**BEFORE THE NATIONAL GREEN TRIBUNAL, NEW DELHI**  
**Original Application No. 552/2025**

**SONU KUMAR JHA** : **APPLICANT**  
V/S  
**DELHI JAL BOARD & ORS** : **RESPONDENT**

**COUNTER AFFIDAVIT ON BEHALF OF RESPONDENTS/**  
**DELHI JAL BOARD-**

I, Sanjay Kumar Dahiya, S/o Sh. Ranbir Singh Dahiya, aged about 56 years, working as CE(M)-I, Delhi Jal Board having office at Varunalaya Ph-I, Jhandewalan, New Delhi, do hereby solemnly declare as under:

**MOST RESPECTFULLY SUBMITTED:**

**PRELIMINARY SUBMISSIONS-**

1. That I am authorized to represent the Answering Respondent /DJB in the captioned matter and as such I am conversant with the facts and circumstances of the present case based on records. I am therefore competent to swear this affidavit. I further state that the Annexures hereto are the true copies.
2. That Sewer blockages in G-block Raj Nagar-II occur due to multiple reasons, one of the major reasons being illegal connections of open/closed drains with sewer lines, which result in entry of polythene, solid waste, and other debris into the sewer system, thereby causing blockages.

3. That on 26.06.2025, an e-mail was sent by the RWA to the CM, NCTD for sewer overflow complaints in past five months. It is stated that in Rajnagar Part-II, from Gali number 3,5 & 6; **101 complaints** were received from **01.01.2025 to 30.06.2025** i.e. **101 complaints in 6 months (16 complaints per month)**. The complaints were resolved timely. The list of 101 complaints attached as **Annexure R/1**. Similarly onwards 1.7.2025 to 31.10.2025, total 2309 Complaints from Raj Nagar-II ward were received and all these Complaint were efficaciously resolved by the DJB.

4. That as per records of the Central Control Room of the Delhi Jal Board (DJB), a total of approximately **307 complaints** were received during **November 2025 and December 2025** pertaining to Raj Nagar-II for a sewer network of about **40 Km**. Out of these, only **19 complaints** pertained to Gali Nos. 3, 5 and 6 which is subject matter herein. The list of 307 complaints consisting highlighted 19 complaints attached as **Annexure R/2**. This indicate that due to DJB efforts of cleaning manholes with engaged machines, the complaints of sewer blockages/ overflow reduced considerably i.e. from 16 complaints to 9 complaints per month.

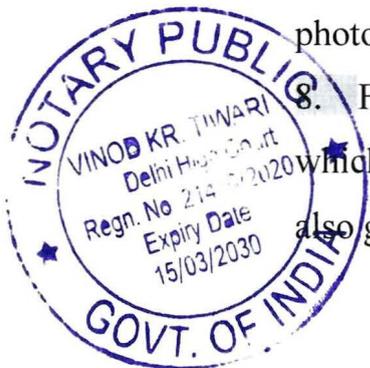

5. That the sewer lines in the said streets were laid in 2021 and are well within their active service life. Therefore, the said sewer lines do not fall within the ambit of replacement at present. However, DJB undertakes de-silting and maintenance of sewer lines as per requirement. At present one Dicci Machine Desilter for removal of blockages and silt, one Bolero Jetting Machine for removal of blockages and one Auto Desilter for removal of silt from manholes, have been engaged by DJB for Rajnagar-II.

6. The Delhi Jal Board attends sewer blockage complaints promptly as and when they are reported. There has been no deliberate failure on part of DJB in discharge of its statutory duties under the **Water (Prevention and Control of Pollution) Act, 1974**, the **Environment (Protection) Act, 1986**, nor any violation of the fundamental right to life and clean environment under **Article 21 of the Constitution of India**. It is respectfully sated that the aforesaid data qua complaints received and resolved by the answering Respondent, as explained hereinabove, would respectfully appraise the Hon'ble Court that the respondents have been constantly working towards citizen welfare and have been attending Complaints with resources engaged for the area concerned, which is Raj Nagar II in the instant case and there has been no deliberate or wilful delay on the part of answering respondent.

7. The dates and events mentioned in paragraphs 1 to 16 of the Original Application are matters of record. Sewer blockages were attended as and when brought to the notice of the Delhi Jal Board, and there has been no dereliction of duty on the part of the officers of DJB. In the instant case due to engagement and utilization of sewer cleaning machine DJB succeeded in reducing from 16 complaints to 09 complaints per month. From the current Photographs, it is evident that at present there is no sewer overflowing in the above-mentioned streets and the complaints at hand duly stands resolved. The current photographs of the streets, are attached as **Annexure R/3**.

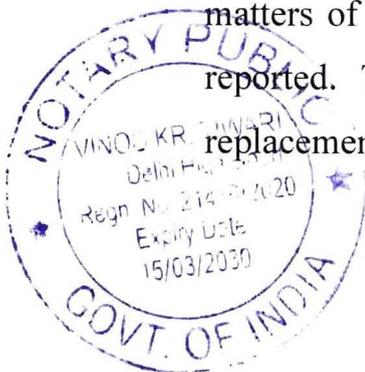

8. Further, DJB has planned to replace water line in Gali No. 06, for which tender invited and the work is under award. The information was also given on portal on 13.08.2025 by the AE.

w

**MOST RESPECTFULLY SHOWETH:**

1. That the blockages in sewer lines are attended promptly as and when they are brought to the notice of the officers of the Delhi Jal Board.
2. That it is a matter of record that complaints received by DJB were duly attended without delay.
3. That the sewer line in question was laid in the year **2021** and does not require replacement at present. The active life of **DWC (Double Wall Corrugated) HDPE pipes used in Sewer lines** is more than **25 years**.
4. That the representation made by the Applicant to the Chief Minister on **20.06.2025** is a matter of record. The obstruction caused by cables was duly informed to the Applicant by DJB officials. The issue pertained to **only one manhole**, from which **two data cables of unknown agency were removed**. One additional cable, recently encountered, shall also be removed shortly. At present, **there is no overflow of sewage from the said manhole**. The Photograph of the said manhole after removal of cable and showing no overflow is attached as **Annexure R/4**.
5. That the contents of paragraph 5 of the Original Application are replied to in terms of paragraph 4 above.
6. That the complaints made by the Applicant on various dates are matters of record. Sewer blockages were duly attended as and when reported. The sewer lines were laid in 2021, does not warrant replacement at this stage and remains within its designed service life.

✓

7. That contamination of water may occur when sewer lines become surcharged; however, such contamination subsides upon removal of blockages and normalization of sewer levels. Additionally, residents operating online motors during non-supply hours create negative suction pressure, which may cause ingress of foul water into potable water lines through leaking household connections passing through submerged drain conditions. Identification and rectification of such issues may require substantial time.

**REPLY TO GROUNDS:-**

That the grounds of the OA are also denied.

**PRAYER**

In view of the facts and circumstances stated above, it is most respectfully prayed that this Hon'ble Tribunal may be pleased to:

1. **Reject the prayer of the Applicant seeking replacement of sewer lines**, as the sewer line is new and well within its serviceable life along-with other prayers; and
2. **Reject the claim for compensation**, as the sewer blockages are common in nature and all complaints were duly attended by the Delhi Jal Board in a timely manner.

  
**DEPONENT**

**VERIFICATION**

Verified that the contents of para 1-8, 1-8 of the affidavit and annexures are true and correct to the best of my knowledge derived from the relevant office record which are regularly maintained by the respondent and is also believed to be correct upon information received from the concerned officer. No part of it is false and nothing material has been concealed there from.

*MC* Verified at Delhi on this 2th day of 2 2026
