**BEFORE THE NATIONAL GREEN TRIBUNAL  
PRINCIPAL BENCH, NEW DELHI  
Original Application No. 481/2024**

**IN THE MATTER OF:-**

**News item titled "Major fire erupts at Delhi's Ghazipur landfill site smoke engulfs region" appearing in the Hindustan Times dated 21.04.2024.**

**STATUS REPORT FILED BY THE RESPONDENT/ MUNICIPAL CORPORATION OF DELHI (MCD) IN COMPLIANCE OF THE ORDER DATED 10.07.25 PASSED BY THIS HON'BLE TRIBUNAL.**

1. That the present matter pertains to fire being erupted at Ghazipur land fill site. The answering respondent had filed the reply dated 09.07.25 responding to the observation of court commissioner. That the Hon'ble tribunal upon considering the report, further directed, to place on record its status regarding the queries raised vide order dated 10.07.25.
  
2. **That with respect to the daily waste receipt, its treatment and diversion, if any.** It is submitted that Ghazipur sanitary landfill site receives 2400 to 2600 MT of fresh waste everyday. Out of this the WTE plant at Ghazipur processes 700 to 1000 MT/Day. The balance is dumped at land fill site, at the limited space created through biomining, since vertical expansion is restricted. The diversion of some waste was diverted to Okhla earier but that was discontinued in April 2025, has restarted again from August 2025.

Therefore around 300 MT/Day is presently diverted to Okhla processing facility, however the quantum of diversion is subject to the operational requirements of the Okhla plant, as sometimes the fulfillment of demand is not optimum through the designated zones for Okhla Plant. That MCD has initiated bio mining and bioremediation projects at the site in line with SWM rules 2016 and directions of NGT. That several trommel machines have been deployed and substantial quantities of legacy waste have already been processed, though complete remediation is time consuming exercise given the enormous amount of the heap. The work was started in 2019, initially the work was taken on a pilot basis through empaneled agencies with limited machinery. That various challenges were encountered such as no working spaces for trommel machines to operate, non-availability of specialized machines/technology and in experienced contractors for the said job. A volumetric assessment of the site was carried out in July 2022 through drone survey, which was assessed approx. at 85 lakh metric tonne of legacy waste with mound height of about 65 metres. Thereafter integrated contracts were awarded for biomining. Under the first contract awarded in November 2022, against a target of 30 lakh MT only 13.9 MT could be processed upto December 2024 leading to termination of the contract on 17.12.24 for non-performance by the said agency. That after this another contract was awarded to M/s Alwazo solutions Pvt Ltd on 07.03.25 for processing of 30 lakh MT (extendable by 15 lakh MT), which is currently in progress. Under present contract 6.60 lakh MT has been processed upto 31.08.2025 and is continuing the work as awarded. That for remaining quantity, a parallel NIT has been floated on 09.09.2025 for reclamation of complete land through disposal of legacy waste

by Bioremediation and Bio mining at Ghazipur SLF in addition to M/s Alwazo solutions, which is already under process of Bio mining and Bioremediation. The NIT is annexed herewith as **Annexure-A**. The expenditure is being met from funds released under Swachh Bharat Mission-U-2.0 by the Central government and state government. As of August 2025, 32 lakh MT of legacy waste has been processed.

3. It is pertinent to mention that a range of initiatives are being implemented to address the disparity between the collection and processing of municipal solid waste (MSW). The steps undertaken are (i) The agency has been requested to increase the progress of work to achieve stipulated target of three months prior to finishing the targeted work. (ii) To expedite the bio mining of balance of legacy waste, the process of further tendering is in progress. The target to complete bio mining of legacy waste and achieve desired target is 2027 December. (iii) Setting up of another waste to energy plant of processing capacity 2000 MT of waste daily on the reclaimed portion of land. That NIT has been called vide dated 09.07.25, for the purpose of setting up of MSW to Energy facility at Ghazipur dump site of capacity 2000MT per day. The NIT is annexed herewith as **Annexure-B**. The details of target quantities in the presently ongoing bio-mining contract awarded.

S no.	Period	Stipulated target	Achievement & quantity
1	Quarter-1 08.03.25 to 07.06.25	6% (1.8 lakh MT.	9.10 % (2.73 LMT)
2	Quarter-2 08.06.25 to 07.09.25	18% (5.4 LMT)	13.60% (4.07 LMT)

3	Quarter-3 08.09.25 to 07.12.25	18% (5.4 LMT)	
4	Quarter-4 08.12.25 to 07.03.26	18% (5.4LMT)	
5	Quarter-5 08.04.26 to 07.07.26	20% (6.00LMT)	
6	Quarter-6 (08.08.26 to 07.11,26)	20% (6.00LMT)	

The destinations for transferring the Bio-mined/ segregated fractions are as follows

Waste fractions	Destination
Inert	Low lying areas for development of proposed industrial and commercial places etc, in Dasna, Loni, Chapraula, Kndli, Ghaziabad, Noida, Gr, Noida, Okhla, NTPC Eco park and other parts in nearby areas
C&D	Low lying areas for development of proposed industrial and commercial places etc. in Dasna, Loni, Chapraula, Kundli, Ghaziabad, Noida, Greater Noida, Okhla, NTPC Eco park and other parts in nearby areas.
RDF	For use in factories, paper mills etc. authorized by UPPCB for using it as fuel. The factories are situated in Meerut, Muzaffarnagar (UP).

The manner of disposal involves the systematic process of carrying out bio-mining of legacy waste, followed by loading of the recovered fractions in trucks, quantification of the material through three weigh bridges available at dumpsite, transportation of the weighed waste to designated locations as mentioned in above tabulated format. The receipts given by the private land owners and

NTPC upon receiving the inert/C&D is annexed herewith as **Annexure-C**.

4. This activity enabled the clearing of about 5 acres of land, as submitted before this court. That it is further submitted that owing to the mismatch between the daily quantum of fresh waste received approx. 2400 to 2600 MT and present processing capacity of approx. 700 to 1000 MT daily there remains a gap of 1500 to 1600 MT per day which cannot be processed immediately. In order to manage this balance quantity, the same is accommodated by dispersing it over already existing pockets within the limited available space at Ghazipur site. This is done in a systematic manner by layering, compacting, and covering with C&D to minimize odour, leachate and fire risk and is also permissible under schedule-1 clause-C (specification for sanitary land fill site) issued by MOEFCC GOI. This is temporary measure arising out of lack of additional land and processing facilities and the respondent MCD is actively engaged in expansion of, waste to energy plant and bio-mining operations to reduce this dependency.
5. That out of legacy waste being bio mined approx. 5 acres of land has been cleared. This space is not left vacant but is being utilized for operational requirements. The cleared land is used to set up infrastructural facilities such as sheds and platforms for operation of trommel machines. Storage area for refuse derived fuel (RDF), inert material/C&D recovered from biomining. The space for vehicles engaged in waste transport is also carved out. The utilization of cleared land for these purposes is essential for ensuring smooth execution of biomining and scientific disposal of waste in compliance of SWM Rules 2016. This is proof of progress, not

negligence, MCD is using it to support biomining, storage and vehicle operations. The cleared land is not wasted.

6. Although fresh waste is still being added, landfill volume is decreasing because legacy waste is removed at a much higher rate, resulting in daily reductions of waste mounds. The land fill is shrinking and not growing. As per recent data, after awarding of contract in March 2025, the disposal of waste is much more than the fresh waste received. The quantification is shown below

7.

Months	Fresh MSW received at dumpsite (MT)	Disposal of waste from dumpsite (MT)
April 2025	58201	94734
May 2025	54616	123870
June 2025	49254	174437
July 2025	50207	183689

Regarding leachate

The monthly leachate disposal record as directed by this Hon'ble court is as follows

Months	No. of tankers(5000litres capacity) used at dumpsite	No.s of tankers sent to tekhand
Jan 2025	41	0
Feb 2025	38	0
March 2025	34	3
April 2025	36	5
May 2025	40	4
June 2025	43	5

July 2025	37	5
-----------	----	---

8. **Leachate Management:** That in response to this it is submitted that at plant the leachate generated is being collected and re-used at SLF by sprinkling over it to settle the dust and for the bio-culture of fresh waste. Furthermore, MCD has constructed two leachate collection tanks with a capacity of 50,000 Liters each. The leachate tanks were completed in December 2024. That presently proposal for operation and maintenance of LTP at Okhla is under process.
9. That the observation made by this Hon'ble tribunal at para 8 of the order, regarding Inert and C&D stacking at Dumpsite. It is submitted that bio mining is under progress at various locations with disposal taking place through Gate no 1, 2 and 3, located at SLF site Ghazipur. The inert material and C&D material are end products of the bio mining process. All these materials are stacked at sites, which is thereafter disposed off at various locations as mentioned above in the tabular format. Some C&D material is also received from nearby zones/areas. The same is stacked at some location (near fresh dumping points) on the dump site. Since decomposition is a continuous process, there are chances of fire incidents, as waste sites produce methane gas due to anaerobic decomposition of organic matter, therefore C&D material is spread over the waste received to curtail the volatile gases which might erupt due to high temperature. It reduces fire risks, controls odour. This practice act as a gas containment measure and part of bio remediation and bio mining processes as per MSW Rules 2016 and CPCB guidelines.
10. That with respect to observation made at para 9 of the order, regarding operating hours of Trommels at Gate no. 2, it is submitted that the trommel operates round the clock in shifts except during the

daily maintenance/ clearing period. The ID of the trommel with their capacity is as under

Trommel (marka)	12A	12B	13A	13B	14A	14B	15A
Capacity in MT/Day	600	600	400	400	500	500	600

11. That with respect to leachate flow through Kachha drains, it is submitted that the drain located near gate no 2 was a Pucca drain but with passage of time, the condition has deteriorated. To strengthen / reconstruct the drain the proposal has been moved. There is another drain connected to leachate tank which is nearby fish market.
12. In respect of observation made at para 10 of the order, it is submitted that Waste to energy plant at Ghazipur receives around 700 to 1000 MT/Day. The Nominal capacity is 1300 MT/Day, and operational capacity is 800 to 850 MT/day. To manage fluctuations in daily waste inflow and maintain continuous operation, the facility has been provided with a waste storage pit, which serves as a temporary holding area before waste is mechanically processed and fed into incineration. Electricity generation is as under: -

Month	Electricity generated	Electricity sent to grid
Jan 2025	7580614.6	6615971.73
Feb 2025	5997833.6	5283295.27
March 2025	8150653.6	7146699.95
April 2025	5188064.1	4568877.91

May 2025	7231892.7	6291048.51
June 2025	3195581	2777112.18
July 2025	6433407.2	5568989.11

The documents are annexed herewith as **Annexure-D**.

With respect to query raised at para 11 of the order it is submitted that the fly ash is not prepared from leachate. In WTE plant MSW/RDF is burnt in high temperature furnace or incinerator to generate electricity. When this waste combusts, a fly ash/bottom ash is produced which is used for making fly ash bricks for which few purchasers are available in the market.

That MCD is making best efforts to comply with CPCB Rules and MSW Rules 2016.

Executive Engineer (SLF) Ghazipur, on behalf of the Commissioner, MCD invites only online Request for Proposal on Double Bid system viz. (i) Technical Bid and (ii) Financial Bid, from the experienced agencies/organizations in the form of a registered/un-registered firms / agencies for the under mentioned work.

**Name of work:-Reclamation of land through disposal of legacy waste by Bio-remediation and Bio-mining at Ghazipur dumpsite Delhi.**

Cost of Tender document including GST: Rs.5,900/- (Non-refundable)

**Earnest Money:-** Rs. 2.96 crore (However, an amount of INR 20 Lakhs against the mentioned EMD amount must be submitted through online portal and remaining EMD amount of Rs. 2,76,00,000/- (Two Crores and Seventy Six Lakhs Only) must be submitted by the Bidder in the form of Bank Guarantee (original copy) from a Scheduled Bank prior to bid submission end date in the office of EE (SLF) Ghazipur.

**Pre-Bid Discussions:-**

MCD shall hold a pre-bid meeting with the prospective bidders on 23.09.2025 at 03:00 PM in Conference Hall, 20th Floor, E-1 Block, Dr. S.P.M. Civic Centre, JLN Marg, New Delhi-110002. The Bidders will have to ensure that their queries for Pre-Bid meeting should reach at the address given below by post or email on or before 23.09.2025.

**Financial Bid Submission:-**

651

1. With regard to para 5.3 (selection of bidder) H-1 bidder means the bidder will pay to the MCD at the rate quoted and L means the MCD will pay to the bidder at the quoted rate.
2. To submit financial bid, form 13 (format of financial bid) of RFP is required to be downloaded and fill the rate in the rate column manually mentioning type of bid whether H or L as clarified in point no. 1 above and upload the scanned copy of the same.

**Correspondence Address:-**

NIT No.: EE/WtE/DEMS/TC/25-26/01

Date: 09/07/2025

**NOTICE INVITING TENDERS**

Name of work: **Setting up of Municipal Solid Waste (MSW) to Energy Facility at Ghazipur Dumpsite, Delhi**

Municipal Corporation of Delhi (MCD) proposes to set up a Municipal Solid Waste (MSW) Processing Facility adopting WtE technology as per Solid Waste Management Rules, 2016. In this connection, MCD intends to select a suitable developer, in single stage, envelope-procurement system, through transparent tariff based Competitive Bidding process for **Setting up of Municipal Solid Waste (MSW) to Energy Facility at Ghazipur Dumpsite, Delhi** as per Solid Waste Management Rules, 2016 (as amended from time to time) under Public Private Partnership (PPP) mode on Design, Build, Finance, Operate and Transfer (the "DBFOT") basis.

The tender/RFP document can be downloaded from Municipal Corporation of Delhi's Website: [mcdonline.nic.in](http://mcdonline.nic.in) and e-procurement portal <https://etenders.gov.in/e procure/app> and the same may be used for bidding purposes. The Feasibility Report and the accompanying annexures uploaded along with above-mentioned NIT dated: 09/07/2025 may also be referred to. Any amendments/clarifications to the document will be available on this website only. The bidders need to pay the cost of document i.e., Rs. 1,00,000/- (Rupees One Lakh), along with the requisite Bid Security amount, while submitting the bid. Bids, if not accompanied with the cost of document will be summarily rejected.

A pre-bid meeting in the subject matter shall be held on 29/07/2025 at 03:00 PM (IST) in the Conference Room, Municipal Corporation of Delhi, 9th Floor, E-1 Block, Dr. S.P.M. Civic Centre, JLN Marg New Delhi - 110002. The last date of submission of the bids is 18/08/2025 till 15:00 Hrs (IST) and the same would be opened on 18/08/2025 at 15:30 Hrs (IST) in the office of Superintending Engineer (DEMS) HQ, Room No. 1909, 19th Floor, E-1 Block, Dr. S.P.M. Civic Centre, JLN Marg, New Delhi - 110002 in presence of the participating bidders, if any.

Prospective bidders may also contact Sunil Dawar, EE (WtE) DEMS on mobile No. 9717788415 (email-id: [eedems-hq@mcd.nic.in](mailto:eedems-hq@mcd.nic.in)) in case of any clarification, if required.

MCD reserves the right to annul the bidding process/reject all or any of the bid(s) without assigning any reason whatsoever.

  
09/07/2025  
Executive Engineer (WtE) DEMS

2. For the purpose of increasing the ground level /creating road, I have consented to allow the filling of my above land with inert/Construction & Demolition (C&D) materials. These materials have been sLtd.. by M/s. Alwazo Solutions Pvt. Ltd. M/s. Daya Charan and Company & M/s. Swastik Carriers (JV) Delhi, which operates the bio-mining landfill site at SLF – Ghazipur, Delhi under the tender work awarded by the Municipal Corporation of Delhi (MCD).
3. I hereby confirm and acknowledge, with full knowledge and understanding, that I have received the aforementioned materials for my land. The quantity received is **3041.159 metric tons** [approx.] of inert/C&D material, delivered by **184 number** of tippers/trucks between the period of **09 July 2025 to 07 Aug 2025**. The materials were of satisfactory quality and have been fully utilized on the aforementioned site, in accordance with the specified quantity. This utilization serves the intended purpose, adhering to the govt. rules and guidelines.
4. I make this affidavit in good faith, to affirm the truth of the above statements and in compliance with the relevant legal requirements.

Thanking You,

Director

2. For the purpose of increasing the ground level /creating road, I have consented to allow the filling of my above land with inert/Construction & Demolition (C&D) materials. These materials have been supplied by M/s. Alwazo Solution Pvt. Ltd. M/s. Daya Charan And Company & M/s. Swastik Carriers (JV), Delhi, which operates the bio-mining landfill site at SLF – Ghazipur, Delhi under the tender work awarded by the Municipal Corporation of Delhi (MCD).

3. I hereby confirm and acknowledge, with full knowledge and understanding, that I have received the aforementioned materials for my land. The quantity received is 3565.680 MT of INERT material, delivered by 233 nos. of hywa / tipper trips of INERT between the period of 12.03.2025 to 19.03.2025. The materials were of satisfactory quality and have been fully utilized on the aforementioned site, in accordance with the specified quantity. This utilization serves the intended purpose, adhering to the govt. rules and guidelines.

4. I make this affidavit in good faith, to affirm the truth of the above statements and in compliance with the relevant legal requirements.

Thanking You,

## UTILIZATION CERTIFICATE

### GATE NO 2 (SLF GHAZIPUR)

Sr. No.....

Dated: 24.06.2025 to

07.07.2025

1. Receiver's Name..... AVANCE INFRATECH INDIA PVT.LTD
2. Receiver's Address..... FIRST FLOOR PROPERTY NO-8 GAFOOR  
NAGAR NEW DELHI SOUTH DELHI-110007
3. Gstin No ..... 07AAKCA3190N2Z9
4. Place of Unloading..... OKHLA STP DELHI
5. Material & No of Trips (1) .....INERT (680 TRIPS)  
Material & No of Trips (2) .....CND (08 TRIPS)
6. Quantity of Material..... 11634.743 & 136.570 MT
7. Weighbridge Slip No. .... AS PER ATTACHED LIST

Certified that the above material is being utilized as per MSW rules/Govt. Rules.

Receiver's Signature
