Honourable chairperson
National green tribunal
Principal bench
New delhi .

Subject : My request in original application 273/2022 .

Respected Sir ,
It is to bring in your notice that according to MOEF notification dated 22.02.22 no GSR(143) E , only zig zag kilns will be operated throughout the country after 22.02.2024 and it is very well known that brick kiln session starts from 01 October.
Many brick kilns have not started converting yet proving that they will start their operations without conversion.
So plz issue strict orders to pollution department to grant permissions only after conversion .

Secondly sir my sincere prayer is that there is heavy pollution during winters so plz issue orders for my district that brick kilns should start their firing process from 1St March every year / session only as in NCR .

Thanking you ,
