Encls: as above.

**FORMAT FOR INFORMATION ON CARCASS DISPOSAL
IN GREATER HYDERABAD MUNICIPAL CORPORATION, HYDERABAD**

1. **Current practices adopted in GHMC, Hyderabad:** The dead animals found on the roads and in the premises of owners are lifted by the contractors engaged at Zonal level and they are properly disposed of at GHMC trenching yard at Autonagar by deep burial and covering with soil, lime and bleaching powder. Further, the slaughterhouse waste is being processed at Dry Rendering Plant at Chengicherla.

2. **No. of carcass disposal sites:** Three
 - (1) Deep Burial at Autonagar (L.B. Nagar Zone, GHMC)
 - (2) Dry Rendering Plant, Chengicherla
 - (3) Electrical Incinerator at Fathullaguda (Under construction)

3. **No. of scientifically developed sites:** Three
 - (1) **Deep Burial at Autonagar.**

 - (2) **Dry Rendering Plant at Chengicherla:** In order to deal with slaughterhouse waste and dead animals, the GHMC has established a Dry Rendering Plant at Chengicherla and its commercial operation commenced on 17.07.2019.

 - (3) **Electrical Incinerator at Fathullaguda:** In order to dispose of the carcasses of street dogs scientifically and for a dignified & respectful cremation of pet animals, the GHMC has taken up the installation of an Electric Incinerator under Corporate Social Responsibility (CSR) programme at Fathullaguda in Hayathnagar Circle, L.B. Nagar Zone, GHMC. The proposed incinerator is designed based on the guidelines of the Central Pollution Control Board and is capable to incinerate 50 Kgs./hour. The operation of the Electrical Incinerator commences in a month.

4. **No. of sites to whom consent/authorization has been issued:** One (Dry Rendering Plant at Chengicherla).

5. For each site following information to be provided:

(A) **Deep Burial at Autonagar:**

1	Scientific /unscientific		Scientific
