**Sub.:** Regarding compliance report of Hon'ble NGT order dated 17.05.2023 in the matter of original application No. 65/2023.

**Ref:**1) Hon'ble NGT order dated 17.05.2023 in the matter of original application No. 65/2023.

Respected Sir,

With respect to the above subject, we are submitting herewith the compliance report of Hon'ble NGT order dated 17.05.2023 in the matter of original application No. 65/2023. We agreed earlier that we will not undertake any site activity which may obstruct the drains in question and we hereby once again confirm that we will follow the instruction of Honorable court.

Our point wise reply is as follows:-

S.No.	Action Point of conservation plan	ACC reply
i)	There will be no activities within the project site which will directly or indirectly cause the diversion of the Nallah from its natural course.	<i>At present status-quo is maintained as there is no site activity started.</i>
ii)	10m embankment along both the banks of the Nallah will be developed as Nallah protection zone.	<i>Embankment along both the banks will be done on either side of the drain after completion of area grading of site as this work cannot be done in isolation. After completing the area grading, embankment will be developed.</i>
iii)	No discharge from the project site will be done into the Nallah to protect the natural water quality of the same.	<i>At present no Industrial activities is in operational at the site and we hereby confirm that no discharge will be done in Nallah's.</i>
iv)	Green belt development and plantation will be carried out on the embankment of the Nallah.	<i>After development of embankment (refer Sr ii), the plantation shall be done and protected.</i>

v)	The Nallah will be protected with culvert structures.	<i>We will remove the hume pipe and will duly make the culvert at the nallah entry point &amp; exit point or wherever required for crossing the nallah. As per enclosed drawing we are proposing for construction of culvert at our end. In this regards you are requested kindly review the same and provide us your good suggestion if any changes in proposed drawing of culvert.</i>
