...RESPONDENTS

**REPLY TO ORIGINAL APPLICATION ON BEHALF OF
RESPONDENT NO. 6**

MOST RESPECTFULLY SHOWETH:

The humble Answering Respondent, above named most respectfully begs to submit the reply to the original application as under: -

Preliminary Submissions:-

1. That the applicant has filed the present original application by concealing and misrepresenting material facts before this Hon'ble Tribunal. It is submitted that in the original application there is nothing on record which shows that the any environment hazard has been done by the answering respondent.
2. That the applicant is also engaged in the business of manufacturing of Ammonium Nitrate and Fuel Oil (ANFO) and having firm in the name and style of *M/S JAI KALSHAHA BABA EXPLOSIVES*. The applicant under the garb of environmental laws violations has filed the present original application with a sole purpose to affect the business of the answering

Ajay Singh

respondent and to have complete control over the business.

3. That the original application has been filed general allegations and assumptions of the applicant with respect to violation of environment laws and any harm to environment. It is submitted that the applicant has intentionally concealed the details of news article like date of news, annexed with the original application as annexure-5. However, the said news article has been relied upon by the applicant to built up his case for violation of environment laws.
4. That from the aforementioned circumstances, it is undisputed that the original application has been filed with a mala fide intention and for the business rivalry. Therefore, the same deserves to be dismissed on this ground alone.

Reply to Original Application

5. That the contents of para 1 of the original application need no reply.
6. That the contents of para 2 of the original application need no reply.
7. That the contents of para 3 of the original application need no reply.
8. That the contents of para 4.1 of the original application are not admitted and are denied. It is submitted that the original application has been filed with a sole purpose of affecting the business of answering respondent, so that the applicant can have his monopoly over the business in the area, as he engaged in same business. The photo copy of the

Ajay Singh

invoice dated 03.04.2023 is annexed herewith and marked as **Annexure-R-6/1**.

9. That the contents of para 4.2 of the original application is not disputed to the extent of license issued by the Petroleum and Safety Organization (herein referred to as PESO) being matter of record.

However, it is submitted that Gatta no. 288 Khand 02 was allotted in favor of Shri Devendra Kumar Tiwari for period of 10 years from 17.01.2010 i.e. upto January, 2020. However, the license issued by PESO and No Objection Certificate issued by DGMS on 09.02.2018 mentioned only Gatta no. 288 which lead to an inadvertent mistake on part of the answering respondent.

10. That the contents of para 4.3 (wrongly mentioned as 4.2 in OA) of the original application is not disputed to the extent of license issued by the Petroleum and Safety Organization (herein referred to as PESO) being matter of record. However, it is submitted that the answering respondent entered into an partnership deed with Shri Ganga Charan on 21.02.2024, to whom the government has allotted a lease in Gatta No. 288 Khand 04 at village Majhol, Tehsil Charkhari, District Mahoba on 22.12.2022 for a period of 10 years i.e. upto 22.12.2032. The photo copy of the partnership deed is annexed herewith and marked as **Annexure-R-6/2**.

The renewal of license from PESO was to be filed before 31.03.2024 as per the condition stipulated in original license issued in the year 2019. The answering respondent filed renewal of license and same was renewed, inadvertently the license in place of lease at Gatta No. 288 Khand 04, was renewed for Gatta No. 288 Khand 02 and the mistake was remained unnoticed as the Gatta No. was same i.e. 288, however

Ajay Singh

Khand of Gatta No. 288 changed from Khand 02 to Khand 04. However, the said license was refused by PESO after cancellation of NOC by the Department of Mines & Safety. Thereafter, answering respondent applied before PESO for grant of permission for proposed manufacturing of ANFO at Khasra No. 288 (Gatta No) Khand 04 village Majhol, Tehsil Charkhari, District Mahoba, Uttar Pradesh. PESO vide letter dated 12.08.2024 issued approval for construction of proposed manufacturing of ANFO at Khasra No. 288 (Gatta No) Khand 04 village Majhol, Tehsil Charkhari, District Mahoba, Uttar Pradesh. The photo copy of the letter dated 12.08.2024 is annexed herewith and marked as **Annexure-R-6/3**.

The answering respondent filed an application before the Department of Mines & Safety, for No objection certificate for the site of ANFO mixing shed at Khasra No. 288 (Gatta No) Khand 04 village Majhol, Tehsil Charkhari, District Mahoba, Uttar Pradesh. The said application is pending before the Department of Mines & Safety for consideration. The photo copy of the application is annexed herewith and marked as **Annexure-R-6/4**.

11. That the contents of para 4.4 of the original application does not pertain to answering respondent. However, it is submitted that the answering respondent had already entered into partnership with Shri Ganga Charan in the month of February, 2024 for Gatta No. 288 Khand 04 at village at village Majhol, Tehsil Charkhari, District Mahoba and has is having a valid lease till 2032.

The SEIAA, Uttar Pradesh vide letter 14.12.2022 issued Environment Clearance for mining lease at Gatta No. 288 Khand No. 04. The photo copy of the SEIAA letter dated 14.12.2022 is annexed herewith and marked as **Annexure-R-6/5**. Further, Uttar

Ajay Singh

Pradesh Pollution Control Board vide letter dated 01.07.2023 has issued Consent to Operate for mining lease at Gatta No. 288 Khand No. 04. The photo copy of the Consent to Operate letter dated 01.07.2023 is annexed herewith and marked as **Annexure-R-6/6**.

12. That the contents of para 4.5 of the original application are not admitted and are denied. It is submitted that the in Gatta No. 288 Khand 02 was allotted to M/s Ekta Constructions which was earlier allotted Devendra Kumar Tiwari. The Answering respondent being a law abiding citizen had already entered into a partnership deed with Shri Ganga Charan in the month of February, 2024, the lessee of Gatta No. 288 Khand 04. And accordingly, applied for renewal of license to PESO which was later on issued to answering respondent.

It is pertinent to mention here that the DGMS issued No Objection Certificate in favor of the answering respondent on 09.02.2018. The said No Objection Certificate was issued for Gatta No. 288, however, the Khand was not mentioned. Further, no expiry period of the said No Objection Certificate was mentioned in the certificate, therefore, the answering respondent was under the impression that fresh/renewal of the existing No Objection Certificate is not required as the Gatta No. was same i.e. Gatta No. 288, only the Khand No. has been changed from Khand 02 to Khand 04. The photo copy of the No Objection Certificate dated 09.02.2018 is annexed herewith and marked as **Annexure-6/7**.

13. That the contents of para 4.6 of the original application are not admitted in the manner stated by the applicant and are denied. It is submitted that the applicant has intentionally concealed the date of news article, and details of the mining lease are not

Ajay Singh

disclosed in the news article, therefore, the news article cannot be relied upon.

14. That the contents of para 4.7 of the original application are not admitted and are strictly denied. It is submitted that the allegations made by the applicant are completely baseless, false and without any evidence on record in support of his allegations.
15. That the contents of para 4.8 of the original application need no reply being matter of record.
16. That the contents of para 4.9 of the original application are not admitted and are denied. It is submitted that the allegations made by the applicant are completely baseless, false and without any evidence on record in support of his allegations.
17. That the contents of para 5 (A) of the original application are denied. The allegations are completely false and lack of any evidence on record.
18. That the contents of para 5 (B) of the original application are not admitted in the manner stated by the applicant and are denied. It is submitted that the applicant has applied for permission in Gatta No. 288 Khand 04 which is entirely a different place from Gatta No. 288 Khand 02.
19. That the contents of para 5(C) of the original application does not pertain to answering respondent, hence need no reply.
20. That the contents of para 5(D) of the original application are not admitted in the manner stated by the applicant are denied. It is submitted that the

Ajay Singh

answering respondent is not engaged in any sort of illegal mining activity. Further, the applicant has failed to place on record any evidence in support of his allegations.

21. That the contents of para 5(E) of the original application are not admitted in the manner stated by the applicant. It is submitted that the leases of the answering respondent on the basis of which permissions were accorded are in Gatta No. 288 only Khand has changed from Khand 02 to Khand 04 resulting into misunderstanding among the applications filed and permissions issued.
22. That the contents of para 5(F) of the original application are not admitted and are denied. It is submitted that the answering respondent has not carried out any sort illegal mining.
23. That the contents of para 6 of the original application are not admitted in the manner stated by the applicant and are denied. It is submitted that the original application has been filed with a clear notice of business rivalry, as the applicant has failed to place on record any evidence with respect violation of environment laws.
24. That the contents of para 7 of the original application need no reply.
25. That the contents of para 8 of the original application need no reply.
26. That the contents of para 9 of the original application need no reply.

Ajay Singh

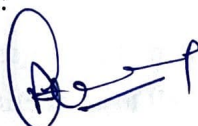

PRAYER

It is therefore, humbly prayed that the reply filed by the Answering-Respondent no. 6 may kindly be taken on record and the original application filed by the applicant may kindly be dismissed on the grounds mentioned hereinabove.

Any other order or direction which this Hon'ble Tribunal deem fit and proper in the facts and circumstances of the case, may kindly be passed in favour of the Answering-Respondent.

विषय: सर्वे नंबर- Khasra No.: 288, Khand No.- 04, नगर/गांव- Majhol, Teh.- Charkhari, जिला: MAHOBA, राज्य- Uttar Pradesh में स्थित प्रस्तावित एनफों विस्फोटकविनिर्माण करने के लिए एनफों शेड निर्माण स्वीकृति संबंध में ।

Subject: Proposed Manufacturing of ANFO at Khasra No.:288, Khand No.- 04, Town/Village : Majhol, Teh.- Charkhari, Distt. MAHOBA, State. Uttar Pradesh - Approval for construction regarding.

महोदय | Sir(s),

कृपया आपके पत्र क्रमांक 127836 दिनांक 07/08/2024, का अवलोकन करें। आपके द्वारा प्रस्तुत, एनफों शेड के साइट तथा निर्माण-कार्य विवरण दर्शाता अरेखण अनुमोदित किया जाता है तथा प्रत्येक अरेखण की दो प्रतियां विधिवत पृष्ठांकित कर लौटाई जा रही है ।

Please refer to your Letter No. 127836 dated 07/08/2024. The drawings submitted by you showing site and construction of the ANFO shed are approved and two copies of the same are returned here with duly endorsed in token of approval.

आपके द्वारा अनुसूची V के भाग 2 के अंतर्गत (प्रतिलिपि संलग्न) निर्धारित प्रारूप में जिला प्राधिकरण / डी.जी.एम.एस. से अनापत्ति प्रमाण पत्र प्राप्त करने के बाद ही, अनुमोदित साइट और निर्माण की योजना के अनुसार उपरोक्त निर्माण कार्य किया जा सकता है। आप नियम 102 और 103 के अंतर्गत आवेदन पत्र ईई-12 (प्रतिलिपि संलग्न) में जिला प्राधिकरण / डी.जी.एम.एस. से अनापत्ति प्रमाण पत्र के लिए आवेदन कर सकते हैं।

The construction of the same may be undertaken by you in accordance with the approved site and construction plans, **only after obtaining NOC from the District Authority/DGMS in the prescribed format under Part 2 of Schedule V (copy enclosed). You may apply for NOC to the District Authority/DGMS under Rule 102 & 103 in Application form AE-12(copy enclosed).**

एनफों शेड का निर्माण कार्य पूर्ण होने पर, अनुज्ञप्ति जारी करने हेतु निम्नलिखित दस्तावेज इस कार्यालय में प्रस्तुत किए जाएं :

On completion of the construction of the magazine, the following documents shall be submitted to this office for issue of licence:

1. प्रारूप AE-1 में आवेदन (यदि मूल आवेदन के साथ प्रस्तुत नहीं किया गया हो तो)
Application in form AE-1 (if not submitted alongwith original application).
2. एनफों शेड का पूर्णता-प्रमाण पत्र ।
Completion certificate of the ANFO shed.
3. एनफों शेड के निर्माण हेतु इस कार्यालय द्वारा अनुमोदित अरेखण के प्रतिकृति के छह सेट । Six sets of replica of the drawings as approved by this office for construction of the ANFO shed.
4. विस्फोटक नियम, 2008 के तहत ऑनलाइन आवेदन पोर्टल पर उपलब्ध ई-भुगतान सुविधा के माध्यम से प्रति वर्ष 1200/- का लाइसेंस शुल्क ऑनलाइन जमा किया जाना है।
A license fee of Rs. 1200/- per year to be submitted online through e-payment facility available on online application portal under the Explosives Rules, 2008.
5. इस कार्यालय से होनेवाले पत्राचार पर हस्ताक्षर करने के लिए अधिकृत व्यक्तियों के नमूना हस्ताक्षर की सूची ।
A list of specimen signatures of persons authorized to correspond with the office.
6. विस्फोटक नियम, 2008 के नियम 2 (37) के अंतर्गत आवश्यक अधिवासी के रूप में नामांकन और उनके हस्ताक्षर का साक्ष्यंकन (यदि प्रस्तुत नहीं किए हो तो) ।
Nomination as occupier as required under Rule 2(37) of Explosives Rules, 2008 and attesting his signature(if not submitted).
7. अधिवासी द्वारा विधिवत 'सामने' काले रंग अमिट स्याही द्वारा हस्ताक्षरित कलर पासपोर्ट साईज फोटो की छह प्रतियां (यदि प्रस्तुत नहीं किए हो तो) (विस्फोटक नियम, 2008 के नियम 2 (37) के अंतर्गत यथा परिभाषित)
Six copies of colour passport size photographs duly signed by the occupier (as defined under Rule 2 (37) of Explosives Rules, 2008) 'in front' by 'black color indelible ink'. (if not submitted)
8. नियम 102 और 103 के तहत पीएफ फॉर्म ईई-12 के भाग-2 के अनुसार जिला प्राधिकारी (डी.जी.एम.एस. - यदि ब्लास्टिंग क्षेत्र भारतीय खान अधिनियम, 1952 के अंतर्गत है तो।) जिला प्राधिकरण (एलएसडीए) मॉड्यूल के लाइसेंसिंग सिस्टम के माध्यम से जारी किया गया, अनापत्ति प्रमाण पत्र, उनके हस्ताक्षर और मुहर के साथ पृष्ठांकित अरेखण/प्लान की प्रति के साथ ही । युआरएल :
<https://lsda.peso.gov.in/LSDAOnline/Login.aspx> के माध्यम से ऑनलाइन एनओसी आवेदन, ई-फाइलिंग किया जा सकता है । ।
NOC issued by the District Authority (DGMS if the Blasting area is covered under Indian Mines Act 1952) under Rule 102 and 103 as per PART-2 of FORM AE-12 through Licensing System for District Authority (LSDA) module only, together with a copy of the drawings/plans endorsed with his sign and seal. Online NOC application eFiling may be accessed through URL : <https://lsda.peso.gov.in/LSDAOnline/Login.aspx>
9. कारखाने अधिनियम 1948 के अंतर्गत संदर्भित कारखाने के पंजीकरण की प्रति।
Copy of registration of the subject factory under Factories Act 1948/ जिला मजिस्ट्रेट की उपस्थिति में निष्पादित, फार्म सीई -3 (प्रतिलिपि संलग्न) में रु. 25,000/- के क्षतिपूर्ति बांड की प्रति।
Rs. 25,000/- executed in presense of District Magistrate.

उपरोक्त दस्तावेजों के प्राप्त होने पर विस्फोटक नियम, 2008 के फार्म LE-1 में अनुज्ञप्ति प्रदान की जाएगी ।

A licence in form LE-1 of the Explosives Rules, 2008 will be granted on receipt of the above documents.

एनफों शेड का निर्माण कार्य पूर्ण होने के पश्चात भी एनफों विस्फोटक के भंडारण हेतु एनफों शेड को तब तक उपयोग में नहीं लाया जाएगा जब तक विस्फोटक नियम, 2008 के नियम 107 (3) के अंतर्गत इस कार्यालय द्वारा अनुज्ञप्ति विधिवत पृष्ठांकित कर जारी नहीं की जाती अथवा उपर्युक्त नियमों के प्रावधानों के अंतर्गत उसके प्रयोग हेतु लिखित अनुमति प्राप्त नहीं की जाती ।

The ANFO shed when completed shall not be used for the manufacture of ANFO unless the licence is granted and delivered to you duly endorsed by this office under Rules 107(3) of the Explosives Rules, 2008 or written permission under provision to the said Rules to use the same is obtained.

यदि किसी कारण से ऊपरोक्त एनफों शेड के निर्माण का प्रस्ताव वापस लिया जाता है, तो इस कार्यालय को तदनुसार सूचित किया जाएगा ।

If for any reasons the proposal to construct the above ANFO shed is dropped, this office shall be intimated accordingly.

फिर भी, यह अनुमोदन/अनुमति अन्य प्राधिकारियों से आवश्यक अनुमति/क्लीयरन्स प्राप्त करने से या यथा लागू अन्य विधियों से छूट नहीं देती है ।

This approval/permission, however, does not absolve from obtaining necessary permission/clearance from other authorities or under other statutes as applicable.

28.	Name of QCI Accredited Consultant with QCI No and period of validity.	M/s Paramarsh (Servicing Environment and Development)., Lucknow, U.P. QCI/NABET/EIA/2124/RA0224 Validity- May 01, 2024			
29.	Any litigation pending against the project or land in any court	No			
30.	Details of 500 m Cluster Map & certificate Verified by Mining Officer	DMO, Mahoba vide Letter No. 1308/MMC-30/2021-22, Dated 13/08/2021			
31.	Details of Lease Area in approved DSR	Page No.-03, S.No.- 82			
32.	Proposed CER cost	3.13 Lakh			
33.	Proposed EMP cost	25.13 Lakh			
34.	Length and breadth of Haul Road.	Length- 0.800 k m, Width- 7.0 m			
35.	No. of Trees to be Planted	1000			

5. The mining would be restricted to unsaturated zone only above the phreatic water table and will not intersect the ground water table at any point of time.

6. This project does not attract any of the general conditions applicable on mining projects specified in EIA Notification 14/09/2006.
7. The mining operation will not be carried out in safety zone of any bridge or embankment or in eco-fragile zone such as habitat of any wild fauna.
8. There is no litigation pending in any court regarding this project.
9. The project proposal falls under category-1(a) of EIA Notification, 2006 (as amended).

Based on the recommendations of the State Level Expert Appraisal Committee Meeting (SEAC) held on 22-11-2022 the State Level Environment Impact Assessment Authority (SEIAA) in its Meeting held 01-12-2022 and decided to grant the Environmental Clearance to the title project for collection of 26293 m³ per year lease area of 0.809 ha subject to effective implementation of the following General Conditions and specific conditions:-

General condition:

1. This environmental clearance is subject to allotment of mining lease in favour of project proponent by District Administration/Mining Department.
2. Forest clearance shall be taken by the proponent as necessary under the law.
3. Any addition of the mining area, change of Khasra numbers, enhancement of capacity, change in mining technology, modernization, and scope of working shall again require prior environmental clearance as per EIA notification, 2006.
4. No change in the calendar plan including excavation, the quantum of mineral and waste shall be made.
5. Mining will be carried out as per the approved mining plan. In case of any violation of the mining plan, the Environmental Clearance given by SEIAA will stand cancelled.
6. Four ambient air quality monitoring stations shall be established in the core zone as well as in the buffer zone for RSPM, SPM, SO₂, NO_x monitoring. The location of the stations should be decided based on the meteorological data, topographical features, and environmentally and ecologically sensitive targets and frequency of monitoring should be undertaken in consultation with the State Pollution Control Board. The monitored data for criteria pollutants shall be regularly uploaded on the company's website and also displayed on the website.
7. Data on ambient air quality (RPM, SPM, SO₂, NO_x) should be regularly submitted to the Integrated Regional Office, MoEF&CC, Gol, Lucknow and the State Pollution Control Board / Central Pollution Control Board once in six months.
8. Ambient air quality at the boundary of the mine premises shall conform to the norms prescribed in MoEF notification no. GSR/826(E) dated 16.11.09.
9. Fugitive dust emissions from all the sources shall be controlled regularly. Water spraying arrangement on haul roads, loading and unloading, and at transfer points shall be provided and properly maintained.
10. Measures shall be taken for control of noise levels below 85 dBA in the work environment. Workers engaged in operations of HEMM, etc. shall be provided with earplugs/muffs and health records of the workers shall be maintained.
11. Industrial wastewater (workshop and wastewater from the mine) should be properly collected, treated to conform to the standards prescribed under GSR 422 (E) dated 19th May 1993 and 31st December 1993 or as amended from time to time. Oil and grease traps shall be installed before the discharge of workshop effluents.
12. Personnel working in areas shall be provided with protective respiratory devices like masks and they shall also be imparted adequate training and information on safety and health aspects.
13. Special measures shall be adopted to prevent the nearby settlements from the impacts of mining activities.

14. The transportation of the materials shall be limited to the day hours' time only.
15. Provision shall be made for housing the laborers within the site with all necessary infrastructure and facilities such as fuel for cooking, mobile toilets, safe drinking water, medical health care, crèche, etc. The housing may be in the form of temporary structures to be removed after the completion of the project.
16. A separate Environmental Management Cell with suitably qualified personnel shall be setup under the control of a Senior Executive, who will report directly to the Head of the Organization.
17. The Project Proponent shall inform the Integrated Regional Office, MoEF&CC, GoI, Lucknow and State Pollution Control Board regarding the date of financial closures and final approval of the project by the concerned authorities and the date of start of land development work.
18. The funds earmarked for environmental protection measures shall be kept in a separate account and shall not be diverted for other purposes. The year-wise expenditure shall be reported to the Integrated Regional Office, MoEF&CC, GoI, Lucknow and State Pollution Control Board
19. The Integrated Regional Office, MoEF&CC, GoI, Lucknow and State Pollution Control Board shall monitor compliance with the stipulated conditions. A complete set of documents including Environment Impact Assessment Report, Environmental Management Plan, Public hearing, and other documents information should be given to the Integrated Regional Office, MoEF&CC, GoI, Lucknow and State Pollution Control Board
20. A copy of the environmental clearance shall be submitted by the Project Proponent to the Heads of the Local Bodies, Panchayat, and Municipal Bodies as applicable in the matter.
21. The Project Proponent shall advertise at least in two local newspapers widely circulated, one of which shall be in the vernacular language of the locality concerned, within 7 days of the issue of the clearance letter informing that the project has been accorded environmental clearance and a copy of the clearance letter is available with the State Level Environment Impact Assessment Authority (SEIAA).
22. The Project Proponent has to submit a regular half-yearly compliance report of the stipulated prior environmental clearance terms and conditions in hard and soft copy to the SEIAA, U.P. on 1st June and 1st December of each calendar year.
23. The SEIAA may alter/modify the above conditions or stipulate any further condition in the interest of environmental protection.
24. Concealing factual data or submission of false/fabricated data and failure to comply with any of the conditions mentioned above may result in withdrawal of this clearance and attract action under the provisions of the Environment (Protection) Act, 1986.

Specific Conditions:

1. Validity period of this EC is 5 years from the date of issue as the Lol has been issued for a period of 5 years or co-terminus with the validity of current mine plan or current lease period whichever is earlier. After this period the EC will become null and void.
2. Directions/suggestions given during public hearing and commitment made by the project proponent should be strictly complied.
3. A certificate from Forest Department shall be obtained that no forest land is involved in mining or as a route and if forest land is involved the project proponent shall obtain forest clearance and permission of Central and State Government as per the provisions of Forest (conservation) Act, 1980 and submit before the start of work.

4. The mining lease holders shall, after ceasing mining operations, undertake re-grassing the mining area and any other area which may have been disturbed due to their mining activities and restore the land to a condition which is fit for growth of fodder, flora fauna etc.
5. Three tier green shelter belt of 7.5m width should be developed on the periphery of mine lease area. Local and native species should be planted in consultation with Forest/Horticulture Department/Agriculture University.
6. Plan for using the mine void for productive use in consultation with local administration and gram-panchayat.
7. If the proposed project is situated in notified area of ground water extraction, where creation of new wells for ground water extraction is not allowed, requirement of fresh water shall be met from alternate water sources other than ground water or legally valid source and permission from the competent authority shall be obtained to use it.
8. Project Proponent should submit action plan for carrying out plantation at least @1,000 plants / ha of lease area. In this case, PP should prepare a plan, duly approved either by Forest Department or Horticulture Department, for planting at least 1,000 plants, either on government land or community land, within a periphery of 5 km from the boundary of the lease area along with provision for maintenance for 5 years. Survival of plants should not be less than the survival rate notified by Uttar Pradesh Forest Department otherwise it will be treated as violation of EC condition.
9. In consultation with District Environment Authority or an Authority nominated by concerned DM, project proponent will prepared a conservation and management plan for rejuvenation and management of water bodies having total surface area of more than 5 ha. Funds for the same will be kept in a separate bank account and six monthly compliance status will be presented by project proponent before the nominated authority in the District.
10. Department of Geology and Mines, Government of Uttar Pradesh and / or concerned district administration, before releasing the security deposit to Project Proponent will ensure that Project Proponent has fully complied with the EC conditions. Non-compliance, if any, should be reported to UPSPCB for appropriate legal action and recovery of compensation.
11. Any application for transfer of this EC, during its validity period unless it is cancelled by a competent authority, has to be necessarily accompanied with status of compliance of EC conditions duly certified by IRO, MoEFCC, Gol, Lucknow.
12. Number of mining projects are coming up in district. Department of Geology & Mines, GoUP to carry out regional EIA-EMP report including carrying capacity of environmental components to assess the capacity to further bear the pollution load for such areas within a period of 1 year and submit the same to SEIAA, UP for evaluation.
13. Department of Geology & Mines, GoUP in consultation with UPSPCB will establish required number of CAAQMS in district within a period of one year and submit geo-referenced map of these stations along with data. Details of existing CAAQMS, if any, be submitted within a period of three months.
14. Large number of mining projects are ongoing as well as new mining leases are coming up in the district. A reference be sent to DGM and MS, SPCB for preparing mitigation plan for controlling air pollution in the district especially in mining areas.
15. If the air quality deteriorates due to mining, then District Administration & Directorate of Mining should ensure that mining be stopped immediately. Adequate measures be taken for restoring air quality and mining should commence only when air quality attains the prescribed standards.
16. The project proponent shall install solar light in their site office.
17. During the submission of 6 monthly compliance reports, the project proponent should make sure that the periodically taken site photographs should also be annexed along with the compliance report.

18. Preference should be given to indigenous local species as per the consultation of the local district Forest Officer.
19. The maximum height of the bench should be 06 meters and the width of the bench should be at least twice the height of the bench as per the mine plan approval letter by DGM, U.P
20. In case the blasting is proposed during a mining operation, the project proponent needs to assess its impact on the displacement of human beings/wild animals/birds/other species, and the suitable measures proposed and taken for their rehabilitation and resettlement need to be clearly described in first 6 monthly compliance report.
21. The project proponent shall submit a final mine closure plan/Exit protocol for rehabilitation of mined-out land to match its surrounding land use 3years before the closure of the mine to SEIAA, UP and Department of Mines and Geology, UP for approval. The project proponent shall ensure the implementation of the approved plan under the supervision of the Dept. of Mines and Geology.
22. The project proponent shall plan and implement collection drain and siltation basins of adequate size to arrest the silt and sediment flow from the quarry area. The surface runoff rainwater harvesting and other water conservation measures on a long-term basis are to be taken in consultation with the Central/State Groundwater Board. The water so collected should be utilized for watering the haulage area, roads, and green belt development, etc.
23. The project proponent shall take all suitable measures to prevent pollution of groundwater and nearby water bodies in consultation with the State Pollution Control Board and consent to operate (if applicable) should be obtained from the State Pollution Control Board before the start of production from the mine.
24. Link Road from the quarry site to the main road shall be constructed as an all-weather road with blacktopping and maintained by the project proponent.
25. Vehicular emissions should be kept under control and regularly monitored. Suitable measures shall be taken for proper maintenance of vehicles used in a quarry operation and transportation.
26. The project proponent should explore the possibilities of rainwater harvesting.
27. Agreement/ Consent between project proponent and competent authority/ landowner for haulage road from lease site to link road.
28. Latest technology (water sprinklers/ tankers) to be adopted for mitigating dust at source points in lease area and haulage road during operational activity/vehicular movement.
29. As per the proposed plan, plantation with area specific plant species, number of plants to be Planted and report of green belt development to be submitted to the concerning department
30. At the time of operation, the project proponent will comply with all the guidelines issued by the Government of India/State Govt./District Administration related to Covid-19.
31. This environmental clearance does not create or verify any claim of the applicant on the proposed site/activity.
32. In case it has been found that the E.C. obtained by providing incorrect information, submitting that the distance between the two adjoining mines is greater than 500mt. and the area is less than 05ha, but factually the distance is less than 500 mt, and the mine is located in the cluster of area equal to or more than 05ha, the E.C issued will stand revoked.
33. This environmental clearance shall be subject to a valid lease in favor of the project proponent for the proposed mining proposals. In case, the project proponent does not have a valid lease, this environmental clearance shall automatically become null and void.
34. The Environmental clearance will be co-terminus with the mining lease period/Mining Plan whichever is less. The Mining plan approved by the Dept. of Mines and Geology shall be strictly implemented and shall not be operated beyond the validity period.
35. Explosive cannot be stored on the site. The Project proponent shall take approval from Chief Controller of Explosive, if applicable for use or storage of explosive or any such materials.

36. A comprehensive EIA including mining areas within 15 K.M. to assess the impact of the mining activity on the surrounding area shall be undertaken and a report submitted to this Authority within one year.
37. No two pits shall be simultaneously worked i.e. before the first is exhausted and reclamation work completed, no mineral bearing area shall be worked.
38. After exhausting the first mine pit and before starting mining operations in the next pit, reclamation and plantation work in the exhausted pit shall be completed to ensure that reclamation, forest cover, and vegetation are visible during the first year of mining operations in the next pit. This process will follow till the last pit is exhausted. Adequate rehabilitation of mined pit shall be completed before any new ore-bearing area is worked for expansion.
39. An adequate buffer zone shall be maintained between two consecutive mineral-bearing deposits.
40. The sprinkling of water on haul roads to control dust will be ensured by the project proponent.
41. Green belt development shall be carried out considering CPCB guidelines including the selection of plant species and in consultation with the local DFO / Agriculture Department. Herbs and shrubs shall also form a part of the afforestation programme besides tree plantation. The company shall involve local people in the plantation programme. Details of year-wise afforestation programme including rehabilitation of mined-out area shall be submitted to the Integrated Regional Office, MoEF&CC, GoI, Lucknow every year.
42. Blast vibrations study shall be conducted and an observation report submitted to the Integrated Regional Office, MoEF&CC, GoI, Lucknow and UPPCB within six months. The report shall also include measures for the prevention of blasting associated impact on nearby houses and agricultural fields.
43. Controlled blasting techniques with sequential blasting shall be adopted. The blasting shall be carried out in the daytime only. The project proponent shall ensure prevention of displacement of human beings/wild animals/birds etc. and in case any such displacement is caused due to blasting/mining operation by any chance the project proponent shall take suitable measures for their rehabilitation and resettlement.
44. Appropriate arrangement for shelter and drinking water for the mining workers has to be ensured at the mining site.
45. Maintenance of village roads used for transportation of minerals is to be done by the company regularly at its own expenses. The link roads from mining area to main road shall be constructed as all-weather road with black topping and maintained by the project proponent.
46. The surface runoff rain water harvesting/rain water recharge and water conservation measures will be taken by project proponent in consultation with central /State ground water Board .The project proponent shall plan and implement collection drain and siltation basins of adequate size to arrest the silt and sediment flows from the mining area. The supernatant of the siltation basin and rain water harvested water shall be utilized for watering the haulage area, roads and green belt development etc.
47. Status of implementation shall be submitted to the Integrated Regional Office, MoEF&CC, GoI, Lucknow and UP Pollution Control Board within six months and thereafter every year from the next consequent year.
48. The self-environmental audit shall be conducted annually. Every three years third-party environmental audit shall be carried out.
49. Measures for prevention and control of soil erosion and management of silt shall be undertaken. Protection of dumps against erosion shall be carried out with geotextile matting or other suitable material, and thick plantations of native trees and shrubs shall be carried out at the dump slopes. Dumps shall be protected by retaining walls.

50. Trenches/garland drains shall be constructed at foot of dumps and coco filters installed at regular intervals to arrest silt from being carried to water bodies. An adequate number of Check Dams and Gully Plugs shall be constructed across seasonal/perennial nallahs if any flowing through the ML area and silts arrested. De silting at regular intervals shall be carried out.
51. Garland drain of appropriate size, gradient, and length shall be constructed for both mine pit and waste dump and sump capacity shall be designed keeping 50% safety margin over and above peak sudden rainfall (based on 50 years data) and maximum discharge in the area adjoining the mine site. Sump capacity shall also provide an adequate retention period to allow proper settling of silt material. Sedimentation pits shall be constructed at the corners of the garland drains and de silted at regular intervals.
52. Ground and surface water, if any in and near the core zone (within 5.0 km of the lease) shall be regularly monitored for contamination and depletion due to mining activity and records maintained. The monitoring data shall be submitted to the Integrated Regional Office, MoEF&CC, GoI, Lucknow and U.P. Pollution Control Board regularly. Further, monitoring points shall be located between the mine, and drainage in the direction of flow of groundwater shall be set up and records maintained.
53. Fugitive dust generation shall be controlled. Fugitive dust emission shall be regularly monitored at locations of nearest human habitation (including schools and other public amenities located nearest to sources of dust generation as applicable) and records submitted to the Integrated Regional Office, MoEF&CC, GoI, Lucknow and U.P. Pollution Control Board regularly.
54. Baseline data for ambient air quality shall be generated and maintained and RSPM level in ambient air in the nearby human habitation (villages) shall also be monitored along with other parameters.
55. Corporate Environmental Responsibility (CER) shall be by the project proponent and the details of the various heads of expenditure are to be submitted as per the guidelines provided in the recent CER notification No. 22-65/2017-IA.III dated 01/05/2018. Work to be executed with the installation of five hand pumps for drinking water, solar light in villages of streets, construction of two numbers of toilets at the primary school with name displayed and address and details of the beneficiary and gram Pradhan along with phone number, photographs should be submitted to Directorate as well as to the District Magistrate / Chief Development officers.
56. Transportation of minerals shall be done by covering the trucks with tarpaulin or other suitable mechanisms so that no spillage of mineral/dust takes place.
57. Occupational health and safety measures for the workers including identification of work-related health hazards, training on malaria eradication, HIV, and health effects on exposure to mineral dust, etc. shall be carried out. Periodic monitoring for exposure to respirable mineral dust on the workers shall be conducted and records maintained including the health records of the workers. Awareness programmes for workers on the impact of mining on their health and precautionary measures like the use of personal protective equipment etc. shall be carried out periodically. A review of the impact of various health measures shall be conducted followed by follow-up action wherever required.
58. The project proponent will ensure for employing local people as per requirement, necessary protection measures around the mine pit and waste dump, and garland drain around the mine pit and waste dump.
59. Topsoil / solid waste shall be stacked properly with proper slope and adequate safeguards and shall be utilized for backfilling (wherever applicable) for reclamation and rehabilitation of the mined-out area. Topsoil shall be separately stacked for utilization later for reclamation and shall not be stacked along with overburden.
60. Overburden (OB) shall be stacked at the earmarked dump site(s) only and shall not be kept active for long period. The maximum height of the dump shall not exceed 20 m, each stage shall

preferably be of a maximum of 10 m and the overall slope of the dump shall not exceed 35°. The OB dump shall be backfilled. The OB dumps shall be scientifically vegetated with suitable native species to prevent erosion and surface runoff.

61. Monitoring and management of rehabilitated areas shall continue until the vegetation becomes self-sustaining. Compliance status shall be submitted to the Regional Office, Ministry of Environment & Forests, Gol, Lucknow, and U.P. Pollution Control Board on a six-monthly basis.
62. The slope of the mining bench and ultimate pit limit shall be as per the mining scheme approved by the Indian Bureau of Mines.
63. Permission for the abstraction of groundwater shall be taken from Central Ground Water Board. Regular monitoring of ground and surface water sources for level and quality shall be carried out by establishing a network of existing wells and constructing new piezometers during the mining operation. The monitoring shall be carried out four times in a year i.e., premonsoon (April/May), monsoon (August), post-monsoon (November), and winter (January), and the data thus collected shall be regularly sent to MoEF&CC, Central Ground Water Authority, and Regional Director, Central Ground Water Board.
64. The wastewater from the mine shall be treated to conform to the prescribed standards before discharging into the natural stream. The discharged water from the Tailing Dam, if any shall be regularly monitored and report submitted to the Integrated Regional Office, MoEF&CC, Gol, Lucknow, Central Pollution Control Board, and the State Pollution Control Board.
65. Hydrogeological study of the area shall be reviewed by the project proponent annually. In case the adverse effect on groundwater quality and quantity is observed mining shall be stopped and resumed only after mitigating steps to contain any adverse impact on groundwater is implemented.
66. Vehicular emissions shall be kept under control and regularly monitored. Vehicles used for transportation of minerals and others shall have valid permissions as prescribed under Central Motor Vehicle Rules, 1989 and its amendments. The vehicles transporting minerals shall be covered with a tarpaulin or other suitable enclosures so that no dust particles / fine matters escape during the period of transportation. No overloading of minerals for transportation shall be committed. The trucks transporting minerals shall not pass through the wildlife sanctuary if any in the study area.
67. Prior permission from the Competent Authority shall be obtained for the extraction of groundwater if any.
68. A final mine closure plan, along with details of Corpus Fund, shall be submitted to the Integrated Regional Office, MoEF&CC, Gol, Lucknow and U.P. Pollution Control Board 5 years in advance of final mine closure for approval.
69. Project Proponent shall explore the possibility of using solar energy where ever possible.
70. Commitment towards CER has to be followed strictly.
71. Regular health checkup record of the mineworkers has to be maintained at the site in a proper register. It should be made available for inspection whenever asked.
72. Project Proponent has to strictly follow the direction/guidelines issued by MoEF&CC, CPCB, and other Govt. Agencies from time to time.
73. The blasting will be done only after getting permission from the Mining Department.

You shall also ensure that the proposed site is not a part of any no-development zone as required/prescribed/identified under law. In case of violation, this permission shall automatically deem to be cancelled. Also, in the event of any dispute on ownership or land use of the proposed site, this clearance shall automatically deem to be cancelled.

Any appeal against this EC shall lie with the National Green Tribunal, if preferred, within a period of 30 days as prescribed under Section 16 of the National Green Tribunal Act, 2010.

The above stipulated conditions will be enforced inter-alia, under the provisions of the Water (Prevention & Control of Pollution) Act, 1974, the Air (Prevention & Control of Pollution) Act, 1981, the Environment (Protection) Act, 1986 and the Public Liability Insurance Act, 1991 along-with their amendments and rules made there under and also any other orders passed by the Hon'ble Courts of Law relating to the subject matter.

The project proponent will have to submit approved plans and proposals incorporating the conditions specified in the Environmental Clearance within 03 months of issuance of this clearance. The SEIAA/MoEF reserves the right to revoke the environmental clearance, if conditions stipulated are not implemented to the satisfaction of SEIAA/MoEF. SEIAA may impose additional environmental conditions or modify the existing ones, if necessary.

This is to request you to take further necessary action in matter as per provisions of Gazette Notification No. S.O. 1533(E) dated 14/09/2006, as amended and send regular compliance reports to the authority as prescribed in the aforesaid notification.

MS SIYARANI FILLING STATION

GATA N.288,KHAND-04,TEHSIL-CHARKHARI,DISTT.-MAHOBA
210421,MAHOBA,210421

Application Id-
20764427

Consolidated Consent to Operate and Authorisation hereinafter referred to as the CCA (Consolidated Consent & authorization) (Fresh) under Section-25 of the Water (Prevention & Control of Pollution) Act, 1974 and under Section-21 of the Air (Prevention & Control of Pollution) Act, 1981

CCA is hereby granted to MS SIYARANI FILLING STATION located at GATA N.288,KHAND-04,TEHSIL-CHARKHARI,DISTT.-MAHOBA 210421,MAHOBA,210421. subject to the provisions of the Water Act, Air Act and the orders that may be made further and subject to following terms and conditions :-

1. This CCA MS SIYARANI FILLING STATION granted for the period from 01/07/2023 to 31/12/2027 and valid for manufacturing of following products.

S No	Product	Quantity	Unit
1	Building Stone (Khanda, Boulder, Gitti)	26293	Cubic Meters/Year

2. Conditions under Water(Prevention and Control of Pollution) Act -1974 as amended :-

(i) The daily quantity of effluent discharge (KLD) :-

Kind of Effluent	Quantity(KLD)	Treatment facility	Discharge point
Domestic	1.0 KLD	Septic Tank	Soak Pit

(ii) Trade Effluent Treatment and Disposal :-The applicant shall operate Effluent Treatment Plant consisting of primary/secondary and tertiary treatment as is required with reference to influent quantity and quality.

In case of stoppage of functioning of ETP, production has to be stopped immediately and this Board has to be intimated by fax/phone/email with a report in this regard to be dispatched immediately.

(iii) The treated effluent shall be recycled to the maximum extent and should be reused within the premises for gardening etc. Quality of the treated effluent shall meet to the following general and specific standards as prescribed under Environment (Protection) Rules, 1986 and applicable to the unit from time-to-time :-

Industrial Effluent Quality Standard

S.No.	Parameter	Standard
-------	-----------	----------

(iv) Sewage Treatment and Disposal :- The applicant shall provide comprehensive STP as is required with reference to influent quantity and quality. In case of stoppage of functioning of STP, production has to be stopped immediately and this Board has to be intimated by fax/phone/email with a report in this regard to be

dispatched immediately.

(v) The treated sewage shall be reused in gardening as far as possible. The STP shall be maintained continuously so as to achieve the quality of the treated sewage to the following standards.

S No.	Parameters	Standards
-------	------------	-----------

3. Conditions under Air (Prevention and Control of Pollution) Act -1981 as amended :-

i) The applicant shall use following fuel and install a comprehensive control system consisting of control equipment as required with reference to generation of emissions and operate and maintain the same continuously so as to achieve the level of pollutants to the following standards.

Air Pollution Source Details

S No.	Air Pollution Source	Type of fuel	Stack no	Control Device	Height of Stack
1	Dust emission during manual mining, transportation and loading/unloading of Building Stone (Gitti/Boulder/Khanda).			Particulate Matter	water sprinkling system and Green Belt for controlling dust emission.

Emmission Quality Standards

S No.	Stack no	Parameters	Standards
1		Particulate Matter	Ambient Air Standard as per E(P) Act 1986.

In case of stoppage of functioning of air pollution control equipment, production has to be stopped immediately and this Board has to be intimated by fax/phone/email with a report in this regard to be dispatched immediately

(ii) The unit will not use any type of restricted fuel.

iii) Noise from the D.G. Set and other source(s) should be controlled by providing an acoustic enclosure as is required for meeting the ambient noise standards for night and day time as prescribed for respective areas/zones (Industrial, Commercial, Residential, Silence) which are as follows :-

Day time : from 6.00 a.m. to 10.00 p.m., Night time: from 10.00 p.m. to 6.00 a.m.

Standards for Noise level in db(A) Leq	Industrial Area		Commercial Area		Residential Area		Silence Zone

4. Essential documents to be submitted by the Industry/Unit as Applicable :-

be maintained
15.

Environment Statement in Form-V of Environment (Protection) Rules, 1986.

Quarterly compliance report of the CCA, photograph of ETP/APCs/Waste Storage Area.

5. Competent Authority reserves the right to change/modify/add any time any condition of this CCA.

6. Unit has to comply with the following specific & general conditions. Non compliance of any provision of this CCA and provisions of the Water Act, Air Act and Hazardous and Other Wastes (Management and Transboundary Movement) Rules, 2016 will result in legal action under the aforesaid Acts and Rules.

7. In compliance to the G.O 1011/81-7-2021-09 (Writ)/2016 dated.13.10.2021 issued by Department of Environment, Forest and Climate Change, Uttar Pradesh. You are directed to develop Miyawaki Forest as per the SOP available at URL:-<http://www.upecp.in/TrainingSession.aspx> for ensuring timely compliance of this direction, you are hereby directed to submit a bank guarantee with minimum validity of one year of the amount equivalent to the sum of initial consent fees (Air and Water) or Rs. 50,000/- (Rs. Fifty Thousand Only) whichever is more, within 30 days from the date of issuance of this certificate. In case of non-compliance of this direction, your consent will be revoked by the Board.

8. If the unit uses the ground water and requires the permission from SGWA/CGWA for water abstraction then the industry will have to obtain No objection certificate for abstraction of ground water. It will be the responsibility of the industry to comply with the various conditions of the NOC obtained from the competent authority and submit to the Board, within 3 months time failing which CTO will be revoked.

General Conditions:-

1. The applicant shall get analysed the samples of effluent/emission/hazardous wastes at least once in a three month from the laboratory recognized by the MoEF and shall report to the UPPCB.

2. The applicant shall however, not without the prior consent of the Board bring into use any new or altered outlet for the discharge of effluent or gases emission or sewage waste from the unit.

3. Treated Industrial waste water and domestic waste water shall be disposed jointly at one disposal point. The applicant shall provide discharge measurement equipment at final disposal point.

4. The applicant shall strictly comply with conditions of this CCA and submit compliance report of stipulated conditions within 30 days of receipt of this CCA. If at any point of time, it is found that the industry is not complying with stipulated conditions or any further direction/instruction issued by the Board, legal action shall be initiated against the applicant.

5. The applicant shall maintain good house keeping. All valves/pipes/sewer/drains etc. must be leak-proof

6. The industry shall provide uninterrupted entry to the STP/ETP inlet and outlet points, Air Pollution Control equipment and stack for smooth sampling/monitoring of efficiency of pollution control systems.

7. The industry shall provide Inspection Book at the time of inspection to the Board's officials.

8. Whenever due to any accident or other unforeseen act or event, such emission occurs or is apprehended to occur in excess of standards laid down, such information shall be reported to the Board's offices and all other concerned offices. In case of failure of pollution control equipment, the production process connected to it shall be stopped with immediate effect.

9. The industry shall operate in a manner so that all emissions be emitted through designated chimney/stack only.

10. In case of any damage to the agriculture productivity, human habitation etc. by the operation of industry, it shall be imperative to stop production in the industry with immediate effect and such information shall be reported to Board's offices. The industry shall be liable to pay compensation also in such cases as decided by the Competent Authority.

11. The applicant shall apply before the 60 days of expiry of CCA or any change in production types/production capacity/manufacturing process/capacity enhancement etc. or any change in effluent discharge point or emission point

12. The Board reserves the right to revoke/add/modify any stipulated condition issued along with CCA, as may be necessary.

Specific Conditions:-

1. This consent is valid for production of Building Stone (Gitti/Boulder/Khanda) -26293 Cu Me opencast and semi mechanized mining in 0.809 hectare leased area GATA NO.-288, KHAND-04. CHARKHARI, DISTT.-MAHOBA.
2. Mining unit shall comply with the conditions of Environmental Clearance issued by State Environment Impact Assessment Authority (SEIAA) vide EC identification No. EC22B001UP121295 dated 14.12.2022 and submit its compliance report to UPPCB.
3. If the lease agreement expires prior to 31-12-2027, then the validity of this CTO shall stand expiratory simultaneously with the expiry of mining lease.
4. Mining shall be done as per EC issued by SEIAA and directions given by Mining Department/District Administration.
5. Unit shall develop and maintain green belt as per the conditions of Environmental Clearance.
6. Unit shall not withdrawal ground water for any industrial activity without obtaining necessary permission from UPGWA.
7. The domestic effluent shall be treated through septic tank/soak pit or provide mobile toilet facility.
8. Unit shall make water sprinkling arrangement through Tankers for dust suppression at different sources of dust emission during mining, transportation, loading and unloading of Building Stone (Gitti/Boulder/Khanda).
9. Unit should operate and maintain installed water sprinkler system effectively and continuously to achieve the standards prescribed under E(P) Rules, 1986.
10. Unit shall submit Ambient air monitoring reports of NABL accredited laboratory on quarterly basis to the Board.
11. All trucks, tractors used in transportation of Building Stone (Gitti/Boulder/Khanda) shall be covered by canvas sheet to prevent dust emission.
12. Water will be sprayed after loading activity (if Building Stone (Gitti/Boulder/Khanda) collected could be in dry condition).
13. The dust suppression measures like water spraying will be done on the haul roads and working areas.
14. Industry should comply with the provisions of Hazardous and Other waste (Management & Trans boundary Movement) Rules 2016.
15. Solid waste should be disposed in such manner, so that no water, air and soil pollution takes place.
16. Industry shall abide by directions given by Hon'ble Court, Hon'ble NGT, MoEF&CC, Central Pollution Control Board, UPPCB and District Administration for protection and safe guard of environment from time to time.
17. The unit shall submit the latest copy of Audited Balance Sheet/C.A. Certificate (Fixed Assets+ Current Assets - Current Liabilities) for verification of the Consent fee payable by the industry within 15 days. In case CTO fee dues then it shall be submitted to the Board immediately.
18. Consent fees if revised, shall be payable by industry from the date of its applicability.
19. Industry shall comply with the relevant provisions of Environmental Laws.
20. If closure order is issued by CPCB or UPPCB against the unit, then CTO issued earlier will remain suspended during the closure period and after ensuring the compliance and after revocation of closure order, the CTO will automatically be effective with additional conditions mentioned in the closure revocation order.
