8. With regard to the averments made in paragraph 7 to 11 of the affidavit is not related to this respondent and hence there are no remarks

9. It is submitted that the above application is came up before the Hon'ble National Green Tribunal (SZ) Chennai on 18-01-2022 on the day the Hon'ble Tribunal constitute the joint committee Para 10 read as follows,

10. In order to ascertain the genuineness of the allegations made in the application, we feel it appropriate to appoint a Joint Committee comprising of (i) a Senior Officer from the Ministry of Environment, Forests & Climate Change (MoEF&CC), Integrated Regional Office, Hyderabad, (ii) a Senior Officer from the State Level Impact Assessment Authority (SEIAA) - Telangana, (iii) a Senior Officer from the Directorate of Mines and Geology, Telangana as deputed by its Director, (iv) a Senior Officer from the Telangana State Pollution Control Board as deputed by its Chairman/Member Secretary and (v) District Collectors of Ranga Reddy District and Yadadri - Bhuvanagiri District to inspect the area in question and submit a factual as well as action taken report, if there is any violation found. After inspection the joint committee have filed the report before this Hon'ble tribunal on 22-04-2022 read as Para 6 as follows:-

6. Observations of the Joint Committee (As per TOR):

i. The Number of such units operating in those areas:

It is humbly submitted that the total number of units in the mining zone are as given below:

a. Number of Stone crushing Units: 14 (Rangareddy district) + 3 (Yadadri Bhuvanagiri district)

For M/s. Sai Vikas Stone Crushing Industries

 Managing Partner

b. Number of Hot mix plants: 9 (Ranga reddy district) +2 (YadadriBhuvanagiri district)

c. Number of Quarries-24 (Rangareddydistrict)+7 (YadadriBhuvanagiri district)

ii. Whether all the units are having necessary permissions and clearances as per the environmental laws:

It is submitted that mining zone area is existed prior to the EIA notification 2006. Total number of quarries existed are 31. All of them have obtained quarry leases from Mines and Geology Department, Telangana. Out of 31 quarry leases, three (03) lease holders have obtained environmental clearance (Annexure-A). Three (3) quarry lease holders have not applied for EC and the remaining 25 lease holders have applied for environmental clearance under violation category as per the MoEF&CC S.O. 804, dated 14.03.2017. However, 13 applications were returned to the proponents due to short comings. 12 No. of Quarries submitted additional information in the first week of April 2022 and it will be reviewed by the SEAC & SEIAA.

All the operating 16 stone crushers in the area having valid consents from TSPCB and one stone crusher was issued with closure orders (List enclosed-Annexure B).

The total number of Hot Mix Plants existed in those area is 11. Out of which one unit is not obtained CFO and remaining 10 units have obtained CFO. However, TSPCB has issued closure orders to 9 units for not complying with the CFO conditions (Annexure C).

iii If they are having such permissions, whether there is any violation of the conditions imposed/ committed by the party respondents:

- Show cause notices issued by TSPCB to the 29 Quarries for not having valid CFO (Annexure-D).

For M/s. Sai Vikas Stone Crushing Industries

 Managing Partner

- TSPCB has issued closure orders to one stone crushing unit (Annexure B).
- TSPCB has issued closure orders to 9 hot mix units for not complying with the CFO conditions (Annexure C).

iv. Whether the pollution control mechanisms provided by them are sufficient to mitigate the situation of pollution being caused on account of their operations:

The main allegations of applicant are dust deposition, loss of agricultural income and health issues due to crushing units and transportation. All the stone crusher units have provided green belt, wind breaking walls, dust bunkers, water sprinklers. However, the following may be provided to mitigate the dust pollution.

- Three tier green belt around the units and along the approach road needs to be improved.
- The height of Wind breaking walls needs to be increased around stone aggregates/sand storage bunkers.
- Dust bunkers provided at the unloading points needs to be covered with GI/MS sheets.

v. Whether any cumulative impact assessment has been done by the authorities before permitting such large scale establishment of units in those areas:

For M/s. Sai Vikas Stone Crushing Industries

 Managing Partner

Environmental Impact assessments have not been carried out for the Mining zone as it was declared vide G.O.Ms.No.89,dated 22.03.2006 i.e.prior to the EIA Notification, 2006.

The committee is of view that, Environmental Impact Assessment may be carried out through CSIR-NEERI/any recognized institute to assess the cumulative impact of the project for appropriate recommendations for remedial measures.

vi. Whether the ambient air quality in that area is in conformity with the standard provided:

TSPCB has carried out Ambient Air quality monitoring in the area on 10.03.2022 to assess the Ambient Air quality. As per the report, the monitored are parameters within prescribed limits (Annexure-E)

vii. If the pollution control mechanism provided by the unit is not sufficient to meet the situation, what is the nature of the mitigating measures to be taken by them to avoid air, water as well as sound pollution?

a) Cement Concrete/Bitumen top road needs to be constructed from stone crushing units to main road.

b) Three tier plantation along the transportation road needs to be provided

c) Wind breaking walls/Green net needs to be provided either side of the petitioner Ashramam to reduce the dust emission due to transportation.

d) Engaging of separate vehicle for regular water sprinkling along the transportation road.

For M/s. Sai Vikas Stone Crushing Industries

Managing Partner

- e) All the transportation vehicles need to be provided Tarpaulin cover during transportation.
- f) The units shall have a Separate Environmental cell to monitor the environmental protection measures and status of compliance. g) Adequate funding shall be earmarked to implement the environmental protection measures.
- h) The units shall implement the required Pollution Control measures stipulated in the consent orders/Directions issued by the Board.

viii. Whether any damage has been caused to the nearby agricultural area on account of the operation of these units due to pollution caused and if so, what is the assessed quantum of compensation for damage caused to the environment:

The Joint Committee visited the agricultural fields of the applicant and other agricultural fields in the surrounding area. Dust deposition is found over the applicant's land and on the existing plantation. There is no agricultural activity observed during site visit. It was informed that Agriculture activity was abandoned about 02 years ago. Agricultural report is enclosed (**Annexure-F**). There are other paddy fields around the mining zone area which are found to be good. There is no impact observed on the other fields.

Further, the Committee is view of that the petitioner may be directed to cultivate other crops recommended in the agricultural report and in consultation with agricultural officer of the area for better yield.

ix. Whether any excess mining has been done by the quarry operators encroaching into the neighboring areas and the areas other than the permitted area as per the mining lease and permissions (if any) granted and if so, what is the quantum of

For M/s. Sai Vikas Stone Crushing Industries

Managing Partner

compensation that has to be realized from such persons who are violating the norms:

The Joint Committee has visited all the quarry leases represented in O.A.No.9 by the applicant. The Surveyor of Mines Department was also present and verified the boundaries of the quarry leases and found that the lease holders are working within the granted area as per the executed sketch and no illegal quarrying is noticed.

X. The Joint committee is also directed to ascertain the compensation payable for the violations committed by them, apart from assessing cost of restoration of damage caused to the environment and if there is any violation found, what is the nature of action taken by the regulators against such violators:

The quarry lease holders have submitted application for environmental clearance to SEIAA, Telangana. Credible action may be initiated as per Ministry OM. 22-21/2020-IA.III dated 07.07.2021 and O.M.22-21/2020 IA.III (E 138949) dated 28.01.2022 (Annexure-G)

10. It is submitted that the TSPCB have filed the report before this Hon'ble Tribunal 30-4-2022 page No. 23,24 & 25 read as follows,

R-15 - M/S. SAI VIKAS STONE CRUSHING INDUSTRIES, SURVEY NO.64 & 76, DESHMUKH (V), POCHAMPALLI (M), YADADRI, BHUVANAGIRI DISTRICT.

- (i) The crusher has obtained CFO of the Board vide order dated 17.01.2022 for Road & Building Stone Metal – 30,000 TPA which is valid upto 31.05.2032.
- (ii) The industry has provided cladding to the vibrating screen to arrest the dust emissions.
- (iii) The industry covered the vibrating screen with M.S. Sheets to arrest the dust emissions.
- (iv) The industry has provided elevated closed bunker for collection of Dust.

or M/s. Sai Vikas Stone Crushing Industries

Managing Partner

- (v) The industry has provided waster sprinklers at raw material loading point, and conveyors to control dust emissions.
- (vi) The industry has provided wind-breaking walls towards East and South side boundaries of the industry.
- (vii) The industry has laid metal roads partially.
- (viii) The industry is using a water tanker for wetting of the ground and provided water guns for suppression of dust.
- (ix) The industry has developed greenery around the crusher.
- (x) The Board has reviewed the status of the industry in the External Advisory Committee meeting held at TSPCB Zonal Office, R.C. Puram on 25.09.2021. As per the recommendations of the Committee, the Board issued further directions to the industry to comply vide order dated 11.10.2021 – Annexure-1.
- xi) The status of compliance of the directions dated 11-10-2021 is as follows :-

Sl.No.	DIRECTIONS	COMPLIANCE
1	The industry in coordination with other surrounding crushers shall form an association and engage works for regular sweeping of the roads and sprinkling of water on the roads for controlling the fugitive dust emissions.	The industry has procured road sweeping machine and water tanker in coordination with other surrounding crushers and carrying out regular sweeping of the roads and water sprinkling on the roads for controlling the fugitive dust emissions.
2	The industry shall ensure dust containment suppression system for the equipment.	The industry has provided water sprinklers at raw material loading point and conveyors to control dust emissions.
3	The industry shall provide/maintain cladding to the vibrating screen and crusher so as to arrest the dust emissions.	The industry has provided cladding to the vibrating screen to arrest the dust emissions.
4	The industry shall regularly carry out sprinkling of water at the raw material loading and at transfer points to control dust emissions.	The industry has provided water sprinklers at raw material loading point and conveyors to control dust emissions.
5	The industry shall construct wind-breaking walls to prevent dust spreading to the surrounding areas.	The industry has provided wind-breaking walls towards East and South side boundaries of the industry.
6	The industry shall construct metal roads within the premises.	The industry has laid metal roads partially.

7	The industry shall carryout regular cleaning and wetting of the ground within the premises.	The industry is using a water tanker for wetting of the ground and also provided with guns for suppression of dust.
8	The industry shall not cause any air pollution/dust nuisance/odour nuisance in the surrounding environment.	Complied.
9	The industry shall not discharge any waste water outside the plant premises under any circumstances.	Complied.
10	The industry shall take all precautionary and safety measures during process operations.	Complied.
11	The industry shall maintain a good housekeeping in the premises.	Maintained.
12	The industry shall develop a minimum of 5 mtrs width green belt all around the boundary of the unit and in vacant places with tall growing trees with wide leaf area. The area allocated for greenbelt shall not be less than 33% of total area of industry.	The industry has developed greenery around the crusher.
13	The industry shall comply with ambient air quality standards of PM ₁₀ (particulate Matter size less than 10 Um) – 100 ug/m ³ , PM _{2.5} (particulate Matter size less than 2.5 um) – 60 ug/m ³ ; SO ₂ – 80 ug/m ³ ; NO _x – 80 ug/m ³ , outside the factory premises at the periphery of the industry.	TSPCB has conducted Ambient Air Quality Monitoring on 10.03.2022 at NW – direction and 80 mts distance to screening unit of the industry. The PM ₁₀ value is 86 ug/m ³ as against the prescribed standard of 100 ug/m ³ which is meeting the standards. Analysis Report is enclosed as Annexure-2.
14	The industry shall comply with suspended particulate matter measured between 3 mts and 10 mts from any processes equipment of a stone crushing unit shall not exceed 600 micrograms/m ³ .	

11. It is submitted that this respondent is complying with all the directions issued by the PSPCB. This respondent is not guilty of any acts causing or contribution to pollution. This respondent has all the necessary consent and permissions to operate the unit. It is submitted

For M/s. Sai Vikas Stone Crushing Industries

Managing Partner

that the above OA has been filed with false and incorrect facts as against this respondent. There is no cause of action against this respondent.

12. It is submitted that this respondent craves leave of this Hon'ble Tribunal to raise additional counter in the course of proceedings, if required.

In the above circumstances, it is humbly prayed that this Hon'ble Tribunal may be pleased to **Exempt** to this respondent in O.A. No. 9 of 2022 and pass such further or other orders, as this Hon'ble Tribunal may deem fit and proper in the facts and circumstances of the case and thus render justice.

Solemnly affirmed at Hyderabad
on this the 13th day of May , 2022
and signed his name in my presence.

BEFORE ME

Advocate

VERIFICATION

I, Ch. Surya Narayana 15th respondent herein, do hereby verify that what are all stated in the above mentioned paragraphs based on records and information are true to the best of my knowledge and belief.

Verified on the 13th day of May 2022 at Hyderabad.

REGD.POST WITH ACK.DUE

Order No. SEIAA/TS/OL/YDR-13/2018-

4092

R-15

Dt:08.03.2018

Sub: SEIAA, Telangana - 5.645 Ha. Rough Stone & Road Metal Mine of M/s. Sai Vikas Stone Crushing Industries, Sy. No. 56, 57, 58 & 64, Deshmukhi (V), Pochampally (M), Yadadri Bhongir District - Environmental Clearance - Issued - Reg.

- I. This has reference to your application submitted online on 30.12.2017 (proposal no. SIA/TG/MIN/71958/2017) received on 04.01.2018 seeking Environmental Clearance for the proposed **Rough Stone & Road Metal Mine** in favour of **M/s. Sai Vikas Stone Crushing Industries, Sy. No. 56, 57, 58 & 64, Deshmukhi (V), Pochampally (M), Yadadri Bhongir District**. It was reported that the nearest human habitation viz., Kawadipalli (V) exists at a distance of about 2.0 km from the mine lease area. It was also reported that Balijguda Lake exists at a 2.58 km and Kawadipalli RF exists at a distance of 2.9 km from the mine lease area. It was noted that the capital investment of the project is Rs. 60.0 Lakhs and maximum capacity of the project is as follows:

Mining of Rough Stone & Road Metal Mine – 68,800 m³/annum

- II. It is a semi-mechanized opencast quarry. After breaking the mineral into required size by drilling and blasting, it is directly loaded into the trucks. It is reported that the life of the Mine is estimated as 15 years. The total mine lease area is 5.645 Ha.
- III. The proposal has been examined and processed in accordance with EIA Notification, 2006 and its amendments thereof. The State Level Expert Appraisal Committee (SEAC) examined the application in its meeting held on 09.01.2018. The project is considered under B2 category and exempted from the process of public hearing as the mining lease area is less than 25 Ha. as per provisions laid under EIA Notification, 2006 & its subsequent amendments. Based on the information furnished, presentation made by the proponent and the consultant M/s. ABC Techno Labs India Pvt. Ltd; In-principle grant of quarry lease by the DDMG, Hyderabad vide Notice. Dt. 25.09.2017 for a period of 15 years; Approved Mining Plan; Lr. dt. 29.12.2017 of ADMG, Yadadri Bhuvanagiri District informing that other four quarry leases are existing within 500m as Cluster from the proposed mine lease area with total Cluster area of 23.755 Ha.; the Committee considered the project proposal and recommended for issue of Environmental Clearance. The State Level Environment Impact Assessment Authority (SEIAA) in its meeting held on 21.02.2018 examined the proposal and recommendations of SEAC, Telangana for issue of Environmental Clearance. Accordingly, after discussions in the matter and considering the recommendations of the SEAC, Telangana, **the SEIAA, Telangana hereby accords prior Environmental Clearance to the project** as mentioned at Para no. I under the provisions of the EIA Notification 2006 and its subsequent amendments issued under Environment (Protection) Act, 1986 subject to implementation of the following specific and general conditions:

A. Specific Conditions:

a) Air Pollution:-

- i. Wet drilling method shall be adopted to control dust emissions. Delay detonators and shock tube initiation system for blasting shall be used so as to reduce vibration and dust.
- ii. While taking afforestation activity under EMP, the project proponent shall develop and maintain greenbelt along the boundary of mining lease area and consider giving priority to indigenous and evergreen species having more foliage / green cover to absorb dust and other particles around mining area. The proponent shall Geo-tag all the saplings planted.
- iii. Fugitive dust emissions from all the sources should be controlled regularly. Water spraying arrangement on haul roads, loading and unloading and at transfer points should be provided and properly maintained.

- iv. The proponent shall take appropriate measures to ensure that the GLC shall comply with the revised NAAQ norms notified by MoE&F, GoI on 16.11.2009.
- v. The following measures are to be implemented to reduce air pollution during transportation of mineral:-
- Roads shall be graded to mitigate the dust emission.
 - Crusher platform will be covered with GI sheets to arrest any dust emission.
 - Over filling of tippers and consequent spillage on the roads shall be avoided. The trucks shall be covered with tarpaulin.
 - Water shall be sprinkled at regular interval on the main haul road and other service roads by water sprinklers to suppress dust.
- vi. The following measures are to be implemented to reduce Noise pollution:-
- Proper and regular maintenance of vehicles and other equipment
 - Limiting time exposure of workers to excessive noise.
 - The workers employed shall be provided with protection equipment and earmuffs etc.
 - Speed of trucks entering or leaving the mine is to be limited to moderate speed of 25 kmph to prevent undue noise from empty trucks.
- vii. Measures should be taken to comply with the provisions laid under Noise Pollution (Regulation and Control) (Amendment) Rules, 2010; dt. 11.01.2010 issued by the MoE&F, GOI to control noise to the prescribed levels. Workers engaged in operations of HEMM, etc should be provided with ear plugs/muffs.
- viii. The proponent shall take all precautionary measures for safety of Human & Animal life in the immediate vicinity of the Mine w.r.t. their mining activity as Blasting operations are involved.
- ix. Fencing shall be provided all around the working mine area.

b) Water Pollution:-

- i. The source of water is through tankers from nearby village. Total water requirement is 6.0 KLD. Out of that, 3.8 KLD for Dust Suppression, 1.0 KLD for development of greenbelt and 1.2 KLD for domestic purpose. Wastewater generated from the domestic section is to be disposed into septic tank followed by soak pit.
- ii. Garland drain and siltation ponds of appropriate size should be constructed for the working pit to arrest flow of silt and sediment. The water so collected should be utilized for watering the mine area, roads, green belt development etc. The drains should be regularly desilted, particularly after monsoon, and maintained properly.
- iii. Regular monitoring of ground water level and quality should be carried out by establishing a network of existing wells by the project proponent in and around project area in consultation with Regional Director, CGWB, Southern Region, Hyderabad. Data thus collected should be sent at regular interval to MoEF, CGWA and CGWB, Southern, Region, Hyderabad.
- iv. Suitable conservation measures to augment groundwater resources in the area shall be planned and implemented in consultation with Regional Director, CGWB, Southern Region, Hyderabad. Suitable measures should be taken for rainwater harvesting.
- v. Permission from the competent authority should be obtained for drawl of ground water, if any, required for this project.

c) Solid Waste :-

- i. Topsoil, if any, shall be stacked properly with proper slope with adequate measures and should be used for plantation purpose. The entire excavated area shall be back filled and afforested.
- ii. Separate area shall be demarcated for overburden, if any and refilling.
- iii. The following measures are to be adopted to control erosion of dumps, if any:-
- Retention/toe walls shall be provided at the foot of the dumps.
 - Worked out slopes are to be stabilized by planting appropriate shrub/grass species on the slopes.

- iv. Waste oils, used oils generated from the EM machines, mining operations, if any, shall be disposed as per the Hazardous Waste (Management, Handling and Transboundary Movement) Rules, 2016, to the Recyclers authorized by TSPCB.
- v. The proponent shall not dump any waste from their Mining activity outside their mine lease area under any circumstances and shall take all precautionary measures to avoid entry / dumping of any waste from their Mining activity into the nearest water bodies, if any.

B. General Conditions:

- i. **This order is valid for a period of 15 years OR the expiry date of mine lease period issued by the Government of Telangana OR life of the mine, whichever is earlier.** It was reported that the life of the mine is 15 years.
- ii. A Final Mine Closure Plan along with details of Corpus Fund shall be submitted to the SEIAA and MoEF&CC, GoI, 5 years in advance of Final Mine Closure.
- iii. "Consent for Establishment" & "Consent for Operation" shall be obtained from Telangana State Pollution Control Board under Air and Water Act to carry on mining.
- iv. The environment safeguards contained in the EMP Report should be implemented in letter and spirit. The responsibility of implementation of environmental safeguards rests fully with the proponent i.e., M/s. Sai Vikas Stone Crushing Industries.
- v. All the conditions, liabilities and legal provisions contained in the EC shall be equally applicable to the successor management of the project in the event of the project proponent transferring the ownership, maintenance of management of the project to any other entity.
- vi. The proponent shall comply with any other conditions stipulated by the Dept. of Mines & Geology, Govt. of Telangana and other concerned statutory Authority / Department.
- vii. No change in mining technology and scope of working should be made without prior approval of the SEIAA, T.S. No further expansion or modifications in the mine shall be carried out without prior approval of the SEIAA, Telangana / MoE&F, GoI, New Delhi, as applicable.
- viii. The proponent shall submit half-yearly compliance reports in respect of the terms and conditions stipulated in this order in hard and soft copies to the SEIAA; TSPCB and CCF, Regional office of MoEF&CC, GoI, Chennai on 1st June and 1st December of each calendar year.
- ix. Officials from the TSPCB and Regional Office of MoEF&CC, GoI, Chennai who would be monitoring the implementation of environmental safeguards should be given full co-operation, facilities and documents/data by the project proponents during their inspection. A complete set of all the documents shall be submitted to the TSPCB and CCF, Regional Office to MoEF&CC, GoI, Chennai.
- x. Four ambient air quality-monitoring stations should be established in the core zone as well as in the buffer zone. Location of the stations should be decided based on the meteorological data, topographical features and environmentally and ecologically sensitive targets and frequency of monitoring should be undertaken in consultation with the State Pollution Control Board.
- xi. Data on ambient air quality should be regularly submitted to the Ministry including its Regional Office located at Chennai and the State Pollution Control Board/ Central Pollution Control Board once in six months.
- xii. Personnel working in dusty areas should wear protective respiratory devices and they should also be provided with adequate training and information on safety and health aspects.
- xiii. The project proponent shall ensure that no natural watercourse and/or water resources shall be obstructed due to any mining operations. Necessary safeguard measures to protect the first order streams, if any, originating from the mine lease shall be taken.
- xiv. Occupational health surveillance program of the workers should be undertaken periodically to observe any contractions due to exposure to dust and take corrective measures, if needed.
- xv. A separate environmental management cell with suitable qualified personnel should be set-up under the control of a Senior Executive, who will report directly to the Head of the Organization.

- xvi. The funds earmarked for environmental protection measures (Capital cost of Rs. 7.0 lakhs & Recurring cost of Rs. 3.02 lakhs/annum) should be kept in separate account and should not be diverted for other purpose. The budget allocated for the EMP shall be subsequently increased if the project cost increases at the time of CFO. Year wise expenditure should be reported to the Ministry and its Regional Office located at Chennai and TSPCB.
- xvii. The project proponent shall submit the copies of the environmental clearance to the Heads of local bodies, Panchayats and Municipal Bodies in addition to the relevant offices of the Government who in turn has to display the same for 30 days from the date of receipt.
- xviii. The project authorities should advertise at least in two local newspapers widely circulated, one of which shall be in the vernacular language of the locality concerned, within 7 days of the issue of the clearance letter informing that the project has been accorded environmental clearance and a copy of the clearance letter is available with the State Pollution Control Board and SEIAA, Telangana.
- xix. The proponent shall obtain all other mandatory clearances from respective departments.
- xx. Any appeal against this Environmental Clearance shall lie with the National Green Tribunal, if preferred, within a period of 30 days as prescribed under Section 16 of the National Green Tribunal Act, 2010.
- xxi. Concealing the factual data or failure to comply with any of the conditions mentioned above may result in withdrawal of this clearance and attract action under the provisions of Environment (Protection) Act, 1986.
- xxii. The SEIAA may revoke or suspend the order, if implementation of any of the above conditions is not satisfactory. The SEIAA reserves the right to alter/modify the above conditions or stipulate any further condition in the interest of environment protection.
- xxiii. The above conditions will be enforced inter-alia, under the provisions of the Water (Prevention & Control of Pollution) Act, 1974, the Air (Prevention & Control of Pollution) Act, 1981, the Environment (Protection) Act, 1986 and the Public Liability Insurance Act, 1991 along with their amendments and rules

REGISTERED POST WITH ACK DUE
CONSENT ORDER FOR ESTABLISHMENT - RED CATEGORY

Order No. NLG-1033/PCB/ZO/RCP/CFE/2018- 593

Date: 09.04.2018.

Sub:- PCB – CFE – M/s. Sai Vikas Stone Crushing industries (5.645 Ha. Rough Stone & Road Metal Mine), Sy.No. 56, 57, 58 & 64, Deshmukhi (V), Pochampally (M), Yadadri Bhuvanagiri District - Consent for Establishment of the Board under Sec. 25 of Water (P&C of P) Act, 1974 and Under Sec. 21 of Air (P&C of P) Act, 1981- Issued – Reg.

- Ref:-
1. Industry's CFE application received through TSIPASS on 22.03.2018 at TSPCB, RO, Nalgonda.
 2. TSPCB, RO, Nalgonda verification received through online on 06.04.2018.
 3. CFE Committee meeting held on 07.04.2018 at TSPCB, Zonal Office, R.C.Puram.

- I. In the reference 1st cited, an application was submitted to the Board seeking Consent for Establishment (CFE) to set-up a unit with installed capacities as mentioned below, with a project cost of Rs. 60 Lakhs (Rupees Sixty Lakhs only).

Product	Capacity
Mining of Rough Stone & Road Metal (Lease Area of 5.645 Ha.)	68,800 m ³ / Annum

- II. As per the application, the industry is proposed to be located at Sy.No. 56, 57, 58 & 64, Deshmukhi (V), Pochampally (M), Yadadri Bhuvanagiri District.
- III. The above site was inspected by Environmental Engineer & Asst. Environmental Engineer, Regional Office, T.S. Pollution Control Board, Nalgonda on 04.04.2018 and found that the industry is surrounded by **North** : Hillock; **East** : Hillock; **South** : Hillock; **West** : Quarry of M/s. Alluri Estates (P) Ltd.,.
- IV. The Board, after careful scrutiny of the application, verification report of Regional Officer, Nalgonda, recommendation by the CFE Clearance Committee meeting held on 07.04.2018 at TSPCB, Zonal Office, R.C. Puram, hereby issue CONSENT FOR ESTABLISHMENT to the industry, under Section 25 of Water (Prevention and Control of Pollution) Act, 1974 and under Section 21 of Air (Prevention and Control of Pollution) Act, 1981 and the rules made there under. This Order is issued to manufacture the products mentioned at para (I) only.
- V. This CFE is issued from pollution control point of view only. Zoning and other regulations are not considered.
- VI. The CFE now issued is subject to the conditions mentioned in Schedule 'A' and 'B'.

Encl: Schedule 'A' & Schedule 'B'

JOINT CHIEF ENVIRONMENTAL ENGINEER

To
Sri. Ch Surya Narayana.,
C/o. M/s. Sai Vikas Stone Crushing industries
(5.645 Ha. Rough Stone & Road Metal Mine),
FNo. L-504 & 604, Plot NO.12&13, Leela Lural Block,
Surya Splendor Towers, Road No.01, Kakatiya Nagar Colony,
Medchal, Uppal, Habsiguda,
Hyderabad - 500 007.

SCHEDULE - A

1. Progress on implementation of the project shall be reported to the Regional Office of T.S. Pollution Control Board once in six months.
2. Separate energy meters shall be provided for Air pollution Control equipments and effluent treatment plant to record energy consumed.
3. The proponent shall obtain Consents for Operation from TSPCB, as required Under Section 25/26 of the Water (P & C of P) Act 1974 and under Section 21/22 of the Air (P&C of P) Act 1981 before commencement of the activity including trial production.
4. Notwithstanding anything contained in this conditional letter or consent, the Board hereby reserves its right and power under Section 27(2) of Water (Prevention and Control of Pollution) Act 1974 and under Section 21(4) of Air (Prevention & Control of Pollution) Act 1981 to review any or all the conditions imposed herein and to make such alternation as deemed fit and stipulate any additional conditions by the Board.
5. The Consent of the Board shall be exhibited in the factory premises at a conspicuous place for the information of the inspection officers of different departments.
6. Compensation is to be paid for any environmental damage caused by it, as fixed by the Collector and District Magistrate as civil liability.
7. Floor washing shall be admitted into the effluent collection system only and shall not be allowed to find their way in storm drains or open areas. The applicant shall maintain good house keeping. All pipe valves, sewers and drains shall be leak proof. Dyke walls shall be constructed around storage of chemicals.
8. Rain Water Harvesting (RWH) structure(s) shall be established on the plant site. The proponent shall ensure that effluent shall not enter the Rain Water Harvesting structure.
9. There shall not be any perceptible odour outside the industry's premises.
10. The Rules and Regulations notified by Ministry of Law and Justice, GOI regarding the Public Liability Insurance Act, 1991 shall be followed.
11. The industry shall comply with emission limits for DG sets of capacity upto 800 KW as per the notification G.S.R.520 (E), dated 01.07.2003 under the Environment (protection) Amendment Rules, 2003 and G.S.R.448 (E), dated 12.07.2004 under the Environment (protection) second Amendment Rules, 2004. In case of DG sets of capacity more than 800 KW shall comply with emission limits as per the notification G.S.R.489 (E), dated 09.07.2002 at serial No.96, under the Environment (Protection) Act, 1986.
12. The industry shall comply with ambient air quality standards of PM₁₀ (particulate Matter size less than 10µm) – 100 µg/m³; PM_{2.5} (Particulate Matter size less than 2.5µm) – 60 µg/m³; SO₂ – 80 µg/m³; NO_x – 80 µg/m³, outside the factory premises at the periphery of the industry.
Standards for other parameters as mentioned in the National Ambient Air Quality Standards of CPCB Notification No.B29016/20/90/PCI-I, dated 18.11.2009 shall be complied.
The following noise level standards shall be complied:
Noise Levels : Day time (6 AM to 10 PM) - 75 dB (A)
Night time (10 PM to 6 AM) - 70 dB (A)
13. The industry shall provide a minimum stack height (H) to the DG sets as per the following formula.
$$H = h + 0.2 \sqrt{KVA}$$

KVA = Total generation capacity, h = Height of building where DG Set is installed.
14. All the rules and regulations notified by Ministry of Environment, Forests & Climate Change (MoEF&CC), Govt. of India in respect of noise pollution control measures shall be followed to avoid nuisance to public.
15. Telangana State Pollution Control Board reserves the right to review, impose additional condition or conditions, revoke, change or alter the terms and conditions of this Order. Also the Board reserves the right to withdraw the CFE without any prejudice/ notice on receiving any complaints by the Board regarding Environmental Pollution problems caused by the industry.
16. Concealing the factual data or submission of false information / fabricated data and failure to comply with any of the conditions mentioned in this order may result in withdrawal of this order and attract action under the provisions of relevant pollution control acts.
17. Any person aggrieved by an order made by the State Board under Section 25, Section 26, Section 27 of Water Act, 1974 or Section 21 of Air Act, 1981 may within thirty days from the date on which the order is communicated to him, prefer an appeal to such authority (hereinafter referred to as the appellate Authority) constituted under Section 28 of the Water (Prevention and control of Pollution) Act, 1974 and section 31 of Air (Prevention and control of pollution) Act, 1981.

The industry shall pay the balance CFE fee as per G.O.M.S.No. 7, Dt: 08.02.2018 issued by EFS&T (For. 111) Dept immediately at RO, Nalgonda with a copy marked to ZO, RC Puram, if any.

2. This Order is valid for a period of five years from the date of issue.
3. The source of water is Bore well. The industry shall take steps to reduce water consumption to the extent possible and consumption shall not exceed the quantities mentioned below:

Purpose	Quantity
Dust suppression	3.8 KLD
Greenbelt	1.0 KLD
Domestic	1.2 KLD
Total	6.0 KLD

4. Separate meters with necessary pipe-line shall be provided for assessing the quantity of water used for each of the purposes mentioned below:
 - a. Industrial cooling, boiler feed.
 - b. Domestic purposes.
 - c. Processing, whereby water gets polluted and pollutants are easily bio-degradable.
 - d. Processing, whereby water gets polluted and the pollutants are not easily bio-degradable.

5. The maximum waste water generation shall not exceed the following:

Purpose	Quantity	Point of final disposal
Domestic	1.0 KLD	Septic tank followed by soak pit.

6. The Solid wastes generated shall not exceed the following breakup quantities:

Sl. No.	Description of the solid Waste	Quantity	Point of Disposal
1.	Overburden / mine waste / waste rock	--	Back filling of mines within the mine lease area.

7. Wet drilling method shall be adopted to control dust emissions. While crushing heavy stones, heavy dust particulars might be released in to the air for control of pollution, effective wet dust suppressing measured at the crusher, screen, transfer and unloading points has to be taken up. Use of wet mesh is very much essential at the site of quarry and dyke wall shall be constructed around storage chemicals. Delay detonators and shock tube initiation system for blasting shall be used so as to reduce vibration and dust.
8. The following measures shall be implemented to reduce the air pollution / noise pollution during the transportation of mineral.
 - The road shall be graded to mitigate the dust emissions.
 - Crusher platform will be covered with GI sheets to arrest the any dust.
 - Water shall be sprinkled at regular interval on the main haul road and other service roads by water sprinklers to suppress the dust emission. The workers employed shall be provided with protection equipment and earmuffs.
 - Speed of trucks entering or leaving the mine is to be limited to moderate speed of 25 KMPH to prevent undue noise from empty trucks.
9. Fugitive dust emissions from all the sources should be controlled regularly. Water spraying arrangement on haul roads, loading and un-loading and at transfer points shall be provided and properly maintained.
10. The proponent shall take appropriate measure to ensure that GLC shall comply with the revised NAAW norms notified by MoE&F, GOI on 16.11.2009.
11. Topsoil, if any, shall be stacked properly with proper slope with adequate measures and should be used for plantation purpose.
12. Separate area shall be demarcated for overburden and refilling.
13. The following measures are to be adopted to control erosion of dumps:
 - a. Retention / toe walls shall be provided at the foot of the dumps.

- b. Worked out slopes are to be stabilized by planting appropriate shrub/grass species on the slopes.
14. Waste oils, used oils generated from the EM machines, mining operations, and shall be disposed as per the Hazardous waste and other waste (Management, Handling & Transboundary Movement) Rules, 2016 and amendment thereof.
 15. The proponent shall adopt eco-friendly mining practices.
 16. The industry shall earmark an area for location of dumping yard. The industry shall dispose the over burden from the mine in the dumping yard in a scientific manner.
 17. The solid waste generated shall be disposed in an environment friendly practice i.e., for back filling mined area or for any productive purpose.
 18. The industry shall construct garland drain and siltation ponds of appropriate size at working area to arrest flow of silt and sediment. The water collected should be utilized for watering the mine area, roads, greenbelt development etc.
 19. Fencing shall be provided around mining area to avoid accidents.
 20. The industry shall follow all the conditions stipulated by the Dept. of Mine Safety, Govt. of India with the native species in consultation with the local DFO/Agriculture Department.
 21. The industry shall not cause any air pollution / dust nuisance in the surrounding environment.
 22. The industry shall develop a minimum of 5mtrs width green belt all around the boundary of the unit and in vacant places with tall growing trees with wide leaf area. The area allocated for greenbelt shall not be less than 33 % of total area of industry.
 23. The industry shall not discharge any wastewater outside the plant premises under any circumstances.
 24. The industry shall provide water meters to measure the actual water consumption and waste water discharge and maintain a log register to record the readings.
 25. The industry shall maintain good house keeping within the plant premises.
 26. The following rules and regulations notified by the MoEF&CC, GOI shall be implemented.
 - a. Hazardous and other wastes (Management and Transboundary Movement) Rules, 2016.
 - b. Manufacture, Storage and import of Hazardous Chemicals Rules, 1989.
 - c. Batteries (Management & Handling) Rules, 2001.
 - d. E-Waste (Management & Handling) Rules, 2016.
 - e. Plastic Waste (Management & Handling) Rules, 2016.
 27. The industry shall comply with all the directions issued by the Board from time to time.
 28. The Board reserves its right to modify above conditions or stipulate any additional conditions including revocation of this order in the interest of environment protection.
 29. Concealing the factual data or submission of false information / fabricated data and failure to comply with any of the conditions mentioned in this order may result in withdrawal of this order and attract action under the provisions of relevant pollution control Acts.

CONSENT & HWA ORDER (AUTO RENEWAL)
ORANGE CATEGORY

Consent Order No : TSPCB/689/RO-NLG/HO/CFO/2022 -1685 Date: 17.01.2022

Sub: TSPCB - M/s. Sai Vikas Stone Crushing Industries., Sy.No.64&76, Deshmukhi Village, Budhan Pochampally(M), Bhongiri -Yadadri District - Auto Renewal of Consent for Operation -Order issued - Reg.

- Ref:
- 1) Board Resolution No. 26 and circular dt. 19.11.2015 & 08.12.2015
 - 2) CFO & HWA Auto Renewal Order No. TSPCB/ZO/RCP /NLG/ 689W&A/ 2017, dt.15.04.2017 with a validity upto 31.05.2022.
 - 3) Industry's online application no.1060, dt 06.01.2021 for Auto Renewal of CFO & HWA along with Bank Guarantee.
 - 4) EE, RO, Nalgonda mail dt. 07.01.2022

- 1) The Board hereby renews the Consent for Operation (CFO) of the industry, issued vide reference 2nd cited, for a period upto 31.05.2032 under Section 25/26 of the Water (Prevention and Control of Pollution) Act, 1974 and / or Section 21/22 of the Air (Prevention and Control of Pollution) Act, 1981 and rules made thereunder, Renewal of Authorization under Rule 6(2) of the Hazardous and other Wastes (Management & Transboundary Movement) Rules, 2016 and Amendment thereof.
- 2) This consent is issued under the Auto Renewal System of the Board as per the circular vide reference 1st cited and as per the self certification submitted by M/s Sai Vikas Stone Crushing Industries., Sy.No.64&76, Deshmukhi Village, Budhan Pochampally(M), Bhongiri -Yadadri District.
- 3) All the conditions stipulated in CFO order dt. 15.04.2017 will remain same. The Board reserves its right to review, modify, revoke conditions and vary the validity period of the CFO of the industry.
- 4) In case of any false certification, non-compliance of conditions / directions and deficiency in furnishing the information by the industry, the Board can withdraw the auto renewed consent and take action under provisions of relevant Acts & Rules including forfeiture of the Bank Guarantee submitted by the industry for Rs.42,000/- (BG No. 05481IGL0000122, Union Bank Of India, dt.06.01.2022 with validity for a period upto 04.01.2031).
