**ACTION TAKEN REPORT ON BEHALF OF DELHI POLLUTION  
CONTROL COMMITTEE IN COMPLAINE TO THE ORDER  
DATED 20.03.2020**

**IT IS MOST RESPECTFULLY SHOWETH:**

1. That, this Hon'ble Tribunal took up the matters on 16.03.2020 and pleased to direct Delhi Government and DPCC to take necessary action and file the report. Now this matter is listed for 24.07.2020 before this Hon'ble Bench for kind consideration.

**Operation of Pickling Units**

2. That, as reported to this Hon'ble Tribunal in the month of December, 2018, DPCC has passed the closure directions dated 06.12.2018 in respect of 90 Stainless Steel Pickling Units ("Pickling Units") operating

in Wazirpur Industrial Area, SMA Industrial Area, GT Karnal Road and Badli Industrial Area. Pursuant to the above closure directions, 90 Pickling units were effectively closed with the coordinated efforts of DPCC in December 2018. List of 90 units which were effectively closed by DPCC are annexed here to as **Annexure – 1.**

- 3. That DPCC has emphasised the operators of S.S. Pickling units to remove plant & machinery used by them to ensure that there is no chance of revival of operation of the pickling activity in industrial areas of Delhi. 86 units out of 90 units have already removed their plant and machinery. All 86 sites were inspected by DPCC officials in the months of May & June 2020 and found that plant and machinery used for pickling activity have been removed by the respective unit owners.
- 4. That due to effective closure and enforcement action taken against the operation of S.S. Pickling units, pH at the inlet of Wazirpur CETP has improved considerably. As per the monthly monitoring conducted by DPCC, pH at the inlet and outlet of Wazirpur CETP from March 2020 to July, 2020 is as given below:

Month	Date of Monitoring	Inlet pH	Outlet pH
March, 2020	02.03.2020	5.8	7.4
May, 2020	21.05.2020	6.79	6.87
June, 2020	17.06.2020	5.3	7.4
July, 2020	08.07.2020	7.28	7.4

**Recovery of Environmental Compensation**

- 5. That, since it was established that the CETP society Wazirpur Industrial Area has caused damage to the environment by dumping hazardous waste in the plot adjacent to the plant, Environmental Damages Compensation of Rs. 13.5 crores under Hazardous and Other Wastes (Management and Transboundary Movement) Rules, 2016, was assessed and the Society was directed to deposit the same . As the CETP society has not deposited the EDC, Recovery Certificate was issued on 06.07.2020 to recover the said compensation as arrears of

land revenue. In addition, the DPCC has imposed interim EDC on 15 pickling units which were found operating clandestinely. Out of the 15 units, 6 units have deposited EDC amounting to total of Rs. 60 lakhs. Recovery certificates have been issued against the rest of the 9 units for recovery of the EDC amount as arrears of land revenue.

### **Deposition of cost imposed upon Delhi Government**

6. That this Hon'ble Tribunal has also imposed cost of Rs 35 crores upon GNCTD and directed to deposit the same vide its order dated 16.03.2020 uploaded on 20.03.2020. However, considering the present crisis of COVID-19 pandemic, deposit of Rs. 35 crores by GNCTD would aggravate the already existing financial crisis faced by the State Exchequer due to the very huge and exorbitant expenditures already incurred by the GNCTD since March 2020 in managing the Unprecedented health crisis and emergency coupled with steep downfall in the revenue earnings due to lockdown which has brought down the economic activities to the lowest level.
7. That it is respectfully submitted that the Delhi Government has filed statutory appeal vide diary number 13640/2020 in the Hon'ble Supreme Court seeking relief from depositing the huge cost at this stage. This appeal is likely to be listed soon before the bench of Hon'ble Supreme Court.

### **Development of TSDF Site in Delhi**

8. That, regarding setting up of TSDF at Bawana, DSIIDC has awarded the turn-key contract to M/s Tamil Nadu Waste Management Limited (M/s TNWML) on 30.11.2019 for development, operation and maintenance of the facility. MoEF&CC vide its letter dated 06.01.2020 has already issued Terms of Reference (TOR) for Environmental Clearance for the said project. M/s TNWML has submitted EIA report to DPCC for conducting public hearing as per the EIA Notification, 2006. Public notice was issued on 06.03.2020 in newspapers as well as displayed at the offices/localities for conducting public hearing on 09.04.2020. However, the public hearing scheduled on 09.04.2020 at the TSDF Site for Environmental Clearance (EC) could not be held due to

enforcement of lockdown since 22.03.2020. The MoEF&CC was requested to explore the possibility of exclusion of public hearing for the above mentioned project due to spread of COVID-19 pandemic in NCT of Delhi. But the MoEF&CC vide letter dated 23.06.2020 has informed that DPCC should notify another date for conduct of public hearing expeditiously and in a manner that ensure the conduct of such hearing with adequate social distancing and other safe guards issued by the Government of India from time to time. That, Public Hearing for the TSDf for Hazardous waste at Bawana was finally held on 14.07.2020 at the TSDf site. Further proceedings are being carried out expeditiously for consideration of grant of EC.

- 9. In compliance of the directions of the Hon'ble Tribunal that till establishment of TSDf and up-gradation of CETP no new industry generating hazardous waste is being permitted in the industrial areas. It is submitted that no consent to establish is granted by DPCC to any new Hazardous Waste generating unit or any water polluting unit in those areas where up-gradation of CETP is required.

The above report may kindly be taken on record. DPCC is bound by the orders of Hon'ble Tribunal in the matter.
