**Interim Report of Hon'ble NGT order dated 04.02.2022 in the matter of Varun Sheokand V/s Central Pollution Control Board & Ors. O.A No.08/2022.**

**1. BACKGROUND:-**

(i) Grievance in this application is against burning of E-waste in Sarurpur Industrial Area, Faridabad, Haryana, by Respondent Unit Nos.6 to 18.

(ii) Case of the applicant is that the Sarurpur Industrial area in Faridabad is a totally unauthorized and non-conforming area in which about 100-200 "Red category" and highly polluting units are illegally operation which are engaged in the illegal activity of burning E-waste.

(iii) This Hon'ble Tribunal while taking the cognizance of the OA, has sought a report from a four-member Joint Committee comprising Member Secretary, State PCB, CPCB, District Magistrate, Faridabad and Commissioner, Municipal Corporation.

**Hon'ble National Green Tribunal vide order dated 04.02.2022 has directed as follows:-**

*"Accordingly, we constitute a four-member joint Committee comprising Member Secretary, State PCB, CPCB, District Magistrate, Faridabad and Commissioner, Municipal Corporation. The Member Secretary, State PCB will be the nodal agency for coordination and compliance. The joint Committee may hold its meeting within one month and will be free to conduct proceedings online except for undertaking visit to the site. The Committee will be free to interact with the stakeholders and take assistance of any other Expert(s) on the subject. It may ascertain number of units in operation and their scale of operation in Sarurpur Industrial Area and its vicinity, infrastructure for waste management and specifying the reasons for inaction of SPCB against the violations, pollution and health hazards in the area and fixing the accountability. Based on verified facts, it may recommend remedial action for compliance of the statutory Rules on the subject at the ground level. Report may be furnished within three months by e-mail at [judicialngt@gov.in](mailto:judicialngt@gov.in) preferably in the form of searchable PDF/ OCR Support PDF and not in the form of Image PDF which may also be uploaded on the 21 website of State PCB for response of any stakeholder before this Tribunal, if required. List for further consideration on 27.05.2022.*

x xxxxxx

*We also direct a copy of this order be forwarded all State PCBs/PCCs for ascertaining factual position in their respective jurisdictions and filing status reports on operation of e-waste recycling industries as well as other such polluting categories of industries operating in clusters causing environmental degradation and health hazards with the CPCB within one month based on which CPCB may hold an online interaction with all the State PCBs/PCCs and give a consolidated report to this Tribunal, before the next*

*date. CPCB may particularly ascertain compliance status in Delhi and Uttar Pradesh in light of earlier orders."*

## **2. Compliance of Hon'ble National Green Tribunal directions:-**

(i). In compliance of Hon'ble NGT directions issued vide order dated 04.02.2022, a meeting was held through Video Conference on 22.02.2022 under the Chairmanship of Member Secretary, HSPCB. The meeting was attended by the following officers:-

1. Deputy Commissioner, Faridabad.
2. Scientist-F, Regional Director, CPCB, Chandigarh.
3. Addl. Commissioner, Municipal Corporation Faridabad.
4. Scientist-B WM-III, Division, CPCB, New Delhi.
5. Regional Officer, HSPCB, Ballabgarh.
6. Regional Officer, HSPCB, Faridabad.
7. AEE, HSPCB Head Office, Panchkula.

In said meeting, issues raised in present OA were discussed. The action plan was prepared for inspection of the Units and requisite action to be taken by concerned department/ authority against defaulting unit(s). Copy of minutes of meeting held on 22.2.2022 is being enclosed herewith as **ANNEXURE R-1.**

(ii). In furtherance of meeting dated 22.02.2022, at first instance, respondent Units No.6 to 18 were inspected. Out of these thirteen (13) Respondent Units, four (04) number of units falls under the white category which do not require consent from the HSPCB, five (05) number of Units were not traceable as per particulars given in the O.A. and four (04) number of Units were covered under the Consent Management Policy of the HSPCB were found established without consent from the HSPCB. Hence, Closure action has been taken by the HSPCB including disconnection of electricity supply. The action of prosecution and imposition of environment compensation against these four (04) number of non-complying respondent Units is in progress, as land records are being procured from the Revenue Authority to ascertain the Owner of the land. None of inspected Unit was found engaged in dealing with or burning of e-waste. The details of respondent units, their compliance status of environmental norms and action taken is being enclosed herewith as **ANNEXURE R-2.**

(iii). In addition to Respondent Units mentioned in O.A., other Units i.e. 100 number of units in area in question have also been inspected. This inspection was initiated by the HSPCB before passing of order dated 04.02.2022 i.e. since December, 2021.

Out of these 100 Units inspected, 10 number of units falls under the white category which do not require consent from the HSPCB, 90 number of Units covered under the Consent Management Policy of the HSPCB were found established without consent from the HSPCB. Hence, Closure action has been taken by the HSPCB

including disconnection of electricity supply against 68 number of units. Closure action against 22 units have been recommended by Regional office and those are under consideration and closure action shall be taken expeditiously. The action of prosecution and imposition of environment compensation against these non-complying units is in progress, as land records are being procured from the Revenue Authority to ascertain the Owner of the land. None of inspected Unit was found engaged in dealing with or burning of e-waste. The details of 100 units inspected, their compliance status of environmental norms and action taken is being enclosed herewith as **ANNEXURE R-3.**

(iv). On 03.08.2022, the Member Secretary, Central Pollution Control Board took meeting to review the status of action taken by the Joint Committee. The meeting was attended by Member Secretary, Haryana State Pollution Control Board (SPCB), District Magistrate, Faridabad, Commissioner, Municipal Corporation, Faridabad and Scientist 'F' and Head, WM-III Division, CPCB along with Officials of CPCB and Haryana SPCB. It was decided that Joint Committee shall visit the area in question with the Petitioner/Applicant to reaffirm the factual position. Copy of minutes of meeting held on 03.08.2022 is being enclosed herewith as **ANNEXURE R-4.**

(v). In furtherance of meeting dated 03.08.2022, the area in question was inspected on 06.08.2022 by the Joint Committee consisting of Senior Environmental Engineer of HSPCB, Commissioner of Municipal Corporation of Faridabad, Scientist 'F' from CPCB and the Dy. Commissioner of District Faridabad.

During inspection following observations were made:-

- a). Four (04) number of respondent Units sealed by the Board were found to be sealed/ dismantled.
- b). Two (02) dumping sites were visited along with petitioner. At one plot (GPS coordinates-28.3443665, 77.2504038) grinded/crushed/shredded scrap was found stored. By physical appearance the grinded/crushed/shredded scrap appears scrap was identified to be crushed plastic, packaging material, shredded automobile components with metals ingrained into it. The ownership of the shredded scrap was unknown. It appears that the material was stored for further burning for recovery of metals. At another plot (GPS coordinates-28.3453314, 77.2616677) large dump of ash was found which appears to be of recent origin as in some places surface of the ash was hot and the source of ash was appears to be from burning of scrap for recovery of metals. It appears that in the night unauthorised dumping and burning operations are being carried out regularly.
- c). During the course of inspection with petitioner, the Joint committee did not found dumped e-waste such as waste printed circuit board or waste electrical or electronic equipment or their burning. The Joint Committee did find unauthorised and illegal dumping of shredded scrap and evidence of burning of

scrap from non-electronic source in the open plots. It appears that the material are being shredded in areas in and around Sarurpur and burned in open plots in the night for recovery of metals which is illegal and constitute a law and order problem.

Report of Joint Committee visit on 06.08.2022 is being enclosed herewith as ANNEXURE R-5.

3. Further inspection of the remaining units in the area in question is on progress.

4. CONCLUSION:-

After considering information and documents received, the following facts have been concluded:

- (i) No E-waste dumping or burning was found in any of the inspected units including respondent Units and in the area in question.
- (ii) Unauthorised dumping of shredded scrap and evidence of burning of scrap from non-electronic source in the open plots were observed
- (iii) Most of the Units in the Sarurpur are engaged in the manufacturing of metal ingots mainly of aluminum by melting metal scrap.

5. RECOMMENDATIONS:-

- (i) Regular Police patrolling in Sarurpur area and its vicinity is mandated to check and stop illegal burning of scrap and dumping of ash in open plots/lands.
- (ii) Regular vigil by the concerned authorities i.e. Town & Country Planning Department or Municipal Corporation Faridabad should be done to check the illegal construction of sheds in Sarurpur area and its vicinity followed by suitable action as and where required in accordance with their governing Acts.
- (iv) The Department of Power, Haryana through Dakshin Haryana Bijli Vitran Nigam may consider for regulatory mechanism to be adopted before grant of industrial connection of electricity supply to entities which may involve in polluting activity.

The interim report is being submitted in light of order of Hon'ble Tribunal, please. Further, report shall be filed in next three months.

Proceedings of meeting of Committee constituted in compliance of directions of Hon'ble NGT in OA No.08/2022 (titled as Varun Sheokand Vs CPCB & Ors) at 10:30 Hrs on 22.02.2022.

A meeting of the Committee constituted in compliance of directions of Hon'ble National Green Tribunal in OA No.08/2022, titled as Varun Sheokand Vs CPCB and Ors in the matter of alleged illegal burning of E-waste in Sarurpur Industrial Area in Faridabad, wherein Hon'ble Tribunal, vide its order dated 04.02.2022, *inter alia* directed that,

*'....we constitute a four-member Joint Committee comprising Member Secretary, State PCB, CPCB, District Magistrate Faridabad and Commissioner, Municipal Corporation. The Member Secretary, State PCB will be the nodal agency for coordination and compliance. The Joint Committee may hold its meeting within one month and will be free to conduct proceedings online except for undertaking field visit to the site. The Committee will be free to interact with the stakeholders and take assistance of any other Expert(s) on the subject. It may ascertain number of units in operation and their scale of operation in Sarurpur Industrial Area and its vicinity, infrastructure for waste management and specifying the reasons for inaction of SPCB against the violations, pollution and health hazards in the area and fixing the accountability. Based on verified facts, it may recommend remedial action for compliance of the statutory Rules on the subject at the ground level. Report may be furnished within three months ....'*

Accordingly, in compliance of the directions of the Hon'ble Tribunal, the meeting was held at 1030 Hrs on 22.02.2022, with Sh S Narayanan, IFS, Member Secretary, HSPCB, Sh Jitender Yadav, IAS, Deputy Commissioner Faridabad, Sh. Gurnam Singh, Scientist-F, Regional Director, CPCB, Chandigarh and Sh. Abhishek Meena, Additional Commissioner, MCF participated, besides Smt. Smita Kanodia, RO, HSPCB, Faridabad Region, Sh. Dinesh Kumar, RO, HSPCB, Ballabgarh Region and Scientist B, WM-III Division of CPCB and Sh Vikas Chand, AEE, HSPCB also participated. The meeting was held through VC. The details of important discussions held and the decisions taken are as below.

Member Secretary, HSPCB welcomed all the participants and briefly explained the allegation of the complainant that around 100-200 'Red Category' and highly polluting units are illegally operating in the Sarurpur Industrial area in Faridabad which is a totally unauthorized and non-conforming area and are engaged in the illegal activity of burning E-waste in and out of their units on everyday basis, which has been directed by the Tribunal to be investigated into, following the procedure, outlined in the order mentioned here earlier.

Deputy Commissioner, Faridabad informed that a meeting in this regard had been conducted on 21.02.2022 with all the stakeholder departments concerned including the

I/99228/2022

representatives of Sarurpur Industrial Area Association. He also informed that three teams have already been constituted with officers from MCF, DTP, Police Department, DHBVN and representative of SDM Badkhal (from Revenue Department) to carry out the inspection/survey of industries operating in Sarurpur area. DC, Faridabad also informed that a survey of all the units/industries in the District has already been conducted by Industries Department through a third party and the data on the units/industries operating in these areas mentioned in OA will be procured from Industries Department so that the units/industries involved in the manufacturing of Metal Ingots/Processing of E-Waste could be identified and inspected accordingly. He informed that the teams have been directed to inspect thirteen industrial units mentioned in OA immediately for any illegal activities and the inspection of the remaining areas will follow thereafter. DC assured that he would convene a couple of meetings and review the issue before the next meeting of the Joint Committee, which can be scheduled in the next week.

Regional Director CPCB agreed to depute the representative of CPCB for the inspection. ADC, MCF informed that they have made an agreement with e-waste collecting agencies and agreed that the representative of MCF will be associated with the teams constituted by district administration for areas falling under their jurisdiction. After detailed discussion, following decisions were taken:

1. Teams constituted by district administration will conduct the inspection of all units in Sarurpur Industrial area of Faridabad and identify the number of units in operation, their legality and their scale of operation.
2. CPCB shall nominate its nodal officer for the Joint Committee constituted by Honble NGT in this matter. It will also ensure that its representative is deputed for the inspections to be conducted in the area by the teams constituted.
3. Regional Officers of HSPCB will take immediate necessary action against the illegal / non-complying industrial units as per the applicable provisions of environmental laws and rules. The action against such units which are not covered under HSPCB shall be taken by the respective department and District Administration will coordinate the same.
4. The next meeting of committee will be held in next week to review the progress in this matter.

Meeting ended with thanks to all the participants.

Electricity disconnection- Recommendation sent to Head Office.	No E-Waste burning was found at site. However, the unit is engaged in the process of Dyeing of Fabric.

- Out of these 100 Units inspected, 10 number of units falls under the white category which do not require consent from the HSPCB, 90 number of Units covered under the Consent Management Policy of the HSPCB were found established without consent from the HSPCB. Hence, Closure action has been taken by the HSPCB including disconnection of electricity supply against 68 number of units. Closure action against 22 units has been recommended by Regional office and those are under consideration and closure action shall be taken expeditiously. The action of prosecution and imposition of environment compensation against these non-complying units is in progress, as land records are being procured from the Revenue Authority to ascertain the Owner of the land. None of inspected Unit was found engaged in dealing with or burning of e-waste.

**Minutes of the meeting held on 03.08.2022 through VC mode in the matter of OA No. 08/2022 (Shri Varun Sheokand Vs CPCB & Ors) before Hon'ble NGT Principal Bench, New Delhi.**

In the matter of OA 08/2022 (Shri Varun Sheokand Vs CPCB & Ors) before Hon'ble NGT Principal Bench, New Delhi, Member Secretary, Central Pollution Control Board (CPCB) took a meeting with the members of the Joint Committee on 03.08.2022 to review the status of actions taken by the Joint Committee.

The meeting was attended by the members of Joint Committee comprising of Member Secretary, Haryana State Pollution Control Board (SPCB), District Magistrate, Faridabad, Commissioner, Municipal Corporation, Faridabad and Scientist 'F' & Head, WM-III Division, CPCB along with officials of CPCB and Haryana SPCB. List of participants is Annexed.

Member Secretary, CPCB welcomed the members of the Joint Committee. He further stated that burning and illegal processing of e-waste is a matter of concern and has to be dealt firmly by setting up a mechanism of continuous monitoring, reporting and actions against the violators. He emphasized that all the issues raised in the Hon'ble NGT order needs to be addressed in the report.

The brief of discussion is given below:

- i. Member Secretary, HSPCB briefed on the actions taken by the Joint Committee in compliance with Hon'ble NGT's order of 04.02.2022. He informed that 03 teams were constituted and these teams carried out inspections of 13 units mentioned in this matter. He informed that addresses of 03 units out of 13 were not traceable, while 05 inspected units are not covered under consent management of the Board and the remaining 05 units were found operating illegally without CTE/CTO and actions have been taken by HSPCB against these 05 illegally operating units. He also informed that in addition to above inspection additional inspection of 101 units were also carried in Sarurpur Industrial area and its vicinity. He stated that most of the units were found to be operating illegally without CTE/CTO. He informed that no incident of e-waste burning was observed during the inspections. He further informed that Sarurpur Industrial area is a non-confirming area hence consent is not given by HSPCB to industries operating in this area.

Member Secretary CPCB observed that justification should be provided as to why the 05 said units were not covered under the consent management of the HSPCB.

- ii. Commissioner, Municipal Corporation Faridabad stated that the Government of Haryana is in process of shifting industries operating in non-confirming areas as done in Delhi. He added that surveys of all the industrial areas in Faridabad has been carried out and data has been submitted to Industries department. Based on the data, Government of Haryana will amend its development plan regarding shifting of all the industrial units from non-confirming areas or green/white categories of units be allowed in these non-confirming areas.
- iii. Deputy Commissioner, Faridabad stated that 03 teams were constituted as informed by MS HSPCB for carrying out inspections in the area of concern in the present matter. Each team comprised of 5 members to carry out the inspection/survey of industries operating in Sarurpor area & its vicinity. He submitted that

*Anand Kumar*

various surprise inspections were carried out by these teams. During inspection it was found that although some of these units are carrying out burning/melting operation of metals for extraction of pure metals but burning of e-waste was not observed. He conveyed that green and white categories of industries in Sarurpur Industrial area are source of employment in Faridabad and this is to be taken into consideration while amending development plan. He also informed that district administration Faridabad is in process of confirming this area, however only green and white categories of units will be allowed in this area.

- iv. During the discussion it was informed that melting operations were found but not the burning of e-waste. Member Secretary, CPCB suggested that if possible the ashes from the site be collected and analyzed to ascertain if e-waste was burned or not. He further emphasized that management of e-waste has to be done under the framework of e-waste (Management) Rules and in this regard CPCB is in the process of issuing directions to all SPCBs/PCCs for setting up a robust mechanism of surveillance for addressing the issue of illegal/informal processing of e-waste. He further suggested that the Joint Committee should consider visit to the area in compliance of the order date 04-02-2022 and the Petitioner be invited for inspection along with the Joint Committee.

The decisions taken in the meeting are given below:

1. Joint Committee to visit the Sarurpur Industrial area along with the Petitioner to reaffirm the factual position.
2. To put up mechanism for regular monitoring to check informal e-waste activities as a proactive measure.
3. To include details in the report, on number of units in operation and scale of their operation in Sarurpur Industrial Area and its vicinity, reasons for exclusion of industries from the consent management, adequacy of infrastructure available in the area for addressing waste management and any other points as per directions of the Hon'ble NGT.
4. The report may be structured and findings/recommendations supported by facts.

The meeting ended with vote of thanks

*Anand Kumar*

### Joint Committee Visit Report in the matter of OA no. 08 of 2022 in Hon'ble NGT (PB)

As per the decisions taken in the meeting under the chairmanship of Member Secretary, Central Pollution Control Board (CPCB) on 03.08.2022 for reviewing the status of actions taken a visit was made by the Joint Committee on 6.8.2022 in the Saroorpur areas as mentioned by the applicant:

During inspection on 6.8.2022, two (02) respondent units were inspected with petitioner and District administration and 04 no of respondent units which were covered under consent management and were sealed by board were found to be sealed/dismantled during inspection of joint committee and petitioner.

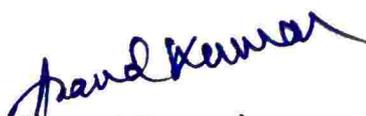

During inspection 2 dumping sites were visited along with petitioner. At one plot (GPS coordinates- 28.3443665 , 77.2504038 ) grinded/crushed/shredded scrap was found stored. Photograph attached as Annexure A. By physical appearance the grinded/crushed/shredded scrap appears scrap was identified to be crushed plastic, packaging material, shredded automobile components with metals ingrained into it. The ownership of the shredded scrap was unknown. It appears that the material was stored for further burning for recovery of metals. At another plot (GPS coordinates- 28.3453314 , 77.2616677) large dump of ash was found which appears to be of recent origin as in some places surface of the ash was hot and the source of ash was appears to be from burning of scrap for recovery of metals. Photograph attached as Annexure B. It appears that in the night unauthorised dumping and burning operations are being carried out regularly.

During the course of inspection with petitioner, the Joint committee did not found dumped e-waste such as waste printed circuit board or waste electrical or electronic equipment or their burning. The Joint Committee did find unauthorised and illegal dumping of shredded scrap and evidence of burning of scrap from non-electronic source in the open plots. It appears that the material are being shredded in areas in and around Saroorpur and burned in open plots in the night for recovery of metals which is illegal and constitute a law and order problem.

During inspection the GPS coordinates were noted down for identifying land ownership details so that district administration can take appropriate action against both the plot owners as well as to control the burning of scrap in open area and dumping of ash in open plots in future.
