**REPORT OF OVERSIGHT COMMITTEE IN COMPLIANCE OF ORDER OF HON'BLE
NATIONAL GREEN TRIBUNAL PASSED IN O.A. NO. 72/2020 IN RE: SCIENTIFIC
DISPOSAL OF BIO-MEDICAL WASTE ARISING OUT OF COVID-19 TREATMENT-
COMPLIANCE OF BMW RULES, 2016**

I. INTRODUCTION

- The Hon'ble NGT dealing with the matter of O.A. No. 72/2020 vide order dated 21.04.2020 considered the issue regarding remedial action to address the gaps in compliance of the BMW Rules, 2016, as applicable to the disposal of bio-medical waste arising out of handling of COVID-19 disease, so as to ensure protection of environment and public health, in view of potential of such infectious waste adversely affecting public health, concerned workers and professionals etc.
- Coronavirus Disease (COVID-19) is a pandemic disease affecting 213 countries and territories around the globe. Due to COVID-19, more than 1,812,108 deaths have occurred as on 31.12.2020 and currently, more than 83,063,033 persons are infected globally. In India, first confirmed case of COVID-19 was reported in Kerala on 30th January 2020. Till 31.12.2020, more than 1,02,67,238 laboratory-confirmed cases and over 1,48,774 deaths have been reported due to COVID-19 disease.
- According to an article published in Swaachhindia by NDTV titled, "India Generated Over 18,000 Tonnes of COVID-19 Related Bio-medical Waste in 4 Months, Experts Call to Reduce, Reuse and Segregate¹" dated 13.11.2020 mentioned that the COVID-19 related bio-medical waste generation in India has increased from 3,025.41 tonnes in June to 5,490 tonnes in September. This includes personal protective equipment

(PPE), gloves, face masks, head cover, plastic coverall, hazmet suit, syringes among other gears and medical equipment used by both healthcare providers and patients.

- Another article published in Express Healthcare titled, “Handling COVID-19 Biomedical waste critical to prevent future epidemics²” dated 30.10.2020 warns that the rise in biomedical waste due to the COVID pandemic has led to an immediate threat of unsafe disposal of healthcare waste that will pollute the environment as well as pose a risk of infectious diseases such as hepatitis, cholera, typhoid, and respiratory complications. Therefore, the proper use of medical waste disinfectant equipment by hospitals and medical centers is the need of the hour to contain a future epidemic.
- Recently a news article published in “thebetterindia” entitled, “India’s ‘Recycle Man’ Can Convert used PPE Kits and Face Masks into Bricks” mentioned about the bricks made from COVID-19 related biomedical wastes. These bricks, P-Block 2.0, are made using 52% of shredded PPE material, 45% paper sludge, and 3% binding agent-formulated gum base.
- A project to convert COVID waste into clean fuel using sunlight is funded by the Welsh Government. In this project, a novel technique called “photoreforming” is utilized in which sunlight is used to simultaneously kill virus and convert non-recyclable waste into clean hydrogen fuel. The technique of photoreforming do not generate greenhouse gases and works at ambient temperatures.

II. ORDERS PASSED BY HON’BLE NGT

- **Vide order dated 21.04.2020**, the Hon’ble Tribunal considered the issue in remedial action to address the gaps in compliance of the BMW Rules, 2016, as applicable to the disposal of bio-medical waste arising out of handling of COVID-19 disease, so as to ensure protection of environment and public health, in view of potential of such

² [Handling COVID biomedical waste critical to prevent future epidemics - Express Healthcare](#)

- infectious waste adversely affecting public health, concerned workers and professionals etc.
- The Hon'ble NGT has also taken into consideration the concern on the subject expressed in a news item dated 19.04.2020, published in the Indian Express titled 'Biomedical waste facilities, a red flag in coronavirus fight', authored by Apurva Vishwanath and Karishma Mehrotra.
 - Hon'ble National Green Tribunal is already dealing with the matter of non-compliance of BMW Rules, 2016 in OA No. 710/2017 in re: Shailesh Singh v. Sheela Hospital & Trauma Center, Shahjahanpur & Ors.
 - To deal with the biomedical waste generated on account of COVID-19, CPCB has issued guidelines which were last revised on 18.04.2020 entitled "*Guidelines for Handling, Treatment, and Disposal of Waste Generated during Treatment /Diagnosis/Quarantine of COVID-19 patients*". After perusal of CPCB guidelines, the Hon'ble Tribunal observed that there was a need for revision of the laid down guidelines to address all concerns in the light of best practices and experience from time to time.
 - **Vide order dated 21.04.2020**, the Hon'ble Tribunal referred to pending proceedings in O.A. No. No. 710/2017, *Shailesh Singh v. Sheela Hospital & Trauma Center, Shahjahanpur & Ors.* to remedy gaps in compliance of Bio- Medical Waste Management Rules, 2016 generally. In the said matter, vide order dated 22.01.2020, the Tribunal observed:

2. ...unscientific disposal of bio-medical waste had potential of serious diseases such as Gastrointestinal infection, Respiratory infection, Eye infection, Genital infection, Skin infection, Anthrax, Meningitis, AIDS, Haemorrhagic fevers, Septicaemia, Viral Hepatitis type A, Viral Hepatitis type B and C, etc. Such unscientific disposal also causes environmental pollution leading to unpleasant smell, growth and multiplication of vectors like insects, rodents and worms and may lead to the transmission of diseases like typhoid, cholera, hepatitis and AIDS

through injuries from syringes and needles contaminated with various communicable diseases

- Further, the Hon'ble Tribunal observed:

7. COVID 19 pandemic has emerged in the last few months and has affected number of people across the world. More than one and a half lac people have died world over and more than 600 in India. The virus spreads mainly by droplets and also by touch of contaminated articles. To prevent spread, lock down has been enforced, restricting people to their homes, so as to avoid social contact. Affected persons are treated in hospitals and those suspected are quarantined in various facilities or at home. Large scale testing has been and is being done. By way of precaution, masks, gloves, PPE etc. are used which are disposed of thereafter. In the process, huge bio-medical waste is generated which itself can be source of disease. While the BMW Rules generally take care of the situation by way elaborate provisions to deal with biomedical waste generated in dealing with infectious diseases such as HIV, HINI etc., present pandemic has presented further challenge interalia on account of:

(i) Existing gaps in compliance of BMW Rules in terms of capacity to scientifically dispose of generated waste and noncompliance of procedural and monitoring aspects;

(ii) COVID-19 virus has emerged suddenly and is highly infectious, requiring more precautions compared to other infectious diseases.

- After perusal of the CPCB guidelines entitled, "*Guidelines for Handling, Treatment, and Disposal of Waste Generated during Treatment/Diagnosis/Quarantine of COVID-19 patients-Rev. 2*", the Hon'ble Tribunal observed the need for further revision of the guidelines to cover all aspects covering not merely institutions but also individual households and dealing with situations where scientific disposal facilities like incinerators are not available and any unmindful deep burial without adequate

safeguards can adversely affect the groundwater and pose danger to health and safety of people.

- **Vide order dated 20.07.2020**, the Hon'ble Tribunal considered the report submitted by CPCB on 17.06.2020 mentioned that the meeting has been held by the Member Secretary, CPCB with the State PCBs/ PCCs, preparation of awareness material such as web circular, posters, videos, pictorial guidelines, user manual, waste tracking app, Covid – 19 related audios-videos and jingles. High Level Task Team has been constituted with representatives from Ministries of Environment Forest & Climate Change, Health and Family Welfare, Jal Shakti, Housing and Urban Affairs and Defence. Model plans have been prepared by the High Level Task Team for management of Covid – 19.
- Further, the report mentioned that CPCB has revised its guidelines on 10.06.2020 covering the following aspects:
 - a. Description of general solid waste including indicative list of items for segregation in isolation wards, quarantine centres and homecare;*
 - b. Scope of Training and awareness to waste handlers in hospitals and quarantine centres;*
 - c. Use of COVID-19 biomedical waste tracking App "COVID19BWM" developed by CPCB by waste generators, transporters, CBWTF operators and SPCBs.*
 - d. Guidance on handling of general solid waste from quarantine centres and isolation wards and disposal of solid waste.*
 - e. Options for safe disposal of COVID-19 related biomedical waste, in case capacity of existing capacity of common biomedical waste treatment and disposal facilities (CBWTFs) is exhausted.*
- Further, the summary of the compliance status is as follows:
 - (vii) Improper segregation of waste has been reported from COVID-19 isolation wards, quarantine centres and quarantine homes. As per the provisions under Biomedical Waste Management Rules, 2016, Solid Waste Management Rules,*

2016 and CPCB's COVID-19 guidelines, segregation of wastes is essential for effective management of wastes.

(viii) Mixing of general solid waste with biomedical waste would result in additional load on CBWTF incinerators, which are not designed for domestic solid waste.

(ix) It is also observed that non-segregation of waste also result in incineration of contaminated plastics, which otherwise should have been collected in red bag for sterilization and recycling.

(x) SPCBs/PCCs are required to follow-up with ULBs to ensure regular collection of solid waste and biomedical waste from isolation wards, home quarantine centres and homecare units. SPCBs/PCCs may also issue appropriate instructions to concerned departments in State to ensure compliance to CPCB guidelines.

- In view of the above, the Hon'ble Tribunal directed CPCB to urgently bridge the gap in compliances. Segregation of Covid-19 from general waste is a must, not only to avoid additional load on CBWTF incinerators but also in the interest of avoid further contamination adversely affecting public health. There has to be constant and regular monitoring by the Chief Secretaries, State PCBs/PCCs and Health Departments in the States/ UTs and by the High Level Task Team at Central level with further coordination by CPCB. Where waste is not going to CBWTF incinerators, deep burial systems may be properly maintained as per protocols taking all due precautions to prevent harm to the environment. CPCB may take further initiatives which should include conducting of appropriate programme on Doordarshan, All India Radio and other media.

III. MINUTES OF MEETING BY OVERSIGHT COMMITTEE, NGT

The Oversight committee constituted by Hon'ble NGT held a meeting with concerned administrative officers on 24.07.2020 and 06.01.2021. Various issues as pointed out in the

orders of Hon'ble National Green Tribunal were discussed and status of the action taken by the concerned authorities was reviewed.

The highlights of the meeting are as follows:

- Dr. Shipra Pandey, Nodal Officer, Health Department, informed that the contract for barcoding and GPS system installation in vehicles has been signed and it is being provided to all CBWTFs for installation in vehicles and this will possibly be completed in next two months.
- Dr. Shipra Pandey also informed that health department has designed the software for barcoding for entire State and desired that other departments such as AYUSH, Animal Husbandry and Medical Education may also follow the same barcoding system.
- Shri A. K. Tiwari, CEO, UPPCB informed that all 18 CBWTFs are registered and have started uploading their COVID-19 BMW data via COVID19BMW mobile app.
- Shri. A. K. Tiwari, CEO, UPPCB informed that out of 25,411 HCFs, authorization has been granted to 21,531. Notice has been issued against rest 3880 non-complying HCFs. Till now, EC of Rs. 7.68 Cr has been imposed on 141 HCFs and prosecution under section 15 of EPA, 1986 has been filed against 03 HCFs.

The detailed Minutes of both Meetings are annexed as **Annexure-I** and **Annexure II**.

IV. COMPLIANCE STATUS BY UPPCB AND URBAN DEVELOPMENT DEPARTMENT

A: Compliance status of UPPCB: UPPCB has submitted a compliance report dated 24.12.2020 and 06.01.2021, mentioning the following:

Direction: SPCBs/PCCs shall ensure that every generator is registered on CPCB's Tracking App and make daily entries. The system should be made functional within 7 days. SPCBs/UTs should also start submitting daily status reports only through Tracking App (Web-portal).

Action Taken: Chief Secretary, U.P vide letter dated 31.07.2020 has issued directions to all CEOs, Noida/Greater Noida/Yamuna Expressway-Industrial Development Authority, all Commissioners, all District Magistrates and concerning Department of U.P. Government for effective implementation of COVID-19 guideline issued by CPCB dated 21.07.2020.

- UPPCB vide letter dt. 14.08.2020 has issued directions under Section 5 of Environmental Protection Act, 1986 to DG, Medical & Health, UP and DG Medical Education & Training, UP for use of COVID-19 BMW Mobile app by all waste generators for tracking of Biomedical waste arising out COVID-19 treatment.
- UPPCB vide letter dated 17.08.2020, requested to MS, CPCB for providing access to board in COVID-19 BMW mobile application for tracking of waste generator regarding number of registrations on app and providing login to Medical Health and Medical Education Department, U.P.
- UPPCB vide letter dated 26.08.2020 has issued directions under Section-5 of Environment Protection Act, 1986 to all CEOs, Noida/Greater Noida/Yamuna Expressway-Industrial Development Authority, and all Municipal Commissioners of UP for registration of all waste generators on COVID 19 BMW mobile application and for education of households about segregation & treatment of Biomedical Waste arising out of COVID-19 treatment.
- Principal Secretary, Environment, Forest & Climate Change, UP vide letter dated 17.12.2020 has issued directions to CEOs, Noida/Greater Noida-Industrial Development Authority and concerning Department of UP government for effective management & scientific disposal of COVID-19 BMW & use of COVID-19 BMW mobile app.
- As on 02.01.2021, 248 HCFs having isolation wards, 152 Sample collection center, 73 Laboratories and 376 Quarantine camps/homes are identified for COVID-19 BMW Management in U.P. The total number of Isolation ward/sample collection center/laboratory/Quarantine camps are varying day to day basis.
- All 18 Common Biomedical Waste Treatment Facility (CBWTFs) are registered and started uploading their COVID-19 BMW data via COVID-19 BMW mobile app.

- As on 02.01.2021, 54 Waste generators (Isolation wards/ Sample collection center/ Laboratories/ Quarantine Camps/ Homes) are uploading COVID-19 BMW data on mobile app.
- The copy of letters in regard to issue of directions is included in **Annexure IV**.

Direction: SPCBs/ PCCs and State Health Department should ensure that segregation of biomedical waste is practiced by hospitals treating COVID-19 patients as per the colour categorization stipulated under BMW Management Rule, 2016 and CPCB guidelines, strict segregation of general waste and biomedical waste at quarantine centers, quarantine homes and home care. As a matter of abundant caution, general waste generated from these facilities may be treated with disinfectant prior to disposal.

Action Taken: Health Department has designated Nodal Officers in each District to ensure proper implementation of the Biomedical Waste Management Rules, 2016 and all have been given training of trainers (ToT) for proper management and disposal of BMW from COVID-19 facilities (Isolation hospital and Quarantine camps/ homes).

- In addition, District Monitoring Committee/ District Environment Committee for Biomedical Waste Management has been constituted in each District which is being chaired by the District Magistrate and in the meeting special priority is being given to the handling and disposal of COVID-19 waste.
- Health Department has set up L1, L1 attached, L2 and L3 hospitals dedicated for proper Isolation and Quarantine for COVID-19 patients and proper COVID-19 waste management is being done through the CBWTF.
- The solid waste generated from hospitals/quarantine camps are first disinfected by 1% sodium hypochlorite solution, then after disposed as per the Solid Waste Management Rules, 2016 and the used face masks/gloves are kept in paper bags for 72 hours thereafter disposed as per Solid Waste Management Rules, 2016.

Direction: State/UT Department of UD shall ensure that the solid waste is lifted everyday from hospitals treating COVID-19 patients as well as quarantine camps/homes as per their usual practice. They shall also ensure that personal protection gear is given to waste generators by ULBs.

Action Taken: The solid waste generated from hospitals/quarantine camps are first disinfected by 1% sodium hypochlorite solution, thereafter disposed as per the Solid Waste Management Rules, 2016 and the used face masks/gloves are kept in paper bags for 72 hours and thereafter disposed as per Solid Waste Management Rules, 2016.

Direction: Monitoring of deep burial pits.

Action Taken: No Deep burial is being done in U.P. for COVID-19 BMW.

Direction: Direction to concerned Departments in the State. In case the situation warrants, SPCBs/PCCs may issue appropriate directions to concerned Departments in the State to ensure compliance to CPCB guidelines.

Action Taken: Approximately daily COVID-19 BMW generated by different generators is 8-10 ton.

- 18 CBWTFs are engaged for COVID-19 BMW management and cumulative incinerable capacity is 51.2 MT/day.
- From 25.04.2020 to 02.01.2021, 3365.3 MT COVID-19 waste is being generated and disposed by 18 CBWTFs as per BMW rules and CPCB guidelines.
- At present, non COVID incinerable BMW is generated approx. 18 MT/day. The available marginal capacity is 23.2 MT/day.
- Total demand capacity for incineration of COVID and non COVID BMW is approximately 28 MT/day, which is less than total incineration capacity of all the CBWTFs.
- For Emergency Preparedness-
 - a) Existing capacity of hazardous waste incinerator is 68MT/day.
 - b) 18 MT hazardous waste is being incinerated in hazardous waste incinerator. Hence the margin capacity of 50 MT is also available.

- c) Inter-departmental Committee was constituted vide UPPCB OM dated 16.07.2020 for preparedness of hazardous Waste Incinerator of UP to incinerate COVID-19 BMW.
- d) Said Committee has submitted its report to UPPCB. The report has been sent to Environment, Forest and Climate Change Department, Government of UP vide UPPCB letter dated 14.08.2020 for further necessary action.

Direction: Stakeholders like hospitals, CBWTF operators, Urban Local Bodies shall perform their duties in line with CPCB guidelines for proper disposal of COVID-19 waste.

Action Taken: From 25.04.2020 to 20.12.2020, 3270.6 MT of COVID-19 waste is generated and disposed by 18 CBWTF as per BMW rules and CPCB guidelines.

- 18 CBWTFs are operational in State, out of which OCEMS of 14 are connected with server of CPCB and rest are not operational.
- For connection of said 04 CBWTFs (M/s Synergy Waste Management Pvt. Ltd., Barabanki, Lucknow, M/s SMA Watergrace Mediwaste Management (P) Ltd., Lucknow, M/s Will Environment Inc., Kanpur, M/s MPCC, Bijauli, Jhansi) OCEMS with CPCB server, the direction has been issued under Section-5 of Environment Protection Act, 1986 vide UPPCB letter dated 10.08.2020.

Direction: MoHUA shall ensure that adequate PPEs are available with concerned departments for COVID waste handlers.

Action Taken: U.P. Medical Supply Corporation has been procuring PPE kits and are regularly supplying it to the HCFs.

Direction: Complete inventory of HCFs and BMW authorization.

Action taken: At present, there are 25,411 (bedded: 13,670; Non-bedded: 11,741) Health care facilities. Of these, 21,531 (bedded: 11,434; Non-bedded: 10,097) have been authorized by the State Pollution Control Board and notice has been sent to all unauthorized HCFs.

Direction: Environmental compensation imposed, and action taken against defaulters.

Action taken: As per the report dated 06.01.2021, following actions have been imposed:

- Prosecution Under Section 15 of Environmental Protection Act, (EPA)-1986 has been filed against Health Care Facilities: 04
- Prosecution Under Section 15 of EPA-1986 has been filed against CBWTFs: 03
- Notice against 3880 defaulter HCFs has been issued.
- Show Cause Notices has been issued against 27 HCFs under EPA, 1986
- Environmental Compensation of Rs. 7.60 Cr has been imposed on 141 HCFs. Out of this amount, 19.5375 Lakhs has been recovered.
- Environmental Compensation of Rs. 1.43 Cr has been imposed on 08 CBWTFs. Out of this amount, Rs. 47 Lakhs has been recovered.
- The details of EC imposed and recovered from HCFs and CBWTFs is included in **Annexure IV.**

Direction: Status of BMW authorization to HCFs.

Action taken: As per the compliance report of UPPCB dated 06.01.2021, at present total number of HCFs in the State is 25,411 (bedded: 13,670; non-bedded: 11,741). Out of these, authorization has been granted to 21,531 HCFs (bedded: 11,434; non-bedded: 10097) and notices have been sent to rest 3880 unauthorized HCFs).

Direction: Status of common biomedical waste management facility in the State of UP.

Action taken: Following is the compliance status of CBWTFs in the State:

- Total biomedical waste generation: 52.5 MT/day
- Total capacity of CBWTFs operating in the State: 54.4 ton/day
- Compliance status of each CBWTFs: 18 CBWTFs are operational in State, out of which 15 are complied and 03 are non-complied. The non-complying CBWTFs are M/s MPCC, Jhansi, M/s MPCC, Khalilabad, Santkabir Nagar and M/s Sangam Mediserve, Handiya, Prayagraj.
- Till date SPCB has imposed EC of Rs. 1.43 Cr against 08 CBWTFs.

- Prosecution under section 15 of EPA, 1986 and under Air/Water Act has been filed against 03 abovementioned CBWTFs.

The detailed compliance reports submitted by UPPCB are annexed as **Annexure III** and **Annexure IV**.

B: Compliance status of Urban Development Department: In view of the prevailing conditions of COVID-19 in the State, Department of Urban Development has submitted a report dated 07.01.2021 mentioning that letter has already been issued by UDD dated 24.04.2020 to all CEOs, Noida, Greater Noida, Yamuna-Expressway-Industrial Development Authority, all Commissioners, all District Magistrates and concerning Department of U.P. Government for effective implementation of COVID-19 guidelines issued by CPCB.

The letter mentioned the topics onto which guidelines has been issued by the Central Pollution Control Board for safe disposal of waste generated during the treatment process of COVID-19 global epidemic. These are as follows:

- (a) COVID-19 Isolation wards
- (b) Sample Collection Centres and Laboratories for COVID-19 suspected patients
- (c) Responsibility of persons operating Quarantine camps/Homes or Home care facilities
- (d) Duties of Common Biomedical Waste Treatment Facility
- (e) Duties of State Pollution Control Board/Pollution Control Committees
- (f) Duties of Urban Local Bodies
- (g) Management of wastewater from HCFs/Isolation wards.

The copy of letter submitted by Urban Development Department is annexed as **Annexure-V**.

V. COMPLIANCE REPORT ON BIOMEDICAL WASTE MANAGEMENT BY DEPRATMENT OF MEDICAL HEALTH AND FAMILY WELFARE, UTTAR PRADESH

Department of Health and Family Welfare has submitted a compliance report dated 24.12.2020, 04.01.2021 and 06.01.2021, mentioning the following:

1. Health Care Facilities (HCFs) and BMW Management

- At present, there are 25,411 Health care facilities (Government: 5,240 and Private: 20,171). Out of these, 21,531 (Government: 4350 and Private: 17,181) have been authorized by the State Pollution Control Board and the remaining are under process.
- Status of authorization of Government and Private HCFs:

A- Authorization details of Govt. health care facilities is as under:

S. No	Total No. of HCFs	No. of Authorized HCFs
1.	5240	4350

B- Authorization details of Private Health Care Facilities is as under:

S. No	Total No. of Private HCFs	No. of Authorized Private HCFs
1.	18642	16577

- These Facilities are presently generating 52.5 TPD of Bio Medical Waste.
- There are 18 common Bio medical waste treatment Facilities (CBTF) in the entire state with treatment capacity of 54.4 TPD (Tonnes per day).
- Total Kilograms of COVID-19 waste generated and disposed up to 03.01.2021 is 3363020.635 kgs. The details of COVID-19 waste generated in the State is included in **Annexure-VII.**

2. Governance

- In compliance with Rule-11, State Government has constituted the State Advisory Committee (SAC). Moreover, in compliance with Rule-12(4), District Monitoring Committees (DMCs) have been constituted in each District headed by the District Magistrate to monitor the implementation of the Biomedical Waste Management Rule, 2016.

- The State advisory meeting was held on 21.09.2020 regarding the disposal of excessive COVID-19 Biomedical waste generated from the COVID-19 designated hospitals.
- Setting up of L1, L1 attached, L2 and L3 hospitals for Isolation wards and Quarantine camps has been done and proper COVID-19 waste management is being done by the CBWTF which was further facilitated by the Department of Health on 30.04.2020. The updated list of L-1, L-2 and L-3 hospitals included in **Annexure- VII**.

3. Training and IEC for management of COVID-19 Biomedical waste

- Regular training regarding COVID-19 Biomedical waste disposal is being done in the Government health care facilities and a refresher training is in process for which the State has already assigned the master trainer to do the same.
- Second round of refresher is going on. Mater trainers have been trained and they are conducting batch wise training in their respective districts and the training is been monitored by UP TSU regularly.
- Zoom training was conducted on 08.09.2020 to train the Doctors, paramedics and class 4 employees for proper disposal of COVID-19 biomedical waste.

4. Proper segregation and disposal of BMW generated in Uttar Pradesh

- All the government health care facilities in 75 districts of Uttar Pradesh are under contract with 18 Common Biomedical Waste Treatment Facility (CBWTFs) and proper disposal of Biomedical waste is done by them. For the private health care facilities new or renewal of registration is done only after Authorization from UPPCB and this is a continuous process.
- The Status of Authorization, Annual Report submission, Construction of Collection Shed, Construction of Deep Burial Pits, Installation of ETP, and Inspection of Private Hospitals from 55 districts have been provided. Remaining reports from 20 Districts are still awaited. A reminder Letter from Director General Medical & Health vide

letter no -11f/2020/2994 dated 24.12.2020 has been sent to provide the information within two days for compilation.

- BMW Authorization of Health Care Facilities:

S.No.	Total No. of Health Care Facilities	Authorization Status
1.	19650	10,130 (April 2019)
2.	19674	14,648 (August 2019)
3.	23882	20,927 (March 2020)
4.	25411	21,531 (December 2020)

5. Current status of ETP installation

- As per BMW rule, 2016 installation of ETP is mandatory for above 10 bedded hospitals. Hence the ETP has to be installed in District hospitals as well as CHC level Hospitals in the entire State of Uttar Pradesh. Installation of ETP by Jal Nigam in the 41 Hospitals in first phase is on standstill as on date due to some litigation as per the information from Project Manager, Jal Nigam. The details of ETP installation by UP Jal Nigam is included in **Annexure VII**. The letters sent by UP Jal Nigam in regard to this is annexed as **Annexure-IX** and **Annexure-X**.

6. Biomedical Waste Management Information System

- In compliance with the provisions of Rule-13 of the Biomedical Waste Rules, Annual reports have been generated from the BMWMIS for all District hospitals and CHCs and the same have been duly submitted to the Uttar Pradesh Pollution Control Board (UPPCB).
- Real time data of Biomedical waste lifting is being uploaded on the BMWMIS Portal.
- The real-time status of the lifting of Bio-medical waste was available on the web portal. 174 DHs, 864 CHCs and 19 CTFs are registered on BMWIS portal. As on 27.12.2020 at 2:00 pm, the following details were available on BMWIS web portal:

Bag/Bin	CTF	DH	Nos.	Wt. (Kg)
Red	20	477	28228	56958
Yellow	20	510	47090	118908
Blue	20	320	6881	14914
White	19	230	3467	3237
Total	20	510	85666	194017

7. Status of barcoding in every HCFs/CBWTF

- Uttar Pradesh Medical Supply Corporation had floated a tender for bar coding and Vehicle tracking system for Biomedical waste management and its prebid meeting was on 29.05.2020. The bid submission date was on 11.07.2020.
- UPMSCCL has awarded the contract to the L1 Bidder and the Contract has been signed between the DG Medical and Health and VTS/Bar coding Service Provider on 23.09.2020.
- Assigned work to the Service Provider includes software designing and finalization of the software which is as follows –
 - The software should provide interface to do real-time tracking of vehicle movement (including historical visits). The history of vehicle tracking system should be provided to DGMH in archive mode. History of vehicle tracking system should be available on-line for 90 days.
 - The data from android device/Mobile should come to BMWGIS server by integration and also procurement of the hardware which includes –
 - I. Vehicle Tracking System fitted in each CBWTF,
 - II. Platform based Electronic Bluetooth Weighing Machine with a capacity of 30 Kg and
 - III. blue-tooth feature to transfer data on weight to the android device/mobile,

- IV. Android based device/Mobile (having at least 8 MP camera) provided with each CBWTF,
- V. Bar Code /QR Code Printer to print adhesive labels containing data on – Health Care Code. Data to be printed in QR code should be in English,
- VI. Thermal Printer for real time Date & Time of data capturing, color and weight of bag. Data to be printed in English,
- VII. SIM cards for android device/mobile and VTS) to all the 18 CBWTF.
- As per the Contract agreement, the service provider had to get approval of the solution design and finalization of the software, which was seen by the officials of Medical care on 16.12.2020.
 - Both the Weblink and mobile application was found to be satisfactory as per the requirements, so the Service Provider has been given the approval by Director General Medical & Health Services on 24.12.20 and directed to Roll out and scale it up to all the districts of the state and also give the training to all the CBWTF personnel's and periodically inform DGMH as per the Contract Agreement.
 - The procurement of the Hardware has been done and is currently being Installed on the Vehicles of the CBWTF one by one.

(A letter from DG, Medical & Health regarding tender for Biomedical Waste disposal services for remaining 14 Districts (Aligarh, Bareilly, Badaun, Kasganj, Mathura, Philibhit, Sambhal, Rampur, Shahjahanpur, Balrampur, Mahoba, Chitrakoot, Shrawasti, Sonbhadra) has been sent to Managing Director, UPMSCS on 30.12.2020).

9. Inspection of TSDF for COVID-19 biomedical waste disposal

A team of members nominated from UPPCB, Medical & Health and Medical Education was formed to inspect the TSDF for hazardous waste COVID-19 Biomedical Waste disposal as the incineration capacity of some of the 18 CBWTF are almost getting exhausted. The details of Joint inspection are as follows:

- A Joint Committee constituted by UP Pollution Control Board carried out the inspection of Treatment, Storage and Disposal Facility (TSDF) i.e. M/s Bharat Oil and Waste Management Ltd., Kumbhi, Akbarpur, Kanpur Dehat and M/s UP Waste Management Project (A Division of Ramki Enviro Engg. Ltd.) located in Kanpur Dehat for disposal of the hazardous waste in the State and submit a time targeted action plan to the concerned Department.
- In the Committee, the representatives were nominated by Director General, Medical and Health Services, Lucknow and Director General, Medicine and Training, Lucknow.

- The Committee carried out the inspection of the two abovementioned TSDF on 29.07.2020 and reported as follows:
 - a. **M/s Bharat Oil and Waste Management Ltd., Kumbhi, Akbarpur, Kanpur Dehat**
 - Plant was under repairment and shut down at the time of visit. The TSDF has obtained valid consent under Water (Prevention and Control of Pollution) Act, 1974 and Air (Prevention and Control of Pollution) Act, 1981 and authorization for disposal of hazardous waste as per rules by UPPCB.
 - The incinerator established in TSDF is rotatory kiln type which has a capacity of 2 tonne/h. The temperature of primary and secondary chamber of the incinerator is determined to be 800°C and 1200°C, respectively.
 - For the treatment of liquid waste, pre-treatment, spray drying, and solar evaporation tank is present in TSDF.
 - The TSDF has 09 vehicles for collection of hazardous wastes from different sites.
 - b. **M/s UP Waste Management Project (A Division of Ramki Enviro Engg. Ltd.), Kumbhi, Akbarpur, Kanpur Dehat**
 - The TSDF has obtained valid consent under Water (Prevention and Control of Pollution) Act, 1974 and Air (Prevention and Control of Pollution) Act, 1981 and authorization for disposal of hazardous waste as per rules by UPPCB. While, the facility was shut down at the time of visit.
 - The incinerator established in TSDF is rotatory kiln type which has a capacity of 2 tonne/h. The temperature of primary and secondary chamber of the incinerator is determined to be 850±50°C and 1050±50°C, respectively.
 - The incinerator works on the principle of Programmable Logic Control (PLC).
 - For the treatment of liquid waste, pre-treatment, spray drying, and solar evaporation tank is present in TSDF.
 - The TSDF has 18 vehicles for collection of hazardous wastes from different sites.

- It was informed by the representatives of TSDFs that collection of COVID-19 waste will be done by the TSDFs and incineration of hazardous waste will be done in the incinerator. For this, the incinerator in the TSDF has enough capacity.
- Approximately 20 tonne/day COVID-19 waste is being generated during the period of inspection. In view of the increase in COVID-19 waste in future, it is necessary to take action for the safe disposal of the above immediately.
- **Action Plan for Preparedness of Hazardous Waste Incinerator for Treatment of COVID-19 Biomedical Waste in the State of Uttar Pradesh**

S. No.	Action Points	Concerned Department/Stakeholder	Timeline
1.	Preparedness of Hazardous Waste Incinerator	TSDF	One week
2.	Assessment of excess COVID-19 waste to be incinerated in TSDF	Concerned CBWTF/ District Level Monitoring Committee	Immediate
3.	Provide training to Waste handlers on infection preventive measures, hand hygiene, respiratory etiquettes, social distancing, use of PPEs etc. via video and demonstrations etc. translated in local language	Health Department /TSDF/Concerned Regional Officer of UPPCB	Immediate
4.	Dedicated space for temporary storage of COVID-19 waste (Pucca flooring or bund to avoid spillage of liquid)	TSDF	Two week
5.	Dedicated vehicle for transportation of COVID-19	TSDF	Two week
6.	To obtain amended Consent to operate (Air/Water) and Authorization under UPPCB	TSDF/UPPCB	Two week
7.	Fixation of rate of collection, transportation and treatment of COVID-19 waste at hazardous waste incinerator	--	Immediate

	a-For private HCF	Concerned CBWTF & TSDf on mutual agreement basis	
	b-For Government Hospitals /Medical Colleges	Decision to be taken by State Advisory Committee under the Chairmanship of Principal Secretary Medical Health & Family Welfare	
8.	Vehicles should be sanitized with sodium hypochlorite or any appropriate chemical disinfectant after every trip	TSDf	Immediate
9.	COVID-19 waste should be disposed off immediately upon receipt at facility	TSDf	Immediate
10.	Operator of TSDf shall maintain separate record for collection, treatment and disposal of COVID-19 waste	TSDf	Immediate
11.	Do not allow any worker showing symptoms of illness to work at the facility. May provide adequate leave to such workers and by protecting their salary	TSDf	Immediate
12.	TSDf operator shall register on 'COVID19BMW' Tracking App developed by CPCB and also ensure registration of Waste Handler (with vehicle) for entering the data of COVID-19 Biomedical waste received and disposed	TSDf	Immediate

The detailed Joint Inspection report of TSDf is included in **Annexure VII**.

The detailed compliance reports submitted by Department of Health and Family Welfare are annexed as **Annexure VI, Annexure VII and Annexure VIII**.

VI. SUMMARY OF THE COMPLIANCE STATUS AS ON 06.01.2021

S. No.	Directions by Hon'ble NGT	Concerned Department	Compliance status
1.	Status of registration of all HCFs, ULBs, CBWTFs and other stakeholder dealing with COVID-19 on 'COVID19BMW'	UPPCB	<p>Partially complied</p> <ul style="list-style-type: none"> • According to the compliance report of UPPCB dated 02.01.2021, as on 20.12.2020, 248 HCFs having isolation wards, 152 Sample collection center, 73 Laboratories and 376 Quarantine camps/homes are identified for COVID-19 BMW Management in U.P. The total number of Isolation ward/sample collection center/laboratory/Quarantine camps are varying day to day basis. • All 18 Common Biomedical Waste Treatment Facility (CBWTFs) are registered and started uploading their COVID-19 BMW data via COVID-19 BMW mobile app. • As on 02.01.2021, 55 Waste generators (Isolation wards/ Sample collection center/ Laboratories/ Quarantine Camps/ Homes) are uploading COVID-19 BMW data on mobile app.
2.	Status of segregation of biomedical waste is practiced by hospitals treating COVID-19 patients as per the colour categorization stipulated under BMW Management Rule, 2016 and CPCB guidelines, strict segregation of general waste and biomedical waste at quarantine centers, quarantine homes and home care. As a matter of abundant caution, general waste generated	UPPCB/Health Department	<p>Partially complied</p> <ul style="list-style-type: none"> • Health Department has designated Nodal Officers in each District to ensure proper implementation of the Biomedical Waste Management Rules, 2016 and all have been given training of trainers (ToT) for proper management and disposal of BMW from COVID-19 facilities (Isolation hospital and Quarantine camps/ homes). • The solid waste generated from hospitals/quarantine camps are first disinfected by 1% sodium hypochlorite solution and thereafter disposed as per the Solid Waste Management Rules, 2016 and the used face masks/gloves are kept in paper bags for 72 hours

	from these facilities may be treated with disinfectant prior to disposal.		thereafter disposed as per Solid Waste Management Rules, 2016.
3.	Stakeholders like hospitals, CBWTF operators, Urban Local Bodies shall perform their duties in line with CPCB guidelines for proper disposal of COVID-19 waste.	UPPCB	<p>Partially complied</p> <ul style="list-style-type: none"> • According to compliance report of UPPCB dated 06.01.2021, from 25.04.2020 to 03.01.2021, 3270.6 MT of COVID-19 waste is generated and disposed by 18 CBWTF as per BMW rules and CPCB guidelines. • 18 CBWTFs are operational in State, out of which OCEMS of 14 are connected with server of CPCB and rest are not operational. • For connection of said 04 CBWTFs (M/s Synergy Waste Management Pvt. 6.	Adequate number of treatment facilities	UPPCB	<p>Complied</p> <ul style="list-style-type: none"> At present, non COVID incinerable BMW is generated approx. 18 MT/day. The available marginal capacity is 23.2 MT/day. Total demand capacity for incineration of COVID and non COVID BMW is approximately 28 MT/day, which is less than total incineration capacity of all the CBWTFs.
7.	Constitution of State and District Advisory Committees	UPPCB	<p>Partially Complied</p> <ul style="list-style-type: none"> State and District Advisory Committee have been constituted. The State Advisory meeting was held on 21.09.2020 regarding the disposal of excessive COVID-19 Biomedical waste generated from COVID-19 designated hospitals.
8.	Inventorization of dedicated Healthcare Facilities (HCFs) and COVID-19 waste generation	Health Department /UPPCB	<p>Partially complied</p> <ul style="list-style-type: none"> There are 25,411 (bedded: 13,670; Non-bedded: 11,741) Health care facilities. Of these, 21,531 (bedded: 11,434; Non-bedded: 10,097) have been authorized by the State Pollution Control Board and notice has been sent to all unauthorized HCFs. Daily Monitoring of COVID-19 waste lifting and disposal is being done. Total weight of COVID-19 waste generated and disposed up to 03.01.2021 is 3363020.635 kgs.
9.	Training and IEC for management of COVID-19 Biomedical waste	Health Department	<p>Partially Complied</p> <ul style="list-style-type: none"> Regular training regarding COVID-19 Biomedical waste disposal is being done in the Govt health care facilities and a refresher training is in process for which the state has already assigned the master trainer to do the same. On 08.09.2020 a Zoom training was conducted to train the Doctors, paramedics and class 4 employees for proper disposal of COVID-19 biomedical

			waste. <ul style="list-style-type: none"> The State advisory meeting was held on 21.09.2020 regarding the disposal of excessive COVID-19 Biomedical waste generated from the COVID-19 designated hospitals.
10.	Status of submission of Annual Report to UPPCB	Health Department	Complied Annual report of Public Health care facilities for the year 2019 has been sent to Regional Office, UPPCB and UPPCB has sent the report to CPCB.
12.	Status of authorization of HCFs	UPPCB	Partially complied At present, there are 25,411 Health care facilities (Government: 5,240 and Private: 20,171). Out of these, 21,531 (Government: 4350 and Private: 17,181) have been authorized by the State Pollution Control Board and the remaining are under process.

VII. RECOMMENDATIONS BY THE OVERSIGHT COMMITTEE

In view of the above, we recommend as follows:

- Although the directions have been issued by UPPCB for registration of all waste generators in COVID19 BMW mobile application developed by CPCB to ensure proper collection, transportation, treatment and disposal of BMW/Covid-19 waste. The SPCB may be directed to ensure the registration of all health care facilities/institutions including quarantine centers and pathological labs on the above portal and proper training must also be provided to the concerned persons regarding the uploading of COVID-19 waste generated by them.
- As far as the implementation of barcoding for colored bags and containers containing BMW is concerned, a pilot scale project has been taken up in Lucknow district. For scaling up of the project to the entire State, the bid has been finalized and the contract has been provided to service provider. The Health Department may be directed to

complete the work for implementation of barcoding and tracking of vehicles through GPS within a month positively.

3. In compliance with the Biomedical Waste Management Rules, 2016, every biomedical waste management facility must obtain authorization from State Pollution Control Board. At present, there are 25,411 (bedded: 13,670; Non-bedded: 11,741) Health care facilities. Of these, 21,531 (bedded: 11,434; Non-bedded: 10,097) have been authorized by the State Pollution Control Board and notice has been sent to all unauthorized HCFs. The SPCB may be directed to inspect these facilities immediately and issue authorizations provided they are fully compliant. The responsibility for non-compliance should be fixed.
4. With regard to the implementation of Biomedical Waste Management Rule, 2016, installation of ETP is mandatory for above 10-bedded hospitals. It was informed that due to some litigation the work of ETP installation has stopped. UP Jal Nigam may be directed to resolve the issue and expedite the process of ETP construction and complete the work within the specified time duration.
5. In compliance with BMW Rules 2016, disposal of BMW by deep burial is permitted only in rural or remote areas where there is no access to common bio-medical waste treatment facility. The Health Department/concerned department may be directed to follow the provisions and guidelines issued by CPCB from time to time and standards mentioned in Schedule III of BMW Rules 2016 for such facility.
6. In compliance with the Biomedical Waste Management Rules, 2016, no information is being provided by the AYUSH hospitals. Chief Secretary, U.P. may be directed to monitor the progress with Principal Secretary of Medical Education and AYUSH Department. Since Health Department is the nodal department, both Medical Education and AYUSH Department should send their information to Health Department where it can be compiled for further communication.
7. The CPCB may be directed to lay down standard for new technologies for treatment and disposal of biomedical waste and prescribe specifications for treatment and disposal of

biomedical wastes. Further, the CPCB may also be directed to undertake or support research regarding biomedical waste.

8. The SPCB may be directed to grant and renewal, suspension or refusal cancellation or of authorisation under Rule 7, 8 and 10 of BMW Rules, 2016. Further, SPCB may also be directed to regularly monitor the compliance of various provisions and conditions of authorization.
9. State PCB may be directed to ensure the implementation of Biomedical Waste Management Rules 2016 and recommendations of the Advisory Committee in all health care facilities.
10. As far as liquid waste is concerned, steps should be taken to disinfect the treated liquid waste before its reuse for irrigation or similar other purposes.
11. The instances of improper disposal of PPE kits and other such materials highlight the loophole in the management of the BMW waste. It must be ensured that such incidents should not happen. All stakeholders dealing with the collection, transportation and treatment of BMW waste must be made accountable for the slightest negligence in the management of COVID-19 waste.
12. All hospital housekeepers, sanitation workers and other staff dealing with handling and management of BMW/COVID-19 waste shall be provided with regular free health checkups and treatment if any required from the respective HCFs where they are working.
13. The SOPs for home quarantine have been prepared by UPPCB/UDD, while the local public is unaware about the handling and disposal of the generated COVID waste. The UDD/UPPCB may be directed to issue a service helpline number for public for COVID-19 waste related issues. Further, the UDD may also be directed to ensure door to door collection facility of COVID waste based on Ghaziabad model.
14. For non-compliance with BMW Rules, 2016, notices have been issued against 3880 HCFs. Prosecutions has been filed against 04 HCFs and 03 CBWTFs under Section 15 of EPA, 1986, and show cause notices have been issued against 27 HCFs under EPA, 1986.

The State PCB may be directed to initiate action under the law against the non-compliant units.

15. EC of Rs. 7.60 Cr and Rs. 1.43 Cr have been imposed against 141 HCFs and 08 CBWTFs, respectively. The imposed penalty has yet not been realized. State PCB may be directed to take necessary action and ensure realization of EC as per the prescribed procedure.
16. The meetings of the State Advisory Committee and District Advisory Committee should take place regularly to monitor and ensure compliance of the BMW Rules, 2016 in general and COVID-19 guidelines in particular.
17. All the HCFs where the collection sheds are under construction shall ensure that no waste should be stored at their premises. They should regularly hand over their waste to the service provider for proper treatment and disposal on day to day basis.
18. The instances of improper disposal of PPE kits, gloves, face masks and face shields used by general public is commonly reported. An important aspect in handling COVID-19 waste is making public aware about the procedure to handle and dispose such wastes. SPCB/UDD may be directed to launch IEC campaigns through visual media, print media, spot hoardings billboards, pamphlets and newspapers to educate people about the management and disposal of such wastes.
19. The process of conversion of COVID waste into clean energy i.e. hydrogen fuel using sunlight by the technique of photoreforming based on Welsh Government model may also be explored in India.
20. The conversion of COVID-19 related biomedical wastes such as PPE kits and face masks into construction bricks as per the approach undertaken by Mr. Binish Desai, The Recycle Man of India. Other industries or waste management startups may also be promoted to convert biomedical/COVID-19 waste into eco-friendly construction material.
21. The approach for conversion of COVID-19 related plastic waste into construction of bituminous road and partial replacement of cement in concrete may also be explored and researched.

The Member Secretary, UPPCB is directed to send this report to the Registrar General, National Green Tribunal, Principal Bench, New Delhi for placing the same before the Hon'ble Tribunal with a copy to the Chief Secretary, Government of Uttar Pradesh for necessary action. The report also be uploaded on the website of the Committee.

Meeting No. 43

MINUTES OF MEETING OF NGT OVERSIGHT COMMITTEE, UP LUCKNOW HELD ON 24.07.2020 AT 11-00 AM (ORGANISED WITH THE HELP OF NIC) IN O.A. No. 710/2017 IN RE: SHAILESH SINGH VS SHEELA HOSPITAL AND TRAUMA CENTRE, SHAHJAHANPUR AND OTHERS AND O.A. NO. 72/2020 IN RE: SCIENTIFIC DISPOSAL OF BIO-MEDICAL WASTE ARISING OUT OF COVID-19 TREATMENT-COMPLIANCE OF BMW RULES, 2016

THROUGH VIDEO-CONFERENCING

**Present: Hon'ble Mr Justice SVS Rathore, Chairman, and
Dr Anup Chandra Pandey, Member.**

Other dignitaries present:

1. Shri Anurag Yadav, Secretary, Urban Development
2. Shri Ashish Tiwari, Member Secretary, UPPCB
3. Shri S K Srivastava, Director, Disease Control, Animal Husbandry
4. Dr Shipra Pandey, Nodal Officer, Health Department
5. Shri Avdhesh Tripathi, Scientist C, CPCB Lucknow
6. Dr. N C Prajapati, Medical Education

This Oversight Committee reviewed the progress of the Bio-Medical Waste Management and Covid-19 Waste Management in the light of Hon'ble NGT orders dated 27.07.2020 passed in **OA No. 710 of 2017** in re: *Shailesh Singh vs. Sheela Hospital and Trauma Centre, Shahjahanpur and Ors.* and **OA No. 72 of 2020** in re: *Scientific Disposal of Bio-Medical Waste arising out of Covid-19 treatment-Compliance of BMW Rules, 2016.*

Salient Points mentioned by Hon NGT in order dated 20.07.2020 in OA No. 710 of 2017.

Hon'ble NGT in its order had mentioned that the veterinary hospitals, animal houses and AYUSH hospitals were not implementing the BMW Rules, 2016.

1. In veterinary hospitals, the following discrepancies were observed:
 - (i) Majority of Veterinary Hospitals have not obtained authorization.
 - (ii) Veterinary Hospitals are not registered with the Common Bio-medical Waste Treatment Facilities (CBWTFs)
 - (iii) There is no segregation of waste at source through separate colour-coded collection bins
 - (iv) There is no record of waste generation, collection, transportation, treatment and disposal, etc.
2. Even in other Health Care Facilities (HCFs), there are a lot of discrepancies in authorisation. The State should expedite the process.
3. Regarding installation of Online Continuous Emission Monitoring Systems (OCEMS), some of the CBWTFs are yet to connect with CPCB server.
4. District Environment plans have not been prepared, so compliance of the Bio-medical Waste Management by District Planning Committees is not taking place.

Salient Points mentioned by Hon NGT in order dated 20.07.2020 in OA No. 72 of 2020.

- (i) Adequate facilities (like incinerators) are not available. The States should focus on implementation of distinct colour guidelines for the waste bins, effective monitoring mechanism, information collection from handlers of waste through electronic manifest system, online reporting by the State PCBs/PCCs on daily basis by developing necessary software, creating awareness by special awareness programmes, organizing trainings in concerned Local Bodies, Health Departments, etc. and, providing workers handling COVID-19 waste with adequate protective gears.
- (ii) A number of HCFs are functioning without authorisation.
- (iii) Implementation of Barcode system is limited.
- (iv) There is a need for augmentation of incineration/disposal capacity for meeting the contingency of any sudden spike in generation of biomedical waste.
- (v) Capacity verification in specific areas or cities has to be examined for adequacy.
- (vi) Awareness and training to waste handlers have to be increased.
- (vii) Preparation for model plans for villages has to be done.
- (viii) Usage of COVID-19 biomedical waste tracking app has to be ensured.
- (ix) There is improper segregation of waste from COVID-19 isolation wards, quarantine centres and quarantine homes.

- (x) Lifting of general solid waste with biomedical waste should be strictly prohibited.

It has been observed that non-segregation of waste results in incineration of contaminated plastics, which generates poisonous fumes, so the entire waste should be collected in red bags for sterilisation and recycling.

- (xi) ULBs to ensure regular collection of solid waste and biomedical waste from isolation wards, home quarantine centres and home care units.

In the light of above observations, Hon NGT directed that segregation of COVID-19 waste from general waste is a must. It should be monitored by the Chief Secretaries, State PCBs and Health Departments in the States. Where waste is not going to CBWTF incinerators, deep burial systems may be properly maintained as per protocols.

Nodal Officer, Health Department, Dr. Shipra Pandey mentioned that most of the HCFs have got authorisations and they are pursuing the left over cases. She mentioned that the data is being compiled on a regular basis and being sent to UPPCB on a regular basis. She mentioned that she is not getting data from Animal Husbandry department and AYUSH department. She also mentioned that progress of construction of ETPs and STPs in medical colleges is not very good and the Jal Nigam, which is the nodal agency, should be directed to expedite the construction activities. Secretary, Urban Development (Shri Anurag Yadav) mentioned that he would direct Jal Nigam to expedite the process.

So far as implementation of barcoding is concerned, Dr. Shipra Pandey has informed that the tender has been floated and evaluation work is in process. She mentioned that the Health Department is providing PPEs kits to all workers/staffs associated with COVID-19 waste management. The PPEs are being supplied by UP Medical Supply Corporation.

Dr. Shipra Pandey also mentioned that the staff which was working in Environment Cell in the Medical Directorate for biomedical waste management and was compiling the COVID-19 data is not getting salary/honorarium for the last about 12 months, due to which now she is facing problems in getting this compilation work done. The Oversight Committee directed Principal Secretary, Health to sort out this issue at the earliest.

Director, Animal Husbandry Shri S K Srivastava mentioned that they have 2202 veterinary hospitals and 2650 veterinary dispensaries. They have already issued instructions to all the district animal husbandry officers to ensure compliance of BMW Rules. It was told to him that the information is not coming from his department. He should get all the BMW Rules implemented and send the report regularly to UPPCB and Health Department. He was directed to coordinate with Dr. Shipra Pandey Nodal officer, Health Department.

Nodal Officer, Medical Education Dr. N C Prajapati mentioned that there are 28 private medical colleges in the State. He also mentioned that they have implemented BMWM system everywhere in the medical colleges and he is coordinating with the Health Department (Dr. Shipra Pandey) regularly and giving

daily information to her. They have already organised training programs for all the medical and paramedical staff. They have conducted training programs in 52 medical colleges (Government and private) regarding the collection, transportation and management of BMW as per the BMW Rules, 2016. They were directed to organise further training programme to all the Government and private medical colleges' medical staff and paramedical staff, ambulance drivers and other health care staff.

Member Secretary, UPPCB Shri Ashish Tiwari mentioned that the authorisation position of HCFs is 86%, which is very good. The speed has increased ever since they have directed that all authorisation applications should be put on their Nivesh Mitra portal. He mentioned that all the CBWTFs are linked to OECMS and are being monitored on a daily basis. So far as barcoding is concerned, he mentioned that barcoding is not taking place because different departments are creating their own software which at times is not very compatible. It was corroborated by Health and Medical Education Departments, where Health Department mentioned that they have created their own system. However, Medical Education is trying to work out their own system. It was decided that the CPCB may be requested through NGT to develop a Pan India Software for barcoding of the waste and in the meantime, the Health Department may be asked to develop a PAN UP Software to be shared by other departments.

Member Secretary, UPPCB mentioned that presently they have 239 Isolation Wards, 152 sample collection centres and 72 testing labs, total 473 such facilities for COVID-19, out of which only 81 have been registered. The registration needs to be increased. He mentioned that COVID-19 App is successfully working in Uttar Pradesh. He mentioned that while at the destination data is being uploaded regularly, source uploading is also a must.

He also mentioned that on 21 July, new CPCB guidelines have come for COVID-19 waste management which has already been circulated to all the departments. In that, it has been mentioned that COVID-19 waste including all kind of non-blood waste should be put in the red bag and sent after disinfecting to the solid waste management operator for recycling and disposal. In no case, this should go for incineration.

It was mentioned that registration of home quarantine cases on COVID-19 App should be encouraged for registration as well. The Municipal Commissioner, Ghaziabad has placed a dedicated vehicle for collection of COVID-19 waste from home quarantine patients.

No representative from AYUSH department came to attend the meeting. It was directed that in spite of number opportunities, the AYUSH department has neither come to the meeting nor is sending any COVID-19 relating data, which is a serious thing. Additional Chief Secretary, AYUSH may be invited in the next meeting to explain the details.

Secretary Urban Development, Shri Anurag Yadav mentioned they are holding regular COVID-19 related meetings in all the 17 Nagar Nigams. He stated that they are developing home quarantine SOPs. On the pattern of Ghaziabad, they are planning to earmark dedicated vehicles for collection of COVID-19 waste from home quarantine patients.

Meeting No. 86

**MINUTES OF MEETING OF OVERSIGHT COMMITTEE, NGT UP LUCKNOW, HELD ON
06.01.2021 AT 11:00 AM IN O.A. No. 710/2017 IN RE: SHAILESH SINGH VS SHEELA
HOSPITAL AND TRAUMA CENTRE, SHAHJAHANPUR AND OTHERS AND O.A. NO. 72/2020
IN RE: SCIENTIFIC DISPOSAL OF BIO-MEDICAL WASTE ARISING OUT OF
COVID-19 TREATMENT-COMPLIANCE OF BMW RULES, 2016
THROUGH VIDEO-CONFERENCING**

**Present: Hon'ble Mr. Justice S.V.S Rathore, Chairman, and
Dr. Anup Chandra Pandey, Member.**

Other dignitaries present:

1. Shri Anurag Yadav, Secretary, Urban Development
2. Shri Ashok Kumar Tiwari, CEO, UPPCB
3. Shri S.D. Singh, Urban Development
3. Shri S.K. Malik, Director, Animal Husbandry
4. Dr. Shipra Pandey, Nodal Officer, Health Department
5. Dr. N C Prajapati, Medical Education
6. Shri Manoj, Director, AYUSH Department
7. Dr. D. K. Soni, Additional Director, CPCB

Meeting held as Scheduled

This Oversight Committee reviewed the progress of the Bio-Medical Waste Management and Covid-19 Waste Management in the light of Hon'ble NGT orders dated 27.07.2020 passed in **OA No. 710 of 2017** in re: *Shailesh Singh vs. Sheela Hospital and Trauma Centre, Shahjahanpur and Ors.* and **OA No. 72 of 2020** in re: *Scientific Disposal of Bio-Medical Waste arising out of Covid-19 treatment-Compliance of BMW Rules, 2016.*

Salient Points mentioned by Hon NGT in order dated 20.07.2020 in OA No. 710 of 2017.

Hon'ble NGT in its order had mentioned that the veterinary hospitals, animal houses and AYUSH hospitals were not implementing the BMW Rules, 2016.

1. In veterinary hospitals, the following discrepancies were observed:
 - (i) Majority of Veterinary Hospitals have not obtained authorization.

- (ii) Veterinary Hospitals are not registered with the Common Bio-medical Waste Treatment Facilities (CBWTFs)
 - (iii) There is no segregation of waste at source through separate color-coded collection bins
 - (iv) There is no record of waste generation, collection, transportation, treatment and disposal, etc.
2. Even in other Health Care Facilities (HCFs), there are a lot of discrepancies in authorization. The State should expedite the process.
 3. Regarding installation of Online Continuous Emission Monitoring Systems (OCEMS), some of the CBWTFs are yet to connect with CPCB server.
 4. District Environment plans have not been prepared, so compliance of the Bio-medical Waste Management by District Planning Committees is not taking place.

Salient Points mentioned by Hon NGT in order dated 20.07.2020 in OA No. 72 of 2020.

- (i) Adequate facilities (like incinerators) are not available. The States should focus on implementation of distinct colour guidelines for the waste bins, effective monitoring mechanism, information collection from handlers of waste through electronic manifest system, online reporting by the State PCBs/PCCs on daily basis by developing necessary software, creating awareness by special awareness programs, organizing trainings in concerned Local Bodies, Health Departments, etc. and, providing workers handling COVID-19 waste with adequate protective gears.
- (ii) A number of HCFs are functioning without authorisation.
- (iii) Implementation of Barcode system is limited.
- (iv) There is a need for augmentation of incineration/disposal capacity for meeting the contingency of any sudden spike in generation of biomedical waste.
- (v) Capacity verification in specific areas or cities has to be examined for adequacy.
- (vi) Awareness and training to waste handlers have to be increased.
- (vii) Preparation for model plans for villages has to be done.
- (viii) Usage of COVID-19 biomedical waste tracking app has to be ensured.

(ix) There is improper segregation of waste from COVID-19 isolation wards, quarantine centers and quarantine homes.

(x) Lifting of general solid waste with biomedical waste should be strictly prohibited.

It has been observed that non-segregation of waste results in incineration of contaminated plastics, which generates poisonous fumes, so the entire waste should be collected in red bags for sterilization and recycling.

(xi) ULBs to ensure regular collection of solid waste and biomedical waste from isolation wards, home quarantine centers and home care units.

In the light of above observations, Hon NGT directed that segregation of COVID-19 waste from general waste is a must. It should be monitored by the Chief Secretaries, State PCBs and Health Departments in the States. Where waste is not going to CBWTF incinerators, deep burial systems may be properly maintained as per protocols.

Shri Manoj, Director, AYUSH Department mentioned that no biomedical waste is being generated from Ayurveda and Unani hospitals. The Committee directed AYUSH department to submit report related to number of facilities and their authorization status, collection sheds and segregation of biomedical waste, type of waste generated and status of ETP installation to Dr. Shipra Pandey, Nodal Officer, Health Department.

Shri S. K. Malik, Director, Animal Husbandry, UP, informed that with regard to spread of bird flu instructions have been issued to all poultry farms for proper burial of dead birds. The Committee directed the Department of Animal Husbandry to share the instructions/protocols issued regarding the burial of dead bodies of birds/skeleton if found in general waste. Further, the Committee also directed the department to submit the report related to progress in implementation of BMW Rules in Veterinary hospitals to Dr. Shipra Pandey, Nodal officer, Health Department.

With regard to implementation of barcoding system, Dr. Shipra Pandey, Nodal Officer, Health Department, informed that the contract has been signed and barcode and GPS system is being provided to all CBWTFs for installation in vehicles and this will possibly be

completed in next two months. She further informed that barcoding system is functional in two CBWTFs in Kanpur and Shahjahanpur. Shri. A. K. Tiwari, CEO, UPPCB informed that a Committee has been constituted consisting of the representatives of MoEF&CC and CPCB for proper implementation of barcoding system and SPCB is waiting for their guidelines. Dr. Pandey also informed that health department has designed the software for barcoding for entire State and desired that other departments such as AYUSH, Animal Husbandry and Medical Education may also follow the same barcoding system. The Committee desired that Principal Secretary of AYUSH, Medical Education and Animal Husbandry may follow the barcoding system developed by Health Department.

With regard to registration of HCFs on COVID19BMW app, Shri. A. K. Tiwari, CEO, UPPCB informed that as on 02.01.2021, there are 248 HCFs having Isolation ward, 152 Sample collection centers, 73 Laboratories and 376 Quarantine camps/homes are identified for COVID19BMW management in the State. Further, he informed that all 18 CBWTFs are registered and have started uploading their COVID-19 BMW data via COVID19BMW mobile app. He mentioned that they are unable to track the hospitals registered with this app and need access to the app from CPCB. Moreover, Dr. Shipra Pandey also requested the access to this application from CPCB. Dr. D.K. Soni, Additional Director, CPCB informed that he will look into this matter and do the needful. The Committee directed UPPCB to submit the latest report in regard to the registration of isolation wards, sample collection centers, testing labs and HCFs on COVID19BMW app.

Shri A. K. Tiwari, CEO, UPPCB informed that out of 25,411 HCFs, authorization has been granted to 21,531. Notice has been issued against rest 3880 non-complying HCFs. Till now, EC of Rs. 7.68 Cr has been imposed on 141 HCFs and prosecution under section 15 of EPA, 1986 has been filed against 03 HCFs.

Dr. Shipra Pandey, Nodal officer, Health Department informed that State Advisory meeting was last conducted on 21.09.2020 and there are 18 CBWTFs operational in the State. It was informed that the State has adequate capacity of incinerators to meet the load. The

Committee directed the Health Department to conduct the State Advisory meetings on regular basis.

Dr. Shipra Pandey further informed that with regard to inspections to be conducted in O.A. No. 710/2017, 711/2017, 712/2017, and 713/2017 the directions had been issued to CMOs and the inspection report has been received from two hospitals, i.e. Ganga Charan hospital, Bareilly and Kailash Hospital, Gautam Buddha Nagar. The inspection report of the abovementioned hospitals is annexed in the report for O.A. No. 710/2017.

medical waste, which includes a hospital, nursing home, clinic, dispensary, veterinary institution, animal house, pathological laboratory, blood bank, health care facility and clinical establishment, irrespective of their system of medicine and by whatever name they are called;"

6. That as the definition of occupier has been expanded in the new Rules, hence the replying Respondent identified 9972 Healthcare Facilities in the State of Uttar Pradesh. Out of the said health care facilities, 1288 are government healthcare facilities and 8684 are private healthcare facilities. The total bio medical waste generated from these healthcare facilities is about 40403 KG per day.
7. That out of 9972 healthcare facilities identified in the State authorization has been issued to 6352 health care facilities by the Board.
8. That 3620 health care facilities have not taken any authorization from Board. However, out of these 3620 healthcare facilities 3378 are members of common bio medical waste treatment facilities. 242 healthcare facilities out of 3620 are such are neither having any facilities of themselves nor have made any agreement with any common bio medical waste treatment facilities. The replying Respondent has issued notice to these 3620 healthcare facilities.
9. That status of compliance of Bio Medical Waste Rule, 2016 is enclosed as Annexure-1.
10. That District Level Monitoring Committees have been constituted in all the 75 districts of State of Uttar Pradesh. For inspection of health care facilities total 106 survey teams have been constituted wherein the officers of State Pollution Control Board, Health Department and other departments are included as per the directions of Principal Secretary, Environment, Government of U.P.

11. That there are 17 common bio medical waste treatment facilities in Uttar Pradesh having total installed capacity of treatment of 52100 kg/day.

12. That inspection of total 2093 healthcare facilities and 8 common biomedical waste treatment facilities have been done between 13.09.2017 to 23.11.2017 wherein Board has issued notice to those healthcare facilities which are operating without authorization from the Board and showcause notice have been issued against 186 healthcare facilities under Section 5 of Environment (Protection) Act, 1986.

13. That the officers of the Board conducted inspection of Kailash Hospital, Sector 27, NOIDA. A copy of inspection report is enclosed as Annexure-2. Replying Respondent seeking some further time to inspect the other hospitals and submit the latest report.

"..... 9. The table mentions that certain States have yet to implement guidelines regarding training and awareness programme and have to give information about execution of model plans for villages and subdivisions. The summary of the compliance status is mentioned as follows:-

- (i) Improper segregation of waste has been reported from COVID-19 isolation wards, quarantine centres and quarantine homes. As per the provisions under Biomedical Waste Management Rules, 2016, Solid Waste Management Rules, 2016 and CPCB's COVID-19 guidelines, segregation of wastes is essential for effective management of wastes.
- (ii) Mixing of general solid waste with biomedical waste would result in additional load on CBWTF incinerators; which are not designed for domestic solid waste.
- (iii) It is also observed that non-segregation of waste also result in incineration of contaminated plastics, which otherwise should have been collected in red bag for sterilization and recycling.

(iv) SPCBs/PCCs are required to follow-up with ULBs to ensure regular collection of solid waste and biomedical waste from isolation wards, home quarantine centres and homecare units. SPCBs/PCCs may also issue appropriate instructions to concerned departments in State to ensure compliance to CPCB guidelines."

10. In view of the above, while several significant steps have been taken by CPCB and others, the gaps in compliance as mentioned need to be urgently bridged. Segregation of Covid-19 from general waste is a must, not only to avoid additional load on CBWTF incinerators but also in the interest of avoid further contamination adversely affecting public health. There has to be constant and regular monitoring by the Chief Secretaries, State PCBs/PCCs and Health Departments in the States/ UTs and by the High Level Task Team at Central level with further coordination by CPCB. We may also observe that where waste is not going to CBWTF incinerators, deep burial systems may be properly maintained as per protocols taking all due precautions to prevent harm to the environment.

मा0 सर्वोच्च न्यायालय, नई दिल्ली द्वारा रिट पिटीशन (एस) (सिविल) नं0-13029/1985 एम0सी0 मेहता बनाम यूनियन ऑफ इण्डिया एवं अन्य में पारित आदेश दिनांक 30.07.2020 द्वारा "COVID-19 BWM" Mobile APP का प्रयोग सुनिश्चित करने के निर्देश दिये गये हैं। आदेश के सुसंगत अंश निम्नवत् है:-

".....All municipal corporations and state pollution control boards are directed to use the COVID19BWM APP. This is made mandatory and CPCB to track all the bio-medical waste and ensure that it is being sent for treatment....."

कोविड-19 वैश्विक महामारी के उपचार से निकलने वाले कोविड-19 वेस्ट की बढ़ती हुई मात्रा के दृष्टिगत कोविड-19 अपशिष्ट के वर्तमान में प्रबन्धन एवं भविष्य की रणनीति तैयार किये जाने के संबंध में कोविड-19 वेस्ट के समुचित निस्तारण हेतु बैकल्पिक व्यवस्था की योजना बनाये जाने के लिये उ0 प्र0 प्रदूषण नियंत्रण बोर्ड, लखनऊ के कार्यालय ज्ञाप सं0-जी.33177/सी-6/सा0-35/ कोविड-19/2020 दिनांक 16.07.2020 द्वारा समिति का गठन किया गया था। उक्त समिति को यह निर्देशित किया गया था कि कानपुर देहात में स्थित हैजाडर्स वेस्ट के निस्तारण हेतु प्रदेश में स्थापित Treatment, Storage and Disposal Facility (TSDF) मेसर्स भारत ऑयल एण्ड वेस्ट मैनेजमेन्ट लि0, कुम्भी, अकबरपुर, कानपुर देहात तथा मेसर्स यू0पी0 वेस्ट मैनेजमेन्ट प्रोजेक्ट (ए डिवीजन ऑफ रैम्की इन्वायरो इंजी0 लि0), कुम्भी, अकबरपुर, कानपुर देहात के इन्सीनिरेटर, का निरीक्षण कर निर्धारित बिन्दुओं पर आख्या एवं एक्शन प्लान उत्तरदायी विभाग एवं टाइमलाइन की सूचना सहित प्रेषित की जाये। उक्त समिति द्वारा कानपुर देहात

स्थित उक्त दोनों TSDF का भ्रमण कर अपनी आख्या प्रस्तावित कार्य योजना सहित प्रेषित की गई हैं, जिसके क्रम में शासन स्तर से अग्रिम कार्यवाही हेतु प्रकरण सन्दर्भित कर दिया गया है।

समिति द्वारा अपनी आख्या में यह भी संस्तुति की गई है कि सम्बन्धित संस्थाओं द्वारा "COVID-19 BWM" मोबाइल ऐप पर कोविड-19 वेस्ट की मात्रा अपलोड की जा रही है। दिनांक 10.08.2020 को 99 हेल्थ केयर फैसिलिटीज/संस्थाओं द्वारा सूचना उक्त ऐप पर अपलोड की गयी है परन्तु कितनी संस्थाओं द्वारा उक्त ऐप पर रजिस्ट्रेशन कराया गया है की सूचना ऐप पर उपलब्ध नहीं हो पा रही है, जिससे प्रभावी ट्रैकिंग में कठिनाइयाँ आ रही है। अग्रेतर प्रदेश के चिकित्सा एवं स्वास्थ्य तथा चिकित्सा शिक्षा विभाग को उक्त मोबाइल ऐप का access केन्द्रीय प्रदूषण नियंत्रण बोर्ड द्वारा उपलब्ध नहीं कराया गया है, जिसके कारण स्वास्थ्य विभाग द्वारा कोविड-19 वेस्ट के ट्रैकिंग में कठिनाई हो रही है। इस सम्बन्ध में समिति द्वारा यह संस्तुति की गयी है कि "COVID-19 BWM" मोबाइल ऐप पर रजिस्टर्ड समस्त संस्थाओं की जानकारी के लिये access चिकित्सा एवं स्वास्थ्य तथा चिकित्सा शिक्षा विभाग को भी उपलब्ध कराने हेतु केन्द्रीय प्रदूषण नियंत्रण बोर्ड से अनुरोध किया जाये।

इस संबंध में यह उल्लेख करना आवश्यक है कि महानिदेशक, चिकित्सा एवं स्वास्थ्य तथा महानिदेशक, चिकित्सा, शिक्षा एवं प्रशिक्षण को पर्यावरण (संरक्षण) 1986 की धारा-5 के अन्तर्गत उ0प्र0 प्रदूषण नियंत्रण बोर्ड द्वारा प्रदेश में कोविड-19 वैश्विक महामारी से संक्रमित व्यक्तियों के जांच, उपचार एवं एकान्तवास (क्वारेन्टाइन) हेतु स्थापित समस्त आइसोलेशन वार्ड/सैम्पल कलेक्शन सेन्टर/लेबोरेटरीज/क्वारेन्टाइन सेन्टर से जनित बायो मेडिकल वेस्ट के समुचित एवं सुरक्षित निस्तारण की ट्रैकिंग हेतु "COVID-19 BWM" मोबाइल ऐप पर समस्त सम्बन्धित संस्थाओं से तत्काल प्रभाव से कोविड-19 वेस्ट की मात्रा प्रतिदिन अपलोड कराये जाने के निर्देश दिनांक 14.08.2020 (प्रति संलग्न) जारी किये गये हैं।

अतः अनुरोध है कि कोविड-19 वेस्ट के निस्तारण की प्रभावी ट्रैकिंग के लिए कितनी चिकित्सा सुविधा संस्थाओं द्वारा उक्त ऐप पर रजिस्ट्रेशन कराया गया है, की सूचना हेतु उ0प्र0 प्रदूषण नियंत्रण बोर्ड को access तथा उत्तर प्रदेश के चिकित्सा एवं स्वास्थ्य तथा चिकित्सा शिक्षा विभाग को उक्त मोबाइल ऐप का access उपलब्ध कराने हेतु संबंधित को निर्देशित करने का कष्ट करें।

पर्यावरण, वन एवं जलवायु परिवर्तन अनुभाग-7 लखनऊ : दिनांक : 31 जुलाई, 2020

विषय-प्रदेश के अन्तर्गत कोविड-19 वैश्विक महामारी से संक्रमित व्यक्तियों की जाँच, उपचार एवं एकान्तवास (QUARANTINE) से जनित जैव चिकित्सा अपशिष्ट का सुरक्षित निस्तारण किये जाने हेतु माननीय राष्ट्रीय हरित अधिकरण, नई दिल्ली द्वारा पारित आदेश दिनांक 20.07.2020 एवं केन्द्रीय प्रदूषण नियंत्रण बोर्ड द्वारा निर्गत नवीनतम गाइड लाइन दिनांक 21.07.2020 के अनुपालन के सम्बन्ध में।

महोदय,

प्रदेश के अन्तर्गत कोविड-19 वैश्विक महामारी से संक्रमित व्यक्तियों की जाँच, उपचार एवं एकान्तवास (QUARANTINE) से जनित जैव चिकित्सा अपशिष्ट का सुरक्षित निस्तारण किये जाने हेतु माननीय राष्ट्रीय हरित अधिकरण, नई दिल्ली द्वारा पारित आदेश दिनांक 23.04.2020 के क्रम में शासन के पत्रांक एन0जी0टी0-3(2)/81-7-2020-01(रिट)/2019 दिनांक 24.04.2020 का संदर्भ ग्रहण करें, जिसके द्वारा प्रदेश के अन्तर्गत कोविड-19 वैश्विक महामारी की उपचार प्रक्रिया से जनित संक्रमित अपशिष्ट के निस्तारण हेतु माननीय अधिकरण द्वारा पारित आदेशों तथा केन्द्रीय प्रदूषण नियंत्रण बोर्ड द्वारा जारी गाइड लाइन्स के अनुरूप कार्यवाही किये जाने हेतु निर्देश दिये गये थे।

माननीय एन0जी0टी0, नई दिल्ली द्वारा उक्त ओ0ए0 के अन्तर्गत पारित आदेश दिनांक 20.07.2020 के सुसंगत अंश निम्नवत हैं:-

"..... 9. The table mentions that certain States have yet to implement guidelines regarding training and awareness programme and have to give information about execution of model plans for villages and subdivisions. The summary of the compliance status is mentioned as follows:-

- (i) Improper segregation of waste has been reported from COVID-19 isolation wards, quarantine centres and quarantine homes. As per the provisions under Biomedical Waste Management Rules, 2016, Solid Waste Management Rules, 2016 and CPCB's COVID-19 guidelines, segregation of wastes is essential for effective management of wastes.
- (ii) Mixing of general solid waste with biomedical waste would result in additional load on CBWTF incinerators, which are not designed for domestic solid waste.
- (iii) It is also observed that non-segregation of waste also result in incineration of contaminated plastics, which otherwise should have been collected in red bag for sterilization and recycling.

- (iv) SPCBs/PCCs are required to follow-up with ULBs to ensure regular collection of solid waste and biomedical waste from isolation wards, home quarantine centres and homecare units. SPCBs/PCCs may also issue appropriate instructions to concerned departments in State to ensure compliance to CPCB guidelines."

10. In view of the above, while several significant steps have been taken by CPCB and others, the gaps in compliance as mentioned need to be urgently bridged. Segregation of Covid-19 from general waste is a must, not only to avoid additional load on CBWTF incinerators but also in the interest of avoid further contamination adversely affecting public health. There has to be constant and regular monitoring by the Chief Secretaries, State PCBs/PCCs and Health Departments in the States/ UTs and by the High Level Task Team at Central level with further coordination by CPCB. We may also observe that where waste is not going to CBWTF incinerators, deep burial systems may be properly maintained as per protocols taking all due precautions to prevent harm to the environment.

2- केन्द्रीय प्रदूषण नियंत्रण बोर्ड द्वारा कोविड-19 मरीजों के उपचार/जाँच/क्वारेन्टाइन आदि से जनित कोविड-19 वेस्ट के समुचित हथालन, शुद्धीकरण एवं निस्तारण हेतु नवीनतम गाइड लाइन रिवीजन-4 दिनांक 21.07.2020 जारी की गयी है, जिसमें कोविड-19 वेस्ट के समुचित एवं सुरक्षित निस्तारण हेतु सम्बन्धित विभागों का उत्तरदायित्व निर्धारित किया गया है। कोविड-19 से प्रभावित मरीजों के उपचार/डायग्नोसिस/क्वारेन्टाइन से जनित कोविड-19 वेस्ट के एकत्रण, ट्रीटमेंट एवं डिस्पोजल के लिए गाइड लाइन्स में निर्धारित व्यवस्था के अनुरूप कार्यवाही की जानी है। अग्रतर कोविड-19 वेस्ट जनित करने वाले संस्थाओं की ट्रेकिंग के लिए संबंधित हेल्थकेयर फौसैलिटीज/ संस्थाओं से केन्द्रीय प्रदूषण नियंत्रण बोर्ड द्वारा विकसित किये गये "COVID 19 BWM" मोगाइल ऐप पर रजिस्ट्रेशन कराया जाना भी प्राविधानित है। गाइड लाइन्स की प्रति संलग्न है।

विषय:- प्रदेश के अंतर्गत कोविड-19 वैश्विक महामारी से संक्रमित व्यक्तियों की जाँच, उपचार एवं एकान्तवास (Quarantine) से जनित जैव चिकित्सा अपशिष्ट का सुरक्षित निस्तारण किये जाने हेतु केन्द्रीय प्रदूषण नियंत्रण बोर्ड द्वारा निर्गत गाईडलाइन एवं मा0 राष्ट्रीय हरित अधिकरण, नई दिल्ली द्वारा पारित आदेश दिनांक 23.04.2020 के अनुपालन के सम्बन्ध में।

महोदय,

प्रदेश के अंतर्गत कोविड-19 वैश्विक महामारी से संक्रमित व्यक्तियों की जाँच, उपचार एवं एकान्तवास (Quarantine) से जनित जैव चिकित्सा अपशिष्ट का सुरक्षित निस्तारण आवश्यक है जिस हेतु केन्द्रीय प्रदूषण नियंत्रण बोर्ड द्वारा Guidelines for Handling, Treatment and Disposal of Waste Generated during Treatment/Diagnosis/ Quarantine of COVID 19-Patients दिनांक 18-04-2020 निर्गत कर समस्त राज्यों को केन्द्रीय प्रदूषण नियंत्रण बोर्ड के पत्रांक B-31011/BMW(94)/2020/WM-I, दिनांक 19-04-2020 द्वारा अनुपालनार्थ प्रेषित की गई है (छायाप्रति संलग्न)।

2- केन्द्रीय प्रदूषण नियंत्रण बोर्ड द्वारा उक्त गाईडलाइन में कोविड-19 वैश्विक महामारी की उपचार प्रक्रिया के दौरान जनित संक्रमित अपशिष्ट के सुरक्षित निस्तारण हेतु निम्न विषयों पर मानक प्रक्रियाएँ निर्धारित की गई हैं जिनका विवरण निम्नवत् है:-

- (a) COVID-19 Isolation wards: (isolation wards are those where COVID-19 positive patients are being kept for treatment / diagnosis)
- (b) Sample Collection Centers and Laboratories for COVID-19 suspected patients
- (c) Responsibilities of persons operating Quarantine Camps/Homes or Home-Care facilities
- (d) Duties of Common Biomedical Waste Treatment Facility (CBWTF)
- (e) Duties of State Pollution Control Boards/Pollution Control Committees
- (f) Duties of Urban Local Bodies +
- (g) Management of wastewater from HCFs / Isolation Wards ++

3- अग्रेत्तर अवगत कराना है कि मा0 राष्ट्रीय हरित अधिकरण, नई दिल्ली द्वारा ओ0ए0 सं0-72/2020 In Re: Scientific Disposal of Bio-Medical Waste arising out of COVID-19 treatment- Compliance of BMW Rules, 2016 में दिनांक 23.04.2020 को कोविड-19 वैश्विक महामारी से संबंधित अपशिष्ट के सम्बन्धित विभागों/एजेन्सियों के माध्यम से सुरक्षित निस्तारण एवं निस्तारण के अनुश्रवण संबंधी आदेश पारित किये गये हैं जिसके सुसंगत अंश निम्नवत् हैं-

"9.Disposal of COVID-19 waste in general bins so as to be part of municipal waste or unscientific handling sewage and other liquid waste without safeguards can also be hazardous. There is also need to incorporate best practices in the light of further experience and new thoughts emerging from time to time, apart from continued supervision and monitoring, compiling data in an online format, use of electronic /digital manifest system to track and log COVID-19 waste from all sources, preventing its accidental

spillage, analyzing the data for strategic planning and the feedback by creating necessary software, to the extent viable.

There is also need for creating awareness about the precautions and steps to be taken by all handlers and workers as well as citizens, making a model plan, to be adopted locally by the Panchayat, Sub-division, District and State authorities with such further changes as may be necessary in local conditions. Health of all operators has been protected and preventive measures taken. There is need for orientation/training of persons responsible for compliance in Local Bodies and Health department by an online mechanism besides providing them with adequate protective gear. CPCB has to take lead and coordinate with media as well as the concerned Central State departments.

Let the Chief Secretary of States/UTs by coordinating the activities of State's concerned departments like of Urban Development, Health, Irrigation & Public Health also closely monitor the scientific storage, transport, handling, management and disposal of COVID-19 waste as its unscientific handling poses a grave threat environment and health of people. At the national level, let a high level task team of Ministry of MoEF&CC, Health UD, Jal Shakti, Defence and CPCB supervise the handling and scientific disposal of COVID-19 waste in accordance with the guidelines.

Let the State Departments of Environment and PCBs/PCCs ensure compliance of Biomedical Waste Management Rules, 2016 and furnish action take report to CPCB and CPCB take further steps and furnish a consolidated report to this Tribunal of the steps taken and the ground status as on 31.5.2020. विषय:- स्वास्थ्य सेवा महानिदेशालय में पर्यावरण प्रबन्ध प्रकोष्ठ प्रस्ताव को पी०आई०पी० में सम्मिलित करने के संबंध में।

महोदय,

उपर्युक्त विषयक अवगत कराना है कि प्रदेश में बढ़ती हुई महामारी एवं इससे उत्पन्न होने वाले बायोमेडिकल वेस्ट का निस्तारण बहुत बड़ी समस्या का कारण बन गया है। बायोमेडिकल वेस्ट के निस्तारण हेतु बायोमेडिकल वेस्ट अधिनियम 2016 बनाये गये जिसको कि प्रदेश के हर चिकित्सालय (राजकीय एवं निजी चिकित्सालयों) में नियमों का अनुपालन कराना बहुती चुनौती पूर्ण कार्य है।

इसके अलावा प्रदेश में बढ़ती हुई जलवायु एवं मृदा(मिट्टी) के प्रदूषण का आकलन भी बहुत ही चुनौती पूर्ण कार्य है। इस हेतु स्वास्थ्य सेवा महानिदेशालय में पर्यावरण प्रबन्ध प्रकोष्ठ का गठन किया जाना अति आवश्यक है एवं प्रस्तावित प्रकोष्ठ का कार्य निम्नवत है-

1. उत्तर प्रदेश में राजकीय स्वास्थ्य केन्द्रों के साथ साथ निजी स्वास्थ्य केन्द्रों में बीएमडब्ल्यू नियमों का कार्यान्वयन।
2. कॉमन बायोमेडिकल वेस्ट कलेक्शन सेंटर या सरकारी और प्राइवेट दोनों सुविधाओं में डीप दफन पिट के निर्माण की निगरानी करना।
3. सरकारी और निजी दोनों सुविधाओं में एफ्लुएंट ट्रीटमेंट प्लांट की स्थापना।
4. निजी सुविधाओं का समय-समय पर निरीक्षण और बीएमडब्ल्यू नियमों के गैर-अनुपालन पर नोटिस देना और यूपी प्रदूषण नियंत्रण बोर्ड को रिपोर्ट करना।
5. यूपी के पूरे राज्य के लिए CBWTF कॉन्ट्रैक्ट और V/S/बार कोडिंग कॉन्ट्रैक्ट का अनुबंध का प्रबंधन।
6. सीएमडब्ल्यूटीएफ द्वारा पूरे राज्य के लिए दी गई सेवाओं की निगरानी के लिए बीएमडब्ल्यूएमआईएस पोर्टल का विकास।
7. यूपीपीसीबी के साथ समन्वय में पर्यावरण मुआवजा प्रभार का प्रभाव।
8. आवधिक प्रशिक्षण एवं प्रदूषण से होने वाली समुदाय में क्षति का आकलन/सर्वे
9. प्रवासी समिति के अधीन करने के लिए डेटा का संकलन,
10. पूरे उत्तर प्रदेश के लिए माननीय एनजीटी से आदेशों का कार्यान्वयन,
11. सेवा प्रदाताओं की शिकायत निवारण, बीएमडब्ल्यू अनुपालन के लिए डी०जी०एम०ई, पशुपालन, आयुष विभाग, UPPCB, CPCB, शहरी विकास विभाग के साथ समन्वय।
12. राज्य सलाहकार समिति की बैठक का संचालन करना।

अतः आपसे अनुरोध है कि स्वास्थ्य सेवा महानिदेशालय में पर्यावरण प्रबन्ध प्रकोष्ठ का गठन एवं संचालन पर होने वाले व्यय के विस्तृत प्रस्ताव (संलग्नक) का परीक्षण कर पी०आई०पी० में सम्मिलित करने का कष्ट करें।

Proposal
of
ENVIRONMENT MANAGEMENT CELL
Directorate of Medical Health & Family Welfare, UP

The Department of Medical Health & Family Welfare, Uttar Pradesh, is committed to ensuring effective biomedical waste management in all health facilities in Uttar Pradesh, as per the regulatory guidelines of the Government of India. In this direction, several actions have been undertaken. The State Advisory Committee (SAC) has been constituted under the Principal Secretary, Medical Health & Family Welfare. The Constitution and functionality of District Environment Committees (DECs) is being consistently monitored and ensured. This is a crucial phase for our country to Fight against Corona virus. This is not an easy task for the State and Central Government Health Authorities in India. During this transmission stage, State and Country has successfully spread the awareness of this tenacious virus and had declared periodic lockdowns in the entire State and Country as an important step to minimise the spread. In order to deal with COVID-19 pandemic, State and Central Governments have initiated various steps, which include Screening, Setting up of quarantine centres/ Camps ,Isolation Wards, sample collection centres and Laboratories and have also issued specific guidelines for Handling, Treatment and Disposal of waste generated during Treatment /Diagnosis/Quarantine of COVID-19 Patients. The Biomedical waste generated from these Facilities and its Disposal has become a reason for great concern. Other than that another serious issue is very speedily evolving ie Air , Water & Soil Pollution which is causing serious Health Hazards in the Community and the cases of Non Communicable Diseases are increasing very Rapidly.

Hence to keep track on the above Mentioned Activities it is very essential to establish a fully Functional Environment Management cell in the Directorate (Department of Medical & Health)

OBJECTIVE: Creating adequate capacity Building for environment management in the Directorate of Medical & Health for proper monitoring as well as creating Checks and Balances of the activities which are responsible for causing health Hazards.

11/1/2020

RATIONALE:

- It is evident that there is growing awareness on the subject of health hazards caused by poor management of biomedical waste (a hazardous waste). This is coupled with the growing need to effectively treat and dispose-off general waste and liquid waste (sewage and infected effluents) generated in healthcare facilities.
- Regulatory authorities (including the National Green Tribunal) are increasingly taking cognizance of reported matters of non-compliance to Biomedical Waste Management Rules, Municipal Waste Management Rules, Air Act, Water Act, etc.
- Impending comprehensive performance-based contract between Common Biomedical Waste Treatment Facilities (CBWTFs) and Healthcare Facilities along the lines of the pilot contract in District Lucknow. Operationalisation of the contract shall require considerable hand-holding, training and sensitization, and a robust IT backup (Control Room comprising equipment and IT professionals) for its effective operation.

The contract, the first of its kind in the country, has been piloted by UPHSSP for over one year in District Lucknow, between 80 public HCFs and one CBWTF. The improvements in BMW Rules compliance since contract implementation have been evident, which has encouraged and informed its state-wide adoption.

In the light of growing general awareness and regulatory oversight, it is inevitable that the role and responsibility of the EM team is bound to grow. The existing capacity in the Directorate is insufficient to cater to this expanding role, as was evident during the month of April 2019 when at the behest of the NGT, the department was pressed into urgent action on the subject.

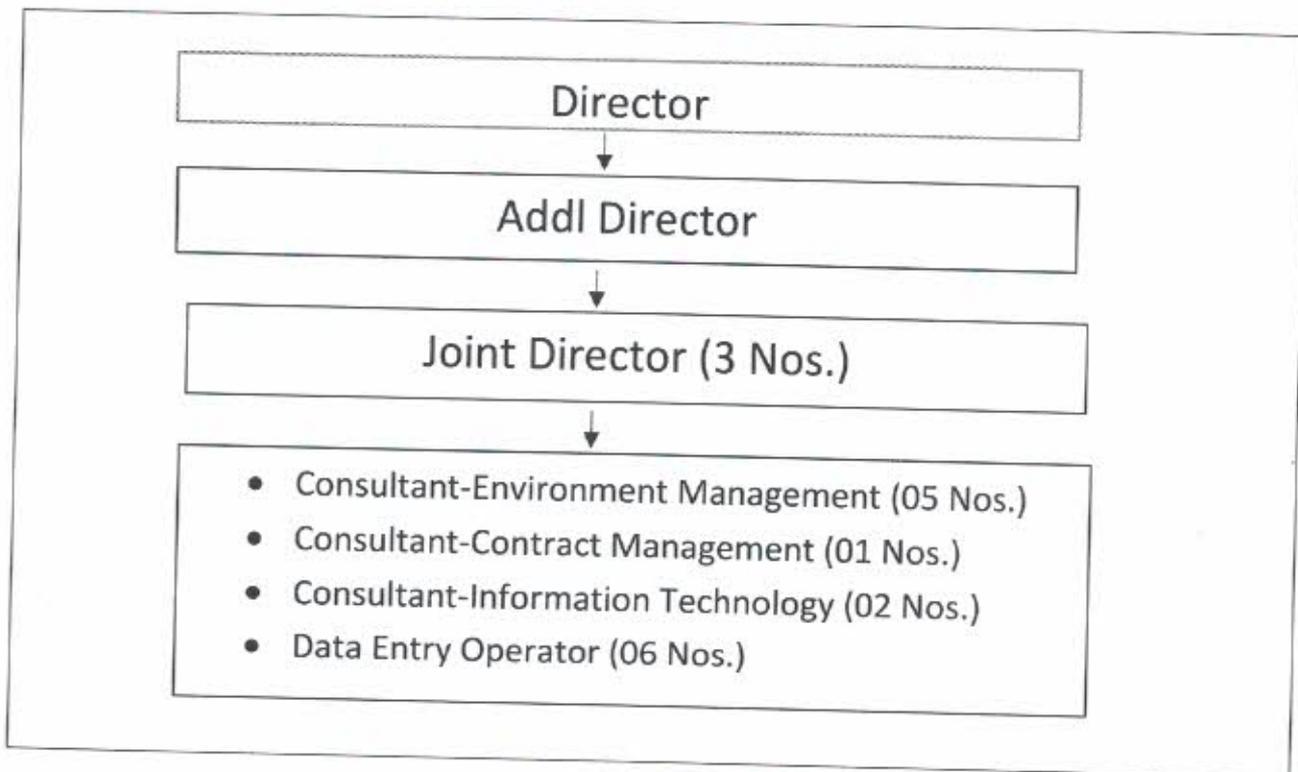

The scope of work of the Environment Cell which includes -

- Implementation of BMW rules in Government as well as in Private Health Care Facilities in Uttar Pradesh ,
- Monitoring of construction of Common Biomedical Waste collection Center or Deep burial pit in both Govt & Pvt Facilities,
- Setting up & installation of Effluent Treatment Plant in both Govt & Pvt Facilities,
- Periodic Inspection of Pvt Facilities and to serve notices on Noncompliance of BMW Rules and reporting to UP pollution Control Board,
- Imposition of Environmental Compensation Charges in Coordination with UPPCB
- Periodic Trainings and conducting camps and surveys in areas heavily polluted .
- Follow up of patients suffering from serious ailments like Cancer, Skin Disease due to pollution in Air, Water & Soil.
- Compilation of Data for Submission to Oversight Committee,
- Implementation of Orders From Honorable NGT for the entire State of UP,
- Grievance Redressal of the Service Providers,
- Coordination with DGME, Animal Husbandry, Ayush Department, UPPCB, CPCB, Urban Development Department for BMW Compliance
- Conduct State Advisory Committee Meeting.

Hence the following is the Proposed Organogram of the EM team .

1. ENVIRONMENT MANAGEMENT TEAM IN DIRECTORATE OF MEDICAL HEALTH

a. The Five EM Consultants, One Consultant Contract Management, 02 Consultant Information Technology and 6 Data Entry Operators (DEO) shall be organized into 6 teams, each comprising 1 EM Consultant and 1 DEO. Each team shall be entrusted with the responsibility of environment compliance in all public healthcare facilities in 3 divisions each, covering the total 18 divisions in the state. The full scope of role and responsibilities is given in Sections 3, 4 and 5

b. In addition, for better coordination between the Directorate and other stakeholder organisations/institutions on the subject of environment compliance, the teams (comprising one EM Consultant and one DEO each) will be entrusted with the additional designated responsibility as below:

1. EM Consultants will coordinate with UPPCB/CPCB, NHM/UPMSC/TSU, Department of Urban Development, Department of Medical Education,

Department of Animal Husbandry , Ayush Department IMA and UP Nursing Home Association etc.

2. Consultant Contract Management will coordinate with the Monitoring & Evaluation Cell in the Directorate and will also be responsible for Contract Management.
3. . Consultant Information Technology will be responsible for implementation of BMW MIS and automated integrated system (Vehicle Tracking System).

However, it is relevant to add the event that according to Honourable NGT it is the responsibility of the Directorate of Medical & Health for environment compliance in private healthcare facilities So an additional capacity shall be created for the same. This is in light of the fact that the number of private healthcare facilities far exceeds that of public healthcare facilities, and thus the proposed EM Cell capacity shall be inadequate to handle the additional workload.

2. ENVIRONMENT MANAGEMENT TEAM IN FIELD

For the purpose of ensuring environment compliance in healthcare facilities at the district and sub-district levels, the offices of Additional Director (AD at the division level) and Chief Medical Officer (CMO at the district level), and existing cadre of quality consultants engaged under NHM and The Directorate shall be assigned the additional mandate. The field staff shall comprise:

- समिति द्वारा भ्रमण के समय स्थल की फोटोग्राफी की गयी। फोटोग्राफ संलग्न हैं।

टी0एस0डी0एफ के प्रतिनिधियों द्वारा समिति को यह अवगत कराया गया कि उनके टी0एस0डी0एफ0 द्वारा कोविड-19 वेस्ट का एकत्रण एवं हैजाडर्स वेस्ट का इन्सीनिरेसन इन्सीनिरेटर में कर लिया जायेगा। इस हेतु स्थापित टी0एस0डी0एफ0 के इन्सीनिरेटर की क्षमता पर्याप्त है। पूर्व तैयारी हेतु अन्य आवश्यक व्यवस्थायें यथा डेडीकैटेड कवर्ड स्टोरेज, वकर्स को प्रशिक्षण तथा उ0प्र0 प्रदूषण नियंत्रण बोर्ड से नियमानुसार सहमति जल/वायु एवं प्राधिकार हेतु आवेदन प्रेषित कर दिया जायेगा।

समिति द्वारा भ्रमण के पश्चात् विस्तृत विचार-विमर्श किया गया। वर्तमान में लगभग 20 टन/दिन कोविड-19 वेस्ट जनित हो रहा है। भविष्य में बढ़ोतरी के दृष्टिगत उक्त के सुरक्षित निस्तारण हेतु यथा शीघ्र कार्यवाही किया जाना आवश्यक है। मा0 एन0जीटी0 द्वारा हैजाडर्स वेस्ट के इन्सीनिरेटर के प्रयोग के संबंध में निर्देश दिये गये हैं। मा0 एन0जी0टी0 द्वारा ओ0ए0 संख्या-72/2020 In re: Scientific Disposal of Bio-Medical Waste arising out of Covid-19 treatment- Compliance of BMW Rules 2016 में पारित आदेश दिनांक-20.07.2020 के सुसंगत अंश निम्नवत् उद्धृत हैं:-

------(v) Sudden spike in generation of biomedical waste may create critical situation in States with 70% or more capacity utilization of incinerators, therefore such States may identify stand-by facilities such as common hazardous waste incinerators, industrial captive incinerators and captive disposal facilities at HCFs. Use of deep-burial pits may be considered as a last option. Proper segregation of waste will also increase disposal capacity of incinerators.-----

समिति द्वारा यह विचार किया गया कि प्रदेश में वर्तमान में 18 सी0वी0डब्ल्यू0टी0एफ0 कोविड-19 वेस्ट के सुरक्षित निस्तारण हेतु स्थापित/संचालित हैं। जिनका दैनिक रिकार्ड उ0प्र0 प्रदूषण नियंत्रण बोर्ड द्वारा केन्द्रीय प्रदूषण नियंत्रण बोर्ड को भेजा जाता है। दिनांक-25.07.2020 की स्थिति निम्नवत् है:-

समिति द्वारा दिनांक 11.08.2020 में उ०प्र० प्रदूषण नियंत्रण बोर्ड मुख्यालय में बैठक आयोजित की गयी तथा यह विचार किया गया कि उपलब्ध विवरण के अनुसार प्रदेश में 08 सी०बी०डब्ल्यू०टी०एफ० यथा हापुड़-01, कानपुर-01, मेरठ, बाराबंकी, लखनऊ-01, सीतापुर, संतकबीर नगर एवं गाजीपुर में कोविड-19 वेस्ट की मात्रा इन्सीनिरेटर की क्षमता से अधिक/70 प्रतिशत तक प्राप्त हुई है जिससे सी०बी०डब्ल्यू०टी०एफ० में वेस्ट के निस्तारण में भविष्य में समस्या हो सकती है।

समिति की संस्तुति एवं प्रस्तावित कार्ययोजना

विस्तृत विचार-विमर्श के उपरान्त समिति की संस्तुति एवं प्रस्तावित कार्ययोजना निम्नवत्

है:-

1. मुख्य सचिव, उ०प्र० शासन के पत्रांक 377/81-7-2020-01(रिट)/2019 टी०सी० दिनांक 31.07.2020 द्वारा मुख्य कार्यपालक अधिकारी, नोएडा/ग्रेटर नोएडा/यमुना एक्सप्रेसवे-औद्योगिक विकास प्राधिकरण, समस्त मण्डलायुक्त एवं जिलाधिकारी उ०प्र० तथा शासन से सम्बन्धित समस्त विभागों को प्रदेश के अन्तर्गत कोविड-19 वैश्विक महामारी से संक्रमित व्यक्तियों के जांच, उपचार एवं एकान्तवास (क्वारेनटाइन) से जनित जैव चिकित्सा अपशिष्ट का सुरक्षित निस्तारण किये जाने हेतु आवश्यक निर्देश जारी किये गये हैं, जिसके अन्तर्गत समस्त सम्बन्धित हेल्थ केयर फैसेलेटीज/संस्थाओं द्वारा केन्द्रीय प्रदूषण नियंत्रण बोर्ड द्वारा विकसित किये गये **"COVID-19 BWM"** मोबाइल ऐप पर कोविड-19 वेस्ट की प्रतिदिन की मात्रा अपलोड कराये जाने की कार्यवाही सुनिश्चित की जानी है। मा० सर्वोच्च न्यायालय, नई दिल्ली द्वारा रिट पिटीशन (एस) (सिविल) नं०-13029/1985 एम०सी० मेहता बनाम यूनियन ऑफ इण्डिया एवं अन्य में पारित आदेश दिनांक 30.07.2020 द्वारा **"COVID-19 BWM Mobile APP"** का प्रयोग सुनिश्चित करने के निर्देश दिये गये हैं। आदेश के सुसंगत अंश निम्नवत् है:-

".....All municipal corporations and state pollution control boards are directed to use the COVID19BWM APP. This is made mandatory and CPCB to track all the bio-medical waste and ensure that it is being sent for treatment....."

समिति द्वारा यह विचार किया गया कि सम्बन्धित संस्थाओं द्वारा **"COVID-19 BWM"** मोबाइल ऐप पर कोविड-19 वेस्ट की मात्रा अपलोड की जा रही है। दिनांक 10.08.2020 को 99 हेल्थ केयर फैसेलेटीज/संस्थाओं द्वारा सूचना उक्त ऐप पर अपलोड की गयी है परन्तु कितनी संस्थाओं द्वारा उक्त ऐप पर रजिस्ट्रेशन कराया गया है की सूचना ऐप पर उपलब्ध नहीं हो पा रही है, जिससे प्रभावी ट्रैकिंग में कठिनाइयों आ रही है। अग्रेतर यह भी चर्चा हुई कि प्रदेश के चिकित्सा एवं स्वास्थ्य तथा चिकित्सा शिक्षा विभाग को उक्त मोबाइल ऐप का access केन्द्रीय प्रदूषण नियंत्रण बोर्ड द्वारा उपलब्ध नहीं कराया गया है, जिसके कारण स्वास्थ्य विभाग द्वारा कोविड-19 वेस्ट के ट्रैकिंग में कठिनाई हो रही है। इस सम्बन्ध में समिति द्वारा यह संस्तुति की गयी कि **"COVID-19 BWM"** मोबाइल ऐप पर रजिस्टर्ड समस्त संस्थाओं की जानकारी के लिये access चिकित्सा एवं स्वास्थ्य तथा चिकित्सा शिक्षा विभाग को भी उपलब्ध कराने हेतु केन्द्रीय प्रदूषण नियंत्रण बोर्ड से अनुरोध किया जाये।

2. वर्तमान में कोविड-19 वेस्ट की बढ़ती हुई मात्रा जिनका वर्णन उपरोक्त वर्णित 18 सी०बी०डब्ल्यू०टी०एफ० की निस्तारण क्षमता की स्थिति की तालिका में वर्णित है को दृष्टिगत रखते हुये यह संस्तुति की जाती है कि संबंधित जिलों के मुख्य चिकित्सा अधिकारी द्वारा जिलाधिकारी की अध्यक्षता में गठित जिला स्तरीय अनुश्रवण समिति की तत्काल बैठक

आयोजित कराकर कोविड-19 वेस्ट के समुचित एवं सुरक्षित निस्तारण हेतु जनपद स्तर पर वैकल्पिक व्यवस्था के लिये निकटवर्ती कॉमन बायो मेडिकल वेस्ट ट्रीटमेन्ट फैसिलिटीज जहां इन्सीनिरेटर की क्षमता पर्याप्त है, के माध्यम से उपयुक्त कार्यवाही करायी जानी आवश्यक होगी।

3. भविष्य में हैजाडर्स वेस्ट के इन्सीनिरेटर में कोविड-19 वेस्ट के निस्तारण हेतु निम्नवत् कार्ययोजना प्रस्तावित है।

कार्ययोजना

कोविड-19 वेस्ट की बढ़ती हुई मात्रा के दृष्टिगत कोविड-19 वेस्ट के समुचित एवं सुरक्षित निस्तारण की दृष्टि से प्रदेश स्तर पर वैकल्पिक व्यवस्था हेतु हैजाडर्स वेस्ट के निस्तारण हेतु प्रदेश में स्थापित उक्त 02 इन्सीनिरेटर में निस्तारण कराये जाने हेतु कार्ययोजना निम्नवत् है:-

**Compliance Report on Biomedical Waste Management by
Department of Medical Health & Family Welfare Uttar Pradesh**

The Department of Medical Health & Family Welfare, Uttar Pradesh, is committed to ensuring effective biomedical waste management in all health facilities in Uttar Pradesh, as per the regulatory guidelines of the Government of India. In this direction, several actions have been undertaken. The State Advisory Committee (SAC) has been constituted under the Principal Secretary, Medical Health & Family Welfare. The Constitution and functionality of District Evaluation Committees (DECs) is being consistently monitored and ensured. This is a crucial phase for our country to Fight against Corona virus. This is not an easy task for the State and Central Government Health Authorities in India. During this transmission stage, State and Country has successfully spread the awareness of this tenacious virus and have declared lockdown in the entire State and Country as an important step to minimise the spread. In order to deal with COVID-19 pandemic, State and Central Governments have initiated various steps, which include setting up of quarantine centres/ Camps ,Isolation Wards, sample collection centres and Laboratories and have also issued specific guidelines for Handling, Treatment and Disposal of waste generated during Treatment /Diagnosis/Quarantine of COVID-19 Patients.

Update on action taken by Health Department:-

Current Status

Health Care Facilities (HCFs) and BMW Management

- At present, there are 25,411 Health care facilities (Government: 5,240 and Private: 20,171). Of these, 21,531 (Government: 4350 and Private: 17,181) have been authorized by the State Pollution Control Board and the remaining are under

process. These Facilities are presently generating 52.5 TPD (tonnes per day) of Bio Medical Waste. There are 18 common Bio medical waste treatment Facilities (CBTF) in the entire state with treatment capacity of 54.4 TPD (Tonnes per day). Daily Monitoring of COVID-19 waste lifting and Disposal is been done. Total Kilograms of COVID- 19 waste generated an disposed up till 03rd January 2021 is **3363020.635 kgs.**

Governance

- In compliance of Rule-11, the State Government has constituted the State Advisory Committee (SAC). . State Advisory committee meeting had been regularly held on 18th April 2019, 28th May 2019 & 19th December 2019 regarding monitoring of biomedical waste implementation, authorisation and Effluent Treatment Plant (ETP) installation and also coordination with other departments such as Medical Health, Animal Husbandry, Pollution control board, Urban Development IMA/UPNHA for strict implementation of Bio medical rules and also for timely submission of BMW compliances. Recently the State advisory meeting was held on 21-09-2020 regarding the disposal of excessive Covid 19 Biomedical waste generated from the Covid 19
- designated hospitals.. In addition, in compliance of Rule-12(4), District Monitoring Committees (DMCs) have been constituted in each District headed by the District Magistrate to monitor the implementation of the BMW Rule. Recently by Order No-13/2019/NGT-257/55-Parya-2-2019-44(RITT)/2016 dated- 14th June 2019 the DMC was merged with District Environment Committee which are being conducted regularly and some Minutes of meetings of DEC meetings of some districts .
- Officers in the rank of ACMOs have been designated as Nodal Officers in each District

[Handwritten signatures]

- as well as in Health care facilities to ensure proper implementation of the BMW Rule.
- BMW committees have been constituted in all District level Hospitals. Nodal Officers have been designated in each District to ensure proper implementation of the Biomedical Waste Management Rule 2016 and has all have been given TOT's for proper management and disposal of BMW from COVID- 19 facilities (Isolation hospital and Quarantine camps/ homes)
 - In addition, District Monitoring Committee/District Environment Committee for Biomedical Waste management has been constituted in each District which is being chaired by the District Magistrate and in the meeting special priority is been given to the handling and disposal of COVID-19 waste.
 - Setting up of L1,L1 attached, L2, L3 hospitals for Isolation wards and Quarantine camps has done and proper COVID-19 waste management is been done by the CBWTF which was further facilitated by the Department of health on 30th April 2020. (list annexed).

Penalty imposed by UPPCB

- Prosecution Under Section 15 of Environmental Protraction Act, (EPA)-1986 against Health Care Facilities: 05
- Prosecution Under Section 15 of E(P)A-1986, against CBWTFs: 03
- Notice issued against defaulter HCFs: 5806
- Show Cause Notice issued under E(P) Act, 1986 against HCFs: 26
- Environmental Compensation of Rs. 7.17 Crore imposed on 130 HCFs
- Environmental Compensation of Rs. 85 Lacs imposed on 06 CBWTFs

Biomedical waste contract management on PPP mode

- Biomedical waste contract agreement (old and new) is in place in the all District level hospitals and Community Health centres of Uttar Pradesh.

Shikpi *Chgo*

of 75 districts of Uttar Pradesh, New BMW contracts has been awarded in 61 Districts and in remaining 14 Districts Tender shall be floated shortly by UPMSCCL.

- Contracts have been signed between CMOs, CMSs and the service providers in 61 districts.

Training-

- During this Crisis situation, Covid-19 Pandemic Training of Trainers(BMW Nodal Officer of Health Department, Regional officers of PCB and Regional Nager Nigam Officials) has being conducted on Biomedical Waste for Covid-19 waste disposal through Video Conference on 30th April 2020 under the guidance of Secretary, Urban Development Department, GoUP and Member Secretary UPPCB. Recently on 08-09-2020 a Zoom training was conducted to train the Doctors, paramedics and class 4 employees for proper disposal of Covid 19 biomedical waste .
- A training regarding covid 19 Biomedical waste disposal was given to 52 Medical colleges (Govt and Pvt) by Health Department in coordination with UPPCB on 24/06/2020 Attendance Annexed.
- Regular training regarding covid 19 Biomedical waste disposal is been done in the Govt health care facilities and a refresher training is in process for which the state has already assigned the master trainer to do the same. List attached.
- Second round of refresher is going on. Mater trainers have been trained and they are conducting batch wise training in their respective districts and the training is been monitored by UP TSU regularly.

Government Orders dated 24 April 2020 –

- Chief Secretary GoUP has issued directions to all Local Bodies, all Commissioners, all District Magistrates of U.P., Principal Secretary Home Dept, Medical Education,

Medical ,Health and Family Welfare Dept., Urban Development Dept, IID, Housing Board, Irrigation and Water Resources, Rural Development Dept. and Panchayati Raj Department for effective implementation of the guidelines for handling ,treatment and disposal of waste generated during treatment /diagnostic/ quarantine of Covid-19 patients, laid down by CPCB and the directions given by the Hon'ble NGT (G.O. annexed).

- Directives dated 24/04 /2020, has been issued to all Running CBWTF under section 5of EP Act 1986 for the compliance of the guidelines for handling, treatment and disposal of waste generated during treatment /diagnostic/ quarantine of Covid-19 patients.
- Government order regarding Refresher training on infection prevention and Biomedical waste management has been issued and its compliance is in progress.
- Looking at the increasing serious health issues in the community caused by improper Biomedical waste disposal and Air , water & soil pollution, it is very much essential to establish an Environment management Cell at the directorate for which a Proposal has been send to NHM vide letter -11f/2020-21/4239 dated 27th November 2020 to be incorporated in their PIP (**Letter Annexed**)

BMW Annual Report Submission to UPPCB

- As per BMW rules 2016, the annual report of Health facilities have to be submitted to the prescribed authority (UPPCB) on or before 30th June every year for the period from January to December of the preceding year. In compliance, 174 DHs, 853 CHCs, 3620, PHCs and 592 UPHCs across the State are in the process of submitting BMW annual report to UPPCB for the year 2019 has been sent to Regional Officers UPPCB.

Bio Medical Waste Management Information System-

- Bio-medical waste management information system has been developed for monitoring of Biomedical waste management related activities for Public health care facilities. Data from all District, CHCs and UPHCs level health care facilities are being regularly updated till date on BMW MIS .<http://bmwmis.uphsspmis.org>.
- In compliance with the provisions of Rule-13 of the Biomedical Waste Rules, Annual reports have been generated from the BMW MIS for all

[Handwritten signatures]

District hospitals and CHCs and have been duly submitted to the Uttar Pradesh Pollution Control Board (UPPCB).

- Real time data of Biomedical waste lifting is being uploaded on the BMW MIS Portal.

Service Delivery and Monitoring;

The Health Department has developed a Manual on BMW Management and has distributed the same to all facilities and has also made a provision that enables downloading of information at www.bmwmis.uphssp.in, www.dgmhup.gov.in. The Department has also prepared State Action Plan for BMW Management and disseminated the same. Significantly, the Health Department has developed a Customised Online Software, Biomedical Waste Management Information System (BMW MIS) which is presently being used to monitor the status of BMW generation and disposal- Bar coding System has been taken-up as pilot project in Lucknow District which shall be scaled up for the entire state and UPMSCL, Lucknow has selected the L1 bidder for Vehicle Tracking System & Bar coding System for the Biomedical waste tracking. Contract has been signed between the DG Medical & Health and VTS/ Bar coding Service Provider has been done on 23 rd September 2020.

Assigned work to the Service Provider includes software designing and finalization of the software which is as follows –

The software should provide interface to do real-time tracking of vehicle movement (including historical visits). The history of vehicle tracking system should be provided to DGMH in archive mode. History of vehicle tracking system should be available on-line for 90 days.

- The data from android device/Mobile should come to BMW MIS server by integration
- and also procurement of the hardware which includes –
- Vehicle Tracking System fitted in each CBWTF,

- Platform based Electronic Bluetooth Weighing Machine with a capacity of 30 Kg and
- blue-tooth feature to transfer data on weight to the android device/mobile,
- Android based device/Mobile (having at least 8 MP camera) provided with each CBWTF,
- Bar Code /QR Code Printer to print adhesive labels containing data on – Health Care Code. Data to be printed in QR code should be in English ,
- Thermal Printer for real time Date & Time of data capturing, color and weight of bag. Data to be printed in English,
- SIM cards for android device/mobile and VTS) to all the 18 CBWTF .
 - As per the Contract agreement the service provider had to get approval of the solution design and finalization of the software, which was seen by the officials of Medical care on 16/ 12/ 2020. Both the Weblink and mobile application was found to be satisfactory as per the requirements, so the Service Provider has been given the approval by Director General Medical & health Services on 24-12-20 and directed to Roll out and scale it up to all the districts of the state and also give the training to all the CBWTF personnel's and periodically inform DGMH as per the Contract Agreement. The procurement of the Hardware Has been done and is currently being Installed on the Vehicles of the CBWTF one by one.

Infrastructure-

- BMW Collection Sheds at District Hospitals and CHCs & Deep Burial Pits

[Handwritten signatures]

at PHCs

- Status of Authorization, Annual Report submission, Construction of Collection Shed , Construction of Deep Burial Pits , Installation of ETP, And Inspection of Private Hospitals from 55 districts are **hereby Annexed**. Remaining Reports from 20 Districts are still awaited
- Effluent Treatment Plant (ETP)- UP Jal Nigam is in the process of construction of ETP in 40 Districts level hospital in phase -I and remaining Districts level hospitals of Uttar Pradesh will be covered in Phase-II and estimated budget has been proposed in the PIP of NHM. In all CHCs (853) the installation of ETP will be taken up in the Phase-III, estimation of which is approx. 80 crores that shall be made available through NHM budget after approval from the Centre. Progress of ETP is been monitored by GM Ayush of NHM. As per BMW rule, 2016 installation of ETP is mandatory for above 10 bedded hospitals. Hence the ETP has to be installed in District hospitals as well as CHC level Hospitals in the entire state of Uttar Pradesh. Installation of ETP by Jal Nigam in the 41 Hospitals in first phase is on stand still as on date due to some litigation and SIT investigation as per information from Project Manager Jal Nigam The progress of ETP construction is annexed herewith.

Inspections and Action against defaulter HCFs & CBWTFs by Health Department and report submitted to UPPCB:-

- The Health Department has issued Notices to CMOs to expedite application for authorization of all Health facilities. Department of Medical Health and family welfare has instructed al the CMO's to regularly inspect the private health care facilities and to issue Notices against to them for non-compliance of BMW rules and to submit the report to UPPCB. After the opening of the Lockdown now all

the Private Health Care Facilities are open with strict instructions to follow the Protocol and to see patients only after covid 19 .They have been undergoing proper training from the concerned CMO of the District regularly. GO to CMOs regarding training to all the private Health Care Facilities has been issued. Government orders regarding continuous monitoring and inspections of Private institutions are been regularly sent to the CMOs from the Directorate of Medical and Health. A team of members nominated from UPPCB, Medical & Health and Medical Education was formed to inspect the TSDF for hazardous waste Covid 19 Biomedical Waste disposal as the incineration capacity of some of the 18 CBWTF are almost getting exhausted. Joint Report Annexed.

- Letter regarding Inspection has been send to CMO Shahjahanpur, Noida, Bareilly and Hardoi . They had to send a comprehensive report by 1st January 2021 about compliance of Biomedical waste management carried out in the hospitals mentioned in OAs 710, 711, 712 and 713. Reports of inspection done by Cmo 's for Ganga charan Hospital Bareilly & Kailash Hospital has been received. Report Annexed.

विषय:- स्वास्थ्य सेवा महानिदेशालय में पर्यावरण प्रबन्ध प्रकोष्ठ प्रस्ताव को पी०आई०पी० में सम्मिलित करने के संबंध में।

महोदय,

उपर्युक्त विषयक अवगत कराना है कि प्रदेश में बढ़ती हुई महामारी एवं इससे उत्पन्न होने वाले बायोमेडिकल वेस्ट का निस्तारण बहुत बड़ी समस्या का कारण बन गया है। बायोमेडिकल वेस्ट के निस्तारण हेतु बायोमेडिकल वेस्ट अधिनियम 2016 बनाये गये जिसको कि प्रदेश के हर चिकित्सालय (राजकीय एवं निजी चिकित्सालयों) में नियमों का अनुपालन कराना बहुती चुनौती पूर्ण कार्य है।

इसके अलावा प्रदेश में बढ़ती हुई जलवायु एवं मृदा(मिट्टी) के प्रदूषण का आकलन भी बहुत ही चुनौती पूर्ण कार्य है। इस हेतु स्वास्थ्य सेवा महानिदेशालय में पर्यावरण प्रबन्ध प्रकोष्ठ का गठन किया जाना अति आवश्यक है एवं प्रस्तावित प्रकोष्ठ का कार्य निम्नवत है-

1. उत्तर प्रदेश में राजकीय स्वास्थ्य केन्द्रों के साथ साथ निजी स्वास्थ्य केन्द्रों में बीएमडब्ल्यू नियमों का कार्यान्वयन।
2. कॉमन बायोमेडिकल वेस्ट कलेक्शन सेंटर या सरकारी और प्राइवेट दोनों सुविधाओं में डीप दफन पिट के निर्माण की निगरानी करना।
3. सरकारी और निजी दोनों सुविधाओं में एफ्लुएंट ट्रीटमेंट प्लांट की स्थापना।
4. निजी सुविधाओं का समय-समय पर निरीक्षण और बीएमडब्ल्यू नियमों के गैर-अनुपालन पर नोटिस देना और यूपी प्रदूषण नियंत्रण बोर्ड को रिपोर्ट करना।
5. यूपी के पूरे राज्य के लिए CBWTF कॉन्ट्रैक्ट और VTS/बार कोडिंग कॉन्ट्रैक्ट का अनुबंध का प्रबंधन।
6. सीएमडब्ल्यूटीएफ द्वारा पूरे राज्य के लिए दी गई सेवाओं की निगरानी के लिए बीएमडब्ल्यूएमआईएस पोर्टल का विकास।
7. यूपीपीसीबी के साथ समन्वय में पर्यावरण मुआवजा प्रभार का प्रभाव।
8. आवधिक प्रशिक्षण एवं प्रदूषण से होने वाली समुदाय में क्षति का आकलन/सर्वे
9. प्रवासी समिति के अधीन करने के लिए डेटा का संकलन,
10. पूरे उत्तर प्रदेश के लिए माननीय एनजीटी से आदेशों का कार्यान्वयन,
11. सेवा प्रदाताओं की शिकायत निवारण, बीएमडब्ल्यू अनुपालन के लिए डी०जी०एम०ई, पशुपालन, आयुष विभाग, UPPCB, CPCB, शहरी विकास विभाग के साथ समन्वय।
12. राज्य सलाहकार समिति की बैठक का संचालन करना।

अतः आपसे अनुरोध है कि स्वास्थ्य सेवा महानिदेशालय में पर्यावरण प्रबन्ध प्रकोष्ठ का गठन एवं संचालन पर होने वाले व्यय के विस्तृत प्रस्ताव (संलग्नक) का परीक्षण कर पी०आई०पी० में सम्मिलित करने का कष्ट करें।

Proposal
of
ENVIRONMENT MANAGEMENT CELL
Directorate of Medical Health & Family Welfare, UP

The Department of Medical Health & Family Welfare, Uttar Pradesh, is committed to ensuring effective biomedical waste management in all health facilities in Uttar Pradesh, as per the regulatory guidelines of the Government of India. In this direction, several actions have been undertaken. The State Advisory Committee (SAC) has been constituted under the Principal Secretary, Medical Health & Family Welfare. The Constitution and functionality of District Environment Committees (DECs) is being consistently monitored and ensured. This is a crucial phase for our country to Fight against Corona virus. This is not an easy task for the State and Central Government Health Authorities in India. During this transmission stage, State and Country has successfully spread the awareness of this tenacious virus and had declared periodic lockdowns in the entire State and Country as an important step to minimise the spread. In order to deal with COVID-19 pandemic, State and Central Governments have initiated various steps, which include Screening, Setting up of quarantine centres/ Camps ,Isolation Wards, sample collection centres and Laboratories and have also issued specific guidelines for Handling, Treatment and Disposal of waste generated during Treatment /Diagnosis/Quarantine of COVID-19 Patients. The Biomedical waste generated from these Facilities and its Disposal has become a reason for great concern. Other than that another serious issue is very speedily evolving ie Air , Water & Soil Pollution which is causing serious Health Hazards in the Community and the cases of Non Communicable Diseases are increasing very Rapidly.

Hence to keep track on the above Mentioned Activities it is very essential to establish a fully Functional Environment Management cell in the Directorate (Department of Medical & Health)

OBJECTIVE: Creating adequate capacity Building for environment management in the Directorate of Medical & Health for proper monitoring as well as creating Checks and Balances of the activities which are responsible for causing health Hazards.

11/1/2020

RATIONALE:

- It is evident that there is growing awareness on the subject of health hazards caused by poor management of biomedical waste (a hazardous waste). This is coupled with the growing need to effectively treat and dispose-off general waste and liquid waste (sewage and infected effluents) generated in healthcare facilities.
- Regulatory authorities (including the National Green Tribunal) are increasingly taking cognizance of reported matters of non-compliance to Biomedical Waste Management Rules, Municipal Waste Management Rules, Air Act, Water Act, etc.
- Impending comprehensive performance-based contract between Common Biomedical Waste Treatment Facilities (CBWTFs) and Healthcare Facilities along the lines of the pilot contract in District Lucknow. Operationalisation of the contract shall require considerable hand-holding, training and sensitization, and a robust IT backup (Control Room comprising equipment and IT professionals) for its effective operation.

The contract, the first of its kind in the country, has been piloted by UPHSSP for over one year in District Lucknow, between 80 public HCFs and one CBWTF. The improvements in BMW Rules compliance since contract implementation have been evident, which has encouraged and informed its state-wide adoption.

In the light of growing general awareness and regulatory oversight, it is inevitable that the role and responsibility of the EM team is bound to grow. The existing capacity in the Directorate is insufficient to cater to this expanding role, as was evident during the month of April 2019 when at the behest of the NGT, the department was pressed into urgent action on the subject.

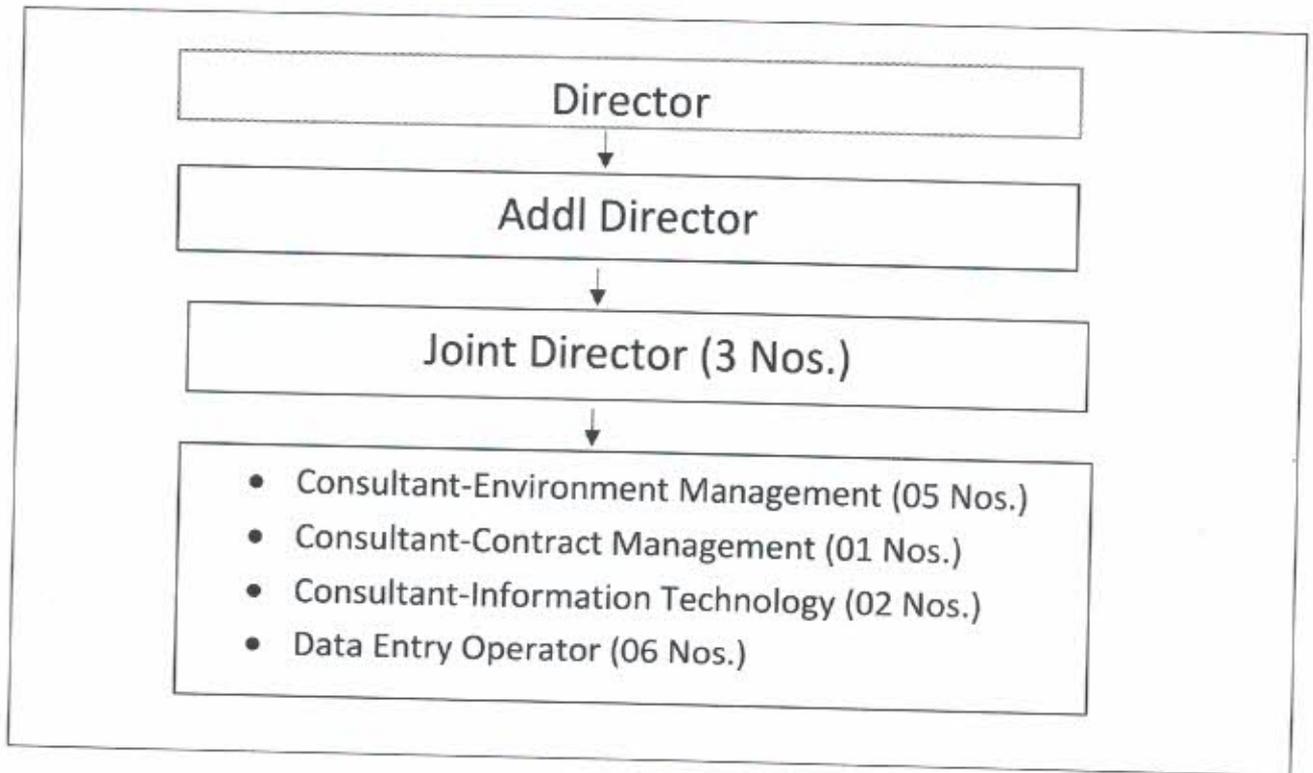

The scope of work of the Environment Cell which includes -

- Implementation of BMW rules in Government as well as in Private Health Care Facilities in Uttar Pradesh ,
- Monitoring of construction of Common Biomedical Waste collection Center or Deep burial pit in both Govt & Pvt Facilities,
- Setting up & installation of Effluent Treatment Plant in both Govt & Pvt Facilities,
- Periodic Inspection of Pvt Facilities and to serve notices on Noncompliance of BMW Rules and reporting to UP pollution Control Board,
- Imposition of Environmental Compensation Charges in Coordination with UPPCB
- Periodic Trainings and conducting camps and surveys in areas heavily polluted .
- Follow up of patients suffering from serious ailments like Cancer, Skin Disease due to pollution in Air, Water & Soil.
- Compilation of Data for Submission to Oversight Committee,
- Implementation of Orders From Honorable NGT for the entire State of UP,
- Grievance Redressal of the Service Providers,
- Coordination with DGME, Animal Husbandry, Ayush Department, UPPCB, CPCB, Urban Development Department for BMW Compliance
- Conduct State Advisory Committee Meeting.

Hence the following is the Proposed Organogram of the EM team .

1. ENVIRONMENT MANAGEMENT TEAM IN DIRECTORATE OF MEDICAL HEALTH

a. The Five EM Consultants, One Consultant Contract Management, 02 Consultant Information Technology and 6 Data Entry Operators (DEO) shall be organized into 6 teams, each comprising 1 EM Consultant and 1 DEO. Each team shall be entrusted with the responsibility of environment compliance in all public healthcare facilities in 3 divisions each, covering the total 18 divisions in the state. The full scope of role and responsibilities is given in Sections 3, 4 and 5

b. In addition, for better coordination between the Directorate and other stakeholder organisations/institutions on the subject of environment compliance, the teams (comprising one EM Consultant and one DEO each) will be entrusted with the additional designated responsibility as below:

1. EM Consultants will coordinate with UPPCB/CPCB, NHM/UPMSC/TSU, Department of Urban Development, Department of Medical Education,

Department of Animal Husbandry , Ayush Department IMA and UP Nursing Home Association etc.

2. Consultant Contract Management will coordinate with the Monitoring & Evaluation Cell in the Directorate and will also be responsible for Contract Management.
3. . Consultant Information Technology will be responsible for implementation of BMW MIS and automated integrated system (Vehicle Tracking System).

However, it is relevant to add the event that according to Honourable NGT it is the responsibility of the Directorate of Medical & Health for environment compliance in private healthcare facilities So an additional capacity shall be created for the same. This is in light of the fact that the number of private healthcare facilities far exceeds that of public healthcare facilities, and thus the proposed EM Cell capacity shall be inadequate to handle the additional workload.

2. ENVIRONMENT MANAGEMENT TEAM IN FIELD

For the purpose of ensuring environment compliance in healthcare facilities at the district and sub-district levels, the offices of Additional Director (AD at the division level) and Chief Medical Officer (CMO at the district level), and existing cadre of quality consultants engaged under NHM and The Directorate shall be assigned the additional mandate. The field staff shall comprise:

2. टी0एस0डी0एफ0— मेसर्स यू0पी0 वेस्ट मैनेजमेन्ट प्रोजेक्ट (ए डिवीजन ऑफ रैम्की इन्वायरो इंजी0 लि0), कुम्भी, अकबरपुर, कानपुर देहात =

- निरीक्षण के समय (अपराह्न 1.45 से 3.00 बजे) श्री बसंत कुमार, उद्योग प्रतिनिधि के रूप में उपस्थित थे। प्लान्ट शट डाउन में था। उक्त टी0एस0डी0एफ0 द्वारा उ0प्र0 प्रदूषण नियंत्रण बोर्ड से जल (प्रदूषण निवारण तथा नियंत्रण) अधिनियम, 1974 तथा वायु (प्रदूषण निवारण तथा नियंत्रण) अधिनियम, 1981 के अन्तर्गत वैध सहमति तथा नियमानुसार परिसंकटमय अपशिष्ट के निस्तारण हेतु प्राधिकार प्राप्त किया गया है।
- टी0एस0डी0एफ0 में स्थापित इन्सीनिरेटर रोटेरीक्लिन टाइप का है तथा क्षमता 2 टन प्रति घण्टा की है। इन्सीनिरेटर के प्राथमिक चैम्बर का तापमान $850 \pm 50^{\circ}C$ तथा द्वितीय चैम्बर का तापमान $1050 \pm 50^{\circ}C$ निर्धारित किया गया है।
- इन्सीनिरेटर में वायु प्रदूषण नियंत्रण व्यवस्था में स्प्रे ड्रायर, मल्टी साइक्लोन डस्ट कलेक्टर, ड्राई स्क्रबर, बैग फिल्टर, वेट स्क्रबर एवं भूतल से 35 मी0 ऊंची चिमनी स्थापित हैं। चिमनी

पर उत्सर्जन के सतत अनुश्रवण हेतु ऑन लाइन कन्टीन्यूस इमीशन मॉनिटरिंग सिस्टम स्थापित है।

- इन्सीनिरेटर का संचालन Programmable Logic Control (PLC) पद्धति पर किया जाता है।
- टी0एस0डी0एफ0 में लिक्विड वेस्ट के शुद्धिकरण हेतु प्री-ट्रीटमेंट उसके पश्चात् स्प्रे ड्रायर में स्प्रेयिंग एवं सोलर इवापोरेशन टैंक की व्यवस्था है।
- टी0एस0डी0एफ0 में परिसंकटमय अपशिष्ट के विभिन्न क्षेत्रों से एकत्रण हेतु 18 वाहन उपलब्ध है। संस्था प्रतिनिधि द्वारा अवगत कराया गया कि समस्त वाहनों में जीपीएस की व्यवस्था है।
- समिति द्वारा भ्रमण के समय स्थल की फोटोग्राफी की गयी। फोटोग्राफ संलग्न हैं।

टी0एस0डी0एफ के प्रतिनिधियों द्वारा समिति को यह अवगत कराया गया कि उनके टी0एस0डी0एफ0 द्वारा कोविड-19 वेस्ट का एकत्रण एवं हैजाडर्स वेस्ट का इन्सीनिरेसन इन्सीनिरेटर में कर लिया जायेगा। इस हेतु स्थापित टी0एस0डी0एफ0 के इन्सीनिरेटर की क्षमता पर्याप्त है। पूर्व तैयारी हेतु अन्य आवश्यक व्यवस्थायें यथा डेडीकैटेड कवर्ड स्टोरेज, वकर्स को प्रशिक्षण तथा उ0प्र0 प्रदूषण नियंत्रण बोर्ड से नियमानुसार सहमति जल/वायु एवं प्राधिकार हेतु आवेदन प्रेषित कर दिया जायेगा।

समिति द्वारा भ्रमण के पश्चात् विस्तृत विचार-विमर्श किया गया। वर्तमान में लगभग 20 टन/दिन कोविड-19 वेस्ट जनित हो रहा है। भविष्य में बढ़ोतरी के दृष्टिगत उक्त के सुरक्षित निस्तारण हेतु यथा शीघ्र कार्यवाही किया जाना आवश्यक है। मा0 एन0जीटी0 द्वारा हैजाडर्स वेस्ट के इन्सीनिरेटर के प्रयोग के संबंध में निर्देश दिये गये हैं। मा0 एन0जी0टी0 द्वारा ओ0ए0 संख्या-72/2020 In re: Scientific Disposal of Bio-Medical Waste arising out of Covid-19 treatment- Compliance of BMW Rules 2016 में पारित आदेश दिनांक-20.07.2020 के सुसंगत अंश निम्नवत् उद्धृत हैं:-

------(v) Sudden spike in generation of biomedical waste may create critical situation in States with 70% or more capacity utilization of incinerators, therefore such States may identify stand-by facilities such as common hazardous waste incinerators, industrial captive incinerators and captive disposal facilities at HCFs. Use of deep-burial pits may be considered as a last option. Proper segregation of waste will also increase disposal capacity of incinerators.-----

समिति द्वारा यह विचार किया गया कि प्रदेश में वर्तमान में 18 सी0वी0डब्ल्यू0टी0एफ0 कोविड-19 वेस्ट के सुरक्षित निस्तारण हेतु स्थापित/संचालित हैं। जिनका दैनिक रिकार्ड उ0प्र0 प्रदूषण नियंत्रण बोर्ड द्वारा केन्द्रीय प्रदूषण नियंत्रण बोर्ड को भेजा जाता है। दिनांक-25.07.2020 की स्थिति निम्नवत् है:-

समिति द्वारा दिनांक 11.08.2020 में उ०प्र० प्रदूषण नियंत्रण बोर्ड मुख्यालय में बैठक आयोजित की गयी तथा यह विचार किया गया कि उपलब्ध विवरण के अनुसार प्रदेश में 08 सी०बी०डब्ल्यू०टी०एफ० यथा हापुड़-01, कानपुर-01, मेरठ, बाराबंकी, लखनऊ-01, सीतापुर, संतकबीर नगर एवं गाजीपुर में कोविड-19 वेस्ट की मात्रा इन्सीनिरेटर की क्षमता से अधिक/70 प्रतिशत तक प्राप्त हुई है जिससे सी०बी०डब्ल्यू०टी०एफ० में वेस्ट के निस्तारण में भविष्य में समस्या हो सकती है।

समिति की संस्तुति एवं प्रस्तावित कार्ययोजना

विस्तृत विचार-विमर्श के उपरान्त समिति की संस्तुति एवं प्रस्तावित कार्ययोजना निम्नवत्

है:-

1. मुख्य सचिव, उ०प्र० शासन के पत्रांक 377/81-7-2020-01(रिट)/2019 टी०सी० दिनांक 31.07.2020 द्वारा मुख्य कार्यपालक अधिकारी, नोएडा/ग्रेटर नोएडा/यमुना एक्सप्रेसवे-औद्योगिक विकास प्राधिकरण, समस्त मण्डलायुक्त एवं जिलाधिकारी उ०प्र० तथा शासन से सम्बन्धित समस्त विभागों को प्रदेश के अन्तर्गत कोविड-19 वैश्विक महामारी से संक्रमित व्यक्तियों के जांच, उपचार एवं एकान्तवास (क्वारेनटाइन) से जनित जैव चिकित्सा अपशिष्ट का सुरक्षित निस्तारण किये जाने हेतु आवश्यक निर्देश जारी किये गये है, जिसके अन्तर्गत समस्त सम्बन्धित हेल्थ केयर फैसेलेटीज/संस्थाओं द्वारा केन्द्रीय प्रदूषण नियंत्रण बोर्ड द्वारा विकसित किये गये **"COVID-19 BWM"** मोबाइल ऐप पर कोविड-19 वेस्ट की प्रतिदिन की मात्रा अपलोड कराये जाने की कार्यवाही सुनिश्चित की जानी है। मा० सर्वोच्च न्यायालय, नई दिल्ली द्वारा रिट पिटीशन (एस) (सिविल) नं०-13029/1985 एम०सी० मेहता बनाम यूनियन ऑफ इण्डिया एवं अन्य में पारित आदेश दिनांक 30.07.2020 द्वारा **"COVID-19 BWM Mobile APP"** का प्रयोग सुनिश्चित करने के निर्देश दिये गये हैं। आदेश के सुसंगत अंश निम्नवत् है:-

".....All municipal corporations and state pollution control boards are directed to use the COVID19BWM APP. This is made mandatory and CPCB to track all the bio-medical waste and ensure that it is being sent for treatment....."

समिति द्वारा यह विचार किया गया कि सम्बन्धित संस्थाओं द्वारा **"COVID-19 BWM"** मोबाइल ऐप पर कोविड-19 वेस्ट की मात्रा अपलोड की जा रही है। दिनांक 10.08.2020 को 99 हेल्थ केयर फैसेलेटीज/संस्थाओं द्वारा सूचना उक्त ऐप पर अपलोड की गयी है परन्तु कितनी संस्थाओं द्वारा उक्त ऐप पर रजिस्ट्रेशन कराया गया है की सूचना ऐप पर उपलब्ध नहीं हो पा रही है, जिससे प्रभावी ट्रैकिंग में कठिनाइयों आ रही है। अग्रेतर यह भी चर्चा हुई कि प्रदेश के चिकित्सा एवं स्वास्थ्य तथा चिकित्सा शिक्षा विभाग को उक्त मोबाइल ऐप का access केन्द्रीय प्रदूषण नियंत्रण बोर्ड द्वारा उपलब्ध नहीं कराया गया है, जिसके कारण स्वास्थ्य विभाग द्वारा कोविड-19 वेस्ट के ट्रैकिंग में कठिनाई हो रही है। इस सम्बन्ध में समिति द्वारा यह संस्तुति की गयी कि **"COVID-19 BWM"** मोबाइल ऐप पर रजिस्टर्ड समस्त संस्थाओं की जानकारी के लिये access चिकित्सा एवं स्वास्थ्य तथा चिकित्सा शिक्षा विभाग को भी उपलब्ध कराने हेतु केन्द्रीय प्रदूषण नियंत्रण बोर्ड से अनुरोध किया जाये।

2. वर्तमान में कोविड-19 वेस्ट की बढ़ती हुई मात्रा जिनका वर्णन उपरोक्त वर्णित 18 सी०बी०डब्ल्यू०टी०एफ० की निस्तारण क्षमता की स्थिति की तालिका में वर्णित है को दृष्टिगत रखते हुये यह संस्तुति की जाती है कि संबंधित जिलों के मुख्य चिकित्सा अधिकारी द्वारा जिलाधिकारी की अध्यक्षता में गठित जिला स्तरीय अनुश्रवण समिति की तत्काल बैठक

आयोजित कराकर कोविड-19 वेस्ट के समुचित एवं सुरक्षित निस्तारण हेतु जनपद स्तर पर वैकल्पिक व्यवस्था के लिये निकटवर्ती कॉमन बायो मेडिकल वेस्ट ट्रीटमेन्ट फैसिलिटीज जहां इन्सीनिरेटर की क्षमता पर्याप्त है, के माध्यम से उपयुक्त कार्यवाही करायी जानी आवश्यक होगी।

3. भविष्य में हैजाडर्स वेस्ट के इन्सीनिरेटर में कोविड-19 वेस्ट के निस्तारण हेतु निम्नवत् कार्ययोजना प्रस्तावित है।

कार्ययोजना

कोविड-19 वेस्ट की बढ़ती हुई मात्रा के दृष्टिगत कोविड-19 वेस्ट के समुचित एवं सुरक्षित निस्तारण की दृष्टि से प्रदेश स्तर पर वैकल्पिक व्यवस्था हेतु हैजाडर्स वेस्ट के निस्तारण हेतु प्रदेश में स्थापित उक्त 02 इन्सीनिरेटर में निस्तारण कराये जाने हेतु कार्ययोजना निम्नवत् है:-

API Interface for Transporter's Vehicle GPS Data

1.Introduction

This document describes the API interface to receive the transporter's vehicle's gps data information.

2 APIs

Below are the APIs that will need to be used to receive the transporter's vehicle locational data (GPS).

2.1 Method

URL : <http://tbtrack.in/gps/public/api/v1/company>

API Type: RESTFUL

Type : GET

Purpose: The purpose of this API is to receive the locational Information (GPS) of the transporter's vehicles.

Header Parameter :

username : username <Username should be present in our database.>

- 2) **O.A. No. 72/2020** IN RE: SCIENTIFIC DISPOSAL OF BIO-MEDICAL WASTE ARISING OUT OF COVID-19 TREATMENT- COMPLIANCE OF BMW RULES, 2016

S.No.	Directions issued by Hon'ble NGT	Current Status
O.A. NO. 710/2017 IN RE: SHAILESH SINGH VERSUS SHEELA HOSPITAL & TRAUMA CENTRE, SHAHJAHANPUR & ORS		
1.	Status of BMW Authorization to HCFs	At present, there are 25,411 Health care facilities (Government: 5,240 and Private: 20,171). Of these 21,531 (Government: 4350 and Private: 17,181) have been authorized by the State Pollution Control Board and the remaining are under process.
2.	Authorization to all non-bedded HCFs like clinics, laboratories, research institutes as well as veterinary hospitals, etc. identified in inventory of HCFs within 3 months	
3.	Status of installation of ETP in Phase I and Phase II hospitals	Department of Medical Health & Family Welfare has planned for Installation of Effluent Treatment Plant (ETP) in entire State in phased manner due to budgetary constraints. As per BMW rule, 2016 installation of ETP is mandatory for above 10 bedded hospitals. Hence the ETP has to be installed in District hospitals as well as CHC level Hospitals in the entire state of Uttar Pradesh. Installation of ETP by Jal Nigam in the 41 Hospitals in first phase is on stand still as on date due to some litigation as per information from Project Manager Jal Nigam.
4.	Status of meeting to be conducted by District and State Level Monitoring Committees	DEC and SAC meetings are held regularly
5.	Monitoring of compliance of BMW management as per District environmental Plan by the District Magistrates	

6.	Status of barcoding system on containers/bags (It was mentioned that contract has been signed on 23 rd Sept. 2020 and work shall commence in 1 month time)	<p>Bar coding System - Contract has been signed between the DG Medical & Health and VTS/ Bar coding Service Provider has been done on 23rd September 2020 . Assigned work to the Service Provider includes software designing and finalization of the software which is as follows –</p> <p>The software should provide interface to do real-time tracking of vehicle movement (including historical visits). The history of vehicle tracking system should be provided to DGMH in archive mode. History of vehicle tracking system should be available on-line for 90 days.</p> <ul style="list-style-type: none"> • The data from android device/Mobile should come to BMWIS server by integration • and also procurement of the hardware which includes. • Vehicle Tracking System fitted in each CBWTF, • Platform based Electronic Bluetooth Weighing Machine with a capacity of 30 Kg and • blue-tooth feature to transfer data on weight to the android device/mobile, • Android based device/Mobile (having at least 8 MP camera) provided with each CBWTF, • Bar Code /QR Code Printer to print adhesive labels containing data on – Health Care Code. Data to be printed in QR code should be in English , • Thermal Printer for real time Date & Time of data capturing, color and weight of bag. Data to be printed in English, • SIM cards for android device/mobile and VTS) to all the 18 CBWTF . <p>As per the Contract agreement the service provider had to get approval of the solution design and finalization of the software, which was seen by the officials of Medical care on 16/ 12/ 2020. Both the Weblink and mobile application was found to be satisfactory as per the requirements, so the Service Provider has been given the approval by Director General Medical & health Services on 24-12-20 and directed to Roll out and scale it up to all the districts of the state and also give the training to all the CBWTF personnel's and periodically inform DGMH as per the Contract Agreement. The procurement of the Hardware Has been done and is currently being Installed on the Vehicles of the CBWTF one by one.</p>
7.	Compliance to standards by CBWTFs	UPPCB
8.	Compliance of HCFs	Regular Online trainings and queries are resolved on phone.
9.	Status of penalty imposed by UPPCB and please also furnish the details of	UPPCB

<p>EC paid.</p> <ul style="list-style-type: none"> • Prosecution Under Section 15 of Environmental Protection Act, (EPA)-1986 against Health Care Facilities: 05 • Prosecution Under Section 15 of EPA-1986, against CBWTFs: 03 • Notice issued against defaulter HCFs: 5806 • Show Cause Notice issued under EPA, 1986 against HCFs: 26 • Environmental Compensation of Rs. 7.17 Crore imposed on 130 HCFs • Environmental Compensation of Rs. 85 Lacs imposed on 06 CBWTFs 	
<p>10. Status of BMW Management contract:</p> <ul style="list-style-type: none"> ▪ Out of 75 districts of Uttar Pradesh, New BMW contracts has been awarded in 66 Districts and in remaining 9 Districts finalization of tender by UPMSCS will be done by the end of March 2020. ▪ Out of 66 Districts in 48 Districts, 178 contracts have been signed between CMOs, CMSs and the service providers. ▪ In remaining 18 Districts, 76 contracts are in the process of being finalised and will be completed within a month. 	<p>Due to some technical Problems 9 districts were not retendered and there were 5 more districts which was never been under tender process There are now a total of 14 districts to be tendered by UPMSCS. Letter From DG Medical & Health has been Sent to UPMSCS regarding this. Since the disposal of Biomedical waste is a very critical issue , in these Districts it is been done by Temporary Agreements signed between the Cmo, Cms and the nearby CBWTF.</p>
<p>11. Status of Authorization, Annual Report submission, Construction of Collection Shed, Construction of Deep Burial Pits, Installation of ETP, and Inspection of Private Hospitals from remaining 20 districts.</p>	<p>Reminder Letter from Director General Medical & Health vide letter no -11f/2020/2994 dated -24-12-2020 has been sent to provide the information within two days for compilation.</p>
<p>12. Status of inspection carried out on the hospitals mentioned in OAs 710, 711, 712 and 713 (<i>Individual averments with regard to the concerned hospitals mentioned in O.As No. 710/2017, 711/2017, 712/2017 and 713/2017 may also be verified and appropriate action taken in accordance with law and a specific report given by the concerned State PCBs to the CPCB</i>).</p>	<p>Letter regarding Inspection has been send to CMO Shahjahanpur, Noida, Bareilly and Hardoi . They have to send a comprehensive report by 1st January 2021 about compliance of Biomedical waste management carried out in the hospitals mentioned in OAs 710, 711, 712 and 713. Reports of inspection done by Cmo 's for Ganga charan Hospital Bareilly & Kailash Hospital has been received.</p>
