OBJECTIONS ON BEHALF OF RESPONDENT NO. 4 I.E. THE PROJECT PROPONENT ('SAYA BUILDCON CONSORTIUM PVT. LTD.') TO THE JOINT COMMITTEE REPORT FILED COMPLIANCE OF ORDER DATED 12.01.2024 IN THE CAPTIONED APPLICATION

---

MOST RESPECTFULLY SHOWETH:

1. The Respondent No. 4 i.e. Saya Buildcon Consortium Pvt. Ltd. (**Project Proponent**) is a company incorporated under the provisions of the Companies Act, 1956 and validly existing under the provisions of Companies Act, 2013 having office at Plot No. C-01, Sector-12, Eco-Tech III, Greater Noida-201306. The present objections are filed and signed by Mr. Aditya on behalf of the Project Proponent who has been duly authorised in this regard vide Board Resolution dated 12.12.2023.
2. The Project Proponent is engaged in the business of construction and development of residential, commercial and other infrastructure related projects and facilities across the country and has already developed and delivered various projects.
3. That on the basis of the averments made in the letter Petition submitted by the Applicant, this Hon'ble Tribunal vide order dated 12.01.2024 was pleased to constitute a Joint Committee comprising of representatives of Uttar Pradesh Pollution Control Board, the Commissioner, Municipal Corporation, Greater Noida and the District Magistrate, Gautam Budh Nagar for looking into the

allegations of illegal dumping of garbage in the basement of E-19, Saya Zion Society, Gaur City-1, Great Noida in violation of environmental laws.

4. As per the recommendations of this Hon'ble Tribunal, the members of the Joint Committee comprising of i.) Mr. Atul Kumar, ADM (F/R), Gautambuddh Nagar, ii.) Mr. Vishu Raja, OSD (Health) GNIDA, iii.) Deo Kumar Gupta, Regional Officer, UPPCB conducted a joint inspection premises in question on 14.02.2024 in the presence of the Applicant. Subsequently, a report came be filed on 04.03.2024 by Uttar Pradesh Pollution Control Board (UPPCB).
5. Primarily, the joint committee in the inspection report has made following observations:-
  - a) *Project Proponent has installed Organic Waste Converter (OWC) Machine for processing and disposal of municipal and solid waste generated from said project in basement, which is not being operated by the said Project.*
  - b) *It was found that no electricity connection is provided to the OWC machine and the OWC machine is kept in useless condition.*
  - c) *It was observed by the committee that no dumping of MSW is being done in basement or other area in the said project.*
  - d) *No garbage was found in the dedicated temporary storage of MSW storage room.*
  - e) *A foul smell was observed by the committee.*
  - f) *Municipal solid waste generated from Project is being disposed of through private vendor M/s. Om Enterprises, Tulsi Vihar, Dadri, Gautam Buddha Nagar (Proprietor Sri Vipin Nagar). Copy of agreement not provided by the Project Proponent.*
  - g) *Project Proponent has not provided logbook of OWC operations, daily electricity consumption of OWC, consumption of anti-smell chemicals and copy of the approved map by GNIDA with location of OWC.*

6. In response to the aforesaid observations of the Joint Committee, the Project Proponent seeks to give following clarifications:

S. No.	Factual Observations of the Joint Committee	Point-wise clarification on behalf of the Project Proponent
1.	Project has installed an Organic Waste Converter (OWC) Machine for processing and disposal of municipal and solid waste generated from said project in the basement, which is not being operated by the said project.	<p>a) During the inspection, the Organic Waste Converter (OWC) machine was not operational due to a temporary malfunction, however the technical issue was immediately rectified and fixed and presently the OWC machine is fully functional, with all necessary electrical connections in place.</p> <p>b) It is evident that the fault in the OWC machine was a temporary fault, as there was no waste present at the time of inspection indicating that the waste was regularly processed by the OWC machine.</p>
2.	It was found that no electricity connection is provided to the OWC machine and the OWC machine is kept in a useless condition.	<p>a) The electricity connection for the OWC machine is already established, however at the time of inspection, the machine was not operational due to a temporary malfunction which has been rectified.</p> <p>b) Currently, the OWC machine is fully functional, with all necessary electrical connections in place.</p>
3.	Foul smell was observed by committee.	<p>a) At the time of the inspection, the OWC machine was not operating due to technical snag and therefore, the foul smell was observed from the MSW storage room.</p> <p>b) Since the OWC machine has been rectified, there is no foul smell in the MSW storage room.</p>

		<p>c) Further, as a matter of abundant precaution the Project Proponent took exemplary preventive measures to cure the foul smell by spraying anti-smell chemicals on a daily basis.</p>
4.	<p>Municipal solid waste generated from project is being disposed of through private vendor M/s. Om Enterprises, Tulsi Vihar, Dadri, Gautam Buddha Nagar (Proprietor Sri Vipin Nagar). Copy of agreement not provided by the project.</p>	<p>a) The joint committee officials have observed in the report, that the solid waste generated from Project is being disposed through a private vendor M/s. Om Enterprises, Tulsi Vihar, Dadri, Gautam Buddha Nagar (Proprietor Sri Vipin Nagar).</p> <p>b) The Project Proponent has informed the Joint Committee officials during the inspection that there is no agreement executed between the Project Proponent and the said vendor, but the Project Proponent has issued a work order to M/s. Om Enterprises for disposal of solid waste.</p> <p>c) Since the copy of the work order was not readily available at the Project site, the same could not be instantly made available to the Joint Committee officials and the same is being produced with the present response.</p>
5.	<p>Project Proponent has not provided logbook of OWC operations, daily electricity consumption of OWC, consumption of anti-smell chemicals and copy of the approved map by GNIDA with location of OWC.</p>	<p>a) It is reiterated that at the time of inspection, the Organic Waste Converter (OWC) machine was not operational due to a temporary malfunction. The issue has since been rectified and fixed and the OWC machine is fully functional.</p> <p>b) The response with respect to consumption of anti-smell chemicals has been submitted above and hence is not being reiterated herein for the sake of brevity.</p>

		c) It is further submitted that at present the Project Proponent is not in possession of the map approved by GNIDA. However, specific details with respect to the location of the OWC machine is not specified in the map.
--	--	--

7. In the foregoing facts and circumstances, the Project Proponent submits that it has not violated any environmental laws, as alleged in the letter Petition and also there is no past violation by the Project Proponent. Except for the fact of the temporary non-functioning of 'OWC' machine, the Joint Committee has also not made any adverse observations against the Project Proponent, which further establishes that there is no fault or violation on the part of the Project Proponent. Hence, the joint committee report may only be considered to the extent of suggestions provided by the Committee, to which the Project Proponent has already taken steps for rectification.
8. In support of the aforesaid clarifications the Project Proponent is submitting following documents:
- a. *Doc-1 : Copy of Work Order issued to M/s. OM Enterprises for operation of OWC Machine and for solid waste disposal.*
  - b. *Doc-2: Copy of Letter dated 26.02.2024 from vendor, M//s. Om Enterprises confirming repairing of OWC machine.*
  - c. *Doc-3: Copy of Work Order dated 10.01.2024 assigned to "Karetaker Solutions Pvt. Ltd. to repair the OWC machine.*
  - d. *Doc-4: Copy of logbook substantiating that the anti-smell chemicals is sprayed on a daily basis.*
  - e. *Doc-5: Copy of Logbook-Owc Machine Meter Reading From Aug 23 to July 24.*
  - f. *Doc-6: Coloured Photographs showing removal work of owc machine from basement of the project.*
9. During the previous hearing conducted on 29.05.2024, this Hon'ble Court had orally observed that disposal of solid waste in basement of a residential society amounts to violation of the Solid Waste Management Rules, therefore, the Project Proponent was orally advised to shift the waste disposal operations from basement to some other place.
10. In the aforesaid background, it is submitted that in scrupulous compliance of the oral advice of this Hon'ble Court, the Project Proponent started the shifting process of the OWC machine, and the process completed on 21.07.2024. It is further submitted that after completing the shifting process of the OWC machine, no waste disposal work is taking place in the basement of the Project.

The compliances made by the Project Proponent can be duly verified by the Joint Committee officials, if so required and the Project Proponent undertakes to render full assistance to the Joint Committee.

11. It is therefore, most respectfully prayed, that the Objections to the Factual Report may be taken on record and basis the clarifications and documentary evidence submitted by the Project Proponent, the captioned Original Application may kindly be disposed of accordingly.
