SUDA.
	5	The UDD should examine the need of setting up a separate River Regulatory Authority to manage and regulate development in the vulnerable areas along the river boundary.	Government has defined and implemented No Development Zones and Restricted Development Zones along the bank of river Tapi via notification/order no. GH/V/174 of 2020/EDB-102016-3629-L dated 11.11.2020. Regulations pertaining to these zones have been incorporated by same notification and are in force.

Meeting Date	Point no.	Description	Compliance
	8	The Hon'ble Chief Secretary also instructed that a set of "do's and don'ts" should be prescribed for development in private land in flood prone areas and proposed River Regulatory Zone.	Regulations related to Building Control Line from the river bank are already part of the Development Control Regulations, SUDA since 1986. Recently by UDD notification/order no. GH/V/174 of 2020/EDB-102016-3629-L dated 11.11.2020; Government has defined and implemented No Development Zones and Restricted Development Zones along the bank of river Tapi. Regulations pertaining to these zones have also been incorporated in CGDCR-2017 by same notification.
29.03.2012	1	સુરત શહેરી વિકાસ સત્તા મંડળ ધ્વારા પાળા થી નદી તરફના વિસ્તારમાં માટે જીડીસીઆર માં ફેરફાર કરી તે વિસ્તારમાં વિકાસને નિયંત્રણ કરવા સારૂ અલગ નિયમો બનાવી ઠરાવલ છે અને તે ઠરાવ અન્વયે ઝોન બદલવા માટે કલમ-૧૯ હઠળ પ્રાથમિક જાહેરનામું બહાર પાડવા સારૂ ફાઈલ ક્રમાંક: વનમ-૧૪૧૦-૨૬૪૯-લ સરકારશ્રીમાં રજુ કરેલ છે. જેમાં આવી જમીનોને પ્રતિબંધિત ઝોન-૧ રાખી તેમાં આ સાથે પરિશિષ્ટમાં સામેલ રાખેલ નિયમો મુજબ વિકાસ નિયંત્રણની જોગવાઈ કરવામાં આવેલ છે. તેને સત્વરે મંજૂરી આપવાની થાય છે. તે જ પ્રકારે પાળા થી ૧૫૦ મી. સુધીના વિસ્તારમાં પ્રતિબંધિત ઝોન-૨ રાખી આ સાથે પરિશિષ્ટ-૨ માં સામેલ રાખેલ નિયમો મુજબ વિકાસ નિયંત્રણ કરવાની દરખાસ્ત ઉક્ત ફાઈલમાં રજુ કરેલ છે. જેને મંજૂરી આપવાની થાય છે. Brief Note – Tapi Riverfront Development and Rejuvenation Project

Hon. Commissioner shree, SMC asked Director of HCP Design, Planning and Management Pvt. Ltd. to brief hon'ble justice shree B.C. Patel sir about the Tapi Riverfront Development and Rejuvenation Project.

Director of HCPDPM explained scope of the project in terms of its length and purpose of the project. The project aims to achieve major four objectives: Flood Mitigation, Cleaning the River, Establishing various connections and providing various Public Spaces to the city.

The project is an attempt to formulate a blueprint of a comprehensive, imaginable, legible and resilient river edge enriched with pedestrian trails, visitor facilities, spaces designated and designed for congregation, festivals and performances. The riverfront is proposed to be developed as a green and recreational space that can transform the existing neglected waterfront into a center for social, cultural and recreational activities in the city.
