**STATUS REPORT/ ACTION TAKEN REPORT ON BEHALF

1. Defence Colony Drain

The de-silting work of open stretch of Nallah was carried out by MCD by deploying JCB and pocklain machine and approximately 3065 MT silt/earth has been taken out/removed from drain till now and sent to SLF. It is further submitted that the silt excavated from the nallah/drain are stacked for a few days to dry out before transporting it and then removed and transported to SLF site as a routine manner. The total quantity of silt taken out from the drain has been removed and transported to SLF and there is no silt left on the bank of drain at present. The details of the SLF slips and photographs are enclosed herewith as **Annexure-R1 (colly)**.

Due to the financial restrictions and to assess the methodology to be adopted for desilting of covered portion, department has decided that desilting of covered portion be carried out first as a pilot project by creating openings at one location only and widening of existing entry for proper maneuvering of machinery at existing ramps with enclosing/provision of adjacent vents also for dispersal of gases to ensure ventilation/safety during the desilting work.

Accordingly, the followings proposals as pilot project have been prepared with the following details:

S. No.	Name of work	Amount (lacs)	Status
1	Desilting of covered portion of Defence colony drain and widening of entry for proper maneuver of machinery at ramps in Defence colony drain in Ward No. 145, Central Zone.	Rs. 21.00	Under award
2	Desilting of covered portion of Defence Colony Nallah by creating additional openings/ramps in Defence Colony in Ward No. 145, Central Zone.	Rs. 24.98	W.O. issued

The provision of vents in nallah to disperse the gases shall be explored as suggested by the petitioner counsel so that the foul smell and gases do not create any problem for the residents. However, to avoid the emission of the dangerous gases and foul smell in the area, the DJB shall have to ensure the tapping of sewer discharging into nallah in

upstream area of this drain as per the provisions of Delhi Water Board Act 1998.
