**ORDER**

1. This order is being passed in continuation of order dated 16.12.2019. The issue for consideration is the remedial action against illegal dumping of garbage by Nagar Palika, Loni, District Ghaziabad, Uttar Pradesh. Vide order dated 02.04.2019, a factual and action taken report was sought from the Uttar Pradesh State Pollution Control Board (UPSPCB) and the District Magistrate, Ghaziabad. Report dated 25.05.2019 was considered vide order dated 08.08.2019 and in view of acknowledged fact situation of illegal dumping and burning of garbage, further action taken report was required to be furnished.
2. The matter was thereafter considered on 19.09.2019 as follows:

"4. In view of above, compliance report dated 13.09.2019 has been filed by the SPCB finding out various deficiencies. The report inter-alia states as follows:

*"In reference to the above said order and in view of non-compliance of Solid Waste Management Rules, 2016, which has led to degradation of environment, recommendation to impose environmental compensation of Rs. 50,000/- for bulk waste dumping and Rs 5,000/- as environmental compensation for transportation of municipal solid waste in open dumpers has been sent to against Nagar Palika, Loni has been sent to Officer in Charge, Local Bodies, Collectorate, Ghaziabad.*

**Also, process for filing prosecution/complaint against Executive Officer, Loni, Ghaziabad and contracted agency for handling municipal solid waste in the area, M/s Aryan Group of Guard Services, Lucknow under relevant sections of Environment (Protection) Act. 1986 has been initiated by Uttar Pradesh Pollution Control Board for gross violation of Solid Waste Management Rules, 2016."**

**5. In view of above failure, resulting in damage to the environment and the public health, it becomes necessary to require the Principal Secretary, Urban Development, U.P. to look into the matter and take remedial measures and furnish a compliance report to this Tribunal within one month by e-mail at [judicial-ngt@gov.in](mailto:judicial-ngt@gov.in). While looking into the matter, the Principal Secretary, Urban Development may ensure that an action plan is in place with timelines."**

3. On 16.12.2019, the matter was again taken up and the Tribunal observed:

**"No report has been received from Principal Secretary, Urban Development, even though the matter was adjourned to today.**

*In view of the above, the Principal Secretary, Urban Development and the Executive Officer, Municipal Council, Loni may remain present on the next date along with the compliance report.*

*A copy of this order be sent to the Principal Secretary, Urban Development and the Executive Officer, Municipal Council, Loni by e-mail for compliance. A copy of this order be also sent to the monitoring Committee headed by Justice S.K. Singh, former Judge of the Allahabad High Court. The*

said Committee may also look into the matter and give its report before the next date by e-mail at [judicial-nqt@gov.in](mailto:judicial-nqt@gov.in).

List for further consideration on 26.02.2020.”

4. Accordingly, Principal Secretary, Urban Development is present in person. An action taken report has been filed only on 25.02.2020 as follows:

S. N.	Issue	Compliance / Action taken
1	Continuing Dumping Waste in the area of Ahmad Nagar Navada site.	This dumping site in Ahmad Nagar Navada was earlier used by Nagar Palika Parishad Loni for disposing waste. However, the dumping on the site has been stopped and no fresh waste is being dumped on the site. The report of UPPCB dated 13.09.19 also concurs the same that no fresh waste is being found in inspection. For the legacy waste accumulated on the site over past years, the Nagar Palika Parishad Loni has been directed to prepare and execute plant for scientific treatment of the legacy waste as per CPCB guidelines of March, 2019 related to treatment of legacy waste. Nagar Palika Parishad Loni has prepared the DPR which is under evaluation, and it is submitted that the treatment of legacy waste work will be commenced within next two months.
2	Fresh Waste Dumping on Site Nithora Road without permission from the Board	Nagar Palika Parishad Loni has informed that, it has applied for the permission to UPPCB.
3	Sanction of Scientific Landfill Management and Processing Facility	The state government has already sanctioned Rs. 5.31 Crore of fund for development of scientific landfill site and processing facility for Nagar Palika Parishad Loni. <b>The Fund has been released in the year 2009 to the executing agency CNDS, UPJN. The work could not be started because of non availability and peaceful possession of the selected site to the executing agency.</b> The district administration has been asked to resolve the issue with local populace who have been protesting against the setting up of the processing facility.
4	Setting up of Scientific Landfill Site and Processing Facility at Meerpur Hindu.	This site was identified for setting up of processing plant and developing scientific landfill site and fund was released by the state government for the same. UPPCB in it's

		<p>report has also found that this site is away from residential area. However, due to local protest the work could not be started on the site. In compliance of Hon'ble Tribunal's order, the department has taken up this issue and asked the District Magistrate, Gaziabad vide its' letter dated 9.01.2020, 24.01.2020 &amp; 10 February, 2010. The District Magistrate has assured that the issue will be resolved as early as possible. Under such circumstances, it is humbly submitted before this <b>Hon'ble Tribunal that at least three months time be allowed for resolving the issue and ensure peaceful possession of the land so that the work may commence on the site.</b></p>
5	Transportation of Solid Waste in open vehicles.	<p>It is submitted by the Nagar Palika Parishad that the waste is being collected and transported in covered vehicles. Nagar Palika Parishad Loni has contracted out the work of door to door collection and transportation to an agency. Thus it is humbly submitted that it is being complied. A detailation plan for collection of waste as per rule has been prepared by NPP Loni. (Annexure-1).</p>
6	Application for authorisation for developing Processing site at Meerpur Hindu.	<p>As the land site at Meerpur Hindu is still being protested against by local populace and DM has been asked to resolve the issue, the application for authorisation shall be made immediately after the peaceful possession of the site to the executing agency for commencing the work.</p>

*3. it is submitted before this Hon'ble Tribunal that the Department is committed to ensure compliance of SWM Rules and directions of this Hon'ble Tribunal. However, it is humbly submitted before this Hon'ble Tribunal that the issue of land availability for developing scientific landfill site and processing plant is a major challenge. Often the local population is against setting up of these facilities in the area. The department has been consistently requesting District Magistrate Ghaziabad for resolving the issue and it is expected that the problem will be resolved with help of district administration very soon so that a scientific processing facility is set up in the area of Nagar Palika Parishad Loni. In view of the efforts being made it is requested to this Hon'ble Tribunal to kindly grant three months time for starting the work of setting up of the processing facility."*

5. The above status report shows apathy of the administration in dealing with the matter. Even though the Solid Waste Management Rules, 2016 have been in position since 2016 and prior to that also similar Rules were in operation, it is difficult to understand why the State Administration has not taken necessary steps. It is only at the stage of preparing DPR. The citizens continue to suffer on account of failure of the Administration. Explanation of the Principal Secretary, Urban Development present before this Tribunal is absolutely unsatisfactory and disappointing and shows utter disregard to the Rule of Law. The case is made out for coercive action against the Principal Secretary, Urban Development present for violating repeated directions of this Tribunal and the mandate of law to the detriment of citizens. There is serious failure of the public duties on wholly untenable grounds.
6. We may note that the matter was earlier considered by the Hon'ble Supreme Court *inter-alia* vide judgments reported in (2000) 2 SCC 678 and (2004) 13 SCC 538 directing scientific disposal of waste by setting up of compost plants, preventing water percolation through heaps of garbage, creating focused '**solid waste management cells**' in all States and complying with the Municipal Solid Waste Management Rules, 2016 (SWM Rules, 2016) on urgent basis. **It was observed that the local authorities constituted for providing services to the citizens are lethargic and insufficient in their functioning which is impermissible. Non-accountability has led to lack of effort on the part of the employees.** Domestic garbage and sewage along with poor drainage system in an unplanned manner contribute heavily to the problem of solid waste. The number of slums have multiplied

significantly occupying large areas of public land. Promise of free land attracts more land grabbers. **Instead of “slum clearance” there is “slum creation” in cities which is further aggravating the problem of domestic waste being strewn in the open.** Accordingly, the Court directed that provisions pertaining to sanitation and public health be complied with, streets and public premises be cleaned daily, **statutory authorities levy and recover charges from any person violating laws and ensure scientific disposal of waste**, landfill sites be identified keeping in mind requirement of the city for next 20 years and environmental considerations, sites be identified for setting up of compost plants, steps be taken to prevent fresh encroachments and compliance report be submitted within eight weeks.

7. Further observations in the judgment of the Hon'ble Supreme Court are:

*“3. The petitioner has handed over a note in the Court showing the progress that has been made in some of the States and also setting out some of the suggestions, including the suggestion for creation of solid waste management cell, so as to put a focus on the issue and also to provide incentives to those who perform well as was tried in some of the States. The said note states as under:*

- “1. As a result of the Hon'ble Supreme Court's orders on 26-7-2004, in Maharashtra the number of authorisations granted for solid waste management (SWM) has increased from 32% to 98%, in Gujarat from 58% to 92% and in M.P. from NIL to 34%. No affidavits at all have been received from the 24 other States/UTs for which CPCB reported NIL or less than 3% authorisations in February 2004. All these States and their SPCBs can study and learn from Karnataka, Maharashtra and Gujarat's successes.*
- 2. **All States/UTs and their SPCBs/PCCs have totally ignored the improvement of existing open dumps, due by 31-12-2001, let alone identifying and monitoring the existing sites. Simple steps can be taken immediately at almost no cost by every single ULB to prevent monsoon water percolation through the heaps,***

which produces highly polluting black run-off (leachate). Waste heaps can be made convex to eliminate standing water, upslope diversion drains can prevent water inflow, downslope diversion drains can capture leachate for recirculation onto the heaps, and disused heaps can be given soil cover for vegetative healing.

3. **Lack of funds is no excuse for inaction. Smaller towns in every State should go and learn from Suryapet in A.P. (population 103,000) and Namakkal in T.N. (population 53,000) which have both seen dustbin-free 'zero garbage towns' complying with the MSW Rules since 2003 with no financial input from the State or the Centre, just good management and a sense of commitment.**
  4. **States seem to use the Rules as an excuse to milk funds from the Centre, by making that a precondition for action and inflating waste processing costs 2-3 fold. The Supreme Court Committee recommended 1/3 contribution each from the city, State and Centre. Before seeking 70-80% Centre's contribution, every State should first ensure that each city first spends its own share to immediately make its wastes non-polluting by simple sanitising/stabilising, which is always the first step in composting viz. inoculate the waste with cow dung solution or bio culture and placing it in windrows (long heaps) which are turned at least once or twice over a period of 45 to 60 days.**
  5. **Unless each State creates a focussed 'solid waste management cell' and rewards its cities for good performance, both of which Maharashtra has done, compliance with the MSW Rules seems to be an illusion.**
  6. **The admitted position is that the MSW Rules have not been complied with even after four years. None of the functionaries have bothered or discharged their duties to ensure compliance. Even existing dumps have not been improved. Thus deeper thought and urgent and immediate action is necessary to ensure compliance in future."**
8. In this regard, reference may also be made to orders of Hon'ble Supreme Court in *Municipal Council, Ratlam vs. Vardhichand*<sup>1</sup> and *B.L. Wadhera v. Union of India and Ors.*<sup>2</sup> laying down that **clean environment is fundamental right of citizens under Article 21**

<sup>1</sup> (1980) 4 SCC 162

<sup>2</sup> (1996) 2 SCC 594

and it is for the local bodies as well as the State to ensure that public health is preserved by taking all possible steps. **For doing so, financial inability cannot be pleaded.**

9. The matter has also been considered by this Tribunal in pursuance of orders of the Hon'ble Supreme Court. This Tribunal considered the matter of solid waste management after notifying all the concerned States/Regulatory Bodies and finally disposed of the same on 22.12.2016<sup>3</sup> requiring all the States/UTs to follow the SWM Rules, 2016 after preparing requisite action plans in a time bound manner with further direction that **any State/UT which failed to comply with the Rules shall be liable to be proceeded against under Section 15 of the Environment (Protection) Act, 1986 (EP Act), apart from being required to pay environmental compensation and senior most officers of the States/Local Bodies being personally liable.** The directions also include requirement for segregation of waste, providing buffer zone around plants and landfill sites and due monitoring. The States/Local Bodies were also to create market for consumption of RDF. Tipping fee was to include the efficient and regular monitoring of waste processing plant, segregation of inert and C&D material and its transportation. Landfill sites were required to be bio-stabilized preventing leachate and generation of Methane, enforcement of Extended Producer Responsibility, rights and liabilities under contracts being made consistent with the Rules, creating public awareness about the facilities available at regular intervals. **Copy of the judgment was circulated to all the Chief Secretaries/Advisors of States/UTs.**

---

<sup>3</sup> O.A. No. 199/2014 (2016) SCC Online NGT 2981

10. Vide order dated 20.08.2018<sup>4</sup>, after referring to earlier proceedings and a chamber meeting with all the concerned stakeholders, the Tribunal considered the following questions:

- i. Whether State-wise Action Plan with timelines and budgetary support/provision for management of MSW has been prepared?*
- ii. Whether each city/town/urban local body is covered under the said Plan and individual Action Plan has timelines with budgetary provisions?*
- iii. What time has been fixed to completely comply with the provisions of the Rules, 2016?*
- iv. What are the main constraints of non-compliance of Rules, 2016?"*

**It was directed that action plans be finalized latest by 31.10.2018 and executed latest by 31.12.2019 which was to be overseen by the Principal Secretaries of Urban/Rural Development Departments of States/UTs.** States were directed to standardize technical specifications instead of leaving the same to individual local bodies. Further directions are for installing CCTV cameras at dump sites, installing GPS system in garbage collection vans, adopting best practices including control rooms where citizens can upload photos of garbage to be looked into by responsible officers, conducting performance audit with reference to source segregation, door to door collection, public sweeping, waste processing, grievance redressal mechanism and monitoring. This Tribunal also constituted Regional/Apex Committees for a limited period.

11. On 16.01.2019, in O.A. No. 606/2018, the Tribunal directed the Chief Secretary of all the States to review progress on important environmental issues and appear in person before the Tribunal.

---

<sup>4</sup> O.A. No. 606/2018

50. There is need to develop an institutional training mechanism involving technical, social and environmental issues for training of officers concerned with enforcement of environment norms at ground level. Training may be ongoing process at national level, State level and other appropriate levels as may be found necessary. Accordingly, CPCB has been directed to prepare such program<sup>42</sup> indicating persons required to be imparted training, subjects of training, resource persons, location of training, duration of training programmes etc.”

12. On 10.01.2020, after reviewing the earlier orders, this Tribunal directed:

“

**I. DIRECTIONS:**

1. We accordingly direct:

a. In view of the fact that most of the statutory timelines have expired and directions of the Hon'ble Supreme Court and this Tribunal to comply with Solid Waste Management Rules, 2016 remain unexecuted, compensation scale is hereby laid down for continued failure after 31.03.2020. The compliance of the Rules requires taking of several

steps mentioned in Rule 22 from Serial No. 1 to 10 (mentioned in para 12 above). Any such continued failure will result in liability of every Local Body to pay compensation at the rate of Rs. 10 lakh per month per Local Body for population of above 10 lakhs, Rs. 5 lakh per month per Local Body for population between 5 lakhs and 10 lakhs and Rs. 1 lakh per month per other Local Body from 01.04.2020 till compliance. If the Local Bodies are unable to bear financial burden, the liability will be of the State Governments with liberty to take remedial action against the erring Local Bodies. Apart from compensation, adverse entries must be made in the ACRs of the CEO of the said Local Bodies and other senior functionaries in Department of Urban Development etc. who are responsible for compliance of order of this Tribunal.

- b. Legacy waste remediation was to 'commence' from 01.11.2019 in terms of order of this Tribunal dated 17.07.2019 in O.A. No. 519/2019 para 28<sup>5</sup> even though statutory timeline for 'completing' the said step is till 07.04.2021 (as per serial no. 11 in Rule 22), which direction remains unexecuted at most of the places. Continued failure of every Local Body on the subject of commencing the work of legacy waste sites remediation from 01.04.2020 till compliance will result in liability to pay compensation at the rate of Rs. 10 lakh per month per Local Body for population of above 10 lakhs, Rs. 5 lakh per month per Local Body for population between 5 lakhs and 10 lakhs and Rs. 1 lakh per month per other Local Body. If the Local Bodies are unable to bear financial burden, the liability will be of the State Governments with liberty to take remedial action against the erring Local Bodies. Apart from compensation, adverse entries must be made in the ACRs of the CEO of the said Local Bodies and other senior functionaries in Department of Urban Development etc. who are responsible for compliance of order of this Tribunal.
- c. Further, with regard to thematic areas listed above in para 20, steps be ensured by the Chief Secretaries in terms of directions of this Tribunal especially w.r.t. plastic waste, bio-medical waste, construction and demolition waste which are linked with solid waste treatment and disposal. Action may also be ensured by the Chief Secretaries of the States/UTs with respect to remaining thematic areas viz. hazardous waste, e-waste, polluted industrial clusters, reuse of treated water, performance of CETPs/ETPs,

<sup>5</sup> The Chief Secretaries may ensure allocation of funds for processing of legacy waste and its disposal and in their respective next reports, give the progress relating to management of all the legacy waste dumpsites. Remediation work on all other dumpsites may commence from 01.11.2019 and completed preferably within six months and in no case beyond one year. Substantial progress be made within six months. We are conscious that the SWM Rules provide for a maximum period of upto five years for the purpose, however there is no reason why the same should not happen earlier, in view of serious implications on the environment and public health.

*groundwater extraction, groundwater recharge, restoration of water bodies, noise pollution and illegal sand mining.*

- d. *The compensation regime already laid down for failure of the Local Bodies and/or Department of Irrigation and Public Health/In-charge Department to take action for treatment of sewage in terms of observations in para 31 above will result in liability to pay compensation as already noted above.*
- e. *Compensation in above terms may be deposited with the CPCB for being spent on restoration of environment which may be ensured by the Chief Secretaries' of the States/UTs.*
- f. *An 'Environment Monitoring Cell' may be set up in the office of Chief Secretaries of all the States/UTs within one month from today, if not already done for coordination and compliance of above directions which will be the responsibility of the Chief Secretaries of the States/UTs.*
- g. *Compliance reports in respect of significant environmental issues may be furnished in terms of order dated 07.01.2020 quarterly with a copy to CPCB.*

*The Chief Secretaries of UP, Punjab and UT Chandigarh may remain present in person for further review tentatively on 24.08.2020."*

13. We may observe that non-compliance of rules relating to waste disposal results in damage to the environment and public health. Any failure needs to be visited with assessment and recovery of compensation for such damage from the persons responsible for such failure. A study was recently got conducted by CPCB, under orders of this Tribunal requiring such a study by a joint Committee comprising CPCB, NEERI and IIT, Delhi about the monetary cost of damage caused to the environment on account of existence of legacy waste dump site at Gurgaon (Bandhewadi) vide order dated 05.03.2019 in O.A. No. 514/2018. The report of the CPCB filed on 13.02.2020 is that damage on account of the said legacy waste dump site was Rs. 148.46 crore, on account of damage to the air quality, soil and water quality, climate change and disamenity

(aesthetic). The damage has been assessed in terms of impact on health due to release of pollutants in air atmosphere, release of leachate into ground / surface water and soil, due to pollution from the landfill site, damage cost associated with climate change due to carbon di-oxide and methane, damage caused due to aesthetics loss, price depreciation due to disamenity cost etc.

14. Thus, monetary cost of every legacy dump site is expected to be huge depending upon the location, quantity of waste and area covered. Needless to say that there is huge cost for non-compliance of other provisions relating to waste management – Solid as well as Liquid. Loss to the environment and public health is taking place not only on account of delay in clearing legacy waste but also for not complying with other provisions of the Rules resulting in huge gap in generation and processing of waste. It may be necessary to determine such cost for delay in clearing legacy waste at every dump site as well as for delay in complying with other rules and failure to treat sewage and recover the same from the persons responsible for action in the matter.
15. In view of above, we grant two months' time for effectively implementing the Rules failing which this Tribunal will have no option except to direct coercive action personally against the Principal Secretary. The Principal Secretary, Urban Development may remain present in person with the compliance status along with the District Magistrate, Ghaziabad and the Executive Officer, Municipal Council, Loni on the next date.

16. The Committee headed by Justice S.K. Singh, former Judge, Allahabad High Court may also send its report in the matter before the next date by e-mail at [judicial-ngt@gov.in](mailto:judicial-ngt@gov.in).
17. A copy of this order be sent to Committee headed by Justice S.K. Singh, former Judge, Allahabad High Court, the District Magistrate, Ghaziabad and the Executive Officer, Municipal Council, Loni by e-mail for compliance.

Amount of Rupees 5.31 crores was released to UP Jal Nigam for development of processing facility at the landfill site at Meerpur Hindu. However, due to protest by local villagers, possession of this landfill site at Meerpur Hindu could not be taken. District Magistrate, Ghaziabad was directed to resolve the issue.

Hon NGT, vide its order dated 26.02.2020 while considering the above compliance report of Principal Secretary, Urban Development, expressed its

dissatisfaction. However, two months' time, as prayed, was granted by Hon NGT for compliance, failing which it was directed that coercive action would be taken against the Principal Secretary, Urban Development. The case is now fixed for hearing before Hon NGT on 30.07.2020.

विषय: लिगेसी वेस्ट के प्रबन्धन के सम्बन्ध में

महोदया,

कार्यालय आदेश सं०: 2388/न०पा०परि०लो०गा०कार्यादेश/2020-21

दिनांक: 06.07.2020 के सन्दर्भ में लिगेसी वेस्ट के प्रबन्धन का कार्य दिनांक: 07.07.2020 से प्रारम्भ कर दिया गया है। लिगेसी वेस्ट ओपन में डंप पडा है बरसात का मौसम होने की वजह से कचरे की छाई करके सुखाने में समस्या आ रही है क्योंकि छाई करके सुखाने के लिए तेज धूप की आवश्यकता पड़ती है। बरसात के मौसम में वेस्ट सूख नहीं पा रहा है। पिछले 7 जुलाई से शुरू किया गये कार्य में कचरा सूखने हेतु धूप नहीं मिल पा रही है साथ ही बीच-बीच में बरसात भी हो जाती है जिससे पूरा वेस्ट गीला हो जाता है।

महोदया, बरसात के समय कार्य करने में बहुत असुविधा हो रही है इसलिए आज दिनांक 10.7.2020 तक कार्य करके बन्द कर दिया जा रहा है जैसे ही बरसात का मौसम समाप्त होगा कार्य पुनः प्रारंभ कर दिया जायेगा। बरसात के समय यदि तेज बारिश होती है तो, नीचे लैंड में ही वेस्ट है साथ ही नाला होने के वजह से फैलाया गया कचरा नाले में भर जायेगा जिससे बरसाती नाले का प्रवाह बन्द हो जायेगा। जैसे ही बरसात समाप्त होगी कार्य पुनः तेजी के साथ शुरू कर दिया जायेगा।
