(On behalf of the State of Punjab)

**BEFORE THE HON'BLE NATIONAL GREEN TRIBUNAL,
NEW DELHI**

Original Application No 632 of 2023

In the matter of Suo Moto Cognizance

In Re: News item published in The Hindu dated 06.10.2023 titled

"Pollution takes a front seat as stubble Fires Spike in Punjab"

Status / action taken report of Secretary (Agriculture), Government of Punjab in compliance to order dated 05.09.2024

RESPECTFULLY SHOWETH

1. That the Hon'ble National Green Tribunal has taken Suo Motto Cognizance of a News Item published in The Hindu dated 06.10.2023 titled **"Pollution takes a front seat as Stubble Fires Spike in Punjab"** and issued notice to the State of Punjab through its Chief Secretary, Ministry of Environment, Forest and Climate Change through its Secretary and the Director Commission for Air Quality Management. The Member Secretary, Punjab Pollution Control Board is filing status reports in the case from time to time on behalf of the State of Punjab elaborating the steps being taken by the Government for prevention and control of stubble burning.

2. That after considering the status/action taken reports filed in the case on the behalf of the State of Punjab from time to time, the Hon'ble Tribunal was pleased to issue direction in the case that the Special Chief Secretary (Development), Government of Punjab to take further action in terms of status/ action taken report already filed and to file further status/action taken report giving information with regard to aspects highlighted in the order dated 05.09.2024.

3. That the present status/ action taken report on behalf of the State of Punjab is being filed in compliance to order 05.09.2024 reproducing the aspects mentioned and highlighted in paragraph 42 of the said order dated 05.09.2024 along-with response/ action taken by the State.

i. **Steps taken by the State of Punjab for giving financial incentive by payment of higher price of crop over and above MSP or full or partial reimbursement of the cost incurred to the individual farmers to encourage the farmers to not burn paddy stubble.**

a) That all the concerned departments of the State of Punjab are making sincere and concerted efforts to prohibit and control the cause of stubble burning, but there are financial limitations for which the State is requesting for financial assistance from the Central Government time and again.

b) It is submitted that the State of Punjab is aware of the fact that farmers entail expenditure of approx. Rs.3000-Rs.4000 per acre for operating the machinery in the field. Given that paddy is sown in an area of more than 32 lakh ha (80 lakh acre) in the state, providing compensation to the farmers places a huge financial burden on the state. If Rs. 2500 per acre is provided, then funds amounting to Rs. 2000 crores are required annually.

c) In the year 2022 Punjab has approached Government of India and Government of NCT of Delhi to share this financial incentive to the farmers. It was proposed that the cost of the compensation should be shared between the Central Government, Government of NCT of Delhi and Government of Punjab in the ratio of 3:1:1 i.e. share of Central Govt.:Rs.1500/-, share of Govt. of NCT of Delhi: Rs.500/- and share of Govt. of Punjab: Rs.500/-. The copies of the letters are placed at **Annexure A**. However, the Government of India vide letter no F.no. 3-3 /2018/M&T (I&P)(90294) dated 11.08.2022 expressed its inability and a copy of the letter is placed at **Annexure B**.

d) The State of Punjab through various channels has requested the Government of India to provide financial aid for this compensation to the state Government or to provide a bonus of Rs. 100 per quintal in the MSP but it has not been approved.

e) The Government of Punjab has filed an Interlocutory Application no. 130426 of 2022 in the Hon'ble Supreme Court of India regarding intervention of court in providing compensation to farmers.

ii. Details regarding imposition of environmental compensation on the defaulters in accordance with mandate of order dated 10.12.2015 passed by this Tribunal in O.A. No. 118/2013 against the violators during the year 2023.

a) 9,492 Village/Cluster/Tehsil/District level Officers deployed by state to drive enforcement and impose Environmental Compensation against the Defaulting farmers as per NGT orders.

b) The State Govt. has recovered EC amounting to Rs. 1,88,60,500 against the Total EC imposed of Rs. 2,57,90,000 in 2023. The district-wise detail of EC imposed in the year 2023 is placed at **Annexure C**.

c) In 2024, till date the State Government has recovered EC amounting to Rs. 7,67,500 against the total EC imposed of Rs. 9,00,000 in 339 number of incidents reported so far (from 15.09.2024 to 16.10.2024). The district-wise detail of EC imposed upto 16.10.2024 is placed at **Annexure D**.

d) 3-tier monitoring at cluster level, tehsil level and district level is being carried out.

iii. Details regarding number of members of Panchayat, Nambardaar, members of cooperatives societies or employees of the Punjab Government or local bodies who burnt paddy straw/ stubble during 2023 and action taken against them.

It is submitted that as per the information there are only two cases in 2023 one each in Moga and Patiala, where a Nambardaar was found to have burnt crop residue. In both the cases the Nambardaar was suspended by the district administration.

iv. **Action taken by the Revenue Department for making red entries in the revenue record of the farmers who burnt paddy straw/ stubble during 2023.**

a) 3006 red entries were made in the Khasra / Girdawri of defaulting farmers in the year 2023 and the detail has been given in **Annexure C** already enclosed.

b) 340 Red Entries have been made in the Khasra / Girdawri of defaulting farmers in the year 2024 and the detail has been given in **Annexure D** (from 15.09.2024 to 16.10.2024).

v. **Gap analysis with regard to the availability of CRM during 2023 within each district of the State and impact thereof conducted by the respective districts and the remedial steps for ensuring availability of CRM within each district of the State.**

a) The report of the gap analysis carried out in 2023-24 is placed at **Annexure E**. It is submitted that the gap analysis was done at village level. The draw of applicants was carried out through agrimachinerypb.com portal as per the gap analysis.

b) During the current year i.e. 2024-25 targets of CRM machines were allocated to the districts as per the number of fire incidents, availability of CRM machines per 1000 ha., area under paddy, and number of applications received.

The applications from Farmers, Panchayats, PACS and FPOs interested in procuring the CRM machinery on subsidy were called on agrimachinerypb.com portal, the last date of receiving applications was 20-06-2024. In view of the important role played by CHCs established at PACS/ Panchayats, cooperatives societies and panchayats were again allowed to apply for subsidy on CRM Machinery via agrimachinerypb.com portal from 12-08-24 to 25-08-24. Again, considering the demand of various districts new applications were again invited via the portal from 13-09-2024 to 19-09-2024.

c) During the year 2024-25 the District Level Executive Committees (DLEC) have prioritized villages where no CRM machines were available and also hot spot villages while

carrying out the draws under the CRM scheme. All the applicants under the category of PACS/ Panchayats have been given sanctions for procurement of CRM machinery.

d) The districts have carried block and village wise mapping to maximize the usage of CRM machinery procured under subsidy.

e) The DLEC is empowered to change the physical targets within the overall financial allocation of the districts, as per the local needs for management of stubble.

vi. Action taken by the Department of Agriculture for ensuring attachment of Super SMS on combine harvesters through individual level contact with details regarding total number of combine harvesters in the State and number of combine harvesters with which Super SMS has been attached

a) It is submitted that as per the directions of Hon'ble National Green Tribunal, Punjab Pollution Control Board order no. 128 dated 07.02.2018, the following instructions were circulated:

- That the owners of combine harvesters desirous of undertaking the harvesting of paddy in the State of Punjab shall attach Super Straw Management System with the harvester combine.
- That no harvester combine shall be allowed to harvest paddy in the State of Punjab without functional Super Straw Management System

b) Also, as per order no. 545 dated 25.09.2020 of Punjab Pollution Control Board, instructions were circulated to impose fine to the combine harvester owners found operating without the attachment of Super Straw Management System, which reads as under:

"That the Punjab Pollution Control Board, considering the Polluter Pays Principle in the background of judicial pronouncements of the Hon'ble Supreme Court of India and the Hon'ble National Green Tribunal, has further decided vide order dated 25.09.2020 to impose environmental compensation of Rs. 50000/-, Rs. 75000/- and Rs. 100000/-

upon the owners of the harvester combines found operating without the attachment of Super Straw Management System on first, second and third violation of order dated 07.02.2018 respectively and Rs. 100000/- on each violation subsequent to the third violation."

c) The Department of Agriculture & Farmers Welfare, Punjab has provided subsidies on Super Straw Management System (SMS) machines under the Crop Residue Management (CRM) Scheme from the year 2018-19. The year-wise details of Super SMS provided on subsidy is as follows

Year	No. of SMS provided on subsidy
2018-19	3628
2019-20	695
2020-21	1607
2021-22	42
2022-23	170
2023-24	125

The number of self-propelled combine harvesters in the state are approximately 7500. It is compulsory to attach super SMS with all the new Combine Harvesters.

For the current year 2024 i.e. 15.09.2024 to 15.10.2024, the Department of Agriculture and Farmer Welfare has physically checked 460 self propelled combines and 03 cases have been challaned for not having SMS with Combine machines.

vii. Action taken by the Department of Cooperation for deploying officers on area specific basis for ensuring usage of crop reside machinery and uploading the data on the mobile app. 'Cooperative Machinery Tracker'.

It is submitted that approx. 12,000 various CRM machines are available with the PACS. Mulchers, rotavators, RMB ploughs, and

super seeders are the most frequently used machines. While PACS are increasingly adopting the CRM tracking portal, the Department of Cooperation is making further efforts to capture all the data regarding utilization of machinery available with the department. The utilization report for the 2024-25 is attached as per **Annexure – F.**

viii. **Action taken by Department of Agriculture and Farmer's Welfare to improve and increase the use of mobile app i-Khet for making crop residue management equipment available on rental on uber/ olla model.**

a) It is submitted that the Department of Agriculture & Farmers Welfare has developed a new "Unnat Kisan" mobile application is a one-stop platform for farmers to easily avail Crop Residue Management (CRM) machines ahead of paddy harvesting season-2024. App makes the CRM machines more accessible to the small and marginal farmers. Over 1.42 lakh CRM machines have been mapped on the App for the farmers. This mobile application enables farmers to easily book a machine from the available Custom Hiring Centres (CHCs) in their vicinity. For more facilitation, Village Level Nodal officer/Cluster Head will pre-assign the machines for the farmers by taking their choice so that Farmer can easily book machine. Basic Features of the App are given below:

i. Nodal Officers/Cluster Heads can pre-assign the machine to already Anaaj Registered Farmers (Approximate 12 lac) so that Farmer can opt for machine as per their choice.

ii. Unique feature of mapping the machine till the seasonal capacity of the machine for efficient utilization of the machines.

iii. The App also has the feature to list the nearest Block/Village Level Facilitator(VLF) who can help the Machine User to find the required machine nearby

iv. App has Search engine feature to search machines to nearby locations.

v. Farmer can Request for Book machine with estimation of the Booking Price with tractor or without tractor.

vi. Machine owners can accept/reject the Farmer's Request.

vii. Using this App, the farmer can submit his cultivation details so that pre-assessments can be derived for the availability of the machines.

Training of officials to make Unnat Kissan a success has been carried out and awareness campaign is ongoing to ensure maximum outreach of the app to the farmers. The data regarding usage of implements through this app as on 17/10/2024 is placed at Annexure – G.

ix. Action taken by PPCB to make mobile based application for both Android and IOS platform operational by 15.09.2024 and make web-based application operational for providing data with respect to burning of crop residue as obtained from Remote Sensing authorities and action taken on the incidents and various MIS reports with facility to have a dashboard to drill down data.

a) The services of Punjab Remote Sensing Centre (PRSC) for detection and monitoring of stubble burning incidents have been engaged by the State and Punjab Pollution Control Board. The detection is being done as per standardized ISRO protocol.

b) Mobile app by the name of ATR for both android and IoS platform has already been made operational for end to end reporting. The app could be easily downloaded from google play store/apple store

c) Proper mechanisms are in place for dissemination of satellite data to all field functionaries.

d) The daily report of fire incidents and action taken is available in the form of a dash board on the official website of Punjab Pollution Control Board (www.ppcb.gov.in) from which it can be accessed.

e) Link for accessing daily MIS reports
http://202.164.39.172/residue/Index.aspx

f) Link for accessing daily ATR reports (PPCB Dashboard)
https://ppcb.punjab.gov.in/en/action-taken-report-of-stubble-burning-2024

g) The details of all Action Taken Reports have been uploaded on the above dashboard in compiled format and data can be drilled down as the same has been made available to general public.

4. That apart from the information sought in paragraph 42 of the order dated 05.09.2024, the Hon'ble National Green Tribunal has also highlighted some other aspects of the case in paragraphs 31, 32,33, 34, 35, 36, 37, 38, 39, 40 and 41 of the order dated 05.09.2024. The response of the State of Punjab in reference to the other aspects highlighted in the order dated 05.09.2024 (paragraphs 31, 32, 33, 34, 35, 36, 37, 38, 39, 40 and 41) may be kindly be read as under:

A. Paragraph 31

District wise details/ results of gap analysis regarding CRM machines.

As submitted in the para 3 (v) above, the report of gap analysis is placed at **Annexure E**. For the current year the districts have given priority to villages where no CRM machines were available/ villages which have been identified as hot spot villages.

B. Paragraph 32

Details regarding coercive and punitive action including imposition of Environment Compensation.

For the current year from 15.09.2024 to 16.10.2024, the EC imposed is Rs. 9,00,000/- and the EC realised is Rs. 7,67,500/-.

C. Paragraph 33 and 34

Policy Initiatives

i. **Setting up of an industrial estate for the purpose of common boiler of large capacity based on paddy straw.**

The issue is under active consideration of the Government of Punjab.

ii. **Mandatory use of paddy straw as fuel by the upcoming/ existing distilleries**

The issue is under active consideration of the Government of Punjab.

iii. **Incentives of SGST reimbursement on the cost of boiler (based on paddy straw).**

No application has been received by the Government.

D. Paragraph 35

Details regarding release of State's share

It is submitted that the process for implementation of the Crop Residue Management Scheme 2024-25 was started in the month of June 2024. The applications were called through online portal agrimachinerypb.com. The last date of submitting the applications was 20.06.2024. Due to demand from districts, second application window was opened for district co-operative societies august 12.08.2024 - 25.08.2024 via online portal only. On further requests from districts another application window on the same portal was opened from 13.09.2024 - 19.09.2024. These multiple windows for applications delayed the distribution of subsidy. Subsidy amounting to Rs 43 crores under the CRM scheme has been disbursed to the beneficiaries. The process of verification of machinery in the field is going on and the rest of amount would be distributed shortly. During the present year the scheme is being implemented on 60: 40 funding pattern where 60 % is Centre share and 40% is State share. The state Government has released its share of Rs. 100 crores and the funds available under the scheme are being utilized.

E. Paragraph 36

Information regarding 10,000 machines and establishment of 1100 CHC.

a) It is submitted that under the CRM scheme 2024-25 the districts have already issued sanctions for purchase of various CRM machinery to the beneficiaries as per following details.

Category	Sanctioned Applications	Sanctioned Machines	Machinery Procured
Individual Farmer	**9525**	**12088**	**9799**
CHCs	**1159**	**8511**	**3117**
Registered Farmer Group	576	4878	1818
Panchayat	11	88	0
Co-operative Society	345	1919	660
Rural Entrepreneurs	199	1395	571
Farmer Producer Organization	28	231	68
Total	**10684**	**20599**	**12916**

b) In some cases, even after receiving the sanctions the intended beneficiaries does not purchases the machinery. In such cases the sanction after completion of the requisite time period is issued to the next beneficiary.

c) For Custom Hiring Centers (CHCs), the districts have given priority to the Primary Agriculture Cooperative Society (PACS) and Panchayats.

d) Further, under the Paddy Supply chain component 9 projects, to handle 4500 MT and 3000 MT of paddy straw have been established in the State. Further 30 projects have been sanctioned during the current year till now. The Department has allocated all the funds available under the Flexi funds component of CRM scheme, Rs. 45 crore for establishment of such centers.

F. Paragraph 37

Possibility of grant of financial incentives to the farmers by the State from its own budgetary support.

As submitted in the para 3 (i) above, the area under paddy cultivation is more than 32 lakh ha., and providing financial incentive from own budget resources places a huge financial burden on the State. The State would again be requesting Government of India to provide the necessary support.

G. Paragraph 38

Displaying of the details of availability of machines along with agency name, district and village wise location.

The Unnat Kissan App has all the details of the machinery available. The details of availability of machines have been made available on the website of Department of Agriculture and Farmers' Welfare. Also the districts have put these lists in the PACS and block agriculture offices.

H. Paragraph 39

Information regarding nomination of officers by name and designation with contact details.

The name, designation, department and contact details of Nodal Officers has been uploaded on the website of District Administration.

I. Paragraph 40

Name, designation and contact details of Nodal officers.

The name, designation, department and contact details of Nodal Officers has been uploaded on the website of District Administration.

5. That the State of Punjab has taken and is taking all the possible steps for the prohibition and control of stubble burning.

6. That the status/action taken report is hereby submitted in compliance to order dated 05.09/24.09.2024 for kind consideration of this Hon'ble Tribunal.

Annexure- A.

Government of Punjab
Department of Agriculture and Farmer's Welfare

No. PS/ACS(D)/2022/870 **Dated 14.7.2022**

To,

Secretary, Agriculture
Government of Delhi

Subject: Proposal for incentive to farmers for not burning Paddy Stubble

1. Paddy is being sown on approximately 30.00 lac hectare of area in the State and it generates around 187.0 lac MT of crop residue. Around 49% of paddy straw residue is presently consumed through in-situ and ex-situ management and rest is burnt by farmers to clear the fields for sowing of wheat.
2. The burning of paddy straw residue at one hand creates the problem of air pollution and at the other hand deteriorates the soil health, whereas the incorporation of paddy straw in the fields increases the soil health giving more yield and less consumption of fertilizers.
3. A detailed study of the whole issue is at Appendix-A.
4. When the farmers can manage 49% of the generated paddy straw residue, it is possible that 100% of the paddy straw residue can be managed by the farmers.

5. It is felt that an incentive of Rs.2500/- per acre (to be called Crop Residue Management Incentive Payment (CRMIP) will tremendously encourage farmers to not burn paddy stubble, which may be shared as below:

   a. Rs 500 /acre by Punjab.

   b. Rs 500 per acre by Delhi Government

   c. Rs 1,500/ acre Government of India

Paddy is grown on 30 lac hectare approximately, so CRMIP amount works out to Rs. 1875.00 cr. and proposed shares of Punjab, Delhi and GOI are Rs. 375 cr., Rs. 375 cr and Rs. 1125 cr.

Burning of Paddy Stubble, as brought out in the attached note is more of a compulsion than habit of the farmers in Punjab due to a small 15 to 20 day window between harvesting of Paddy and sowing of Wheat, in which he has to preapre the field for the next crop. The crop cycle has been encouraged and perpetuated by procurement by GOI over the last 4 decades or so for the central food grain buffers. Pollution it causes affects Delhi as well as Punjab. It is therefore proposed that GOI, Delhi and Punjab Govts. should together help the farmer meet the addtional expense of incorporating the stubble in soil or manage it without burning.

ACS (Agriculture and Farmer's Welfare),Pb.

F.No. 3-3/2018-M&T(I&P) (90294)
Government of India
Ministry of Agriculture & Farmers Welfare
(Department of Agriculture & Farmers Welfare)
(Mechanization & Technology Division)

KrishiBhawan, New Delhi
Dated:11th August 2022

Subject: Proposal for incentive to farmers for Crop Residue Management Incentive Payment - Regarding

Kindly refer to your letter No. PS/ACS(D)/2022/871 dated 14th July 2022 regarding cash incentives to be provided to farmers as Crop Residue Management Incentive Payment. As you are aware, the Department of Agriculture & Farmers Welfare (DA&FW) in order to address the issues related to air pollution is implementing a Central Sector Scheme on Crop Residue Management (CRM) w.e.f. 2018-19. Under this scheme, financial assistance is provided to farmers for purchase of identified crop residue management machinery. During the period from 2018-19 to 2021-22, funds amounting to Rs. 2440.07 crores have been released under this scheme and a major share has been released to the State of Punjab (Rs. 1147.62 Crores) during the current year (2022-23) also, funds amounting to Rs. 240 crores have been released under this scheme to the State of Punjab. As per reports submitted by the State of Punjab, during the last 4 years, more than 34,000 machines have been provided to individual farmers and more than 55,000 machines have been supplied to around 24,000 Custom Hiring Centres (CHCs) in the State of Punjab. Machines supplied also include more than 575 balers & rakes for ex-situ management of crop residue.

2. It is further stated that under the Sub-Mission on Agricultural Mechanization (SMAM), funds amounting to Rs. 100.59 crores were released to the State of Punjab in the year 2016-17 and 2017-18, out of which an amount of Rs. 59.35 crores are still available as unspent with the State of Punjab.

3 In the above context, the State of Punjab has been requested that it should chalk out a comprehensive action plan at micro level and mechanism should be established to ensure effective utilization of machines, promoting use of bio decomposer in a complementary mode with CRM machines, promoting ex-situ utilization of straw with demand from adjoining industries like biomass based power plants, bio-ethanol plants etc. **The State of Punjab has also been requested to take up focussed IEC activities for mass awareness among farmers through intensive campaigns in the electronic/print media, social media as well as through kisan melas, publications, seminars, advisories and other available means with the involvement of all stakeholders in this sector.**

4. The proposal of the State of Punjab for providing additional cash incentives have been discussed in the past and also recently in a meeting with the States on 20.07.2022, where the Chief Secretary, Government of Punjab was also present. It has been clarified that the CRM and SMAM do not have any provision to meet such an expenditure on cash incentives as per guidelines of these schemes.

5. If all the actions within the framework of the CRM and SMAM schemes as indicated above are taken at the State level in a holistic manner along with a comprehensive awareness

campaign for awareness of farmers, there may not be a requirement of providing additional incentives to farmers as proposed by the State of Punjab over and above the financial assistance already being provided under these schemes for management of crop residue.

23	**Grand Total**	**22914**

Note-

1. It is assumed that the area managed in 2022 will also be managed in 2023 without any interventions. Only the area that was burnt in 2022 will require additional machines for management.

2. This year, 50% of the area that was burnt in 2022 needs to be managed primarily through the in-situ mechanism.

3. It is assumed that each super seeder/smart seeder will cover 80 acres in one season. Based on this assumption, the additional demand for super seeders has been calculated at the village level.

4. Village-level analysis has been compiled to calculate the district-level demand.

5. There may be certain villages, blocks, or districts where basmati is the predominant crop or where crops other than wheat are sown after paddy. In such cases, the demand for super seeders may vary. The field realities need to be considered in these cases, and other machines such as ZTD should be provided.

6. The distribution of super seeders should be given priority, followed by ZTD, paddy straw chopper/mulcher, and so on.

Director Agriculture
and Farmers Welfare, Punjab.
