Short Affidavit of Guramanpreet Singh, PFS, Divisional Forest Officer, Patiala, Punjab on the behalf of Respondentsno. 1 to 4, in addition to the reply filed on 16.10.2024 by Smt. Vidhya Sagari R.U, IFS .

I, the deponentabove named, am conversant with the facts of the case and competent to swear this affidavit, do hereby solemnly affirm and declare as under:

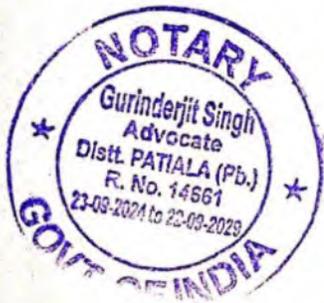

1. That respondent no. 4/Divisional Forest Officer had earlier a detailed reply in the form of affidavit in this Hon'ble Tribunal on 14.10.2-24 and 16.10.2024 in OA 829/2024 and OA 1042/2024 respectively, and the deponent prays that the present affidavit may be read in continuation of the aforementioned replies.
2. That it is pertinent to note that the entire process of the present project has been executed as per the Forest Conservation Act, 1980 ("FCA") rules and guidelines where the question of acquisition of additional land for provision of plantation alongside the Sirhind

Gur

Patiala road fell within the domain of the user agency/Public Works Department and not under the purview of Forest Department.

3. That it is pertinent to note that both sides of the Sirhind-Patiala Road (from km 7.800 to 29.551 for approximately 21.751 km stretch) falls under Forest Division, Patiala and the same is the protected forest land, duly declared as Second Class Forests by the Governor of Punjab vide the Forest Department Notification No. 6058-FT-III-57/3305, which was duly notified in the Punjab Government Gazette on dated 17.01.1958 and is annexed as **Annexure R-4/1**.
4. That it had already been mentioned in the earlier reply filed by the Divisional Forest Officer that land bank of 75.032 hectare was required, as per parameters specified for identification of land bank for afforestation (45.18 Ha. in CA and 29.852 Ha. in ACA) degraded forest land as specified in FCA 1980 guidelines. The said land bank was not available in the Patiala Forest Division. Therefore, Compensatory Afforestation (CA) of 45.18 hectare in H.B No. 496 of village Dada PF, Tehsil & District Hoshiarpur Forest Division and Additional Compensatory Afforestation (ACA) of 29.852 hectare in Bhangala Forest in Rup Nagar Forest Division has been proposed, as per the policy and guidelines of FCA, 1980.
5. That it is also pertinent to mention here that the said area where the Compensatory Afforestation (CA) of 45.18 hectare in H.B No. 496 of village Dada PF, Tehsil & District Hoshiarpur Forest Division to be carried out has been declared as Protected Forests by the Governor of Punjab vide the Forest Department Notification No.

39(5)-FT-III-84/7388 dated 26.10.1984 and is annexed as **Annexure R-4/2.**

6. That further it is also relevant to mention here that the said area where the Additional Compensatory Afforestation (ACA) of 29.852 hectare in Bhangala Forest in Roop Nagar Forest Division to be carried out has already been declared as Protected Forests by the Governor of Punjab vide the Forest Department Notification No. 5014-FT-III-71/8836 dated 02.06.1971 and is annexed as **Annexure R-4/3.**

7. That, vide letter No. 66 dated 02.04.2025 , user agency/Public Works Department (National Highway Division) approached Divisional Forest Office, Patiala with identified blank areas for plantation along roadside and in villages adjoining the road. A true copy of letter No. 66 dated 02.04.2025 sent by PWD is annexed as **Annexure R-4/4.**

Vide letter No.04-Snd dated 04.04.2025 , Range officer, Sirhind clarified that some blank area is available after felling of trees along road side where 3000 plants can be planted but survival can be ensured only if Public Work Department provide concrete/iron tree guards along with cost of plantation and maintenance whereas plantation of 2450 plants in other identified blank areas (61 Kanal) in 13 villages can be taken up by concerned Gram Panchayat under MGNREGA Scheme. A true copy of letter No.385 dated 15.04.2025 sent to PWD is annexed as **Annexure R-4/5.**

In the continuation of the above mentioned letter, it is
written to you that after cutting the affected trees in this
project, according to the report of the Forest Range Officer,

Sirhind, about 3000 saplings can be planted, but as the forest area is less, the success of this plantation can only be ensured if concrete/iron tree guards are made available by your department to protect these saplings. Apart from this, you have identified the area for plantation in the villages. In this regard, it should be ensured that the place is suitable for plantation and there is no illegal occupation of any kind.
