Memo No: 31 /DC(Gyz)/2023

Dated: .20/03/2023

STATUS REPORT

Sub: Reg. EXECUTION APPLICATION NO: 04/2023 IN ORIGINAL APPLICATION NO: 147/2021. IN THE MATTER OF MAHESH CHANDRA SAXENA VS THE CHIEF SECRETARY, GOVERNMENT OF NCT OF DELHI VS OTHERS.

Sir,

In pursuance of above, the Office of the District Collector, Gyalshing would like to submit as under;

- a. That the public drinking water supply in the rural areas under Gyalshing District are undertaken by Rural Management Development Department (RMDD). The urban and semi urban areas are supplied by Public Health Engineering Department (PHE). Geographically, Gyalshing District comprises of 100% hilly terrain and only the natural perennial springs are used as a source of drinking water. The same is collected in the storage tank with required process of filtration and sedimentation. The clean water is distributed to every household with piped supply systems. Being the hilly region, only natural surface water is used for drinking and till date, the ground-water harvesting is not used for drinking. Hence, the quality of drinking water in the district is very good.
- b. That, with regard to Rain Water Harvesting and roof water harvesting, it is being practiced in some areas only and used specially for agricultural and other household purposes and not used for drinking.
- c. That, the drinking water that is used in Gyalshing District, Sikkim is free from any kind of contamination as on date.

Thanking You

Your Sincerely

Additional District Collector
Gyalshing District.
