9. It is submitted that the above application is came up before the Hon'ble National Green Tribunal (SZ) Chennai on 18-01-2022 on the day the Hon'ble Tribunal constitute the joint committee Para 10 read as follows,

For Sai Baba Metal Industry

P. Balu  
Proprietor

**“10. In order to ascertain the genuineness of the allegations made in the application, we feel it appropriate to appoint a Joint Committee comprising of (i) a Senior Officer from the Ministry of Environment, Forests & Climate Change (MoEF&CC), Integrated Regional Office, Hyderabad, (ii) a Senior Officer from the State Level Impact Assessment Authority (SEIAA) – Telangana, (iii) a Senior Officer from the Directorate of Mines and Geology, Telangana as deputed by its Director, (iv) a Senior Officer from the Telangana State Pollution Control Board as deputed by its Chairman/Member Secretary and (v) District Collectors of Ranga Reddy District and Yadadri – Bhuvanagiri District to inspect the area in question and submit a factual as well as action taken report, if there is any violation found. After inspection the joint committee have filed the report before this Hon’ble tribunal on 22-04-2022 read as Para 6 as follows;-**

**6. Observations of the Joint Committee (As per TOR):**

**i. The Number of such units operating in those areas:**

*It is humbly submitted that the total number of units in the mining zone are as given below:*

- a. Number of Stone crushing Units: 14 (Rangareddy district) + 3 (Yadadri Bhuvanagiri district)
- b. Number of Hot mix plants: 9 (Ranga reddy district) +2 (Yadadri Bhuvanagiri district)
- c. Number of Quarries-24 (Rangareddy district)+7 (Yadadri Bhuvanagiri district)

**ii. Whether all the units are having necessary permissions and clearances as per the environmental laws:**

*It is submitted that mining zone area is existed prior to the EIA notification 2006. Total number of quarries existed are 31. All of them have*

For Sai Baba Metal Industry

*f. Babu.*  
Proprietor

obtained quarry leases from Mines and Geology Department. Telangana. Out of 31 quarry leases, three (03) lease holders have obtained environmental clearance (Annexure-A). Three (3) quarry lease holders have not applied for EC and the remaining 25 lease holders have applied for environmental clearance under violation category as per the MoEF&CC S.O. 804, dated 14.03.2017. However, 13 applications were returned to the proponents due to short comings. 12 No. of Quarries submitted additional information in the first week of April 2022 and it will be reviewed by the SEAC & SEIAA.

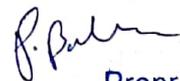

All the operating 16 stone crushers in the area having valid consents from TSPCB and one stone crusher was issued with closure orders (List enclosed-Annexure B).

The total number of Hot Mix Plants existed in those area is 11. Out of which one unit is not obtained CFO and remaining 10 units have obtained CFO. However, TSPCB has issued closure orders to 9 units for not complying with the CFO conditions (Annexure C).

**iii If they are having such permissions, whether there is any violation of the conditions imposed/ committed by the party respondents:**

- Show cause notices issued by TSPCB to the 29 Quarries for not having valid CFO (Annexure-D).
- TSPCB has issued closure orders to one stone crushing unit (Annexure B).
- TSPCB has issued closure orders to 9 hot mix units for not complying with the CFO conditions (Annexure C).

For Sai Baba Metal Industry

Proprietor

**iv. Whether the pollution control mechanisms provided by them are sufficient to mitigate the situation of pollution being caused on account of their operations:**

The main allegations of applicant are dust deposition, loss of agricultural income and health issues due to crushing units and transportation. All the stone crusher units have provided green belt, wind breaking walls, dust bunkers, water sprinklers. However, the following may be provided to mitigate the dust pollution.

- Three tier green belt around the units and along the approach road needs to be improved.
- The height of Wind breaking walls needs to be increased around stone aggregates/sand storage bunkers.
- Dust bunkers provided at the unloading points needs to be covered with GI/MS sheets.

**v. Whether any cumulative impact assessment has been done by the authorities before permitting such large scale establishment of units in those areas:**

Environmental Impact assessments have not been carried out for the Mining zone as it was declared vide G.O.Ms.No.89,dated 22.03.2006 i.e.prior to the EIA Notification, 2006.

The committee is of view that, Environmental Impact Assessment may be carried out through CSIR-NEERI/any recognized institute to assess the cumulative impact of the project for appropriate recommendations for remedial measures.

**For Sai Baba Metal Industry**

*P. Balraj.*  
Proprietor

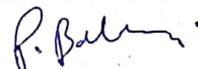

**vi. Whether the ambient air quality in that area is in conformity with the standard provided:**

TSPCB has carried out Ambient Air quality monitoring in the area on 10.03.2022 to assess the Ambient Air quality. As per the report, the monitored are parameters within prescribed limits (Annexure-E)

**vii. If the pollution control mechanism provided by the unit is not sufficient to meet the situation, what is the nature of the mitigating measures to be taken by them to avoid air, water as well as sound pollution:**

- a) Cement Concrete/Bitumen top road needs to be constructed from stone crushing units to main road.
- b) Three tier plantation along the transportation road needs to be provided
- c) Wind breaking walls/Green net needs to be provided either side of the petitionerAshramam to reduce the dust emission due to transportation.
- d) Engaging of separate vehicle for regular water sprinkling along the transportation road.
- e) All the transportation vehicles needs to be provided Tarpaulin cover during transportation.
- f) The units shall have a Separate Environmental cell to monitor the environmental protection measures and status of compliance. g) Adequate funding shall be earmarked to implement the environmental protection measures.
- h) The units shall implement the required Pollution Control measures stipulated in the consent orders/Directions issued by the Board.

For Sai Baba Metal Industry

Proprietor

**viii. Whether any damage has been caused to the nearby agricultural area on account of the operation of these units due to pollution caused and if so, what is the assessed quantum of compensation for damage caused to the environment:**

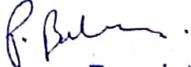

The Joint Committee visited the agricultural fields of the applicant and other agricultural fields in the surrounding area. Dust deposition is found over the applicant's land and on the existing plantation. There is no agricultural activity observed during site visit. It was informed that Agriculture activity was abandoned about 02 years ago. Agricultural report is enclosed (**Annexure-F**). There are other paddy fields around the mining zone area which are found to be good. There is no impact observed on the other fields.

Further, the Committee is view of that the petitioner may be directed to cultivate other crops recommended in the agricultural report and in consultation with agricultural officer of the area for better yield.

**ix. Whether any excess mining has been done by the quarry operators encroaching into the neighbouring areas and the areas other than the permitted area as per the mining lease and permissions (if any) granted and if so, what is the quantum of compensation that has to be realized from such persons who are violating the norms:**

The Joint Committee has visited all the quarry leases represented in O.A.No.9 by the applicant. The Surveyor of Mines Department was also present and verified the boundaries of the quarry leases and found that the lease holders are working within the granted area as per the executed sketch and no illegal quarrying is noticed.

**For Sai Baba Metal Industry**

  
**Proprietor**

**X. The Joint committee is also directed to ascertain the compensation payable for the violations committed by them, apart from assessing cost of restoration of damage caused to the environment and if there is any violation found, what is the nature of action taken by the regulators against such violators:**

The quarry lease holders have submitted application for environmental clearance to SEIAA, Telangana. Credible action may be initiated as per Ministry OM. 22-21/2020-IA.III dated 07.07.2021 and O.M.22-21/2020 IA.III (E 138949) dated 28.01.2022 (Annexure-G)

10. It is submitted that the TSPCB have filed the report before this Hon'ble Tribunal on 30-4-2022 Page No. 13 read as follows;-

**R-14 M/s. Sai Baba Metal Industry, Sv.No.268, Bandaravirval (V).  
Abdullapurmet (M), Rangareddy District (Mine)**

The stone metal quarry is operating without obtaining Consent for Operation of the Board. The Board issued show cause notice for operating without obtaining consent of the Board.

11. It is submitted that Thereafter this respondent is complying with all the directions issued by the TSPCB. This respondent is not guilty of any acts causing or contribution to pollution. This respondent has all the necessary consent and permissions to operate the unit. It is submitted that the above OA has been filed with false and incorrect facts as against this respondent. There is no cause of action against this respondent.

12. It is submitted that this respondent craves leave of this Hon'ble Tribunal to raise additional counter in the course of proceedings, if required

**For Sai Baba Metal Industry**

*f. Balaji*  
**Proprietor**

In the above circumstances, it is humbly prayed that this Hon'ble Tribunal may be pleased to **EXEMPT** to this respondent in O.A. No. 9 of 2022 and pass such further or other orders as this Hon'ble Tribunal may deem fit and proper in the facts and circumstances of the case and thus render justice.

Solemnly affirmed at Hyderabad  
on this the 13<sup>th</sup> day of May , 2022

\* \* \*

- I. This has reference to your proposal No. SIA/TG/MIN/77792/2022, dt. 04.06.2022 (accepted on 07.06.2022) submitted to the SEIAA, Telangana seeking Terms of Reference (ToR) in terms of the provisions of Environment Impact Assessment (EIA) Notification, 2006 under the Environment (Protection) Act, 1986. The project is for mining of 5.038 ha or 12.45 Acres. Stone & Metal Quarry of M/s. Sai Baba Metal Industry, 6.0 Acres in Block No. 30A, 4.0 Acres in Block No. 30B and 2.45 Acres in Common Area) in Survey No. 268, Chinnaraviryala Village, Abdullapurmet Mandal, Ranga Reddy District.
- II. The proposal for grant of Terms of Reference (ToR) to the proposed project was considered by the State level Expert Appraisal Committee (SEAC) in its meeting held on 08.06.2022. The SEAC observed the following:

*The representative of the project proponent Sri P. Nikhil and Sri G.V. Reddy of M/s. Team Labs & Consultants, Hyderabad attended and made a presentation before the SEAC.*

*During presentation, the proponent informed the following:*

- *State Government vide GO Ms No. 153, dt. 01.03.2002 constituted Mining Zone Committee for Ranga Reddy District. Mining Zone committee identified an area in Survey No. 268 creation of mining zone as per GoMs No. 89, dt. 22.03.2006 by the State Government.*
- *As per the state government orders vide G.O.Ms. No. 48, dt. 26.07.2017 for issue of Scrutinized Quarry Plan, all lease holders prepared quarry plans.*
- *A case was filed before the Hon'ble NGT vide Original Application (O.A) No. 9 of 2022 (SZ) w.r.t. the Quarries located in above mentioned Mining Zone.*

*The SEAC noted that the project is for Stone & Metal Quarry with Mine Lease Area of 5.038 ha or 12.45 Acres (6.0 Acres in Block No. 30A, 4.0 Acres in Block No. 30B and Acr 2.45 in Common Area). The SEAC noted that these Blocks of mine lease area are located at a distance of 93 m from each other. The SEAC noted that the Mine Lease Area of 5.038 ha. is more than 5.0 Ha. Hence, the project is considered under B1 Category as per the provisions laid under EIA Notification, 2006 & its subsequent amendments and orders of the Hon'ble NGT. The proponent informed that the production capacity of the project is to mine 1,80,180 MT/annum of Stone & Metal.*

*The SEAC noted that the quarry lease was granted in favour of the proponent for a period of 15 years upto 07.05.2023 and the proponent started mining operations from the year 2017-18 & 2019-20 to 2021-22 as per lr. dt. 20.05.2022 of ADMG, Rangareddy District, without obtaining prior EC.*

*Nearest human habitation is Pillaipalli (V) @ 1.7 km; Nearest water body i.e., Seasonal Musi River exists at a distance of 2.2 km (N); Nearest RF i.e., Bacharam RF exists at 2.8 km from the boundary of the site.*

The SEAC confirmed the project as a case of violation of the EIA Notification, 2006 and the project has to be considered in the terms of the provisions of the S.O.No.804 (E) dt.14.03.2017; S.O.1030 (E), dt.08.03.2018; and O.M. dt: 07.07.2021 & O.M. dt: 28.01.2022 issued by the MoEF&CC, GoI w.r.t. SOP for identification and handling of violation cases under EIA Notification, 2006.

The proponent informed that they have already collected the baseline data from December 2021 to February 2022 and requested to consider the same for preparation of EIA report based on the Standard Terms of Reference for proposed Quarry. The SEAC considered the request of the proponent for utilizing the baseline data from December 2021 to February 2022 for preparation of EIA report.

After detailed discussions, the proponent is directed to prepare EIA report considering the baseline data from December 2021 to February 2022, as per the Standard Terms of Reference (TORs) issued by the MoEF&CC, GoI for "Mining of Minerals" along with the Specific Terms of Reference w.r.t. violation as per S.O.No.804 (E) dt.14.03.2017 & S.O.1030 (E), dt.08.03.2018 and OM dt. 07.07.2021 & 28.01.2022 undergo the process of Public Hearing in consultation with TSPCB and submit final EIA report along with minutes of public hearing & response of the proponent to the issues emerged in the public hearing to the SEAC for appraisal

- III. Accordingly, the proposal along with recommendations of SEAC, Telangana was examined by the State level Environment Impact Assessment Authority (SEIAA) in its meeting held on 18.06.2022 and observed the following:

The SEIAA discussed the recommendations of the SEAC in detail and noted that the proponent has started mining activity without obtaining EC and violated EIA Notification, 2006.

However, approved the project for issue of TORs (Violation). The proponent is directed stop the mining activity forthwith and shall comply with the MoEF&CC, GoI, OM No22-21./2020-IA.III dt.07.07.2021, with public hearing.

- IV. In view of the above, the SEIAA, Telangana hereby accords ToRs with public hearing to the project for preparation of the Environment Impact Assessment (EIA) Report and Environment Management Plan (EMP). The TORs and general guidelines for preparation of EIA & EMP report are as following:

S.No.	Condition Details
1	The TOR will not be operational till such time the Project Proponent complies with all the statutory requirements and judgment of Hon'ble Supreme Court dated the 2nd August 2017 in Writ Petition (Civil) No. 114 of 2014 in the matter of Common Cause versus Union of India and Ors.
2	Department of Mining & Geology, State Government shall ensure that mining operation shall not commence till the entire compensation levied, for illegal mining paid by the Project Proponent through their respective Department of Mining & Geology in strict compliance of judgment of Hon'ble Supreme Court dated the 2nd August 2017 in Writ Petition (Civil) No. 114 of 2014 in the matter of Common Cause versus Union of India and Ors.
3	Year-wise production details since 1993-94 should be given, clearly stating the highest production achieved in any one year prior to 1993-94. It may also be categorically informed whether there had been any increase in production after the EIA Notification 1994 came into force, w.r.t. the highest production achieved prior to 1994. The production details need to submit since inception of mine duly authenticated by Department of Mines & Geology, State Government.
4	A copy of the document in support of the fact that the Proponent is the rightful lessee of the mine should be given.

- 5 All documents including approved mine plan, EIA and Public Hearing should be compatible with one another in terms of the mine lease area, production levels, waste generation and its management, mining technology etc., and should be in the name of the lessee.
- 6 All corner coordinates of the mine lease area, superimposed on a High Resolution Imagery / topo sheet, topographic sheet, geomorphology and geology of the area should be provided. Such an Imagery of the proposed area should clearly show the land use and other ecological features of the study area (core and buffer zone).
- 7 Information should be provided in Survey of India Topo sheet in 1:50,000 scale indicating geological map of the area, geomorphology of land forms of the area, existing minerals and mining history of the area, important water bodies, streams and rivers and soil characteristics.
- 8 Details about the land proposed for mining activities should be given with information as to whether mining conforms to the land use policy of the State; land diversion for mining should have approval from State land use board or the concerned authority.
- 9 It should be clearly stated whether the proponent Company has a well laid down Environment Policy approved by its Board of Directors if so, it may be spelt out in the EIA Report with description of the prescribed operating process/procedures to bring into focus any infringement/deviation/violation of the environmental or forest norms/conditions? The hierarchical system or administrative order of the Company to deal with the environmental issues and for ensuring compliance with the EC conditions may also be given. The system of reporting of non-compliances / violations of environmental norms to the Board of Directors of the Company and/or shareholders or stakeholders at large, may also be detailed in the proposed safeguard measures in each case should also be provided.
- 10 Issues relating to Mine Safety, including subsidence study in case of underground mining and slope study in case of open cast mining, blasting study etc. should be detailed. The proposed safeguard measures in each case should also be provided.
- 11 The study area will comprise of 10 km zone around the mine lease from lease periphery and the data contained in the EIA such as waste generation etc. should be for the life of the mine / lease period.
- 12 Land use of the study area delineating forest area, agricultural land, grazing land, wildlife sanctuary, national park, migratory routes of fauna, water bodies, human settlements and other ecological features should be indicated. Land use plan of the mine lease area should be prepared to encompass preoperational, operational and post operational phases and submitted. Impact, if any, of change of land use should be given.
- 13 Details of the land for any Over Burden Dumps outside the mine lease, such as extent of land area, distance from mine lease, its land use, R&R issues, if any, should be given.
- 14 A Certificate from the Competent Authority in the State Forest Department should be provided, confirming the involvement of forest land, if any, in the project area. In the event of any contrary claim by the Project Proponent regarding the status of forests, the site may be inspected by the State Forest Department along with the Regional Office of the Ministry to ascertain the status of forests, based on which, the Certificate in this regard as mentioned above be issued. In all such cases, it would be desirable for representative of the State Forest Department to assist the Expert Appraisal Committees.
- 15 Status of forestry clearance for the broken up area and virgin forestland involved in the Project including deposition of net present value (NPV) and compensatory afforestation (CA) should be indicated. A copy of the forestry clearance should also be furnished.
- 16 Implementation status of recognition of forest rights under the Scheduled Tribes and other Traditional Forest Dwellers (Recognition of Forest Rights) Act, 2006 should be indicated.
- 17 The vegetation in the RF / PF areas in the study area, with necessary details, should be given.

- 18 A study shall be got done to ascertain the impact of the Mining Project on wildlife of the study area and details furnished. Impact of the project on the wildlife in the surrounding and any other protected area and accordingly, detailed mitigative measures required, should be worked out with cost implications and submitted.
- 19 Location of National Parks, Sanctuaries, Biosphere Reserves, Wildlife Corridors, Ramsar site Tiger/Elphant Reserves/(existing as well as proposed), if any, within 10 km of the mine lease should be clearly indicated, supported by a location map duly authenticated by Chief Wildlife Warden. Necessary clearance, as may be applicable to such projects due to proximity of the ecologically sensitive areas as mentioned above, should be obtained from the Standing Committee of National Board of Wildlife and copy furnished.
- 20 A detailed biological study of the study area [core zone and buffer zone (10 km radius of the periphery of the mine lease)] shall be carried out. Details of flora and fauna, endangered, endemic and RET Species duly authenticated, separately for core and buffer zone should be furnished based on such primary field survey, clearly indicating the Schedule of the fauna present. In case of any scheduled-I fauna found in the study area, the necessary plan along with budgetary provisions for their conservation should be prepared in consultation with State Forest and Wildlife Department and details furnished. Necessary allocation of funds for implementing the same should be made as part of the project cost.
- 21 Proximity to Areas declared as "Critically Polluted" or the Project areas likely to come under the "Aravali Range", (attracting court restrictions for mining operations), should also be indicated and where so required, clearance certifications from the prescribed Authorities, such as the SPCB or State Mining Dept. should be secured and furnished to the effect that the proposed mining activities could be considered.
- 22 R&R Plan/compensation details for the Project Affected People (PAP) should be furnished. While preparing the R&R Plan, the relevant State/National Rehabilitation & Resettlement Policy should be kept in view. In respect of SCs /STs and other weaker sections of the society in the study area, a need based sample survey, family-wise, should be undertaken to assess their requirements, and action programmes prepared and submitted accordingly, integrating the sectoral programmes of line departments of the State Government. It may be clearly brought out whether the village(s) located in the mine lease area will be shifted or not. The issues relating to shifting of village(s) including their R&R and socio-economic aspects should be discussed in the Report.
- 23 One season (non-monsoon) [i.e. March -May (Summer Season); October -December (post monsoon season); December -February (winter season)] primary baseline data on ambient air quality as per CPCB Notification of 2009, water quality, noise level, soil and flora and fauna shall be collected and the AAQ and other data so compiled presented date-wise in the EIA and EMP Report. Site-specific meteorological data should also be collected. The location of the monitoring stations should be such as to represent whole of the study area and justified keeping in view the pre-dominant downwind direction and location of sensitive receptors. There should be at least one monitoring station within 500 m of the mine lease in the pre-dominant downwind direction. The mineralogical composition of PM10, particularly for free silica, should be given.
- 24 Air quality modelling should be carried out for prediction of impact of the project on the air quality of the area. It should also take into account the impact of movement of vehicles for transportation of mineral. The details of the model used and input parameters used for modelling should be provided. The air quality contours may be shown on a location map clearly indicating the location of the site, location of sensitive receptors, if any, and the habitation. The wind roses showing pre-dominant wind direction may also be indicated on the map.
- 25 The water requirement for the Project, its availability and source should be furnished. A detailed water balance should also be provided. Fresh water requirement for the Project should be indicated.
- 26 Necessary clearance from the Competent Authority for drawl of requisite quantity of water for the Project should be provided.

- 27 Description of water conservation measures proposed to be adopted in the Project should be given. Details of rainwater harvesting proposed in the Project, if any, should be provided.
- 28 Impact of the Project on the water quality, both surface and groundwater, should be assessed and necessary safeguard measures, if any required, should be provided.
- 29 Based on actual monitored data, it may clearly be shown whether working will intersect groundwater. Necessary data and documentation in this regard may be provided. In case the working will intersect groundwater table, a detailed Hydro Geological Study should be undertaken and Report furnished. The Report inter-alia, shall include details of the aquifers present and impact of mining activities on these aquifers. Necessary permission from Central Ground Water Authority for working below ground water and for pumping of ground water should also be obtained and copy furnished.
- 30 Details of any stream, seasonal or otherwise, passing through the lease area and modification / diversion proposed, if any, and the impact of the same on the hydrology should be.
- 31 Information on site elevation; working depth, groundwater table etc. Should be provided both in AMSL and BGL. A schematic diagram may also be provided for the same.
- 32 A time bound Progressive Greenbelt Development Plan shall be prepared in a tabular form (indicating the linear and quantitative coverage, plant species and time frame) and submitted, keeping in mind, the same will have to be executed up front on commencement of the Project. Phase-wise plan of plantation and compensatory afforestation should be charted clearly indicating the area to be covered under plantation and the species to be planted. The details of plantation already done should be given. The plant species selected for green belt should have greater ecological value and should be of good utility value to the local population with emphasis on local and native species and the species which are tolerant to pollution.
- 33 Impact on local transport infrastructure due to the Project should be indicated. Projected increase in truck traffic as a result of the Project in the present road network (including those outside the Project area) should be worked out, indicating whether it is capable of handling the incremental load. Arrangement for improving the infrastructure, if contemplated (including action to be taken by other agencies such as State Government) should be covered. Project Proponent shall conduct Impact of Transportation study as per Indian Road Congress Guidelines.
- 34 Details of the onsite shelter and facilities to be provided to the mine workers should be included in the EIA Report.
- 35 Conceptual post mining land use and Reclamation and Restoration of mined out areas (with plans and with adequate number of sections) should be given in the EIA report.
- 36 Occupational Health impacts of the Project should be anticipated and the proposed preventive measures spelt out in detail. Details of pre-placement medical examination and periodical medical examination schedules should be incorporated in the EMP. The project specific occupational health mitigation measures with required facilities proposed in the mining area may be detailed.
- 37 Public health implications of the Project and related activities for the population in the impact zone should be systematically evaluated and the proposed remedial measures should be detailed along with budgetary allocations.
- 38 Measures of socio economic significance and influence to the local community proposed to be provided by the Project Proponent should be indicated. As far as possible, quantitative dimensions may be given with time frames for implementation.
- 39 Detailed environmental management plan (EMP) to mitigate the environmental impacts which, should inter-alia include the impacts of change of land use, loss of agricultural and grazing land, if any, occupational health impacts besides other impacts specific to the proposed Project.

- 40 Public Hearing points raised and commitment of the Project Proponent on the same along with time bound Action Plan with budgetary provisions to implement the same should be provided and also incorporated in the final EIA/EMP Report of the Project.
- 41 Details of litigation pending against the project, if any, with direction /order passed by any Court of Law against the Project should be given.
- 42 The cost of the Project (capital cost and recurring cost) as well as the cost towards implementation of EMP should be clearly spelt out.
- 43 A risk Assessment Report and Disaster Management Plan shall be prepared and included in the EIA/EMP Report.
- 44 Benefits of the Project if the Project is implemented should be spelt out. The benefits of the Project shall clearly indicate environmental, social, economic, employment potential, etc.
- 45 The activities and budget earmarked for Corporate Environmental Responsibility (CER) shall be as per Ministry's O.M No 22-65/2017-IA. II (M) dated 01.05.2018 and the action plan on the activities proposed under CER shall be submitted at the time of appraisal of the project included in the EIA/EMP Report.
- 46 The Action Plan on the compliance of the recommendations of the CAG as per Ministry's Circular No. J-11013/71/2016-IA.I (M), dated 25.10.2017 needs to be submitted at the time of appraisal of the project and included in the EIA/EMP Report.
- 47 Compliance of the Ministry's Office Memorandum No. F: 3-50/2017-IA.III (Pt.), dated 30.05.2018 on the judgment of Hon'ble Supreme Court, dated the 2<sup>nd</sup> August, 2017 in Writ Petition (Civil) No. 114 of 2014 in the matter of Common Cause versus Union of India needs to be submitted and included in the EIA/EMP Report.

**GENERAL GUIDELINES:**

- i. The EIA document shall be printed on both sides, as far as possible.
- ii. All documents should be properly indexed, page numbered.
- iii. Period/date of data collection should be clearly indicated.
- iv. Authenticated English translation of all material in Regional languages should be provided.
- v. The letter/application for EC should quote the MOEF&CC file No. and also attach a copy of the letter prescribing the TOR.
- vi. The copy of the letter received from the SEIAA on the TOR prescribed for the project should be attached as an annexure to the final EIA-EMP Report.
- vii. The final EIA-EMP report submitted to the SEIAA must incorporate the issues mentioned in TOR. The index of the final EIA-EMP report, must indicate the specific chapter and page no. of the EIA-EMP Report where the specific TOR prescribed by SEIAA. Questionnaire related to the project (posted on MOEF&CC website) with all sections duly filled in shall also be submitted at the time of applying for EC.
- viii. Grant of ToR does not mean grant of EC.
- ix. The status of accreditation of the EIA consultant with NABET/QCI shall be specifically mentioned. The consultant shall certify that his accreditation is for the sector for which this EIA is prepared.
- x. On the front page of EIA/EMP reports, the name of the consultant/consultancy firm along with their complete details including their accreditation, if any shall be indicated. The consultant while submitting the EIA/EMP report shall give an undertaking to the effect that the prescribed ToRs (ToR proposed by the project proponent and additional ToR given by the MoEF&CC) have been complied with and the data submitted is factually correct (Refer MoEF&CC Office memorandum dated 4<sup>th</sup> August, 2009).

- xi. While submitting the EIA/EMP reports, the name of the experts associated with/involvement in the preparation of these reports and the laboratories through which the samples have been got analysed should be stated in the report. It shall clearly be indicated whether these laboratories are approved under the Environment (Protection) Act, 1986 and the rules made there under (Please refer MoEF&CC Office Memorandum dated 4th August, 2009). The project leader of the EIA study shall also be mentioned.
- xii. All the ToR points as presented before the State Expert Appraisal Committee (SEAC) shall be covered.

**Specific Terms of Reference:**

- *The State Government/SPCB to take action against the project proponent under the provisions of section 19 of the Environment (Protection) Act, 1986, and further no consent to operate to be issued till the project is granted EC (if Credible Action was not initiated).*
  - *The project proponent shall be required to submit a bank guarantee equivalent to the amount of remediation plan and natural and community resource augmentation plan with the SPCB prior to the grant of EC. The quantum shall be recommended by the SEAC and finalized by the regulatory authority. The bank guarantee shall be released after successful implementation of the EMP, followed by recommendations of the SEAC and approval of the regulatory authority. The proponent also shall pay penalty amount to be levied by SEIAA as per O.M. dt: 07.07.2021.*
  - *Assessment of ecological damage with respect to air, water, land and other environmental attributes. The collection and analysis of data shall be done by an environmental laboratory duly notified under the Environment (Protection) Act, 1986, or an environmental laboratory accredited by NABL, or a laboratory of a Council of Scientific and Industrial Research (CSIR) institution working in the field of environment.*
  - *Preparation of EMP comprising remediation plan and natural and community resource augmentation plan corresponding to the ecological damage assessed and economic benefits derived due to violation.*
  - *The remediation plan and the natural and community resource augmentation plan to be prepared as an independent chapter in the EIA report by the accredited consultants.*
  - *Funds allocation for Corporate Environment Responsibility (CER) shall be made as per O.M. dt.01.05.2018 for various activities therein. The details of fund allocation and activities for CER shall be incorporated in the EIA/EMP report.*
  - *Detailed hydrological study to be carried out in core and buffer zone of the project as per recent GEC guidelines 2015.*
  - *The project proponent shall give an Undertaking by way of affidavit to comply with all the statutory requirements and judgment of Hon'ble Supreme Court dt. 02.08.2017 in Writ Petition (Civil) No. 114 of 2014 in the matter of Common Cause versus Union of India and Ors. before grant of EC, as per OM dt.30.05.2018 & 07.07.2021. The Undertaking inter-alia includes stoppage of mining activity until grant of EC commitment of the project proponent not to repeat any such violation in future.*
  - *In case of violation of above undertaking by the project proponent, the ToR/Environmental Clearance shall be liable to be terminated forthwith.*
  - *State Government concerned shall ensure that mining operation shall not commence till the entire compensation levied, if any, for illegal mining paid by the Project Proponent through their respective Department of Mining & Geology in strict compliance of judgment of Hon'ble Supreme Court dated the 2nd August 2017 in Writ Petition (Civil) No. 114 of 2014 in the matter of Common Cause versus Union of India and Ors.*
- xiii. The above ToR should be considered for preparation of EIA Report in addition to all the relevant information as per the 'Generic Structure of EIA' given in Appendix III and IIIA in the EIA Notification, 2006 & its subsequent amendments.

- xiv. The consultants involved in preparation of EIA/EMP report after accreditation with Quality Council of India/National Accreditation Board of Education and Training (QCI/NABET) would need to include a certificate in this regard in the EIA/EMP reports prepared by them and data provided by other Organization(s)/ Laboratories including their status of approvals etc., vide Notification dt. 19.07.2013 of the MoEF&CC.
- xv. The project proponent shall submit the detailed final EIA/EMP prepared as per ToRs, to the SEIAA for considering the proposal for Environmental Clearance within 3 years, as per the O.M. No.J-11013/41/2006-IA-11(1) (P) dt. 08.10.2014 of the MoEF&CC, GoI.
- xvi. The project proponent should stop mining activity forthwith and shall also comply with the terms of the provisions of the S.O.No.804 (E) dt.14.03.2017; S.O.1030 (E), dt.08.03.2018; and O.M. dt: 07.07.2021 & O.M. dt: 28.01.2022 issued by the MoEF&CC, GoI w.r.t. SOP for identification and handling of violation cases under EIA Notification., 2006.
- xvii. The prescribed ToRs would be valid for a period of three years for submission of the EIA/EMP Reports.

**ENVIRONMENTAL PUBLIC HEARING NOTIFICATION**

In accordance with the Notification No. S.O. 1533 (E), Dated 14-09-2006 of Ministry of Environment, Forests & Climate Change, Government of India, it is hereby notified that the mining activity above 5.0 Ha is required Public Hearing. 5.038 ha (12.45 Acres) (6.0 Acres in Block No. 30A, 4.0 Acres in Block No. 30B and 2.45 Acres in Common Area) Stone & Metal Quarry of M/s. Sai Baba Metal Industry, Sy.No.268, Chinnaraviryala (V), Abdullapurmet (M), Rangareddy District, Telangana State. It is hereby notified to conduct Environmental Public Hearing in Rangareddy District for the proposed project. The details of the project activities given by the project authorities are as follows:

1	Name of the Project	5.038 Ha or 12.45 Acres Stone & Metal Quarry of M/s. Sai Baba Metal Industry (6.0 Acres in Block No. 30A, 4.0 Acres in Block No. 30B and 2.45 Acres in Common Area) in Sy.No.268, Bandaravryala (V), Abdullapurmet (M), Rangareddy District, Telangana State
2	Location of the project	Sy.No.268, Chinnaraviryala (V), Abdullapurmet (M), Rangareddy District, Telangana State
3	Name of the Authorized person to be Contacted with address and Ph.No.	Sai Baba Metal Industry, Prop: Sri. P. Balraj, H. No. 13-11-316, Tarnaka, Hyderabad - 500007. Ph. No. 8008113000. Email: saibabametalindustrystones@gmail.com
4	Capital Cost of the Project	Total cost of the project is Rs. 42 Lakhs.
5	Name of the project consultant/ environmental consultant	TEAM Labs Consultants, B-115-117 & 509, Annapurna Block, Aditya Enclave, Ameerpet, Hyderabad-500038, Email: teamlabs@gmail.com. Phone: 040-23748555/23748616.
6	Line of Activity / Capacity	Stone & Metal Quarry
7	Date/Time/Venue of Public Hearing	<b>26.07.2022 / 10.00 A.M.</b> <b>Venue:</b> At Project Site i.e., Sy.No.268, Chinnaraviryala (V), Abdullapurmet (M), Rangareddy District, Telangana State.
8	Place of the availability of Executive Summary (Telugu & English) & Draft EIA Report of the proposed project along with C.D.	<ol style="list-style-type: none"> <li>1. O/o. The District Collector, Rangareddy District.</li> <li>2. O/o. The CEO, Zilla Parishad, Rangareddy District.</li> <li>3. O/o. The District Industries Centre, Rangareddy District.</li> <li>4. Regional Officer, Integrated Regional Office, Ministry of Environment, Forests &amp; Climate Change, 3rd Floor, Aranya Bhavan, Saifabad, Hyderabad, Telangana.</li> <li>5. T.S. Pollution Control Board, Regional Office-I, Rangareddy District, H.No. 6-3-1219, Block C, Ward No.91, 2nd Floor, Backside of Country Club, Kundanbagh, Umanagar, Begumpet, Hyderabad - 500016.</li> <li>6. O/o. T.S. Pollution Control Board, Paryavarana Bhavan, A-3, Industrial Estate, Sanathnagar, Hyderabad-500018.</li> <li>7. O/o. T.S. Pollution Control Board, Zonal Office, H.No.6-3-1219, Block C, Ward No.91, 1st Floor, Backside of Country Club, Kundanbagh, Umanagar, Begumpet, Hyderabad-500016.</li> <li>8. Revenue Divisional Office, Ibrahimpatnam, Rangareddy District.</li> <li>9. Tahasildar Office, Abdullapurmet Mandal, Rangareddy District.</li> <li>10. The Executive summary of the project both in Telugu &amp; English are available at Gram Panchayat office of Chinnaraviryala Village.</li> </ol>

Suggestions, Views, Comments and objections of the Public, if any, are invited within 30 days from the date of Publication of this Notification. All the interested persons can also make written suggestions to the undersigned Officer of the T.S. Pollution Control Board and can also participate in the proceedings of the Public Hearing on the date, time and venue specified above.

Place: Rangareddy District  
Date: 25.06.2022

FORM - 8  
(See Rule 8)  
Form of lease (minor minerals) to private person:

This indenture made the 8<sup>th</sup> Day of May 2008 between the Govern

Pradesh (hereinafter called the "Lessor" which expression shall where the conte  
include his successors in office and assigns) of the one  
s re p. Balraj prop of m/s Baba metal industry  
H.No 12-13-316 Tardaka Secunderabad  
where the context so admits, include his heirs, executors, administrators, representatives and  
assigns) of the other part.

Whereas the lessee has been granted quarry lease by the Government of Andhra Pradesh  
on application in [sealed Tender-cum-public Auction] of the lands in the Ranga Reddy District  
for the purpose of quarrying for stone & metal and has deposited with the Asst. Director of Mines  
& Geology, Hyderabad the sum of Rs. 26500/- as security for the due to faithful performance  
by the lessee of the covenants and conditions on the part of the lessee hereinafter contained;

And whereas the Government of Andhra Pradesh acting for and on behalf of the lands  
and premises hereinafter described and demised for the term and at the [knocked down amount]  
dead rent and seigniorage fee, and subject also to the covenants conditions and conditions  
hereinafter contained now this indenture witnesses as follows:-

The lessor hereby demises to the lessee all those several pieces or pieces of land situated  
in the Village of Bandaravita in the sub-registration district of R.R. and registration  
district of Hyderabad in Andhra Pradesh being more particularly described in the  
schedule hereunder written and delineated in the map or plan hereunto annexed and therein  
coloured.

P. Balraj  
LESSEE  
P. Balraj  
prop - m/s Saibaka -

G. Reddy  
ASST. DIRECTOR OF MINES & GEOLOGY,  
HYDERABAD.

2. These are included in the said demise and for the purposes thereof following liberties:-

- (1) To get from the said demised pieces of land.
- (2) For the purpose aforesaid to use any water in or under the said demised pieces of land and to divert the same and to make or construct any water courses or ponds so however that nothing shall be done in the exercise of this authority which shall interfere with the rights of any adjoining owners of the tenants or the lessors in respect of such water.
- (3) Generally to do all things which shall be convenient or necessary for getting the stone & metal .....and material hereby authorized to be got and for removing and disposing thereof as aforesaid.

3. There are, excepted and reserved to the lessor out of this demise:-

- (1) All earth minerals and other substances not hereinbefore expressly authorized to be got from the demised pieces of land by the lessee.
- (2) Liberty for the lessor or other persons authorized by him to search for work, get, carry away and dispose of the excepted minerals and other substances and for such purposes to have the right of ingress, egress and regress over the said demised pieces of land and to make erect and use all pits, machinery, buildings, roads and other necessary works and in such a way as to cause as little obstruction as possible to the lessee in the use and enjoyment of its rights hereunder and that reasonable compensation for damages caused by any such obstructions shall be paid to the lessee the amount thereof in case of difference to be settled by arbitration as hereinafter provided.

4. The said demised pieces of land shall be held by the lessee for the term of 15 years from the 8<sup>th</sup> day of May 2008 to the 7<sup>th</sup> day of May 2023 determinable as hereinafter provided.

5. The lessee hereby agrees to pay during the said term the following dead rent and seigniorage fee whichever is higher and also all cesses which may, from time to time, be imposed by the Government:-

- (1) The yearly dead rent of Rs. 126 100/- in respect of the said demised pieces of land.
- (2) A seigniorage fee of Rs. 45/- cubic meter in respect of the said demised pieces of land.

P. Bahraj  
 LESSEE.  
 Prop: M/S Saibabar  
metal industry

[Signature]  
 ASST. DIRECTOR OF MINES & GEOLOGY,  
 HYDERABAD.

6. The lessor may, during the currency of the lease, vary the rate of dead rent and the seigniorage

7. It is hereby agreed and declared that in regard to the said [knock down amount] dead rent and seigniorage fee the following conditions shall be observed by the lessee.

- (i) The said dead rent of Rs. 126100/- shall be paid without any deduction on the First day of March in every year in advance.
- (ii) The said seigniorage fee of Rs. 45/- per Cubic meter shall be paid before the same is removed from the said demised pieces of land.

8. The lessee hereby covenants with the lessor as follows:

(1) To pay the [knock down amount] dead rent and seigniorage fee on the days and in manner aforesaid.

(2) To bear, pay and discharge all existing and future rates, taxes, assessments, duties, impositions, outgoings and burdens whatsoever imposed or charged upon the demised pieces of land or the produce thereof or the bid amount, dead rent and seigniorage fee hereby reserved or upon the owner or occupier in respect thereof or payable by either in respect thereof except such charges or impositions as the lessee is or may hereinafter be by law exempted from.

(2A) Should any rent seigniorage fee or other sums due to the State Government under the terms and conditions of these presents be not paid by the lessee/lessees within the prescribed time, the same may be recovered together with simple interest due there on at the rate of twenty four percent per annum on a certificate of such officer as may be specified by the State Government by general or special order in the same manner as on arrears of land revenue.

(3) Before digging or opening any part of the said demised pieces of land for stone & metal carefully to remove the surface soil to a depth of at least ..... metres and lay aside and store the same in some convenient part of the said demised pieces of land until the land from which it has been removed is again restored to a state fit for cultivation as hereinafter provided.

G. N. Reddy  
ASST. DIRECTOR OF MINES & GEOLOGY,  
HYDERABAD.

- 4
- (4) To effectually fence off the said demised pieces of land from the adjoining lands and to keep the fences in good repair and conditions.
  - (5) Not to assign, underlet or part with the possession of the demised land or any part thereof without the written consent of the lessor first obtained. [A quarry lease granted by sealed tender-cum-public auction for sand is not open for transfer].
  - (6) After working out any party of the said demised pieces of land forthwith to level the same and replace the surface soil thereof and slope the edges, where necessary, so as to afford convenient connection with the adjoining land.
  - (7) That the lessee shall keep correct accounts, in such form as the Asst. Director of Mines & Geology concerned shall, from time to time, require and direct showing the quantities and other particulars of the said mineral obtained by the lessee from the said lands and also the number of persons employed in carrying on the said quarrying operations therein and shall, from time to time, when so directed by the Asst. Director of Mines & Geology concerned prepare and maintain complete and correct plans of all quarries and workings in the said lands and shall allow any officer thereunto, authorized by the lessor from time to time and at any time, to examine such accounts and any such plans and shall; when so required, supply and furnish to the lessor all such information and returns regarding all or any of the matters aforesaid as the lessor shall, from time to time, require and direct.
  - (8) That if in the course of quarrying any mineral not specified in the lease is discovered the lessee or registered holder shall at once report such discovery to the Asst. Director of Mines & Geology concerned who shall obtain orders of the Government regarding the working of the same.
  - (9) That the lessor's agents, servants and workmen shall be at liberty at all reasonable times during the said term, to inspect and examine the works carried on by the lessee under the liberties hereinbefore granted and the lessee shall and will, from time to time, and at all times during the said term hereby granted conform to observe all order and regulations which the lessor or his authorized agent as the result of such inspection may from time to time see fit to impose to keep the lands in good and substantial repair, order and condition or in the interest of public health and safety.

- (10) The lessee shall without delay send to the Asst. Director of Mines & Geology a report of any accident involving the death or injure to any person which may occur in or about the quarry and shall observe all rules for the time being in force regulating the working of quarries.
- (11) That the lessee shall not without the express sanction in writing of the said Asst. Director of Mines & Geology cut down or injure any timber or tress on the said lands but he may clear away brushwood or undergrowth which interferes with any operations authorized by these presents on payment of due compensation for cutting or injuring trees growth in the said lands to the Departments concerned.
- (12) That wherever necessary, pay to the person concerned, compensation for any loss or damage which may be caused by the lessee to the surface of the demised pieces of land or to anything growing or situated therein in exercise of the rights granted and shall not commence operations until such compensation has been paid. The lessee shall further always keep the lessor indemnified against any claim by any person for any loss or injury caused to him or to his property by lessee. The Deputy Director shall be the competent authority to assess and fix any compensation payable by the lessee for any loss or injury done to him or his property.
- (13) That if required by the Asst. Director of Mines & Geology, erect and maintain at his own expense, boundary pillars of subsistant material standing not less than three feet above the surface of the ground at each corner or angle in the line of the boundary of the area leased to him and at intervals of not more than three metres along the boundary, as delineated in the plan attached to the lease deed.
- (14) If any mineral not specified in the lease deed or agreement is discovered, the lessee or the registered holder shall not win or dispose of such mineral without obtaining the permission of [the Deputy Director of Mines & Geology] and without payment of the seigniorage fee and the acreage assessment. If lessee or the registered holder fails to intimate [the Director of Mines & Geology] the discovery of such new minerals and obtain his permission within a period of thirty day from the date of the working of the mineral is begun, the Director of Mines & Geology or Deputy Director of Mines & Geology may levy enhanced seigniorage fee and acreage assessment.
