REPLY AFFIDAVIT ON BEHALF OF Respondent No.4

I, Ashok Kumar, Son of Late Sri Sattidin Sachan, aged 61 years, Resident of House No. 51 ka, Village-Kalauli Tir, Tehsil and District-Hamirpur (U.P.), the deponent do hereby solemnly affirm and State on oath as under :-

1. That the deponent is one of the partner of the answering respondent no.4, which is partnership firm namely M/s A. S. Traders, registered under the Indian Partnership Act, 1932 (Act No.9 of 1932) and the deponent duly authorized by the other partner's to file this reply affidavit on behalf of the answering respondent No.4.

अशोक कुमार

NOTARY
MAHOBA
R.No. - 52(04)98
31.07.2025

2. That the deponent has read over the complaint dated 17-01-2025, and has understood the contents of the instant Original Application, and is well acquainted with the facts and circumstances of the case, deposed to hereunder.
3. That by way of instant letter petition, the applicants complaining the use of village road of Gram Panchayat Lomar, Block Tindwari, Tehsil Pailani, District Banda and it is requested that there was no proper road to go out of Gram Panchayat Lomar from the main Chilla road. It has been further stated that after tireless efforts of the villagers, under 'Pradhan Mantri Sadak Yojna', 02 km 700 mm 09 feet wide village road was constructed before 6 months ago due to the great grace of the then District Magistrate and departmental officer, Before April, the above mentioned road was earlier asphalted, on the previously constructed asphalted road, sand mafia used to bring loaded trucks with sand from Yamuna Ghat despite the opposition of the villagers. These people did not stop the vehicles from coming on the road, rather, they used to get cases registered against the villagers by colluding with the police to

342/11/2025

put pressure on them. Two and three accidents have also happened due to passing of heavy vehicles in which children have also lost their lives. Some one has got the block Sadimadanpur sand mine. The sand mafia has started traffic on the rural link road, due to which the road will surely get damaged, small children of the village go to school to study, small vehicles come to the village to pick them up, one has to stand for hours as small road gets jamed, children of poor families of the village go on foot or bicycle, more than 7000 population uses that road for them, it can be put to use after widening the said road. It is further stated that it is absolutely necessary to stop the movement of vehicles on the said route.

It is further stated that it is absolutely necessary to bring one more thing to the notice of this Hon'ble Tribunal that there is no road obstruction from Sadimadanpur Ghat to Chilla main road and the vehicles of the said ghat used to come through this route in the past. The sand mafias and their highhandedness and local involvement of the police is coming to the force. The local police fully supports the said mafias and

31211 27 0212

adopts on oppressive attitude of harassing the villagers, due to which the villagers are sad, angry and furious; if action is not taken in time, the villagers will be forced to go on a peace hunger strike.

It is further stated that for the said subject, the applicants have submitted several applications to the concerned Officials, but there is no hearing. Due to the operation of trucks, the entire village and fields are filled with dust. Due to the dust, the environment of the village and fields is getting polluted. Due to the dust the village and fields remain covered and pollution is increasing. The mine organization M/S AS Traders partner Ashok Kumar son of Shattiddin Sachan Kalauli Tir Tehsil and District Hamirpur, Uttar Pradesh has obtained NOC by showing wrong facts.

The applicants requested that action be taken after investigation and the route of the trucks be changed or the NOC of the said mine be may kindly cancelled.

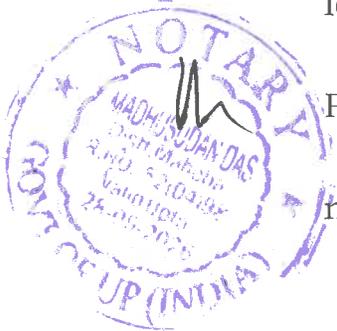

4. That regarding above noted complaints it is submitted that after approval of 'District Survey Report' from State Level

31/11/2026

Environmental Impact Assessment Authority (SEIAA) Uttar Pradesh, Lucknow the District Officer Banda advertised the area in subject situate at Gata no.57, 92/6, 93/1, 94, 95/2 and 60/113 measuring 18.050 hectare of Village-Sadimadanpur, Tehsil-Pailani District Banda for evaluated annual quantity 2,31,250 cubic meter riverbed Sand from Yamuna river and the respondent no.4 participated in tender and bidding process and thereafter the bid of the respondent no.4, was found highest and satisfactory and then District Officer, Banda provisionally accepted the bid and pleased to issue the letter of Intent dated-04-12-2020 in favor of respondent no.4.

5. That after receipt of the letter of Intent dated-04-12-2020 the respondent no.4 apply for approval of mining plan which was approved by the Director, Geology and Mining U.P. Lucknow vide letter no. 2023/8/21/246948 dated 06-11-2023 and then applied for Environmental Clearance before the state level Environmental Impact Assessment Authority (SEIAA) Uttar Pradesh, Lucknow and on the application of the respondent no.4 the terms of reference was issued by SEIAA vide its letter

31/11/2023

no.435/Parya/SEIAA/2463/2023 dated-06-03-2024 and public hearing was organized on 24-05-2024 and thereafter final EIA report was submitted by the respondent no.4. before the SEIAA.

6. That after considering all document and minutes of public hearing the State Level Environment Impact Assessment Authority U.P. Lucknow pleased to grant Environmental Clearance (EC) in favor of respondent no.4 vide file no.9192-8461 dated-15-10-2024.

A copy of said Environment Clearance (EC) dated-15-10-2024 is being annexed herewith as **Annexure no.1** to this reply affidavit.

7. That the SEIAA in EC dated 15-10-2024 added condition no,11 and 14 which run as under :-

“11. Link road from the quarry site to the main road shall be constructed as an all-weather road with blacktopping and maintained by the project proponent.

14. Agreement/Consent between project proponent and competent authority/landowner for haulage road from lease site to link road.”

31211 21 6 2712

8. That the respondent no.4 also applied for consolidated consent to operate and authorization under the provision of section 25 of the Water (Prevention Control of Pollution) Act, 1974 and Section 21 of the Air (Prevention & Control of Pollution) Act, 1981 before the Uttar Pradesh Pollution Control Board, Gomti Nagar Lucknow and the Uttar Pradesh Pollution Control Board, Lucknow was pleased to grant CCA from 14-11-2024 to 31-12-2028 its vide letter no.224093/UPCB/Banda (UPPC BRO)/CTO/both/BANDA/2024 dated 14-11-2024.
9. That after completing aforesaid statutory requirement by the respondent no.4, the mining lease deed was executed on 14-02-2025 for a period of five years in favour of the respondent no.4 by the District Officer Banda.
10. That the Executive Engineer, Construction Division II, Public Works Department, Banda vide letter no.133/A13 dated 27-01-2025 informed to the Sub Divisional Magistrate, Pailani that if Chilla to Lomar connect route will be used by the lease holder of Sadimadanpur Sand mines and so that there are

312112 62112

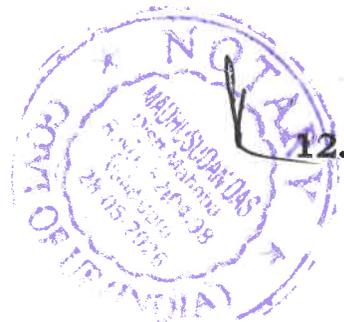

reasonable apprehension of damage of such road by passing overloaded trucks.

11. That the Sub Divisional Magistrate, Pailani directs the respondent no.4 for submitting affidavit regarding if Lomar to Chilla Connect road is damaged due to transporting of sand loaded trucks and any damage, is appeared then the responded no.4 will repair the said road by own expense In compliance of the aforesaid direction, the respondent no.4 submitted this affidavit dated 10-02-2025 before the sub Divisional Magistrate, Pailani District-Banda, to the effect that if the said link road from village Lomar to Banda-Chilla main road is damaged due to the movement of heavy vehicles, then I will be responsible for its repair.

A copy of the said Affidavit dated-10-02-2025 along with translated copy are is being annexed herewith as **Annexure no.2** to this reply affidavit.

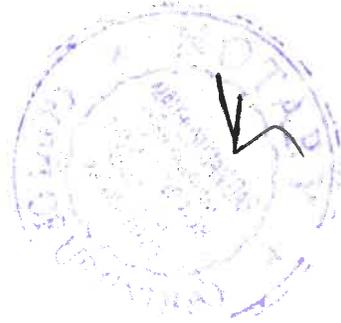

12. That Sub Magistrate, Pailani District-Banda vide letter no. --
-----/Ashu dated 12-02-2025 informed to the District Officer, Banda that the complaint of complainant was

312112 2 2012

investigated by the Tehsildar, Pailani and It was learned from the on-site investigation that apart from the link road coming to Banda-Chilla road through village Lomar, no other alternative route is available. It is also mentioned that the connecting roads are being/are to be used for mineral transportation, none of the roads have been built as per the capacity, however an affidavit has been obtained from the M/S A.S. Traders, Mining Block No. 57, 95/2 etc. located in village Sadimadanpur Khadar to the effect that if any damage occurs on this road, then the responsibility will be of the concerned lease holder. No school activity will be affected on the said road. The complaint made by the complainant, is liable to be dispose of and no government loss can be caused by obstructing mining in the fiscal interest.

Therefore, in this regard, it would be appropriate to instruct the Police Station Officer Chilla to keep checking the transportation on the said connecting road at his level and inform the higher officer in case of any irregularity.

30211207112

The report is being sent to the for kind perusal with regards.

A copy of the Sub Divisional Magistrate, Pailani District-Banda letter dated-12-02-2025 along with translated copy submitted by is being annexed herewith as **Annexure no.3** to this reply affidavit.

13. That in view of aforesaid fact and Circumstances it is evident that complaint is baseless only to harass the respondent no.4, which have all legal permission to operate the Sadimadanpur Ghat.

14. That in view of above mentioned facts and circumstances the aforesaid original application is deserve to be dismissed in the interest of justice.

VERIFICATION:

I, the above named deponent do verify that the content of my above affidavit are true to the best of knowledge and belief and there is nothing concealed therefrom.

Verified at Banda on this 31 day of July 2025.

Subject: Grant of prior Environmental Clearance (EC) to the proposed Mining Project under the provisions of EIA Notification 2006-regarding Sand/Morrum Mine” from Riverbed of Yamuna River, at Gata No.- Part of 56, 57, 92/6, 93/1, 94, 95/2, & Part of 60/1/3, Village- Sadimadanpur Tehsil- Pailani & District- Banda, U.P., M/s A.S. Traders,(Leased Area-18.50 Ha.).

Sir/Madam,

This is in reference to your application submitted to SEIAA vide proposal number SIA/UP/MIN/478188/2024 dated 21/08/2024 for grant of prior Environmental Clearance (EC) to the project under the provision of the EIA Notification 2006-and as amended thereof.

2. The particulars of the proposal are as below :

(i) EC Identification No.	EC24B0107UP5448712N
(ii) File No.	9192-8461
(iii) Clearance Type	Fresh EC
(iv) Category	B1
(v) Project/Activity Included Schedule No.	1(a) Mining of minerals Riverbed Sand Mine from Yamuna River, Village- Sadimadanpur, (Gata No.- Part of 56, 57, 92/6, 93/1, 94, 95/2, & Part of 60/1/3, Area-18.50 Ha.) Tehsil- Pailani, District- Banda, Uttar Pradesh Project Proponent- M/s A.S. Traders (Shri Ashok Kumar)
(vii) Name of Project	BANDA, UTTAR PRADESH
(ix) Location of Project (District, State)	SEIAA
(x) Issuing Authority	No
(xii) Applicability of General Conditions	

3. In view of the particulars given in the Para 1 above, the project proposal interalia including Form-2(Part A, B and C)/ EIA & EMP Reports were submitted to the SEAC for appraisal under the provision of EIA notification 2006 and its

31211206212

subsequent amendments.

4. The above-mentioned proposal has been considered by SEAC in its meeting held on 03-09-2024. The minutes of the meeting and all the project documents are available on PARIVESH portal which can be accessed from the PARIVESH portal by scanning the QR Code above.
5. Details of the minerals to be mined along with production capacity and the brief on the salient features of the project as submitted by the project proponent in Form 1 (Part A and B) in the reports and as presented during SEAC meeting are annexed to this EC as Annexure (2).
6. The SEAC, in its meeting held on 03-09-2024 based on information submitted viz: Form 1 (Part A, B and C), EIA/EMP report etc & clarifications provided by the project proponent and after detailed deliberations on all technical aspects and public hearing issues and compliance thereto furnished by the Project Proponent, recommended the proposal for grant of Environment Clearance under the provision of EIA Notification, 2006 and as amended thereof subject to stipulation of Specific and Standard EC conditions as given in Annexure (1).
7. The SEIAA in its meeting held on 24-09-2024 has examined the proposal in accordance with the provisions contained in the Environment Impact Assessment (EIA) Notification, 2006 & further amendments thereto and based on the recommendations of the SEIAA hereby accords Environment Clearance for the instant proposal to Shri ASHOK KUMAR under the provisions of EIA Notification, 2006 and as amended thereof subject to compliance of the Specific conditions as given in Annexure (1)
8. The SEIAA reserves the right to stipulate additional conditions, if found necessary.
9. The Environmental Clearance to the aforementioned project is under provisions of EIA Notification, 2006. It does not tantamount to approvals/consent/permissions etc. required to be obtained under any other Act/Rule/regulation. The Project Proponent is under obligation to obtain approvals /clearances under any other Acts/ Regulations or Statutes, as applicable, to the project.
10. The PP is under obligation to implement commitments made in the Environment Management Plan, which forms part of this EC.
11. General Instructions:
 - a) The project proponent shall prominently advertise it at least in two local newspapers of the District or State, of which one shall be in the vernacular language within seven days indicating that the project has been accorded environment clearance and the details of SEIAA website where it is displayed.
 - b) The copies of the environmental clearance shall be submitted by the project proponents to the Heads of local bodies, Panchayats and Municipal Bodies in addition to the relevant offices of the Government who in turn must display the same for 30 days from the date of receipt.
 - c) The project proponent shall have a well laid down environmental policy duly approved by the Board of Directors (in case of Company) or competent authority, duly prescribing standard operating procedures to have proper checks and balances and to bring into focus any infringements/deviation/violation of the environmental / forest / wildlife norms / conditions.
 - d) Action plan for implementing EMP and environmental conditions along with responsibility matrix of the project proponent (during construction phase) and authorized entity mandated with compliance of conditions (during operational phase) shall be prepared. The year wise funds earmarked for environmental protection measures shall be kept in separate account and not to be diverted for any other purpose. Six monthly progress of implementation of action plan shall be reported to the Ministry/Regional Office along with the Six-Monthly Compliance Report.
 - e) Concealing factual data or submission of false/fabricated data may result in revocation of this environmental clearance and attract action under the provisions of Environment (Protection) Act, 1986.
 - f) The project proponent shall also ensure that the proposed site is not a part of any no-development zone as required/prescribed/identified under law. In case of violation, this permission shall automatically deem to be cancelled. Also, in the event of any dispute on ownership or land use of the proposed site, this clearance shall automatically deem to be cancelled.
 - g) Any appeal against this EC shall lie with the National Green Tribunal, if preferred, within a period of 30 days as prescribed under Section 16 of the National Green Tribunal Act, 2010.
 - h) The SEIAA reserves the right to revoke the environmental clearance, if conditions stipulated are not implemented to the satisfaction of SEIAA. SEIAA may impose additional environmental conditions or modify the existing ones, if necessary.
12. This issues with the approval of the Competent Authority.

Specific EC Conditions for (Mining Of Minerals)

1. Environmental Attributes

S. No	EC Conditions
1.1	<ol style="list-style-type: none"> 1. The environmental clearance will be co-terminus with the validity of the lease period mentioned in the LoI or co-terminus with the validity of current mine plan whichever is earlier, after this period the EC will automatically become null and void. 2. The quantity mentioned in LoI or quantity mentioned in replenishment study, whichever is less, would be maximum quantity which project proponent may extract. It will be ensured by District Administration and Geology and Mining Department. Directorate of Geology and Mining will ensure conduct of replenishment study from reputed institution for subsequent years in compliance of Hon'ble NGT orders. 3. NOC from Irrigation Department/ Concerning Authority regarding river bed mining to be obtained before start of mining activity. 4. No mining activity should be carried out in-stream channel as per SSMMG, 2016. 5. The mining work will be open-cast and manual/semi mechanized (subject to orders). Heavy machine such as excavator, scooper etc. should not be employed for mining purpose. No drilling/blasting should be involved at any stage. 6. An Environmental Audit should be annually carried out during the operational phase and submitted to the SEIAA. 7. Project Proponent should submit working plan for carrying out plantation at least @1,000 plants / ha of lease area. In this case, PP should prepare a plan, duly approved either by Forest Department or District plantation committee, for planting at least (as per the project) plants, either on government land or community land, within a periphery of 5 km from the boundary of the lease area along with provisions for maintenance for 5 years. Survival of plants should not be less than the survival rate notified by Uttar Pradesh Forest Department otherwise it will be treated as violation of EC condition. 8. The project proponent shall install solar lights in their project area to minimise the consumption of electricity. 9. During the submission of 6 monthly compliance reports, the project proponent should make sure that the periodically taken site photographs should also be annexed along with the compliance report. 10. Preference should be given to indigenous local species as per the consultation of the local district Forest Officer Expert Agency in this field 11. Link Road from the quarry site to the main road shall be constructed as an all-weather road with blacktopping and maintained by the project proponent. 12. Vehicular emissions should be kept under control and regularly monitored. Suitable measures shall be taken for proper maintenance of vehicles used in a quarry operation and transportation. 13. The project proponent should explore the possibilities of rainwater harvesting in the premises of project area 14. Agreement/ Consent between project proponent and competent authority/ landowner for haulage road from lease site to link road. 15. Latest technology (water sprinklers/ tankers) to be adopted for mitigating dust at source points in lease area and haulage road during operational activity/vehicular movement. 16. As per the proposed plan, plantation with area specific plant species, number of plants to be planted and report of green belt development to be submitted to the concerning department. Selection of plants for green belt should be on the basis of pollution removal index. Project proponent should ensure survival of tree saplings. Mortality should be replaced from time to time. 17. Water requirement details along with source of water and the permission/ agreement with the concerning authority/ water supplying agencies to be submitted. 18. Submit the Hydrological study report of lease area that the quantity given in LoI will be mined

32211 23 3/12

S. No	EC Conditions
	<p>without affecting the geo-hydrology of the River.</p> <p>19. Environment management in according to environmental status and impact of the project.</p> <p>20. During the school opening and closing time transportation of minerals will be restricted.</p> <p>21. Pakkamotorable haul road to be maintained by the project proponent.</p> <p>22. A separate Environmental Management Cell with suitable qualified personnel shall be setup under the control of a Senior Executive, who will report directly to the Head of the Organization.</p> <p>23. The capacity of trucks/tractor for loading purpose will be in tonnes as per Transport Department applicable norms and standard fixed by the Government.</p> <p>24. Provision for two toilets and hand pumps should be made at mining site.</p> <p>25. Mining should be done by Bar scalping methods extraction (typically 0.3 -0.6 m or 1 - 2 ft) as per sustainable sand mining management guidelines 2016.</p> <p>26. If in future this lease area becomes part of cluster of equal to or more than 05 ha. then additional conditions based on the EIA shall be imposed. The lease holder shall mandatorily follow cluster conditions otherwise it will amount to violation of E.C. conditions. If the certificate related to cluster provided by the competent authority is found false or incorrect then punitive actions as per law shall be initiated against the authority issuing the cluster certificate.</p> <p>27. In case it has been found that the E.C. obtained by providing incorrect information, submitting that the distance between the two adjoining mines is greater than 500mt. and area is less than 05 ha, but factually the distance is less than 500 mt and the mine is located in cluster of area equal or more than 05 ha, the E.C issued will stand revoked.</p> <p>28. The MoEF&CC/SEIAA or any other competent authority may alter/modify the above conditions or stipulate any further condition in the interest of environment protection.</p> <p>29. A width of not less than 50 meter or 10% width of river can be restricted for mining activities from river bank. A condition can be imposed that mining will be done from river activities from river bank.</p> <p>30. Any appeal against this environmental clearance shall lie with the National Green Tribunal, if preferred, within a period of 30 days as prescribed under Section 11 of the National Environment Appellate Authority Act, 1997.</p>
1.2	<p>1. Next year the project proponent shall submit online replenishment study report along with 06 monthly compliance report.</p> <p>2. Project Proponent and District Mining Officer shall ensure that if mineable quantity mentioned in LOI is amended as per replenishment study, a report verified by DM and DGM shall be submitted to SEIAA and suitable amendment if needed, shall be done in EC. If after replenishment study, mineable quantity assessed is more than the quantity mentioned in EC then mining shall be restricted to the one mentioned in EC and if mineable quantity assessed is less than the quantity mentioned in EC then mining will be restricted to quantity assessed in replenishment study till EC is amended. Under no circumstances mining shall be more than the quantity mentioned in EC or more than the quantity assessed as per replenishment study.</p> <p>3. Directions/suggestions given during public hearing and commitment made by the project proponent on these should be strictly complied with.</p> <p>4. A certificate from Forest Department shall be obtained that no forest land is involved in mining or as a route for mineral transportation. If forest land is involved the project proponent shall obtain forest clearance and permission of Central and State Government as per the provisions of Van Sanrakshan evam Samvardhan Adhiniyam,2023 and submit before the start of work.</p> <p>5. The mining lease holders shall ensure to comply with mine reclamation plan as submitted.</p> <p>6. If the proposed project is situated in notified area of ground water extraction, where creation of new wells for ground water extraction is not allowed, requirement of fresh water shall be met from alternate legally valid water sources and permission from the competent authority shall be obtained to use it.</p> <p>7. Stream will not be diverted to form inactive channel for mining.</p>

312112 2012

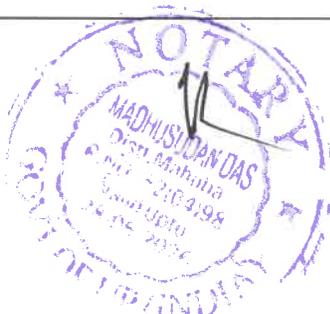

S. No	EC Conditions
	<p>8. Project Proponent should submit action plan for carrying out plantation at least @1,000 plants / ha of lease area. In this case, PP should prepare a plan, duly approved either by Forest Department or district plantation committee, for planting at least 19,000 plants, either on government land or community land, within a periphery of 5 km from the boundary of the lease area and will make provision for maintenance for 5 years.</p> <p>9. Also, the coordinates of area earmarked for plantation should be clearly spelt out and polygon should be attached and submitted within a month. Plantation of saplings shall be carried out in earmarked area as part of tree plantation campaign "Ek Ped Ma Ke Naam" and the details of the same shall be uploaded in the Meri LiFE Portal (https://merilife.nic.in) as per OM no. F.No.IA3-22/3/2024-IA.III (E-241594) dated 24.07.2024.</p> <p>10. Survival of plants should not be less than the survival rate notified by Uttar Pradesh Forest Department otherwise it will be treated as violation of EC condition.</p> <p>11. The project proponent shall ensure that water bodies do not get polluted due to mining activity.</p> <p>12. Department of Geology and Mines, Government of Uttar Pradesh and/or concerned district administration, before releasing the security deposit to Project Proponent will ensure that Project Proponent has fully complied with the EC conditions. Non-compliance, if any, should be reported to UPSPCB for appropriate legal action and recovery of compensation.</p> <p>13. Any application for transfer of this EC, during its validity period unless it is cancelled by a competent authority, has to be necessarily accompanied with status of compliance of EC conditions duly certified by IRO, MoEFCC, GoI, Lucknow.</p> <p>14. The project proponent shall install rooftop solar plant in one school in the vicinity of project area and construct toilets especially in girls' school as part of CER activity.</p> <p>15. Since large number of mining projects are ongoing as well as new mining leases are coming up in the district, CAAQMS shall be installed in consultation with UPPCB.</p> <p>16. Project Proponent shall submit the Six-monthly Compliance on the Environment Clearance condition prescribed in the Prior Environment Clearance letter as per MoEF&CC OM F.no- IAS-22/01/2022-IA-III (E-172624) Dated 14-06-2022.</p> <p>17. If the air quality deteriorates due to mining, then District Administration & Directorate of Mining should ensure that mining be stopped immediately. Adequate measures be taken for restoring air quality and mining should commence only when air quality attains the prescribed standards.</p> <p>18. This EC shall be subject to any order from any court/tribunal or any guidelines issued by MOEFCC.</p>

Standard EC Conditions for (Mining of minerals)

1. Statutory Compliance

S. No	EC Conditions
1.1	The Environmental clearance shall be subject to orders of Hon'ble Supreme Court of India, Hon'ble High Courts, NGT and any other Court of Law, from time to time, and as applicable to the project
1.2	The project proponent shall obtain forest clearance under the provisions of Forest (Conservation) Act, 1986, in case of the diversion of forest land for non-forest purpose involved in the project.
1.3	The project proponent shall obtain clearance from the National Board for Wildlife, if applicable.
1.4	The project proponent shall prepare a Site-Specific Conservation Plan & Wildlife Management Plan and approved by the Chief Wildlife Warden. The recommendations of the approved Site-Specific

322) 2 6 2024

S. No	EC Conditions
	Conservation Plan / Wildlife Management Plan shall be implemented in consultation with the State Forest Department. The implementation report shall be furnished along with the six-monthly compliance report (in case of the presence of schedule-I species in the study area).
1.5	The project proponent shall obtain Consent to Establish / Operate under the provisions of Air (Prevention & Control of Pollution) Act, 1981 and the Water (Prevention & Control of Pollution) Act, 1974 from the concerned State pollution Control Board/ Committee.
1.6	The project proponent shall obtain the necessary permission from the Central Ground Water Authority
1.7	Solid/hazardous waste generated in the mines needs to be addressed in accordance to the Solid Waste Management Rules, 2016/Hazardous & Other Waste Management Rules, 2016.
1.8	Permission of power supply to be taken from the concerned authority for meeting power demand of the project site.
1.9	The maximum production or peak production at any given time shall not exceed the limit as prescribed in the EC.
1.10	Validity of EC is as per life of the mine mentioned in EC letter or 30 years as per EIA Notification, 2006 and its amendments therein

2. Air Quality Monitoring And Mitigation Measure

S. No	EC Conditions
2.1	Adequate ambient air quality monitoring stations shall be established in the core zone as well as in the buffer zone for monitoring of pollutants, namely particulates, SO ₂ and NO _x . Location of the stations shall be decided based on the meteorological data, topographical features and environmentally and ecologically sensitive receptors in consultation with the State Pollution Control Board. Online ambient air quality monitoring station/stations may also be installed in addition to the regular air monitoring stations as per the requirement and/or in consultation with the SPCB
2.2	The Ambient Air Quality monitoring in the core zone shall be carried out to ensure the Coal Industry Standards notified vide GSR 742 (E) dated 25th September, 2000 and as amended from time to time by the Central Pollution Control Board. Data on ambient air quality and heavy metals such as Hg, As, Ni, Cd, Cr and other monitoring data shall be regularly reported to the Ministry/Regional Office and to the CPCB/SPCB.
2.3	Transportation of coal, to the extent if permitted by road, shall be carried out by covered trucks/conveyors. Effective control measures such as regular water sprinkling/rain gun/ Fog cannon /mist sprinkling etc., shall be carried out in critical areas prone to air pollution with higher level of particulate matter all through the coal transport roads, loading/unloading and transfer points. Fugitive dust emissions from all sources shall be controlled regularly. It shall be ensured that the ambient air quality parameters conform to the norms prescribed by the Central/State Pollution Control Board.
2.4	Major approach roads shall be black topped and properly maintained.

3121126212

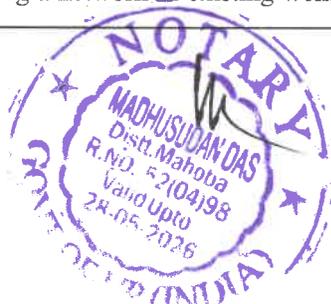

S. No	EC Conditions
2.5	PP to install solar lights along the road used for transportation of coal to avoid the accidents at night and also seek its maintenance.
2.6	The transportation of coal shall be carried out as per the provisions and route proposed in the approved mining plan. Transportation of the coal through the existing road passing through any village shall be avoided. In case, it is proposed to construct a 'bypass' road, it should be so constructed that the impact of sound, dust and accidents could be appropriately mitigated.
2.7	Vehicular emissions shall be kept under control and regularly monitored. All the vehicles engaged in mining and allied activities shall operate only after obtaining 'PUC' certificate from the authorized pollution testing centres.
2.8	Coal stock pile/crusher/feeder and breaker material transfer points shall invariably be provided with dust suppression system. Belt-conveyors shall be fully covered to avoid air borne dust. Side cladding all along the conveyor gantry should be made to avoid air borne dust. Drills shall be wet operated or fitted with dust extractors.
2.9	Coal handling plant shall be operated with effective control measures w.r.t. various environmental parameters. Environmental friendly sustainable technology should be implemented for mitigating such parameters.
2.10	Adequate number of Fog canon (mist sprayer) shall be installed to reduce the impact of air pollution at dust generating sources with time bound action plan.
2.11	PP should Install Wind breaker/shield arrangement along the railway siding for reducing the dust propagation in upwind direction.
2.12	Post environmental closure third party monitoring by reputed instituted in air quality, water, land & soil etc shall be carried out and analysed with EMP measures at regular interval. A suitable recommendation in this regard, shall be furnished to IRO, MoEF&CC for compliance. The data used for analysis shall be obtained from continuous AQMS, site specific water regime. Also third party shall analyses the implementation of river diversion, meeting to the requirement of project report.

3. Water Quality Monitoring And Mitigation Measures

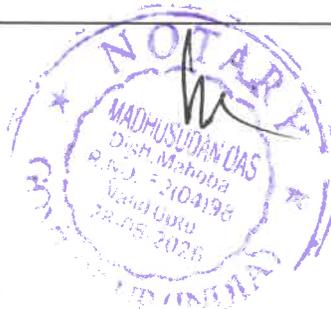

S. No	EC Conditions
3.1	The effluent discharge (mine waste water, workshop effluent) shall be monitored in terms of the parameters notified under the Water Act, 1974 Coal Industry Standards vide GSR 742 (E) dated 25th September, 2000 and as amended from time to time by the Central Pollution Control Board.
3.2	The monitoring data shall be uploaded on the company's website and displayed at the project site at a suitable location. The circular No.J-20012/1/2006-IA.11 (M) dated 27th May, 2009 issued by Ministry of Environment, Forest and Climate Change shall also be referred in this regard for its compliance.
3.3	Regular monitoring of ground water level and quality shall be carried out in and around the mine lease area by establishing a network of existing wells and constructing new piezometers during the

21/06/2024

S. No	EC Conditions
	mining operations. The monitoring of ground water levels shall be carried out four times a year i.e. pre-monsoon, monsoon, post-monsoon and winter. The ground water quality shall be monitored once a year, and the data thus collected shall be sent regularly to MOEFCC/RO.
3.4	Monitoring of water quality upstream and downstream of river including ponds, lakes, tanks shall be carried out once in six months and record of monitoring data shall be maintained and submitted to the Ministry of Environment, Forest and Climate Change/Regional Office.
3.5	Ground water, excluding mine water, shall not be used for mining operations. Rainwater harvesting shall be implemented for conservation and augmentation of ground water resources.
3.6	The project proponent shall not alter major water channels around the site. Appropriate embankment shall be provided along the side of the river/nallah flowing near or adjacent to the mine. The embankment constructed along the river/nallah boundary shall be of suitable dimensions and critical patches shall be strengthened by stone pitching on the river front side, stabilized with plantation so as to withstand the peak water pressure preventing any chance of mine inundation.
3.7	Garland drains (of suitable size, gradient and length) around the critical areas i.e. mine shaft and low lying areas, shall be designed keeping at least 50% safety margin over and above the peak sudden rainfall and maximum discharge in the area adjoining the mine sites. The sump capacity shall also provide adequate retention period to allow proper settling of silt material of the surface runoff
3.8	The water pumped out from the mine, after siltation, shall be utilized for industrial purpose viz. watering the mine area, roads, green belt development etc. The drains shall be regularly desilted particularly after monsoon and maintained properly
3.9	Industrial waste water from coal handling plant and mine water shall be properly collected and treated so as to conform to the standards prescribed under the Environment (Protection) Act, 1986 and the Rules made thereunder, and as amended from time to time. Oil and grease trap shall be installed before discharge of workshop effluent. Sewage treatment plant of adequate capacity shall be installed for treatment of domestic waste water.
3.10	Adequate groundwater recharge measures shall be taken up for augmentation of ground water. The project authorities shall meet water requirement of nearby village(s) in case the village wells go dry due to dewatering of mine.
3.11	The surface drainage plan including surface water conservation plan for the area of influence affected by the said mining operations shall be prepared, considering the presence of any river/rivulet/pond/lake etc., with impact of mining activities on it, and implemented by the project proponent. The surface drainage plan and/or any diversion of natural water courses shall be as per the provisions of the approved Mining Plan/ EIA-EMP submitted to this Ministry and the same should be done with due approval of the concerned State/GoI Authority. The construction of embankment to prevent any danger against inrush of surface water into the mine should be as per the approved mining plan and as per the permission of DGMS.
3.12	The project proponent shall take all precautionary measures to ensure reverian/ riparian ecosystem in and around the coal mine upto a distance of 5 km. A revarian /riparian ecosystem conservation and management plan should be prepared and implemented in consultation with the irrigation / water resource department in the state government.

312152 3112

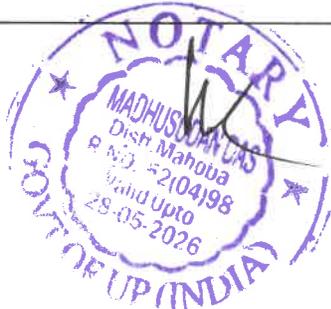

S. No	EC Conditions
3.13	Domestic water shall be providing to the residents/villages which are coming under the zone of influence of the project due to ground water extraction by installing a RO plant with proper supply line and Taps within 2 years
3.14	No obsolete technologies for sewage treatment shall be implemented. Construction of Sewage Treatment Plant with latest technology should be completed within 2 years and treated water shall be reused for plantation. CTE and CTO of STP shall be obtained as per the norms.

4. Noise And Vibration Monitoring And Prevention

S. No	EC Conditions
4.1	Adequate measures shall be taken for control of noise levels as per Noise Pollution Rules, 2016 in the work environment. Workers engaged in blasting and drilling operations, operation of HEMM, etc shall be provided with personal protective equipments (PPE) like ear plugs/muffs in conformity with the prescribed norms and guidelines in this regard. Adequate awareness programme for users to be conducted. Progress in usage of such accessories to be monitored.
4.2	The noise level survey shall be carried out as per the prescribed guidelines to assess noise exposure of the workmen at vulnerable points in the mine premises, and report in this regard shall be submitted to the Ministry/RO on six-monthly basis.

5. Mining Plan

S. No	EC Conditions
5.1	5- Star Rating is mandatory to obtaine certification as per guidelines of Ministry of Coal
5.2	Mining shall be carried out under strict adherence to provisions of the Mines Act 1952 and subordinate legislations made there-under as applicable.
5.3	No change in mining method i.e. UG to OC, calendar programme and scope of work shall be made without obtaining prior approval of the Ministry of Environment, Forests and Climate Change (MoEFCC).
5.4	Mining shall be carried out as per the approved mining plan (including Mine Closure Plan) abiding by mining laws related to coal mining and the relevant circulars issued by Directorate General Mines Safety (DGMS).
5.5	Underground work place environmental conditions shall be rendered ergonomic and air breathable with adequate illumination in conformance with DGMS standards.
5.6	No mining shall be carried out in forest land without obtaining Forestry Clearance as per Forest (Conservation) Act, 1980 and also adhering to The Scheduled Tribes and Other Traditional Forest Dwellers (Recognition of Forest Rights) Act, 2006 read with provisions of Indian Forest Act, 1927.
5.7	Efforts should be made to reduce energy and fuel consumption by conservation, efficiency improvements and use of renewable energy.

372112 6/11/24

S. No	EC Conditions
5.8	Transportation by Railway Siding shall be developed to avoid transportation by Road

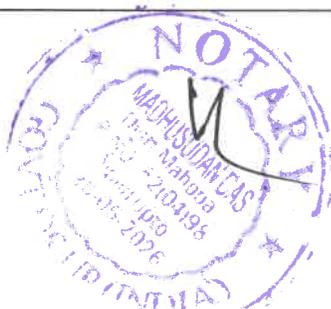

6. Land Recalvation

S. No	EC Conditions
6.1	Digital Survey of entire lease hold area/core zone using Satellite Remote Sensing survey shall be carried out at least once in three years for monitoring land use pattern and report in 1:50,000 scale or as notified by Ministry of Environment, Forest and Climate Change(MOEFCC) from time to time shall be submitted to MOEFCC/Regional Office (RO).
6.2	Post-mining land be rendered usable for agricultural/forestry purposes and shall be handed over to the respective State Government, as specified in the Guidelines for Preparation of Mine Closure Plan, issued by the Ministry of Coal dated 27th August, 2009 and subsequent amendments.
6.3	Regular monitoring of subsidence movement on the surface over and around the working areas and its impact on natural drainage pattern, water bodies, vegetation, structure, roads and surroundings shall be continued till movement ceases completely. In case of observation of any high rate of subsidence beyond the limit prescribed, appropriate effective mitigation measures shall be taken to avoid loss of life and materials. Cracks should be effectively plugged in with ballast and clay soil/suitable material.
6.4	Fly ash shall be used for external dump of overburden, backfilling or stowing of mine as per provisions contained in clause (i) and (ii) of subparagraph (8) of fly ash notification issued vide SO 2804 (E) dated 3rd November, 2009 as amended from time to time. Efforts shall be made to utilize gypsum generated from Flue Gas Desulfurization (FGD), if any, along with fly ash for external dump of overburden, backfilling of mines. Compliance report shall be submitted to Regional Office of MoEF&CC, CPCB and SPCB.
6.5	A separate team for subsidence monitoring and surface mitigation measures shall be constituted and continuous monitoring & implementation of mitigation measures be carried out.
6.6	Thorough inspection of the mine lease area for any cracks developed at the surface due to mining activities below ground shall be carried out to prevent inrush of water in the mine.
6.7	Native tree species shall be selected and planted over areas affected by subsidence.
6.8	The project proponent shall make necessary alternative arrangements, if grazing land is involved in core zone, in consultation with the State government to provide alternate areas for livestock grazing, if any. In this context, the project proponent shall implement the directions of Hon'ble Supreme Court with regard to acquiring grazing land.

7. Public Hearing And Human Health Issues

S. No	EC Conditions
7.1	Adequate illumination shall be ensured in all mine locations (as per DGMS standards) and monitored.

312/112 & 2712

S. No	EC Conditions
7.2	The project proponent shall undertake occupational health survey for initial and periodical medical examination of the personnel engaged in the project and maintain records accordingly as per the provisions of the Mines Rules, 1955 and DGMS circulars. Besides regular periodic health check-up, 20% of the personnel identified from workforce engaged in active mining operations shall be subjected to health check-up for occupational diseases and hearing impairment, if any, as amended time to time.
7.3	Personnel (including outsourced employees) working in core zone shall wear protective respiratory devices and shall also be provided with adequate training and information on safety and health aspects.
7.4	Skill training as per safety norms specified by DGMS shall be provided to all workmen including the outsourcing employees to ensure high safety standards in mines.
7.5	Effective arrangement shall be made to provide and maintain at suitable points conveniently situated, a sufficient supply of drinking water for all the persons employed.
7.6	Implementation of the time bound action plan on the issues raised during the public hearing shall be ensured. The project proponent shall undertake all the tasks/measures as per the time bound action plan submitted with budgetary provisions during the public hearing. Land oustees shall be compensated as per the norms laid down in the R&R policy of the company/State Government/Central Government, as applicable.
7.7	The project proponent shall follow the mitigation measures provided in this Ministry's OM No.Z-11013/5712014-IA.II (M) dated 29th October, 2014, titled 'Impact of mining activities on habitations-issues related to the mining projects wherein habitations and villages are the part of mine lease areas or habitations and villages are surrounded by the mine lease area'.
7.8	PP to conduct need based assessment survey of the area to for in order to decide the activities to be carried under the CSR and to provide detail of the activity carried out with adequate budgetary provision and time bound action plan.
7.9	PP should conduct epidemiology study to (analysis of the distribution, patterns and determinants of health and disease conditions in defined populations).
7.10	Permanent Health care facilities of Hospital should be established within 5 km of project boundary for the local people.
7.11	PP must ensure an emergency action plan during pandemic in order to provide assistance to the nearby villages located within the 10 km radius buffer zone (If required)
7.12	PP is asked to also identify the rural areas for installation of solar light with its maintenance within the study area of 10 km radius buffer zone with time bound action plan
7.13	PP to take measure for installation of Renewable Energy sources in nearby area falling within 10 km radius

8. Corporate Environment Responsibility

312118 0712

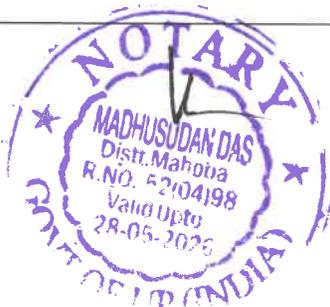

S. No	EC Conditions
8.1	The company shall have a well laid down environmental policy duly approve by the Board of Directors. The environmental policy should prescribe for standard operating procedures to have proper checks and balances and to bring into focus any infringements/deviation/violation of the environmental/forest/wildlife norms/conditions. The company shall have defined system of reporting infringements/deviation/violation of the environmental/forest/wildlife norms/conditions and/or shareholders/stake holders.
8.2	A separate Environmental Cell both at the project and company head quarter level, with qualified personnel shall be set up under the control of senior Executive, who will directly to the head of the organization.
8.3	Action plan for implementing EMP and environmental conditions along with responsibility matrix of the company shall be prepared and shall be duly approved by competent authority. The year wise funds earmarked for environmental protection measures shall be kept in separate account and not to be diverted for any other purpose. Year wise progress of implementation of action plan shall be reported to the Ministry/Regional Office along with the Six Monthly Compliance Report.
8.4	Self environmental audit shall be conducted annually. Every three years third party environmental audit shall be carried out.
8.5	PP should establish in house (at project site) environment laboratory for measurement of environment parameter with respect to air quality and water (surface and ground. A dedicated team to oversee environment management shall be setup which should comprise of Environment Engineers, Laboratory chemist and staff for monitoring of air, water quality parameters on routine basis. Any non- compliance or infringement should be reported to the concerned authority

9. Miscellaneous

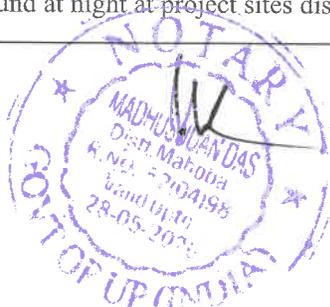

S. No	EC Conditions
9.1	The project proponent shall make public the environmental clearance granted for their project along with the environmental conditions and safeguards at their cost by prominently advertising it at least in two local newspapers of the District or State, of which one shall be in the vernacular language within seven days and in addition this shall also be displayed in the project proponent's website permanently.
9.2	The copies of the environmental clearance shall be submitted by the project proponents to the Heads of local bodies, Panchayats and Municipal Bodies in addition to the relevant offices of the Government who in turn has to display the same for 30 days from the date of receipt.
9.3	The project proponent shall upload the status of compliance of the stipulated environment clearance conditions, including results of monitored data on their website and update the same on half-yearly basis.
9.4	The project proponent shall submit six-monthly reports on the status of the compliance of the stipulated environmental conditions on the website of the ministry of Environment, Forest and Climate Change at environment clearance portal.

312117 62112

S. No	EC Conditions
9.5	The project proponent shall submit the environmental statement for each financial year in Form-V to the concerned State Pollution Control Board as prescribed under the Environment (Protection) Rules, 1986, as amended subsequently and put on the website of the company.
9.6	The project authorities shall inform to the Regional Office of the MOEFCC regarding commencement of mining operations.
9.7	The project authorities must strictly adhere to the stipulations made by the State Pollution Control Board and the State Government.
9.8	The project proponent shall abide by all the commitments and recommendations made in the EIA/EMP report, commitment made during Public Hearing and also that during their presentation to the Expert Appraisal Committee.
9.9	No further expansion or modifications in the plant shall be carried out without prior approval of the Ministry of Environment, Forests and Climate Change (MoEF&CC).
9.10	Concealing factual data or submission of false/fabricated data may result in revocation of this environmental clearance and attract action under the provisions of Environment (Protection) Act, 1986.
9.11	The Ministry may revoke or suspend the clearance, if implementation of any of the above conditions is not satisfactory.
9.12	The Ministry reserves the right to stipulate additional conditions if found necessary. The Company in a time bound manner shall implement these conditions.
9.13	The Regional Office of this Ministry shall monitor compliance of the stipulated conditions. The project authorities should extend full cooperation to the officer (s) of the Regional Office by furnishing the requisite data / information/monitoring reports.
9.14	The above conditions shall be enforced, inter-alia under the provisions of the Water (Prevention & Control of Pollution) Act, 1974, the Air (Prevention & Control of Pollution) Act, 1981, the Environment (Protection) Act, 1986, Hazardous and Other Wastes (Management and Transboundary Movement) Rules, 2016 and the Public Liability Insurance Act, 1991 along with their amendments and Rules and any other orders passed by the Hon'ble Supreme Court of India / High Courts and any other Court of Law relating to the subject matter.
9.15	The proponent shall abide by all the commitments and recommendations made in the EIA/EMP report and also that during presentation to the EAC. All the commitments made on the issues raised during public hearing shall also be implemented in letter and spirit.
9.16	Compensation of the land acquired for the project shall be settled as per the R&R Policy. Adequate facility of drinking water, plantation and other social amenities should be provided to established R&R villages.
9.17	Persons of nearby villages shall be given training on livelihood and skill development to make them employable with its proper records.
9.18	The illumination and sound at night at project sites disturb the villages in respect of both human and

37211 2022

S. No	EC Conditions
	animal population. Consequent sleeping disorders and stress may affect the health in the villages located close to mining operations. Habitations have a right for darkness and minimal noise levels at night. PPs must ensure that the biological clock of the villages is not disturbed; by orienting the floodlights/ masks away from the villagers and keeping the noise levels well within the prescribed limits for day light/night hours

उत्तराखण्ड सरकार

Annexure- 2

A presentation was made by the project proponent along with their consultant M/s AWS Envirotech (OPC) Pvt. Ltd to SEAC on 03-09-2024.

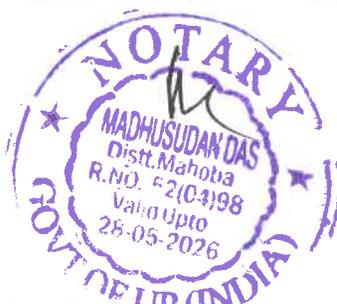

Project Details Informed by the Project Proponent and their Consultant

The project proponent, through the documents and presentation gave following details about their project –

1. The environmental clearance is sought for "Sand/Morrum Mine" from Riverbed of Yamuna River, at Gata No.- Part of 56, 57, 92/6, 93/1, 94, 95/2, & Part of 60/1/3, Village- Sadimadanpur Tehsil- Pailani & District- Banda, U.P., M/s A.S. Traders,(Leased Area-18.50 Ha.).
2. Mining plan approved by the Geology and Mining Department vide its letter no. 2023/8/21/246948, dated 06/11/2023 for the period of 05 years along with quantity of 5,55,722 M³/year.
3. The Terms of Reference in the matter were issued by SEIAA, U.P vide Letter No. 435/Parya/SEIAA/8461/2023, dated: 06/03/2024.
4. The Public Hearing was organized on 24/05/2024. Final EIA report submitted by the project proponent on 06/06/2024.
5. Salient features of the project as submitted by the project proponent:

1.	On-line proposal No.	SIA/UP/MIN/478188/2024															
2.	File No. allotted by SEIAA, U.P.	9192/8461															
3.	Name of Proponent	M/s A.S. Traders (Prop. Shri Ashok Kumar)															
4.	Full correspondence address of proponent	R/o- 51 Ka, Kalauliteer Danda, District- Hamirpur, U.P. E-mail ID- ashoksachan1837@gmail.com															
5.	Name of Project	Sand/Morrum Mining from Riverbed of Yamuna River, at Gata No.- Part of 56, 57, 92/6, 93/1, 94, 95/2, & Part of 60/1/3, Lease Area- 18.50 Ha., Village- Sadimadanpur, Tehsil- Pailani, District- Banda, Uttar Pradesh															
6.	Project Location (Plot/Khasra/Gata No.)	Gata No.- Part of 56, 57, 92/6, 93/1, 94, 95/2, & Part of 60/1/3, Village- Sadimadanpur, Tehsil- Pailani, District- Banda, Uttar Pradesh															
7.	Name of Village	Sadimadanpur															
8.	Tehsil	Pailani															
9.	District	Banda															
10.	Name of Minor Mineral	Sand/Morrum															
11.	Sanctioned Lease Area (in Ha.)	18.50 Ha.															
12.	Max. & Min mRL within lease area	Highest mRL is 117.0 mRL & Lowest is 113.0 mRL															
13.	Pillar Coordinates (Verified by DMO)	Coordinates of the sanctioned lease area <table border="1"> <thead> <tr> <th>Pillar</th> <th>N</th> <th>E</th> </tr> </thead> <tbody> <tr> <td>A</td> <td>25°46'38.91"N</td> <td>80°34'09.60"E</td> </tr> <tr> <td>B</td> <td>25°46'40.60"N</td> <td>80°34'26.49"E</td> </tr> <tr> <td>C</td> <td>25°46'18.17"N</td> <td>80°34'20.32"E</td> </tr> <tr> <td>D</td> <td>25°46'19.26"N</td> <td>80°34'16.59"E</td> </tr> </tbody> </table>	Pillar	N	E	A	25°46'38.91"N	80°34'09.60"E	B	25°46'40.60"N	80°34'26.49"E	C	25°46'18.17"N	80°34'20.32"E	D	25°46'19.26"N	80°34'16.59"E
Pillar	N	E															
A	25°46'38.91"N	80°34'09.60"E															
B	25°46'40.60"N	80°34'26.49"E															
C	25°46'18.17"N	80°34'20.32"E															
D	25°46'19.26"N	80°34'16.59"E															
14.	Total Geological Reserves	3,85,416 m ³															
15.	Total Mineable Reserves	2,31,250 m ³															
16.	Total Proposed Production (in five years)	11,56,250 m ³ (in five years)															

372112 6 8712

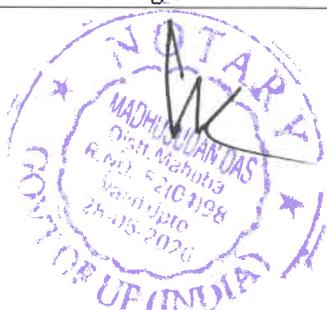

17.	Proposed Production	2,31,250 m ³ per annum	
18.	Sanctioned Period of Mine lease	5 years	
19.	No. of workers	52	
20.	Type of Land	Govt. Land	
21.	Ultimate Depth of Mining	3.0 m	
22.	Nearest metalled road from site	1.7 km	
23.	Water Requirement	PURPOSE	REQUIREMENT (KLD)
		Drinking	0.52 KLD
		Suppression of dust	1.8 KLD
		Plantation	0.60 KLD
		Others (if any)	-
	Total	2.92 KLD	
24.	Name of QCI Accredited Consultant with QCI No. and period of validity	AWS Envirotech (OPC) Pvt. Ltd. Certificate no. NABET/EIA/2225/IA-0097(Rev.01) Valid Till July 14, 2025	
25.	Any litigation pending against the project or land in any court	No	
26.	Details of 500 m Cluster Certificate verified by Mining Officer	Vide letter no. 1946/Khanij-30, Banda Dated on- 16.06.2023	
27.	Details of Lease Area in approved DSR	Mentioned in DSR approved by SEIAA,UP dated on 01.08.2024 at Sl. No. 55, page No. 59	
28.	Proposed EMP cost	Rs. 12.5 Lakhs as capital cost and Rs. 8.25 Lakhs as recurring cost	
29.	Length & breadth of Haul Road	200 m & 6 m	
30.	No. of Trees to be Planted	300	
31.	Monitoring Period	October-December, 2023 (Post-Monsoon Season)	

6. Action Plan as per Ministry's O.M. dated 30/09/2020:

Year	Details of work to be taken up	Amount allocated in Lakhs (Rs.)
First year	Installation of 4 solar Street light in Markakhadar village along village approach road, half yearly health check-up camp and medicine distribution for residents of Markakhadar village..	Total 10.0 lakhs in 5 years (Cost per unit-Rs. 50000/- solar street light assembly, Rs. 30000/Hand pump establishment, Rs. 4000/- Bicycle & Rs 50000/-Health check up camp)
Second year	02 Hand pump along village road in consultation with village sarpanch in village Markakhadar and half yearly health check-up camp and medicine distribution for residents of Markakhadar village.	
Third year	Distribution of 10 Bicycle to economically poor families in village Markakhadar in consultation to village sarpanch & half yearly health check-up camp and medicine distribution for residents of Markakhadar village.	
Fourth year	Installation of 4 solar Street light in Markakhadar village along village approach road, half yearly health check-up camp and medicine distribution for residents of Markakhadar village.	
Fifth year	Half yearly health check-up camp and medicine distribution for residents of Markakhadar village.	

272112 & 2112

7. The mining would be restricted to unsaturated zone only above the phreatic water table and will not intersect the ground water table at any point of time.
8. This project does not attract any of the general conditions applicable on mining projects specified in EIA Notification 14/09/2006.
9. The mining operation will not be carried out in safety zone of any bridge or embankment or in eco-fragile zone such as habitat of any wild fauna.
10. There is no litigation pending in any court regarding this project.
11. The project proposal falls under category-1(a) of EIA Notification, 2006 (as amended).

Copy, through email, for information and necessary action to –

e-Stamp**Affidavit**

I, the deponent, am the operator of the Sand mine of revenue village Sadimadanpur Khadar Gata number-56, (part) 57, 92/6, 93/1, 94, 95/2 and 60/1/3 and I hereby state on oath as under :-

- 1- That San/Morrum will be transported from the mining block to the main road Banda-Chilla through the rural link road.
- 2- That if the said link road from village Lomar to Banda-Chilla main road is damaged due to the movement of heavy vehicles, then I will be responsible for its repair.
- 3- That there is no other suitable alternative except the said link road.

Therefore, please grant the permission for the transportation of Morrum.

Date - 10-02-2025

पत्रांक- /आशु0

दिनांक- 12/11/2025

जिलाधिकारी
बाँदा।

महोदया,

कृपया शिकायतकर्ता श्री सोमनन्द कुमार तिवारी ग्राम प्रधान लोमर आदि निवासी ग्राम लोमर तहसील पैलानी की शिकायत का अपलोकन करने का कष्ट करे, उक्त के माध्यम से शिकायत की गयी है कि बाँदा-बिल्ला से जुड़ने वाला सम्पर्क मार्ग जो लोमर की ओर जाता है, से खनिज परिवहन किये जाने की दशा में सड़क क्षतिग्रस्त हो सकती है तथा स्कूली बच्चों को भी खतरा है। उक्त प्रकरण की जांच तहसीलदार पैलानी से कराई गई।

स्थलीय जांच से अवगत हुआ गया कि ग्राम लोमर होकर बाँदा-बिल्ला मार्ग पर आने वाले सम्पर्क मार्ग के अलावा अन्य कोई वैकल्पिक मार्ग उपलब्ध नहीं है। यह भी कि जितने खनिज परिवहन हेतु सम्पर्क मार्गों का उपयोग किया जा रहा है/किया जाना है, कोई भी मार्ग उस क्षमता के अनुरूप नहीं बनाया गया है तथापि खण्ड संचालक खनिज खण्ड सं-57, 95/2 आदि स्थित ग्राम सादोमदनपुर सादर से इस आशय का शपथ पत्र प्राप्त कर लिया गया है कि यदि इस मार्ग पर कोई दुर्घटना होती है तो उसका उत्तरदायित्व सम्बन्धित खण्ड संचालक का होगा। उक्त सस्ते पर कोई भी वित्तीय गतिविधि प्रभावित नहीं होगी। शिकायतकर्ता द्वारा की गयी शिकायत निक्षेपित किये जाने योग्य है तथा राजकोपीय हित में खनिज अवरोध कर कोई भी शासकीय क्षति नहीं की जा सकती है।

अतः इस सम्बन्ध में थानाध्यक्ष बिल्ला को निर्देशित किया जाना उचित होगा कि अपने स्तर से परिवहन का उक्त सम्पर्क मार्ग पर परीक्षण करते रहे तथा किसी भी व्यक्तिकम की दशा में उच्चाधिकारी को अवगत कराये।

आख्या सादर अवलोकनार्थ सेवा में प्रेषित है।

(शशि भूषण)
उपजिलाधिकारी, पैलानी

Office of Sub-Divisional Magistrate, Palani, District Banda

Letter No.- /Ashu

Date-12/02/2025

**District Magistrate,
Banda.****Madam,**

Please take the trouble of looking into the complaint of the complainant Shri Yogendra Kumar Tiwari, Village Head Lomar etc. residents of village Lomar Tehsil Palani, by which it has been complained that the road connecting Banda-Chilla which goes towards Lomar, in case of mineral transportation, the road may get damaged and there is also danger to school children. The matter was enquired by the Tehsildar Palani.

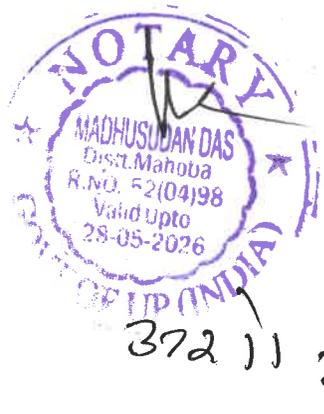

It was found from the on-site inquiry that apart from the link road coming to Banda-Chilla road through village Lomar, no other alternative route is available. It is also said that the connecting roads are being/are to be used for mineral transportation, none of the roads have been built as per the capacity, however an affidavit has been obtained from the operator of Mining Block No. 57, 95/2 etc. located in village Sadimadanpur Khadar to the effect that if any damage occurs on this road, then the responsibility will be of the concerned operator. No school activity will be affected on the said road. The complaint made by the complainant is liable to be disposed of and government loss cannot be caused by obstructing mining in the fiscal interest.

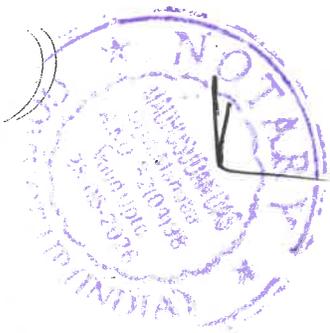

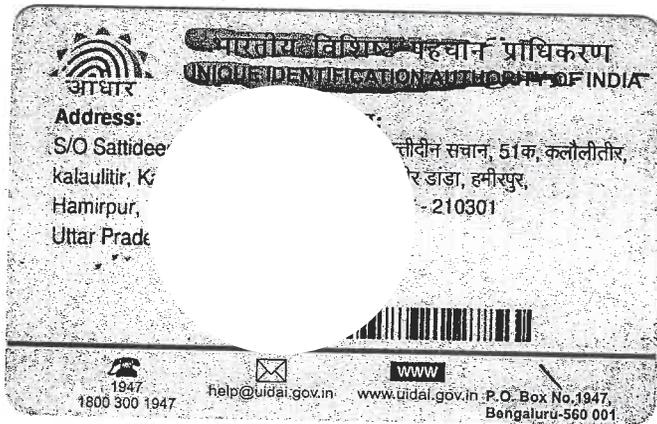

Therefore, in this regard, it would be appropriate to instruct the Officer of Police Station Chilla to keep checking the transportation on the said connecting road at his level and inform the higher officer in case of any irregularity.

The report is being sent to the for perusal with regard.

Enclosure - As per above.

**(Shashi Bhushan)
Sub-District Magistrate,
Palani**
