REPORT OF THE JOINT COMMITTEE IN THE MATTER OF ORIGINAL APPLICATION NO. 320/2022 (TITLED ARIF NAWAZ MOHAMMAD MUSTAFA IRAQI V/S STATE OF MAHARASHTRA) IN COMPLIANCE WITH ORDER OF HON'BLE NGT, PRINCIPAL BENCH, NEW DELHI DATED 10.05.2022

01.0 BACKGROUND

An application has been registered based on the complaint by Mr. Arif Nawaz Mohammad Mustafa Iraqi against the State of Maharashtra which states that the local land mafia have destroyed the natural flow of the Nalla flowing through Survey no. 97 of Davle Village and 162, 173, 174, 176 and 181 behind Dosti ESR of Shill Village in District Thane, State of Maharashtra, which was originally 20' to 4' which is resulting in water clogging of the road from Shilphata to Bharat Gears Ltd., as there is no outlet for the water from the Hills to the Desai Creek. Complaints were made regarding destruction of natural flows of water arising from the hills of Shiphata and Mhape to Desai Khadi (creek) by reclamation by Murrum and Rabbit in Diva PrabhagSamiti but no action has been taken so far.

Hon'ble NGT in this matter passed an order on 10.05.2022 (**Annexure-1**), the relevant paras are re-produced as below.

"... 2. In view of the serious allegations made in the present letter petition, we consider it appropriate to have a factual and action taken report from a Joint Committee comprising of representatives of Maharashtra Coastal Zone Management Authority, State PCB and Principal Secretary, Urban Development, State of Maharashtra and Collector, Thane and direct the same to verify the factual position, look into the grievances of the applicant and take remedial action in accordance with law by following due process within one month from the date of receipt of a copy of this order. State PCB will be the nodal agency for co-ordination and compliance. Factual and action taken report may be furnished within two months..."

02.0 CONSTITUTION OF THE JOINT COMMITTEE:

In compliance with the order, joint committee comprising of The District Magistrate & Collector-Thane, The Commissioner-Thane Municipal Corporation, Representative of Maharashtra Coastal Zone Management Authority (MCZMA) and The Regional Officer, Thane, Maharashtra Pollution Control Board (MPCB) was constituted as below where MPCB is the nodal agency for coordination and compliance. Office order of constitution of Joint Committee is enclosed as **Annexure-2**.

03.0 SCOPE OF THE JOINT COMMITTEE

As per the aforesaid order, the joint committee was directed to-

1. Undertake site visit.
2. Look into the grievance and take remedial action in accordance with law following due process.
3. Furnish the factual and action taken report.

4.0 ACTION TAKEN BY THE COMMITTEE

1. Joint Committee 1st meeting was conducted on 12th Sept 2022 under the chairmanship of Hon'ble District Collector, Thane at collector office, Thane to deliberate on the issue and decide further line of action in the matter for compliance of aforesaid Hon'ble NGT order (Meeting invite enclosed as **Annexure-3**)
2. It was decided to carry out the site visit to and decide the further action plan based on visit observations (Committee's visit invite letter enclosed **Annexure-4**)
3. Accordingly, committee carried out site visit on 26th Sept 2022 at survey nos. stated in Hon'ble NGT order dtd 10/05/2022 (Visit Photographs are enclosed as **Annexure-5**)

COMMITTEE'S SITE VISIT OBSERVATIONS:

Committee took a walkthrough round along the stretch of Nallah and covered the survey nos. as specified in Hon'ble NGT order dtd 10/05/2022, and made following observations:

- It is a kaccha Nallah, which passes through the premises of "Dosti Planet housing society" & flows through survey nos. as mentioned above and eventually meets in Desai Creek. Nallah has been converted into an under-ground channel in the premises of Dosti Planet (Like a close conduit) and opens thereafter. It was informed that said alteration has been done after taking required approvals.
 - RCC construction of a building with G+2 configuration found in progress in close proximity to nallah with additional foundation work being laid inside the nallah.
 - At one place (near Survey no. 181), "Chabutra" constructed with cement concrete + stones having Tin sheet shelters (used as residence for labours) found erected, adjacent to Nallah.
 - Reclamation using debris were observed at some places.
 - Pucca house was observed at one place with a bakery being operated inside it.
 - Scrap centres were also observed nearby, with storage of scrap in haphazard manner.
 - Width of Nallah was found varying between 6.1 m to 8.7 m (approx..) when measured at different points over 100 m stretch. Avg. depth was observed to be 2.0 meter.
 - Committee felt that support from Deputy Superintendent (Land Records) is needed to carry out detail measurement of Nallah with structure / reclamation present at 15-meter extent of each side & demarcation of survey nos. as mentioned in Hon'ble NGT order. Maps showing original/earlier width across the stretch of nallah (i.e., unhindered natural flow) vis-à-vis present width (i.e., destroyed flow) may be submitted to the committee.
4. Minutes of committee-visit were prepared with action items. (Signed copy of Minutes of Committee visit is enclosed as **Annexure-6**).
Action Item decided are given on subsequent page.
