O.A NO. 1379 OF 2024

IN THE MATTER OF

VARUN GULATI

...APPLICANT

Versus

STATE OF HARYANA & ORS

...RESPONDENTS

**OBJECTIONS/REJOINDER ON BEHALF OF THE
APPLICANT TO THE REPLY FILED BY
RESPONDENT NOS. 1 & 2**

MOST RESPECTFULLY SHOWETH:

- 1.** That the applicant files the present Objections/ Rejoinder to the reply filed by Respondent Nos. 1 & 2 which is wholly vague, evasive and misleading and is liable to be dismissed at the threshold.
- 2.** That the Respondents have failed to specifically traverse the material averments made in the Original Application and have deliberately avoided addressing the core issue relating to the systemic failure in assessment, recovery and enforcement of

Environmental Compensation (EC) imposed upon polluting units in the State of Haryana.

3. That the Respondent Authority, in Paragraph 9 of its reply, has itself admitted that Environmental Compensation (EC) amounting to ₹499 Crores has been imposed upon various defaulting units across the State of Haryana. However, out of the said amount, only ₹132 Crores has been recovered, whereas a staggering sum of ₹367 Crores continues to remain unrecovered. This admission, by itself, substantiates the principal grievance raised by the Applicant that the Respondent Board has failed to effectively recover Environmental Compensation from polluting units, thereby frustrating the 'Polluter Pays Principle' and defeating the very object of imposing Environmental Compensation for environmental restoration and remediation.

4. That furthermore, the Applicant on 14.10.2025 has obtained information under the Right to Information Act, 2005 from the Respondent Board itself, which

reveals that Environmental Compensation amounting to approximately ₹243.79 Crores has been imposed, whereas only approximately ₹2.25 Crores has been recovered and approximately ₹241.71 Crores, constituting more than 99% of the assessed Environmental Compensation, continues to remain outstanding. **The True Copy of the RTI is annexed herewith and marked as ANNEXURE A/1.**

5. That the aforesaid RTI information clearly establishes that the grievance raised in the present Original Application is genuine and substantiated by the Respondent Board's own records.
6. That Respondent No. 1 & 2 has stated in its reply that after issuance of Show Cause Notice and passing of the Environmental Compensation order, the outstanding amount is recovered as arrears of land revenue. However, the said statement is completely contradicted by the Respondent's own RTI records. If the Respondent Board had in fact

initiated effective recovery proceedings under the applicable revenue laws, Environmental Compensation amounting to more than ₹241 Crores could not have remained outstanding for several years. The RTI information demonstrates that in numerous cases the entire Environmental Compensation amount continues to remain unpaid despite lapse of considerable time from the date of passing of the Environmental Compensation orders.

7. That several times, despite huge outstanding Environmental Compensation, several such defaulting units have been granted or renewed Consent to Operate (CTO) by the Respondent Board without first ensuring recovery of the outstanding Environmental Compensation. Such action completely defeats the "Polluter Pays Principle" and encourages repeated environmental violations.
8. That the Respondents have also failed to disclose the manner in which the Environmental Compensation already recovered has been utilised

for environmental restoration, remediation and ecological improvement, although the very purpose of Environmental Compensation is to compensate and restore environmental degradation.

9. That instead of accepting its own statutory failure, the Respondents have attempted to shift the responsibility upon the defaulting industries by suggesting that such industries may be impleaded before this Hon'ble Tribunal. The present Original Application, however, questions the failure of the statutory regulator in enforcing its own Environmental Compensation orders and not the individual liability of the industries.
10. That the Respondent Board has, in its reply, taken a wholly untenable and contradictory stand by stating that there is no statutory backing or specific statutory mechanism for recovery of Environmental Compensation, and has consequently sought directions from this Hon'ble Tribunal for impleadment of defaulting industries to facilitate

recovery. Such a plea is wholly misconceived and amounts to an admission of failure on the part of the statutory regulator to effectively enforce its own orders. Having assessed and imposed Environmental Compensation in exercise of its statutory and regulatory powers pursuant to the directions of this Hon'ble Tribunal, the Respondent Board cannot now plead absence of statutory backing as a justification for its inaction. If the Respondent Board itself believes that there exists no effective statutory mechanism for recovery, it ought to have approached the appropriate Government or this Hon'ble Tribunal for suitable directions at the relevant time instead of allowing Environmental Compensation running into hundreds of crores of rupees to remain unrecovered for years.

- 11.** That in view of the facts and circumstances stated hereinabove, it is most respectfully prayed that this Hon'ble Tribunal may graciously be pleased to

dismiss the reply filed by Respondents No. 1 & 2 as being baseless and devoid of merit.

AND FOR THIS ACT OF KINDNESS, THE ANSWERING RESPONDENT SHALL AS IN DUTY BOUND EVER PRAY.
