That the foregoing constitutes a detailed enumeration of individuals adversely affected by environmental contamination within the districts of Kanpur Nagar, Kanpur Dehat, and Fatehpur for the period spanning 2020 to 2025. Although the information has been derived from limited, randomly conducted sample surveys undertaken by the State, the available blood-test data evidences a grave and escalating threat to human health and the surrounding ecological systems, resulting already in loss of life.

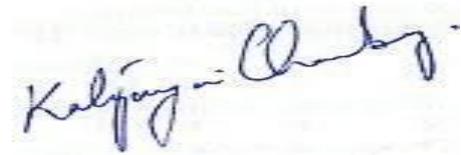

That human suffering must not be treated as a mere statistical or inventory entry; once such suffering becomes normalized, it risks becoming invisible to meaningful scrutiny and redress. In view of the facts and circumstances set forth hereinabove, I most respectfully pray that urgent and appropriate relief be granted in the present matter.

That an urgent and kind intervention of this Hon'ble Tribunal is sought considering the facts and circumstances as stated hereinabove.

AND FOR THIS ACT OF KINDNESS, THE ADVOCATE AS IN DUTY BOUND SHALL EVER BE GRATEFUL.

Dated: 25.11.2025
