3. The overall Bakerinyawali Plant site has an area around 13 acre out of which Legacy waste is present in around 8 Acre and is separated from place of fresh waste through prefabricated Concrete Walls. The Quantum of Legacy Waste is around 2,12,644 MT which is as per the survey report of Department of Civil Engineering, Deen Bandhu Chotu Ram University (DCRUST), Murthal dated 10/02/2023 report attached, which is to be processed by Door to Door waste collection & disposal agency i.e. Pooja Waste Management Pvt. Ltd. Copy of Report dated 10.02.2023 issued by (DCRUST), Murthal is annexed herewith as **Annexure-R/1**.

In the present case the applicant has raised concerns regarding the sirsa city and the answering respondent is responding towards the same only.

1/34

The undersigned reserves its rights to file additional documents and submissions with this permission of this Hon'ble Tribunal as and when required.

4. Pooja Waste Management has started their Door to Door work in Sirsa from 10 August 2023. Agency has completed the process of taking the Environmental Clearance (EC) and same has been issued in First week of January 2025. Agency has started bio-mining and bioremediation of legacy waste from 1<sup>st</sup> Week of March 2025 and till July 2025, quantity of 23000 MT (appx.) has been processed. As per the information received from Agency vide letter no. PWMPL/2025-26/08/096 dated 11.08.2025, the agency is going to install two more plants having capacity of 500 TPD within two weeks and in upcoming 12 months the agency will remediate the complete legacy waste subjected to the condition that the quantity of legacy waste should be found same during processing as surveyed by DCRUST, Murthal. Copy of letter dated 11.08.2025 given by the agency is annexed herewith as **Annexure-R/2**.

5. It is stated that with regard to the Quantum of daily generated solid waste and its treatment is concerned the daily waste generated in Sirsa is approximately 120 TPD to 125 TPD while the overall processing capacity of Plant is 500 TPD (appx.). Further agency has developed a Toll free no. i.e. 18002085654 for receiving the door to door complaints. Any complaints received from citizen on Toll-free number or by physical means regarding door to door is being resolved 100%, record properly maintained and verified by Sanitation officials. Last six month record with respect to complaints received and their redressal is annexed as **Annexure R-3**.

6. All the processes from collection to disposal is being done by the agency. On account of shortcomings found at various levels of agency in Door to Door work, the answering respondent have charged penalty and total penalty from 10 August 2023 till 31 July 2025 is around Rs 39,00,000 (appx).

7. That no dumping point in the city has been established by the Municipal Council, Sirsa. However, two secondary collection point with provision of daily waste lifting has been established at following locations:

2/34

- (i) Near Bus-stand
- (ii) Near Sirsa Club

It is most respectfully submitted that answering respondent is committed for scientific disposal of solid waste generated within limits of Municipal Council, Sirsa. In view of the submissions made herein above, it is prayed that present additional reply may be kindly taken on record.

The heights of windrows as given below --

1. Zone -1: The heights of windrows vary from 0.50 m to 3m. Average height is 2.5m.
2. Zone -2: The heights of windrows vary from 3 m to 8m. Average height is 7.4 m.
3. Zone -3: The heights of windrows vary from 8 m to 13m. Average height is 11.5m.

Underground depth varies from 0 to 6m. Average depth is 3.5m.

Table 2: - Assessment of Legacy waste at Bakariyawala, Municipal Council, Sirsa

S.No.	Area (Sqm)	Height (m)	Volume (m <sup>3</sup> )	Density (ton/m <sup>3</sup> )	Amount of waste (metric ton)
Below Ground	21,196.66	3.5	89,625.98	0.925	73817.37
Above Ground					
Zone - 1	5,047.0	2.5	12,617.50	0.495	6,245.66
Zone - 2	16,150.0	7.4	1,19,510.00	0.750	89,632.50

Total	25,234.45				2,12,614.01

The total amount of legacy waste at Bakariyawala, Sirsa, was 2,12,614.01 metric ton (approx.).

## 2. Density of legacy work.

The density of legacy work was carried out at various area locations. A density test was carried out at the waste windrows' Top, Middle, and Bottom. The following procedure was adopted for density measurement as MSWM Manual (2016).

The density of the waste – Composite waste was collected from various parts of the heaps in a small box and weighted with a weighing machine. After weighing, the smaller box's content was emptied into a bigger 1m<sup>3</sup> box. The process was repeated until the larger box was filled up to the top. Once the larger box was filled, the weight of the waste was noted. The waste was not compacted by pressure. Repeated the entire procedure five times; the average value of weights is the waste's density (weight per cubic meter).

The density of windrows as given below --

1. Zone -1: The heights of windrows vary from 0.380 ton/m<sup>3</sup> to 0.550 ton/m<sup>3</sup>. The average height was taken as 0.495 ton/m<sup>3</sup>.
2. Zone -2: The heights of windrows vary from 0.650 ton/m<sup>3</sup> to 0.890 ton/m<sup>3</sup>. The average height was taken as 0.750 ton/m<sup>3</sup>.
3. Zone -3: The heights of windrows vary from 0.900 ton/m<sup>3</sup> to 1.120 ton/m<sup>3</sup>. The average height was taken as 0.925 ton/m<sup>3</sup>.

Underground -The heights of windrows vary from 0.970 ton/m<sup>3</sup> to 1.410 ton/m<sup>3</sup>. The average height was taken as 0.995 ton/m<sup>3</sup>.

3. Disposal of fractions coming out after processing of waste.  
The waste was not processed.

Subject: Request for status Report-Processing of Legacy Waste at Bakerinyawali Plant, Sirsa

Respected Sir,

With reference to your letter having Memo No. SRS/XEN /1113 dated 06/08/2025.

With due respect ,We, M/s Pooja Waste Management Pvt. Ltd., would like to bring your kind attention that we are currently executing the work of Integrated Solid Waste Management in Sirsa Cluster. We have taken the handover of Bakerinyawali Plant Sirsa and started our work in Sirsa Town since 10/08/2023. We are continuously performing our duties effectively under the guidance of your officials and trying to deliver our best services and cooperation in future ahead.

We have got Environmental Clearance certification in month of January 2025 and Started the processing of Legacy Waste in the month of March 2025. The relevant record attached with this letter. Further we are installing two more plants at Bakerinyawali Plant Sirsa having Capacity 500 TPD very soon(within two weeks). By this the overall capacity of the Plant becomes 1000 TPD(500 TPD already installed). After installing this plant we will be in a position to remediate the legacy waste in upcoming 12 months subjected to the condition that quantity will be around 212000 MT as per the survey report by DCRUST Murthal

Our Humble Request:

We kindly request your good office to kindly provide us time as mentioned above which will enable us to:

- Maintain operational efficiency
- Ensure quality service deliver
