

**Dr. Rajesh Kumar, IPS**  
Member Secretary

**WEST BENGAL POLLUTION CONTROL BOARD**  
(Department of Environment, Government of West Bengal)

24110

Memo No. **338/436L/WPB/2023**

Dated: 21/09/2023

To  
Shri D.P. Mathuria  
Executive Director - Technical  
National Mission for Clean Ganga  
Department of Water Resources, River Development &  
Ganga Rejuvenation, Ministry of Jal Shakti,  
1<sup>st</sup> Floor, Major Dhyanchand National Stadium,  
New India Gate, New Delhi-110002.

**Ref:** Your Memo dated L-25011(13)/5/2022-LME NMCG-dated 05.09.2023.

Enclosed please find copy of the present status report with regard to steps taken for abatement of pollution involving Ganga by the Government of West Bengal which has been received from WBSPMG & Urban Development and Municipal Affairs Department, Government of West Bengal.

Be it also mentioned that, apart from the above report, the State of West Bengal has submitted its last quarterly report on through WBSPMG Department, Urban Development and Municipal Affairs Department vide memo no. 229-Sr.Spcl.Secy(NG) dated 11.08.2023.

Apart from that, it is also to mention that in State of West Bengal, the District Ganga Committee has been notified in nine District.

This is for your information and necessary action.

**Encl:** As stated

*ajeev*  
21/9/2023

Member Secretary  
West Bengal Pollution Control Board

Sir/Madam,

With reference to the above subject matter, I am directed to forward herewith updated reports as received till 19.09.2023 regarding the instant matter for your kind perusal and necessary action.

I am further directed to inform you that considering the importance and gravity of the instant matter, an e-file (UDMA-15011(15)/11/2023-LS-MA SEC-Dept. of UDMA ) bearing Computer No. **807918** has also been forwarded to the Environment Department. This matter may be treated as extremely urgent.

Please see the attached documents.

Regards,

NGT Cell,

UD &amp; MA Department

Nagarayan, Govt. of West Bengal.

## **Sustained Efforts taken by the Department of UD & MA for improving the Water Quality in River Ganga**

- The Department of UD & MA is closely monitoring the work of pollution abatement in river Ganga with due care and concern. Review Meetings are being held by the highest authorities at every month to ensure timely completion of each project. Meetings are being held regularly under Chairmanship of Hon'ble Chief Secretary, Principal Secretary, PD WBSPMG on several occasions.
- The water quality data for River Ganga is showing substantial improvement and as such River Ganga has now put to lesser Priority Category. As per the latest Water Quality Report, BOD level everywhere is below the permissible level and as such Ganga now may be placed in Priority-V. This has been made possible due to sustained efforts in Solid and Liquid Waste Management.
- To reduce the Faecal Coliform count, Faecal Sludge and Septage Management Policy has been notified by the Department of UD & MA vide Memo No. 33-UDMA/24011(99)/66/2021 dated 25.05.2022. Implementation strategy of the above-mentioned Policy will be as follows:
  - In towns, where facility of STP will be available, the septage of the town will be co – treated in the STP.
  - In other towns, facility for treatment of Faecal Sludge and Septage (FS &S) will be developed in a phased manner
  - In some towns, if necessary, **cluster mode approach** will be taken up for construction of FSTP after assessing the proximity of ULBs, operational cost, transportation cost and overall management.
  - Two Septage Treatment Plants are fully operational in Promodnagar Cluster treating the septage of North Dum Dum and Baranagar Municipalities and others.
  - Construction of FSTPs in Burdwan is under Tendering Stage.
  - DPR for construction of FSTPs in Ranaghat, Uttarpara-Kotturang and Bansberia and Pujali falling under Ganga basin have been internally prepared by KMDA and submitted to NMCG for approval.
  - Under PBIG Scheme, FSTPs for Chakdah and Garulia Municipality are under examination.
  - **Presently, Septage and Sewage is co-treated in the under mentioned STPs:**
    - From June 2023 to August 2023**
    - Gayeshpur – 60 KL**
    - Halisahar – 140 KL**
    - Budge Budge – 57 KL**
    - Nabadwip – 59 KL**
    - Barrackpore -462 KL**
    - Total - 778 KL**
- This has remarkably improved the FC level in these regions of River Ganga.

- State has completed the construction, renovation of 12 Ghats and 3 electric Crematoria.
- 2 Electric Crematoria at Kalyani, Nadia and Kaliganj, Murshidabad are under process.
- Under PBIG scheme, three electric Crematoria namely Santipur, Chakdah and Garulia Municipalities are under examination of NMCG.
- Renovation and Construction of Prabhupada Ghat in Mayapur is under progress and expected to be completed by January 2024.

**Communication & Public Outreach Activities Report of WBSPMG, F.Y. 2023-2024**

As a part of the Sustained efforts of WBSPMG towards River Pollution Abatement and Liquid Waste Management, various types of Public Outreach and Behavioral Change Communication activities had been taken up in the districts of Ganga River Basin. Through different kind of Communication activities, WBSPMG focuses on the improvement of eco-system of Ganga River Basin including enhancement of Water quality.

We have conducted a wide range of IEC Activities and Mass Awareness drive in the Ganga districts involving school children in celebrating the World Environment Day, International Day of Yoga. Several fairs and exhibitions were organized along the Ghats of River Ganga which not only created wide spread awareness but also generated livelihood for local women, Self Help Groups, Craftsmen. In a unique initiative of us, stalls have also been put up in fairs and exhibitions including Calcutta Book Fair, Ganga Sagar Mela, and 26th National Exhibition etc. This has generated considerable mass awareness regarding River Pollution Abatement. More than 100 Street Dramas have been conducted along the Ghats of River Ganga for educating people for maintaining the Roads, Ghats and Rivers clean. We believe that with our sustained efforts, we will be able to involve more and more citizens towards this cleanliness drive.

**Details of Industrial Pollution:**

No. of identified grossly polluting industries: 52

No. of industries having ETPs : 52

OCEMS available in Industries : 52

The GPIs are under regular surveillance by the State Board and also by the third party reputed technical Institute engaged by the CPCB.

**Details of Bio-medical Waste Management:**

No. of Hospitals and Health Care Facilities	= 9712
Total Bio-medical generation	= 38886.14Kg/Day
Status of Treatment Facility / CBMWTF	= 9 CBMWTF are operating
Treatment capacity	= 2, 11,000 bed

All Biomedical wastes generated in the state are treated at the nine (9) Common BMW Treatment, Storage & Disposal Facilities. Setting up of few more CBMWTSDF are in progress.

**Details of Hazardous Waste Management:**

No. of Industries generating Hazardous waste	=824
Total Hazardous Waste generation	=2,03,272.00 MTA
<u>Total Treatment Capacity of 2 no.CHTSDFs at Haldia and Saltora :</u>	
Land fill capacity	=2,20,000 MTA
Land fill after treatment	=1,20,000 MTA
Incineration	=14,400 MTA
Alternate Fuel & Resource Facilities (AFRF) obtained NOC for 10000 TPA	= CHWTSDF, Saltora
Average quantity of hazardous waste reaching TSDF	= 38062.45 MTA

**Progress report regarding Solid Waste Management of 43 Ganga Towns up to August, 2023**

Sl. No.	Name of the Components	Status	Remarks
1.	100% Scientific Management of municipal Solid waste in Ganga Towns	<p>9(Nine) waste processing plants at Baidyabati, Rishra, Srerampore, Konnagar, Uttarpara Kotrang, Champdany, Haldia, Kolkata MC and Krishnanagar are functioning at present including one no RWMC with SLF has been set up at Baidyabati, that caters six Ganga towns of Hooghly District. Upgradation of the plants has been proposed by the Transaction Advisors engaged for assisting State Govt, towards Scientific planning of SWM.</p> <p>For waste processing unit and O&amp;M : Work order issued for 29 ULBs, Tender in different stages for 7 ULBs and to be processed through SHG mode in 4 ULBs, out of that workorder issued for 2 ULBs. Plant in operation (Krishnanagar and Haldia) and 500 TPD plant is under operation in Kolkata MC.</p> <p>For legacy waste removal through bio mining: Out of 44 dumpsites of 42 ULBs work completed in 22 dumpsites of 18 ULBs, work started in 17 dumpsites of 20 ULBs and remaining are in different stages of tender.</p> <p>Till date 34.44 lakh household bins (green and blue colour) provided to these Ganga Towns and 23684 Community bins (green and blue colour) also provided</p>	Microplanning Organizations have been engaged for assisting State Govt, towards Scientific planning of SWM for each and every ULBs.
2.	Status of open dump sites and GVPs along River Ganga.	There are no open dump sites present along River Ganga.	
3.	Screening arrangements and their regular cleaning at all nullahs in Ganga Towns.	<p>Out of 402 drains discharging to River Ganga 400 Drains on which screens have been provided and they are being cleaned at a regular intervals.</p> <p>In rest 2 no. of drains, screen installation is not technically feasible, bio-remediation &amp; phyto-remediation measures undertaken.</p>	List showing the name of the ULBs with details has been attached.
4.	Regular Ghat cleaning.	100% cleaning operation is being done by all the respective ULBs on regular basis. Bins have been provided at every Ghat.	
5.	Anti littering message	Anti littering messages have been displayed on each and every Ghats.	
6.	Progress in SBM-U matters	<p>ODF status Achieved- Self Declared: 43 ULBs, GoI declared ODF: 38 ULBs</p> <p>Target for IHHL construction-67851 nos</p> <p>IHHL construction Completed=66244 nos (98%)</p> <p>IHHL Geo-tagging Completed-65731 nos</p>	
7	Inspection of Ghats	<b>Report Annexed</b>	

Townwise Progress of SWM Projects in 43 Ganga Towns

West Bengal
