**BEFORE THE HON'BLE NATIONAL GREEN TRIBUNAL
PRINCIPAL BENCH, NEW DELHI
ORIGINAL APPLICATION NO. 277 OF 2022**

IN THE MATTER OF:

LIYAKAT ALI & ORSAPPLICANTS

VERSUS

STATE OF UTTAR PRADESH & ORS.RESPONDENTS

**REPLY ON BEHALF OF RESPONDENT/GALAXY PAPERS
PRIVATE LIMITED WITH SUPPORTING AFFIDAVIT**

MOST RESPECTFULLY SHOWETH:

1. That the present Reply is being filed on behalf of Galaxy Papers Private Limited, through its Senior Accountant Mr. Shravan Kumar Goel, who is the duly authorized signatory of the Company and is competent to swear the Affidavit on its behalf.
2. That the present Reply is being filed in compliance of order dated 21.07.2022 passed by this Hon'ble Tribunal, pursuant to notice being received by the Answering Respondent of the pendency of the present proceedings. Vide its order dated 21.07.2022, this Hon'ble Tribunal

has taken note of a letter having been sent by some inhabitants of Village Dhandeda, Tehsil and District Muzaffarnagar, Uttar Pradesh, including the lead Applicant Mr. Liyakat Ali, wherein the inhabitants of the village have raised concerns regarding the discharge of effluents from inter-alia the industrial premises of the Answering Respondent into the drain abutting the agricultural land of the inhabitants of the village. The inhabitants of the village have also complained about the blockage of the drain due to the negligence on the part of contractors of the government departments, leading to flow of the discharged effluent into their land, resulting in damage to their wheat and sugarcane crops.

3. That taking note of the grievances addressed by the inhabitants of the village in their letter, this Hon'ble Tribunal, vide its order dated 28.04.2022, constituted a Joint Committee comprising of representatives from the Uttar Pradesh Pollution Control Board [UPPCB] and the District Magistrate, Muzaffarnagar to submit a factual

and action taken report in the matter. This Hon'ble Tribunal specifically directed the Joint Committee to undertake site visits of the area, look into the grievances of the Applicants [inhabitants of the village] and take requisite action.

4. That in compliance of order dated 28.04.2022 passed by this Hon'ble Tribunal, the Joint Committee, comprising of City Magistrate, Muzaffarnagar, Regional Officer, UPPCB, Muzaffarnagar, Assistant Environment Engineers, UPPCB, Muzaffarnagar, undertook site visits of the industries in the concerned area, including the industrial premises of the Answering Respondent, and collected samples from the final outlet point of the Effluent Treatment Plant at each industrial premises, from where the discharge of the treated effluent takes place into the Dhandhera drain, which is the drain in question.
5. That a perusal of the Joint Committee report dated 18.07.2022, as obtained from the official website of this

Hon'ble Tribunal, clearly reveals that at the time of inspection, the ETP at the industrial premises of the Answering Respondent was found operational and no discharge was taking place from the industrial unit, as the industrial unit of the Answering Respondent is a zero liquid discharge [ZLD] unit. The treated effluent from the ETP is recycled at the unit of the Answering Respondent itself and nothing is discharged outside the premises of the industrial unit.

6. That it has also been noted in the Joint Committee Report that at the end point of the ETP at the industrial premises of the Answering Respondent, the Online Continuous Effluent Monitoring System [OCEMS] is installed, which is connected with both the Central Pollution Control Board [CPCB] server at Delhi as well as the UPPCB server at Lucknow and that during the time of inspection, all the parameters displayed on the screen were found to be within the prescribed norms. It is respectfully submitted that OCEMS ensures round the clock monitoring of the

effluent discharge and air emission done from the industrial premises of the Answering Respondent and a perusal of the data from the OCEMS, available with the CPCB and the UPPCB, shall substantiate the fact that the industrial unit of the Answering Respondent is compliant in all respects and no discharge from it is taking place, thus posing no threat to the environment in general and the agricultural fields of the inhabitants of the nearby village in particular.

7. That it has also been noted in the conclusions of the Joint Committee Report dated 18.07.2022 that all the industrial units in the area were found complying with the provisions of the Water (Prevention and Control of Pollution) Act, 1974 and the Air (Prevention and Control of Pollution) Act, 1981. It has also been noted in the conclusion that due to the overflow of the Dhandhera drain, resulting in the treated effluent entering the agricultural fields of the villagers and causing some damage to their agricultural crops, loss to the tune of Rs.

2,21,250/- was caused to the villagers [as computed by the Revenue Department, Muzaffarnagar], which has been duly paid to them. Further, additional compensation towards removal of sludge from the agricultural land of Mr. Liyakat Ali and Mr. Hashim Ali, amounting to Rs. 49,000/-, has also been paid to them.

8. That despite the industries in the area not being responsible for the maintenance and upkeep of the Dhandhera drain, which merges into River Kali via the Begrajpur drain and the maintenance of which is the responsibility of the concerned government department, and them not being at any fault for the overflow from the drain, as a goodwill gesture towards the local populace of the area, the industries came together to make contributions for the payment of the aforesaid compensation to the villagers.

9. That it is evident from the conclusions drawn in the Joint Committee Report dated 18.07.2022 that the Joint

Committee had an interaction with Mr. Liyakat Ali and other villagers, and they were assured that the villagers have been compensated for the losses suffered by them due to the overflow of the drain. The villagers also stressed that they have no remaining grievance against either the industries or the contractor/ government department. An Affidavit was also submitted by Mr. Liyakat Ali, the lead Applicant in the present matter, which is annexed as Annexure-15 to the Joint Committee Report, affirming the above.

10. That taking into account all the facts and circumstances, a categorical recommendation has been made in the Joint Committee Report dated 18.07.2022 that the Irrigation Department shall ensure de-silting of the Dhandehra drain from time to time so that another instance of overflowing from the drain does not take place.

11. That in its order dated 21.07.2022, this Hon'ble Tribunal took note of the contents of the Joint Committee Report and raised certain questions regarding the waste generated at each industrial unit in the area and the mode of disposal of such waste. This Hon'ble Tribunal also observed in its order that the details pertaining to the various consents and permissions, granted in favour of each industrial unit, and the extent of their compliance, have not been given. For this purpose, this Hon'ble Tribunal directed the Joint Committee to undertake further visits to the industries in the area and look into all relevant aspects, obtain copies of the consent documents, verify the factual position, including compliance with the consent conditions and environmental norms, and submit another report to this Hon'ble Tribunal. Vide the same order dated 21.07.2022, this Hon'ble Tribunal also issued notice to all the industries in the area, including the Answering Respondent.

12. That the Joint Committee Report, which was to be submitted before this Hon'ble Tribunal in compliance of order dated 21.07.2022, is yet to be uploaded on the official website of this Hon'ble Tribunal, which leads the Answering Respondent to believe that the same is yet to be filed. The Answering Respondent craves the leave of this Hon'ble Tribunal to file an additional response to the contents of the report which may be submitted by the Joint Committee in the future but by way of the present Reply, the Answering Respondent seeks to endeavour to demonstrate to this Hon'ble Tribunal as to how the Answering Respondent is operating fully in compliance of all the environmental norms, after having obtained all the requisite permissions, consents and clearances from the concerned regulatory agencies.

13. That it is submitted that the Answering Respondent is a company, which has been a reputed presence in the industrial circles since the last several years and prides

itself on practicing the highest standards of professional and business ethics in pursuing its commercial interests. It is earnestly submitted that the Answering Respondent is not indulging in any pollution of any kind and has always offered full co-operation to the statutory authorities and has been extremely vigilant in ensuring that all environmental and statutory norms and regulations are complied with. The company has got all the statutory clearances from the regulatory authorities and considers compliance of the same as part of responsibly conducting its mercantile interests with the highest standards of probity and ethics. The industrial unit of the Answering Respondent has employed all the necessary safeguards in the form of installing modern machinery and adopting environment friendly means to ensure that no pollution of any kind is caused by the industry. The Answering Respondent also ensures at all times that no discharge takes place from its premises.

14. That the Answering Respondent believes in pursuing its commercial interests in a responsible manner and is willing to participate in any process that is undertaken for the safeguarding, protection, preservation and improvement of the surrounding environment in the industrial area, where the unit of the Answering Respondent is situated.
15. That the Answering Respondent has been operating at all times with a valid consent from the UPPCB under the provisions of the Water (Prevention and Control of Pollution) Act, 1974 and the Air (Prevention and Control of Pollution) Act, 1981. The current consents, granted by the UPPCB to the Answering Respondent under the above named statutes, are valid till 31.12.2022.

Copy of the consent under Section 25/26 of the Water (Prevention and Control of Pollution) Act, 1974, granted to the Answering Respondent by UPPCB, is annexed and marked as **Annexure-1**.

Copy of the consent under Section 21/22 of the Air (Prevention and Control of Pollution) Act, 1981, granted to the Answering Respondent by UPPCB, is annexed and marked as **Annexure-2**.

16. That the Answering Respondent has also obtained the Authorization under the provisions of Hazardous and Other Wastes (Management and Transboundary Movement) Rules, 2016 from the UPPCB, which is valid till 27.02.2026.

Copy of the Authorization dated 01.03.2021, issued by the UPPCB in favour of the Answering Respondent, under the provisions of the Hazardous and Other Wastes (Management and Transboundary Movement) Rules, 2016, is annexed and marked as **Annexure-3**.

17. That the used oil, contaminated cotton rags or other cleaning materials, empty barrels/containers/liners, which may be contaminated with hazardous chemical

waste, are disposed of by the Answering Respondent through the Treatment, Storage and Disposal Facility [TSDf] of Bharat Oil and Waste Management Limited, which is licensed by the Ministry of Petroleum and Natural Gas, Government of India, CPCB, UPPCB and is also registered with the Ministry of Environment, Forest and Climate Change, Government of India.

Copy of the recent delivery Challan, along with the Tax Invoice, issued in respect of collection of hazardous waste from the unit of the Answering Respondent, is annexed and marked as **Annexure-4 [Colly]**.

18. That the Plastic Waste generated at the industrial unit of the Answering Respondent is presently being sent to the Chittor Cement Cement Plant, Chittorgarh, owned by Nuvoco Vistas Corp. Ltd.

Copy of latest Certificate of material received for co-processing, issued by Nuvoco Vistas Corp. Ltd. in favour

of the Answering Respondent, is annexed and marked as **Annexure-5.**

19. That the fly ash, produced at the industrial unit of the Answering Respondent as a result of the manufacturing process, is very small in quantity as the industrial unit of the Answering Respondent only has a boiler and does not have a turbine, which is responsible for producing large quantities of fly ash. The small quantity of fly ash generated is disposed of by means of land filling through an independent contractor, namely M/s Bharat Traders. It has been made clear to the contractor by the Answering Respondent that proper precautions with respect to layering and covering the disposal area with a layer of soil are to be taken so as to ensure prevention of erosion. The contractor has also been asked to ensure that transportation of fly ash takes place in trucks and other vehicles and all necessary precautions, including

covering of ash with tarpaulin to prevent fugitive emission, are taken during the transportation.

Copy of Ash Lifting Agreement, between the Answering Respondent and M/s Bharat Traders, is annexed and marked as **Annexure-6**.

20. That the Answering Respondent has also got the No Objection Certificates from the Uttar Pradesh Ground Water Department [UPGWD], in respect of its two borewells, which are valid till 18.07.2025 and 30.03.2027 respectively. All conditions of the NOC, including recharge, installation of piezometers, flow meters etc. are being fulfilled by the industrial unit of the Answering Respondent.

Copies of the No Objection Certificates, issued by the UPGWD in favour of the Answering Respondent, are annexed and marked as **Annexure-7 (Colly)**.

21. That it is respectfully submitted that compliance of all conditions, related to the various consents, certificates and permissions granted to the industrial unit of the Answering Respondent, is ensured by the Answering Respondent with great diligence and all documentation related to the same was produced before the Joint Committee, at the time the inspection of the industrial unit of the Answering Respondent was done by the Joint Committee, in compliance of the order dated 21.07.2022 passed by this Hon'ble Tribunal. In case it is so directed, the Answering Respondent shall be willing to place the relevant documentation before this Hon'ble Tribunal as well.

22. That it is manifestly clear from the above submissions that the industrial unit of the Answering Respondent is fully compliant and has all the requisite permissions and clearances, which are required for its operations. The Answering Respondent is also a stakeholder in the preservation of environment and adopts all measures so

as to ensure that no pollution is caused due to its operation. The cause of action in the present Letter Petition pertains to overflowing of the Dhandhera drain, due to which some damage was caused to the crops in the nearby agricultural fields of the villagers and the Answering Respondent cannot be faulted in any manner for the said occurrence, as the Answering Respondent ensures at all times that no discharge takes place from its industrial unit. Further, the Answering Respondent is not responsible in any manner for the maintenance and upkeep of the drain, which is under the duty sphere of the concerned government agencies.

23. That moreover, considering that the villagers were also not at fault for the overflow in the drain and damage to their crops, as a goodwill gesture, the Answering Respondent, along with the other industrial units, made voluntary contributions to compensate the villagers for their losses.

24. That it is relevant to mention that the discharge into the Dhandhera drain is also made by the local villagers and some other units functioning in the nearby area. It is undertaken by the Answering Respondent that in case some suggestions are made or directions are passed by this Hon'ble Tribunal in respect of the maintenance and upkeep of the Dhandhera drain, then the Answering Respondent shall be willing to offer full co-operation to the statutory authorities in that endeavour.

25. That in such circumstances, it is respectfully prayed that the present Original Application may kindly be disposed of, qua the Answering Respondent.

Annexure to Consent issued to M/s.GALAXY PAPERS PRIVATE LIMITED vide

Consent Order No. 10151372/ Water

Dated : 15/02/2021

CONDITIONS OF CONSENT

1. This consent is valid for the approved production capacity of Grey Board and Kraft Paper-100 MT/Day using Waste Paper as main raw material.
2. This consent is valid only for products and quantity mentioned above. Industry shall obtain prior approval before making any modification in product/ process /fuel/ plant machinery failing which consent would be deemed void.
3. The quantity of maximum daily effluent discharge should not be more than the following :

Effluent Discharge Details			
S.No	Kind of Effluent	Maximum daily discharge,KL/day	Treatment facility and discharge point
1	Domestic	30 KLD	Septic Tank
2	Industrial	ZLD	ETP

4. Arrangement should be made for collection of water used in process and domestic effluent separately in closed water supply system. The treated domestic and industrial effluent if discharged outside the premises, if meets at the end of final discharge point, arrangement should be made for measurement of effluent and for collecting its sample. Except the effluent informed in the application for consent no other effluent should enter in the said arrangements for collection of effluent. It should also be ensured that domestic effluent should not be discharged in storm water drain .

- 4(a) The domestic effluent should be treated in treatment plant so that the should be in conformity with the following norms dated treated effluent .

Domestic Effluent		
S.No	Parameter	Standard
1	Quantity of Discharge	30 KLD

- 4(b) The industrial effluent should be treated in treatment plant so that the treated effluent should be in conformity with the following norms. .

Industrial Effluent		
S.No	Parameter	Standard

5. Effluent generated in all the processes, bleed water, cooling effluent and the effluent generated from washing of floor and equipments etc should be treated before its disposal with treated industrial effluent so that it should be according to the norms prescribed under The Environment (Protection) Act,1986 or otherwise mandatory .
6. The method for collecting industrial and domestic effluent and its analysis should be as per legal Indian standards and its subsequent amendments/standards prescribed under The Environment (Protection) Act, 1986.
7. The industry will have to ensure compliance of the permission from the CGWA before ground water extraction and it will be the responsibility of the industry to comply with the various conditions of the permission taken.
8. The industry shall submit Environmental Statement in prescribed form V rule no.14 of E.P Rules 1986.
9. The industry shall comply with various provisions of Air (Prevention and Control of Pollution) Act 1981 as amended, Water (Prevention and Control of Pollution) Act 1974 as amended and all other applicable rules notified under E.P. Act 1986.
10. Minimum 33% of the land on which unit is established will be covered and properly maintained by the plantation of tall trees of suitable species as per the guidelines set up by the Board vide its Office Order no.H-16405/220/2018/02 dt. 16/02/2018. The copy of this guideline is available at URL http://www.uppcb.com/pdf/Green-Belt-Guidle_160218.pdf.

11. The industry will ensure the continuous and uninterrupted data supply from the OCEEMS to the CPCB and SPCB.
12. Flow meter to be installed in all water abstraction points and usage of fresh water to be minimized. The unit will ensure facility to transmit data to CPCB server and submit a regular calibration certificate of Electro Magnetic Flow meter to the Board.
13. If closure order is issued by CPCB or UPPCB against the unit, then CTO issued earlier will remain suspended during the closure period and after ensuring the compliance and after revocation of closure order, the CTO will automatically be effective with additional conditions mentioned in the closure revocation order.
14. Industry shall abide by the directions given by Hon'ble Court, Central Pollution Control Board and UPPCB for protection and safe guard of environment from time to time.
15. The Unit will file the renewal application at least 2 months prior to the expiry of this Order.

Specific Conditions:

- 1-The unit shall maintain strict supervision on fluctuations in operating parameters with respect to each treatment unit of the Effluent treatment plant.
- 2-In compliance of the Central Pollution Control Board letter no. F. No. B-190193/WQM-II/CPCB/P&P/ 14212 dated 08/12/2017, the industry will follow the Effluent discharge standards as notified under the Environment (Protection) Rules, 1986 and only the treated effluent meeting the effluent discharge norms notified under the Environment (Protection) Rules, 1986 is allowed to discharge.
- 3-The unit will not use agro based raw materials in the production process.
- 4-The industry will ensure the continuous and uninterrupted data supply from the OCEEMS to the SPCB and CPCB server.
- 5-Flow meter to be installed in all water abstraction points and usage of fresh water to be minimized.
- 6-The unit shall ensure deployment of qualified manpower to step up self monitoring mechanism on 24 x7 basis.
- 7- The industry will have to ensure permission from the SGWA (State Ground Water Authority) within 03 month, failing which consent shall be deemed automatically cancelled.
- 8-If the CPCB or UPPCB issues the Closure order against the industry this consent order stands automatically suspended for that period.
- 9-Industry shall submit Environmental Statement in prescribed form V as per rule no.14 of E.P Rules 1986.
- 10-Unit must ensure strict time bound compliance of suggestion / recommendation of "Charter for Water Recycling & Pollution Prevention in Pulp & Paper Industries" formulated by CPCB.
- 11-Industry shall install at sufficient height from the ground level Open to Network HD PTZ Camera at the inlet, Aeration Tank, Secondary Clarifier and outlet of Effluent Treatment Plant for On Line Monitoring and its URL and password shall be provided to the UPPCB Control room.
- 12-This consent is valid only for products and quantity mentioned above. Industry shall obtain prior approval before making any modification in product/process /fuel/ Plant machinery failing which consent would be deemed void.
- 13-Industry shall abide by orders / directions issued by Hon'ble Supreme Court Hon'ble High Court, Hon'ble National Green Tribunal, Central Pollution Control Board and U.P Pollution Control Board for protection and safe guard of environment from time to time.
- 14-Industry shall submit quarterly monitoring reports of treated effluent from a certified /approved laboratory under E.P. Act 1986.
- 15-Industry shall comply with various provisions of Air (Prevention and Control of Pollution) Act 1981 as amended, Water (Prevention and Control of Pollution) Act 1974 as amended and all other applicable rules notified under E.P. Act 1986.
- 16-The unit shall submit the audited balance sheet for the current year.
- 17-This consent is valid only for ZLD based industry.
- 18-Minimum 33% of the land on which industry is established will be covered by the plantation of tall trees of suitable species as per the guidelines set up by the Board vide its Office Order no.H-16405/220/2018/02 dt. 16/02/2018. The copy of this guideline is available at URL http://www.uppcb.com/pdf/Green-Belt-Guidle_160218.pdf.

3(b). Air Pollution Source Details.

Air Pollution Source Details					
S.No	Air Pollution Source	Type of Fuel	Stack No.	Parameters	Height
1	12 TPH Boiler	Bagasse and Imported Coal	1	Particulate Matter	30 Meter From Ground Level

- 3(c). The emissions by various stacks into the environment should be as per the norms of the Board .

Emission Quality Details Detail			
S.No	Stack No	Parameter	Standard
1	1	Particulate Matter	As per EPA Rules 1986

4. The industry should be operated in such a manner that it does not adversely affect the environment and the solid waste generated such as ash etc. is disposed in eco friendly manner .
5. Any source of emission other than that mentioned in the Air consent seeking application will not be permitted by the Board .
6. The industry should ensure the operation of the air pollution control system (APCS) in such a manner that the air emission conforms with the standards prescribed under the E.P Act 1986 as amended.
7. The industry shall submit Environmental Statement in prescribed format as per rule no.14 as per E.P Rules 1986 .
8. The industry shall abide by orders / directions issued by Hon'ble Supreme court Hon'ble High Court, Hon'ble National Green tribunal, Central Pollution Control Board and U.P Pollution Control Board for protection and safe guard of environment from time to time .
9. Industry shall submit monthly monitoring reports of all stacks and ambient air quality from a certified / approved laboratory under E.P. Act 1986 .
10. The industry shall comply with various provisions of Air (Prevention and Control of Pollution) Act 1981 as amended, Water (Prevention and Control of Pollution) Act 1974 as amended and all other applicable rules notified under E.P. Act 1986.
11. The industry will ensure the continuous and uninterrupted data supply from the OCEEMS to the CPCB and SPCB .
12. The unit shall submit audited balance sheet for the current year and the details of fees deposited during last three years within a month failing which consent would be deemed void.
13. The use of Pet coke and Furnace oil as a fuel in the factory is restricted in compliance of the Hon'ble Supreme court order .
14. The Industry will use minimum 20% Bio Briquette as fuel in the Boiler depending upon its availability .

15. The industry shall obtain prior consents in the event of any addition of new emission generation sources such as- Boiler/ Furnace/ Heaters/ D.G. Sets or alteration of existing emission sources in accordance with section- 21/22 of air Act 1981 (as amended respectively).
16. Minimum 33% of the land on which industry is established will be covered and properly maintained by the plantation of tall trees of suitable species as per the guidelines set up by the Board vide its Office Order no.H-16405/220/2018/02 dt. 16/02/2018. The copy of this guideline is available at URL http://www.uppccb.com/pdf/Green-Belt-Guidle_160218.pdf.
17. If closure order is issued by CPCB or UPPCB against the unit, then CTO issued earlier will remain suspended during the closure period and after ensuring the compliance and after revocation of closure order, the CTO will automatically be effective with additional conditions mentioned in the closure revocation order.
18. Industry shall abide by the directions given by Hon'ble Court, Central Pollution Control Board and UPPCB for protection and safe guard of environment from time to time.

The Unit will file the renewal application at least 2 months prior to the expiry of this Order.

Specific Conditions:

1. The industry should be operated in such a manner that it does not adversely affect the environment and the solid waste generated such as ash etc. be disposed in eco friendly manner.
2. Any source of emission other than that mentioned in the Air consent seeking application will not be permitted by the Board.
3. The industry should ensure the operation of the Air Pollution Control System (APCS) in such a manner that the air emission conforms with the standards prescribed under the E.P Act 1986 as amended.
4. The industry shall submit Environmental Statement in prescribed format in Form V of rule-14 of E.P Rules 1986.
5. The dying, bleaching and deinking process are not allowed in the production process of the unit. The unit will not use agro based raw materials in the production process
6. This consent is valid only for products and quantity mentioned above. Industry shall obtain prior approval before making any modification in product/process /fuel / plant machinery failing which consent would be deemed void.
7. Industry shall install OCEMS on stack as per the direction of CPCB.
8. Industry shall sent the stack/ambient air quality monitoring report from Boards Laboratory, after starting the production within one month.
9. The industry shall abide by orders / directions issued by Hon'ble Supreme Court Hon'ble High Court, Hon'ble National Green Tribunal, Central Pollution Control Board and U.P Pollution Control Board for protection and safe guard of environment from time to time.
10. The industry shall submit quarterly monitoring reports of all stacks and ambient air quality from a certified / approved laboratory under E.P. Act 1986.
11. The industry shall comply with various provisions of Air (Prevention and Control of Pollution) Act 1981 as amended, Water (Prevention and Control of Pollution) Act 1974 as amended and all other applicable rules notified under E.P. Act 1986 and the various orders issued by the MOEF&CC, CPCB and SPCB in time to time.
12. The use of Pet coke and Furnace oil as a fuel in the factory is restricted in compliance of the Hon'ble Supreme court order till further direction.
13. Unit must ensure strict time bound compliance of suggestion / recommendation of "Charter for Water Recycling & Pollution Prevention in Pulp & Paper Industries" formulated by CPCB.
14. If the CPCB or UPPCB issues the Closure order against the industry this consent order stands automatically suspended for that period.
15. The unit shall submit the audited balance sheet for the current year.
16. The Industry will use minimum 20% Bio Briquette as fuel in the Boiler depending upon its availability.
17. The industry shall obtain prior consents in the event of any addition of new emission generation sources such as- Boiler/ Furnace/ Heaters/ D.G. Sets or alteration of existing emission sources in accordance with section- 21/22 of air Act 1981 (as amended respectively).
18. Minimum 33% of the land on which industry is established will be covered by the plantation of tall trees of suitable species as per the guidelines set up by the Board vide its Office Order no.H16405/220/2018/02 dt. 16/02/2018. The copy of this guideline is available at URL http://www.uppccb.com/pdf/Green-Belt-Guidle_160218.pdf.

Ref. No : 13320/UPPCB/MuzaffarNagar(UPPCBRO)/HWM/MUZAFFARNAGAR/2020

Dated :01/03/2021

To,

M/s GALAXY PAPERS PRIVATE LIMITED
9.4 KM, JOLLY ROAD, VILL BHANDURA, MUZAFFAR NAGAR,
Tehsil :MuzaffarNagar
District :MUZAFFARNAGAR

Sub :- Authorisation issued under the provisions of Hazardous and Other Wastes (Management and Transboundary Movement) Rules, 2016

1. Number of authorization and date of issue 13320 and 01/03/2021 .
2. Reference of application (No. and date) 9956981 and 31/10/2020 .
3. Mr GYANPRAKASH BHATIA of M/s GALAXY PAPERS PRIVATE LIMITED is hereby granted an authorization based on the enclosed signed inspection report for generation, collection, utilization, storage and disposal or any other use of hazardous or other wastes or both on the premises situated at within premises .

Details of Authorisation

S No.	Category of Hazardous Waste as per the Schedules I,II and III of these rules	Authorised mode of disposal or recycling or utilization or co-processing, etc.	Quantity(ton/annum)
1	Schedule-I, Cat. 5.1 Used or spent oil	Through TSDF	0.15 KL/Annum
2	Schedule-I, Cat. 33.1 Empty barrels/containers/liners contaminated with hazardous chemicals /wastes	Through TSDF	100 Pcs/Annum
3	Schedule-I, Cat. 33.2 Contaminated cotton rags or other cleaning materials	Through TSDF	0.05 Ton Annum

1. The authorization shall be valid for a period of 27/02/2026 from the date of issue of this letter .
2. The authorization is subject to the following general and specific conditions (please specify any conditions that need to be imposed over and above general conditions, if any) .

A General Conditions of Authorization -

1. The authorised person shall comply with the provisions of the Environment (Protection) Act, 1986, and the rules made there under .
2. The authorisation or its renewal shall be produced for inspection at the request of an officer authorised by the State Pollution Board .
3. The person authorized shall not rent, lend, sell, transfer or otherwise transport the hazardous and other wastes except what is permitted through this authorization .

4
TRUE COPY

- 29
4. Any unauthorized change in personnel, equipment or working conditions as mentioned in the application by the person authorized shall constitute a breach of his authorisation .
 5. The person authorised shall implement Emergency Response Procedure (ERP) for which this authorisation is being granted considering all site specific possible scenarios such as spillages, leakages, fire etc. and their possible impacts and also carry out mock drill in this regard at regular interval of time .
 6. The person authorised shall comply with the provisions outlined in the Central Pollution Control Board guidelines on Implementing Liabilities for Environmental Damages due to Handling and Disposal of Hazardous Waste and penalty .
 7. It is the duty of the authorised person to take prior permission of the State Pollution Control Board to close down the facility .
 8. The imported hazardous and other wastes shall be fully insured for transit as well as for any accidental occurrence and its clean-up operation .
 9. The record of consumption and fate of the imported hazardous and other wastes shall be maintained .
 10. The hazardous and other waste which gets generated during recycling or reuse or recovery or pre-processing or utilisation of imported hazardous or other wastes shall be treated and disposed of as per specific conditions of authorisation .
 11. The importer or exporter shall bear the cost of Import or export and mitigation of damages if any
 12. An application for the renewal of an authorisation shall be made as laid down under these Rules .
 13. Any other conditions for compliance as per the Guidelines issued by the Ministry of Environment, Forest and Climate Changes or Central Pollution Control Board from time to time .
 14. Annual return shall be filed by June 30th for the period ensuring 31st March of the year .
 15. The Unit will file the renewal application at least 2 months prior to the expiry of this Order.

B Specific Conditions of Authorization

1. The unit will submit the proof of depositing the requisite processing fees of application in a month otherwise this authorization will stand automatically cancelled.
2. The wastes must be safely collected in leak proof containers and shall be duly marked in a manner suitable for handling, storage and transport and the packaging shall be easily visible and be able to withstand physical conditions and climatic factors. All hazardous waste containers/bags shall be provided with a general label as given in Form 8. The storage area should be at an isolated spot in the premises and must be fenced, covered and duly marked.
3. The authorized person/agency shall ensure that no adverse impact on the air, soil and water including groundwater takes place due to activities for which authorization has been requested. Comprehensive safety measures must be followed in handling of wastes and the staff must be properly trained.
4. It is brought to your notice that as per the order dated 14.11.2003 passed by the Hon'ble Supreme Court in W.P. (c) 657 of 1995, no industry covered under Hazardous Waste (Management and Handling) Rules, 1989 (as amended) shall be allowed to operate without valid authorisation. It is also provided in the same order that industries which are not complying with the conditions shall not be allowed to operate. Hence in case you fail to apply for authorisation before its expiry or fails to comply with conditions of the earlier authorisation issued to you, closure order shall be issued against your industry without any further notice.
5. The applicant must file returns on prescribed Form 4 along with a compliance report of this letter.

You should also maintain records on Form-3 and present it to Board's inspecting officials.

6. In case of occurrence of an accident, complete details on Form-11 must be sent to U.P. Pollution Control Board at the earliest along with details of mitigative and remedial measures taken.
7. It is also the mandatory duty of the occupier of industry as well as operator of a facility to develop suitable waste treatment and disposal facility and the design of the facility must be approved by the Board. Details along with the project report must be sent in this regard within fifteen days of receipt of this letter, otherwise the industry shall become member of a common TSDF and the industry shall start sending the Hazardous waste already stored along with the Hazardous waste generated at present at this TSDF. The proof of valid membership of TSDF along with proof of disposal of hazardous waste to TSDF shall be sent to U.P. Pollution Control Board within three months.
8. The authorised person shall not receive, collect, or store any hazardous waste from any unauthorised occupier or generator of hazardous wastes. In case any hazardous wastes is sold to any other reprocessing unit it must be ensured that such unit is fully complying with environmental requirements and has a valid authorisation of the Board.
9. In no case any hazardous wastes shall be disposed off on land, in any drain or stream. All spillages of hazardous chemicals, used containers of hazardous chemicals such as flammable, corrosive, explosive and toxic nature must be safely collected and stored. Non-compatible wastes must be suitably and safely handled.
10. Proposal regarding waste minimization and reuse of wastes must be sent. Details of any recovery/ reuse system must be sent within two months.
11. It is within the powers and functions of the U.P. Pollution Control Board to suspend/ cancel the authorization issued under the Rule- 6(2) of The Hazardous and Other Wastes (Management and Transboundary Movement) Rules, 2016.
12. The stored waste shall not be taken out of the storage area except with the written permission of the State Pollution Control Board in this regard.
13. You are directed to display online data outside the main factory gate with regards to quantity and nature of hazardous chemicals being handled in the plant including waste water and air emissions and solid hazardous waste generated within the factory premises. Necessary compliance should be sent within fifteen days of receipt of this letter.
14. It is the mandatory duty of the authorised person to comply with the guideline for transportation of hazardous waste in accordance with Rule 18 of The Hazardous and Other Wastes (Management and Transboundary Movement) Rules, 2016. Guidelines in this regard have been issued by Central Pollution Control Board from time to time.
15. You are directed to provide the complete details regarding the quantity of hazardous waste stored in the factory premises within a month.
16. You are directed to provide all hazardous waste generated in the factory to any TSDF operating in the state for the treatment and disposal and send the compliance report to the U.P. Pollution Control Board at the earliest.
17. Status report of hazardous waste stored in premises available storage capacity and future action plan for permanent safe disposal of hazardous waste shall be submitted within one month.
18. Ground water monitoring report of premises shall be submitted within one month.
19. Industry will follow the various provisions of the Hazardous and Other Wastes (Management and Transboundary Movement) Rules, 2016.

- Holder of this NOC is hereby directed to assure annual recharge of 60000.00 cubic meter, as specified under the application form.

Conditions

38

- (1) In case of any change of ownership of the proposed well, fresh authorization has to be obtained.
- (2) No change of location, design, rate of withdrawal and pumping device in respect of the proposed well as indicated at SL (2) and (3) of this certificate shall be made without prior permission of the Competent Authority. Any deviation in this regard shall lead to cancellation of this authorization.
- (3) For the purpose of measuring and recording the quantity of ground water extracted, every said user shall affix digital water flow meters (conforming to BIS/ IS standards) having telemetry system in the abstraction structure, which record rate and quantum of extraction, at outlet of pumping devices and it shall be presumed that the quantity recorded by the meter has been extracted by the said user, until the contrary is proved. The rate of extraction of ground water from the well as shown in item 3(k) shall not exceed to the recorded rate from water meters
- (4) The concerned Authority reserves the right to stop extraction of ground water from the well due to quality hazards or any other reasons, if the situation so demands.
- (5) In case of any change of ownership of the existing well, fresh registration has to be obtained.
- (6) No change of location, design, rate of withdrawal and pumping device in respect of the existing well as indicated at Sl. (2) and (3) of this certificate shall be made without prior permission of the Competent Authority. Any deviation in this regard shall lead to cancellation of this registration.
- (7) In case, any of the particulars / information furnished by the applicant in his application for issuance of this registration is found to be incorrect during verification at any subsequent stage, this registration is liable for cancellation.
- (8) The Certificate of Authorization/ NOC shall be valid for a period of five years from the date of issue. The applicant shall have to apply for renewal through a fresh application, at least ninety days prior to expiry of its validity.
- (9) Construction of piezometers and installation of digital water level recorders with telemetry shall be mandatory for user. Depth and zone tapped of piezometer should be commensurate with that of the pumping well. The data, obtained from digital water level recorders shall be made available to this office on monthly basis.
- (10) Guidelines for Installation of Piezometers and their Monitoring
- Piezometer is a borewell /tube well used only for measuring the water level by lowering the tape/ sounder or automatic water level measuring equipment. It is also used to take water sample for water quality testing whenever needed. General guidelines for installation of piezometers are as follows for compliance of NOC:
 - The piezometer is to be installed/constructed at the minimum of 50 m distance from the pumping well through which ground water is being withdrawn. The diameter of the piezometer should be about 4" to 6".
 - The depth of the piezometer should be same as is case of the pumping well from which ground water is being abstracted. If, more than one piezometer are installed the second piezometer should monitor the shallow ground water regime. It will facilitate shallow as well as deeper ground water aquifer monitoring.
 - No. of piezometers to be constructed & Type of water level monitoring mechanism shall be as per below table:

S.No	Quantum of Ground water withdrawal (cum/day)	No.of piezometers required	Monitoring Mechanism	
			Manual	DWLR with Telemetry
1	< 10	0	0	0
2	11 - 50	1	1	0
3	50- 500	1	0	1
4	> 500	2	0	2

- The measuring frequency should be monthly and accuracy of measurement should be up to cm. the reported measurement should be given in meter up to two decimals.
- For measurement of water level sounder or automatic water level recorder (AWLR)/ Digital Automatic water level recorder (DWLR) with telemetry system should be used for accuracy.
- The measurement of water level in piezometer should be taken, only after the pumping from the surrounding tube wells has been stopped for about four to six hours.
- All the details regarding coordinates, reduced level (with respect to mean level), depth, zone taped and assembly lowered should be provided for bringing the piezometer into the Hydrograph Monitoring System for Ground Water Department, Uttar Pradesh, and for its validation.
- The ground water quality has to be monitored twice in a year during pre-monsoon (May/June) and post-monsoon (October/November) periods. Quality may be got analyzed from NABL approved lab. Besides, one sample (1 lt. capacity bottle) to the concerned Director, Ground Water Department, Uttar Pradesh, for chemical analysis.
- A Permanent display board should be installed at piezometer/Tube wells site for providing the location, piezometer/ tube well number, depth and zone tapped of piezometer/tube well for standard referencing and identification.
- Any other site-specific requirement regarding safety and access for measurement may be taken care of.
- (11) Any other condition(s) that may be imposed by the concerned Authority.
- (12) In case, any of the particulars / information furnished by the applicant in his application for issuance of this permit is found to be incorrect during verification at any subsequent stage, this permit is liable for cancellation.
- **SPECIFIC CONDITIONS:**
- (A) **For Industrial User:** No Objection Certificate for ground water extraction by industries shall be granted subject to the following specific conditions:

- i) No Objection Certificate shall be granted only in such cases where local government water supply agencies are not able to supply the desired quantity of water.
- ii) All industries shall be required to adopt latest water efficient technologies so as to reduce dependence on ground water resources.
- iii) All industries abstracting ground water in excess of 100 m³/d shall be required to undertake annual water audit through Confederation of Indian Industries (CII)/ Federation Indian Chamber of Commerce and Industry (FICCI)/ National Productivity Council (NPC)/ PHD Chamber of Commerce & Industries certified auditors and submit audit reports within three months of completion of the same to Ground Water Department, Uttar Pradesh. All such industries shall be required to reduce their ground water use by at least 20% over the next five years through appropriate means.
- iv) Construction of observation well(s) (piezometer)(s) within the premises and installation of appropriate water level monitoring mechanism as mentioned in General Condition no.10 shall be mandatory for industries drawing/ proposing to draw more than 10 m³/day of ground water and. Monitoring of water level shall be done by the project proponent. The piezometer (observation well) shall be constructed at a minimum distance of 50 m from the bore well/production well. Depth and aquifer zone tapped in the piezometer shall be the same as that of the pumping well/ wells. Monthly water level data shall be submitted online to the Ground Water Department, UP.
- v) The proponent shall be required to adopt roof top rain water harvesting/ recharge in the project premises. Industries which are likely to pollute ground water (chemical, pharmaceutical, dyes, pigments, paints, textiles, tannery, pesticides/ insecticides, fertilizers, slaughter house, explosives etc.) shall store the harvested rain water in surface storage tanks for use in the industry.
- vi) Injection of treated/ untreated waste water into aquifer system is strictly prohibited.
- vii) Industries which are likely to cause ground water pollution e.g. Tanning, Slaughter Houses, Dye, Chemical/ Petrochemical, Coal washeries, other hazardous units etc. (as per CPCB list) need to undertake necessary well head protection measures to ensure prevention of ground water pollution.
- (B) **Infrastructural User:** The No Objection Certificate for ground water abstraction will be granted subject to the following specific conditions:
 - i) In case of infrastructure projects that require dewatering, proponent shall be required to carry out regular monitoring of dewatering discharge rate (using a digital water flow meter) and submit the data online to Ground Water Department, UP as applicable. Monitoring records and results should be retained by the proponent for two years, for inspection or reporting as required by District Ground Water Management Council.
 - ii) Installation of Sewage Treatment Plants (STP) shall be mandatory for new projects, where ground water requirement is more than 20 m³ /day. The water from STP shall be utilized for toilet flushing, car washing, gardening etc.

GROUND WATER DEPARTMENT

(Namami Gange & Rural Water Supply Department)

Ministry of Jal Shakti
Government of Uttar Pradesh

40

Form 8 (C)

[See Rule 8(1)]

AUTHORIZATION/ NO-OBJECTION CERTIFICATE FOR SINKING OF NEW / EXISTING WELL FOR INDUSTRIAL/ COMMERCIAL/ INFRASTRUCTURAL OR BULK USER OF GROUND WATER

[Under Section 14 of the Uttar Pradesh Ground Water Management and Regulation Act, 2019.]

AUTHORIZATION/ NO-OBJECTION CERTIFICATE NO: NOC013790

VALID FROM 31/03/2022 TO 30/03/2027

{UIS10(1) of the Uttar Pradesh Ground Water Management and Regulation Act, 2019}

Registration No.: 202203000277			
Name of the Owner	GYANPRAKASH BHATIA		
Designation पद	DIRECTOR	Company Name कंपनी का नाम	GALAXY PAPERS PRIVATE LIMITED
Company Address कंपनी का पता	8TH KM STONE, JOLLY ROAD, MUZAFFARNAGAR	Authorization Letter प्राधिकार पत्र	Download
Address of the Applicant	9th km, jolly road, muzaffarnagar	Application Form Serial No.	MZFN0322NIN0115
Date of Submission	14/03/2022	Specimen Signature	
Location Particulars			
District	Muzaffar Nagar	Block	Municipal Corporation/Nagar Palika Parishad, Muzaffar Nagar
Plot No./Khasra No.	478/1	Municipality/Corporation	No
Ward No./Holding No.			N/A
Particular of the Proposed Well and Pumping Device			
Date of Construction/Sinking of the Well	20/12/2021		
Type of Well	Tube Well/Boring	Depth of the Well (In meter)	50.00
Purpose of well	Industrial	Assembly Size(For Tube Well)	
Strainer Position (For Tube Well)			
Type of Pump Used	Submersible	H.P. of the Pump	5.50
Operational Device	Electric Motor	Rate of Withdrawal (m³/hr.)	20.00
Date of Energization (In Case of Electric Pump)	20/12/2021		

Maximum Allowable Rate of Withdrawal (m³/hr.):	20.00	Maximum Allowable Running Hours Per Day:	5.00	41
Maximum Allowable Annual Extraction of Ground Water:	30000.00	Recharge Required	30000.00	

- This No-Objection certificate authorizes the owner applicant (user) to sink a well in the location specified at Sl. (2) for extraction of ground water at a rate not exceeding that as shown at Sl. (3j), for Running Hours per day as shown at Sl. (3k), and for maximum allowable annual extraction of ground water as shown at Sl. (3k) and is valid subject to the observance of the conditions stated overleaf.
- Holder of this NOC is hereby directed to assure annual recharge of 30000.00 cubic meter, as specified under the application form.

GENERAL CONDITIONS:

- Holder of this NOC is hereby directed to fill from 1(A) for registering his/her well within 90 days as mentioned in application form shall only started after registration of his/her NOC.
- In case of any change of ownership of the proposed well, fresh authorization has to be obtained.
- No change of location, design, rate of withdrawal and pumping device in respect of the proposed well as indicated at SL (2) and (3) of this certificate shall be made without prior permission of the Competent Authority. Any deviation in this regard shall lead to cancellation of this authorization
- For the purpose of measuring and recording the quantity of ground water extracted, every said user shall affix digital water flow meters (conforming to BIS/ IS standards) having telemetry system in the abstraction structure, which record rate and quantum of extraction, at outlet of pumping devices and it shall be presumed that the quantity recorded by the meter has been extracted by the said user, until the contrary is proved. The rate of extraction of ground water from the well as shown in item 3(k) shall not exceed to the recorded rate from water meters
- The concerned Authority reserves the right to stop extraction of ground water from the well due to quality hazards or any other reasons, if the situation so demands
- In case of any change of ownership of the existing well, fresh registration has to be obtained.
- No change of location, design, rate of withdrawal and pumping device in respect of the existing well as indicated at Sl. (2) and (3) of this certificate shall be made without prior permission of the Competent Authority. Any deviation in this regard shall lead to cancellation of this registration
- In case, any of the particulars I information furnished by the applicant in his application for issuance of this registration is found to be incorrect during verification at any subsequent stage , this registration is liable for cancellation.
- The Certificate of Authorization/ NOC shall be valid for a period of five years from the date of issue. The applicant shall have to apply for renewal through a fresh application, at least ninety days prior to expiry of its validity.
- Construction of piezometers and installation of digital water level recorders with telemetry shall be mandatory for user. Depth and zone tapped of piezometer should be commensurate with that of the pumping well. The data, obtained from digital water level recorders shall be made available to this office on monthly basis
- **Guidelines for Installation of Piezometers and their Monitoring**

Piezometer is a borewell /tubewell used only for measuring the water level by lowering the tape/ sounder or automatic water level measuring equipment. It is also used to take water sample for water quality testing when ever needed. General guidelines for installation of piezometers are as follows:

- The piezometer is to be installed/constructed at the minimum of 50 m distance from the pumping well through which ground water is being withdrawn. The diameter of the piezometer should be about 4” to 6”.
- The depth of the piezometer should be same as is case of the pumping well from which ground water is being abstracted. If, more than one piezometers are installed the second piezometer should monitor the shallow ground water regime. It will facilitate shallow as well as deeper ground water aquifer monitoring.
- No. of piezometers to be constructed & Type of water level monitoring mechanism shall be as per below table:

S.No	Quantum of Ground water withdrawal (cum/day)	No.of piezometers required	Monitoring Mechanism	
			Manual	DWLR with Telemetry
1	< 10	0	0	0
2	11 - 50	1	1	0
3	50- 500	1	0	1
4	> 500	2	0	2

- The measuring frequency should be monthly and accuracy of measurement should be up to cm. the reported measurement should be given in meter upto two decimal.
- For measurement of water level sounder or automatic water level recorder (AWLR)/ Digital Automatic water level recorder (DWLR) with telemetry system should be used for accuracy.
- The measurement of water level in piezometer should be taken, only after the pumping from the surrounding tube wells has been stopped for about four to six hours.

- o All the details regarding coordinates, reduced level (with respect to mean level), depth, zone tapped and assembly lowered should be provided for bringing the piezometer into the Hydrograph Monitoring System for Ground Water Department, Uttar Pradesh, and for its validation.
- o The ground water quality has to be monitored twice in a year during pre-monsoon (May/June) and post-monsoon (October/November) periods. Quality may be got analyzed from NABL approved lab. Besides, one sample (1 lt capacity bottle) to the concerned Director, Ground Water Department, Uttar Pradesh, for chemical analysis.
- o A Permanent display board should be installed at piezometer/Tube wells site for providing the location, piezometer/ tube well number, depth and zone tapped of piezometer/tube well for standard referencing and identification.
- o Any other site specific requirement regarding safety and access for measurement may be taken care of.
- Any other condition(s) that may be imposed by the concerned Authority.
- In case, any of the particulars / information furnished by the applicant in his application for issuance of this permit is found to be incorrect during verification at any subsequent stage, this permit is liable for cancellation.
-
- **SPECIFIC CONDITIONS:**
- **(A) For Industrial User:** No Objection Certificate for ground water extraction by industries shall be granted subject to the following specific conditions:
 - i) No Objection Certificate shall be granted only in such cases where local government water supply agencies are not able to supply the desired quantity of water.
 - ii) All industries shall be required to adopt latest water efficient technologies so as to reduce dependence on ground water resources.

VAKALATNAMA
BEFORE THE HON'BLE NATIONAL GREEN TRIBUNAL, NEW DELHI
ORIGINAL APPLICATION NO. 277 OF 2022

Liyakat Ali & Ors.

....Applicants

Versus

State of U.P. & Ors.

....Respondents

KNOW ALL to whom these present shall come that I/We, Galaxy Papers Private Limited, the Respondent in the captioned Application, do hereby appoint Utkarsh Sharma, Advocate (Hereinafter called the Advocate(s)) to be my/our Advocate in the above-noted case and authorize him: -

TO act, appear and plead in the above-noted case in this Court.

TO sign, file, verify and present pleadings, appeals, cross-objections or petitions for executions, review, revision, withdrawal, compromise or other petitions or affidavits or other documents and do all other acts and things which may be necessary to be done for the progress and in the course of the prosecution of the said case in all its stages subject to payment of fees for each such stage.

TO withdraw or compromise the said case or submit to arbitration or mediation any differences or disputes that may arise in or in any manner touching the said case.

TO initiate and conduct execution proceedings.

And I/We undertake that I/We or my/our duly authorized agent would appear in the Court on all hearings and will inform the Advocates for appearance when the case is called.

AND I/We the undersigned do hereby agree to ratify and confirm all acts done by Advocate or his substitute in the aforesaid matter as my/our own acts, as if done me/us to all intents and purposes and that it shall be our duty to keep constant touch with the advocate to seek updates of the case.

AND I/We hereby confirm and affirm that every application, pleadings, affidavit, submission, etc. counter-signed by us is drafted/submitted on the basis of my instructions and I/WE shall not dispute its veracity.

AND I/We the undersigned do hereby agree not to hold the Advocate or his substitute responsible for the result of the said case.

WITNESS WHEREOF I/We do hereunto set my/our hands to these presents the contents of which have been understood by me/us on this _____ day of October, 2022.

Accepted subject to the terms of the fees.
