(Sub: Urgent complaint regarding unmanaged dumping ground near Nabagram Hiralal Paul College.)

Dear Sir/Madam,

I am writing to bring your immediate attention to a pressing environmental concern regarding a dumping ground located near the south boundary wall of the College. This dumping ground, which has been operational for some time, poses several serious issues:

1. **Health Risks:** The accumulation of waste is leading to foul odors and attracting pests, which could contribute to health hazards for students, staff and local residents.
2. **Environmental Impact:** The open dumping of waste is causing environmental degradation, including soil and water contamination.
3. **Aesthetic Degradation:** The unsightly appearance of the dumping ground is adversely affecting the visual appeal of the College and the surrounding area.

Despite previous complaints to local authorities, there has been insufficient action taken to address these issues. The situation continues to worsen, and immediate action is necessary.

I kindly request the Green Bench to take appropriate action to address the problem by:

1. Conducting an immediate inspection of the site.
2. Enforcing proper waste management practices.
3. Ensuring the cleanup and proper disposal of existing waste.
4. Implementing measures to prevent future occurrences.

I trust that you will give this matter the urgency it deserves and take necessary steps to resolve the issue promptly.

Thank you in anticipation of your kind patronage.

An expeditious response will highly be appreciated.
