13. That it is denied as baseless and vague that the Answering Respondent has no regard for the conditions laid down in the EC dated 13.01.2023 issued by the Respondent No.6 which are to be mandatorily complied with by the Respondent no.7. That such allegation is baseless and without any substance since the Applicant has not provided any material in support of its allegations.

14. That it is denied as baseless and vague that the Answering Respondent is violating the condition no.7 & other condition no. 10 of the mining permit and carrying out mining activity beyond 600 meters of Gata/Khand No.1 and carrying out mining activities in several Khasras i.e. Khasra No. 27 to 30, 33 and 40 to 44. It is

submitted that no material has been placed on record by the Applicant in support of such frivolous allegations.

15. That it is denied that the, the Answering Respondent is prima facie violating the other condition no. 1 wherein no CCTV cameras or check posts has been set up. In this regard it is submitted that Answering Respondent has installed the CCTV cameras at its site when the mining was in operation. However presently since the mining is over and the lease period has also expired, the setup has been removed at the time of expiry of the lease period.
16. That it is further denied that the sand is being extracted from almost 80 Ft depth by use of pumping gen sets and poclain machines which is much beyond the permissible depth of three (3) meters. In this regard it is submitted that the answering Respondent has never used any poclain machines, scooper etc. and only used machines per EC conditions and mining plan to extract the mineral. And only lighter machines like loader for the purpose of loading the sand was used and the mining was undertaken by the labourers. And it is further submitted that the mining has been carried out within the permissible depths. It is noteworthy that mining site in question has been subjected to inspections by the authorities on several occasions including dates 28.02.2023 and 20.09.2023 and at no point of time, any violation was observed.
17. That the allegation that the Answering Respondent is involved in photo shopping and preparing false and fabricated FORM MM11 as requisite under Rule 72(1) of Minor (Concessions) Rules 2021 formulated by the State Government in exercise of its powers under Section 23(c) of the Mines and Minerals (Development and Regulation) Act, 1957, is baseless and incorrect and in this regard it is submitted that the Answering Respondent was never involved

in fabrication or falsification of the FORM MM11 as alleged. On the other hand the annexed FORM MM11 seems to be forged by the Applicant himself to create false evidence before the Hon'ble Tribunal.

It is submitted that upon verifying the FORM MM11 annexed with OA, it came to fore that vehicles mentioned in those FORMS has carried out mining for various other miners which cannot be imagined to be within the reach of Answering Respondent for photo shopping or for any other purpose. One alleged MM11 at page no.80 of OA pertains to mining permit holder against whom OA No. 410/2023 has been filed. Copy of the details of this particular FORM MM11 as accessed from the website of Directorate of Geology and Mining Uttar Pradesh is annexed as **ANNEXURE R7/2.**

It is most respectfully submitted that Respondent is not concerned with any of the alleged FORM MM 11. It is further submitted that there is no reason for answering respondent to adopt such malpractice of photoshopping any FORM MM 11, in fact Answering Respondent could not complete the excavation of permitted quantity of mineral (22,622 cubic metres). And 649 cubic metre of mineral could not be excavated due to rainfall in pre and post monsoon period, Resultantly Answering respondent returned unused FORM MM11 for such unexcavated quantity of minerals. The copy of acknowledgment of the returned unused FORM MM11 is annexed as **ANNEXURE R7/3.**

At the cost of repetition, it is humbly submitted that the answering respondent has carried out the mining within the permissible limits. It is pertinent to mention here that no instance has ever noticed by any authority regarding fabricated FORM MM 11. It is further submitted that 1671 transit passes were generated

for carrying the mined material and vehicles went to various districts in Delhi, Haryana and Uttar Pradesh, however no authority/officer has ever alleged any fabrication or forged FORM MM11 as alleged by the Applicant. This concocted story made in OA is baseless and beyond reality.

18. That with respect to the false averment that the Answering Respondent was involved in the extraction of daily more than 80 to 100 trucks of sand from the site and in this respect complaint has also been made by the locals, it is submitted that the said annexure of complaint seems to be after thought as the alleged letter is neither dated nor shown to be served upon the addressee. Further said letter contains various manipulations including hiding some lines. Such tempering itself shows malafide of the applicant and present OA deserves dismissal.
19. That with respect to the photographs annexed with the OA by the Applicant showing site of the Answering Respondent, it is submitted that the alleged site shown in the photographs do not belong to the Answering Respondent and the same appears to be belonging to some other person/unit.
20. That it is finally submitted that the entire averments made in the application by the Applicant are vague and general in nature and has been made just to harass the Answering Respondent who has done the mining entirely within the permissible limits in terms of area and quantity and has also not violated any law.
21. That even as per the report of the Joint committee dated 20.09.2023 in the present OA and the connected OA No. 410/2023, there is no violation found by the Joint Committee against the Answering Respondent.

PRAYER

Therefore, in light of the above submissions it is humbly prayed that the Original Application against the Answering Respondent be dismissed.
