Background

Vide its Order dated May 29, 2023 in the matter of Ajay Shrivastava Vs State of Haryana & Ors. Hon'ble NGT noted that: Grievance in this application is that slurry of ash is being brought from Power House to Aravalli Hills by pipeline. Even after closure of Power House, Bata Chowk, Faridabad, the end product comprising coal ash is still lying dumped In Aravalli Hills in the back, west side of residential colony of the complainant. Though, initially plantation was proposed but nothing has been done. The above accumulation of slurry of ash and coal ash etc. which has been illegally dumped in Aravalli Hills is causing huge damage to environment and also causing health hazards to the local residents.

The Answering Respondent seeks to place on record:

1. That approximate balance quantity of pond ash available on 30.11.2023 at New Pond Ash Dyke of FTSP, HPGCL, Faridabad

is 8.0 LMT only. The rate of disbursal of pond ash from the commencement of FY 2022 is attached herewith as **Annexure-A**.

2. That approximate balance quantity of pond ash available at Old Pond Ash Dyke of FTPS, HPGCL, and Faridabad is 18.0 LMT. Since 1987 no pond ash has neither been dumped nor reclaimed from here. The ash dumped here is well compacted and thick vegetation have grown over its surface and there is no proposal for tinkering with this natural vegetation.
