**UPDATED PROGRESS REPORT DATED 20.03.2023 OF THE OVERSIGHT COMMITTEE REGARDING O.A. NO. 606/2018 IN RE: "COMPLIANCE OF MUNICIPAL SOLID WASTE MANAGEMENT RULES, 2016"**

**(In continuation of the earlier report dated 26.11.2021)**

**I. Introduction**

The issues involved in this case regarding solid and liquid waste management are being monitored as per orders of the Hon'ble Supreme Court dated 02.09.2014 in *Writ Petition No. 888/1996, Almitra H. Patel vs. Union of India & Ors.*, (with regard to solid waste management) and order dated 22.02.2017 in W. P. No. 375/2012, reported in (2017) 5 SCC 326, *Paryavaran Suraksha vs. Union of India* (relating to liquid waste management).

As per the Hon'ble NGT's directions, the Oversight Committee has been reviewing this matter from time to time on the basis of reports received from different departments of the State Government. The Oversight Committee submitted its last report to the Hon'ble NGT on 26.11.2021. This case was fixed for the appearance of the Chief Secretary through Video Conferencing on 28.07.2022, but it was adjourned to later dates. Now, this O.A. is listed on 23.03.2023, hence, an updated report based on the status report dated 17.03.2023 received from the Department of Urban Development, Government of U.P. reflecting the progress made after 26.11.2021 is being submitted.

<p><b><u>B. Status of all drains in the State of U.P.:</u></b></p>					
<p>There are 1340 drains in the State of U.P. falling in various rivers which are tributaries to the river Ganga. Out of these, 331 drains are tapped, 58 drains do not require tapping as they are dry drains. Projects for the tapping of 56 drains are under implementation. Remaining 895 (66.8%) drains await the attention of the State Government for their tapping.</p>					
<p><b><u>C. Status of Sewage Treatment Plants (STPs):</u></b></p>					
<p>i. The total sewage generation in 651 ULBs of the State of U.P. was reported to be 5500 MLD. Now, the no. of ULBs have been increased to 734 but the total sewage generation is reported as 5500 MLD only, <b>which does not appear to be correct.</b></p> <p>ii. There are 121 STPs with a total installed capacity of 3828.07 MLD but the total capacity utilization is only 2951.125 MLD. Still, about <b>2548.875 MLD plus sewage generated by newly notified 83 ULBs is awaiting proper treatment and disposal.</b></p> <p>iii. 52 STPs having a total capacity of 988.15 MLD are under construction.</p> <p>iv. Presently, 35 STPs having a total capacity of 1353.90 MLD are under tendering process. Upon completion of these 87 STPs, the total installed sewage treatment capacity will increase to 6170.12 MLD.</p> <p>v. Out of the total 121 constructed STPs, only 108 STPs are operational, 09 are non-operational and 04 are under trial. Out of the operational 108 STPs, 68 STPs were found to be achieving norms with the prescribed standards while the remaining 40 STPs were not achieving norms.</p> <p>vi. In the report dated 09.12.2022 of the OSC, it was observed that the completion work of Ghazipur (March, 2022); Sultanpur (Sept., 2022); Kanpur-Pankha and Pratapgarh (Oct., 2022); Ayodhya and Gorakhpur (Nov., 2022) STPs were such dates which were already over. The same casual and irresponsible reporting was made on 02.03.2023 also and the same has been repeated in the current</p>					

			<p>progress report dated 17.03.2023 of the UPPCB with the addition that the completion date of 07 STPs viz., Aligarh, Bareilly, Jaunpur, Lucknow, Naini-Prayagraj, Shuklaganj and Unnao have been mentioned as Dec., 2022, which is already over. In this regard, neither any extended timeline for the completion of these 07 projects has been given nor any reason for delay and action taken/proposed to be taken against the persons responsible for non-completion were reported.</p> <p><b><u>D. Status of Common Effluent Treatment Plants (CETPs):</u></b></p> <p><b><u>i. Performance of existing CETPs:</u></b></p> <ul style="list-style-type: none"> <li>• Out of a total of 07 CETPs with an installed capacity of 58.5 MLD in the State, 03 CETPs having a total capacity of 39.6 MLD are operational and 04 CETPs having a total capacity of 18.9 MLD are non-operational.</li> <li>• Out of 03 operational CETPs, only 01 CETP having capacity of 2.1 MLD at Pilkhaun-Hapur is compliant with the prescribed standards while the other 02 CETPs having a capacity of 37.5 MLD at Rooma-Kanpur and Jajmau-Kanpur are non-compliant.</li> </ul> <p><b><u>ii. Under Construction/Proposed CETPs:</u></b> A total of 05 CETPs having capacity of 32.4 MLD in the State are under construction. Out of which, 03 CETPs having capacity of 29 MLD, viz., Growth Centre, Jainpur, Kanpur Dehat (02 MLD) are expected to complete their work by March, 2023; Jajmau, Kanpur Nagar (20 MLD) by Aug., 2023 and GIDA, Gorakhpur (07 MLD) by July, 2024 respectively. No timeline for completion of the work has been given for the remaining 02 CETPs viz., Bhadohi and SEZ, Moradabad. Except that the report dated 02.03.2023 of the UPPCB is also silent on the status of 02 CETPs (6.65 MLD) proposed in Unnao.</p> <p><b><u>E. Water Quality of river Ganga-</u></b></p> <p>Construction of STPs and tapping of drains falling directly in river Ganga or its tributaries are meant to ultimately improve the water quality of river Ganga. The efforts made so far in this direction does not seem to achieve this goal if one glances a look at the water quality of river Ganga being monitored automatically and regularly on 32 sampling points in its stretch in U.P. Out of 32 sampling points, the information of 02 points is not available on UPPCB website. Water Quality report of Jan., 2023 at 30 sampling points indicates that:</p> <p>a. None of these sampling points, the water quality is</p>

### **RECOMMENDATIONS**

1. Since last report of the OSC dated 26.11.2021 integrated municipal solid waste processing capacity including of material recovery facility, compost pits and waste to energy has increased by 827 TPD. Similarly, liquid waste treatment capacity has increased by 571 MLD, but the water quality of river Ganga has not shown any sign of perceptible improvement. Out of 32 automatic monitoring centres of water quality of river Ganga, it has been found in 'D' category at 15 places, in 'C' category at 13 places and in 'B' at 02 places. At no place it is found in category 'A'. Even now at least 4593 TPD of solid waste in urban area and 8959 TPD solid waste in rural areas and 2549 MLD of liquid waste remain to be scientifically processed. The State Government has given a time-line for bridging this gap. Having regard to the past experience, the State Government may be directed to grant financial and administrative sanction for the remaining projects in next six months so that the gap is bridged in the time-schedule promised by it. For this purpose, the Chief Secretary may be directed to submit within a month a six-month schedule for allocation/release of funds for all the projects in six months thereafter and monitor its execution on monthly basis.
2. It has been observed that quite a few STPs and CETPs are either non-functional or they are not achieving the norms. An important reason for the units to remain non-functional is the lack of sewage waste collection network. The Principal Secretary, Urban Development UP and the Principal Secretary, Jal Shakti Department may be directed to ensure that all the completed STPs and CETPs are made functional at the earliest and all STPs to be constructed in future must include sewage collection network in the projects. Clear and specific provision should be made in respect of delays in making the project functional by holding the persons/agencies/departments accountable for their slackness in execution as well as supervision.
3. Although it has been reported that the District Environment Committee (DEC) has been constituted for monthly waste management related issues, but it has been observed that

02 districts have not held any meeting till now and 10 districts have not discussed this matter at all in these meetings. In 39 districts, the chairperson has given general directions for compliance of the Solid Waste Management Rules, 2016 but compliance of the directions has not been monitored in subsequent meetings. Only 24 of the total 75 Districts have taken up this issue in a purposeful manner. The Chief Secretary UP may be directed to create a mechanism to advise and guide the District Magistrates to use the forum of DEC or Special Task Force for effective management of solid, liquid and other wastes affecting the environment adversely.

4. In its several orders, the Hon'ble NGT has held that failure of Governments and local bodies to comply with the provisions of Rule 22 of Solid Waste Management Rules, 2016 is a punishable criminal offence under the provisions of the Environmental (Protection) Act, 1986 as well as the National Green Tribunal Act, 2010. In its order dated 10.01.2020, it has directed the Regulatory Authorities that if the local bodies continue not to comply with the SWM Rules after 31.03.2020, it shall be made to pay a compensation at the rate of Rs. 10 lakh/ month/local body for population of above 10 lakhs; Rs. 5 lakhs/ month/local body for population between 5-10 lakhs and Rs. 1 lakh/month/local body for population below 5 lakh from 01.04.2020 till compliance. Regarding liquid waste management also, it has directed that 100% sewage treatment must be ensured by all local bodies for failure to complete the STP projects. For any such failure, compensation has to be paid at the rate of Rs.10 lakh/STP/month after 31.03.2021. It has also directed that in cases of failure to commence in-situ remediation, compensation may be payable at the rate of Rs. 5 lakh/month/drain after 31.03.2020. It seems that although notices were issued sometime back to the defaulting bodies but no final decision has been taken and the default continues. The UPPCB needs to be directed to initiate/finlise action in this regard in a time bound manner and also push for the recovery of the EC on priority basis. A quarterly progress report in this regard may be submitted to the Hon'ble NGT and the Oversight Committee.
5. The Urban Development Department may be directed to ensure that the Model Byelaws notified by it, is adopted by the ULBs at the earliest.
6. A web portal [www.upecp.in](http://www.upecp.in) (UPECP) has been created for monitoring the compliances of the directions of the Hon'ble NGT, but it does not have the case-wise or theme-wise compliance details. Having regard to the unexplained delays in execution of the projects within the targetted time-frame, about which the Hon'ble NGT has expressed concerned

on several occasions; it will be useful to upload these details in the UPECP portal. At present, it is not accessible to the public. As environment related issues affect the life of the people at large, "Social Auditing" of the projects being implemented for the protection of environment would be a useful and more effective mechanism. As the opacity in sharing information about the implementation of the projects has resulted in inordinate delays, this may be a worth-trying proposition. Therefore, the State Government may be directed to make this portal accessible to the public and invite their suggestions/observations/complaints about the implementation.

7. Normally, when a new ULB is created, it does not get the desired attention of the Urban Development Department for allocation of funds etc. On the contrary, it loses rural development funds immediately. Recently, 83 new ULBs have been created. Therefore, the Principal Secretary, Urban Development Department may be directed to ensure that these ULBs receive adequate funds for becoming compliant with Environmental laws in every respect.

The Member Secretary, UPPCB is directed to send this report to the Registrar General, National Green Tribunal, Principal Bench, New Delhi for placing the same before the Hon'ble Tribunal with a copy to the Chief Secretary, Government of Uttar Pradesh for necessary action. The report also be uploaded on the website of the Committee.
