**REPORT OF JOINT COMMITTEE IN COMPLIANCE WITH HON'BLE NGT ORDERS IN THE MATTER OF O.A. NO. 612/2019 TITLED AS VINOD KUMAR BANSAL VS STATE OF HARYANA.**

**1.0 Background:**

The Hon'ble National Green Tribunal vide its order dated 16.04.2021 has directed as follows:

" 8. Accordingly, let further steps be taken in the matter and further compliance report filed before the next date. A joint Committee of CPCB and HSPCB may verify the facts. HSPCB will be the nodal agency for coordination and compliance. The report be filed by e-mail at [judicial-ngt@gov.in](mailto:judicial-ngt@gov.in) preferably in the form of searchable PDF/OCR Support PDF and not in the form of Image PDF.

*List for further consideration on 06.08.2021."*

**2.0 Compliance to Hon'ble NGT Directions:**

In compliance to the Hon'ble NGT directions, team comprising following officials of Central Pollution Control Board and Haryana State Pollution Control Board:

1. Sh. Suneel Dave, Scientist-E, Central Pollution Control Board
2. Dr. Sunil Sheoran, Scientist-B, Hisar, Haryana State Pollution Control Board

**3.0 Joint Inspection Report:**

The committee has visited MC Dabwali on 30.09.2021 in presence of Sh Surinder Kumar, Executive Officer and Sh. Rakesh Poonia, Executive Engineer and made the observations. The Committee report, considering the observations recorded is summarized based on the Solid Waste Management (SWM) Rules 2016 and is as follows:

Rule No.	Particulars	Compliance Status
15.	<b>Duties and responsibilities of local authorities and village Panchayats of census towns and urban agglomerations: -</b>	
15(a)	Prepare a solid waste management plan as per state policy and strategy on solid waste management within six months from the date of notification of state policy and strategy and submit a copy to respective departments of State Government or Union territory Administration or agency authorized by the State Government or Union territory Administration;	The MC Dabwali has notified Solid Waste Management Bye-laws (2019) as per the State Policy. The Bye-laws were also published in the News Paper for publicity. <b>Annexure-1</b>
15 (b)	Arrange for door to door collection of segregated solid waste from all households including slums and informal settlements, commercial,	MC Dabwali has 21 number of wards with 24005 number of Household and has reported generating approximate 28 MT of waste per day. For door to door collection

	institutional and other non residential premises. From multi-storage buildings, large commercial complexes, malls, housing complexes, etc., this may be collected from the entry gate or any other designated location;	of segregated solid waste 14 vehicles from these households including slums and informal settlements, commercial, institutional and other non-residential premises. From multi-story buildings, large commercial complexes, malls, housing complexes, etc., and collected from the entry gate. Copy of door to door collection, plan and agreement with third party; ward wise vehicle detail is attached. <b>Annexure-2</b>
15 (c)	Establish a system to recognize organizations of waste pickers or informal waste collectors and promote and establish a system for integration of these authorized waste-pickers and waste collectors to facilitate their participation in solid waste management including door to door collection of waste;	Total 49 numbers of ragpickers are authorized by MC Dabwali to facilitate their participation in SWM including door to door collection of waste. Detail of waste pickers with Identity Card is attached. <b>Annexure-3</b>
15 (d)	Facilitate formation of Self Help Groups, provide identity cards and thereafter encourage integration in solid waste management including door to door collection of waste;	A total 50 people are engaged in Self-help group i.e. RWAs by MC Dabwali to facilitate their participation in SWM including door to door collection of waste. Details of waste pickers are attached. <b>Annexure-4</b>
15 (e)	Frame bye-laws incorporating the provisions of these rules within one year from the date of notification of these rules and ensure timely implementation;	As mentioned in 15 (a)
15 (f)	Prescribe from time to time user fee as deemed appropriate and collect the fee from the waste generators on its own or through authorized agency;	The user fee is defined in Bye-laws. Total Rs. 11.19 Lakh has been collected from waste generators from Dec 2020 to Sept 2021. The collection fees from the waste generator is done through No Dues Certificate (NDC) Portal. Details of fee collected are attached. <b>Annexure-5</b>
15 (g)	Direct waste generators not to litter i.e throw or dispose of any waste such as paper, water bottles, liquor bottles, soft drink canes, tetra packs, fruit peel, wrappers, etc., or burn or burry waste on streets, open public spaces, drains, waste bodies and to segregate the waste at source as prescribed under these rules and hand over the segregated waste to authorized the waste pickers or waste collectors authorized by the local body;	The awareness and penal action mechanism is developed. The mechanism is also published in the newspapers for the publicity. The Challans amounting Rs. 3.71 Lakhs were issued in compliance of the rules. <b>Annexure-6</b>
15 (h)	Setup material recovery facilities or secondary storage facilities with sufficient space for sorting of recyclable materials to enable informal or authorized waste pickers and waste collectors to separate	Two Material Recovery Facilities (MRF) have been developed by MC Dabwali. The waste Pickers provided the easy access for collection of recyclable material such as Plastic and multilayered plastic (MLP). For disposal of plastic waste and MLPs an

	recyclables from the waste and provide easy access to waste pickers and recyclers for collection of segregated recyclable waste such as paper, plastic, metal, glass, textile from the source of generation or from material recovery facilities; Bins for storage of bio-degradable wastes shall be painted green, those for storage of recyclable wastes shall be printed white and those for storage of other wastes shall be printed black;	agreement is done with external vendor. The color coded bins are also provided. Work order and Photos are attached. <b>Annexure-7</b>
15 (i)	Establish waste deposition centers for domestic hazardous waste and give direction for waste generators to deposit domestic hazardous wastes at this centre for its safe disposal. Such facility shall be established in a city or town in a manner that one centre is set up for the area of twenty square kilometers or part thereof and notify the timings of receiving domestic hazardous waste at such centers;	A domestic hazardous Waste Deposition Center is developed at one of the MRF i.e. at Old MC Office Mandi Dabwali. To facilitate door to door collection of domestic hazardous waste, a separate bin is also attached with the waste collection vehicles, being used for regular waste. <b>Annexure-8</b>
15 (j)	Ensure safe storage and transportation of the domestic hazardous waste to the hazardous waste disposal facility or as may be directed by the State Pollution Control Board or the Pollution Control Committee;	<b>MC Dabwali is yet to make an agreement with CPCB/SPCB authorized agency for safe and scientific disposal of domestic hazardous waste.</b>
15 (k)	Direct street sweepers not to burn tree leaves collected from street sweeping and store them separately and handover to the waste collectors or agency authorized by local body;	The sweepers engaged in solid waste collection have been informed and have organized training by MC Dabwali. <b>Annexure- 9</b>
15 (l)	Provide training on solid waste management to waste-pickers and waste collectors;	Training programs are organized by MC Dabwali for waste pickers and waste collectors. <b>Annexure-10</b>
15 (m)	Collect waste from vegetable, fruit, flower, meat, poultry and fish market on day to day basis and promote setting up of decentralized compost plant or bio-methanation plant at suitable locations in the markets or in the vicinity of markets ensuring hygienic conditions;	At the time of inspection, the MC Dabwali submitted that these wastes are collected from vegetable, fruit, flower, meat, poultry and fish market on day to day basis and handed over to Piggery farm. <b>Annexure-11</b>
15 (n)	Collect separately waste from sweeping of streets, lanes and by-lanes daily, or on alternate days or twice a week depending on the density of population, commercial activity and local situation;	The committee was informed by MC Dabwali that the streets, roads, lanes and by-lanes is swept twice a day and mechanical sweeping of streets, lanes and by-lanes is also carried out in night. <b>Annexure-12</b>
15 (o)	Set up covered secondary storage facility for temporary storage of street sweepings and silt removed from surface drains in cases where direct	The waste so collected is being sent directly to the Dumpsite on regular basis through vehicles.

	collection of such waste into transport vehicles is not convenient. Waste so collected shall be collected and disposed of at regular intervals as decided by the local body;	
15 (p)	Collect horticulture, parks and garden waste separately and process in the parks and gardens, as far as possible;	The committee was informed by MC Dabwali that the horticulture waste is subject to compost through the pits provided in the garden/parks. <b>Annexure-13</b>
15 (q)	Transport segregated bio-degradable waste to the processing facilities like compost plant, bio-methanation plant or any such facility. Preference shall be given for onsite processing of such waste;	MC Dabwali has developed two waste compost facilities for biodegradable waste. <b>Annexure-14</b>
15 (r)	Transport non-bio-degradable waste to the respective processing facility or material recovery facilities or secondary storage facility;	The non-biodegradable waste is processed at MRF.
15 (s)	Transport construction and demolition waste as per the provisions of the Construction and Demolition Waste management Rules, 2016;	The C & D waste is collected separately by MC Dabwali and sent to storage facility developed at Uttam Nagar ward No. 1 Dabwali.
15 (t)	Involve communities in waste management and promotion of home composting, bio-gas generation, decentralized processing of waste at community level subject to control of odor and maintenance of hygienic conditions around the facility;	As mentioned in para 15 (i)
15 (u)	Phase out the use of chemical fertilizer in two years and use compost in all parks, gardens maintained by the local body and wherever possible in other places under its jurisdiction. Incentives may be provided to recycling initiatives by informal waste recycling sector.	As mentioned in 15 (p), they have 5 Parks and the horticulture waste generated from each park is composted in park itself and the Compost generated is used as manure.
15 (v)	Facilitate construction, operation and maintenance of solid waste processing facilities and associated infrastructure on their own or with private sector participation or through any agency for optimum utilization of various components of solid waste adopting suitable technology including the following technologies and adhering to the guidelines issued by the Ministry of Urban Development from time to time and standards prescribed by the Central Pollution Control Board. Preference shall be given to decentralized processing to minimize transportation cost and environmental impacts such as-	As given below:

15 (v) a.	Bio-methanation, microbial composting, vermi-composting, anaerobic digestion or any other appropriate processing for bio-stabilization of biodegradable wastes;	----
15 (v) b.	Waste to energy processes including refused derived fuel for combustible fraction of waste or supply as feedstock to solid waste based power plants or cement kilns;	----
15 (w)	Undertake on their own or through any other agency construction, operation and maintenance of sanitary landfill and associated infrastructure as per Schedule 1 for disposal of residual wastes in a manner prescribed under these rules;	<b>MC Dabwali has no sanitary landfill for disposal of solid waste. The solid waste is processed at a site measuring area about 5 Acre out of which approximately 4 acres is already occupied with legacy waste and whereas about 1 acre is used for MRF.</b>
15 (x)	Make adequate provision of funds for capital investments as well as operation and maintenance of solid waste management services in the annual budget ensuring that funds for discretionary functions of the local body have been allocated only after meeting the requirement of necessary funds for solid waste management and other obligatory functions of the local body as per these rules;	A sum of fund Rs. 1,03,14,521/- is earmarked for solid waste management for the FY 2021-22. <b>Annexure 15</b>
15 (y)	Make an application in Form-I for grant of authorization for setting up waste processing, treatment or disposal facility, if the volume of waste is exceeding five metric tones per day including sanitary landfills from the State Pollution Control Board or the Pollution Control Committee, as the case may be;	Not Applied.
15 (z)	Submit application for renewal of authorization at least sixty days before the expiry of the validity of authorization;	Not Applicable.
15 (z)a	Prepare and submit annual report in Form IV on or before the 30th April of the succeeding year to the Commissioner or Director, Municipal Administration or designated Officer;	Being complied with. <b>Annexure-16</b>
15 (z) b	The annual report shall then be sent to the Secretary -in-Charge of the State Urban Development Department or village panchayat or rural development department and to the respective State Pollution Control Board or Pollution Control Committee by the 31st May of every year;	Being complied with. <b>Annexure-17</b>
15 (z) c	Educate workers including contract workers and supervisors for door to door collection of segregated waste	As mentioned in para 15 (t)

	and transporting the unmixed waste during primary and secondary transportation to processing or disposal facility;	
15(z) d	Ensure that the operator of a facility provides personal protection equipment including uniform, fluorescent jacket, hand gloves, raincoats, appropriate foot wear and masks to all workers handling solid waste and the same are used by the workforce;	Being followed. <b>Annexure-18</b>
15 (z) e	Ensure that provisions for setting up of centers for collection, segregation and storage of segregated wastes, are incorporated in building plan while granting approval of building plan of a group housing society or market complex;	The committee was informed that MC Dabwali is in process of implementing the provisions of the said rules.
15 (z) f	Frame bye-laws and prescribe criteria for levying of spot fine for persons who litters or fails to comply with the provisions of these rules and delegate powers to officers or local bodies to levy spot fines as per the bye laws framed;	As mentioned in para no. 15 (a).
15 (z) g	Create public awareness through information, education and communication campaign and educate the waste generators on the following; namely: - (i) not to litter; (ii) minimize generation of waste; (iii) reuse the waste to the extent possible; (iv) practice segregation of waste into bio-degradable, non-biodegradable (recyclable and combustible), sanitary waste and domestic hazardous wastes at source; (v) practice home composting, vermi-composting, bio-gas generation or community level composting (vi) wrap securely used sanitary waste as and when generated in the pouches provided by the brand owners or a suitable wrapping as prescribed by the local body and place the same in the bin meant for non-biodegradable waste (vii) storage of segregated waste at source in different bins; (viii) handover segregated waste to waste pickers, waste collectors, recyclers or waste collection agencies; and (ix) pay monthly user fee or	The Awareness mechanism is developed for this. These mechanisms are published in newspapers also for making the people aware about this mechanism. Notices are issued to general public as well as to MC employees. <b>Annexure-19</b>

	charges to waste collectors or local bodies or any other person authorized by the local body for sustainability of solid waste management.	
15 (z) h	Stop land filling or dumping of mixed waste soon after the timeline as specified in rule 22 for setting up and operationalization of sanitary landfill is over;	<b>Not complied with.</b>
15 (z) i	Allow only the non-usable, non-recyclable, non-biodegradable, non-combustible and non-reactive inert waste and pre-processing rejects and residues from waste processing facilities to go to sanitary landfill and the sanitary landfill sites shall meet the specifications as given in Schedule-I, however, every effort shall be made to recycle or reuse the rejects to achieve the desired objective of zero waste going to landfill;	<b>Not complied with.</b> <b>As mentioned above, no sanitary landfill has been provided by MC Dabwali. However the waste generated including the legacy waste is being stored and processed at a site which is not fully developed in accordance to the Schedule -I of the said rules.</b> <b>The committee has also observed unsatisfactory compliance of Schedule-II of the said rules in particular to compost and leachate monitoring.</b>
15 (z) j	Investigate and analyze all old open dumpsites and existing operational dumpsites for their potential of bio-mining and bio-remediation and whereas over feasible, take necessary actions to bio-mine or bio-remediate the sites;	The committee was informed by MC Dabwali that about 30000 MT of solid waste is stored/dumped at the waste processing facility.
15 (z)k	In absence of the potential of bio-mining and bio-remediation of dumpsite, it shall be scientifically capped as per landfill capping norms to prevent further damage to the environment.	----

#### 4.0 Action taken by HSPCB against non-compliance of MC Dabwali

1. The Haryana State Pollution Control Board is in the process of imposing an environmental compensation on MC Dabwali; to the tune of Rs. 13,05,85,280/-, for non compliance of Solid Waste Management Rules 2016.
2. In addition to (1) above, HSPCB has also initiated prosecution complaint under section 15 & 17 of Environment Protection Act 1986, against the MC Dabwali through the Executive Officer for non compliance of Solid Waste Management Rules 2016.

#### 5.0 Recommendations:

The based on the aforesaid observations, committee made the following recommendations:

1. The MC Dabwali should ensure that the segregated waste which is collected from door to door should also be transported and treated separately for further processing. The workers engaged for handling and management of the waste

should be properly trained and their performance be accessed periodically by developing mechanism for the same.

2. The existing dumpsite which is also being used for processing of the waste should be discontinued in time bound manner following a development of suitable landfill facility in compliance with the provisions of the rules. The time bound action plan to this effect shall be submitted to HSPCB within two months.
3. Since, the existing dumpsite is utilized for legacy waste processing, therefore it is recommended that the MC Dabwali should undertake construction of boundary wall, development of green belt, garland drain formation and leachate collection & treatment system.
4. The inert material generated from legacy waste processing should be disposed suitably in engineered landfill sites.
5. The domestic hazardous waste i.e. Plastic waste, Biomedical Waste, E-waste, used batteries etc. should be channelized to CPCB/SPCB authorized agencies for further processing. Similarly, the C&D waste should also be channelized for further processing.
6. MC Dabwali should also enhance the capacity of existing legacy waste processing plant for speedy disposal of the waste. Further MC Dabwali should strengthen the staff for effective operation of collection, transportation, treatment and disposal of waste for compliance of the said rules.
7. MC Dabwali should undertake the regular monitoring of compost and leachate for compliance of said rules. Further the analysis report of the same also be forwarded to HSPCB.
8. It is also recommended that the appropriate action may be initiated at state government level for management of solid waste using cluster approach for group of ULBs to facilitate the speedy and timely development and operation of engineered landfill sites.

## (Solid Waste Management) Bye-laws, 2019

### NOTIFICATION

By using the authority vested through Municipal Council Act 1973, section 157, 158 & 159, in order to organize Solid Waste Management and Handling Work in the Urban Local Body and in view of the Solid Waste management Rules, 2016 issued in public interest by the Ministry of Environment, Forest and Climate Change, Government of India on 8th April 2016, the Government of Haryana (State) & Municipal Council, Mandi Dabwali hereby forms the following byelaws for Municipal Solid Waste of Urban Local Bodies (Management & Handling), Cleanliness & Sanitation.

### CHAPTER – 1

#### GENERAL

#### 1. Short Title and commencement

- These Bye-laws shall be known as Solid Waste (Management & Handling), Byelaws for the Municipal Council, Mandi Dabwali and come into operation from the 01-08-2019.
- These Bye-laws shall remain in force until amended in accordance with Solid Waste Management Rules, 2016, due notice of such amendment being published in the local newspapers and websites of the Municipal Council Mandi Dabwali.

#### 2. Applicability

These byelaws shall be applicable within the limits of Municipal Council Mandi Dabwali of the State Haryana and within the jurisdiction of the Urban Local Body, to every generator of Municipal Solid Waste and to every premise under the ownership or occupation of any person within the limits of the Urban Local Body of Haryana.

#### 3. Prohibition of Littering of Municipal Solid Waste

- No person shall throw or deposit litter in any occupied/unoccupied/open/vacant public or private place except in authorized public or private litter receptacles
- No person shall throw or deposit litter upon any street, road, sidewalk, playground, garden, traffic island or other public/private place from any vehicle either moving or parked.
- No person shall drive or move any truck or other vehicle filled with litter unless such vehicles are so designed to cover the waste so as to prevent any littering from being blown off or deposited upon any road, sidewalks, traffic islands, playground, garden or other public place.

➤ No person shall cook, bathe, spit, urinate, defecate, feed animals / birds or allow their droppings/poop, wash utensils or any other object or keep any type of storage in any public place except in such public facilities or conveniences specifically provided for any of these purposes.

4. **Definitions :-** (1) In these bye-laws, unless there is anything repugnant on the subject or context-

- (a) "Aerobic composting" means a controlled process involving microbial decomposition of organic matter in the presence of oxygen;
- (b) "Anaerobic digestion" means a controlled process of digestion involving microbial decomposition of the organic matter in the absence of oxygen;
- (c) "Bio-degradable substance" means a substance which can be degraded by micro-organisms into simpler stable compounds;
- (d) "Bio-medical waste" means any waste, which is generated during the diagnosis, treatment or immunization of human beings or animals or in research activities pertaining thereto or in the production or testing of biological or in health camps;
- (e) "Bio-methanation" means a process, which entails the enzymatic decomposition of organic matter by microbial action to produce methane-rich biogas;
- (f) "Bulk garden and horticultural waste" means bulk waste from parks, gardens etc. including grass clippings, weeds, woody 'brown' carbon-rich material such as pruning, branches, twigs, wood chipping, straw, dead leaves, tree trimmings, etc. which cannot be accommodated in the daily collection system for bio-degradable waste;
- (g) "Collection" means lifting and removal of solid waste from collection points or any other location;
- (h) "Collection at Source" means the collection of municipal solid waste by the Municipal Council directly from the premises of any building or common premises of a group of buildings. This is also referred to as "door to door collection";
- (i) "Composting" means a controlled process involving microbial decomposition of organic matter;
- (j) "Construction and Demolition waste" means waste from building materials, debris and rubble resulting from construction, remodeling, repair and demolition operations;
- (k) "Disposal" means the final and safe disposal of post processed residual solid waste and inert street sweepings and silt from surface drains on land to prevent contamination of ground water, surface water, ambient air and attraction of animals or birds;
- (l) "Door to door collection" means collection of solid waste from the door step of households, shops, commercial establishments , offices , institutional or

- any other non-residential premises and includes collection of such waste from entry gate or a designated location on the ground floor in a housing society, multi storied building or apartments, large residential, commercial or institutional complex or premises;
- (m) "Door-to-door collection system or vehicle" means the bell-ringing vehicle (includes a carriage, cart, van, truck, hand-cart, bicycle, cycle-rickshaw, auto-rickshaw, motor vehicle and every wheeled conveyance which is used or is capable of being used on a street) provided by the Municipal Council for point to point collection of Municipal Solid Waste;
  - (n) "Domestic hazardous waste" means waste contaminated with hazardous chemicals or infectious waste such as discarded paint drums, pesticide cans, CFL bulbs, tube lights, expired medicines, broken mercury thermometers, used batteries, used needles, gauge and syringes, etc. generated at the household level;
  - (o) "Dry waste" means waste other than bio-degradable waste and inert street sweepings and includes recyclable and non-recyclable waste, combustible waste and sanitary napkin and diapers, etc;
  - (p) "Dump sites" means a land utilised by Urban Local Body for unscientific disposal of solid waste without following the principles of sanitary land filling;
  - (q) "E-waste" means waste electrical and electronic equipment in whole or in part or rejects from their manufacturing, refurbishment and repair process which are intended to be discarded as waste;
  - (r) "Facility" means any establishment wherein the solid waste management processes namely segregation, recovery, storage, collection, recycling, processing, treatment or safe disposal are carried out;
  - (s) "Fine" means penalty imposed on waste generator or operator of waste processing and disposal facilities under these bye-laws for non – compliance of the directives contained in these bye-laws;
  - (t) "Garbage Vulnerable Points" means waste point other than Secondary Collection Points.
  - (u) "Handling" includes all activities relating to sorting, segregation, material recovery, collection, secondary storage, shredding, baling, crushing, loading, unloading, compacting, transportation, processing and disposal of solid waste;
  - (v) "Incineration" means an engineered process involving burning or combustion of solid waste to thermally degrade waste materials at high temperatures;
  - (w) "Inert waste" means waste which are not bio-degradable, recyclable or combustible and includes non-recyclable fraction of construction and demolition waste, street sweeping or dust and silt removed from the surface drains;

- (x) "Institutional generators" includes occupier of the institutional buildings such as building occupied by the Central Government Departments, State Government Departments, public or private sector companies, marriage halls, hospitals, education institutions, hotels and restaurants, etc.;
- (y) "Land filling" means disposal of solid waste on land in facility designed with protective measures against pollution of surface water, ground water and air fugitive dust, wind-blown litter, foul smell, fire hazard, bird menace, pests and rodents, greenhouse gas emission, slope instability and erosion;
- (z) "Leachate" means the liquid that seeps through solid waste or other medium and has extracts of dissolved or suspended material in it;
- (aa) "Litter" means all refuse and include any other waste material which, if thrown or deposited as prohibited under these bye-laws, tends to create nuisance, or a danger to life, environment, public health, safety and welfare;
- (ab) "Littering" means putting litter in such a location that it falls, descends, blows, is washed, percolates or otherwise escapes or is likely to fall, descend, blow, be washed, percolate or otherwise escape into or onto any public place; or causing, permitting or allowing litter to fall, descend, blow, be washed, percolate or otherwise escape into or onto any public place;
- (ac) "Municipal solid waste" includes commercial and residential waste, sanitary waste, commercial waste, institutional waste, catering and market waste and other non-residential waste, street sweepings, silt removed or collected from the surface drains, horticulture waste, construction and demolition waste generated in Municipal Corporation area in either solid or semi solid form excluding hazardous industrial waste but including treated bio-medical waste;
- (ad) "Non-biodegradable waste" means any waste that cannot be degraded by microorganisms into simpler stable compounds;
- (ae) "Operator of a facility" means a person who owns or operates a facility for collection, segregation, storage, transportation, processing and disposal of municipal solid waste and also includes any other agency authorized as such by the Municipal Corporation for management and handling of solid waste in the respective areas;
- (af) "Palletization" means a process whereby pellets are prepared which are small cubes or cylindrical pieces made out of solid waste and includes fuel pellets which are also referred as refuse derived fuel;
- (ag) "Primary collection" means collecting, lifting and removal of segregated solid waste from source of its generation including households, shops, offices and any other non-residential premises or from any collection points or any other location specified by the Municipal Council.
- (ah) "Processing" means the process by which waste materials are transformed into new or recycled products;

- (ai) "Recycling" means the process of transforming segregated solid waste into raw materials for producing new products which may or may not be like its original products;
- (aj) "Redevelopment" means rebuilding of old residential or commercial buildings at the same site, where the existing buildings and other infrastructures have become dilapidated;
- (ak) "Refused derived fuel"(RDF) means fuel derived from combustible waste fraction of solid waste like plastic, wood, pulp or organic waste, other than chlorinated materials, in the form of pellets or fluff produced by drying, shredding, dehydrating and compacting of solid waste ;
- (al) "Residual waste" means and includes the waste and rejects from the solid waste processing facilities which are not suitable for recycling or further processing
- (am) "Sanitation" means the promotion of hygiene and the prevention of disease and other consequences of ill health related to environmental factors;
- (an) "Sanitary waste" means waste comprising of used diapers, sanitary towels or napkins, condoms, incontinence sheets and any other similar waste;
- (ao) "Schedule" means schedule appended to these bye-laws;
- (ap) "Secondary collection points" means collection of solid waste deposited at secondary waste storage depots or bins for onward transportation of the waste to the processing or disposal facility;
- (aq) "Secondary storage" means the temporary containment of solid waste at a public place in a covered bin or container in a manner so as to prevent littering, vectors, stray animals and odour;
- (ar) "Segregation" means sorting and separate storage of various components of solid waste namely biodegradable waste or wet waste, non-biodegradable waste or dry waste including recyclable waste, combustible waste, sanitary waste, non-recyclable inert waste, domestic hazardous waste, e-waste and construction and demolition waste;
- (as) "Source" means the premises in which waste is generated;
- (at) "Storage" means the temporary containment of municipal solid waste in a manner so as to prevent littering, attraction to vectors, stray animals and excessive foul odour;
- (au) "Street" includes any way, road, lane, square, court, alley, gully, passage, whether a thoroughfare or not and whether built upon or not, over which the public have a right of way and also the roadway or footway over any bridge or causeway;
- (av) "Stabilization of waste" means the biological decomposition of biodegradable waste to a stable state where it generates no leachate or offensive odours and is fit for application to farm land ,soil erosion control and soil remediation;

- (aw) "Transportation" means a specially designed transportation system to carry municipal solid waste from one place to another hygienically so as to prevent foul odour, littering, unsightly conditions, accessibility to vectors, etc.;
- (ax) "Treatment" means the method, technique or process designed to modify physical, chemical or biological characteristics or composition of any waste so as to reduce its volume and potential to cause harm;
- (ay) "Treated bio-medical waste" means the waste generated in hospitals and health care institutions which have been prescribed as treated in accordance with the Bio-Medical Waste Management Rules, 2016;
- (az) "User fee" means a fee imposed through these bye-laws by the Urban Local Body on the waste generator;
- (ba) "ULB" means Urban Local Body which comprises all Municipal Corporations, Municipal Councils and Municipal Committees of Haryana State.
- (bb) "Vermi composting" is the process of the conversion of bio-degradable waste into compost using earth worms ;
- (bc) "Waste generator" means and includes every person or group of persons or residential and commercial establishments including Indian Railways, defense cantonments, industries, hospitals, hotels etc. which generate solid waste;

## CHAPTER-II

### SOURCE SEGREGATION

#### 5. Segregation, Storage, Delivery and Collection of Municipal Solid Waste

- (1) Every generator of Municipal Solid Waste shall segregate the waste at source into the following categories as applicable and shall store separately without mixing it for segregated storage in authorized storage bins, private/public receptacles for handling

over or delivering to authorized waste pickers or waste collectors as directed by local authority/body from time to time:

- Bio-degradable (**wet**) waste
- Specified domestic hazardous waste (as per applicable rules)
- Fully treated Bio-medical waste (as per applicable rules)
- Construction and demolition waste (as per applicable rules)
- Bulk garden and horticulture waste including tree and plant trimmings
- All other non- biodegradable (**dry**) waste including recyclable and non-recyclable waste. Sanitary waste like napkins, diapers, tampons etc shall be securely wrapped in pouches provided by the manufacturers or brand owners or in suitable wrappers as instructed by the official / authority and shall be stored with the dry waste for handing over.
- All bulk generators shall manage the waste at their premises as per instructions notified by the ULB from time to time.

(2) The ULB shall separately notify from time to time the mandatory colour coding and other specifications of receptacles prescribed for storage and delivery of different types of solid waste to enable safe and easy collection without any mixing or spillage of waste, which generators of different types of solid waste shall have to adhere to.

(3) It shall be the duty of every generator of municipal solid waste, either owner or occupier of every land or building to collect or cause to be collected from their respective land, premises and building, to segregate waste and to store and deliver the same to the municipal worker/vehicle/waste picker / waste collector deployed by Urban Local Body Mandi Dabwali.

#### 6. Storage of Segregated biodegradable or wet waste, at source

(1) **Bio-degradable (wet) waste:** Segregated Bio-degradable Municipal Solid Waste if not composted by the generator, shall be stored by them within their premises and its delivery shall be ensured to the municipal worker/vehicle/waste picker / waste collector or to the bio-degradable waste collection vehicle provided for specified commercial generators of bulk bio-degradable waste at such times as may be notified from time to time.

(2) **Bulk garden and horticultural waste shall be kept un-mixed and composted at source:** The Urban Local Body shall also notify Instructions/ guidelines with regard to pruning of trees and storage and delivery of tree trimmings including segregated garden and horticultural waste by charging suitable fees as notified by it from time to time, for collection and transport to its facility.

## 7. Storage of Segregated non-biodegradable or dry waste, at source

- (1) All dry waste including recyclable and non-recyclable waste, combustible waste, sanitary waste, etc. shall be segregated from the wet waste and secured within the site for disposal to a public dry waste bin or handing over to municipal dry waste collection vehicle.
- (2) Sanitary waste like napkins, diapers, tampons etc. shall be securely wrapped in pouches provided by the manufacturers or brand owners or in suitable wrappers as instructed by the official / authority and shall be stored with the dry waste for handing over.
- (3) All recyclable and non-recyclable dry waste shall be stored and delivered by every generator of waste to the dry waste collection vehicle, which shall be provided by ULBs and its Agents at such spots and at such times as may be notified by them from time-to-time for collection of such waste by ULBs.

## 8. Placement of dustbins at Household/Premises

- (1) Separate bins shall be kept at household/premise level for dry and wet waste.
- (2) The separate bins shall be kept near the entry gate, in case of individual household or individual shops and at a designated location on the ground floor, in case of housing society, multi-storeyed building or apartments, large residential, commercial, institutional complex or premises.

Provided that, in case of buildings other than individual households, the designated location shall be easily accessible from the street for collection of waste.

Provided further that, for housing society, multi-storeyed building or apartments, large residential, commercial, institutional complex or premises, the bins shall be installed as per the mandatory colour coding notified by the ULBs for storage and delivery of different types of solid wastes.

- (3) The following specified household hazardous wastes shall not be mixed with the dry or wet waste and shall be stored separately.—
  - (a) Aerosol cans
  - (b) Batteries and button cells
  - (c) Bleaches and household kitchen and drain cleaning Agents & its Containers.
  - (d) Car batteries, oil filters and car care products and consumables
  - (e) Chemicals and solvents and their containers
  - (f) Cosmetic items, chemical-based Insecticides and their containers
  - (g) Light bulbs, tube-lights and compact fluorescent lamps (CFL)
  - (h) Discarded Medicines and its containers,

- (i) Paints, oils, lubricants, glues, thinners, and their containers
- (j) Pesticides and herbicides and their containers
- (k) Photographic audio/video tapes and their containers, chemicals
- (l) Styrofoam and soft foam packaging of furniture, packaging and equipment
- (m) Thermometers and mercury-containing products

(4) The household domestic hazardous wastes shall be handed over to the collection vehicle provided for periodic/weekly collection as notified by ULB or any agency authorized by State Pollution Control Board or to a center designated for collection of such waste for disposal.

### CHAPTER-III

#### PROCESSING AT SOURCE

#### 9. On-site composting of bio-degradable waste

- (1) In house composting of waste by the generators of bio-degradable waste shall be promoted to minimize transportation of wet waste. Waste generators may have composting facility on-site or may deliver the same to a collection vehicle for transfer of the waste to ULBs composting centre or its contactor's composting centre.
- (2) The waste generators may adopt any of the techniques available for bio-degradable waste such as composting, vermin-composting, mechanized composting, biogas plant etc as per mentioned in SWM Rules, 2016 and may also choose to use other natural methods/resources for bio-degradation of waste by obtaining the required authorizations.
- (3) The Municipal Corporations/Municipal Committees/ Municipal Councils shall disburse information about composting through composting centers and such centers shall be listed on its website

### CHAPTER IV

#### PRIMARY STORAGE & BIN MANAGEMENT

#### A. Primary storage –From House hold to Municipal Bins

#### 10. Municipal Bins / Community Bins in public places:

- a) Segregated waste shall be delivered by the respective generators to Municipal

bins / Community bins provided by ULB or authorized agency. Every community bin shall be separate for bio-degradable (wet waste) and non-bio-degradable waste (dry waste).

- b) All the stakeholders (Individual/ official / RWAs) shall ensure that at no point of time the community bins are overflowing nor exposed to open environment and prevent their scattering by rag pickers, stray animals or birds etc.
- c) A concerned ULBs shall ensure cleaning of such bins daily/ regular intervals and proper monitoring shall be carried out.
- d) Concerned ULBs shall notify charges/ fine against littering of waste on non-designated places.

11. In exceptional cases, until the services of a door-to-door collection system is not in place, waste should be stored at designated points/bins on commercial areas or any other public place for the time being. Community waste storage bins shall be maintained by Municipal Corporation/Municipal Committees/ Municipal Councils, where segregated waste shall be deposited by the generator, and from where Municipal Corporation/Municipal Committee/ Municipal Council's shall collect such waste.

12. Every owner/ occupier of any premises other than designated slaughter houses/poultry and fish markets, who generates poultry, fish and slaughter waste as a result of any commercial activity, shall store the same separately in closed, hygienic condition and deliver it at a specified time to ULB collection vehicle provided for this purpose. Deposit of such waste in any community bin is prohibited and shall attract fines as indicated in the schedule of Fines.

### 13. Delivery of segregated premises waste from premises

**(1) It shall be the duty of every generator** of municipal solid waste, either owner or occupier of every land and building to collect or cause to be collected from their respective land, premises and building, to segregate waste and to store and handover the same to the municipal worker/vehicle/waste picker / waste collector deployed by the ULB for the purpose.

**(2) Segregated Bio-degradable Municipal Solid Waste** (as per the illustrative list in Schedule II) if not composted by the generator, shall be stored by them within their

premises and its delivery shall be ensured to the municipal worker/vehicle/waste picker / waste collector or to the bio-degradable waste collection vehicle provided for specified commercial generators of bulk bio-degradable waste at such times as may be notified, from time to time.

**(3) Specified household hazardous waste** (as listed in Schedule III) shall be stored and handover by every generator to the collection vehicle, which shall be provided weekly/periodically by ULB/or any other Agency authorized by the Haryana State Pollution Control Board for collection of such waste, or deliver to a center designed for collection of such waste for disposal in a manner that is mandated by the Government of Haryana or Haryana State Pollution Control Board.

**(4) Untreated bio-medical waste** (as listed in Schedule IV) shall be collected & stored in specified type of covered receptacles and delivered by every generator of such waste to the collection vehicle which shall be provided weekly/periodically by ULB or any other Agency authorized by the Haryana State Pollution Control Board, or to a center designated for collection of such waste, for disposal in manner that is mandated by Haryana State Pollution Control Board in accordance with the Bio-Medical Waste (Management & Handling) Rules, 2016.

**(5) Construction and Demolition waste** shall be stored and delivered separately at such spot and at such time as notified by ULB or its agency from time to time for collection of such waste. Small generators (household level) shall be responsible to segregate the Construction & Demolition waste at source by contacting a local help-line of ULB or the Agency who shall then send a vehicle to pick up such segregated construction & demolition waste on payment of necessary charges by the said generator and transport this waste to a processing center. The details of local Help line of ULB shall be available in the Offices of the ULBs and on their website.

**(6) All other Non-biodegradable ("Dry") waste**, both recyclable and non-recyclable shall be stored and delivered by every generator of waste to the dry waste collection vehicle, which shall be provided by ULB or its Agency at such spots and at such times as may be notified by them from time-to-time for collection of such waste.

(7) Bulk garden and horticultural waste shall be kept separated and composted at source. The ULB shall also notify Instructions/ guidelines with regard to pruning of trees and storage and delivery of tree trimmings including segregated garden and horticultural waste by charging suitable fees as notified by it from time to time, for collection and transport to its facility.

(8) Disposal by burning of any type of solid waste at roadsides, or at any private or public property is prohibited and penalty will be levied on defaulters.

**B. Municipal Bin Management Plan –Placing of Bins (plans to be prepared by RWA/ Agency hired by ULB)**

The Resident Welfare Association (RWA)/ any agency hired by ULB along with the EE/ AE/Sanitary Inspector and sanitation agency concerned shall prepare the Bin management plan for smooth and better functioning of SWM of the respective area.

**14. Transformation of garbage Vulnerable Points**

(1) The ULB shall identify through ground survey or through online crowd sourcing applications, such Garbage Vulnerable Points which are prone to littering or haphazard disposal of garbage/waste.

(2) The ULB shall prepare such plans or schemes to transform the garbage vulnerable points and such schemes among other things as may be required for efficient management of such Garbage vulnerable Points, may also impose restrictions and penalty or provide incentives for maintaining good practices, conduct community involvement programs, etc.

**CHAPTER-V**

**TRANSPORTATION**

**(FROM PRIMARY STORAGE TO SECONDARY STORAGE/PROCESSING)**

**15. Primary collection**

Primary collection refers to the process of collecting waste from households, markets, institutions and other commercial establishments and taking the waste to a storage

depot/ transfer station. Primary collection may be accomplished through the use of containerized push carts/tri-cycles, small mechanized vehicles, compactors and/or tipping vehicles.

#### **Vehicles Specifications:**

- The primary vehicles should be Compartmentalized with provision for collection of dry and wet waste separately also a separate container/bucket shall be provided in the vehicles for collection of domestic hazardous waste separately.
- The vehicles should be covered vehicles to avoiding littering of waste.
- The motorized vehicles should be fitted with GPS facility to track the movement and area covered by such vehicles.
- The Primary Vehicles should have Public Announcement System (PAS) to create awareness regarding handing over source segregated waste to the waste collector.

#### **16. Secondary Transportation**

Secondary collection includes picking up waste from community bins, waste storage depots or transfer stations and transporting it to waste processing sites or to the final disposal site. Larger capacity vehicles are proposed to transport waste from the secondary or tertiary collection point (depot / transfer station) to the processing/disposal facility. The vehicles shall synchronize well with containers placed at depots / transfer stations to prevent multiple handling of waste. A combination of dumper placers, tractor trolleys and refuse collectors should be used.

#### **Vehicles Specifications:**

- The vehicles should collect dry and wet waste separately and transport it to designated waste processing and disposal sites.
- The vehicles should be covered vehicles to avoiding littering of waste.
- The vehicles should be fitted with GPS facility to track the movement and frequency of lifting of waste from secondary or tertiary collection point (depot / transfer station) to the processing/disposal facility.

CHAPTER VI  
ROLE OF STACKHOLDERS

**16. Role of Resident Welfare Association, commercial associations and housing societies.—**

(1) All resident welfare and market associations shall, within one month from the date of notification of these bylaws and in partnership with the ULB ensure segregation of waste at source by the generators as prescribed in these bylaws, facilitate collection of segregated waste in separate streams, handover recyclable material to either the authorized waste pickers or the authorized recyclers. The bio-degradable waste shall be processed, treated and disposed off through composting or bio-methanation within the premises as far as possible. The residual waste shall be given to the waste collectors or agency as directed by the Urban Local Body.

(2) All gated communities and institutions with more than 5,000 sq.m area shall, within one month from the date of notification of these bylaws and in partnership with the Urban Local Body, ensure segregation of waste at source by the generators as prescribed in these bylaws, facilitate collection of segregated waste in separate streams, handover recyclable material to either the authorized waste pickers or the authorized recyclers. The bio-degradable waste shall be processed, treated and disposed off through composting or bio-methanation within the premises as far as possible. The residual waste shall be given to the waste collectors or agency as directed by the Urban Local Body.

**17. Role of Bulk Generators.—**

(1) All hotels and restaurants shall, within one year from the date of notification of these bylaws and in partnership with the ULB ensure segregation of waste at source as prescribed in these bylaws, facilitate collection of segregated waste in separate streams, handover recyclable material to either the authorized waste pickers or the authorized recyclers.

(2) The bio-degradable waste shall be processed, treated and disposed off through composting or bio-methanation within the premises as far as possible. The residual waste shall be given to the waste collectors or agency as directed by the Urban Local Body.

#### 18. Obligatory duties of the Urban Local Body

- (1) **Infrastructure facilities:** Urban Local Body shall provide adequate infrastructure facilities to assist citizens' compliance with these Bye-laws. In addition to waste collection services, litter bins, dry waste sorting centers, and composting centers shall be set up, wherever possible and essential, in consultation with local citizens.
- (2) **Citizen Resource Base:** The Urban Local Body shall facilitate information about composting as well as recycling of dry waste through composting centres and dry waste sorting centres listing them on its website.
- (3) The ULB shall authorise interested organizations to collect bio-degradable 'puja' articles (flowers, leaves, fruits etc.) at certain designated sites near water-bodies such as beaches, lakes, ponds, etc. in notified receptacles. The collection from such receptacles shall preferably be composted at a suitable location.
- (4) **Point-to-Point waste collection services:** The Urban Local Body shall provide for the collection of the municipal solid waste from specific pick-up points on a public or private road up to which the generator must bring the segregated and stored waste for delivery to municipal worker/vehicle/waste picker / waste collector provided by Urban Local Body according to the route plans at such times and at such spots as notified by the concerned official/authority in advance for specified types of waste for different localities.
- (5) **Collection at source:** Urban Local Body shall provide for the collection of municipal solid waste from premises of a building or group of buildings from waste storage receptacles kept on the premises to which Urban Local Body vehicles / workers shall be provided access at such times as may be notified by the concerned official/authority of ULB. 
- (6) **The ULB shall provide suitable community bins** at places specified by the ULB for collection of waste. The waste generators should ensure that segregated waste is being delivered to the designated bins. The authority should ensure that at no point of time shall the bins be overflowing with garbage
- (7) **The daily and weekly time schedule for picking up waste** by the sanitation workers of the ULB should be notified in advance and made available at all the ULB office as well as website

- (8) The arrangements for the collection of construction and demolition waste, and garden and horticultural waste, by ULB or its licensees shall be made available to the public as well as to the bulk generators of waste by the official/authority as the case may be.
- (9) Action against the Transport contractors and Urban Local Body employees will be taken by the Urban Local Body in case the contractor or the employee mixes segregated waste or fails to collect waste at the specified time schedule.
- (10) Urban Local Body shall co-ordinate with other government agencies and authorities, to ensure compliance of these Bye-laws, within Urban Local Body under the jurisdiction or control of such bodies.
- (11) The Urban Local body shall utilize its own/outsourced/contract sanitation workers and vehicles in carrying out sanitation and solid waste management functions for full or partial daily cleaning work, so that the urban body is able to keep its area neat and clean in public interest.
- (12) **User changes:** The Urban Local Body shall notify user charges from the households / premises for the waste management services rendered to waste generators

#### 19. Responsibility of the Urban Local Body

- The vehicles used for the transport of solid waste are to be duly closed so that the waste should not be visible to the public and the waste is not scattered elsewhere on the road during transportation.
- The design of the transport vehicles will be such that the waste will not be allowed to touch ground until it reaches its final processing/disposal site, and thus the recurring handling of the waste will not be allowed.

#### 20. Obligatory duties of the Urban Local Body or the waste generators in case of some specific situations

- Every owner / occupier of any premises other than designated slaughter houses and markets, who generates poultry, fish and slaughter waste as a result of any commercial activity, shall store the same separately in closed, hygienic condition and deliver it at a specified time, on a daily basis to the Urban Local Body collection vehicle provided for this purpose. Deposit of such waste in any community bin is prohibited and shall attract fines as indicated in the schedule of Fines (Schedule-I).
- The official of the Urban Local Body shall be responsible for repair/remodelling of civic facilities in the markets to provide better hygiene and sanitary conditions in the market premises.
- All vendors/hawkers shall keep their biodegradable and other waste unmixed in containers / bins at the site of vending for segregated storage of waste generated by that vending activity. It shall be the responsibility of the generator/ vendor to deliver this waste duly segregated to the Municipal Collection Vehicle of the Urban Local Body

or to the nearest designated community bins. Failing which fine shall be imposed as per the Schedule of Fines (Schedule-I).

- It shall be the responsibility of the owner/occupier of premises within house-gullies to ensure that no waste is dumped or thrown in the house-gully, and to segregate and deliver any solid waste to the waste collection vehicle which shall be provided by the Urban Local Body at such spots and at such times as may be notified by official/authority.
- It shall be the responsibility of the owner of any pet animal to promptly scoop/clean up any poop/litter/faecal matter created by any owned/pet animals on the street or any public place, and take adequate steps for the proper disposal of such waste in their own sewage or other such sanitary system, failing which fines should be imposed by the ULB.
- For Public Gatherings and Events, organised in public places for any reason (including for processions, exhibitions, marriages, circus, fairs, political rallies, commercial, religious, socio-cultural events, protests and demonstrations, etc.) where Police permission of the police or the ULB is required, it shall be the responsibility of the Organiser of the event or gathering to ensure the cleanliness of that area as well as all appurtenant Urban Local Body immediately after the event.
- Every owner or occupant of private property shall maintain authorized refuse receptacles on private premises provided the receptacles are neither visible from public street/roads and sidewalks nor accessible to animals.
- The Government / Semi-government statutory bodies shall be responsible for implementation of these Bye-laws within the public premises owned/occupied by them.

#### 21. Penalties for contravention of the byelaws

- Whoever contravenes or fails to comply with the provisions of these byelaws shall be liable to punishments as mentioned in the schedule – 1 appended with these byelaws. The defaulter can also be asked to do community service for at least one hour like road sweeping, cleaning graffiti etc. by the concerned person of the ULB.
- In the event of continuation of the breach of the provisions of these Bye-laws, the equal amount of fine for every day of default shall be levied or Rs.100/day, whichever is higher, in addition to original fine.
- Every violation shall be recorded and the corporation shall provide a slip to the violators to deposit the fine within seven days of the violation at an office(s) designated by the ULB for the purpose.
- If a violator, who is the owner or occupier of a premise, fails to deposit the fine within the stipulated timeframe, then the fine plus 12 per cent annual interest rate shall be added to the property tax and recovered.
- If the violation continues, the defaulter can be taken to a civil court as per the Environment Management Act.
- The ward waste management taskforce shall submit a fortnightly report to the city waste management task force about the violation so found and action taken.

- > The ULB shall publish a status report on the number of violations and violators, the amount of fines imposed and recovered etc. on its website every month.

## 22. Recycling of the Municipal Solid Waste

For the processing of the Solid Waste generated in the ULB, it is the responsibility of the respective ULB to earmark specific land parcels for processing after taking necessary approval from the state Pollution Control Board.

- > For the processing of the bio-degradable waste, various techniques can be used such as vermicomposting, composting, mechanized composting, biomethanation etc. Also the waste can be degraded using the other natural methods/resources by obtaining the required authorisations.

- > For the waste material mixed with the recyclable/renewable resources as a mixture, the method of recycling should be used. In some cases the waste resources can be used to generate energy. Such plants with the technology should be authorised by the pollution control board.
